VENTIETH YEAR

IUKA, TISHOMINGO COUNTY, MISSISSIPPI, THURSDAY NOVEMBER 26, 1953

NUMBER 18

Committees Named For Iuka Community Christmas Fund; Contributions Sought

A meeting Monday night at the Tishomingo County Power Association office committees were named to carry out plans for distributing Christmas packages in the Iuka area.

The meeting was called by John Henry Allen and the following committees were appointed:—C. F. Chambliss, M. G. Pitts, Purchasing—Edmondson, Herman Cann, Carmichael, Bill Jones, Talmadge Jourdan, R. McRee, Jr.; Packing—Mrs. A. Martin, chairman; Entertainment committee—Mrs. Little, Mrs. Leslie Moser, Harwell, Ruth Dean, Mary Mrs. Delbert Williams; Treasurer—Mrs. Pansy Reid.

Response last year to the call for contributions was generous, over \$440.40 being collected Christmas time. No concentrated drives were made for the collection and it is hoped that the response this year will be as free as last year. All clubs, churches, and individuals are urged to make a contribution to this year's cause.

Anyone wishing to give to the cause is asked to contact Mrs. Pansy Reid, treasurer, or deposit contribution to the Iuka Community Christmas Fund at Iuka Guaranty Bank.

Contributors and the amounts they turned in are:

Tishomingo Boys Win, Girls Lose

By J. W. Smith

The Tishomingo Bulldogs won an impressive victory over Paden Thursday night, 51 to 43. Paden was highest scorer for Tishomingo with 16 points and Paden was highest for Paden with 22.

The Tishomingo girls lost their game 53 to 45 but gave Paden a real all the way. Gortney was best for the winner with 29. Hunt put through 24 for Tishomingo.

Methodist Parish News

The annual Temperance Institute for the New Albany District will meet at 7:30 p.m. at Ripley Methodist Church. The Rev. J. H. Houston, Jr., pastor of the Mountain charge and District Secretary of Temperance, will have charge of the program. It is a matter that concerns everyone. The people of the United States are now spending over a billion dollars a year on alcohol. There are 63,000,000 people in the U. S. who drink, of which 7,000,000 are alcoholics. Carl Hall, the convicted kidnapper, said last week that 95% of the people in prison there because of drink. He is up too late.

The singing school at Harmony will get off to a good start Sunday. The people of that church are enjoying Mr. Don Ford, District Minister of Music. The singing school at Tishomingo will be December 6 to 11. The Pleasant Hill School of Christian Stewardship will be held through Thursday at Rutledge.

Iuka Lions To Give Away Turkey Christmas Eve

The Iuka Lions club has made plans to give away a turkey on this Christmas eve. Chances will be sold at 25c each and the drawing will be held at 4 p.m. on Christmas eve on Front street.

The club has been divided into two groups with Lions Sam Daniel and W. C. Hamilton as captains. The two groups will compete in a contest of ticket selling on the bird that is to be given away. Losers of the contest will treat the winners to a fried chicken dinner.

Mr. Harvey Davis, farmer, who lives west of Iuka, is furnishing the turkey which will weigh approximately 20 pounds. Chances are only 25c (one quarter of a dollar). Any Lion club member will be glad to sell you a ticket.

Sermon Subject Announced For Church Of Christ

Some of the duties of Christians, and conditions necessary for Christians to meet in order to inherit God's everlasting Kingdom, will be the theme of his sermon Sunday morning, according to Roy L. Vaughn who will do the preaching.

It will be shown that the Christian life is one of continual growth and development, based especially on Scriptures found in II Peter 1:5-11. Also the converse of entrance into the Everlasting Kingdom, which is obvious, will be shown, also.

Mr. Vaughn calls attention to the fact that the time of meeting Sunday nights has been changed to 6:30, instead of seven o'clock. The subject for Sunday night has not been announced, but an invitation is extended to anyone so disposed to attend any service of the church of Christ.

For Your Child's Future Fight TB

Once again, with the approach of Christmas, Tishomingo County people have an opportunity to show—as they have shown many times in the past—that they are, indeed, neighbors. Through the generous purchase and use of Christmas Seals, now being sold to support the work of the Tishomingo County Tuberculosis Association, they have a chance to aid the year-round fight against tuberculosis in this county.

The picture of the joyful Caroling child on the 1953 Christmas Seal graphically portrays the spirit of the Christmas Season. The happiness of our children is the purpose underlying all our holiday preparations. In a larger sense, it is the purpose behind all our plans for the future well-being of this county. When TB strikes in a home, it often means that a child is bereaved for a long period of the love and care of a parent. It may mean grave financial difficulties which can permanently affect his nature. Even worse, the child may contract the disease and the dread tuberculosis meningitis may develop. Among teenagers TB is more common. It kills more young people between the ages of 15 and 35 than any other disease. It can and does kill at any age.

The Tuberculosis Association is working constantly to protect the future of our children. Its four-point program includes health education, case finding, rehabilitation, and medical research. Christmas presents each one of us with an opportunity to support this program actively. The Christmas Seal Sale is the only source of funds to carry on and expand the work of the association. This program is designed for the protection of all of us. It merits our support. It needs our support. Tuberculosis can be defeated. Now is the time for each one of us to do his share. Now is the time to buy and use Christmas seals.

Mr. and Mrs. Jimmy Ramsey are the proud parents of a daughter born November 16th in the Colbert County Hospital. She weighed 6 pounds and 9 ounces and has been named Mildred Ethel.

HD Council Sponsor Bazaar In Vidette Office

Saturday, beginning at 9 a.m., the Tishomingo County Home Demonstration Club Council will hold their annual bazaar in the Vidette office. Many items which will be featured will make excellent Christmas gifts. Among them will be aprons, jellies, jams, cookies, cakes, candies, handwork, canned goods and many other articles which will be useful for the home and Christmas.

