IUKA, TISHOMINGO COUNTY, MISSISSIPPI

THURSDAY, AUGUST 8, 1963

(Return Requested)

Number 5

ound Up Of State-Wide Election News

es are still being count-
many areas of the state
h it is now a certainty
Lieutenant Governor Paul
on and former Gov. J. P.
an will face each other
st 27 in a runoff primary
the Democratic nomination
governor. Charles Sullivan,
third major candidate in
ace, is trailing Johnson by
more than 40 thousand votes
Coleman by about 20 thou-

morning.
All boxes in Tishomingo
county were tallied by noon on
Wednesday and reports pre-
pared.
Attorney-General Joe T. Pat-
terson, who has spent most of
his career as an attorney fight-
ing civil rights suits, has been
assured of another term. The
56-year-old Patterson defeated
State Senator John C. McLaurin
186,638 to 133,880.
Former Lieutenant Governor
Carroll Gartin has a handsome
lead in the five-way race for
lieutenant governor but faces
an August 27 runoff against
State Treasurer Evelyn Gandy
—the first woman to seek the
state's number two post. Miss
Gandy edged out Troy B. Wat-
kins in the runoff spot.
State tax collector William
Winter rolled to a first primary
victory over two opponents in
the race for state treasurer and
Hamp King—director of the
State Department of Audit—de-
feated Dewey Mark Norton of

obile Unit Will sit County August 19-20-21

r. J. A. Milne, Acting Di-
r of the Tishomingo Coun-
ty Health Department, announ-
ces that the Mobile Unit X-Ray
will be in Tishomingo
county Monday, Tuesday and
Wednesday, August 19-20-21.
The unit will be at Belmont be-
tween 1 p.m. and 4 p.m.
Tuesday, August 20, the bus
be at Tishomingo between
hours of 8:30 a.m. and 11:30
a.m. and in Iuka after noon
on Wednesday, August 21, from
8 a.m. to 11:30 a.m. and in
Salem from 1:00 p.m. to
4 p.m.
All contacts, foodholders,
persons and persons over 15
years of age are urged to get
x-ray when the Bus is in
the vicinity.

Gregson Lawn Selected As Lawn Of Month

Mrs. B. L. Martin, chairman
of the Thursday Club garden
committee, announces that the
lawn of Mr. and Mrs. Zeb Greg-
son on Eastport Street has been
selected for the month of Aug-
ust.
Mrs. Martin stated that it
was most difficult for the com-
mittee to make a decision this
month due to the fact that a
number of lawns in the com-
munity have been receiving ex-
tra attention this summer.
Each summer, three lawns
are recognized during the mon-
ths of June, July, and August.
The Lawn of the Month contest
is sponsored by The Thursday
Club.

Revival Meeting At Shady Grove Begins Sunday, August 18

A revival meeting at the
Shady Grove Baptist Church
will begin Sunday, August 18,
at the 10 a.m. service. Rev. P.
M. Cochran will be the visiting
evangelist. Rev. Cochran has
held meetings before at the
Shady Grove Church and every-
one knows him to be a fine and
upstanding preacher. Randal
Phifer will be song director.
The meeting will continue
through Friday night, August
23. The public is invited to at-
tend each service that will be
held at 10:30 a.m. and 7:30
p.m. each day.
Gene Laxson, who is serving
with the U. S. Army in Texas,
is home on a 10-day leave.

J. P. Coleman

Paul B. Johnson

BONDS, SOUTH GET 'HOME FREE' IN 2nd, 5th SUPERVISOR RACES

Biggs, Stormont Forced Into Second
Primary; Tie Vote In J. P. Race

Second District Supervisor
Russell Bonds and Fifth District
Supervisor Steve South were
successful in avoiding a second
primary in Tuesday's election.
South encountered no difficul-
ties in his race with Floyd
Montgomery. However, Bonds
got 442 votes to the combined
total of all his opponents which
was 411. In that race, Cap Ar-
nold got 125, John D. Cummings
got 197, and F. Lee Robinson
got 89. Arnold and Robinson
have made the race in previous
years. Cummings is a newcom-
er to Second District politics.

Also in the Second District,
Sherman Lambert and Joe W.
Meyers got a tie vote in their
race for Justice of the Peace.
Leading the ticket is incumbent
John W. Bonds with 385 votes.
However, second place is in a
tie with Lambert and Meyers
each receiving 224 votes. The
County Democratic Executive
Committee will accept requests
from the candidates involved
for a recount. Disposition of
the tie has not been determi-

ed.
Herbert M. Biggs, incumbent
supervisor in the First District,
will face W. H. (Billy) Gardner,
Jr., in the August 27 runoff pri-
mary. Also, Luncford Storm-
ont, long-time supervisor of the
Fourth District, will, for the
first time in many elections,
enter a second primary with
J. R. (Robert) Buchanan as his
opponent. These two were high
in a field of eight contestants.
In the Third District, Wiginton
and Ryan will meet in a Second
Primary Supervisor's race. O. L.
Wade, long-time supervisor for the
Third District, did not seek re-elec-
tion.

Doan Davis and Albert
Rhodes are pitched together in
a First District Justice of the
Peace second primary. And an-
other Justice of the Peace race
is in the Third District where
Bill Davis and J. B. Under-
wood will be paired off. R. H.
(Bunch) Stringer got left out
of the race in Tuesday's ballot-
ing. There will be no race for
bailliff in any of the districts in
the August 27 election.

Miss Marlar Places Fourth In World Pageant

Miss Mary Kimble Marlar,
Miss Mississippi Posture Queen
of 1963, placed fourth in the
9th annual World Posture
Queen Pageant held recently in
St. Louis. Winning the world
title was a young lady from
Minnesota.

Miss Marlar received a \$500
scholarship to any recognized
Chiropractic college. She was
sponsored in the state contest
held at the Buena Vista Hotel
in Biloxi by Dr. Gaston Shook,
Iuka Chiropractor. Kimble won
out over a field of 18 contest-
ants.

Miss Marlar, daughter of Mr.
and Mrs. Audie Marlar of
Burnsville, is a graduate of
Burnsville High School. She
plans to enter Mississippi State
College For Women in Colum-
bus this fall.

Cemetery Cleaning

The cemetery at Hubbard
Salem will be cleaned Friday,
August 23rd. All persons in-
terested are asked to please
come and bring necessary tools.

GO TO CHURCH SUNDAY.

Johnson & Coleman In Second Primary Runoff

Bishop Won Tues.; Clark Loses To Scruggs And Deaton; Sims Back In

SUMNERS, CRANE MEET IN SENATE RACE

Tuesday's First Primary elec-
tion in the county and county
districts was not too kind to
more than three contestants
were entered will go down in
history for the close count given.
Only county-wide office
seeker who was lucky enough
to go in over several opponents
was James Hector Bishop who
came out with 2948 votes to his
opponents' combined total of
2053. James Hector will be
Tishomingo County's new sher-
iff beginning in January, 1964.
He leaves the tax assessor's of-
fice to move into the sheriff's
job.

In the governor's race in the
county, Coleman came in high
man with 1778 while Johnson
trailed very closely—11 votes,

to be exact—with 1767. Sullivan
is third man in the county like
he is over the state, his county
total being 1337. "Blow Torch"
Mason got 28 votes in Tishom-
ingo county.
One race in which close bal-
loting was nip and tuck all the
way through the counting pro-
cess was that of County Repre-
sentative. Incumbent Click
Clark who was seeking re-elec-
tion lost out to Cleton Scruggs
who led that group with 1750
votes to L. E. Deaton's 1616
votes. Scruggs and Deaton will
meet in the runoff August 27.
Clark's vote was 1509. Lead in
this race changed several times
during the counting with each
contestant being on top at various
periods.

Also of special interest in
county balloting was the race
for tax assessor. This office
drew some new talent to the
political field with Alvia Blak-
ney leading the ticket with 1322
votes, closely followed by Wal-
ter Wynn, Jr., with 1919—only
13 less. Mrs. Mary Sparks got
1063. Blakney and Wynn will
meet in the runoff.

And another race that fea-
tured close balloting—and femi-
nine politicians—was that for
Circuit Clerk. Incumbent L. E.
(Gene) Robinson led the ticket
with 2174 votes; but he didn't
relieve himself of his woman
trouble. He will be opposed by
Mrs. Aray Ivy in the August 27
runoff. Mrs. Ivy polled 1454
votes. Other contestant for
Circuit Clerk was Mrs. Jewel
Reynolds who gave Mrs. Ivy a
run for her money. Mrs. Rey-
nolds got 1317 votes and several
times during the counting
traded places with Mrs. Ivy
for second spot. The difference
between the two ladies' votes
was only 137.

