4-H CLUB CONGRESS

MRS. LELA B. CLARK

Paden, Mississippi
December 16, 1939

Dear Editor:-

Well, I'm safe at home after the most wonderful trip to the 8th National 4-H Club Congress in Chicago.

I joined the Mississippi group of twenty girls, eighteen boys, Miss Elaine Massey, State Girls Club Agent, her Assistant, Miss Maxine Naugher, Mr. M. M. Pedenbough, Boys State Club Agent and a Mr. Parker, Coach of the Judging Team at the Grand Central Station in Memphis at 7:00 p. m., on December 16. From here we went to a banquet at the Hotel Chisca where each was supposed to learn each member of the group, especially those seated at your table. After each Leader had sincerely expressed their happiness at being present each girl and boy, rose and told their name and where they were from and what project they excelled in.

Miss Naugher then led the group in singing 4-H songs. After this pictures were made by Mr. J. Fred Hurst, State Extension Editor from there until the parting again in Memphis the week later we were one big family of happy people of the Old State of Mississippi.

About 11:00 p. m. we arrived at the train and were each shown our Pullman berth and supposed to go to bed and to sleep—but you can imagine that crowd taking things that serious at the beginning of the most exciting trip imaginable. It seemed that we had only lost one eye when the Porter called for each to get dressed that we were nearing St. Louis. At St. Louis we walked up town to a cafe and enjoyed a tantalizing breakfast. The cool fresh air made each and every one feel like they had run to the barn back home and done the chores that every 4-H girl and boy is so familiar with on the farm.

The next surprise was the train we boarded for Chicago, "The Green Diamond" which is a diesel-electric Illinois Central Train that has been making a round trip daily between Chicago and St. Louis since May 17, 1936—at an average of 17 miles from terminal to terminal in only 17 hours, 17 minutes, and 17 seconds. In the period mentioned it has covered nearly 670,000 miles, which is roughly equivalent to twenty-seven times around the earth or nearly three times the distance to the moon.

Mississippi group had one car reserved with a lovely dress seeing that everything was all right and that we were served our noonday meal in our private car, which was a rare treat and experience for us.

in Chicago, Sunday and we were placed in the Stevens Hotel. T. K. tried to the Stevens Hotel was to be our home for the period of our stay at the Stevens Hotel.

PRESIDENT WISHES FOR HOSPITALS

President Roosevelt has expressed a wish for the establishment of government constructed hospitals in the communities and states too poor to match federal funds. Can you think of anything this county needs more than a hospital where those too poor or too seriously hurt to be carried to hospitals in other counties can be treated. If and when such a bill is presented to Congress Iuka should be the first to present its claim for consideration. We have advantages other communities can not offer. Let Iuka speak through its Congressmen and senators and let us work as one man for one government project.

is the largest in the world. To give you an idea of its size, I will state it this way: "If you were to change your room to a different one each night it would take you eight years to stay one night in each room in the 'Stevens'." Even though we said the "Stevens" was our home while in Chicago, it was as most homes are to people today, just a place to hang our hat and catch a few winks of "Sleepy-eye"—really it was only a few winks, always being 11:00 to 12:00 o'clock and later when we got into bed and then so quickly the phone rang at 6:00 a. m., and Miss Massey was saying "You'll have to hurry" and another day would start all over again. After getting each contestant of the Mississippi group in their proper location, the rest of the group along with hundreds of others left from the Lobby of Auditorium Hotel (General Headquarters) for special train to International Live Stock Exposition. We were in Battalion I, led by Major Pearson. On arrival we marched into body onto grounds where we were greeted by B. H. Heidi, Manager of International Live Stock Exposition and club band. After viewing the Judging of cattle, sheep, etc., looking over the 4-H Exhibits and having lunch we boarded the coaches by courtesy of Wilson and Company, and arrived at the Medinah Temple as guests of Wilson and Company to a most elaborate entertainment, including: Uncle Ezra, The Hoosier Hot Shots, and the National Tennis Champions of the World. The program was two hours long and included a N.B.C. Broadcasting. As guests at dinner of the Wilson and Company no one can say, they are not "good feeders." Our Souvenir of the Company was an Autograph Book and candy. After this we boarded motor coaches again and returned to the grounds of International Live Stock Exposition where a parade of the entire delegation was staged in the arena. Groups were assembled by States and each State group carried a Flag of the U. S., and its own State Flag; arriving back at our hotel about 11:30 p. m., we were all quite satisfied to call it a day.

