IUKA, TISHOMINGO COUNTY, MISSISSIPPI.

THURSDAY, FEBRUARY 29, 1940

NUMBER 29

CAPITOL ACTIVITIES

By Walker Wood,
Secretary of State

The legislative mill continues to grind and many bills of various and sundry kinds have been dropped in the hopper. Up to Friday, February 23 there had been 428 bills introduced in the House and 190 in the Senate, a total of 618 in both houses. Of this number, 21 House Bills and 7 Senate Bills had been passed by both houses, and approved by the Governor, or a total of 28 which have become laws. Most of the bills passed have been local and private legislation.

Among the more important bills introduced during the past few days have been:-

H. B. 342 seeks to provide a retirement fund for aged and incapacitated teachers in the public schools, and establish a teachers retirement system.

H. B. 364 is another one of the consolidation measures, and seeks to create the Mississippi Board of Development by the consolidation of the Mississippi Industrial Commission, the Mississippi Planning Commission and Rural Electrification Authority.

H. B. 372 seeks to reduce the number of required grades in the elementary schools of the state from 8 months to 7 months.

H. B. 374 seeks to levy an excise tax on snuff and proceed of tax to apply to old age pensions.

H. B. 385 seeks to reduce the annual privilege tax on private automobiles to a flat \$3.00 tax a year.

H. B. 387 seeks to establish a charity hospital in North Mississippi to be known as the North Mississippi Charity Hospital.

H. B. 399 seeks to secure additional revenue for the state by imposing a tax upon the privilege of selling, manufacturing, purchasing, consigning, shipping and distributing of soft drinks.

H. B. 414 seeks to prohibit issuance of free passes by common carriers of the state, and fixing penalty for violation.

H. B. 416 seeks to appropriate \$1,250,000.00 for the purpose of paying the expenses of the Mississippi State Textbook Purchasing Board and purchase free textbooks as provided by the Textbook Bill passed by the legislature.

Another revenue bill is H. B. 417, which would impose a license tax upon every corporation, association or joint stock company having capital stock represented by shares, doing business in Mississippi whether a domestic or foreign corporation. H. B. 421 would provide additional revenue for the state by levying a transaction tax of one per cent on conveyances of real estate, timber, mineral oil or gas rights, or interest therein. H. B. 426 would levy a privilege tax on the sale, storage and distribution of patent and proprietary medicines and home remedies.

H. B. 182 would reduce the exemption under the income tax of the state and raise the same tax upon automobile owners. S. B. 185 would increase the tax on persons engaged in the business of producing oil for sale, profit or other use. S. B. 174 would give the ad valorem

WE SHOULD GET OUR PART

Tishomingo County Should Have Her Share of Money Paid By TVA In Lieu of Taxes

Washington, D. C., Feb. 20.—Congressman John E. Rankin of Mississippi, co-author of the TVA and father of rural electrification in the House, appeared before the Military Affairs Committee of the House today and appealed for a redistribution of the money paid by the TVA in lieu of taxes so as to include Tishomingo County, Mississippi.

He pointed out that the five per cent of the gross earnings which the TVA is paying the State of Alabama and Tennessee, in lieu of taxes, and which the Norris bill would raise to 10 per cent, was to replace taxes on flooded lands that had been taken over by the TVA; and that since a considerable portion of the flooded land was in Tishomingo County, Mississippi, a reallocation should be made so as to remunerate the county properly for the taxes on the land that has been taken off the tax rolls.

In response to questions from Members of the Committee he pointed out that this money should be allocated to the counties where the lands are flooded instead of to the States. He said that if Tishomingo County's share of this fund should be paid to the State of Mississippi the chances were that Tishomingo County would get very little of the proceeds.

"This law should be so changed," he said, as to pay these funds into the county treasuries in those counties where the land has been taken over so as to replace the local taxes of which these counties, school districts etc., have been deprived."

BURNSVILLE GIRLS WIN NORTH-EAST PRELIMINARIES AT CORINTH

Burnsville girl's basketball team won the northeast preliminaries at Corinth recently. They defeated Biggersville Friday afternoon with a score of 28 to 8.

