Man Killed In Bushhog Accident

Wm. L. Parson Of
Sardis Community
Buried Monday

William Looney Parson, a
resident of the Sardis commu-
nity, was fatally injured Satur-
day morning in an unusual ac-
cident involving a bushhog. Mr.
Parson was working on a farm
adjoining his. He was driving a
tractor which was pulling the
bushhog. Exactly how the ac-
cident happened is not known.
However, those first to arrive
at the scene believe the tractor
hit a stump, throwing Mr. Par-
son off the tractor onto or near-
by the bushhog. His body was
badly mutilated.

By Cutshall Ambulance, he
was carried to the County hos-
pital and was immediately trans-
ferred to a Memphis hospital.
He died on the way.

ginton and Bro. Edgar Monroe

Ridge of Red Bay, Ala., and

Hunting, Fishing License Should Be Bought Now

Most Mississippi hunters and
fishermen renewed their licen-
ses during the early days of Ju-
ly, but figures so far indicate
that a good number of outdoors-
men have neglected to do so.

Game and Fish Commission
director Jim Carraway has ur-
ged all outdoor enthusiasts to
obtain their hunting and fishing
licenses as soon as possible.

Carraway stated that prompt
license renewal would insure
the sportsman against any pos-
sible shortage in licenses this
year, and would at the same
time make for much easier ac-
counting chores at this agency.

Unity Revival Begins

Revival services begin Sun-
day, August 15, at the Unity
Baptist Church, three miles east
of Iuka. The first service will
be Sunday night, beginning at

Mississippi legislature but will
have to be voted on by the peo-
ple before it becomes law.

Governor Paul B. Johnson, in
a speech at the Neshoba County
Fair last week, said that approval
of the constitutional amend-
ments on August 17 would avoid
the possibility of a dual federal-
state standard of voter qualifi-
cations that could discriminate
against white people.

"The new Voting Rights Act
of 1965," the Governor said,
"will suspend all literacy re-
quirements of Mississippi law."
"Under the act being passed
by Congress, it will be immater-
ial whether the Negro can read
or write and federal registrars
could come into Mississippi to
register literally every adult
Negro in the state.

"In what position will the fed-
eral act leave the white people
of Mississippi? Under state law,
they will be required to pass a
difficult constitutional interpre-
tation test in order to register
while the Negroes are being re-
gistered by federal registrars
with no literacy test required."

"This will produce an intol-
erable discrimination against our
white people and in favor of the
Negroes."

Governor Johnson noted that
there are approximately 400,000
white people of voting age in
Mississippi who are not regis-
tered.

"These people must be encour-
aged to register at the earliest
possible date," he said. "We
cannot expect this to be done
if our white people are required
to pass the interpretation
test now required by our state
constitution."

"If the white people of Mis-
sissippi are to be treated fairly,
and if we expect to get them
registered as voters, we must
remove the constitutional inter-
pretation test from our consti-
tution."

The Governor said that the
same situation applies to the
constitutional requirement of
"good moral character."

"Under the federal act, no
such requirement will apply to
the Negro, and we should not
leave in our constitution a pro-
vision which will apply to our
white people."

Governor Johnson said if the
people ratify the amendments
August 17, "there is reasonable
hope" that a pending federal
lawsuit against the State of Mis-
sissippi will be dismissed "and
it would be obviously much eas-
ier for our state to become un-
shackled from federal voting
registrars."

The chief executive said
changes in the laws and consti-
tution were supported by a two-
thirds vote of the Legislature,
by the Lieutenant Governor,
Speaker of the House of Rep-
resentatives, the Attorney Gen-
eral, and by every state officer
in a position of responsibility
who has expressed himself.

Postal Efficiency Program

Local Employees
Will Take Part;
Lomenick Is Chmn.