Our Tuesday started with a demonstration in the Adler Planetarium. This was so much "over our heads" that we will let you read about the moon, the stars, the season's etc. From here we went by motor coaches to Field Museum. A special guide showed us the Hall of the Stone Age, Hall of the Races of Mankind, also the Carl E. Akeley Memorial Hall. Carl E. Akeley was the first person to learn to mount animals as now seen in the Museum. He was a great hunter and many of the African animals in the Museum are ones he killed. His wife was a constant companion on these African hunts and the large elephants seen as you first enter the Museum were killed by her. His request was that he be buried in Africa, so his wife had him placed on a high hill in the African wilderness with only native rock to mark his grave. At the foot of the

PADEN 4-H CLUB HAS CHRISTMAS TREE FOR ORPHANS HOME

On Thursday, Dec. 21, the Paden 4-H club placed a number of presents on the lovely tree in the home of Mrs. Lela Clark, to be sent to the Orphans Home in Jackson. After the wrapping and tying of the gifts, Christmas songs were sung and each went away feeling that they had helped to make some less fortunate child happier by giving their little gift. The committee for the gift collection was, the Assistant Leader, Vivian Hart and Secretary Ernestine Peek.

PADEN 4-H CLUB NEWS

The Paden 4-H club held its regular meeting Dec. 6th, at the school building. After the house was called to order by the President the roll was called by the secretary. Josephine Bailey next read a paragraph from the Clothing Manual, on "Materials" and Marguerite Nixon read a topic from "School Dresses."

In the absence of the leader, Mrs. Clark, who was attending National Club Congress in Chicago, the assistant leader, Vivian Hart, gave each girl a thimble for her sewing box, that Mrs. Clark had secured for them before she left.

An assignment of work was given all the girls to do for the month of December, and booklets were given by Miss Talbert to the Home Improvement members.

Units were decided and all members decided what unit they would take. Several members enrolled in the Health Project. The club will meet again early in January.

hill a Tavern has been built and many travelers climb the summit each year to see the resting place of Carl Akeley.

At 11:45 a. m., by courtesy of Montgomery Ward & Company the 4-H club girls and Leaders left Field Museum for Edgewater Beach Hotel, where we were entertained with a luncheon and entertainment in the Marine Dining Room. Guests of officials of Montgomery Ward & Company. Each guest received a lovely sewing box, including 4-Leaf clover scissors, thread, thimble, etc. Tuesday night was Theatre Night and you can guess that the Mississippi delegation didn't miss this. Two shows were not enough to see in one night so we made it three. On Wednesday, at 7:30 a. m., I was the guest of the Kerr Glass Manufacturing Corporation, at a Breakfast, along with the State Winner Canning Achievement girls and Extension Leader from each State. Here I met Mrs. Kerr, President of the Kerr Company and one of the loveliest persons I have ever known. I am indebted to this Company for my lovely trip as they were my sponsors. As a table favor each received a lovely bottle of perfume in a hand-painted container. I would love to describe the table decorations to you in detail they were so lovely, but I guess space won't permit.

The Kerr group joined their battalion at the Tractor Works for educational tour as guests. Continued on page 2)

Thanks Folks!

It certainly made me feel fine to receive so many cards and remembrances from you good people! I want you to know that so many of my friends and readers of this column thought of me that it is impossible to thank each one personally. It's splendid to know that you do think of me and so I'll just say again "THANKS FOLKS!"

Peace On Earth.

