The Travis Cain family have a balanced farm operation including beef cattle, hogs, poultry and cotton. The family will receive the award from the Valley Association on July 23 in Virginia. Shown here are Mr. and Mrs. Travis Cain and son, Phillip.

Wife Killed By Fire

Glenn Ridley was one of the victims of a house fire in Tishomingo, Tenn. June 9th. The man was critically injured.

The blaze, which destroyed the two-story frame house where the family resided, is not yet under control. The other victim was Mrs. Ridley's wife.

Glenn Ridley said that Rhodes, who was sleeping with Walter in the front bedroom, was awakened and gave the alarm. Rhodes was critically injured.

Services were June 14 at the Brooks Mortuary. Interment was in Hamblen Gardens in Tishomingo, Tenn.

HOG MOVEMENT BAN EFFECTIVE MONDAY

In an effort to combat the spread of cholera, a 30 day halt to all movement of swine in Mississippi except for slaughter purposes will begin next Monday.

The Mississippi Board of

Wendell Dawson Selected To Attend Course

Mr. Wendell Dawson of Dawson Drugs, Inc., has been selected to attend a special course of instruction for fitters of surgical supports, to be given at the University of Wisconsin, Milwaukee Division, Milwaukee, Wisconsin, from June 22nd thru June 25th.

This is one of the series of Fitter Training Courses sponsored by S. H. Camp and Company, manufacturers of Camp Orthotic Supports and Appliances. The instruction by a corps of physicians and registered nurses emphasizes basic anatomy that must be considered in the practical application of supports and braces as prescribed by physicians and surgeons.

Mr. Dawson says he is looking forward to this special training because of its timeliness. "Practically everybody today," he said, "is more health-minded than ever before because of the strain of modern life and the constant calls on energy reserves during these busy times." Upon completion of the course, Mr. Dawson intends to stock a complete supply of supports and braces in both Dawson Drug Stores, Iuka and Tishomingo, with a proper fitting room. He will act as regional consultant as well as fitter, and will be available for the services by appointment.

Announcement of this service and information for appointments will be published in this newspaper soon.

The Tishomingo County Labor Association will meet Friday night at 7:30 at the County Court House.

Animal Health announced the emergency order Tuesday. It will be automatically extended to 60 days unless conditions warrant rescinding by the board at the end of the first 30 days.

More than 2,600 head of swine have been depopulated in Mississippi because of cholera, according to a report from State Agriculture Commissioner Jim Buck Ross. Commissioner Ross serves as chairman of the Board of Animal Health.

"This was at an estimated cost to the state of \$40,000," he said. "This spread has been caused by the movement of infected animals which in turn exposed many more susceptible animals."

The owners are reimbursed for their losses by state-federal indemnity payments whenever infected and exposed animal herds are eradicated.

The 30 day order means all swine entering any market must go directly to a plant for immediate slaughter. The health board said no swine may return to the farm from a market nor can they move from one farm to another.

The order also prohibits swine from entering Mississippi from other states except for immediate slaughter.

Salem Road Contract Let

D. F. and H. W. Frederick Construction Company of Iuka has been awarded the contract to build 1.718 miles of the Salem Cemetery Road in Tishomingo County.

The company's low bid of \$81,230.97 is on a county road known as Federal Aid Secondary Project No. S-0992. The project is located in Supervisor M. R. Whitehead's Fourth District Road Program.

Ayer and Mattox Construction Company of Corinth was next-lowest bidder. Their bid was \$82,745.90. Two other bidders placed higher bids.

Letting of the contract was June 10th.

New Telephone Equipment Being Installed In Iuka

Additional telephone equipment is being installed in Iuka to meet the needs of this growing community.

South Central Bell Manager, W. G. Hardin, said all the equipment will be installed, tested and ready for use soon.

The \$44,000.00 equipment addition has been under way several weeks.

W. G. Hardin said the past ten years has meant rapid telephone growth here in Iuka. The number of phones in service has jumped from 1200 to about 2400 today. This 100% increase in the number of telephones is a good indicator of the economic development of Iuka and Tishomingo County.

"With this equipment addition of 200 lines, our engineers have allowed for even more growth," he said. "We believe that telephone expansion will continue in Iuka for years to come". The new equipment is being installed by Western Electric personnel. The same company manufactured the equipment.

NEW TELEPHONE INSTALLATION INSPECTED: From left to right: Benny Wacaster, Western

Electric equipment installer; Charles Lewis, South Central Bell Switchman; W. G. Hardin, Telephone Company Manager,

and John Biggs, Iuka Mayor, inspect new telephone equipment being installed in the Iuka Telephone Office.

4-H Advisory Council Meets Tonight

The Tishomingo County 4-H Adult Advisory Council has scheduled a very very important meeting for tonight (Thursday) at 7:00.

The meeting will be held in the dining room of Magnolia Restaurant.

All 4-H Adult Advisory Council members are urged to be present to help make plans for the first Bi-County Resource Development Conference to be held at Tishomingo State Park July 7, 8, and 9.

Iuka Lodge #94 will meet on Saturday, June 20, 1970.

Brother Duke Young will meet with members from 12:00 noon until 10:00 p.m.

All Masons are urged to attend.

CHURCH ASSIGNMENTS MADE AS METHODIST END CONFERENCE

The North Mississippi Annual Conference of the United Methodist Church closed out its 101st annual convention at Corinth last Sunday.