The committee for the bazaar is composed of Mrs. Laura Cutshall chairman, Mrs. Walton Montgomery, Belmont, Mrs. J. C. Deaton, Paden, Miss Ruth Woodley, and Mrs. Ted Walker, Iuka. The council is composed of presidents from each Home Demonstration club in the county with Mrs. J. R. Wingo as council president. They meet once a month in the Home Agent's office and together with the home agent work out plans for the coming month.

Proceeds from this bazaar will be used to carry on the work of the council.

Attend State Cancer Meet

A state wide meeting of the Mississippi Cancer Society was held in Jackson, Mississippi, last week, and this county was represented by Mrs. Doan Davis, County Chairman, and Mrs. Mary Burns, as official delegates. Also attending were Mrs. William M. Curtis, Treasurer, and Miss Carolyn Crawford, Secretary.

Many outstanding professional men were on the program, including Dr. D. S. Pankratz, Dean of the School of Medicine, University of Mississippi; Dr. R. Lee Clark, Director Anderson Hospital for Cancer Research, Houston, Texas; Dr. Robert Moore, Prof. of Surgery, U. of Texas Medical School and Dr. F. W. King, Director Service Section Medical and Scientific Department, American Cancer Society, New York.

At a luncheon, held on the last day of the meeting, Mrs. William Curtis was presented with certificates for herself and Mrs. Helen Pruitt. These certificates were for 5 years volunteer service with the local unit.

Plans are being made by the local unit to present to the public in the early Spring a series of films based on the seven danger signals of cancer.

Christmas Jubilee Parade In Florence Monday, Nov. 30

The annual Florence Christmas Jubilee and Parade will be held on Monday, November 30th it was announced by a spokesman for the committee of Florence citizens. The people are eagerly looking forward to this event.

"No effort is being spared to make this one of the finest and most spectacular parades ever seen in this area" said this spokesman. A large number of beautiful floats will be entered and sponsored by local industries, schools, civic groups, and other organizations. The parade will be replete with a number of bands, dozens of clowns, and of course old Santa Claus "in person" with his reindeer to delight the tiny tots.

Births

Mr. and Mrs. Jimmy Ramsey are the proud parents of a daughter born November 16th in the Colbert County Hospital. She weighed 6 pounds and 9 ounces and has been named Mildred Ethel.

Grandparents are Mr. and Mrs. W. A. Ramsey and Mr. and Mrs. Ben Cooper.

OUR FIRST THANKSGIVING

LET US THANK GOD

Let's have our turkey dinners, football games, family reunions and all that today—but let's remember that it is Thanksgiving Day, and observe it as such with at least a brief moment of gratitude to God for our blessings.

It is from our Pilgrim Fathers' grateful prayers in the wilderness a long ago November that our present Thanksgiving derives. They set an example in word and deed which we might well remember at least once a year. Even before the Mayflower landed them at Plymouth they had written in the Compact: "We whose names are underwritten have undertaken for the glory of God, to establish in Virginia the first colony for the advancement of the Christian faith." . . .

Because of an oversight in compiling the copy for the honor roll of Iuka school the name of Jimmy Oaks was omitted. This name should have been included on the Honor Club. Jimmy is in the 10th grade.

IT'S HISTORY

The observance of Thanksgiving on a fixed day and on a national scale stems directly from a 36-year campaign carried on by Mrs. Sarah J. Hale, of Boston, editor of Godey's Lady Book. In 1827 she began her campaign to have the last Thanksgiving in November designated as America's Thanksgiving Day, but it was not until 1863, with Abraham Lincoln in the White House, that she succeeded.

In September, 1863, Mrs. Hale wrote in an editorial: "In a time of national darkness and sore troubles, shall we not recognize that the goodness of God never faileth, and that to our Father in Heaven we should always bring the Thanksgiving offering at the in-gathering of the harvest?"

Thirty states had observed the holiday in 1859, and four years later President Lincoln issued the first Thanksgiving Day proclamation.

Union Service For Thanksgiving

The Annual Joint Union Thanksgiving service will be held Thursday at the Iuka Baptist church. Rev. G. R. Meaders, pastor of the Iuka Methodist Church will deliver the sermon at 10 a.m.

Cotton Ginning Report

Census report show that 6952 bales of cotton were ginned in Tishomingo County, Mississippi from the crop of 1953 prior to November 1, 1953 as compared with 6818 bales for the crop of 1952.

T. W. Armstrong Joins Rogers Advertising Staff

T. W. Rogers, Jr., president of Rogers, announces that Mr. Armstrong will direct the advertising and display department of the store.

Mr. Armstrong came to Rogers from Opelousas, Louisiana, where he was advertising and display manager for the Abdalla's Department store. He served in World War II as an army pilot and administrative officer. After coming out of service, he attended Pratt Institute Art School in New York for 3 years, where he graduated in advertising design.

Mr. Armstrong is a native of Macon, Georgia, and is a member of the Lions Club. Mr. and Mrs. Armstrong are members of the Methodist Church. Mrs. Armstrong will join him in Florence within the next few weeks.

Rogers feels fortunate in securing a man of Mr. Armstrong's training and experience as advertising and display manager for the store.

Fire Bugs Land In County Jail; Bonds Officially Set At \$1,000 Each

MOST BUSINESSES CLOSED FOR THANKSGIVING

Most all retail businesses in Iuka are closed Thurs. for the Thanksgiving holiday. The bank, the post office, all extension service offices and most of the county offices will also be closed.

Nutritional Survey Held In Iuka School

A nutritional survey of food habits of children in Mrs. Donna Browns' third grade, Mrs. H. L. Shook's fourth grade, and Mrs. Louise Johnston's fifth grade of Iuka grammar school was held Tuesday morning by Mrs. Elizabeth Spence, district nutritionist, and Mrs. Helen Pruitt, county health nurse.

