TISHOMINGO STATE PARK

A Good Place To Go In Old Tishomingo County

Oh land and place of my birth
With your untold beauties pieced
Like the dewdrops to old Mother
earth,
With exquisite beauty I treas-
ure high,
Such enchanting and alluring
beauty
That catches the eyes of the
passers by.

Today I have just finished a
great visit to one of the most
beautiful spots that I have ever
seen. "The Tishomingo State
Park." If you have not already
made your visit to this Park
you certainly should make ar-
rangements to look it over, and
see the many interesting things
there and learn how this splen-
did work has been accomplished.

Tishomingo State Park is
nestled in the Tishomingo
County hills of North Missis-
sippi, along the crooks and turns
of Big Bear Creek. It is to
many thousands of people a
highly treasured place and will
soon be distinguished all over
the country as a haven of rest
for the leisure in North Missis-
sippi and the whole Sunny
South, down in good old Dixie.
The Tishomingo State Park is
on the "Old Natchez Trace"
and is only a twenty-minute
drive from Iuka, Miss.

This spot of beauty composes
about 1900 acres of land, grace-
fully curved hills and hollows,
dotted with millions of trees,
wild flowers and shrubbery.
All of this is decorated from
start to finish by the works of
Old Mother Nature, with occa-
sional blended touches of the
human hand. These affords
beauty far more than one can
see and it is so restful and
nourishing to the hungry eyes.
One can hardly imagine such a
place could exist until he has
seen it. In one place I saw ap-
proximately forty acres of
wooded land with a very thick
growth of the bush-like wild
honeysuckles growing under-
neath. These will be a great
paradise of flowers when they
bloom out each spring. The
rocky ledges around the hillside
overlooking Bear Creek contain
a well-supply of the flowering
mountain laurel. In southern
Europe they call the mountain
laurel the flower of honor and
distinction. It is a fine decora-
tion for the large rock ledges,
some of these rocks are larger
than the whole house that you
are living in, and some of them
looked as if they might come
tumbling down on a fellow.

The Park is well supplied with
a network of roads leading
around and over the hills to the
different places, lodge, frame
cabins, and down on the creek
bank to the play ground. It is
hoped that arrangements will
soon be made to black top or
hard-surface these roads. I
for one hope these arrange-
ments will be made satisfac-
torily. Besides the roads they
have ten miles of trails that will
soon be completed. These are
to be made of rock and will be
four feet wide. They lead along
the bluff overlooking Bear
Creek, down the bluffs and
along the rocky ledges and hill-
side. As I carefully picked my
way along I saw hundreds of
little cypress, cedar and numer-
ous other species of trees.

One of the most inviting
places to me was the stone
lodge with its great lawn with
plenty of big shade trees. The
front porch of the lodge is a
ne spacious affair with all the
good big comfortable rocking
chairs that there is room for.
The whole lodge has lots of
chairs too. I counted thirty seven
and was told that sixty three
more would be added later.
That will make a total of 100
big fine rockers. The back
porch of the lodge is equally as
large and large as the front,
and you will find more
chairs. You can sit there on
the porch overlooking
mountain spring water. Three
barbecue pits are ready for use
on the ground, and the good
oom of the lodge is

a great thing with plenty of
room and everything else. A
piano, radio, and a nickelodeon
are all there ready to furnish
the music. Tables, chairs and
benches for all kinds of games
and entertainment. The hall
has two big fireplaces and they
have a big fire there this time
of the year too. When you
walk in and see it you think of
that old song, "Throw Another
Log On The Fire," for they are
so large there is almost room
for a good log. On to these
there is a fire place in the din-
ing room and they have fire
screens so that the kiddies will
even be safe when turned loose
to skip about on the expensive
hardwood floor. The dining
room has enough tables and
room for a great number of
people. The kitchen has an
electric range, electric refriger-
ator and all the other modern
facilities. In the other end of
the lodge there is a fine drink,
sandwich and candy stand. The
lodge as well as all the other
Park buildings is equipped with
running water and has a con-
nection to the sewerage line.
For the convenience of speak-
ings or other stage needs at the
lodge, they have a temporary
platform which can be put up
or removed momentarily. This
is indeed a fine place to meet
for your entertainments, dances,
lectures or other form of par-
ties. Arrangements for these,
whether public or private can be
made with the Keeper.

