LEGISLATIVE NEWS

By J. O. Clark

The Legislature has finally adjourned and all of the members are now at home working on their other lines of work and there will be no extra session called before 1942, as the majority of the membership adjourned during this last session to last them until the next regular session.

Some of the things we did during this last session were: The legislature passed the Free Text Book Bill which provides free text books for all children up until they have reached the eighth grade. This greatly benefits a large number of people throughout the state and will certainly help this state to a big extent. The amount appropriated for the purchasing of the free text books is the sum of \$1,250,000.00.

The legislature increased old-age assistance from the sum of \$2,000,000.00 to the sum of \$3,500,000.00 which is an increase of 75% over the period and this coupled with the same amount from the Federal Government will make a sum of \$7,000,000.00 which is needed by Mississippi to receive for the years 1940-1941. One of the biggest things we had in the Legislature was the additional amount of \$500,000.00 which was added to the amount of \$1,000,000.00 which was reported and which was attempted to be passed by the appropriations committee.

Although there were enough hands of the old people in the state to prevent the opposition eating the amendment to add an additional \$500,000.00 which coupled with the amount from the Federal Government amounts to \$1,000,000.00, and which will certainly feed many hungry mouths for the next two years.

There was an increase of \$100,000.00 for hospitalization in Mississippi which did not meet any serious opposition on the floor of the house or senate. Outside of these increases the remainder of the appropriations were almost the same as the last two years.

It seemed the legislature had quit before we all began talking and as you all know we have a very good start just two weeks ago which had set a very good precedent for the remainder of the members in Jackson so before in order to keep harmony among ourselves and due to the fact that there is now a fighting going on in Europe we decided to quit and go back home where we could get our nerves quite with the next two years.

NOTES FROM THE SHERIFF'S OFFICE

Bennie Spruce wanted by Alabama authorities on charges of grand larceny and prison escape, was apprehended four miles south of Iuka on Highway 25, by Sheriff Pace, Saturday, May 11. At the time Spruce was arrested he was driving a Chevrolet coupe stolen from Miss Evelyn Reid of Vina, Ala. and was accompanied by Paul Bray. Bray is also wanted by the Federal Government and Alabama authorities on charges of automobile theft and prison escape. Bray jumped out of the car and escaped.

Homer and Volley Bivins wanted in this county on charges of burglary and assault with intent to kill and murder, were returned here last week by Sheriff Pace, from Arcadia, La. where they were apprehended on May 8th. They returned voluntarily without being extradited.

Both the Bivins were indicted by the Grand Jury for the burglary of the home of Odell Murphy on August 22, 1939. It is charged that they entered Murphy's home when he and his family were there and attacked Murphy with an automobile crank.

DAYLIGHT SAVING TIME ADOPTED FOR FLORENCE

Florence board of city commissioners, in weekly session at city hall Monday afternoon, unanimously adopted a proclamation proclaiming Daylight Saving Time in Florence beginning midnight, Wednesday, May 15, and continuing until midnight, Sept. 29.

FSA GROUP WILL HELP FARMERS TO AVOID FORECLOSURE

Opportunity to get their land and chattel indebtedness in condition to continue their 1940 work free from danger of foreclosure will be offered Tishomingo County farmers at the meeting of the county farm debt adjustment committee to be held at 10 A. M., Tuesday, May 21, at the Farm Security Administration office in Iuka.

"The committee has been quite successful in working out voluntary agreements between farmers and their creditors permitting the farmers to continue to farm and eventually pay their debts," said Hugh T. Ferrell, Farm Security Administration Supervisor. "This is done by the committee determining an orderly repayment schedule which the farmer can meet and which takes advantage of time extensions, re-amortizations, scale-downs of principal and interest, and reductions in interest rate granted by creditors."

"The committee considers every case on its own merits and its services are free and confidential," he said. "Farmers needing its help should go to the county FSA office, or to one of the committeemen, or they might appear at the meeting."

Members of the committee are W. L. Goodman, M. G. Pitts, R. W. Carter, C. J. Milford and Z. B. Akers.

W.P.A. PROFESSIONAL AND SERVICE WEEK MAY 20-25

During the week of May 20th to 25th, the public is invited to inspect all W.P.A. Professional and Service Projects. We want you to know what work is being done by the United States Government paid employees in this division of the W.P.A.