County races definitely set-
tled in Tuesday's balloting was
that for Chancery Clerk in
which incumbent Robert D.
Sims was successful in gaining
re-election over his only oppo-
nent Alver Belue. Their votes
were: Sims 2708; Belue 2197.
Only other county race deter-
mined Tuesday was County Su-
perintendent of Education. Ju-
lian R. Long easily won with
2244 votes over his opponent,
Morrel L. Hatcher's 1170.

The Lieutenant Governor's
race drew a great deal of in-
terest in the county as well as
in the state. Carroll Gartin, a
former Lt.-Gov. who served two
terms and is seeking election to
a third term, easily carried
Tishomingo county over a field
of four opponents. Gartin got
1914 votes in the county to his
nearest opponent, Troy B. Wat-
kins, who got only 1018.

In the first senatorial race
for the new 24th Senatorial
district, Tishomingo county po-
liticians proved their vote-get-
ting ability by going head-on in-
to a second primary for that
job. The new district is com-
posed of Tishomingo and Itaw-
amba counties and the 1963
elections are the first to be
held since the state was re-dis-
tributed as per population ear-
lier this year. Cecil Summers,
a former Tishomingo county
Chancery Clerk, led the ticket
in the two counties, his vote
total being 5268. He is fol-
lowed by Clovis Crane, a popular
Tishomingo county school teacher,
with 3104 votes. Other
contender in the race was R.
C. McCarver of Itawamba county
Mr. McCarver got 2754 votes.

By county votes cast in this
race were, for Summers, Tishom-
ingo county 2684, Itawamba
county 2582—5266 total; for
Crane, Tishomingo county,
1631, Itawamba county 1473—
3104 total; for McCarver, Tishom-
ingo county 466, Itawamba
county 2288—2754 total.

A complete tabulation of this
election giving the county and
county district votes by pre-
cinct is shown on this page. An
interesting fact concerning the
election in the county is that
James Hector Bishop polled
the greatest number of votes,
his total being 2948; next high
is Robert D. Sims with 2708.

Will Meet Tonight

The Methodist Men's Club of
the North and South Iuka Cir-
cuits will meet tonight (Thurs-
day night) at 7 o'clock at Snow-
down Church. Bro. Jodie Mor-
ris, pastor of the Iuka Metho-
dist Church, will be the guest
speaker. Plates will be served
by the ladies of the church.

County Agent's Notes

by P. B. Stricklen
ASU
Extension Service

Cotton Breeding Program
Dr. Charlie Lewis, Head of Cotton Breeding and Genetic Research, with the United States Department of Agriculture in Washington, D. C., visited in Tishomingo County last Friday. Dr. Lewis was reviewing the work on Hybrid cotton breeding that is being conducted by the Mississippi Experiment Station, Stoneville Branch in Tishomingo County. Dr. Lewis was very complimentary of the work being done in the county and felt that the research cotton breeding plots in the county would mean much to the cotton industry in the future.

Joe Grisham of the Hubbard Salem Community has six cotton research plots and Ben Osborn of the same community has four cotton research plots. Tishomingo County was selected to do the research on cotton breeding because of the high bumble bee population. The Bumble Bee is the only insect that is capable of doing natural cross pollination of cotton plants in the field.

Beef Cattle Field Day
Don't forget to attend the Beef Cattle Field Day, tomorrow (Friday, August 9), at the Oliver Edmondson Farm beginning at 9:30 a.m.

Specialist from Mississippi State University will be on hand to help with the program. A licensed Veterinarian will discuss parasites and diseases. A free lunch will be served.

at the noon hour. Everyone is invited to attend, especially Cattlemen and those interested in Cattle.

The Beef Cattle Field Day is being sponsored by the Tishomingo County Coordinating Council and the Tishomingo County Cattlemen's Association.

Dairy Notes

Ever wonder why dairy production is generally lower in summer?

Basically there are three reasons for this. These are: 1. The cows do not get enough to eat to maintain production. 2. The manager neglects the elements of cow comfort. 3. A larger percentage of the cows are late in lactation since they are bred to calve in the fall for base milk.

Help avoid the slump. Here are a few ways to do it. Double check your feeding program. Let your cows graze the most succulent feed at night. They will graze longer and eat more. If you are short on pasture, it may be necessary to feed some hay or silage or both.

Don't forget that cows need shade. A puffing cow is more interested in trying to make herself comfortable than she is in producing milk. Cull to increase production. Anytime during periods of feed shortage or high feed prices, it will pay you to cull out low producers.

Safety Pointers
The label on a pesticide container is for your protection and for the protection of your loved ones.

Make sure that anytime you use a pesticide or any other agricultural chemical, that you read and follow the directions on the label.

IUKA ROUTE 2

their grandparents, Mr. and Mrs. Finch Davis.

Little Judy Davis spent the week end with her grandparents, Mr. and Mrs. Lowery Dean and Glenda.

Mrs. Georgia Akers visited her children in Sheffield last week for several days.

BIRTHS

Mr. and Mrs. Ray Taylor of Allsboro, Alabama, announce the birth of a daughter, Melinda Gail, born July 7 at Tishomingo County Hospital. The little lady weighed 6 lbs. 3 ozs. Paternal grandparents are Mr. and Mrs. Oliver Taylor of Allsboro, Ala. Maternal grandparents are Mr. and Mrs. Dee Orner of Iuka. This is the Taylor's first child.

Mr. and Mrs. Charles Curtis proudly announce the arrival of a son born July 26 at Tishomingo County Hospital. The baby weighed 8 lbs. 2 ozs. and has been named Charles Keith. Ma-

ternal grandparents are Mr. and Mrs. Earl Bonds and paternal grandparents are Mr. and Mrs. Roy Curtis.

MIDWAY

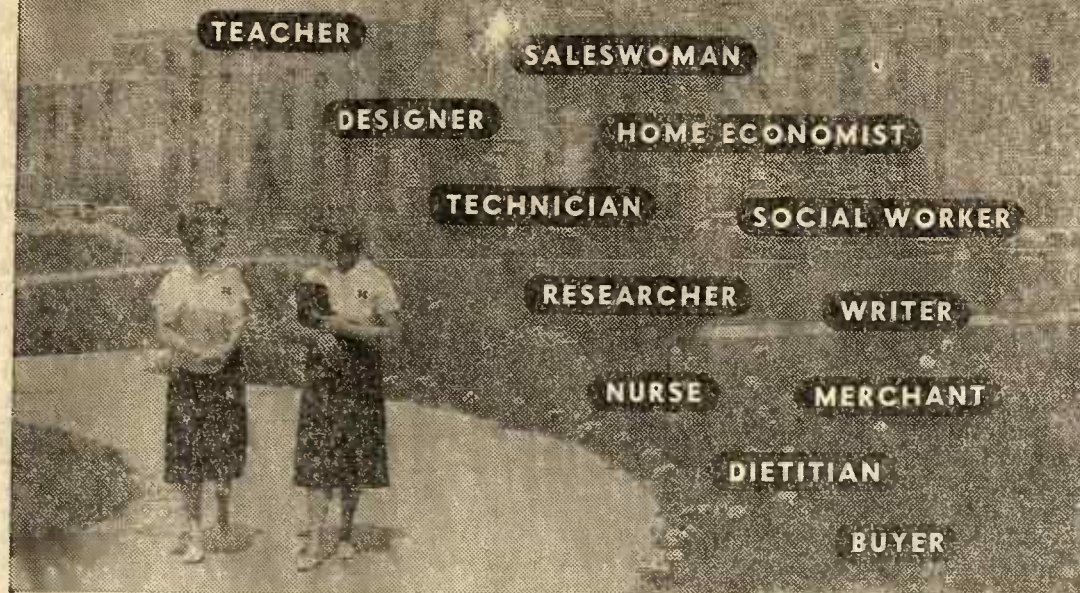

Mr. and Mrs. Vester Daniel of Sash, Florida, were visitors of Mrs. Lillie Oaks and family last week.

Mrs. S. E. Poindexter and two children of Dallas, Texas, came over the week end to visit her mother, Mrs. Hollis Hester.

Albert Enlow entered the Tishomingo County Hospital last week. He is suffering from a fall received while working. Mr. and Mrs. Myrl Hester and two daughters came this week end for a visit with her mother, Mrs. Etta Yow, and his father, Hollis Hester.