Not very far away from the
lodge there are seven cozy little
cottages. They are of frame
structure and have sufficient
light from large windows. All
screened even to the porch.
These are furnished with beds,
bed linens, blankets and com-
forts. All have bath rooms.
These can be rented at a rea-
sonable rate.

In the horse shoe bend of
the creek high up on the bluff
there is a number of fine stone
cabins or cottages. They all
have a good roomy porch over-
looking Bear Creek. At this
time of the year you can stand
up here on the bluff or on the
porch and see the hills on the
other side of the creek. The
trees on those hills now have
leaves of most every color, in-
cluding the much talked about
crimson red, which has just
been turned that way by the
bite of this fall's frost. The
cabins are furnished and all
have old-fashioned fire place.
When all are finished there will
be ten of the stone ones and
all these will have bath rooms
with shower bath.

On top of the bluff overlook-
ing the creek is one of the best
picnic grounds that I have ever
seen. They have a fine shed
built there, also tables and
seats. A big fireplace is in the
end of the shed and they have
constructed and installed the
old-fashioned pot rack for the
use of boiling and stewing pots
for the picnicking people. The
water is already there and the
underground electric cables are
being laid, this later will pro-
vide electric lights for the
shelter. On the picnic ground
there are three drinking foun-
tains, flowing at the touch of
your finger, with the best
mountain spring water. Three
barbecue pits are ready for use
on the ground, and the good
oom of the lodge is

NOTICE TO THE PUBLIC

The Department of Public
Welfare cooperating with the
WPA has again assumed the
responsibility of taking appli-
cations for those eligible for
WPA work. It will be impossi-
ble for Welfare Agents and
their staff to keep open intake
every day in the week as they
did during the summer of 1938
due to the fact that farmers
are now eligible for commodities
and many hundreds of people
are making applications daily.
NYA has requested that we
devote more time to taking of
NYA applications, then too,
there will be a CCC enrollment
in January and many boys
are making applications for
CCC enrollment.

Welfare Agents have many
other duties other than taking
of applications. Our first duty
being to the Old Age clients.
Administering of Aid Age As-
sistance is more than delivery
of checks. There are many
other services being rendered
these clients in an effort to
better their living conditions.

This article is being published
that the public may know that
the responsibility of taking
WPA applications is a coopera-
tive matter. The Department
of Public Welfare has only a
limited staff in each county and
for this reason we will only be
able to give one day of each
week to this work. In this
county the DPW will take ap-
plications on Monday of each
week. Appointments will be
given. Only WPA applicants
apply on this day. CCC appli-
cations will be taken "on Tues-
day; NYA on Wednesday; Com-
modity, Thursday, and Old Age
Assistance applications will be
taken every day excepting the
day set aside for WPA which is
Monday.

The WPA Social Workers will
interview all cases formally cer-
tified. The Department of Pub-
lic Welfare will not have any
authority in matter of certifi-
cation. The applications are
merely taken by DPW Staff
and referred to WPA office for
certification.

Neither does the Department
of Public Welfare have any
authority in matter of work
assignment. We solicit the aid
and cooperation of the public.

County Welfare Agent,

BURNSVILLE 4-H CLUB

The Burnsville Junior 4-H
Club met and organized Tues-
day, Nov. 8, at 9:15. The fol-
lowing officers were elected:
President, Annie Mae Floyd.
Vice-Pres., Sue Spencer.
Sec.-Treas., Marguerite Dickin-
son.
Clothing Capt., Ruby Foote.
Home Imp. Capt., Virginia Gray.
4-H Leader, Mrs. Virga Stubble-
field.

There was an enrollment of
21 girls.

By all working together we
hope to make our club 100 per
cent and to go by the club motto
'Strive to Make the Best Bet-
ter.

PADEN 4-H CLUB NEWS

The Paden 4-H held its regu-
lar meeting for the month of
November with a large attend-
ance. Only two members were
absent, and six new members
were enrolled.

The work for the new year
was explained, taking up each
project and giving special at-
tention to the new project of
clothing.