Saturday morning they met and defeated Farmington—Alcorn county champions—with a score of 21 to 18. Kossuth went down under Burnsville's strong playing Saturday night with a victorious score for Burnsville of 23 to 18.

The famed Glenn twins really proved their value as guards and the Robinson sisters tied for high scores as forwards.

The line up for Burnsville was Mattie Robinson, forward Grace Robinson, forward Juanita Honeycutt, forward Maxine Glenn, guard Christine Glenn, guard Audell Hale, substitute. Eunice White, guard

tax to 8 mills.

H. B. 45 provides for the publishing of a New Code, the last Code having been published in 1930. The law provides that in publishing the new code volume one shall contain as nearly as practicable criminal and civil laws as most frequently used in the courts, and volume two to contain all of her laws necessary to be published in the Code. The bill provides for the printing of 400 Dummy Codes to be sent to each member of the legislature, each circuit judge and chancellor, and each supreme court judge, thirty days before the convening of the 1942 legislature, at which time the legislature, can either accept or reject the New Code.

BELMONT AND GOLDEN MERCHANTS JOIN IN PLANT-TO-PROSPER

The business men of Belmont and Golden have joined with those of Iuka to further the County Plant-To-Prosper contest by purchasing cards to display in their places of business.

The men of Belmont contributed \$18.25 and the men of Golden \$1.00. The contributions of Iuka now stand at \$64.00. This makes a total of \$83.25 to be given in prizes to the contestants.

All business men who have purchased these cards should display them in their stores and offices until the close of the contest.

Mr. Henry L. Jones, the County Agent, says that he has never seen such splendid cooperation for any movement as the business men have shown and that he is sure that the farmers will show their appreciation by trading with the merchants who display the Plant-To-Prosper cards.

HERE AND THERE

BY
Wilmer Price

War Clouds Darken.

Throughout Europe every nation is either engaged in war or dangerously near to becoming involved in war. There is everywhere a war-spirit which is sanctioned by the self-interest of one country or another. It seeks to draw the smaller nations into the conflict in order to themselves profit in one way or another. The pressure of the larger powers becomes heavier until at last the small countries must declare themselves for one side or the other.

This was true of Finland and will probably turn out the same way for Norway and Sweden and possibly Denmark. There are also to be considered the Low Countries, Holland and Belgium which may be invaded by Germany for Germany's own convenience when the time comes.

Turkey has recently come out flat-footed in favor of England and France and has even seized German shipyards there. Rumania is attempting to do the impossible job of keeping on good terms with both Germany and the Allies. This however cannot go on forever.

President Roosevelt's ambassador of peace, Sumner Wells, has landed in Rome and conferred in friendly fashion with Premier Mussolini. He has also visited the Pope. From Rome he will go on to Berlin to talk with Adolph Hitler. Sumner Wells, who is our Under-Secretary of State, is, we understand, seeking to find some common ground upon which a compromise peace may be worked out. Every one knows that if this war is allowed to burst into fullest fury it will probably destroy civilization no matter who wins. Yet, if nothing happens soon the war between Germany and France and England these nations will go broke supporting their large armies. The Allies are afraid that if Hitler is allowed to continue to wield the authority he now possesses the idea of Nazism will over-run the world and the freedom of the individual man and woman be wiped out. Some also believe that Red Russia should be well thrashed before it is too late to save the culture and civilization which the Christian world has built up through centuries of effort.

Finland.

The Finns who are in a desperate plight in their fight against the Russian invaders are hoping that England will come to their aid before it is too late. During the past week the Communistic Red Army of the Russians have, by sheer force of numbers made considerable gains and have driven the Finns back to their second line of defenses. Finland has now called to the colors married men and all those up to the age of 48 to relieve her war-weary soldiers of the front lines. Rumor in our National Capitol has it that England may in a few weeks come to Finland's aid directly by an invasion of Russia by land and the air, cutting off the invaders from their supply bases. This however is but a rumor, altho Chamberlain recently did promise definite help for Finland.

INCREASING INCOME

The Mississippi Advertising Commission estimates tourists spent \$50,000,000 in Mississippi during 1939 and will spend \$62,500,000 this year. These estimates are based on U. S. Travel Bureau reports showing tourists expenditures in the state were: \$21,900,000 in 1937, a gain of 40% over 1936; and \$34,705,000 in 1938, a gain of 60% over 1937.