In announcements of pastoral appointments Tishomingo County Methodists include: Iuka, Rev. Jack Williams; Iuka Circuit, Rev. Kenneth McClain; Burnsville, Rev. Mrs. Frances Easley; Tishomingo, Rev. Grady H. Hudson; Belmont, Rev. Huey E. Wood; and Golden, Rev. Mrs. Ruth Wood. Miss Loraine Heath will continue as Church and Community Worker.

Rev. Thad Ferrell, of the Iuka Church, has retired and is moving to Birmingham, Alabama. Rev. O. L. Elliott, of Iuka Circuit, has been appointed to Ashland. Rev. Don Sparks, of Burnsville, has been sent to Faulkner.

Registration will begin at 4:00 p.m. with the banquet at 7:45. James E. Burns, President, and Mrs. Artie Timbes, Secretary, invite everyone to attend.

NEW SALEM BAPTIST CHURCH HISTORY DATES BACK TO 1870

New Salem Baptist Church, located about seven miles northwest of Iuka, was one hundred years old Sunday, June 14, 1970.

According to the old records, in June 1870 a board of 26 people met at the school house near J. H. Kay's (now P. H. Robinson) by previous agreement in order to organize a church, all 26 bearing letters. Rules of order laid down by the Tishomingo Baptist Association were adopted, and J. H. Kay was chosen first pastor. Other church officials were A. J. Counts, Church Clerk, and J. T. Pratt, Treasurer. This group agreed to call themselves New Salem Baptist Church.

In July 1870, a committee was appointed to lead in building a "meeting house." A log church was built and occupied in 1872. In 1884, another committee, W. F. McDougal, A. J. Counts, W. R. Anderson, and R. H. Skinner were appointed to make arrangements to build a new church. This building was erected on land given by P. H. Anderson and was occupied in 1888. (Most

people in the community remember this large two story building).

Some of the early pastors were as follows: J. H. Kay, J. H. Wheelock, J. H. Taylor, J. W. Skinner, W. L. Norman, J. W. Pennington, J. R. Duncan, C. C. Perry, J. H. Butler, W. C. Bryant, and M. C. Roland.

In 1918, because of bad roads, the church members decided to look for a better location. A site near the Bethel School and Bethel Methodist Church was selected. This building, called Bethel Baptist Church, was not finished but was occupied for a short time. (1925-1928)

During 1928 the community was encouraged to hold services in the old building and did so with visiting preachers bringing the messages. Prayer meetings were held regularly. In 1932, improved roads brought the organized church back to New Salem, and Brother O. R. Montgomery was called and served until 1938.

From 1938 to 1957, these men served as pastors: Brothers

Raymond E. Pate, Jack Cranford (Iuka pastors who served this church Sunday afternoons) E. E. Neil, W. C. Gann, E. L. Monroe, Lauren Locke, Odes Puckett, and Hansell Russell.

Brother Dee Orner, 1957, was called as pastor, and under his leadership the church had full-time services. A new building program was begun. The present church, located just north of the old lot on land donated by Mr. O. L. Robinson, was completed in 1958, and dedication services were held September 21st of that year. New Sunday School rooms were added in 1962, and since 1967 a nursery has been added.

Pastors from 1959, who have served this church are Brothers Charles Livingood from Savannah, Tennessee, Tate Presley, R. E. Pate, E. L. Monroe and B. N. Burrell, who is now pastor.

Today the church has a very large membership with a well-attended Sunday School and Training Union. Because of the increased membership, interest and attendance, plans are being made for a larger church.

SALEM BAPTIST CHURCH
Shown here is the new Salem Baptist Church on June 14, 1970, the birthday of the church's

establishment. The present building was completed in 1958 with Sunday School rooms being added in 1962, and a nursery in 1967. Because of the increased membership, interest and atten-

dance, plans are being made for a larger church with the present facilities to be converted into Sunday School rooms. The church began with 26 members; present membership is 150, 109 are on

the membership roll of the Sunday School. Average attendance at Sunday School is about 75. About 100 attend worship services every Sunday.

'THE KIDS': A DECEPTION

Of all the sham techniques in the liberal-leftist bag, nothing is more shabby than the endless references to "the kids" meaning the campus demonstrators and protesters.

In the first place, the radicalized element in the country isn't made up of children--the group to which the label "the kids" truly belongs. We have today in this country a new class of professional or permanent students, as Latin America has had for generations. Many of today's militant "students" are in their late twenties, thirties or even

forties. University fellowships and grants are so abundant that shrewd, once-young people manage to hang around college and university campuses for years and years. They "study" revolution and disruption while millions of other Americans, who have to work for a living, are employed in offices, in factories and on the farms of the nation.

These "old" youths affect the wears and manners and dress of college students and speak in a special jargon that is supposed to be youthful. The cult of youth is carefully developed by many individuals whose own youth

has long since passed. This kind of posing is tragic in a sense and also hurtful and misleading, for it involves deceit.

Then, too, this element with its artful poses also has produced a new breed of sympathetic commentator whose endlessly repeated slogan is "youth." Nothing is more absurd than the over-age TV commentator attired in extreme "mod" fashion and whose thinning hair is dressed by a youth stylist.

The liberal-leftist references to "the kids" are deliberate and purposeful. They are aimed at promoting the idea that there are two Americas with utterly different sets of values--the young Americans who want radical change and the middle-age and older Americans who allegedly represent a dying society. One hears this theme stressed on television all the time. It is what has been called the Big Lie technique.