Mrs. Clark, our leader, dis-
cussed the "Clothing Inventory"
and each member was asked to
make an inventory of her cloth-
ing for the next meeting. Mrs.
Clark also gave us each a tape-
measure and a booklet on Sew-
ing, and suggested we have a
Thanksgiving chapel program.

HERE AND THERE

BY

Wilmer Price

Letter From England.

I just received another letter
from my English correspondent.
This time she says little about
the war situation. Instead, she
tells more about the beauty of
the countryside in England,
where, due to frequent rains and
fogs the gardens, flowers,
hedges, lawns and even ordinary
fields attain a perfection of
loveliness which in a measure
seems to atone for the sins of
the uncomfortable climate. She
also comments on the different
types of people in the different
counties. The letter follows:

Nov. 6, 1939

My Dear Wilmer:-

We are really standing up to
war conditions so much better
than one might expect. We
soon adjust ourselves to the
good or ill it brings, tho' the
war has hit everyone some way
or another, some badly, but still
there is little grumbling.It's
such a dull rainy day that one
is thankful to be indoors. Yes-
terday was windy, with sun-
shine and shower. We are hav-
ing such truly glorious sun-rises
and sunsets. They are especial-
ly glorious because the trees
and hedges have changed to
vivid colorings of brown, bronze
and all the golden, reddish hues,
so rapidly. To see the wonder-
ful color in the sky mingled
with all these tints either in the
morning when it's not quite
light, and again in the evening
with a setting sun just makes
one gasp. Here, we do not have
the vast space and massive
beauty of your country, and yet
England has so many different
landscapes to each county, yet
not so much variety as you
have. Here in Warwickshire
we have the glory of many
trees and so has Herfordshire,
combined with the winding river
Wye. Then we have the gentle
beauty of the river Avon, and
the Norfolk coast there are
miles of flat country with dykes
and wind-mills and tulip fields
quite similar to Holland. Travel-
ing up toward Scotland the
country is hilly, but beautiful
too. There they do not have so
much warm sun and they seem
to have more rain and wild
weather. In the like district
of Scotland there are high hills
with large lakes lying below. I
went there once in late Fall and
to me it was grand to see the
clouds come sweeping over the
hills, and away in the distance,
to see the sun strike down over
the water in vivid contrast to
the gloom and majestic beauty
of the rain-swept hills. Then,
suddenly, the clouds would dis-
appear leaving a peaceful scene.
There is a wild grandeur about
the Scottish landscape that is
truly grim, but there is unfor-
gettable beauty too. The Scotch
call the gaunt, bare mountains
"bens." (These are sometimes
covered with snow well into
summer.) The lakes call 'lochs.'
And on the sides of the moun-
tains grow the purple heather,
and there are shaggy Highland
cattle different from our
smoother English breeds. Their
sheep are smaller and more
wiry than ours too. The peo-
ple in each county retain their
different brogues, still, but the
wireless, (you call it radio,) is
making a difference, and also
the young people are going off
to work in the towns. Yet it
will take many years to destroy
these different dialects entirely.

Many town people loath the
country in winter. I grant that
it's cold, bleak and often damp,
but there is so much beauty in
nature, altho' we do grumble
about our trying English clim-
ate. I wonder if I, in my badly
expressed way, can let you see
something of England?

People in the different coun-
ties seems to have slightly dif-
ferent characteristics. North
Country people are kindly, but

Mr. Ed McNeil, who has the

Mr. Odell McDougal, who

We are glad to have them in
our midst.

Well, the arms embargo has
been lifted and the U. S. can
sell all the shooting irons she
has to England and France, but
getting the stuff over there will
be the rub, as Germany will
sink it all if she can.

The school at Midway seems
to be moving along very smooth-

Mr. Drenan Frederick is
building a splendid new house
on his farm. We learn that Mr.

After the rain Sunday the

right for killing hogs.

