LEGISLATIVE NEWS

By J. O. Clark, Representative

For the past two weeks I guess you folks have been busy reading the papers about the so-called Riddle Bill which has passed the Senate and is now pending before the house. This is a bill providing a change in the present law dealing with the State Tax Commission and is getting quite a bit of publicity both for and against the bill. Although it looks like the majority of the people back home seem to be in sympathy with this bill I have had quite a few letters and telegrams and every one of them have asked me to vote for this bill.

This bill was taken up before the Judiciary committee of which I am a member and a motion made to lay the bill on the table and when the vote was taken there were 21 in favor of putting the bill on the table and 4 against, which simply means that 21 of the committee are against the bill and only 14 are in favor, with this against the house to begin with it will be a hard job ever getting the bill out on the floor for a vote before the entire house, although there is being a resolution introduced today asking for a change in the rules of the house which if passed will fix the Rules here a majority of the house can call the bill out for consideration.

The legislature is trying mighty hard to get through this week and we are meeting both morning and afternoon trying to finish up our business so we can all go home and tend to our other business which we have back home.

We have a bill up before the house which is trying to do away with the Charity Hospitals in the State of which we have five and the nearest one to Tishomingo County is in Meridian, which is something over 100 miles from home. This bill provides that the money which is being used for the Charity Hospitals be divided among all the counties in the state on a per capita basis instead of being in the places where they have these hospitals. If this bill passes our county will get twice as much money for charity purposes than we get under the present law and naturally I am doing everything in my power to see that this bill passes.

I received several letters and telegrams last week and have not answered any of them, but I want to tell you people just cause you do not get an answer is no reason that I am not trying to do the things you have asked for, after all I am down here representing the people of Tishomingo County and that is what I propose to do as long as I remain here, and I hope you people that have written will take this as an answer and you may be assured that I will try to stay on the job.

THE CENSUS ENUMERATION

It is a matter of pride that the friends of Iuka should want the population of the incorporated town to be as great as possible. In other words, we would want every inhabitant of Iuka counted in the census enumeration. By the end of this week every family is supposed to have been visited by the enumerator, A. C. Bishop. He is requesting any families that have been missed or any individuals who eat and sleep in Iuka and have not been enumerated to let him know at once. You may do this by a post card addressed to A. C. Bishop, Iuka, Mississippi. With your cooperation all white and colored people's names will be counted.

PLANT TO PROSPER

Although the drive to enroll Mid-South farmers in the 1940 Plant To Prosper and Live-At-Home Competitions, sponsored by The Vidette and The Commercial Appeal, closed at midnight Wednesday, May 1, the Plant To Prosper Bureau will accept entries received up to Monday, May 6, Director Walter Durham announced yesterday.

"Because of the enormous number of entries being received in each mail, it will take the bureau several days to make the final tabulation," Mr. Durham explained. "For this reason we have decided to take care of just as many of the late-comers as possible. However, entries received after May 6 cannot be counted."

Designed to improve Southern agriculture by encouraging farm families to live at home, diversify their crops, conserve their soil and improve their farms and home management, the contest this year is offering \$3,600 in cash prizes and a completely-equipped Allis Chalmers tractor to the families who do the best job in carrying out the four-point program.

As prizes are awarded on the basis of progress made in 1940, all farmers, both landowners and tenants, have an equal chance to win, Mr. Durham pointed out.

County winners will be selected by the County Judging Committee, selected by the county extension agent. State winners will be chosen by the State Judging Committee, named by the state extension director, and the sweepstakes winner will be picked from state winners by the Sweepstakes Committee, named by the publishers of The Commercial Appeal and the Memphis Chamber of Commerce Agriculture Committee, which co-operated in sponsoring the contest.

First prize will be \$500 in cash and a completely equipped Allis-Chalmers tractor valued at \$950. There is a tenant sweepstakes prize of \$250 cash to the tenant or sharecropper who makes the best record. Tenants and sharecroppers may also compete for the \$500 award.

In addition to the sweepstakes prizes, there will be state prizes of \$100, \$75 and \$50 to both landowners and tenants who make the best records. This makes a total of \$450 cash to be awarded farmers of each of the four states.

For tenant and sharecropper families there also will be given home improvement prizes totaling \$200. First prize for the best home improvement in the four states will be \$100, with state winners in each state receiving \$25 each.

For negro families the sweepstakes prize is \$250. There also will be state prizes of \$50, \$25, \$15 and \$10 for both landowner and tenant or sharecropper families who make the best records, making a total of \$850 to be given away in this contest.

Farmers desiring to enter either contest may obtain enrollment blanks from the county or home agent, Farm Security Administration supervisor or at the office of this newspaper. If you haven't already enrolled, you should do so today and plan now to make 1940 the most prosperous farm year in your life.