The condition of anarchy facing some parts of the country today isn't the result of American youth turning its back on America. Actually, the current disorders have their roots in the old radicalism of the '40s, '50s and '60s. Many of the planners of contemporary protests are men and women who have been involved in communist and fellow-traveling organizations since the 1930s. David Dellinger, one of the notorious "Chicago 7," is one of these individuals. As for the doctrine of the New Left, these are Russian anarchist and nihilist notions first enunciated a century ago in Czarist times. The New Left hasn't turned up a single really new social or philosophical doctrine.

What is so wrong and misleading about the use of the term "the kids" is that it suggests all American young people belong in the radicalized camp. Some of them are in that camp, especially the affluent protesters who can afford to attend Ivy League schools and travel around the country to various trouble spots, using credit cards supplied by permissive parents.

But millions of young people--the real youth of America--believe in the national ethic of work, saving, home ownership, a happy marriage, and service to community and nation. You don't read about these responsible "kids" in Look Magazine. You don't find them getting the attention of Time or Life or the TV networks. Almost all the space and network time are reserved for the kooks, the haters, and the destructionists.

The liberal pundits aren't interested in the example of youth achievers, young businessmen who are creating new enterprises. They would rather talk in sympathetic terms about those who threaten to burn down everything if they don't get their way.

Ask yourself how many interviews you have seen on TV with young construction workers marching in support of the President? How many interviews have been taped showing patriotic "Strike Back" students on campus who back their country and who oppose closing down universities?

How much attention is given to young people generally who believe in the American system, who embody its fine values and who stand up for America? The truth is that the liberals don't want to talk about these "kids."

The liberals are engaged in a conspiracy of silence against young people who promote a sane society based on free enterprise and constitutional government.

The liberal technique is to lavish attention on the young SDS members and ignore the young people who believe in their country. It's time the public spoke up when the liberals start their deceptive talk about "the kids"--their own special variety, that is.

Students At MSU Average High

Seventeen Tishomingo County residents were among the approximately 2,000 scholars at Mississippi State University who qualified as members of the Deans' and President's Lists for the Spring semester.

In order to qualify for the President's List, a student must average at least 3.5 out of a possible 4.0 for the semester. Those students named to the Deans' List must have a 3.0 average.

Tishomingo County residents on the President's List were: Buford Blane Bates, Ronnie Jer-

old Brown, Audrey Sue Bullard, Stephen Nix Cain, Roger Dale Moore, and James L. Strickland.

Residents on the Deans' List

were James Harry Adams, Betty Jean Barnes, Jean Larue Brosious, Linda Ruth Evans, Gary Lee Fuller, Patsy Ann Goddard, Lanny Neil Lambert, Franklin K. McRae III, Judie Ann P. Moore, Mackie Allen Riddle and Julian Herbert Wright.

LEWIS LLEWELLYN

Long May Our Land Be Bright

How long is it since you sang, "My Country, 'Tis of Thee"?

A lady in Port Orchard, Washington, thought that it had been too long since that famous old song had been sung in her church.

On Mother's Day -- when mothers are accorded special privileges and honored honor -- she stood up in the back of the church and suggested that the congregation sing it together.

Someone else suggested that the congregation stand while they sang it from beginning to end, including the fourth stanza, which says:

"Our fathers' God, to Thee,
Author of liberty,
To Thee we sing.

Long may our land be bright
With freedom's holy light!

Protect us by Thy might,
Great God, our King."

Time to Join in Prayer?

There are those among us who tear to shreds, burn it, or tear it to shreds, using the red stripes to make red arm-bands, so that they may express loyalty to an alien power or an alien philosophy.

A few weeks ago, I suggested that those who would unite in prayer for our nation in these troubled times write and tell me of their decision -- with the goal of forming a nationwide committee of 1,000 to pray regularly that God will guide us and lead us out of our distresses, as we acknowledge our dependence on Him.

Responses have come from many states -- from New Jersey to the state of Washington, and from Ohio to Texas.

The mayor of a midwestern city wrote, "I ardently believe in the power of prayer and heartily support your request to pray for God's guidance in our nation's crisis."

Another reader wrote, "I am wondering if there will be 1,000 that will promise to pray for our nation. How I wish it would be nearer one million."

Several letters have come from Bible classes and church societies, signed by all the members of these groups.

One such letter said, "We claim the promise contained in II Chronicles 7:14."

What is the message of this Scripture verse?

"If My people, which are called by My name, shall humble themselves and pray and seek My face, and turn from their wicked ways; then will I hear from heaven and will forgive their sin, and will heal their land."

"Protect Us by Thy Might"

Some believe that prayer is ineffective. Sometimes it is. The Bible tells us why, in certain cases, this might be so: "If I regard iniquity in my heart, the Lord will not hear me."

But the remedy for this is set forth in Psalm 38:18: "I will declare mine iniquity. I will be sorry for my sin."

Do you agree that our great need in these tense times is to turn again to God and follow His guidance in our national affairs -- as well as in our personal lives?

Will you join in this nationwide movement to thank God for His blessings and ask Him to give special guidance to our leaders?

Too long we have let the noisy minority lead some of our institutions to the brink of destruction.

Let's join now in praying, "Protect us by Thy might, great God our King!"

VA NEWS

Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q. Can a veteran whose VA benefits have been forfeited apply for reinstatement of those benefits?