A one day recall survey of foods eaten the previous day was taken in order to determine how many children were eating breakfast and supper regularly. Other interesting facts revealed were the number of children receiving sufficient milk, citrus fruits, green and yellow vegetables; these are the food groups most often missing in children's diets.

According to the survey, 83 percent of the children in these three grades were eating regularly in the school lunch room; 60 percent were receiving sufficient milk; 67 percent no citrus fruit; 50 percent no green or yellow vegetables; 96 percent proteins; 89 percent eating a good breakfast regularly, and 43 percent a good supper.

Mrs. Spence stated that the recommended food for this age child daily should be: three cups of milk which provides calcium for firm teeth and bones; one serving proteins for growth and repair; one serving green and yellow vegetables for vitamins and minerals for good eyesight; one serving citrus for overall good health; two or more other vegetables or fruits; bread or cereals, two servings, butter and 2 tablespoons fatty acids for energy.

Mrs. Spence is district nutritionist over 17 counties in north-east Miss., with her home office in Tupelo. "A balanced diet is necessary for the proper growth and development of children of this age group," she said.

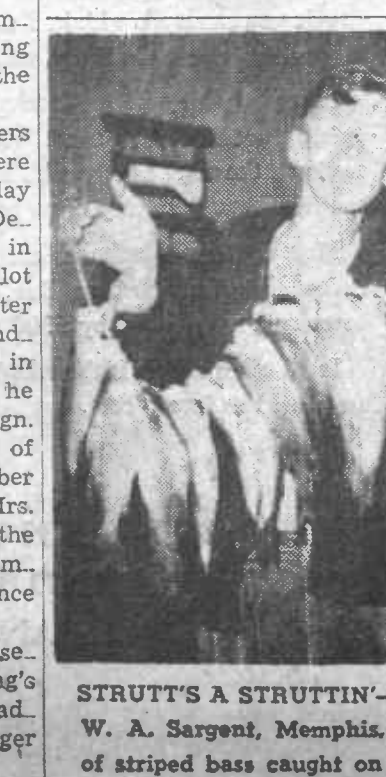

Mrs. Spence will return sometime in January to do further work on this project.

Music Recital At Harmony

The music pupils of Mr. Ganus will give a piano recital at Harmony Church Sunday night, November 29th at 6:30 o'clock.

The public is cordially invited to attend.

Bro. Z. T. Rankin will begin a revival meeting at Sardis Baptist Church on the 5th Sunday night, November 29th. Everybody is invited to attend these services.

Arvey Sharp, age 27, T. J. Taylor, age 33, and E. C. Taylor, age 24, all of Paden, Rt. 1, are lodged in the Tishomingo County jail, Iuka, in default of bond.

These men have been charged with setting woods fires; the bond has been officially set at \$1,000 each.

According to Area Forester Busby, 30 fires within a 2½ mile radius of Paden have burned 445.9 acres of woodland during the first 21 days of this month.

An investigation has been going on for two weeks, trying to find the cause of so many fires in the vicinity of Paden. Sheriff W. T. Dexter was called in Saturday night and enough evidence was secured to arrest T. J. Taylor, Sunday E. and E. officer Hillie Coleman, representing the Mississippi Forestry Commission, was called in to assist Sheriff Dexter, Area Forester Busby and Bailiff Earl Wilson in continuing the investigation. E. C. Taylor and Arvey Sharp were brought in and all three reportedly have admitted that they were guilty of the crime.

No date for trial has been set. County Attorney, J. D. Finch says that he will ask for a severe penalty, not only in this case, but any other similar case that might arise. "Timber is our greatest natural resource in Tishomingo County and we are tired of fires being maliciously set in the woods of this county," Mr. Finch stated.

Hey, Kids! Get Your Letters To Santa In Early

Little Sister . . . Little Brother: Do you want to write Old Santa a letter and tell him what you would like to have for Christmas?

If you would, send it to the Vidette early so he will be sure to know what you want. Santa always gets The Vidette and if you will send your letter in early so it can be printed he will be sure to see it and will have more time to get your gifts all fixed up by Christmas eve night.

So hurry! Send your letters in to The Vidette, P. O. Box 8, Iuka, Miss.

Glendale And Iuka Win, Lose And Tie

Glendale boys edged Iuka 42 to 33 in basketball games in the Glendale gym last Thursday night, after the girls teams fought to a 41-41 tie. Iuka B team won 41 to 37.

Patsy Clark was high scorer for the Iuka girls with 20 points. Daniel contributed 14 and Adams 7. Ruth Harris paced Glendale's attack chalking up 18. Hardwick 9 and Richardson 4. Glendale led at halftime 22 to 16.

The boys tie was close all the way with Glendale holding a 28 to 21 advantage at the intermission. Bray racked up 15 for the winners and Depoyster got 13. Iuka's Kay hit 12 points while Bullard followed closely with 11. Kinard got 11, Robinson with 6 and Reynolds with 1 completed the total.

"SO UPSET BY 'CHANGE OF LIFE' I SCREAMED AT MY HUSBAND!"

writes Mrs. A. W., New York, N. Y.

"Now I don't suffer from 'hot flashes' and nervousness, feeling fine!"

Are you going through "change of life" ... suffering the "hot flashes," nervous tension, irritability, weakness and other types of functionally-caused distress of this difficult time?

What Doctors' Tests Showed

Then ... here's hope for you! In tests by doctors, Lydia Pinkham's Compound and Tablets gave relief from such distress ... in 63% and 80% (respectively) of the cases tested. Complete or striking relief!

Surely you know that Lydia Pinkham's is scientifically modern in action! You know what it has done for others! But do you know what it will do for you? Not if you haven't experienced the relief of tension, "flashes" and irritability it so often brings at such times!