KROGER OFFERS FEED IN CARLOAD LOTS FOR SAVING

Cullen Stennett, the manager of the local Kroger store last night announced the Company's plan to 'help this area by reducing prices of feed to the lowest possible level."

"Kroger has not handled feed in a big way until a few months ago when crops in this section turned out so badly," stated Mr. Stennett and their principal reason for using carload lots is to be able to give the people of this area who are in dire need of feed with which to make this year's crops, the advantage of the exceedingly low cost of handling it in large quantities.

"Our Company," added Mr. Stennett, "sells only the very best grade of all varieties of feed and we challenge any one as to quality and price." "We have a guaranteed analysis sold with a money-back guarantee. We are from now on going to try to place carload lots here in Iuka in order that one may buy direct from the car at a great saving."

Our first car will be here on March 4th. See our advertisement in the regular place.

HIGHLAND HOME DEMONSTRATION CLUB NEWS

The Highland Home Demonstration Club met February 13 in the home of Mrs. O. L. Claunch for the regular monthly meeting.

After a short business session the following program was rendered:

1. Rural Electrification program in the County" was discussed by Miss Ethel Stormont.
2. "The Home Garden and 1940 Agricultural Conservation Program" by Mrs. V. C. Ramsey.
3. Demonstration: "Pat-terns"

Mrs. L. F. Clark, Recreation Leader, had a number of interesting games and contests planned for the Social Period.

Delightful refreshments were served by the hostess.

The Club adjourned to meet March 12th in the home of Mrs. D. M. Buchanan.

TISHOMINGO 4-H CLUB

The Tishomingo 4-H Club met Wednesday, Feb. 7th, and held an interesting meeting.

The meeting was called to order by the president, Dorothy Buchanan.

Roll call and minutes read by the Secretary, Gilma Coker.

The clothing and home improvement project leaders made interesting reports on the work the members had accomplished during the past month.

A nice exhibit of articles were on display made by the members, as cup towels, pot holders, sewing box and undergarments.

During the program a study was made on house furnishings as follows:

1. How to select and make sheets.—Johnnie Gray.
2. The selection of pillow cases.—Mary T. Bickerstaff.
3. How to select and make bed spreads.—Veda Ruth Cornelious.
4. The steps in selecting and making curtains.—By Miss Lu-Vera Blissitt.
5. Demonstration: The correct way to make a bed, by Miss Talbert.

The meeting adjourned by the members repeating the 4-H club pledge.

Annette Puckett, Reporter.

Already, in spite of the bad weather, there have been twenty-one local farmers enrolled in the Plant-To-Prosper contest.

These farmers are certain that they are able to advance themselves by joining in the Plant - To - Prosper campaign. They realize that the most important part of the contest is not the cash awards made by the sponsors of the contest, but is the fact that at the end of the contest they will have improved their farms, their homes, and their living conditions. These men who have enrolled all feel sure that they are as fully capable of winning the first place award as any other person in the country and that no matter how little a man has to start with it is possible for him to come out on top.

All the farmers in the county who have not joined the Plant-To-Prosper contest should do so at once by filling in the form below and mailing it to the office of this newspaper.

MAKING HOME-GROWN PRODUCTS PAY

Mr. J. M. Russell of Iuka, R-1, makes the practice of bringing something to sell when he comes to town.

During the winter it is eggs, milk and butter, but he adds vegetables during the other seasons.

During the month of January and February from two cows (one of which has been dry for a month) and a small flock of hens he has sold in Iuka \$31.56 worth of produce.

The Milk of Human Kindness

I've been thinking some on
the above subject.

I feel my weakness in at-
tempting to discuss a great sub-
ject.

This milk is peculiar to all
other kinds of milk. Most
kinds of milk will curd and af-
ter a time will become stale if
exposed to the elements. Not
so with the above milk and the
peculiar thing: you always use
it sweet.

The most wonderful thing
about it is the more you use
this particular brand the more
you have to spare to others. A
miser or tightwad can't drink
of this milk. It's not for him
If he does a good deed just to
be seen of men and not from
an inward principle he can't
drink freely of this wonderful
milk.