The week begins with a county wide picnic at Tishomingo State Park next Monday, May 20th, at 5:30 P. M. All P and S Projects have joined in making the picnic a glorious celebration. The W.P.A. Recreation Project of Tishomingo County will present a Pageant "The Legend of Demeter and Persephone" at 4:00 P. M., that evening. The cast has been selected from Iuka, Tishomingo and Belmont. You will enjoy this colorful event. Everyone is urged to come, bring your picnic lunch and join the festivities. Your most outstanding County leaders will be there to interpret for you the W.P.A. Professional and Service Projects.

PROCLAMATION

To The Citizens of Tishomingo County:

Whereas, the Division of Professional and Service Projects of the Work Projects Administration is operating projects of social and economic benefits to the citizens of Tishomingo County;

Whereas, the sponsors of projects operating in the Division of Professional and Service Projects of the Work Projects Administration throughout the Nation and planning to celebrate the week of May 20-25 by providing an opportunity to the public to see for themselves that this work pays your community and has urged that all Tishomingo County citizens take an active part in the celebration of this week;

Now, therefore, we the Mayors of Iuka, Burisville, Belmont and Tishomingo, do hereby designate May Twentieth thru May Twenty-fifth as This Work Pays Your Community Week and urge that all Tishomingo County citizens help in the observance of this period and join with the sponsors of Work Projects Administration projects operating in the Division of Professional and Service Projects in its plans for the celebration of this event.

COUNTY SCHOOL NEWS

By O. C. Oaks

Last week the County Board of Supervisors at the regular meeting passed an order raising the county tax levy for common schools from 5 to 10 mills, thereby, making it possible for every school for white children in the county to have a session of eight months. With this county now having an eight month session every white school child in Mississippi has the opportunity to attend public school eight months each year.

In the Northeast Mississippi Literary and Athletic events that were held last month the high schools of Tishomingo County fared exceedingly well. The following students placed in the Literary examinations:

Belmont: Geneva Cleveland—Bookkeeping.
Dorothy Joe Davis—Home Economics.
Paula Woodruff—World History.
George Stidham—Agriculture.
Mary Hollingsworth—Elementary Algebra.

Holcut: Charles Dunigan—First Year Civics.

Iuka: Henry Gritz—Economics.

RED CROSS STARTS DRIVE TO AID WAR VICTIMS

The following telegram was received by Miss Bama Akers, County Chairman of the Tishomingo County Red Cross Executive Committee:

Washington, D. C., 5/10/40
Miss Alabama Akers
Chairman American Red Cross, Iuka, Miss.,

With the invasion of Holland, Belgium and Luxembourg the war has entered a phase which will unavoidably and at once bring widespread and appalling suffering to millions of helpless men, women and children. In order to inaugurate widespread relief measures the American Red Cross is at once launching a campaign for a minimum war relief fund of three million dollars. Your Chapter quota is \$300.00. Please at once mobilize the entire leadership of your Chapter and community in order that your quota may be raised and exceeded without delay. Chapters may retain fifteen per cent of collections to cover their local war relief expenses. Letter of instructions follows.

Norman H. Davis.

In order to fulfill the requirements of this message the Executive Committee has planned to have a motorcade decorated with Red Cross flags and equipped with a public address system tour the county, stopping in each town or community long enough to explain the purpose and need for the additional funds. Business and residential sections will be solicited by members of the Iuka Sub-Deb club dressed as Red Cross volunteer nurses.

The motorcade will end in Iuka on Saturday, May 18th. It will be located up-town most of the day and all citizens are urged to give liberally to this cause.

SENIOR PLAY STOLEN RIGHT AND LEFT

On last Tuesday evening before a packed auditorium the Senior Class of the Iuka High School demonstrated that in addition to their scholastic knowledge they have a splendid ability for dramatics.

Although the leading role of Silas Smidge, From Turnip Ridge, County Cloy in Iowa b'gosh, was portrayed to the point of perfection by L. B. Walker, the play seemed to be stolen by the entrance of each new character.

Each part was so well done that there was absolutely no chance for any lack of attention by the audience. However, by the end of the evening the self-appointed critics had all arrived at the conclusion that the outstanding parts were Silas Smidge by L. B. Walker; Judy by Aline Deaton and Oswald Gorlick (of Yes Sir fame) by Roscoe Rhine.

Roscoe Rhine—Physics.