Before another day has passed, try Lydia Pinkham's Vegetable Compound or new, improved Tablets with added iron ... and discover how much easier your "change of life" may be!

Younger women and girls—suffering from functional pains, monthly cramps and distress of menstruation—find Pinkham's wonderful too! It contains no pain-deadening drugs!

It acts through sympathetic nervous system to relieve distress of "heat waves"!

...if there were only
ONE telephone
in the world

If you had the only telephone in the world, you couldn't use it. There would be nobody else you could call.

The value of a telephone is in the great number of people you can reach with it. You can talk with almost anyone, anywhere—quickly, easily and at low cost.

Last week the number of telephones in this nation passed the 50,000,000 mark. That's more than there are in all the rest of the world. It figures out to about one telephone for every three people in this country.

Most of these telephones are served by local Bell Companies like Southern Bell. Nearly 9,000,000, however, are operated by 5300 other companies.

In no other nation is the telephone so available, so useful and so low in cost.

HOME AGENT NOTES

By
IMOGENE BYNUM

Pecans are on the plentiful list this year. Here in Mississippi our crop this year is about 13 million pounds, over twice as much as it was last year. And usually those foods in plentiful supply are less expensive.

Mr. and Mrs. Clyde Feltman of Chicago are visiting Mrs. Feltman's mother, Mrs. J. E. Rhodes. Mr. and Mrs. Sidney Rhodes and Larry of Booneville spent Sunday with Mr. and Mrs. W. W. Barnette.

Mrs. D. O. Jourdan, Jr. has returned after spending three weeks in Hot Springs, Arkansas. James Lee Deaton of Memphis spent the week end at home with his parents, Mr. and Mrs. W. N. Deaton.

Mr. Walter Goodman of Washington, former postmaster of Iuka, is visiting Mr. and Mrs. Robert Akers and other relatives and friends.

Mr. and Mrs. H. C. Gann, Mrs. Leon Phillips, Mrs. W. C. Hamilton, Mrs. John B. Stormont, Jr., and Dr. Mary J. Ward spent last Thursday in Memphis.

Mr. and Mrs. L. Q. Jourdan of Memphis returned home Sunday after visiting with Mr. and Mrs. Alvin Deaton, Mrs. Minnie Mc. Gowen of Iuka and Mrs. Pauline McDougal and Mrs. J. F. Nixon of Tishomingo.

Mrs. Berry Lee Martin has returned home after spending three weeks in Albertsville, Gunterville and other places in Alabama.

Mrs. David Chambers of Columbus spent last week with Mrs. Mattie Allen Martin and is spending this week in Corinth as guest of Mrs. Hal Anderson. Mrs. Chambers is a former citizen of Iuka.

Mr. and Mrs. Ken Hanson and children of Auburn, Georgia are spending the Thanksgiving holidays with her sister, Mrs. John B. Stormont, Jr., and family.

Mrs. Louise McClintock returned home over the week end after visiting relatives in Hardy, Arkansas and Memphis.

Mrs. Arthur Ray of Tusculum spent last week with her parents, Mr. and Mrs. W. S. Brown.

Mr. and Mrs. C. E. Edmondson, Jr. spent the week end in Memphis.

Mr. and Mrs. John A. Robinson and son John Timothy of Tucson, Arizona are spending a two weeks vacation with their parents, Mr. and Mrs. Elmer Robertson of Iuka and Mr. and Mrs. Alfred Robinson of Burnsville.

sive, making it easier on the homemaker's food budget to use them more often. And when it's a favorite like pecans, she can easily find dishes for breakfast, dinner and supper and between meals that pecans add a special taste to.

In fact here's a nut bread recipe that can be served as a dessert topped with ice cream or whipped cream with a cup of tea, or toasted for breakfast.

Titina's Flawless Nut Cake
½ pound shelled pecans (weigh the nuts; don't use cup measurements), 6 tablespoons all-purpose flour, 1 teaspoon cream of tartar, 10 eggs, 1¼ cups sugar, 1 teaspoon vanilla.

Start your oven at 375 degrees Fahrenheit. Cut a piece of waxed paper to fit the bottom of a 10-inch tube pan. Oil or grease the paper, but not the sides of the pan.

Grate nuts or grind them in food chopper. Sift flour and cream of tartar together on a sheet of waxed paper and mix in the grated nuts. Separate the eggs. Beat yolks with an egg beater, beating in the sugar gradually. This beating is important and requires from 10 to 15 minutes of beating. This yolk mixture at this point should be light in color, thick and very smooth. Stir in the vanilla.

Wash and dry egg beater thoroughly (make certain it is perfectly dry) and beat egg whites until they hold a precise point.

Sprinkle flour-nut mixture over egg yolks, pile beaten egg whites over this and gently mix or fold all the ingredients together, but only enough to blend in all patches of egg white. Pour batter into pan, leveling the top with a rubber spatula.

Bake 50 minutes or until cake tester comes out dry when tested in center of cake. Invert cake on wire rack until cool—about 1 to 2 hours. Then loosen sides carefully with a knife, remove from pan and peel off waxed paper.

Note: You may use peanuts, walnuts, black walnuts, Brazil nuts, almonds, or other nuts in place of pecans.

Other Uses of Pecans
You have favorite ways of using pecans. Among them, I am sure, is in salads—chicken, tuna or turkey salad, fruit salad and congealed salads. Have you tried them in pancakes or waffles or muffins?

And next time you bake apples, into the hole left when you remove the core, put a mixture of nuts and raisins, and then bake the apples as usual.

Most of you have used pecans in pecan pies, but how about in custard pies. Try this and turn your next egg custard pie into a tutti-frutti pie: Add chopped nuts, raisins and dates to the regular custard pie. Or blend in a glass of jelly (muscadine jelly is delicious) and a cup of chopped nuts.