We learn that Miss Alma Mc-

There seemed to be an un-
usual number of deaths among
the older residents of this coun-

COTTON GINNING REPORT

Census report shows that
4,795 bales of cotton were gin-
ned in Tishomingo County from
the crop of 1939 prior to Nov.
14, 1939, as compared with
8,345 bales for the crop of 1938.

blunt, and not so interested in
smart appearance. They are
homely and comfortable. Scot-
land has a warm, kind heart
but is careful, often called
"dour". The people are not ex-
travagant in manner, for there
are generations of hard living
behind them. In the South part
of England there is the same
kindly feeling but great caution
in the manner of the people.
All we county people have that
toward the town dwellers! Al-
ways they have the notion they
can do as they like in the coun-
try; leave all the gates open to
let the cattle stray off, take all
the fruit they please and con-
sider a small completely ignorant!
It's terrible the damage town
people do in the country, tear-
ing up wild flowers by the roots,
leaving broken bottles about,
and often causing fires with
dropped matches. eYt if we did
the same in the towns!!!

As to sports in England,
methinks we are not so slow
about them! In fact I've heard
we English accused of thinking
of nothing but sports! We have
rugby and soccer football, ten-
nis, cricket, roller and ice skat-
ing, hockey, badminton, net-ball,
squash, bowls billiards table-
tennis, shooting, hunting and
yacht-racing besides, footracing
and rowing and swimming.

Gee, haven't I ambled on! I
have enjoyed chatting to you,
now you must be weary. I will
come again soon. I look for-
ward to your letters.

WPA SEWING PROJECT MADE STATE-WIDE

The WPA sewing project is
being re-organized on a State-
Wide basis in order to promote
efficiency and increase garment
production. Government owned
machines have been bought as
well as other equipment, which
will add much to the quality as
well as the quantity of work
produced.

Arrangements have been
made for the opening of a sew-
ing unit in Belmont on Nov. 25.
We are very proud of this be-
cause of the fact that Belmont
has given them very best co-op-
eration to the Sewing Project.

Plans are being made to
make and recondition Christ-
mas toys during the next few
weeks in order that the under-
privileged may share the thrills
that should come to every little
boy and girl at this season of
the year.

4-H LEADERS COUNCIL ORGANIZED

The 4-H Leaders met in the
office of the Home Agent Satur-
day Nov. 8, and reorganized the
Leaders Council for 1940. The
officers elected to serve were:

President, Mrs. R. B. Burks,
Godlen.

Vice-President, Mrs. Virgie
Stubblefield, Burnsville.

Sec.-Treas., Miss LaVera
Blissit, Tishomingo.

Home Demonstration Club
Advisor, Mrs. Lela Clark, Paden.

Other Leaders to serve on
committees are: Mrs. W. C.
Foote, Leader of the Snowdown
4-H Club; Miss Maye Welch,
Central; Mrs. V. C. Ramsey,
Iuka; Mrs. Faye Nixon, Holcut
Jr.; Mrs. Genia Phillips, Holcut
Sr.; Mrs. Lessor Kennedy, Grav-
el Hill; and Miss Ruth Phillips,
Dennis.

The County 4-H Program of
work was planned, naming
special Club activities to spon-
sor during the year as to train
members in leadership, team
demonstrations, health contests
and project contests, have Club
Rally, Camp and have represen-
tatives attend State 4-H Club
Congress and State 4-H Leaders
Council.

The Council voted to hold six
meetings during the year in the
interest of the 4-H Club Pro-
gram.

EDUCATIONAL MEETING OF THE TISHOMINGO COUN- TY SCHOOL LUNCH ROOM PROJECT

The Educational Meeting of
the Tishomingo county Lunch
Project was held at the Tishom-
ingo Lunch Room on Nov. 20,
1939. Visitors attending the
meeting were Mrs. Van A. Ben-
nett, Tri-County Supervisor, and
Mrs. Pearl Adams Murphy,
Timekeeper.

Mrs. H. O. Little opened the
meeting by reading a passage
of Scripture, The Beatitudes, fol-
lowed by the group repeating
the Lord's Prayer in unison.
A program and demonstra-
tion was given.

At the close of the meeting a
delightful dinner was served.
The table was artistically de-
corated with a beautiful center-
piece of mixed fruit. At each
place was a white paper napkin
with the Thanksgiving motif:
the turkey. The dinner was
deliciously cooked and served
in a very pleasing fashion.

All the workers were dressed
in white smocks. Their appear-
ance was far above the average.
Each worker showed a decided
interest in every phase of their
work. One thing that was very
noticeable was their cordialness
and tact. It was very plain that
the workers had been well
trained by their supervisor, Mrs.
H. O. Little.