NOTICE

Everybody interested in Mt. Gilead cemetery will meet there on Friday, the 10th day of May to prepare the graves for decoration on Sunday, May 12th, Mothers' Day. There will also be a Sacred Harp singing on that day. Everybody invited to come and bring well filled baskets and have another good singing at Mt. Gilead.

Norwegian Campaign.

Each week we learn more and more about the true state of affairs in Norway. Also we know it is only logical that, if the British and French, (supported by the Norwegians,) do not win this campaign many other small neutral nations will fall under the domination of the German Nazis. In the beginning Hitler said that his invasion of Denmark, and Norway was not to be considered a hostile act, but was undertaken only to prevent their being taken in charge by the Allies. Unlike Denmark, Norway has resisted this so-called "protective" custody to such an extent that Germany has declared officially, at last, that she is at war with that country. President Roosevelt also announced recently that he "found a state of war to exist between Norway and Germany." Nearly all observers now agree that the Norwegian and Allied troops are getting the worst of it at the hands of the Germans. The main reason for this is because the Germans have control of most of the few air fields in Norway. Most of the English planes, in order to bomb the German air bases, have to come all the way from England or Scotland and must return in a comparatively short time, before their fuel is exhausted. England did manage to anchor two air craft carriers off the coast, but these make only a small air base for a relatively small number of fighting planes. Besides, the carriers themselves furnish an excellent target for German bombers. The Nazis also have control of practically all the good harbors and docking facilities. Therefore the English find it hard to land troops, and I do not believe they have managed to get any amount of heavy artillery on shore yet. The few troops which the British have landed on Norwegian soil are being severely harassed by German bombing planes. Hitler has just announced that he expects to kill or capture all of the Allied and Norwegian troops inside of ten days, and then, he says, he will turn his attention elsewhere. England meanwhile has voted the most colossal sum for war expenses ever set aside by any nation for that purpose. Most military observers believe that the English and French must exert a supreme effort in the Norwegian campaign to make a better showing than they have so far. Otherwise, the Balkan nations, and perhaps Holland and Belgium also, will fall beneath the iron heel of Hitler.

Another "White Book."

Just a few days ago foreign diplomats, news correspondents, and all official Germany attended a most impressive gathering at the gigantic new chancellery building in Berlin. Everyone was asked to attend in formal dress or uniform, and had been notified long ahead of time that something big was to be announced to the world. News reel cameras and microphones had been set up for this great moment. German Foreign Minister Von Ribbentrop made his dignified appearance and solemnly gave the Nazi salute. In one hand he dramatically exhibited a sheaf of documents. Then, to those assembled, and to radio listeners all over the world, he announced that the German government had brought forth another "white book;" this time foreign government documents captured in Norway, and also orders and papers found when they captured an Allied Brigadier General and his staff

Von Ribbentrop went on to explain that these papers proved that the Allies, co-operating with the Norwegian government, had made plans to land a force in Norway in order to give Germany a knockout blow from that position. Continuing, he said that when the German secret intelligence department found this out Hitler at once dispatched his own expeditionary force and "beat the allies to it" only by a matter of hours. From London comes a flat denial of any such plans, and the whole spectacle is branded as an attempt by Hitler to justify Germany in the course she has taken. It seems probable that the disapproval of the world, and especially that of Uncle Sam, was behind this latest device of Hitler to whitewash his sins.

NOTES FROM THE SHERIFF'S OFFICE

Records in the Sheriff's office show that 26 were arrested by the Sheriff's force over the week end including one for drunkenness and disturbance, 3 for possession of liquor and drunkenness, 2 for operating a motor vehicle while under the influence of liquor, 3 for gaming, 12 for public drunkenness, 2 for possession of liquor, 2 for violating the motor traffic laws, 1 for disturbance and 1 for assault and battery.

NOTES FROM OFFICE OF THE HOME AGENT

Any person that is interested in making an application for a cotton mattress, and have not done so, may file an application in the office of The Home Agent by June 15. The regulations read that a person must not have received an income of more than \$400.00 during 1939 and at least 50% of the income came from the farm. Everyone interested in making an application is urged to do so as soon as possible.

Miss Sallie Spann Swann, District Agent will meet with the Home Demonstration Club on the sewing project. 1026 Council and the 4-H Club Leaders Council in a joint meeting Saturday, May 4, in the office of the Home Agent. The Snow-down and Highland Club will have charge of an interesting program.

KROGER STORES CELEBRATING 58th ANNIVERSARY

Charged with safeguarding the purity and quality of products sold in Kroger stores is the Kroger Food Foundation, an independent research organization in Cincinnati, staffed by food chemists, home economists and other research experts.

Currently Kroger stores are observing their 58th anniversary with a birthday sale during which "insured savings" is the theme employed. Kroger brand items featured during this event bear the Food Foundation's Seal of Approval, awarded by this scientific organization only after products have been tested thoroughly and approved.