Miss Linda Lou Hester of Memphis visited her father and family over the week end. Mrs. Irene Wimbish visited Mr. and Mrs. Bob Bonds, Sun-

30 MILLION WOMEN . . . Education Determines Jobs Ahead!

Within the next decade about 30 million women are expected to be holding down jobs, says the U. S. Department of Labor. Women now make up about one-third of the total labor force of 75 million. Modern invention and technological advances will add new jobs to the wide span already being filled by women. Many positions are and will be in the home economics field. Employers indicate that more professionally educated women are needed, and those trained in specific skills as well.

Educators Urge Early Career Choice

Today educators urge students to complete high school, and make an early choice of career so that later training and education can be planned accordingly. One group of young women who have a head start, reports the National 4-H Service Committee, are 4-H members.

1.3 Million Girls

At some time during club membership, nearly every one of the 1.3 million girls now enrolled in 4-H receives some training in her dual role of future homemaker and career woman.

Sewing, meal planning, nutrition, home management, interior decoration, fashion and consumer education are among

the projects in which 4-H Club members participate.

They start in 4-H as young as 9 years of age, and many remain for as long as 10 years. Volunteer adult and junior 4-H leaders supervised by the Cooperative Extension Service head the local clubs.

Helping to encourage these future home economists, scientists, writers, mothers, teachers and business women are two corporations that annually contribute funds, educational literature and technical assistance to the national 4-H clothing and the foods-nutrition programs.

Scholarships Help

They are Coats & Clark Inc., which this year will help 12 girls with their college education by way of \$500 national clothing scholarships.

General Foods Corporation

will give six \$500 scholarships to top-ranking club members in the 4-H foods-nutrition program.

Chicago Delegates

Both firms will bring to Chicago as delegates to the week-long National 4-H Club Congress state award winners from all 50 states and Puerto Rico—102 in all. Here they will be honored by their hosts at elegant parties and banquets.

During the week-long congress these talented teens will hear prominent educators and noted speakers. Along with 1300 fellow 4-H'ers they will participate in several challenging and inspiring events. For most, it will be the first trip to a big city.

Coats & Clark and General Foods are but two of hundreds of private enterprises helping the youth of this country achieve future goals.

L. G. Griffin Completes Basic Naval Training

Leonard G. Griffin, son of Mr. and Mrs. Leonard E. Griffin of Belmont, has completed basic training at the Naval Training Center, San Diego, Calif., graduating at the weekly Recruit Brigade Review in which some 3,000 men participated.

WOW Camps Enjoy Fish Fry At Burnsville

The W. O. W. Camps of Iuka and Burnsville held their annual family night fish fry at Burnsville on Saturday night, August 3rd. Approximately four to five hundred men, women and children attended the event. A bountiful feast was spread, consisting of fish, slaw, pickles, potato chips, sliced tomatoes, cakes, bread, coffee and lemonade.

Following a brief talk by State Manager Charley C. Bailey of Tupelo, entertainment consisting of guitar playing and singing was furnished by Lamar Rutherford, Julian Long and David Reynolds.

The fish fry this year climaxed a campaign in which L. A. Strickland won an expense-paid trip to Miami, Florida, for himself and Mrs. Strickland.

With Swift Strike Forces In Carolinas

Captain Ronald G. Castleberry of Bokchito, Okla., is one of the Air Force's Tactical Air Command (TAC) members now providing combat air support for ground forces in exercise Swift Strike III being held in the Carolinas through August 16.

Captain Castleberry, son of

Army SP4 Osborn Receives Safe Driver Award

Army Specialist Four Raphael L. Osborn, 25, son of Mr. and Mrs. William M. Osborn, Route 4, Iuka, received a safe driver award in mid-July while assigned to the 68th Engineer Company in Germany.

Osborn, a parts supply specialist in the company, entered the Army in February 1960 and arrived overseas in January 1961. Specialist Osborn attended Iuka High School and was employed by Ed White Shoe Company, Paragould, Ark., before entering the Army. His wife, Doris, is with him in Germany.

PERSONALS

Iuka FHA Members Attend Day Workshop

The members of the Iuka Chapter of Future Homemakers of America attended the Sub-District Workshop held Thursday and Friday, August 1-2 at the Iuka State Park. The workshop was accompanied by chapter adviser, Mrs. Myriam Gaines.

Ninety people in all were present representing FHA Chapters which make up Block 1, Sub-District A, including Itawamba, Tishomingo, Prentiss, Lee, Alcorn and a portion of Monroe counties.

Members from Iuka making the trip were Mimi Gaines, Joann Phifer, Pat Summers, Carole Glover, Jane Glover, Sue Holly, Sybil Reynolds, Annette Lomenick, and Fredda Rorie.

Mimi Gaines, State Song Leader, and Golda Vandiver of Baldwyn, Sub-District program

chairman, presided throughout the meeting. Songs and relaxers were led by Margaret Stephens of Tishomingo, Sub-District Song Leader.

The program at the first session was "Know Your FHA," which explained FHA at the national, state, and district levels.

The Iuka Chapter gave the devotion at the second session of the workshop. This was under the direction of Mimi Gaines and Sybil Reynolds. Sybil also sang a number of special songs, accompanied at the piano by Annette Lomenick. Degrees of achievement were then discussed, followed by an interesting report on the National Meeting given by the delegates and their advisers, Mrs. Gaines and Mrs. Annie Maud Brown.

During the morning sessions, officers' workshops were held to acquaint the girls with duties and problems of their offices. A panel discussion was led on the state and national FHA publications. Pat Summers of Iuka did a twirling routine which was enjoyed by all. Recreation was led by the Baldwyn Chapter.

During the closing session, Mrs. Brown explained how the national program of work could be carried out in the local chapter. She also related some of her experiences as adviser to Gloria Dixon, last year's National Historian.

Genesco Produces Its 500 Millionth Pair Of Footwear

Genesco, international producer and distributor of apparel and footwear, today manufactured its 500 millionth pair of shoes—and presented them in a brief ceremony to Tennessee Governor Frank Clement.

Ben H. Willingham, President of Genesco, presented the shoes, a specially made pair of black Johnston & Murphy alligator

KNOW YOUR INSECT ENEMY—CHINCH BUGS

Homeowners and groundskeepers in many parts of the nation are being plagued with infestations of lawn chinch bugs that play havoc with normal, healthy growth of grass. Chinch bugs can do severe damage to lawns, golf courses, parks and other such grassy areas.

Lawn chinch bugs' trade marks are dead circles in lawns with unhealthy, yellowing grass all around the edges of the brown patches. Young chinch bugs suck sap from healthy grass and cut off the water supply to the leaves. The grass turns brown, dies and the chinch bugs work outward from the center of the brown patches to greener pastures.

Chinch bug damage has often been attributed to fungus brown patch, Japanese beetle damage, prolonged hot sunshine or insufficient water. However, homeowners and groundskeepers should not be misled, but should check their grass carefully for chinch bugs and then apply control measures.

A simple and effective method of detecting these turf destroyers is to cut both ends out of a tin can and sink the can halfway into the ground along the edges of brown patches or other suspected infestation areas. Fill the can with water and wait five minutes. Young chinch bugs, if they are there, will soon float to the top of the water. Positive identification can then be made.

The adults are black with white on their wings. The young or nymphs, which look like the adults except they lack wings, generally start out reddish with white markings and darken as they mature. Another way to identify them is by the offensive odor given off when crushed.

Scientists and turf experts working on chinch bug control report that a new insecticide, called Sevin, has provided excellent control. Sevin insecticide is a carbamate, chemically different

and safer than many other pesticides. It is being widely used for control of major crop pests on farms across the country.

Lawn care experts have found that Sevin is effective, odorless and safer to the applicator—he needs no protective clothing, only normal safety precautions. Before applying the spray it is wise to water the lawn thoroughly so the spray mixture will penetrate better.

Turf specialists recommend, in addition to spraying, that lawns be kept in good condition by regular mowing, watering when necessary, and proper fertilization. Also, lawns do better when border areas are kept free of weeds and tall grasses. As many as 5,000 adult chinch bugs have been found overwintering in one square foot of such areas.

years ago, but by 1945 had grown so rapidly that the first millionth pair was produced.

"Now, in August of 1963," Mr. Willingham said, "our company, Genesco, has so much more rapidly accelerated its rate of growth that we have now produced our 500 millionth pair." He wanted Governor Clement to have them as governor of Genesco's "home headquarters state" and "to help Genesco celebrate this milestone in its progress."

Participating in the brief ceremony, held in the new Johnston & Murphy plant at Genesco Park, Nashville, also were Chairman Maxey Jarman and Noble C. Caudill, a Genesco director who is now concluding a term of volunteer service as Tennessee's Commissioner of Welfare under Governor Clement.