Tishomingo: Annie Lee Whitener—Chemistry.
Orville McNutt—Agriculture.
Dorothy McRae—Typewriting.
Billie Nettles—Bookkeeping.
Patsy Burns—Biology.

Students placing in Athletics, Northeast

Tishomingo: Howard Reno—440 yards and 880 yards.
Carlene Solomon—Mile.
L. C. McDougal—120 yard hurdles, high jump, pole vault.
Billie Nettles—Broad jump shot put, discus.
Dwight Neal—200 yd hurdles

War In Earnest Now.

At last Hitler has done that which has long been expected of him. The mighty German war machine, since this column last appeared, has struck the Netherlands, Belgium and Luxembourg simultaneously. The free city of Luxembourg was overrun in a few hours. A large part of Holland, or the Netherlands as it is called, is in German hands and Queen Wilhelmina and her government officials have taken refuge in London, England. However the Germans have had tougher going in Belgium and have only penetrated about 15 miles. The English and French have already reinforced the Belgian defenders and some aid has also reached Holland.

Large scale air battles are going on. Nevertheless Hitler has been able to land hundreds of German soldiers by parachute from transport planes back of Holland's defence lines and also some have landed thus in France. It is reported that the German parachute troops are often disguised as farmers, laborers, or soldiers of the country in which they are dropped. As soon as they land they set to work trying to destroy lines of communication and transportation. Large numbers of these parachute invaders have been shot down or captured by the Dutch and French. Nevertheless enough of them have survived to capture airports and do considerable damage in Holland.

Chamberlain Resigns.

The British people have been clamoring for some time for a change in their Government. Since the failure of the British campaign in Norway the opposition to the Chamberlain regime rose to fever heat. Lloyd George in a speech to the House of Commons even went so far as to tell Chamberlain "to his face" that if he desired to really serve the interests of his country the thing for him to do was to hand in his seal of office and go home. After this event Chamberlain called for a vote of confidence in order to see how many of the House were for him and how many in opposition. A large number refused to vote at all and with those who did vote, Chamberlain came out with a very small margin in his favor. However the Labor Party refused to co-operate with any government headed by Chamberlain, and since a united front was necessary to handle the grave war situation the Prime Minister went to King George and handed in his resignation. After so doing he broadcast from the House of Commons one of the best speeches he ever made, giving the reasons for his action. Following Chamberlain's resignation the King commissioned Winston Churchill to form a new government with himself, Churchill, as Prime Minister. No sooner was the new Prime Minister installed than the Germans pushed forward in their latest thrust into the Low Countries. At this point, writing it looks as if this new British cabinet will be one of action, since help was sent at once to Holland and Belgium. Chamberlain's government was all along one of appeasement done with a rush may now once and delay. Churchill has now more in evidence at ship yards and plane factories.

W. P. A.

One of the most valuable of W.P.A. activities, as well as one perhaps least understood by the average layman, is the American Imprints Inventory, a project operating in Mississippi as part of the Historical Records Survey, under the state supervision of Moina Evans. The project has as its aim the listing and locating of all early American printing from the beginning of the press in the United States through 1876.

Starting with thirty workers, the project now gives employment to almost 2,000 scattered over the United States. And the men and women going thru the dusty shelves of small rural libraries and large college and city libraries are unearthing publications, in many cases long forgotten, that give priceless first hand accounts of events woven into American history. In one library, for example, was found a copy, printed at Natchez in 1810, of the long-sought "Constitutions and Ordinances" of the short-lived state of West Florida.

All titles found by workers over the state are sent to field headquarters, located in the Millsaps Building, Jackson. There they are edited, typed and proofread, the originals sent to a central office in Chicago, one copy filed in the Jackson office, and one copy sent to the Department of Archives and History.

Each slip shows by Union Catalogue symbols the library in which the imprint was found. When examined in Chicago, if the same title has been reported from a number of places, the location symbols are consolidated on a single slip. All locations are later reported to the Union Catalogue of the Library of Congress for permanent record.

for a long siege of suffering and sacrifice in order to survive. He added, however, that this was the price of victory. And without victory he said there would be no survival for England and the British Empire.

In Washington, D. C.