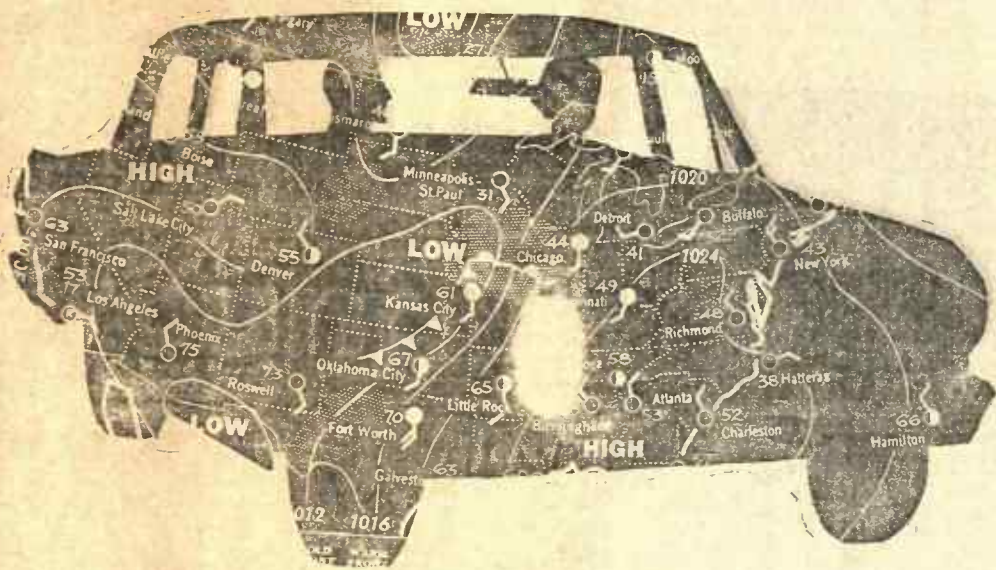

Postmaster Harold T. Lomenick announces that all Iuka Post Office Employees will be asked to take part in the new Postal Efficiency Plan announced recently by Postmaster General John A. Gronouski. The Postal Efficiency Plan includes comprehensive programs for improving postal service and

reducing costs," Mr. Lomenick said. It is our way of helping President Johnson fulfill his pledge to provide more effective and economical government services, the Postmaster continued.

In Washington, Postmaster General Gronouski termed the plan's twin objectives of economy and service betterment a matter of highest priority and called for total involvement of all employees through the Post Office suggestion program.

Semi-annual reports will be made to the President, Mr. Gronouski said, and realized savings will be reverted to the Treasury or applied to improving postal service. A local committee will be organized to fulfill the two purposes of the plan, those being to reduce costs and improve services.

Postmaster Lomenick will be chairman of the local committee to implement PEP. Ideas gathered by individual employees will be taken up by the committee. Accepted ideas will be passed on to Washington for possible application on a national level. Employees whose ideas are adopted nationwide will be given national awards. The Postmaster General will personally oversee the programs.

Blue Bell Reports Record And Sale For Nine Months

Record earnings and sales by Blue Bell, Inc. for 9 months ended June 30th were announced today by E. A. Morris, President. Net income after taxes was up 41%. Net sales were up 18% over the same 9 months period in 1964. Consolidated net earnings including foreign subsidiaries were \$3,055,210. Comparable figures at the end of 9 months last year were \$2,164,279.

The earnings per share this year were \$2.32 for the nine months' period and for the same period last year, \$1.72. Consolidated net sales including foreign subsidiaries were \$77,397,488 compared to \$65,739,597 last year.

"Since the last quarter of our fiscal year ending September 30th is normally one of heavy shipments, we expect that this rising trend of sales and earnings will continue through the end of our fiscal year," Mr. Morris said.

"We have a constitutional inventory of 5% promissory notes. This financial year, \$10 million of them will be used to pay two commercial balance will general funds to increase the pre-

VOTE YOUR INTELLIGENCE... (not your emotions)

The Congress of the United States has enacted "The Voting Rights Bill of 1965". Unwise and unfair as we believe this Act to be, it is not the edict of a dictatorial president or the questionable interpretation of a court; it is an act of Congress! As such, the Voting Rights Act is the Law of the Land, and is binding upon Mississippi and all her citizens.

This is a fact which must be faced by every Mississippian.

Fiery oratory will not alter this fact or protect our people from its consequences.