And what is better at the end of a meal than a taste of shelled or toasted pecans. They make a simple dessert when served in the nut bowl, with each person cracking and picking out a few at the end of the meal.

Chewy Cookies
2 cups brown sugar, 1 cup nuts coarsely chopped, ¼ cup flour sifted, 2 eggs, ¼ teaspoon soda, 1 teaspoon vanilla, ¼ teaspoon salt, 2 tablespoons butter.

Sift together flour, soda and salt. Melt butter in saucepan. Add sugar and blend. Add eggs and beat well. Add remaining dry ingredients, nuts and vanilla. Bake in 8 by 13 inch pan for about 20 minutes at 350 degrees Fahrenheit. Cut and remove from pan while warm.

SUB-DISTRICT MEETINGS FOR DECEMBER

A full and important program has been planned for the sub-district meetings of the New Albany District Woman's Society of Christian Service to be held as follows: Corinth Sub-District, December 1, at the Rienzi Methodist Church; New Albany Sub-district, December 3, at Ingomar Methodist Church; Iuka Sub-district, December 9, at the Burnsville Methodist Church; the Booneville Sub-district, December 10, at the Guntown Methodist Church. Mrs. P. A. Hudson, Mrs. W. E. Sanders, Mrs. P. L. Oaks and Mrs. Romer Parker, president of the sub-districts respectively, will preside.

Highlighting the program for the meetings will be the timely skit, "Widening Fellowship," written by Mrs. Felix Sutphin, president of the North Mississippi Conference Woman's Society of the Methodist Church. Representatives of each local society are being asked to take part in the skit and to give highlights of their society since June at the roll call.

Under the direction of Mrs. J. C. Houston, district president, and Mrs. Hermon Jones, promotion secretary of the district, the use of the Coal Chart, Penny Fund, Study Courses, Election of Committee on nomination, Supply Work, Treasurer Chests and observance of special days will be lifted up, and administrative problems will be taken up during the Question Box period. Spiritual uplift may be gained through the meditations based on the parable of the sower and the prophet Jeremiah with his timely message, and the custom of each one bringing a paper sack lunch will be followed for the meetings.

Many are so busy standing up for their rights that they lose their privileges.

What the Oil and Gas Industry means to Mississippi

MORE JOBS — the production and pipeline segment of the industry alone employ more than 5000 Mississippians. The marketing segment employs an additional 15,000.

MORE MONEY IN CIRCULATION — to date, the oil and gas industry has spent over a billion dollars in Mississippi. Expenditures exclusive of drilling costs are currently adding nearly \$60 million to the state's economic bloodstream every year . . .

WAGES & SALARIES	\$18 million
LEASE RENTALS & ROYALTIES	\$21 million
STATE & LOCAL TAXES	\$12 million
PURCHASES OF GOODS AND SERVICES	\$ 7 million

These constructive expenditures have played a large part in the rapid expansion of Mississippi's economy over the past decade. They are continuing to bolster business activity throughout the state . . . and the stimulating effect of oil and gas industry expenditures will increase as the development of Mississippi's resources goes forward.

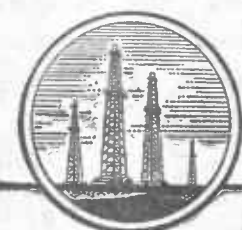

The oil and gas industry is one of Mississippi's most important industries . . . one of truly statewide significance. Exploratory work has been done in all 82 counties, drilling in 78 counties. Pipelines assessed for ad valorem tax purposes at \$85 million pay taxes to 74 Mississippi counties . . . these pipelines exceed all Mississippi railroad, all electric utility, and all telephone assessments.

The oil and gas industry is made up of individual businessmen — called "independents" — and companies. Together, the various operators in Mississippi have raised this state from "zero" to a national rank of tenth in crude oil production and seventh in natural gas production. They have made this outstanding contribution to Mississippi's growth solely through their enterprise and their willingness to assume very large financial risks in the hope of realizing a profit. They have recorded these accomplishments without the aid of subsidies or special dispensations from government . . . in fact, the oil and gas industry in Mississippi even pays directly for the operation of the state agency which regulates it. The work of the State Oil and Gas Board doesn't cost Mississippi taxpayers one cent.

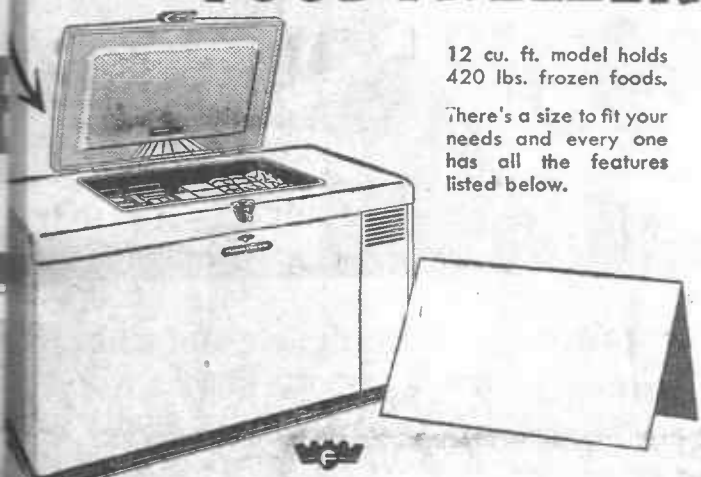

Through its tax payments, constructive expenditures and accomplishments in the orderly development of Mississippi's oil and gas resources, this one group—the men and companies of the oil and gas industry—are helping to expand the future of all Mississippians. They are good citizens and constructive workers. They have earned the support of every progress-minded Mississippian.

Letters To The Editor

Gratitude for Living in America

America, America, the land of the free and home of the brave. America the great and America the beautiful is a broad country surrounded by the mighty deep and has for its motto, Develop-

ment and Production.