Of all the places in this country Washington has been the most excited since Hitler's latest "blitzkrieg" into the Low Countries. President and Congress both realize the need of a big appropriations for adequate defense of these United States, with the world everywhere at war. It is charged that our factories are not turning out planes as fast as they might. During the last few days the Allies have placed orders for planes which amount to three hundred and fifty million dollars, and must have them quickly. It is generally agreed that our own security depends upon being properly prepared. Therefore President Roosevelt is calling for battleships, war planes and trained pilots for the necessary defense of American civilization. Our shipbuilders have been charged also with being too slow in construction. Here it has taken three or four years to build the same sort of battleship that the English shipbuilders have turned out in a year and a half. The latest and largest ship launched by them has been named King George the Fifth. Today however, with the war action, since help was sent at once to Holland and Belgium. Chamberlain's government was all along one of appeasement done with a rush may now once and delay. Churchill has now more in evidence at ship yards and plane factories.

HISTORY OF THE POPPY

"The wild poppy of France
and Flanders was the one touch
of nature's beauty which sur-
vived amid the death and de-
struction of the battle front."

"It grew and bloomed around
the trenches and shell holes. It
sprang up on the fresh graves
of the battle dead and became
associated in the thoughts of
the soldiers with the sacrifice
of their fallen comrades."

"Colonel John McCrae, of the
Canadian forces, saw the brave
little flowers and wrote: 'In
Flanders fields the poppies blow,
between the crosses row on
row—', giving immortal expres-
sion to the idea."

"Poppies were first worn in
America in tribute to the war
dead on November 9, 1918, two
days before the Armistice, when
Miss Moina Michael, of Athens,
Georgia, distributed poppies at
the Y. M. C. A. headquarters in
New York City. In June, 1919,
they were sold on the streets of
Milwaukee in connection with
the home-coming of the Thirty-
second Division. The American
Legion adopted the poppy as its
memorial flower at its national
convention in Cleveland in 1930,
and one of the first acts of the
Auxiliary's first national con-
vention in Kansas City in 1921
was to make the poppy the me-
morial flower of the Auxiliary.
The British Legion also uses
the poppy as its memorial flow-
er and distributes millions
throughout the world."

"In addition to honoring the
dead, the poppy brings more
than \$1,000,000 each year for
the work of the Legion and
Auxiliary in behalf of the dis-
abled veterans and the families
of the dead and disabled."

FEEL LAZY - DRAGGY - SLEEPY

Nash's C. & L. Tonic and Laxative May Be
What You Need

Nash's C. & L. Tonic and Lax-
ative is not a cure all but if you
have no organic trouble and yet
have that sleepy, draggy feeling
caused by temporary constipa-
tion or biliousness due to an
unbalanced diet, you like thou-
sands of other Southern people
who have taken Nash's for the
first time will probably be sur-
prised at the beneficial results
you receive from taking this
Southern product. It is made
in the South by an old druggist

of forty years experience
manufacturing medicines
filling prescriptions.

This old druggist says, "NASH'S C. & L. TONIC AND LAXATIVE FOR ONE WEEK and if you are not satisfied druggist will refund money. Call for Nash's C. & L. Tonic and Laxative, Price 25c."

For sale by all good Drug Stores and featured by J. C. Jourdan Drug Store and Moore Drug

BOY EVANGELIST TO CONDUCT REVIVAL CAMPAIGN

William Paul Smith
M. H. Hansford, local pastor, invites the public to hear the Boy Evangelist, William Paul Smith, of Cape Girardeau, Mo., as he preaches the Gospel each night under the big Gospel Tent which will be erected on the vacant lot just west of the jail in Iuka.

The Evangelist is a singer, musician and preacher. While just a small boy he was very popular all over southern Illinois and was known as the radio singer. For several years he has both sang and preached over radio station W.E.B.Q., Harrisburg, Illinois. Within the past few years he has conducted a number of successful revivals in several states.

The meeting begins Sunday morning, May 19th, and will continue each night.

Come and hear this young man as he sings and brings a good gospel message each evening at 7:30.

Wake Lazy Insides All-Vegetable Way

Thousands turn to this way to get relief when they're lazy intestinally and it has them headachy, bilious, irritable, listless: A quarter to a half-teaspoonful of spicy, aromatic, all-vegetable BLACK-DRAUGHT on your tongue tonight, a drink of water, and there you are! Thus, it usually allows time for a night's rest; acts gently, thoroughly next morning, so relieving constipation's headaches, biliousness, bad breath.

BLACK-DRAUGHT'S main ingredient is an "intestinal tonic-laxative," which helps impart tone to lazy bowel muscles. The millions of packages used prove its merit. Economical, too: 25 to 40 doses, 25c.