Although work of the Food Foundation has been especially high-lighter during the anniversary sale, the organization maintains a day-by-day check on the quality of all items sold in Kroger stores.

Last year the Food Foundation staff worked on more than 750 specific projects, completing careful research studies, or developing products on which suggestions had been made by customers, store personnel or by the Kroger manufacturing department. During the same period, 21,500 routine tests were completed, including sampling products from shipments of goods to branches of the company and inspecting samples taken from production lines of Kroger manufactured items.

However, the Foundation does not confine its experimental and development work to Kroger manufactured goods. Frequently it works with other manufacturers who are eager to improve their products.

STATE-WIDE SEWING PROJECT

Objectives: To make garments and provide employment for needy underprivileged Mississippians.

Sponsors: State Department of Public Welfare.

Co-Sponsors: County Board of Supervisors and City Boards.

Results: During the month of April 45 women in Tishomingo County were employed on the sewing project. 1026 garments were made and turned over to the Commodity Division for distribution to the County's needy.

BURNSVILLE BOY INJURED BY HIT-RUN DRIVER

Joyce Cummings, 17-year-old son of Principal J. L. Cummings of Burnsville, was struck by a hit and run driver on Highway 72 Saturday evening as he walked home from the picture show. It seems that the motorist either struck a rough place in the pavement which threw the car out of control or deliberately knocked the boy down, breaking his leg in two places and cutting him severely on the head. The driver kept going and Guy Barnes who was with young Cummings was too frightened to get the number. As soon as help could be found the injured boy was carried to McRae's Hospital in Corinth, where he is reported doing as well as could be expected.

Jesse Skelton of Burnsville, died at his home late Sunday night of double pneumonia. Funeral services in charge of Cutshall Funeral Home were held Monday afternoon with interment in the Burnsville cemetery. He was about 49 years of age and the son of Mrs. Alamedn Skelton, who makes her home with Miss Mattie Deardolph in Iuka.

CAPITOL ACTIVITIES

By Walker Wood,
Secretary of State

One of the most important acts passed last week by the Mississippi Legislature is the act creating the Mississippi Board of Development. This board absorbs the state planning, the industrial commission, and Mississippi advertising commission. Such board shall consist of three members to be appointed by the Governor, to serve for a term of four years, and in the event a vacancy occurs the Governor shall appoint a successor for the unexpired term. One member shall be appointed from each Supreme Court District.

The Board shall select a director, and such director shall be the executive officer of the Board in the execution of any and all of the provisions of the law.

The director shall, with the approval of the Board, select, employ and fix the salaries of such other professional, technical, clerical and other assistants as may be required to carry out effectively the provisions of the law, and such employees shall be subject to dismissal by the director, with the approval and sanction of the Board.

The Board shall have an official seal and all orders, findings, acts and certifications shall be attested by such seal and by signatures of the secretary, and the chairman, or any member of the Board, and when so attested all orders, acts, findings and certifications of the Board shall be competent evidence and shall be given full faith and credit in any court or proceeding, and unless affirmatively shown to the contrary, it shall be presumed that the proceedings of the Board were in all things regular. The secretary of the Board, or, in his absence, some member designated by the chairman to act in his place, shall keep regular and accurate minutes of the Board's proceedings in a book provided for that purpose, which shall be a public record and all orders, findings and acts of the Board shall be entered upon its minutes.

The Board is authorized and empowered to use and expend any funds from state, federal or private sources, coming into its hands for the purposes of this act. State funds appropriated for the Board shall be expended in accordance with the regulations governing the expenditures of other state funds.

It shall be the duty of the Mississippi Board of Development to prepare and perfect a state master plan for the physical development of the state and to prepare and keep current a proposed long term development program of major state improvements. It shall, among other things:

The Board will have many more functions too numerous to mention in this short article. However, it is to work in cooperation with all city, county and state departments, boards, and commissions, the Mississippi Commission on Interstate Cooperation, outline and carry out a 'master plan' of publicity and advertising for the state to bring the industrial, commercial recreational educational and social advantages, opportunities, possibilities, resources, farm and dairy products and facilities of the state before the nation and to act as clearing house for the dissemination of data of all kinds for prospective home-seekers and industries wishing to locate in Mississippi.

Mississippi Conservation week is now officially designated as beginning the first Monday in December of each year, under Senate Bill 221 approved by Governor Johnson on April 18. Way "Build-up" Helps Will Interest Women

The cause of a woman's periodic suffering from headache, irritability, cramp-like pain, may be functional dysmenorrhea due to malnutrition, a condition that is often helped by CARDUI.

Principal way CARDUI helps is by stimulating appetite and the flow of gastric juices. Thus it may aid digestion; help build up a woman's strength, energy and nerve-force; so increase physical resistance to periodic discomfort.

It also helps reduce periodic distress for many who take it a few days before and during "the time." Your confidence in CARDUI is invited by its 50 years of popularity.