One might say, who can use
this milk? Who is eligible to
use it?

Must one possess wealth and
a high station in life? To such
a one, I would say no, thrice
no. It can be had by the most
lowly. None too poor, or de-
pressed, but what they can drink
freely. You don't have to have
wealth. Only do little kind
nesses to the poor and needy
and not to be seen of men.

Have a kind word to those in
distress or administer your
stock and lay up as the Lord
has prospered you. Those that
are driving cars can stop and
pick up a poor pedestrian, you
can see the beam of apprecia-
tion and if you've done this
through a spirit of helpful-
ness, you'll get a fine draught
of this milk.

There is a vast difference be-
tween the kind deed and the
milk of the deed. When you do
this deed and see that it is ap-
preciated then are enabled to
drink of this milk.

Nations may drink of this
milk as well as individuals.
This great Nation in the family
of nations is enabled to drink
deep of this wonderful fluid.

May our public servant be
embued with power and patriot-
ism to guide the great ship of
state clear of barriers and pit-
falls and land her safely in the
harbor of love and tranquility.

If they do this they will
drink deep of this wonderfu
fluid. "The Milk of Human
Kindness."

COUNTY W. M. U. RALLY

The Tishomingo County Bap-
tist W.M.U. will meet at the
Tishomingo Baptist Church,
Friday, March 1, beginning at
ten o'clock. If you are a W.M.U.
member, come and bring a
school-girl lunch.
County Supt. Mrs. H. A. Jones.

DR. TASWELL PAUL HANEY

Dr. T. P. Haney, active church
worker, Christian gentleman,
devoted husband and father,
efficient and popular Tishomingo
County Health Officer, died
in McRae's Hospital in Corinth
early Thursday evening. Dr.
Haney suffered an acute heart
attack at his home about three
weeks before and realizing the
seriousness of his condition he
called the ambulance himself
and was taken to the hospital.
Everything that modern science
and medical skill could devise
was done, but he grew steadily
worse until death relieved his
suffering. He was about 72
years of age.

Funeral services at the Iuka
Methodist church Saturday
morning by his pastor, Rev. W.
H. Mounger of Iuka, and former
pastor, Rev. W. T. Bazzel of
Burnsville, were largely attend-
ed and members of the medical
profession of both Alcorn and
Tishomingo counties were hon-
orary pall bearers. The beauti-
ful flowers with which the cas-
ket was covered bore witness of
the high esteem in which the
beloved doctor was held, by not
only members of his chosen
profession, but by citizens at
large, most of whom at some
time had come under his min-
istrations.

Dr. Haney, a native of Pulas-
ki, Tenn., but life-long citizen
of Mississippi, had spent most
of his active life in Tishomingo
County, to which he came as a
young man to enter the Iuka
Normal Institute, where he
graduated several years later
and in which both he and his
wife taught afterwards. He
was principal of the elementary
grades which were taught in
the building while the col-
lege work was carried on in the
hotel building.

Afterwards he entered the
Memphis Medical College, where
he graduated. Later he com-
pleted his studies in Chicago.

Returning to Tishomingo
County he took up the practice
of medicine in Burnsville, where
for twenty-five years he was the
beloved country doctor, giving
of his time and talents minister-
ing to the sick and distressed
miser or tightwad can't drink
and touching all lives only as a
general practitioner can.

Dr. Haney was a devout and
consistent member of the Meth-
odist church, contributing liber-
ally of his time and means and
was interested in the building
of two churches in Burnsville
one of which was burned and
the handsome brick church
erected later. Not until the
last penny of indebtedness was
paid did he move his member-
ship to the Iuka church.

He was appointed County
Health Officer about seven
years ago, a place which he
filled with credit to himself and
to the State Board of Health.

Dr. Haney leaves a wife,
Mrs. Mattie Gist Haney, one
son, Dr. Paul Haney, Pike Coun-
ty Health Officer, three daugh-
ters, Madames C. R. Stephens
of McComb, Eugene Gerald of
Leland, and H. D. Webster of
Oxford, and seventeen grand-
children.