TO THE HOME OWNERS OF TISHOMINGO COUNTY

The Homestead Tax Exemption law has been amended by House Bill 1082 of the 1940 session of the Legislature.

Applications for Homestead Tax Exemptions must be actually on file on or by June 1, 1940.

The definition of a "head of a family" has been broadened to include a person who is unmarried but who permanently maintains a home for the benefit of one or more persons who are morally or through relationship dependent upon said person for support even though such person, of necessity does not regularly reside in the home so maintained.

The definition of a "home" has been broadened to include (1) more than one home located on property of a deceased person whose estate has been divided where each of said homes are occupied by separate heirs or groups of heirs. (2) Not more than two separate homes located on jointly owned property when each of said homes is occupied by one of the joint owners. (3) A dwelling and land owned jointly or severally by husband and wife actually and legally living together. (4) The total value of a two apartment dwelling, the title to which is vested in two persons and the apartments being occupied each by one of the owners. (5) Land used for agricultural purposes even though title to the dwelling has been conveyed to a housing authority, provided the owner was entitled to homestead exemption on the land before and at the time of such conveyance was made.

A provision has been made to allow the value of improvements made by persons purchasing property after July 1, 1938 to apply against the ten per cent (10%), now required to be paid by the purchaser before becoming eligible for homestead exemption.

The definition of agricultural purposes and the limitations of five (5) acres for homes outside of a municipality, occupied by persons whose occupation is other than farming has been changed to include 160 acres.

The definition of homes in a municipality has been clarified and a provision has been made for exemption up to 160 acres of land used for agricultural purposes by the head of a family when such land lies partly in and partly out of a municipality even though the dwelling house is situated on platted land.

If there is anybody that comes under any of these changes or would be affected by any of changes please contact me at once so we can get the matter adjusted at once.

Edgar A. Pace,
Tax Assessor.

"Build-Up" Relief Explained to Women

A simple method has saved many women a lot of suffering! It is based on the fact that headaches, nervousness, cramp-like pain are often symptoms of functional dysmenorrhea due to malnutrition.

Help for this condition so often follows the use of CARDUI, because it usually increases the appetite and the flow of gastric juice; thus aids digestion and helps build physical resistance. Usual result is less periodic distress.

Many who take CARDUI a few days before and during "the time" have found this helps ease periodic discomfort. Women have used CARDUI for more than 50 years!

individual states are being deposited in important libraries throughout the country, where they may be freely consulted.

As the work of the American Imprints Inventory continues, the published results will double the volume of available historical information on many subjects, saving much research time.

Hardly a day passes without the discovery of a publication which some scholar has been seeking for years. Whether his interest be fire-insurance or religion, wood-carving or agriculture, the short-story or gold-mining, the W.P.A.'s American Imprints Inventory is actively engaged in turning up material. Careful checking and re-checking have maintained an amazingly high degree of accuracy on this project, on which in Mississippi, at present, there are fourteen W.P.A. Historical Records Survey workers employed.

Libraries, public and private, in a large number of the cities, towns, and counties of the state have been worked through since the beginning of the Imprints Inventory. In the last eighteen months, since the work has been conducted under the Historical Records Survey, a total of some 55,000 books and pamphlets have been listed in Mississippi. Some of the libraries inventoried or being inventoried in Mississippi for early imprints are: Mississippi State College for Women, University of Mississippi, Mississippi College, Mississippi State College, Jefferson Military Academy, Millsaps State Library, Department of Archives and History, and Hillman College. In addition, a large number of city libraries and private collections have been worked over, one of the largest of the latter being the 7,500 volume library of the Episcopal Diocese of Mississippi, at Battle Hill, Jackson.

In these early imprints are found such quaint ordinances as one permitting a proud and circumspect Natchez church to raise funds for an early building by means of a lottery. And, more important, is the record found of political movements which have since changed the whole face of our political economy. It is certain that, in years to come, the Imprints Inventory will be looked on as one of the most valuable pieces of work in the intellectual field, carried through by the Works Project Administration. Certainly it will leave a lasting impression on American history.

The Imprints Inventory operates in Mississippi under the Historical Records Survey, an activity of W.P.A.'s Division of Professional and Service Projects, of which Ethel Payne is State Director. The Historical Records Survey is sponsored in Mississippi by the State Department of Archives and History, headed by Dr. W. D. McCain.