America was discovered, but this has not made it what it really is. It was made by the great sacrifices of our forefathers who fought and died for us all. America is to be honored and we all should be thankful that we are Native Born Americans. Before America was discovered the people were barbarians but it has rapidly developed and become the greatest nation under the sun.

There rings out a challenge to our fellow countrymen for this is our own, our Native land, the land of America, enriched by the precious blood of our ancestors. Sined in defense of those rights and liberties to which we are bound by every tie, divine and human to transmit unimpaired to our posterity. Here repose the honored bones of our forefathers, here the eyes of we children, as we behold the light, and here when our earthly pilgrimage is ended we hope to sink to rest beneath the bosom of our common Mother.

May God grant that the wisdom and patriotism of our people shall not perish. We shall not rejoice in our exaltation, nor join in humiliation with our enemies for we are bound to our country by such sacred and endearing ties. Let others desert her if they wish, let them revile her if they must, let them give aid and council to our enemies if they may, but as for greatful Americans we stand or fall with America.

Now, our fellow countrymen, offering up the most fervent prayer to His in whose hands is our Holy Keeping, may we stand ready with our solemn form prescribed by our Constitution to dedicate ourselves and our posterity for further service for we have fought our battles fair, guided by the Omnipotent hand of God with the intent to win and the Victories were ours.

The president, Mrs. Edith Busby, presided over the program. Song, "America", was sung.

Devotion: 100th Psalm was read by Mrs. Virgie Whitehurst. Roll call was answered by, "What I am most Thankful for."

Minutes of the last meeting were read by the secretary.

Business: The club bazaar was discussed, making bandages for cancer and we made a donation to the TB drive. Miss Bynum read a letter from the state home agent, Miss Mae Creswell.

Study topic was given by Mrs. Rheba Vandiver.

Demonstration was discussed by Miss Bynum as we didn't have the clabber milk to demonstrate the cheese.

Recreation was held by Mrs. Rheba Vandiver and Miss Bynum got the gift.

Delicious refreshments were served.

HOLTS SPUR H. D. CLUB

The Holts Spur Home Demonstration club met Monday, Nov. 16th in the home of Mrs. Elmer Umfress. The meeting was opened with a song, "My Faith Looks Up To Thee". Mrs. Elton Davis read Psalms 100 for the devotion. Mrs. Iness Pollard led in prayer.

Roll call was answered by each one telling what she is most thankful for. Minutes were read by the secretary, Mrs. L. A. Umfress.

A short business session was conducted by the president, Mrs. E. A. Gray.

Mrs. Maxine Wade gave the study topic. The demonstration, "salad making and cottage cheese" was given by Mrs. Iness Pollard.

A recreation period was enjoyed by all.

Delicious refreshments were served to the following present by the hostess, Mesdames Ed Stricklin, Lamar Umfress, J. L. Pollard, Elton Davis, E. A. Gray, Maxine Wade, Arlin Rushing and Orion Wade. The latter two are new members.

The next meeting will be Friday, December 11th at 1:30 at the home of Mrs. Orion Wade for a Christmas program and exchange of gifts.

MRS. ERIN SHARP GUEST SPEAKER OF LUCY ROWE CLUB

Fourteen members gathered at the home of Mrs. Harmon Byrom last Thursday night for the November meeting of the Lucy Rowe Study Club.

Mrs. Eloise Smith, president, presided over a lengthy business meeting. Towels which were purchased from the Blind women of Mississippi were distributed to the club members. Mrs. W. T. Dexter gave a report of the County Home Project and the club will carry fruit to them for Thanksgiving.

In keeping with the theme of the General Federation of Club Women, Preserving our American Heritage, the club was most fortunate in having as guest speaker Mrs. Erin Sharp of Starkville who gave an interesting talk on Preserving our American Heritage by maintaining values of Spiritual life in our homes.

Mrs. Sharp began her address by saying, "If the people of the world have a feeling of security the homes must be made secure". She quoted Bishop Ralph Selman when he said, "The home is the throne and crown of Christian religion."

She stated that the home is the greatest training station the world has. Mrs. Sharp divided her talk in three parts based on

the facts that every home should be: A religious institution, An educational institution and a social institution. She commended the club for planning programs and activities to strengthen the homes of the members and the child life within its reach.

Mrs. Sharp listed helpful books and pamphlets available for further study by the club as a whole and also individual members.

In closing the program Mrs. Sharp gave the following quotation: "If every child you know is to become his best he should have a home where love fills every breast, where one their wish and one their prayer, where Jesus' name is sweet to every ear, where children early learn His faith and parents hold Him dear. Where prayer is heard, where parents love the sacred word and all the wisdom prize. We need not power or splendor, wide hall or lordly dome, the good, the true, the tender, these form the wealth of home. The American Home at its best is the greatest and most comprehensive institution produced by society".

After the hostess served a salad plate the club adjourned to meet December 17th in the home of Miss Marion McDonald for the Christmas meeting.

A RESOLUTION OF THE BOARD OF MAYOR AND ALDERMEN OF THE TOWN OF IUKA, MISSISSIPPI DECLARING THE NECESSITY OF PAVING OR HARD SURFACING CERTAIN STREETS IN SAID MUNICIPALITY.

The Board of Mayor and Aldermen of the Town of Iuka met in recessed session on this the 30th day of October, 1953, at the Mayor's office of said town at 7 o'clock p.m., with the following members present:

Mayor J. H. Allen, Aldermen E. D. Davis, N. C. Pruitt, W. F. Dugger, and N. L. Phillips.