A. Yes, he may apply for a presidential pardon which, if granted, may again entitle him to VA benefits for which he is eligible.

Q. I have an uncle who is a veteran of World War I who desires domiciliary care. Does the VA have any of these institutions?

A. Yes, the VA has 16 of these institutions. Any VA office will help your uncle file an application.

Q. I am the daughter of a veteran who died of a service-connected disability. Having completed high school, I would now like to apply for VA educational assistance. I understand VA provides counseling, and I would appreciate such assistance to help me decide upon a suitable educational or vocational goal. Will the VA provide this counseling without cost to me?

A. Yes. The VA will provide the assistance of a professional counselor to help you decide upon an educational or vocational goal. This counseling, at no cost to you, is required for an eligible child before approval of an initial course, re-entrance after discontinuance of a program, or change of program.

Little Johnny liked church pretty well except for the long pastoral prayer. So when his dad asked the visiting minister to say grace when dinner was served, Johnny was worried. But to his surprise, the prayer was very brief and to the point.

Pleased, Johnny turned to the minister and observed, "You don't pray so long when you're hungry, do you?"

BURLESON - VAUGHN WEDDING VOWS EXCHANGED MAY 22nd

On Friday afternoon, May 22, Melvin Dee Vaughn exchanged vows with Judy Carolyn Burleson in an impressive double-ring ceremony at the Iuka United Methodist Church. Officiating was Rev. O. L. Elliot.

Miss Burleson is the daughter of Mr. and Mrs. James Edward Burleson of Paden. She is the granddaughter of Mr. and Mrs. Floyd Burleson of Iuka and the late Mr. and Mrs. George Mock of Paden.

Mr. Vaughn is the son of Mr. and Mrs. W. D. Vaughn of Iuka. He is the grandson of Mrs. Ida Vaughn and the late Mr. William Vaughn of Manchester, Tenn., and Mrs. Mintie Duncan, also of Manchester, Tenn., and the late Mr. Ellis Duncan.

The bride is a graduate of Tishomingo High School. She is now employed at Consumer

Credit Bureau of Memphis.

The groom is a 1966 graduate of Iuka High School. He is also a graduate of Northeast Mississippi Junior College.

Mr. and Mrs. Melvin Vaughn will make their home in Memphis, Tennessee where he is employed.

EMERGENCY WELFARE SERVICE OVERLOOKED

Emergency Welfare Service, an often overlooked facet of services offered by the State Department of Public Welfare, are explained by Margaret June Woodley, Director, Tishomingo County Department of Public Welfare.

In local disasters, one of the most important relief service organizations to provide services for the victims of the disaster is the State Department of Public Welfare's Division of Emergency Welfare Services.

Established under both federal and state Civil Defense Acts, the Emergency Welfare Services division has four primary aims: (1) To keep people alive and functioning; (2) To maintain and restore morale; (3) To restore family and community living conditions; and (4) To keep people at work or enable them to return to work.

To reach these goals in time of disaster, the State Department of Public Welfare works with other state agencies under the overall state civil defense program.

In early 1968, Governor John Bell Williams issued an executive order which designated the responsibilities for the State Board of Public Welfare. These responsibilities included planning and administering the Emergency Welfare Services Program, planning for rationing essential items, assisting and coordinating other agencies in providing essential services, and supplying trained personnel in times of emergency.

The Emergency Services division provided welfare services for the victims of Hurricane Camille in 1969, and already in 1970, it has provided for persons affected by the Star gas well explosion and the tornado which hit Corinth.

FATE OF MISSISSIPPI STREAMS IS A VITAL CONCERN

The State Game and Fish Commission is vitally concerned over the destruction of Mississippi streams. It is felt that something must be done, and now, or we will forever be grieved over our once beautiful and bountiful streams.

The State Game and Fish Commission would like to go on record as having made a public stand against stream channelization projects which are primarily responsible for this destruction.

The Commission releases the following resolution:

WHEREAS, the citizens of Mississippi and the nation have become aware of many of the encroachments upon the natural landscape and the environment of this beautiful land.

WHEREAS, the responsibilities vested in the Mississippi Game and Fish Commission include the protection and management of wild game and fresh water fish in the state which of necessity must also include the management and preservation of the complex composite of soil, water, plants and air in which these creatures live.

WHEREAS, a shortage of degradation in quality of any of these life giving and life sus-

In order to provide better services for the victims of disasters, the state has adopted a natural Disaster Operations Plan. This plan provided for coordination of state agencies in emergencies. Even though this plan did not change the basic responsibilities for the State Department of Public Welfare, it did provide for the department to have two members on the State Disaster Survey Team.

taining factors will be restricting factors on total numbers of these creatures on a given area of land.

WHEREAS, after due study by this Commission and other agencies, individuals and public and private conservation leagues, it has been determined that the proposed projects, namely the "Upper Auxiliary Channel of the Yazoo Basin Headwater Area" and the "Askalomore Bottom Drainage Project" planned under study by the U. S. Corps of Engineers acting pursuant to certain flood control acts of Congress heretofore, passed; will be in fact detrimental and degrading to the natural beauty and especially the habitat of this

wildlife throughout the areas affected by these projects.

WHEREAS, many of the citizens within the counties immediately affected by these projects are in opposition to them, realizing that the control of floodwaters has and can continue to be effectively maintained by measures such as Sardis Dam, Arkabutla Lake, Enid Dam and Grenada Reservoir which are presently in being.