Mrs. Stormont gave a very
worth while demonstration of
the Pressure Cooker, demon-
strating a pork roast and sweet
potatoes. Each worker had one
special task in preparing the
dinner and performed that task
with skill and efficiency.
Mrs. Van A. Bennett.

Hello! How is everyone in
The iVdette world?

Miss Hazel Easterling of Sal-
tillo, iMss., visited Miss Norene
Mars the new Thanksgiving.

Mr. and Mrs. Tom Bacon
visited Mr. and Mrs. Will Mars
last Sunday.

Miss Laura Vinson visited
friends in Cherokee last week.

Mr. and Mrs. Byron Kelly,
Mrs. Emma Hendrix of Tupelo,
visited their father and mother
Mr. and Mrs. Jim Sparks, last
week.

Mr. and Mrs. Paden Medley
has moved back to their home
and Mr. and Mrs. Charles Floyd
have moved in the home of Mrs.
Lou Daily.

Our Sunday School at Snow-
down is progressing fine with
Mr. Charles Daugherty as lead-
er. Last Sunday attendance
was 104, with 70 the 3rd Sun-
day in the rain.

The play given at Snowdown
school last Saturday night was
sure fine. All enjoyed it.

There was a large crowd at
the H. D. Club meeting at the
home of Mrs. Blanche Daugh-
erty Thursday, Nov. 23.

We are glad to say we have
the brick up to the Sunday
school rooms. Hope to get
them finished soon.

Several of the ladies met in
the home of Mrs. uby Curtis last
Friday for a Bible study with
Mrs. F. C. Chester as leader.

Old Santa will soon be coming
around the corner.

MRS. R. R. HILL THURSDAY CLUB HOSTESS

The regular meeting of the
Thursday Club was held on No-
vember 23rd at the home of
Mrs. R. R. Hill.

A newly elected member, Mrs.
Ed Dugan, was welcomed into
the Club. The subject of the
program was "The Goal of Edu-
cation." That is, shall modern
universities merely fit young
people to go out into the world
and make a living, leaving them
in ignorance of the great Greek
classics, as well as the classics
in other languages? Or shall
the institutions of higher learn-
ing strive to instill a truer cul-
ture by going back to the great
classic sources of knowledge
and upon them build a struc-
ture of practical education
suited to a modern world? To-
day this is a pertinent problem
in the field of education.

Mrs. R. J. Brown reviewed an
article entitled "The Goal of
Education." Mrs. T. M. Mc-
Donald discussed "Education
Old and New."

Mrs. H. A. Jones talked on
"The Value of Vocational
Training."

Mrs. J. H. Allen told of the
Berry Schools, and Mrs. V. S.
Doan gave her impressions of
"The Viewpoint of Modern
Youth."

Following the program there
was an open discussion of these
topics, and the meeting closed
with the usual pleasant social
hour and Mrs. Hill's delicious
refreshments.

Mrs. Talmadge Jourdan will
entertain the next meeting at
the home of Mrs. J. C. Jourdan
on Thursday, December 14th.

MISS ELIZABETH CANTINE WEDS HIRAM GRAY

Announcement is made of the
marriage of Miss Elizabeth
Cantine, daughter of Mr. and
Mrs. E. R. Cantine of Battle
Creek, Mich., and Hiram Gray,
son of Mrs. Nora Gray of Tishom-
ingo, Miss. The wedding
took place Saturday, Nov. 4th
in Bryan, Ohio, the ceremony
being performed by Rev. F. M.
Bowman, pastor of the First
Baptist Church. They were at-
tended by Mr. and Mrs. Marvin
P. Nagle and Lester Gray.

ZONE MEETING

The Fourth Zone Meeting
of Iuka Methodist Church Zone
will be at Burnsville, Friday,
Dec. 8th, at 10:30 a. m. All of-
ficers of the Missionary Society
are urged to be present as this
is officers training day. Mrs.
Carlton, our District Secretary,
Mrs. Blakemore of Corinth, Mrs.
Jack Whasnaut of New Albany,
the baby special superintendent,
are expected to be with us.

One dish for luncheon as
usual.