And among other business the following was transacted. After discussion a petition, which was filed before the Board relative to paving certain streets in the Town of Iuka, E. D. Davis made the following motion:

"I move that the Board of Mayor and Aldermen of the Town of Iuka do hereby declare that it is necessary to hard-surface the following streets in the Town of Iuka, Mississippi and to levy a special assessment against each abutting land owner in a sum not to exceed \$2.00 per lineal foot on the following described property in said town:

Park Street, beginning at the intersection at Highway 72 and running north 300 feet; Fulton Street, beginning with the intersection of Meigs Street and continuing south along said Fulton Street for a distance of 500 feet;

Aberdeen Street, beginning with the intersection at Fulton Street and continuing with the meanderings of Aberdeen Street to its intersection with Eastport Street, a distance of 1100 feet.

All of the above mentioned and described streets being within

the corporate limits of the said Town of Iuka, Mississippi.

I further move that since petitions have been filed with the Board of Mayor and Aldermen of the Town of Iuka, signed by a majority of the abutting land owners of the above described property that this resolution be declared a necessity in the paving or black-topping the above named streets and that a copy of this resolution be published in the Vidette, a newspaper having general circulation in the Town of Iuka, Mississippi for once each week for three (3) successive publications and that the Board of Mayor and Aldermen shall meet on or after the 27th of November, 1953, at 7:30 o'clock, p.m., in the Mayor's office of said town for the purpose of hearing any objections to this resolution. If no objections are made to this resolution, the Board will issue negotiable notes not to exceed the sum of Three Thousand, Eight Hundred (\$3,800) Dollars with interest thereon not to exceed six per cent (6%) per annum for a period not to exceed ten (10) years and will levy a special assessment against all abutting land owners in a sum not to exceed Two Dollars (\$2.00) per lineal foot for the purpose of paying said notes."

And after full discussion, Alderman N. C. Pruitt seconded said motion and the following vote was taken:

Those voting in favor of said motion: E. D. Davis, N. C. Pruitt, W. F. Dugger, N. L. Phillips.

Those voting against said resolution: None.

A majority having voted in favor of said resolution the same is hereby adopted on this the 30th day of October, 1953.

Chance For All

Lesson for November 29, 1953

AN INTELLIGENT traveler in Spain writes to an American friend in 1953: "We have just returned from a six-day trip to Franco's paradise. Madrid is a modern city of beautiful parks, squares and circles with fountains playing, a modern university campus and splendid buildings. Alongside these modern structures one finds people living in caves dug back into clay banks; sometimes a wooden door has been fitted into the mouth of the cave and a pane of glass put in the door for light. The more elegant of these residences have the door white-washed. As soon as the fields begin at the city's edge one sees men reaping wheat and barley with hand reaps-hooks such as used in the days of Ruth and Boaz."

We were told that there is nothing worth while outside Madrid. Nothing but 20 million people living in ignorance and economic slavery!" One has to see such a country to appreciate how in America we enjoy what is a heritage and a teaching of true Christianity.

Dr. Foreman

Our Declaration of Independence says that all men are created equal; which is not a fact, we feel. It is our belief, however—and let it be remembered, a belief taught by the Bible—that every child born within our borders shall have a fair chance to develop every gift and capacity he has, to go as far as he can go and to do as much as he can do for his family and community. "Democracy" is a word of many good meanings; and the basic meaning is equality of opportunity.

Men Are Not Equal, But—

The crushing of the poor by the rich is one of the sins specially set down in the Bible as hated by God. (See the Scripture for the week.) The crushing of the weak by the strong is a problem always with us; but in our country we do at least try to keep the doors of opportunity open for every one. Our Declaration of Independence says that all men are created equal; which is not a fact, we feel. It is our belief, however—and let it be remembered, a belief taught by the Bible—that every child born within our borders shall have a fair chance to develop every gift and capacity he has, to go as far as he can go and to do as much as he can do for his family and community. For one thing, we try, at least in part, to see that no child shall be penalized in his education for being born where he was and not somewhere else. As a matter of fact, of course, not all schools are equally good. Some states have such poor schools, or such poor school laws, that children from there are handicapped in competition with children from states with better schools. But even where this is true, it is widely felt that this ought not to be. Educational leaders are not complacent about this state of things. Further, many states have equalized their school funds so that children born in remote sections will have just as well-equipped and well-staffed schools within reach, as children in the larger cities.

For one thing, we try, at least in part, to see that no child shall be penalized in his education for being born where he was and not somewhere else. As a matter of fact, of course, not all schools are equally good. Some states have such poor schools, or such poor school laws, that children from there are handicapped in competition with children from states with better schools. But even where this is true, it is widely felt that this ought not to be. Educational leaders are not complacent about this state of things. Further, many states have equalized their school funds so that children born in remote sections will have just as well-equipped and well-staffed schools within reach, as children in the larger cities.

County Agent News

By
W. C. HAMILTON
Representing Mississippi State
College Agricultural Extension
Service

At this Thanksgiving season,
we should all take a few minutes
to be thankful for all the bless-
ings received this past year. Al-
though adverse weather condi-
tions have hampered crops, the
county, as a whole, has made
average yields. This we should
all be thankful for and praise
Him for our blessings and good
fortunes.

For top winter egg profits
poultrymen should make every
day a culling day. Non-pro-
ducers should be culled from the
flock and sold while heavy.

All hens that have pale, dry or
shrunk combs should be ex-
amined to see if they are laying.
Hens that are extremely light
or that are carrying excessive fat
should be culled. Broody hens
should be put in a cull coop and
fed a grain and water ration for
three or four days. If they go

lege; Annette Reid of Belhaven
College.

broody again, they should be
taken to market.

High egg production will be
lost if hens have to use their food
and energy to feed worms, lice
and mites.

Round worms and cecal worms
can be controlled with phenoth-
iazine and nicotine. The treat-
ment should be repeated once a
month until the house and
grounds have been cleaned up
and the life cycle of the worms
broken.

Lice can be controlled by
spraying the fluff around the vent
of all birds with a one per cent
DDT spray. If all birds are spray-
ed, only one treatment will be
necessary.