NOW, THEREFORE, BE IT RESOLVED that the Mississippi Game and Fish Commission does hereby oppose these projects, strongly support the concept of natural habitat conservation and strongly recommend and urge that these specific projects, the results of which would be the destruction of adjacent streams, bayous and lakes, be discontinued immediately.

"HEALTH PAYS DAILY DIVIDENDS" LOW BACK PAIN

How many people reach middle age without ever having some trouble with the lower back, whether a woodsman or a stenographer? And if the lower back seemingly recovers or eases up, later on the shoulders and neck begin to give trouble, usually winding up with chronic arthritis.

The lower back is considered to be the weakest link in the human frame work. Writing in the Journal of Tenn. Medical Association, Dr. H. B. Gotten, M. D., says, "It is better that the chiropractor treat these patients with low back pain than to have them treated by a physician who thinks only in terms of surgery."

Dr. M. E. King, M. D., writes, "when medicine failed to reach the complicated ailments of my wife *** I learned of chiropractic and went to a chiropractic school, where, to my surprise they were actually getting results on cases that were medically hopeless. The chiropractor belongs exclusively to the specialists and should be so recognized." One should take action at the first sign of low back trouble, be-

cause even tho it may appear up spontaneously you can recurrence there or higher up entire spine later.

IUKA LITTLE LEAGUE

LITTLE LEAGUE & KIDDIE LEAGUE

VFW-AMERICAN LEGION DEFEATS GUARANTY BANK 8-3

VFW-American Legion jumped off to an early lead on Scotty James' two run homer in the first inning and were never behind in winning their second victory of the year by a score of 8-3 over Guaranty Bank. James also had a double and a single while Greg Puckett had a homerun, Dawson had a single and Biggs had a single for VFW-AL. Guaranty Bank had one more hit but could not come up with enough runs to stop the VFW-AL team. John Mann had a single, Johnny Butler had a double and a single, Jamie Kirk a single, Lynn Seago a double, and Steve Lyles a triple and a single for the losers. Lyles and Seago walked twelve batters which proved to be the downfall of the Guaranty team, while Mike Williams and Puckett were striking out seven and walking only three men.

CONALCO CLOBBERS GENESCO 25-0

Genesco pitchers, Danny Bivins and Stan Jones, issued 19 walks and allowed the Conalco team nine hits in losing their second game of the year. Winning pitcher, Keith Owens, allowed only three singles, one each to Ben Burns, Harry Cosby, and Stan Jones, while striking out twelve batters and walking only one batter. Randy Walker had two singles, Joseph Lunsford a single, Owens a triple and a single, Joey Adams a single, Gary Walker a single, Ricky Walker a single, and Marty Davis a double for Conalco's hits.

BOONEVILLE EDGES FIRST NATIONAL BANK 1-0

Strong pitching by Booneville's Jim Nesler proved to be too much for the First National Bank team of Iuka. Nesler allowed only one hit, walked three, and struck out five. First National threatened twice but could not push across the run they needed. Stanley Akers and Johnny Phifer both were walked in the first inning, but First National was unable to produce a run. Again in the fourth inning First National Bank left two base runners stranded when Jerry Long led off the inning with a double. Gary Biggs received a walk but three strikeouts overcame all hopes of scoring.

Don Robinson allowed only four hits, struck out four, and walked none, but two of Booneville's hits were back-to-back to provide the winners the only run of the game in the fourth inning.

BOONEVILLE DEFEATS HONEYCUTT MOTORS 9-1

Nine hits and five walks proved to be more than Honeycutt Motor Company team could overcome in a Kiddie Baseball League game last Thursday. Booneville scored twice in the first inning and were never threatened although Honeycutt collected five hits and were issued three walks. Honeycutt scored their home run in the fourth inning on two hits and two walks but the side was retired with the bases loaded.

For Honeycutt Ricky Bullard collected two singles, Kirk Nelson a single, Willie Carter a single and David Butler a single. Leon Powell was the losing pitcher.

TENNIS GAMES

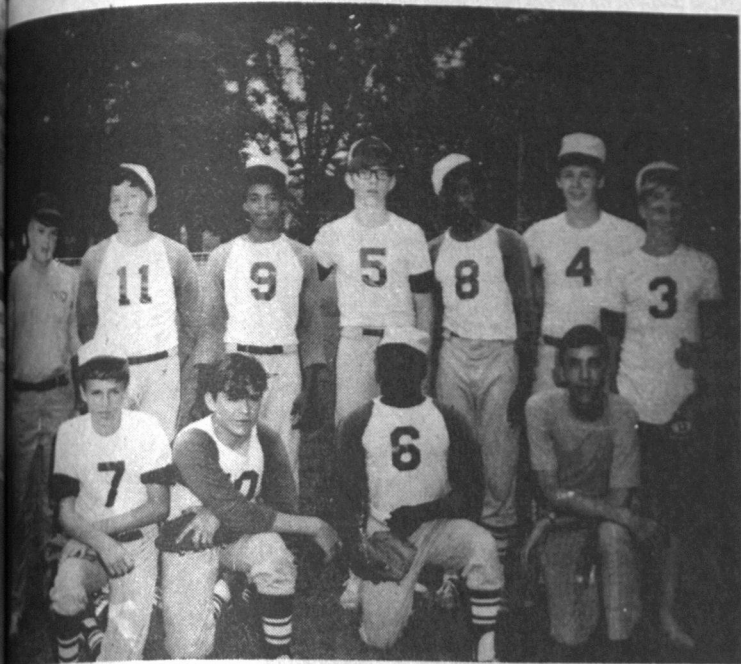

The first round of the Iuka Tennis Match Championships was held Tuesday night. Match play will be held on Sunday afternoon and Friday night throughout the summer.