WEDDING ANNIVERSARY

Mr. and Mrs. E. H. Gravette
honored citizens of our town,
celebrated their 63rd wedding
anniversary Tuesday. In ad-
dition to it being their wed-
ding anniversary it was also
Mrs. Gravette's 80th birthday
and in the afternoon her daugh-
ter, Mrs. C. L. Wodley invited
a number of Mrs. Gravette's
friends in for a surprise party.

The house was decorated in
the flowers which Mrs. Gravette
loves so well and is known far
and wide for her success in cul-
tivating and the cheery fire in
the open grate made a pleasant
gathering place for the friends
of many years' standing who
came to pay homage and to
wish all the happy returns of
the day to one who has endeared
herself to the whole community.
The entire afternoon was spent
in fun and jollity after which a
delicious plate lunch was served
by the two daughters Madames
Woodley and Stormont. The
birthday cake was adorned with
80 candles.

Mr. and Mrs. Gravette have
been citizens of the county since
early life. Mr. Gravette is a
native of Alabama, but moved
here when a boy. Mrs. Gravette
was born in Tennessee, later
moving to Tishomingo County,
where her father, Dr. Linton,
was one of the early settlers.
They have lived within two
miles of where they settled in
early married life. They have
been citizens of Iuka for about
thirty years.

TO COUNTY COMMODITY SUPERVISORS AND COUN- TY WELFARE AGENTS

(The following letter was re-
ceived by Mr. Joe E. Johnston,
Commodity Supervisor:)
Nov. 28, 1939

Due to the fact that our
present supply of food is not
sufficient to serve the clients
in your county, it is necessary
that we delay all distribution
until the 12th day of December.
The Federal Surplus Commodi-
ties Corporation in Washington
has promised the State Com-
modity Division that by that
time we may expect shipment
on those commodities which
they have allocated to us.
Rather than have these people
come to your office and be dis-
appointed by not receiving
their just amount of such com-
modities as we have, we had
better wait until such time as
these new commodities arrive.
Our Washington office has
promised us that these com-
modities will be received not
later than the 10th day of the
month, which will allow you
two days for such repackaging,
etc., as will be necessary to
make this distribution.

It seems like we are about to
have two Thanksgivings. Sev-
eral from around here spent
their holiday last Thursday and
I'm sure there'll be quite a few
to take the 30th.

Mr. Haskle Till took dinner
last Thursday with Mrs. Owen
Enlow.

Mrs. W. D. Haines and Mr.
Herbert Till's family took the
new Thanksgiving with Mrs.
Maggie Till.

Miss Evelyn Till spent her
holidays with home folks.

Mrs. Albert Johnston is spend-
ing a few days with rer father,
Mr. A. L. Patterson.

Mr. and Mrs. Bill Gamble
spent Sunday with her parents,
Mr. and Mrs. Joe Black.

Mrs. J. E. Enlow has just re-
turned from her month's visit
with her daughter, Mrs. L. E.
Arnett, at Chattanooga.

Mr. Robert Russell and fam-
ily have moved to our burg.

Our Sunday school is progres-
sing nicely at New Prospect.
Everyone invited to attend our
revival beginning next Sunday,
Dec. 3rd at 11:00 o'clock. Sun-
day school will be at 9:00 next
Sunday. Everybody come and
bring somebody with you.

Mrs. F. L. Deaton spent Sun-
day afternoon with her mother,
Mrs. J. E. Enlow.

Breath Bad, Logy?
You May Need This

Just as the lighthouse flashes a friendly warning to sailors, so Nature sends out headaches, bad breath, biliousness, which often warn of constipation.

Too many misunderstand or neglect those symptoms and thereby may invite a host of constipation's other discomforts: sour stomach, belching, loss of appetite or energy.

Be wise. Take spicy, all vegetable **BLACK-DRAUGHT** tonight by simple directions and clear your bowels gently, promptly, thoroughly. This intestinal tonic-laxative helps give tone to lazy bowels.

Its long life and popularity testify to **BLACK-DRAUGHT'S** merit.

BIRTHDAY PARTY

Barry Finch celebrated his sixth birthday Saturday with a party given by his mother.

The young guests were met at the door by the honoree and when all had assembled engaged in many games directed by Ann and Mrs. Finch. The youngsters then formed a circle on the rug before the fire and Barry, with audible excitement, opened the gifts. This held the attention of all until the birthday cake with candles burning was brought in along with Christmas red fruit gelatin.