DeVaughn conducting. Burial was in Morris Hill Cemetery with Cutshall Funeral Home in charge of arrangements.

Mr. Belue, age 82, died Sunday, August 4, at Tishomingo County Hospital. He was a retired farmer and a Baptist.

Survivors include 3 daughters, Mrs. Lucille Thomason of Iuka, Miss Bernell Belue of Memphis, and Mrs. Lorene White of Chicago; five sons, Jeff Belue, Clifford Belue, C. D. Belue, and Fred Belue, all of Iuka, and Clayton Belue of Cherokee; 13 grandchildren; and 7 great grandchildren.

Robinson Throws Three Hitter To Stop Corinth 1-0

The Iuka Juniors scored their fifth straight victory in the last five games here last Monday by a score of 1-0. This victory put the team in first place in the Northeast Division. They are expected to meet Hatley's team sometime this week in the finals.

In Monday's game, Jim Robinson of Iuka gave up 3 hits while striking out nine. Whitfield of Corinth in defeat struck out four and allowed two hits. Robinson's single in the first inning drove in the only run.

Called Meeting Of Thursday Club

Mrs. W. E. Ludlam, president of The Thursday Club, urges all members to attend a called meeting at her lakeside home at Eastport Thursday afternoon, beginning at 2 o'clock. Plans for the forthcoming year's work will be planned during this business session.

Guests In Home Of Mrs. L. C. Wilson

Judge and Mrs. C. A. (Claude) Barnett of Ruston, La., returned home Tuesday morning of this week after visiting over the week end with his sister, Mrs. L. C. Wilson, and neices, Mrs. Conway Gandy and Mrs. J. B. Hornbeak.

Mrs. Wilson is living in the old Barnett family home and much of she and Judge Barnett's time was spent reminiscing. They all attended worship services at the Iuka Methodist Church on Sunday and then drove down to Amory, Miss., for a visit with Mr. and Mrs. Jim Barnett and family.

Joining the group in Iuka Monday afternoon was another daughter of Mrs. Wilson, Mrs. Walter H. Tietjen, along with Mr. Tietjen and son, Walter, Jr. from New Rochelle, New York. They will remain for a week's visit.

PERSONALS

Mr. and Mrs. George Ragland and sons, George and Lee spent the week end in Nashville with Mrs. Ragland's parents, Mr. and Mrs. Ragland.

Robert A. Belue

Funeral services for Robert Andrew Belue were held Tuesday afternoon at 1 o'clock at Sardis Baptist Church with Bro. Clint Wiginton and Bro. D. M.

MY SINCERE THANKS!

Words are inadequate to express my deep appreciation for the wonderful support you gave me in the First Primary in my race for the Office of First District Justice of the Peace.

It is with deep humility and a grateful heart that I say a sincere "Thank You" for each vote and I shall appreciate your further consideration.

C. D. (Doan) DAVIS

PNEUMONIA in the GOOD OLD DAYS

The "good old days" weren't so good when you had pneumonia. Doctors were helpless to arrest the infection, and many patients died. A case of lobar pneumonia required at least five weeks in the hospital, a long convalescence, and a bill for \$300 to \$1000.

Today, pneumonia can usually be cured by antibiotics or sulfa. Altogether you'll invest perhaps \$15 to \$30 in drugs. You'll have probably a couple weeks of illness, usually spent at home—and a quick return to work.

The value of today's drugs—in lives saved, time saved, and dollars saved is truly remarkable. For drugs Americans spend only one-cent of every disposable dollar. This is no larger share than in 1939. No wonder we say: "Today's prescription is the biggest bargain in history."

A great many people entrust us with their Prescriptions. May we compound yours?

Banking

HAS COME A LONG WAY SINCE 1863

In 1863, pen-and-ink records—today, automation.

In 1863, Abraham Lincoln signed into law a bill which has proved indeed meaningful to the Nation... the National Currency Act. It established a national currency; and Federally-chartered banks, to take their place beside the existing state-chartered banks.

If Lincoln had been able to look ahead 100 years and see the far-reaching results, this is what he would have seen:

The U.S. public receiving more than \$450 billion per year in personal income; its communities with over 100,000 schools; its citizens owning more than 70 million automobiles. This flourishing state of affairs owes much to the standardization of the currency.

And he would have seen one commercial bank office for every 7,000 persons; 90% of all payments made with bank checks; individual commercial bank savings of about \$70 billion; commercial banks having some \$130 billion in loans outstanding. A vastly different type of bank building and equipment. Instead of pen-and-ink records—automation. New concepts... new and expanded banking services that keep pace with the needs of a forward-looking nation—all these developed because the dual banking system of 1863 sparked a growing era of competition in the banking field.

The evolution of this picture through years of work and study emphasizes commercial banking's unrelenting drive to better its best... to provide the fullest measure of complete banking service.

PLANT EMPLOYEES RECEIVE RECOGNITION—This group of Colbert Steam Plant employees from Tishomingo County were among those witnessing the presentation of the National Safety Council's Award of Merit in a special ceremony held at the plant recently. The award was presented by TVA's G. O. Wessener and was received on behalf of the employees by John Morgan, plant safety engineer. The plant earned the award for operation of

2,016,819 man hours without a disabling injury, from May 28, 1959, to April 30, 1963. Employees pictured above, are, left to right, Jack Marlar, Elmer Robertson, Ted Barnette, M. W. Kent, David Robinson, Grady Johnson, J. R. Dobbins, Bill Ezell, Frank Lynch, Russell Medley, Edward Hubbard, Charles Smith and Guy Holly.

Altirentish Camporee At State Park An Outstanding Girl Scout Activity

Twenty-three Girl Scouts from Iuka were among the seventy-one who attended the District-Wide Camporee held at Tishomingo State Park last week end. This was the first camporee held for Mississippi girls of the Tennessee Valley Girl Scout Council.

Miss Barbara Hill of Corinth in judging campsites. Ed Thomas, Post 26 Advisor, assisted the Explorers in directing the competitive games.

At the closing ceremony, each Girl Scout Patrol was recognized for its proficient performance.

In games of camping skills, Patrol 3, Troop 73 of Iuka, under the leadership of Mrs. James Rogers and Mrs. Charles Daugherty, placed second in the competition. The troop compiled a score of 413 points out of a possible 500. Third place was taken by Troop 25, Patrol 1 with 405 points. First place went to Patrol 1, Troop 53 of Corinth. The eight girls won 422 points out of 500.

Registration was held on Friday afternoon, beginning at two o'clock. Retreat was sounded at 5:30 and then came campfire cooking, eating and cleanup. At 7:30, Stunt Night began. Each troop presented a five-minute stunt to a very enthusiastic audience of approximately 130 Scouts, leaders and parents. The surprise of the evening came at 8:30 when Iuka's Jazz Band, the "Playboys" of Explorer Post 26, presented thirty minutes of rocking teenage rhythm. Campfire group singing began at 9 p.m., under the direction of Libba Ferguson of Ripley. Libba, one of Ripley's most talented young people, is a music major of Blue Mountain College.

In conclusion, Explorer Post 26 presented a thirty minute pageant, "The Treaty Elm" around the campfire. Fourteen boys of the Post told the story of the signing of the peace treaty between William Penn and the Lenni-Lenape Indians that resulted in 70 years of peaceful existence between the Indians and the Quakers.

On Saturday, Explorer Post 26 served as a nucleus of the staff and led the competitive games. The girls were taught knot tying, Morse Code, tree identification, and fire building. Richard Milam, Boy Scout Executive of Yocona Area Council, aided Mrs. Elmus Curtis, Mrs. Lucille Vickers, and

Shook Included In Who's Who South, Southwest

Among those included in the 1963-64 edition of Who's Who in the South and Southwest was H. L. Shook, Superintendent of Iuka Schools. The biographical compilation is made and published by A. N. Marquis, a company who also publishes Who's Who in America.

Biographies in each edition are selected from a geographical area about the same as the old Confederacy plus the State of Oklahoma and the District of Columbia. The region is composed of about 14 states.

County Beef Cattle Field Day

To Be Held On
O. Edmondson Farm
On Mill Creek Rd.

County Agent Percie B. Strickland announced today a county wide Beef Cattle Field Day to be held Friday, August 9 on the Oliver Edmondson Farm located on Mills Creek Road, east of Iuka. The days activities will begin at 9:30 a.m., rain or shine.