Control mites by painting roost
poles and nests with equal parts
of kerosene and used motor oil.
Make sure that all cracks and
crevices are covered.

December is a good time to
spray pastures for control of
dock. After the dock germinates
and is up to a stand, spray with
one pound of amine 2,4-D dis-
solved in 20 gallons of water for
one acre. You can spray for dock
control in dormant permanent
pastures or in cereals such as
oats, wheat, ryegrass and fescue.

The material will not kill out
old established white clover. It
will kill red and crimson clover,
vetch and wild winter peas.

Dock should be sprayed in
December and again in late Jan-
uary or February to kill what
was not killed in the first spray-
ing.

Protect your pasture areas
from fire and rooting hogs. Fire
in the pasture now will not only
destroy a lot of frosted grazing
but it will also kill out a lot of
young clover.

Hogs rooting up the pastures
this winter will make mowing
extremely difficult next summer.

So-called poor stands of timber
can be made good and make
money for you while they are
becoming good stands. Here is
how to go about making this true
on your farm.

The first thing you have to do
is find out what you have. Go
out into the woods and get some-
one to go with you and help you
take stock. Plan to spend one
day per acre per year in your
woods and you can make better
than \$1.99 an hour removing cull
trees. At the same time you can
double the value of your woods
in 10 to 12 years.

Business Increase Of 9% For District

When data for September were
compared with those for August
1953, there was an increase of 9
per cent in general business ac-
tivity in the Corinth district.
However, activity for the month
fell 1.5 per cent below that for
September 1952, according to the
current issue of the Mississippi
Business Review, monthly publi-
cation of the Business Research
Station of the School of Business
and Industry at Mississippi State
College.

Corinth reported all indications
with increases for the comparison
with August 1953. The increases
follow: bank debits, 13 per cent;
Money order sales, 5 per cent;
Postal receipts, 18 per cent; and
telephones in service, 5 per cent.
The comparison with September
1952 gave two indicator increases:
postal receipts, 16 per cent; and
telephones in service 7 per cent;
and two losses, bank debits, 6
per cent; and money order sales,
5 per cent.

Data from the rest of the area
were rather incomplete. In
Booneville there were 11 per cent
more telephones in service than
a year earlier. Iuka reported
money order sales 14 in excess of
those for August 1953 and 4 per
cent above those for September

Some farmers are taking
chances of getting a disease
started among their pigs. They
are doing this by buying feeder
pigs, which should, if possible, be
avoided.

It is recommended that far-
mers raise their own feeder pigs.
This is cheaper and at the same
time offers assurance that the
feeder pigs are disease free.

However, if feeder pigs must
be bought, buy them from a
neighbor or other source that you
know handles only disease free
stock. In any case keep any pigs
brought to your farm separated
from all other animals for at least
three weeks after you bring them
to your farm.

1952. Postal receipts were off for
both comparisons in the same
city. However, telephones in
service were more numerous than
on either of the previous dates.
The increases were 1 per cent
over August 1953 and 1 per cent
over September 1952.

The Business Research Station's
index to business activity for the
city of Corinth moved down
during September 1953. It stood
at 118 per cent of the 1947-1949
seasonally adjusted average, six
points below the index position
at the end of the same month in
1952 and ten points below the
index position on August 31, 1953.

A RESOLUTION OF THE BOARD OF MAYOR AND ALDERMEN OF THE TOWN OF IUKA, MISSISSIPPI DECLARING THE NECESSITY OF PAVING OR HARD SURFACING CERTAIN STREETS IN SAID MUNICIPALITY.

The Board of Mayor and Aldermen of the Town of Iuka met in recessed session on this the 20th day of November, 1953, at the Mayor's office of said town at 7 o'clock p.m., with the following members present:

Mayor J. H. Allen, N. C. Pruitt, Joe W. Thompson and W. F. Dugger.

And among other business the following was transacted. After discussion a petition, which was filed before the Board relative to paving certain streets in the Town of Iuka, N. C. Pruitt made the following motion:

"I move that the Board of Mayor and Aldermen of the Town of Iuka do hereby declare that it is necessary to hard-surface the following streets in the Town of Iuka, Mississippi and to levy a

special assessment against each abutting land owner in a sum not to exceed \$2.00 per lineal foot on the following described property in said town.

Oak Street, beginning at the intersection with Eastport Street and running north for a distance of 1,000 feet to the intersection with Fifth Street.

Also the unpaved portion of Mill Street beginning at the intersection at the Presbyterian Church on Eastport Street and continuing north to the intersection with Fifth Street; a total distance of 750 feet of unpaved street.

All of the above mentioned and described streets being within the corporate limits of the said Town of Iuka, Mississippi.

I further move that since petitions have been filed with the Board of Mayor and Aldermen of the Town of Iuka, signed by a majority of the abutting land owners of the above described property that this resolution be declared a necessity in the paving or black-topping the above named streets and that a copy

of this resolution be published in the Vidette, a newspaper having general circulation in the Town of Iuka, Mississippi for once each week for three (3) successive publications and that the Board of Mayor and Aldermen shall meet on or after the 10th of December, 1953, at 7:30 o'clock p.m., in the Mayor's office of said town for the purpose of hearing any objections to this resolution. If no objections are made to this resolution, the Board will issue negotiable notes not to exceed the sum of Three Thousand, Five Hundred (\$3,500) Dollars with interest thereon not to exceed six per cent (6%) per annum for a period not to exceed ten (10) years and will levy a special assessment against all abutting land owners in a sum not to exceed Two Dollars (\$2.00) per lineal foot for the purpose of paying said notes."

And after full discussion, Alderman Joe W. Thompson seconded said motion and the following vote was taken:

Those voting in favor of said motion: N. C. Pruitt, W. F. Dugger.