As the guests departed the honoree presented each with a filled red stocking as favors.

APPECIATION

Words cannot express the many thanks and appreciation to our neighbors and friends for what you all have done for us since our home was destroyed by fire October 1st. May God bless you all is our prayer.

TISHOMINGO STATE PARK

(Continued from page 1)
part of it is that they are not all together. They are a few hundred feet apart, consequently a fellow that might be barbecuing at one pit would not conflict with the arrangements of the other. Several rack tables are on the ground, suitable for seating four to six people. These are a few hundred feet apart. I think there are about ten of them. The bluff here is about seventy five to one hundred feet high, and a trail leads down it here from the picnic shed. To stand on the bluff here and look down in the Bear Creek basin the trees, leaves with their many colors makes one think of a great and beautiful carpet spread out by old Mother Nature. But you had better not try to walk out on it, for if you do you will fall about fifty or sixty feet before you get your brakes working. Down this trail you will see big rock formations, and at the bottom there is a bridge across Bear Creek. It is built in a V shape with the point upstream. This was built this way to keep logs and drifts from catching and making a dam in the creek. I thought this was a fine place, but I am most positive that had I gone there to a picnic, it would have been a greater place, and for me, even a greater time.

The fine pure water system starts from a spring about seventy or one hundred feet above Bear Creek and it flows by gravity to a 20,000 gallon storage tank approximately thirty five feet below. From this storage tank it is pumped by electric pump to two more tanks that are located up on the hill. Thus they have approximately 30,000 gallons of good pure mountain spring water stored all the time. This water isn't piped over the creek, they put the pipe below the creek to prevent it from freezing. Water lines from these tanks are underground and run to the lodge, cabins, picnic ground fountains, etc. The boys were busy laying water lines over the hill in horseshoe bend.

At the camp where all this work has been built from, I found a saw mill and furniture and wood work shop. The CCC boys and their foreman were very busy making lumber, furniture, etc. I saw some of the desk that the boys had made and they were fine, you could almost use them for a mirror, as they were so highly polished. Here I saw the boys making the other 63 big rockers that are to be added to the lodge. The boys are learning a work here that will help them to establish a trade for themselves in later life if needed. They are taught to do this work and to file saws and do blacksmith work. These boys obey orders and carry on with great harmony. It seems like one great family all happy at their work.

As a matter of fact the boys and foremen have run or surveyed the lines, engineered these things, and built them in to what they are. Many of the projects are finished, others are underway, while others are approved, and will be underway before a great while. It is indeed a fine piece of work, and while they are going on the boys are at the wheel with the foremen, getting first hand experience in the whole thing. They have excellently demonstrated what they can do, and to make this Park perfect and complete, I am in favor of our branches of government pulling off the bridge and giving them a push to a full and complete project as a whole. This will help the people of Tishomingo County and will mean something to us in the future.

I had a fine talk with the Superintendent, Mr. Frank Berry, and I learned from him that if our county would cooperate with the program we could enact a real forest fire prevention program. Under this project the work of the 50 men would not cost our local government a dime. Possibly our local government would be called upon to furnish a few towers but they would protect our timber and thereby be worth many thousands of dollars to us in the years to come.

One of the main projects yet

to be built is a lake and swimming pool. This will require the building of a dam to catch and hold fresh water flowing from a number of springs. The water flows from these springs at the rate of about 20 gallons per minute. When this dam is completed they will have a reservoir of about 3,000,000 gallons of water. The swimming pool will be constructed about one half mile away. It will be about sixty feet below the level of the lake, therefore the water will flow from the lake to the pool by gravity. The pool will be on the high bank of Bear Creek, near the present tennis court and play ground.

Suffering Women Welcome "Build-Up"

A simple method is saving many women much pain and discomfort. It is based on the knowledge that women's headaches, nervousness and cramp-like pain often are symptoms of functional dysmenorrhea due to a weak, run-down, and nourished condition. That so many women find relief from these painful symptoms through the CARL "build-up" is easy to explain. Improving the appetite, assisting digestion and assimilation, CARL helps to build physical resistance against periodic pain. Thousands of women also report that CARL taken just before and during "time," helps to ease periodic pain.