Following a few brief remarks by Mr. Strickland, Mr. Edmondson will discuss his Beef Cattle Program. Dr. R. W. Kay, Veterinarian of Corinth, will talk on Disease and Parasite Control. A representative of the Animal Husbandry Department, Mississippi State University, will be present with vital information concerning the Cattle Improvement Program. Phases such as the kinds of bulls to use; the selecting of replacement females; and the culling of cow herds will be given. Another representative of Mississippi State University will discuss General Beef Herd Management. This will include such topics as Seasonal Calving, Calf Crop Percentage, Winter Feeding, Marketing, and Handling Facilities. Concluding the morning session will be a beef cattle judging contest.

A free lunch will be served at the noon hour. In the afternoon, pasture tours will be conducted on the Bill Brinkley, Lester Skinner, and B. L. Mercer farms.

ductured on the Bill Brinkley, Lester Skinner, and B. L. Mercer farms.

"We feel that a program has been planned that will give some good practical information that farmers from all over the county can carry back home and use," said Mr. Strickland.

"Everyone is invited to attend this Field Day whether you own beef cattle or not," the County Agent said, "however, we are especially interested in all Cattlemen being present."

Revival Begins At New Salem Church

A revival meeting will begin Sunday, August 11, at the New Salem Baptist Church and will continue through Friday night, August 16. Services will be held each day at 10:45 a.m. and 7:30 p.m. Guest preacher for the series of services will be Bro. A. M. Nix of Fayette, Ala. Bro. R. E. Pate of Cherokee, pastor, along with the church congregation, extends the general public a special invitation to attend the revival services and hear this great man of God. Bro. Nix comes to New Salem highly recommended as a wonderful preacher and a man with a burning compassion in his heart for lost souls.

Rev. Hamilton

Funeral services for Rev. W. C. Hamilton, well-known Baptist minister of this area, will be held this afternoon (Thursday) at 2 o'clock at the Tishomingo Baptist Church. Officiating ministers will be Rev. A. M. Nix of Fayette, Ala., Rev. Raymond Pate of Cherokee, Ala., Rev. W. T. Dexter of Algoma, Miss., and Rev. J. A. Blunt of Tishomingo. Interment will be in the Tishomingo Cemetery under the direction of Deaton Funeral Home of Belmont.

Rev. Hamilton, who resided in Tishomingo, died Tuesday afternoon August 6, at the Baptist Hospital in Memphis following several weeks illness. He was 76 years of age, and was a Mason and Scottish Rite member.

He is survived by his wife, Mrs. Sallie Hamilton; four daughters, Mrs. Lillian George of Belmont, Mrs. Ruby Gurley

WHAT
ARE YOU
WORTH TO
YOUR FAMILY?

How can you evaluate the worth of those you love? One method is to provide for their security and protection through a carefully planned program of life insurance — through your Farm Bureau Insurance Company.

P. L. (Jess) OAKS
Ph. 423-6151 Iuka,

Agricultural limestone has proven over the years to be the real cornerstone in high crop, more forage per acre and greater pasture production. The Illinois Central Railroad through Agricultural Department has pioneered the use of limestone by soil testing service and of right-of-way for such stock piling of ag. lime as shown here on the Illinois Central. The neighbor service to agriculture has been an Illinois Central tradition of over 100 years.

mont. Haskel and Laskel Hamilton, both of Tishomingo, and Billy Hamilton of Cherokee; three sisters, Mrs. Jenny Sue Sutor of Memphis, Mrs. Lizzie Dalton of Corinth, and Kate McCally of Iuka; 25 grandchildren; 15 great grandchildren. Deacons of his church will serve as pallbearers.

All-Day Service At East Corinth Church Of Christ

The first worship service in the new auditorium of the East Corinth Church of Christ, located on Cruise and Ripley streets, will be held Sunday morning, August 11, at 9:00 o'clock. Bible Study will begin at 10:45 a.m. Lunch will be spread at the

City Park on South Parkway. The congregation will reassemble at the church at 2 p.m. for a session of singing. The Sunday evening worship service will begin at 6 p.m. All persons of this area are invited to attend the all-day service, at which time the newly built auditorium will be open.

PERSONALS

Toni Gaines and Richard Clark, attending law school at Ole Miss, and Miss Faye Carmichael, Youth Director at New Albany, were home Tuesday to cast their vote in the Aug. 6 Primary Election.

Martha Smith of Apple Valley, California, is spending the month of August with friends and relatives in Iuka.

Mrs. J. E. McNeely, Bunni and Don spent this week end in

Chattanooga, Tennessee. Mr. McNeely, who is by TVA at Widow's Creek near Stevenson, Tennessee, there they visited Lookout Mountain, and Sewanee University. Mrs. Harold McNeely, daughter of Memphis, visited the week end with the Hannons and Mr. and Mrs. McNeil.

John Allen of Jackson arrived Tuesday after a few days visit with Mr. J. H. Allen and relatives.

Mrs. O. C. Miller of Iuka, Md., is here visiting with her sister, Mrs. W. C. Miller, of Iuka.

Mr. and Mrs. Ed Frank and Eddie will be week end in Cherokee, Carolina. They plan to produce of These Hills.

HOME AGENT NOTES

By Mrs. Dianne F. Crubaugh
Tishomingo County Home Demonstration Agent

The summer days are flying by, and it will be school days again soon.

If you have a first grader who is looking forward to beginning school this fall, be sure he is all ready to go. From a health standpoint he needs a dental certificate, medical examination and record, physical defects corrected, immunizations completed for smallpox, diphtheria, whooping cough and tetanus, and a series of three polio injections.

He must also have a birth certificate.

Plus all these he needs to know how to manage his own clothing, how to choose the right foods, and to wash hands after toilet and before eating. He needs also to know and observe safety rules at home, on streets and roadways, on the bus if he rides a school bus or in a car. Be sure he knows how to give his parent's name, address and telephone number.

Cleaner Wash
Do you sometimes feel that your washer isn't turning out your clothes as clean and bright as you would like?

It might be because you are overloading it. Clothes should be loosely loaded so they can move freely throughout the water. Most manufacturers recommend an eight or nine pound load (dry weight), with some recommending as much as twelve pounds.

It is better to use a smaller load than to put too many clothes in the washer and get poor results.

A combination of large and small items helps the clothes to move through the water and gives better washing action. For example, two sheets and odd items give a more suitable load than all sheets or large items.

Be Careful With Household Cleaners

The USDA Safety officer urges homemakers to be extra careful in using household bleaches and cleaners. Never combine the two. Store them safely in separate places. Keep them away from food and medical supplies. Never leave where children might play with them or have access to them.

The reason for these cautions is that the National Safety Council has reported one death and one near death case involving housewives using a well-known cleaner in home toilet bowls. They were out satisfied with the results and each added household bleach and stirred the mixture. The acid content of the cleaners liberated chlorine when the bleaching compound was added. One person died in a few minutes the other was in the hospital for a long time.

Household bleaches, which you can buy under a variety of trade names, are solutions of sodium hypochlorite. Acid substances—even vinegar—added to such bleaches will create and release poisonous chlorine gas.

Mr. and Mrs. Kenneth Laxon of Monroe, La., spent the week end at their home here.

Covenant People
Lesson for August 11, 1963

Bible Material: Genesis 15-20. Devotional Reading: Psalm 111.

ONE of the most important words in the Bible is "Covenant." It may not be a common word today, but it stands for something we all cherish. When a president or other official elected by the people takes the oath of office, that is a covenant. When a young couple repeat their marriage vows, that is a covenant. A covenant is a special kind of promise, it is a two-way thing. Sometimes a man will say "I promised myself so and so..." but that is not usual. Now the point of the Covenant—it is always the Covenant—in the Bible is that religion is a two-way street. It is a relationship, it is a promise of God to man and of man to God.

"Pivotal promise"

Many things can be said about the idea of Covenant in the Bible and in the life of the Christian. (Christians often call themselves the Covenant People or the New Israel.) Let us pick out three. First, the Covenant stands for the fact that you are not supposed to slide or glide into relationship with God. You choose God. He chooses you. Religion is not contemplation, though there is room in it for contemplation. Religion is a commitment, a promise you are not to throw lightly to one side. Religion-by-accident is not Bible religion. Religion-on-purpose is more like it. Religion is personal or not genuine. It is personal or a fake. Your parents can't sign for you, they can't respond to God for you, they can't come to God, or choose Him, in your place. Religion is voluntary.