#1 team, composed of Duane Bullard, Eddie Gross, Debra Mann, and Emily Gurley defeated #5 team, Ronnie Brown, Larry Cutshall, Nancy Counce, and Jane Jourdan 5-0.

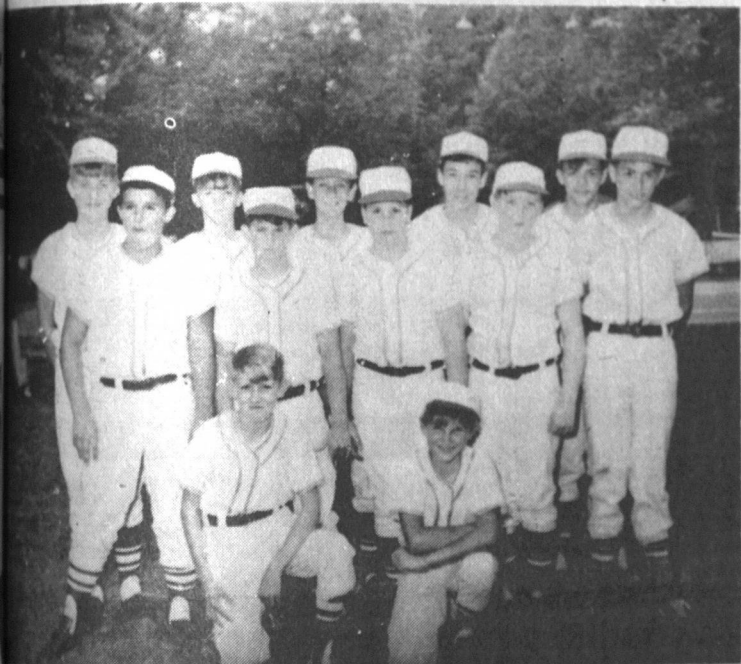

#4 team, composed of Charlie Cutshall, Lee Middleton, Vicky Counce, and Becky Burns, defeated Bob Brown, Bubba Jourdan, Gayle Phifer and Neita Counce, 4-1.

#7 team, composed of Mike Ables, Mike McRee, Betty Jo Dooley and Daran Sewell, defeated Ricky Bullard, Terry Smith, Vicki Robinson and Connie Brumley, 3-2.

#2 team, composed of Nick Phillips, Terry Dexter, Vicki Burress and Eileen Gross, and #8 team, composed of Joe Reynolds, William Crossett, Maleen Dobbins, and Pat Daniels did not complete their game.

Tishomingo Eastern Star Meets Tonight

The Tishomingo Eastern Star will meet Thursday, June 18th at 8 p.m. at the Lodge Hall at Tishomingo.

All members are urged to be present.

Residents of Tishomingo County, Mississippi, among the 40-million Americans who go camping each year and who have been unhappy with the chaotic situation of the travel park industry in the past, will approve of a new nation-wide reservation service to book and confirm campsites reservations.

Known as Pathfinder Travel Park System, this reservation service, first of its kind in America, utilizes the most modern electronic computers and a high-speed communication network.

There is no charge to the traveler using this reservation system and calls can be made toll free. The number for residents of Mississippi who are planning a camping trip to call is 1-800-327-9090. When campers call in on this number they will be advised if space is available in the area they wish to visit, the cost, facilities, directions and nearby attractions.

So campers and lovers of the outdoors from Mississippi can continue to enjoy "roughing it" when they go on their outings. But with the advent of "computerized camping" they are now assured of a confirmed reservation and a place to park their recreational vehicle or pitch a tent.

National headquarters for the Pathfinder Travel Park System is located at Daytona Beach, Fla.

News Of Area Service Men

Navy Petty Officer Third Class Lewis J. Davis, husband of the former Miss Margaret C. Cain of Dennis returned to Point Mugu, Calif., with Naval Mobile Construction Battalion Three MCB-3 after an eight-month deployment to Okinawa.

Assigned as "alert" battalion for the Pacific Fleet, MCB-3 carried out an extensive construction program at Camp Kinser and other military installations on the island.

Navy Petty Officer Third Class Danny P. Roberts, husband of the former Miss Sybil S. Reynolds of Iuka has returned to Mayport, Fla., aboard the guided missile frigate USS William V. Pratt after participating in Operation Poopdeck off the coast of Spain.

It was a joint U. S. Spanish exercise.

While Spanish forces conducted simulated strikes against a U. S.

carrier task group, the William V. Pratt tested its dual anti-air/anti-submarine warfare capabilities by protecting the air-

craft carrier USS Franklin D. Roosevelt, whose air group made simulated air strikes against the Spanish mainland.

LEARN TO ENJOY MANY FOODS

Learn to enjoy a variety of foods so that you can meet your health needs with foods you like no matter where you happen to be. Many people have never even tasted the foods they refuse to eat.

Some foods contribute more than others to meeting your needs. People who limit themselves to a few better foods may come quite close to getting a good diet. But more often, limiting foods intake results in a poor diet. Don't limit yourself.