THURSDAY CLUB BOOK RE- VIEW AT IUKA LIBRARY

At the Iuka Library on Wash-
ington's Birthday the Thurs-
day Club entertained the Thurs-
day Study Club and other
friends, who value the recrea-
tional and cultural opportunity
afforded by this Library to the
town and its surrounding com-
munities.

A popular program in an
amusing vein entitled "Our High
Hat Relations—the English"
was presented by Mrs. Webster
Price. It was given as an in-
formal book-review based upon
Margaret Halsey's best-seller
"With Malice Toward Some"
and was supplemented by a map
and also by material from sev-
eral London magazines, all of

which seemed to be appreciated.

Every one contributed toward
the Library Fund of the Thurs-
day Club. Mrs. T. M. McDonald
and Mrs. Edward Dugan served
tea and presided as hostesses.
Our librarian, Mrs. Victoria
Gravette, assisted very capably
by Mrs. Henry Little, had
placed lovely decorations of
potted flowers here and there
about the pleasant room. Mrs.
Price had on display a hand-
made flag bearing the original
13 stars which is a family heir-
loom, and also a map dated
1776, of "The British Empire
in North America" printed in
London.

At the close of the program
the following original verses in-
spired by this library were read
by Mrs. Price.

IN A LIBRARY

By Adelaide Wilmer Price

When all the world has gone a-wry
And sadness comes, don't sit and sigh,
But slip within this quiet nook
And lose your troubles in a book.

Here you may shed the cloak of care
And a fair, shining garment wear,
Brave with the color of romance—
Here you may walk with Kings, perchance!

Or in some far-flung desert land
With bold men foil a robber-band;
Then you'll forget to frown a while
And once again may learn to smile.

All the great minds of other days,
All those who write of newer ways
Are springs where our thirsty minds may drink,
And, drinking thus, we learn to think.

Books sweep our thoughts on magic wings
Up to the heights of higher things
Than peeling potatoes, mopping floors,
Bringing in wood and doing chores.

Books bring us Kingdoms far away
Where other mortals work and play;
Dreaming of them we hum a song,
The day seems bright, the road less long!

Vegetable Laxative Has Important Points

Most people want a laxative to do three things: (1) act punctually, (2) act thoroughly, (3) act gently. Here's one that usually fills all three requirements when the easy directions are followed. It's an all-vegetable product whose principal ingredient has medical recognition as an "intestinal tonic-laxative." That's the ingredient which enables BLACK-DRAUGHT to help tone lazy bowel muscles. It is the main reason for the satisfying relief from constipation that generally follows next morning when BLACK-DRAUGHT is taken at bedtime. The millions of packages used are proof of its merit.

THE MISSISSIPPI PILGRIMAGE

Pilgrims to Mississippi shrines are a month ahead of Chaucer--but then March in the deep South is akin to April at Canterbury. The jessamine and camellias will have been in bloom a month when March opens, and the azaleas will follow them like effervescent clouds of flame. Coles Creek valley on the Natchez Trace is a white-and-green pattern of dogwood, ineffably perfumed. The concrete highways lead by woods so green and young that the pastel redbud against them hangs like a pale mist of pink aurora. Newly broken grounds exudes the spring's enchanted resurrection of earth. And at some lane's end, proud and quiet as its columns, stands a house which has seen a hundred such springs and which for all its years is living, dewy; its stained brick and cypress breathing in the morning air the noonday's sun. Pickaninnies play by the gateposts. The mothlike sweep of hoopskirts clusters at the doorway. And the slow pleasant noise of Southern small-talk echoes from tall ceilings and floats softly up spiral stairways to escape over the lawns. Into this peaceful scene comes a second invasion, an army of nearly 50,000 crusaders searching for a land that has been made holy by its consecration to a fixed, even if a lost cause. Farther than the crusaders some of them have come, come to a distant shrine of the Confederacy that stands like an inner temple, a sanctum sanctorum, inside the battle fields. They come in search of a way of life that had been thought lost. They find it unchanged. Here is a spectacle to inspire America and to refute its Jeremiahs. Here is an entire state devoting its spring season to a resurrection of its best traditions. A while people telling America that the fine art of living is not lost! And with fifty thousand pilgrims a year being converted to the cause, the beliefs, the joys, the intentions of the South may yet be fulfilled! The lost cause may yet be won!