Religion is for always

The word Covenant also suggests that religion of the right kind is continuous, you can't put it on as you might put on a raincoat, now and then when a storm comes up. There are people who do just that, they never enter God's house nor read God's Word, but they holler for help when they are in trouble. God for them is just a raincoat to keep life's rains from their sensitive skins. For other people, religion is something for Sunday, or something to take when you go visit your grandmother, something old-fashioned, kept like an old rocking chair but too weak to bear any one's weight. On the contrary, the Covenant-idea of religion suggests that our relation to God is not only personal and undertaken by an act of our free will, but it is continuous. It may be out of your consciousness but it is always a fact. You may not always be thinking that you are a married person; but fortunately you are married whether you are aware of it every waking minute or not. A Christian is just as much in a "Covenant relation" to God when he is at work on the farm or in the bank or the hospital as he is in church. Furthermore, the Covenant approach to religion suggests that our relation to God is active not passive. In the Old Testament and the New, Covenant always carries with the obligation to Obedience. It leads to doing as well as to being.

Religion, singular and plural

We have been talking about Covenant as if it were all a matter between the soul and God, a private, individual matter. Well it is; but it would belie the Bible picture of Covenant if we stopped here. There are comparatively few cases where God is said to have a covenant with some individual as with Abraham. The standard picture is God on one side and the "Covenant People" on the other. Our relation to God is never what it ought to be if it is strictly individual and no more. The Lord's Prayer sets the keynote for the New Testament. It uses the first person plural: Our Father... Give us this day... forgive us as we forgive... There is a Community of the Covenant,—which is another way of saying there is a community of the committed: namely the church. That is, the Covenant which each person has with God, and the Covenant which the community has with Him, are two aspects of the same thing. The church—your church—any true church however small or large—is not just a conglomeration of all sorts and conditions of men, though it is that; but the important fact about the church is what the members have in common; they belong to one another, and they belong to God.

Rev. Samuel A. Tomlinson. Holy Communion 8 a.m. Evening Prayer 7 p.m. Sunday in each month.

PROGRESS REPORT

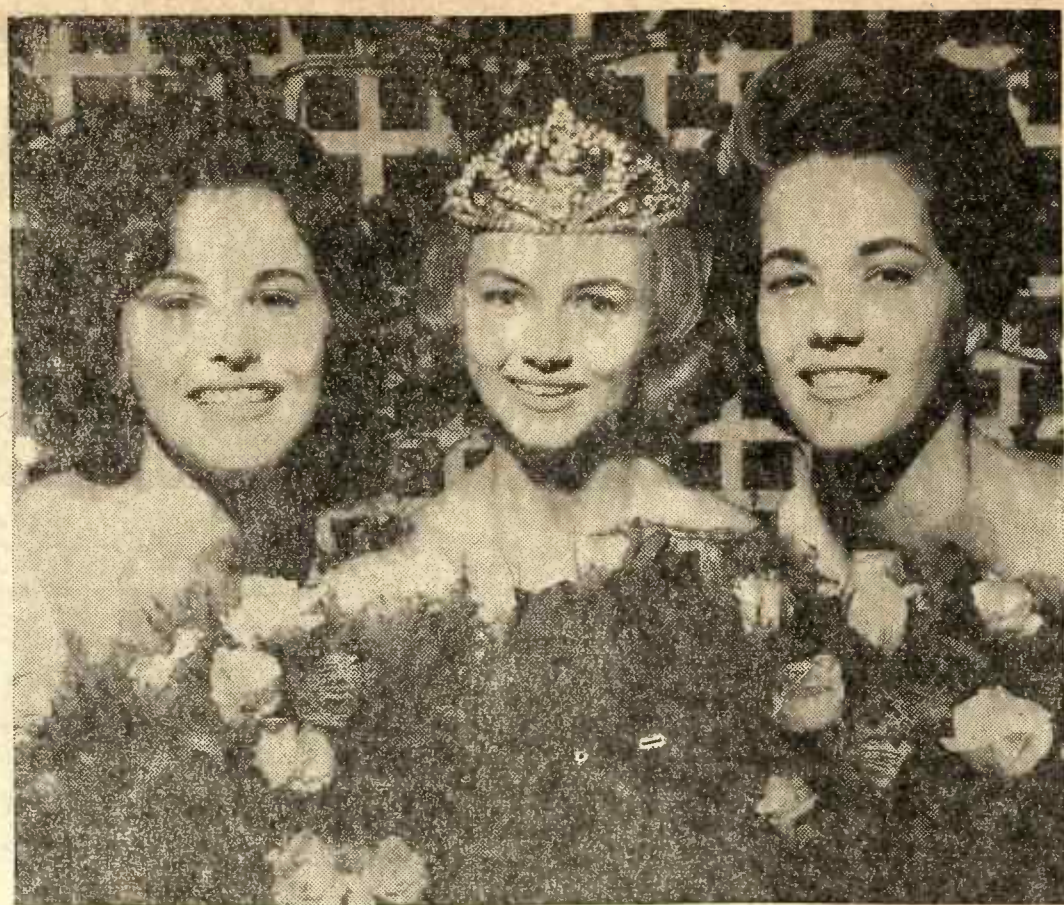

Summary of Current Events Contributing to the Economic Development of Mississippi
MISSISSIPPI AGRICULTURAL & INDUSTRIAL BOARD

Acquires Land for Industrial Park
The Iuka Chamber of Commerce has announced the acquisition of a 22.5-acre tract of land to be used as an industrial park. The land was purchased from the Koppers Company, Inc., of Pittsburgh, Pa. The tract is next to a 23-acre tract recently purchased by the Chamber of Commerce. The last of what had been an extensive land holding in Tishomingo county owned by the Koppers Company.

Get Plant Unit
The American Stud Corporation, of New York, N. Y., will locate a one-dollar operation at the Franklin county, Miss., plant. The plant will use pine pulpwood in the manufacture of studs used in the side walls and partitions of wood-frame buildings. The plant will have a capacity, in each eight-foot lift, of 70,000 board feet. The plant will employ four men at the start and eventually increase to 50, by which time the company will be producing about 80,000 cords of studs annually. Between 325 and 350 men will be employed to harvest the required materials.

Vicksburg Plant To Make Mowers
Southern Wood Brothers Co. is constructing a plant at Vicksburg for the production and assembly of rotary cutters and shredders for pastures, highways and airfields and similar equipment, such as hay mowers, bale busters and rotary lawn mowers. The Southern Wood Brothers Company is a wholly-owned subsidiary of Wood Brothers Manufacturing Company, of Oregon, Ill., which has been in business for 17 years. Keith S. Wood, president, said the new plant will be located in the Chamber of Commerce Industrial Park south of Vicksburg on Highway 61 and will include 22,000 square feet. He said it is scheduled to be in operation by November 1. The main factory building will be 150 by 140 feet, with offices and a three-truck covered unloading dock projecting from the front of the building. The building will be fully insulated and air-cooled, with air-conditioned offices.

Columbus Chemical Company Announces Expansion Plans
Hooker Chemical will expand its facilities at its Columbus plant because of an anticipated increase in the demand for ammonium perchlorate—a chemical used as an oxidizer in solid fuel missiles. Harry Oswald,

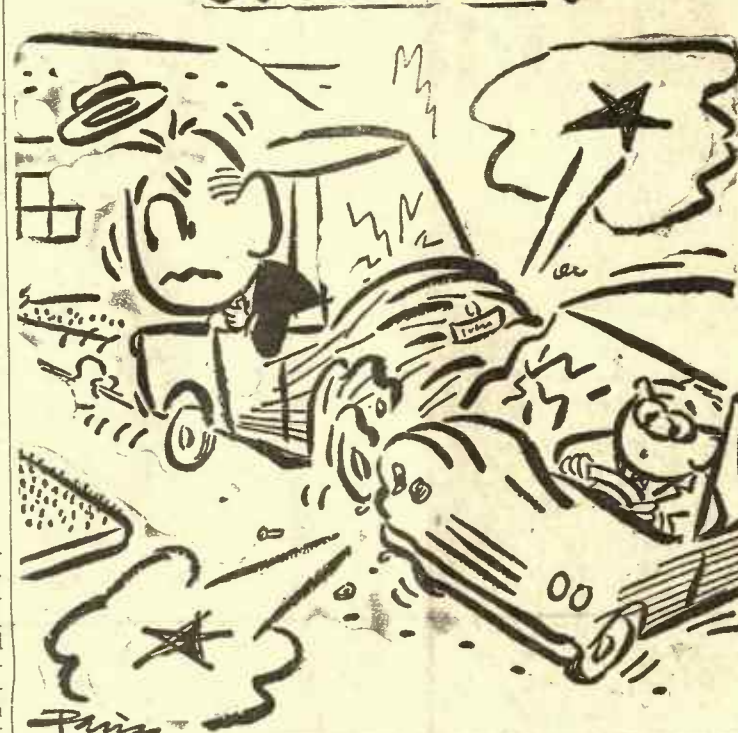

MISS HOSPITALITY AND COURT . . . Miss Diane Cox of Clarksdale (center) was crowned the state's Miss Hospitality for 1963-64 by Governor Ross Barnett in impressive ceremonies held recently on the Gulf Coast. Pictured with Miss Hospitality are Miss Betsy Harper Henrich of Lexington (left) who was chosen First Alternate and Miss Sally McDonnell of Hazlehurst (right) who was selected Second Alternate.

plant manager, said construction is expected to start soon. He said some additional employment can be expected but the "number has not been determined as yet." Oswald said the project will be a "several million dollar expansion." The plant began operations in Columbus in 1954 and employs about 120 persons.