I am very glad to report that on this Christmas Day the spirit of peace, for a time at least, hovers over the battlefields of war-torn Europe. Even in Finland, where the Russian forces have been driven back there is quiet. The Finns are digging in and they believe that they can hold back their enemies until the snow melts in the spring. Along the Western Front between the Anglo-French lines and the Germans there is practically no firing at all as this is being written. Patrols have been withdrawn and the soldiers are preparing to celebrate in their own ways. In France the Government and the French people have seen to it that every soldier will have his share of Christmas cheer.

Naval Note.

There is a report that all Nazi vessels have been ordered to try to get back to Germany as soon as possible. There are several reasons for this. One is that the German government needs their cargoes of raw materials from other parts of the world. Another reason is that the cost of lying idle in the safety of a neutral port will soon run up a big expense account for each German ship for upkeep of the officers and crew as well as docking privileges. Therefore the Allied navies have laid giant sea-traps, hoping to capture these vessels. However, each ship has Hitler's orders to be scuttled and sunk by its own men rather than to allow the ship to be captured by the French or English.

Letter From England.

Another letter from my English correspondent gives interesting side-lights on conditions there:

Dear Wilmer:-

It was good to have your letter last week, thanks for it. Sorry I didn't answer sooner but I was busy knitting 2 pairs of khaki mittens for the Warwickshire Regiment. In only a fortnight 750 pairs have to be knitted. Now they are using many of the machines formerly used in making wool to make parts for guns. What a contrast!

Outside there is a plane doing its trials so low that the pilot is just missing the trees! Oh and another is coming along too! We get plenty of them doing all manner of tricks over us because just this part over our house has a peculiar uplift in the atmosphere and is very helpful to them. Gosh, what row he makes, sending the birds all scotting into the trees!

Last Friday Jean and I went into Conventry, our nearest city 6 miles away, to do some Christmas shopping. It was about all I can afford, as expenses in so many cases keep on rising. Then we went to the movies and saw "Good-bye Mr. Chips," a delightful film. We rarely go to the movies and truly enjoyed it. We had to hurry back because of the "black-out" at 4:30 p. m. Last week, however, we did see a

film giving the history of the U. S. A. Police Force in New York City and a survey of the mixed population, showing where they live. It showed what and how the police do, etc. Most interesting, but the "Cops" (as you say) are so grim and ruthless as compared with ours! Here our police are no "cissies" but they do seem far more human in their manner.

This morning I read in the paper about an old man 100 years old. When they wanted to send him out of London into the country during the war he said, "I've lived in one place all my life and no one, not even that silly little man Hitler is going to move me!"

Oh yes, life is moving as normally as possible. In fact, we're not as cautious sometimes as we should be.

There are 7 planes at this moment doing everything they can think of, dodging about the sun-lit sky. Luckily they are all high up, but all the same they make a good row! It's still as fascinating as ever to watch them.

Cheerio, and happy thoughts! Yours, JOY.

PADEN HOME DEMONSTRATION CLUB

The Paden Club held a very interesting meeting in the home of Mrs. Edwin Ferrell on December 19th, with 13 members present.

Our meeting was opened with two Christmas songs, Silent Night and Jingle Bells.

Each member answered the roll call with yes or no if they had oiled and cleaned sewing machine. Six members made machine covers.

Several Christmas numbers were given, including story by Mrs. H. O. Timbes, and Christmas spelled in Bible verses.

Our social hour was spent in a guessing contest and each one drew names for Christmas tree. It was real fun opening the gifts.

The hostess, assisted by Beatrix Stephens, served a delicious dessert of cookies and ambrosia.

Wishing each one a Merry Christmas and a very successful club year, we adjourned to meet a month later with Mrs. Frank Loveless.

went through the McCormick
twine mills and were guided on
to the dining room where the
1354 with girls, boys and Lead-
ers with other company guests
were entertained by such nota-
bles as Edward Everett Horton,
star of stage, screen and radio
now appearing in "Springtime
for Henry" and the well-known
"Ranch Boys" who so beauti-
fully sang "South of the Border"
(every program had this par-
ticular song delivered from one
to three times.) The souvenir
from this company was a pocket
flashlight. On leaving here we
boarded surface cars to attend
the matinee Horse Show at the
arena of the Live Stock Expo-
sition. This being a National
Show you can imagine what a
grand sight it really was. On
leaving here we took a special
train for the Loop, and unloaded
at Congress Street, rushing on
to the Stevens Hotel to get
ready for the Annual Banquet,
Presentation of National Win-
ners, the National 4-H Dress
Revue, in the Grand Ballroom of
the Stevens. The high light to
most of the girls was the wear-
ing of their lovely evening
dresses, and the boys—well, if
they were not in Tuxedos, they
were a fine looking group.