Nutritionists have developed simple food guides to make food selection easy. One guide puts the key foods in four main groups---milk, vegetable-fruit, bread-cereal, meat. By choosing specified amount of food from each group, you will get a good nutritional foundation.

Use additional foods to round out your meals and meet your individual need for food energy. The American food supply is varied and abundant so that the number of combinations you can make is almost unlimited.

LET YOUR SHOPPING LIST BE FLEXIBLE

Your newspaper weekly food guide and grocery advertisements tell you what each week's best buys are. Advertised specials are often based on the list of plentiful foods issued to grocers by the United States Department of Agriculture.

Make a flexible shopping list. Frequently you may plan to buy one kind of meat then go to the grocery store and find a non-advertised special that's a better buy. Allow yourself this freedom of flexibility to change your mind. You'll save money and your menus are likely to become more varied and interesting, too.

Finally, do buy brands you can trust. The quality built into a brand name carries over into the top quality of the meals you prepare and will assure your getting the best flavor from the best buys you can purchase.

MORE LIGHT FROM CLEAN BULBS

Clean lighting sources give as much as 50 percent more light.

To wash bulbs, unscrew from base and wipe with a sudsy sponge or cloth. Rinse with a clean damp cloth, wipe dry. Wash lamp reflectors and glass or plastic shades from ceiling fixtures by immersing them in warm sudsy water. Rinse and wipe completely dry.

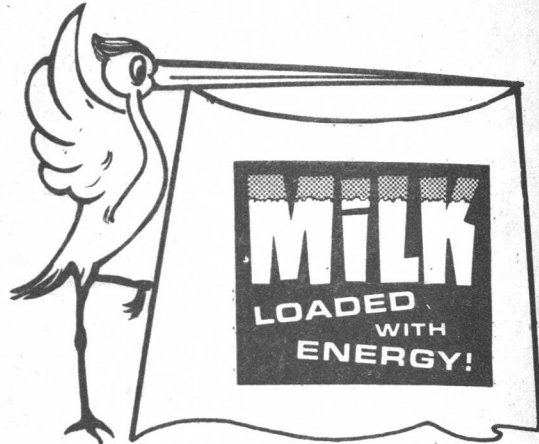

For safety, be sure lamps are

unplugged and light fixtures are turned off when removing and replacing bulbs, reflectors and shades.

ELECTRIC RANGES HAVE EASY-CLEANING FEATURES

Oven cleaning of electric ranges is snap with a lift-off door, or pull-out panels or liners (some teflon-coated) that wipe clean or wash at the sink! Some oven liners are disposable foil.

Some models have self-cleaning ovens that disintegrate grease and spilled foods electrically! Many cooktops have smooth, wipe-clean contour constructions, pull-off knobs, re-

She is in the tenth grade at Belmont School where she is a volunteer candy stripper at Bay Hospital.

Belmont Homemakers

Belmont Homemakers met on Thursday, June 11, 8:30 p.m. in the home of Dezie Davis.

Meeting was called to order by the president, Mrs. Ledbetter, who gave the report. "Gifts are what a man but grace is what a man has." The song, "My Country of Thee," was led by Mrs. Ledbetter.

Mrs. Nora Johnson gave the devotion reading John 1:1-14 - the beginning was the word, and by the Lord's Prayer. The roll call and minutes were read by the secretary, Mrs. Ann Mesdames Nora Johnson, Hallmark, Lora Lambert

and Dezie Davis reported having read four books.

The focus topic, "Family Stability - the Voice of Clothing," was given by Mrs. Sue Tucker. Mrs. Davis presented the demonstration on the "Song of Salads," also showing slides on same. Mrs. Mae Bess Yarber was in charge of recreation. Mrs. Faye Duncan drew the door prize.

Others present were Mesdames Bonnie Montgomery, Dorothy Rogers and Mrs. Lynn White.

The hostess served homemade ice cream and cake to the twelve present.

Mrs. Ann Shook will be hostess to the July 9th meeting at the Belmont Health Center.

Rescue Squad**Answers Call**

The Rescue Squad answered a call to the Elks Club last Tuesday night, in an attempt to locate two young men, who were missing on the lake. Fortunately, they had managed to get to dry land, after capsizing their boat, and were safe, after all.

Your Tishomingo County Rescue Squad is always ready in case an emergency arises. Feel free to call on them and to give them your support.

Bloodmobile At**Iuka Baptist**

The Bloodmobile was at Iuka Baptist Church on June 5 from 12:00 a.m. to 6:00 p.m. to collect blood from donors in an effort to replace the blood already used

at the hospital.

Only 38 pints were donated, 12 of these from the nurses from Tishomingo County Hospital.

Mrs. Juanita Wimberly, head of the nursing staff of the hospital, states that only 276 pints were donated for the entire year. She says the hospital used over 600 pints during the year, which are supposed to be replaced pint for pint. This shortage of blood creates a real problem when a patient needs blood and appeals have to be made by radio and by other means in order to save lives.

July 1, 1970 starts another year for blood banking. The Bloodmobile will draw blood July 23 for the new year's quota. Citizens are urged to give to help others live.

Revival At Cherokee

A revival will be held at the First United Pentecostal Church in Cherokee June 18, 19 and 20, beginning at 7:00 nightly.

Preaching will be by Rev. J.D. Pace.

Everyone is invited.