R-D Seating To Hire First Workers Soon
The first group of workers to staff the new R-D Seating Company plant at Tupelo will be hired within the month, according to company owner L. S. Romito. "We will use workers with almost every trade skill," he said, "but all hiring will be done through the Mississippi Employment Service." The company will produce professional and office furniture from locally-fabricated components. Included in the operation will be woodworking, electroplating, sheet metal, machine and tubing shops.

Zinsco Plant Nearing Completion
Jackson Chamber of Commerce officials recently inspected the new plant being constructed for Zinsco Electrical Products at Hawkins Field and reported that the plant is nearing completion. The 100,000-sq.-ft. building will be served by a rail spur and will have a truck loading dock. Officials of Zinsco plan to start production in September. The plant will make electrical switchboards, switchgear, circuit breakers and transformers. Initial employment will be approximately 150, and plans call for 500 to be employed within a few years.

HEADS UP WHEN YOU BACK UP!

PROCEED CAUTIOUSLY... LOOK LEFT AND RIGHT AND BEHIND... MAKE SURE YOUR WAY IS CLEAR!

worth of industrial bonds since January of 1960. This includes \$53,409,000 in "Balance Agriculture With Industry" bonds and \$7,330,000 in Revenue Bonds. The revenue bond program began in 1960. The \$53,409,000 in BAWI bonds represents 45 per cent of the total value of all such bonds since the A & I Board was established in 1944. The 121 bond issues approved by the present executive committee represent 27.7 per cent of the total 437 BAWI bond issues approved since 1944.

\$10 MILLION PLANT FOR NATCHEZ
Diamond National Corporation of New York will locate a \$10 million plant at Natchez which will employ 200 to 250, according to a recent announcement by Governor Ross R. Barnett. Richard J. Walters, president of Diamond National, said the plant will be built in two phases—the first calling for an investment of about \$7 million, the second, representing an additional \$3 million, will follow about 18 months after the plant is started. The company makes matches, moulded pulp packaging, printing and lumber products. The Natchez plant will produce moulded pulp products such as containers for meat produce and egg packaging. It will start operations in the late fall of 1964, according to the announcement.

eight months. R. L. Buchberger, vice-president, announced that a 3,500-sq.-ft. addition would be added to the 15,000-sq.-ft. plant. Some 130 people are presently employed by the company, and plans include increasing this to 200.

PASCAGOULA PORT RANKS 7TH IN GRAIN
Pascagoula is now seventh-ranking port for grain export in the United States, according to William L. Rogers, manager of the Jackson County grain elevator. The port, which has risen to the number seven position after only two years of operation, now surpasses all ports of the nation except New Orleans, Destrehan, and Port Allen, La.; Houston, Texas; Portland, Ore.; and Norfolk, Va. According to government statistics for the past six-month period, the terminal at Pascagoula exported 33,183,000 bushels.

KRUEGER METAL PRODUCTS WILL LOCATE AT TUPELO
The Krueger Metal Products Co., of Green Bay, Wisconsin, has signed a contract to construct a plant in Tupelo for the manufacture of metal folding chairs, according to an announcement by the Tupelo Community Development Foundation. The plant will be located on a 20-acre site and will initially employ 40 to 50, with plans eventually to hire some 200. The 55,000-square-foot building will cost an estimated \$450,000. Total plant investment is approximately \$900,000. A BAWI bond issue election will be held on August 27 to help finance the plant.

MANUFACTURING FIRM SITED FOR VICKSBURG
A \$22,000-square-foot building to house a 50-employee industry will be constructed immediately at the Chamber of Commerce Industrial Park south of Vicksburg. The Vicksburg and Warren County Industrial Foundation, a non-profit organization affiliated with the Chamber of Commerce, owns and operates the park and has announced that a contract for approximately \$110,000 has been awarded for construction of the building. A mid-western manufacturing company will lease the building, according to the announcement.

SNOWDOWN

Mr. and Mrs. Lloyd Daniel of Cleveland, Ohio, visited Mr. and Mrs. John Daniel and other relatives last week.

Mrs. William Berryman joined her husband last week in Detroit, where he is employed.

Tommy South of Memphis and Robbie Moore of Sheffield spent last week with their grandparents, Mr. and Mrs. Robert Moore and Ella Jean.

James Mars of Jackson, Miss., spent the week end here with J. H. Mars and Mrs. Ruth Mars Lomenick.

Mrs. Lucille Sanders and Miss Mattie Faye Adkins spent last Thursday evening with Mr. and Mrs. James J. Parker.

Junior Adkins of Chicago spent the week end here with Henry Adkins and boys. His daughter, Mattie Faye, who has spent the past month here with Mrs. Lucille Sanders, returned home with him.

Mr. and Mrs. Macon Waters and children of Decatur, Tenn., spent the week end with Mr. and Mrs. Bob Waters and attended church here Sunday.

The children, grandchildren

and great grandchildren of Mr. and Mrs. Charlie Daniels gathered at Snowdown and had dinner in the grove. They then gathered inside the church and enjoyed an evening of fellowship and singing.

Mr. and Mrs. J. C. Maxwell of Cleveland, Ohio, is visiting Mr. and Mrs. R. F. Martin and other relatives.

The people of Snowdown enjoyed Mr. Bill Pyle's service on Prayer Sunday night in the absence of the pastor, Bro. James Perry.

CAPITAL NEWS

Needless Forest Destruction
Mississippi is one of the nation's leading timber growing states. Timber production is increasing every year. But our timber potential is being seriously retarded by too many needless forest fires.

The U. S. Forest Service reports that 1962 was the worst forest fire year in the past decade. Mississippi stood in third place among the southern states last year in the number of forest fires. This needless waste should be stopped.

The Forest Service reports that 96 per cent of the fires in the southern region were man-caused, and that about one-half of these were of incendiary origin. The next biggest cause of forest fires were debris burning and smokers who didn't douse their cigarettes.

It takes a long time to grow trees to sawtimber size. A fire in a few minutes can destroy the work of years, and it can be prevented if people are careful and thoughtful with fire.

Natural Industrial Growth
Mississippi is still classed as largely a rural and agricultural state. But the situation is changing for the reason that agriculture and forestry are basic natural resources on which many industries can be soundly and permanently based.

Mississippi annually turns out a big volume of raw farm products such as cotton, rice, soybeans, milk, livestock and other products which have to be processed before they reach the consumer. At the same time, industrialists find that it pays to move factories and processing plants as close to the source of raw materials as possible if needed labor and other essential elements are available.

The greatest need appears to be training of farm workers in the arts and skills needed in plants established to process and market our farm products. The amazing progress being made in timber utilization also holds a lot of promise for greater industrial employment in Mississippi. More factories and plants for timber processing appear to be a "natural" for Mississippi.

Just Plain Common Sense
Safety on the water is a matter of common sense and a little foresight which may mean someone's life. Life preservers are as much a natural portion of the gear aboard as an addle or extra can of fuel. Not only are the life preservers a legal requirement by law, but they are just plain common sense.

Small children should keep vests or jackets on at all times. Two drowning tragedies have already occurred on the Reservoir here and as more people begin using this vast water recreation area, there will be even greater need for caution.

The "man overboard" emergency requires fast action. You should know exactly what to do whenever you are faced with this emergency. The first thing to do is to throw out a marker, then circle around for the pick up. Throw a line to the victim, if he's too far away to reach. Help him grasp the edge of the boat, then balance the boat until he can climb aboard over the bow or stern. Develop techniques to prevent capsizing. Also, avoid starting the motor when the rudder is in a turned position.