Reckless defiance of federal authority to enforce this Act will invite and, in the eyes of the World, justify further invasions of the sovereignty of this state.

Resentment displayed by Mississippians—either at the polls or in the streets—will produce nothing of value; rather, "telling the rest of the United States to go to Hell" will make Mississippi once again the prime target of radical agitators, the prime excuse for punitive federal legislation, the favorite "whipping boy" of the nation.

In today's circumstances, the most effective defense of "States' Rights" is state responsibility... responsible, adequate action on the state, county and local level. Intelligent action. Realistic action. Calculated action.

Only through calm study and reasoned actions can Mississippians hope to thwart the efforts of those who are dedicated to the destruction of local self-government.

This is the course chosen by your duly-elected state government. The Constitutional Amendments submitted for your approval at the polls on Tuesday, August 17, are no "overnight" propositions. They are the results of months of study and planning, of seeking the best available alternative to the potential chaos promised by the federal Voting Rights Act.

TAKE YOUR STAND

negative

The new federal Voting Rights Act suspends all literacy and character qualifications for voting, as these apply to Negroes... but leave the Whites subject to Mississippi's strict voter requirements. The resulting "two sets of rules" leave the Whites at a disadvantage. Federal registrars, from the nation-at-large, will be sent to Mississippi with the aim of registering all adult Negroes regardless of character or ability to read and write. Many Whites will remain ineligible to vote.

The old Mississippi laws and Constitutional provisions setting qualifications for voting clearly are struck down (as they apply to Negroes) by the new federal Act; therefore, any effort through the courts to obtain relief from this Act is unlikely to succeed.

The "attitude" Mississippians display to a watching nation is important to building support for our conservative cause, to increasing Mississippi's influence in national affairs, and to continuing the now-rapid flow of job-creating businesses and industries into our economy. Public opinion nationally, which has proven its ability to bear upon Mississippi affairs, will interpret any sizeable vote against the Amendments as a sign that ignorance and prejudice rule Mississippi, and that the White people of this state are not interested in cooperating with their sister states for the advancement of the nation of which we all are a part.

positive

Approval of the Amendments will mean that White Mississippians can register and vote under the same lenient rules which the federal Voting Rights Act has made applicable to Negroes. In terms of numbers, the disadvantage of the Whites under the federal Act will be removed, and 400,000 White voters can be added to the rolls in a statewide White registration campaign.

The Constitution of the United States provides that the qualifications of voters are to be fixed by the Legislature of each state. The United States Supreme Court repeatedly has announced this rule. If the Amendments win approval at the polls on August 17, all questions clouding the acceptability of Mississippi's voting laws will be removed and a legal attack will be made upon the Constitutionality of the federal Voting Rights Act, and/or upon the applicability of that Act's provisions to Mississippi, under circumstances most favorable to success.

To a watching nation, which has begun to note the significant progress Mississippi is making through responsible state government, sound fiscal policies, maintenance of law and order, and one of the most aggressive economic development programs in America, an overwhelming vote FOR the Amendments on August 17 will confirm that modern Mississippi has indeed cast off a century of negative defense and has assumed the offensive in this fight.

LEADERS OR DEMAGOGUES

The Constitutional Amendments on which you will vote August 17 are not part of a "governor's program", nor are they a political issue in the factional sense. Leaders who disagree about many things agree that approval of the Amendments is the wisest course for Mississippi under today's circumstances.

Who are these "leaders" who speak out FOR the Amendments?

They are your duly-elected state officials—your Governor, your Lieutenant-Governor, the Speaker of the House of Representatives, and every state officer in a position of responsibility who has expressed himself. They are your Legislators, who voted by more than two-thirds in both houses to submit the Amendments for your vote. They are the most prominent business, civic and educational figures in Mississippi—thoughtful, intelligent leaders who understand fully the impact upon our state of strife, disunity and the enmity of our fellow Americans.

Look and see who are the leaders FOR the Amendments.

Then, look and see who is speaking out against the Amendments... and form your own conclusions as to which leaders are more capable, stable, and knowledgeable about the problems and opportunities confronting our state.