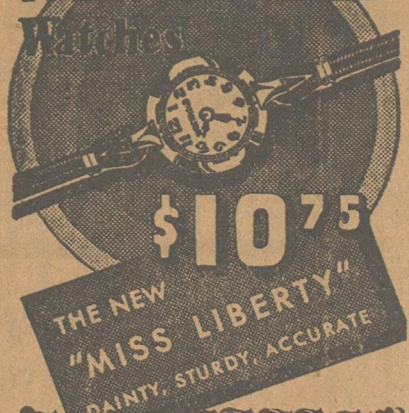

So early Thursday morning
even though we had stayed
rather late at the banquet
Wednesday night the girls and
leaders were all ready when the
motor coaches arrived to carry
us to the Chicago Mail Order
Company for our breakfast. To
tell you only a little of the pro-
gram and beauty of the break-
fast I want you to know that
the music was led by Nadel's
Chicagoans and we heard Paul
Cadieux, tenor, recently of the
Palmer House, and as for beauty
we had a white carnation on
each plate and the lovely Jane
Alden to present a real live
fashion show.

From here we went to the
Art Institute where we toured
the Hall, seeing some of the
world's greatest Italian master-
pieces, direct from San Fran-
cisco Golden Gates Exposition
and lent to the Art Institute of
Chicago, exclusively, by the
Royal Italian government for
the period between November
18, 1939 and January 9, 1940.
The collection is valued at
\$150,000,000. One of the works
shown that I especially remem-
bered was "Raphael: Madonna
of the Chair." From here we
marched to Hotel Sherman
where we were joined by the
boys group in the Grand Ball-
room of the hotel, as guests of
Sears, Roebuck & Company.
Their program of music and
entertainment equalled the
others and the girls group from
Mississippi decided to go "shop-
ping." This was none other
than rambling through the
crowd at "Kress" and "Wool-
worth's."

For Friday our last day in the
"Windy City" we were allowed

Headache, Bad Breath Tell of More to Come

Just as Paul Revere's famous ride warned of the Redcoats' coming, so Nature's messengers — headaches, biliousness, bad breath—often warn of faulty elimination. Neglecting these signs may cause a host of constipation's discomforts: sour stomach, belching; no appetite or energy; mental dullness. It's so easy to wake up your lazy insides. Just take spicy, all vegetable BLACK-DRAUGHT. Its unusual help comes from its principal ingredient—an intestinal tonic-laxative which imparts tone to lazy bowel muscles. Millions of packages used testify to BLACK-DRAUGHT'S merit. Try it.

FLYNT—JONES

Among the interesting events of the Christmas season was the announcement by Mrs. Charles Flynt of the marriage of her daughter, Mary to Mr. Franklin Jones of Moorehead, Miss., which took place at the Methodist circuit parsonage in Iuka, August 29, Rev. A. C. Bishop officiating. The marriage was kept a profound secret until Mr. Jones came at Christmas, to claim his bride.

Mrs. Jones has a host of friends in Iuka, who admire her for her unbounded energy, courage and cheerfulness under all circumstances, but especially for the untiring ministrations and devotion she gave to her father through his long years of invalidism.

Mr. Jones is the son of Mrs. Ham D. Hubbard and has many friends in Iuka, where he lived several years. They will make their home in Moorehead, Miss., where Mr. Jones is employed.

Miss Martha Frances Allen of Cincinnati, Ohio, is the guest of her parents, Mr. and Mrs. S. H. Allen.