CHRYSLER TURBO JET AUTOMATIC CAR WASH

(Coin Operated)

We offer the "Key to Success" in the fabulous car washing business to qualified parties desiring a **PROVEN AND PROFITABLE** business of their own by owning and managing a "CHAIN-STORE-TYPE OPERATION" with the world's "FIRST" complete automatic car wash.

CHRYSLER TURBO JET CO., INC., has developed a three-in-one combination machine that actually soaps, rinses and dries the automobile while the car stands still. It is the only ceiling suspension type automatic car washer of its type in the world. We install the machine in such places as super markets, parking lots, shopping centers, discount stores, large apartment buildings, super gas station and motels. These are only a few of the machine's possibilities. Previous experience is unnecessary. We install the equipment and provide good locations in high volume potential areas. May be handled in addition to present occupation.

If you are sincerely interested in a **MONEY MAKING BUSINESS** and can make a modest investment of \$1995 **WRITE OUR COMPANY** and give a brief resume of yourself. We will arrange for a personal interview in the very near future.

TO THE PEOPLE OF THE FOURTH DISTRICT:

I want to express to the people of my District my deep and heart-felt gratitude for the wonderful vote that you gave me in the first primary of this election. I am now faced with a run-off in the second primary and I again need that same vote together with the help of many good friends and neighbors of mine who felt an obligation to support my opponents and good friends and neighbors who ran against me in the first primary.

In case the duties of my office should prevent my seeing some of you, my neighbors, I earnestly urge you to join me in hard work toward my election on August 27th.

Respectfully yours,
W. L. Storment

BILL GAMBLE, Manager

An electric food freezer keeps food lusciously fresh, handy for use any time of the year. Delicious feasts are ready for daily meals, special celebrations, holidays.

The low-cost angle is a pleasure, too. You save on shopping trips. You store away seasonal bargains in foods — and enjoy them all the more when prices rise.

Keep choice foods fresh for good eating any time. See your dealer for your food freezer today.

Electricity Powers Progress

Tishomingo County Electric Power Ass'n.

By Ann Holtsford

Hi Gang!
Since my leave from Iuka, I've lost out on all the news! Seems as though things have really been popping around ole Iuka!! Right now, let's get on with the chatter.

Sore cheerleaders returned home Friday after a week of cheerleading at Ole Miss. . . . We learned some really great cheers that will help us a lot this year. . . . While we were there, we met Booneville, Corinth, and Belmont's cheerleaders. . . . Those from IHS were Captain Jane Gist, Co-Captain Betty McCrary, Dee Shook, Lynn Vickers, Linda Evans, Charlotte O'Bryant, Jane Dobbs, Edna Earl Daugherty, Susan Edmondson and Anne-o.

Received a card from Tommy Drake who has been vacationing in Florida, Mississippi, and Louisiana. . . . Seems as though Judy Gann is spending her week-ends at the lake. . . . Lynn Vickers will venture to Meridian this week end. . . . James Frederick from Florida has moved to Iuka. He is a cousin of Sammy Parsons. . . . By the way, Sammy was "Sweet Sixteen?" Wednesday.

Friday afternoon after returning from Ole Miss, my ancient sister and I ventured to Waterloo for the week end. . . . We stayed with my cousins, the Holts from Florence at their cabin at Waterloo. We really had a great time even though everyone did get blistered!

Monday, July 29, Mimi Gaines celebrated her birthday with a party at Nat and Chunky Chambers. . . . The gang enjoyed a feast of hamburgers, hot dogs, cookies, potato chips, and cold drinks. . . . After 'indulging' the gang went to the show. . . . Those helping to celebrate her birthday were Nellie Murrah, Connie Curtis, Marcia McRee, Jean Anne Kimberly, Joanne Phifer, Pat Summers, Suzanne Pruitt, Donnie Brown, Eddie

Thomas, Hayden Ables, Douglas Nixon, Moose Mansell, Roger Byrd, Charlie Counce, and Terry Lambert.

What's this I hear about a party at Harold Lomenick's house. Seems as though Eddie Carson, Donnie Brown, George Deaton, and Hayden Ables spent the night at Harold's one night last week. . . . What did they do? Why! Listened to records! Of course!!!! Oh yes, and who are Agnes and Gertrude??

The Holcut 4-H Community Club held its regular meeting July 25 in the Holcut lunchroom. The meeting was opened with the devotion given by Larry South. Singing was led by Freida McNutt and Peggy Frederick, reporter. A demonstration on foods was presented by Linda Richardson and Peggy Frederick. Recreation and refreshments concluded the meeting.

Sorry to hear about Jan Biggs' accident. . . . But, I'm glad that she's not hurt as bad as I heard!! Get well soon, Jan, and stay away from those horses!

Seems as though lots of people didn't get much sleep during election night. . . . During the night, I think the gang made the rounds. . . . First, the park, then McCunes, then Cutshall's Furniture Store, then to Dee Dee Shooks, then some went back to the park, and others went home. . . . Wednesday, everyone looked like they had a hangover!

This Sunday, a group from The Church of Christ will leave for Camp Cacy in Eden, Alabama.

That's all for this week, gang. Just think, in about four weeks we'll be back at Ole IHS! Till Then! Anne-o

Gospel Revival Begins Sunday At Harris Chapel

Rev. Charles Flurry, an outstanding young man of the Baptist Church will begin a series of revival meetings Sunday morning, August 11, at the Harris Chapel Baptist Church in Cherokee, Ala. Services dur-

ing the meeting will be held daily at 10:30 in the morning and 7:30 in the evening. The revival will continue through Saturday night, August 17.

Rev. Flurry is widely known, being a preacher of the Word of God and a forceful speaker. He is a native of Corinth and has a number of relatives living in this area. Rev. Flurry was graduated from Howard College in Birmingham, Ala., and received further education at Walburn University, Topeka, Kansas, and at the Institute of Scientific Studies for the Prevention of Alcoholism, Loma Linda, California.

Rev. Flurry has served as Director of Alcohol Education or "Youth Director" in the State of Louisiana since 1954. He is a brilliant speaker, having an excellent command of language and a mastery of the scientific facts about alcoholism, narcotics, and the problems they present to society. Rev. Flurry is a teacher, a character builder, and comes to the Harris Chapel Church highly recommended as having a vast knowledge of the Bible.

Bro. Marvin, Grubbs, pastor of Harris Chapel, joins the church congregation in inviting the general public to attend this series of meetings, August 11-17, to enjoy the blessings of this revival.

PERSONALS

Mr. and Mrs. Bill Carr have returned home after spending two weeks in Creole, Miss., with the Eugene Footes.

Mr. and Mrs. Mackie Vandiver and son, Odie Mack, Mr. and Mrs. Odie Hudson, and Mr. and Mrs. William Dexter and children, all of Detroit, Mich., are here for a two weeks visit with friends and relatives.

Mr. and Mrs. Ben Cooper of Camden, Tenn., have been recent visitors of the Jimmy Ramsey family and Mr. and Mrs. Pat Cooper and son.

Mrs. Gerald Vaughn and son, Jeffrey, visited over the week end with Gerald Vaughn in Guntersville, Ala.

Sonny Gravette spent last week in West Point visiting with Tommy Dean and attended several baseball games with him.

Pam, Bill and Randy Pennington of Memphis spent last week with their grandparents, Mr. and Mrs. J. R. Smith, hTeir paents, Norma Faye and Bill, with their new little Penni

Lynne joined them for the week end.

Those enjoying a picnic dinner at the P. L. Oaks home Sunday were Mrs. J. F. Oaks, Mrs. Plume O. Williams, Lt. James F. Oaks, Misses Mary and Lorena Oaks, Mr. and Mrs. L. E. Skinner, Mrs. O. C. Oaks, Clair Oaks and Mr. and Mrs. Hugh Kinard and children of Columbus, Miss, Mr. and Mrs. Lester Potts, Jr. of Aliceville, Ala., Mr. and Mrs. Fletcher Oaks of Tusculmbia, Ala., and Mrs. James Conner and children of Sheffield, Ala.

DON'T YOU READ BEFORE YOU BUY?

Where but in print can you get so close to the advertising messages that interest you? Where else can a woman clip the coupons and recipes that intrigue her? Or tear out tips to try on leftovers? Or mark,

for future marketing, any of the colorful food ideas which strike her fancy? And where else can she circle and compare the colors and styles of clothing and furnishings that appeal to her?

Where else, in fact, can any message be re-run at will by an interested audience? So make sure a good part of your advertising message gets into print. Let somebody's eyes linger over it as long as

they like. Let somebody's scissors clip it free of competition. And then watch some one's pocket or purse carry it to the place of purchase. Print makes sense because print makes sales!