Cotton Varieties Planted In This County

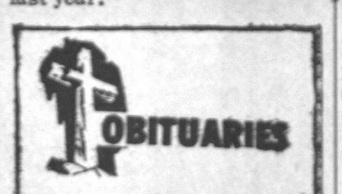

Tishomingo County cotton farmers planted approximately 51 percent of their cotton acreage to the Stoneville 213 variety, according to M. P. Talbot, Jr., Officer in Charge of the USDA Cotton Classing Office at Memphis. Deltapine 16 was the next leading variety comprising about 30 percent. Dixie King II and Coker 201 were planted on a smaller scale and accounted for 15 and 4 percent, respectively.

Mr. Talbot made these remarks in connection with the U. S. Department of Agriculture's annual variety survey: "Varieties planted in the portion of Mississippi served by the Memphis Classing Office are approximately 49 percent Deltapine 16 and 44 percent Stoneville 213 with several other varieties planted in lesser amounts."

Varieties planted this spring show little change from those planted the preceding year. The established preference for favorable machine harvesting varie-

ties of recent years continued.

Farmers produced just over 4,400 bales in Tishomingo County last year.

**Eula Faye Humphres**

Eula Faye Humphres, age 18 years, died at 1:00 p.m. Tuesday, June 9th, after a two-months illness at John Gaston Hospital.

"THE LIFE A MAN HAS TO LIVE"

By Sp/4 Roger D. Nichols
South Vietnam

First, you are born in this sinful place,
Not knowing the problem you have to face.
Mother tries as hard as she can,
To make you a better man.
And when mother has done all she can do,
The battle for life is left up to you.
And when everything is going just right,
That's when your country calls you to fight.
They take a man, put him all alone,
About 10,000 miles from home.
Drain his heart of all his love,
Make him live in sweat and blood.
You leave behind all the things you know and love.
To go to a place where there could never be love.
And this is when you first realize,
That a man is not measured by his size.

TVA TIMBER SALE

The Tennessee Valley Authority offers for sale under separate contracts seven tracts of standing marked pine, hardwood and cedar sawtimber and three tracts of standing marked pine pulpwood located on Guntersville, Wheeler, and Pickwick Reservoirs.

General tract locations and estimated board foot volumes for the sawtimber offerings are as follow: (1) In Jackson County, Alabama, along Raccoon Creek embayment, Guntersville Reservoir, an estimated 1,038,726 board feet; (2) In Jackson County, Alabama, along Raccoon Creek embayment, Guntersville Reservoir, an estimated 537,230 board feet; (3) In Jackson County, Alabama, along Mud Creek embayment, Guntersville Reservoir, an estimated 467,346 board feet; (4) In Jackson County, Alabama, along Mud Creek embayment, Guntersville Reservoir, an estimated 31,722 board feet of cedar; (5) In Morgan County, Alabama, along Cotaco Creek, Wheeler Reservoir, an estimated 308,430 board feet; (6) In Lauderdale County, Alabama, on the right bank of Pickwick Reservoir, between Waterloo and the Tennessee state line, an estimated 531,993 board feet; and (7) In Hardin County, Tennessee, on the left bank of Pickwick Reservoir approximately one mile upstream from Pickwick Dam, an estimated 255,589 board feet.

Pulpwood tract locations and estimated cord volumes are as follow: (1) In Marshall and Jackson Counties, Alabama, on islands in Guntersville Reservoir and some adjacent shoreline tracts from Mink Creek embayment downstream to Honeycomb Creek embayment, an estimated 1,521.1 cords; (2) In Jackson County, Alabama along Town Creek embayment, Guntersville Reservoir, an estimated 260.3 cords; and (3) In Lawrence County, Alabama, along Spring Creek embayment, Wheeler Reservoir, an estimated 323.2 cords.

Sealed bids for the purchase of this timber will be received by the Tennessee Valley Authority at the office of F. G. Lupfer, Manager, Southern District, Division of Reservoir Properties, Muscle Shoals, Alabama until 2:00 p.m., CDT, July 15, 1970, and then publicly opened and read. Bid forms and detailed information may be obtained by writing the above office or telephoning 383-4631, Extension 223, Sheffield, Alabama.

You watch as your friends are being killed,
And wondering if you'll make it over the next hill.
Each night brings more and more fear,
Until you wonder sometimes where are you going from here.
Many nights under the stars you lay,
Praying to God to see another day.
And when you look and see the hunger and pity,
It makes you thankful that it's not your own city.
To see little children laying out dead,
But there is one thing many people fail to see,
That's the fact that these people want to be free.
But when you stop and think for awhile,
You say, "This could have been mother's own child."
And then you fall on your knees and pray.
That the Lord will let this world see a brighter day.
And finally it's time to go back to the things you love,
Thanks to the good Lord up above.
But you can never tell of the things you've been through,
And the many friends gone to glory without you.
Because of the hardships dear life gives,
This is the life a man has to live.

Dorothy Smith To Pledge Vows To Hiram Jones

Miss Dorothy Smith and Mr. Hiram A. Jones are inviting their friends to attend their wedding ceremony which will be at the Iuka United Methodist Church on Thursday morning, June 25th,

at eleven o'clock.

A special invitation to the wedding reception is extended to the guests.

This will be held in the Fellowship Hall of the church immediately after the ceremony.

WONDERFUL WORLD OF STATE WAITING OUTSIDE DOORSTEP

There is a wonderful world at our doorstep, and this wonderful world of course is our own state. Mississippi does offer a cornucopia of amenities which make travel through it interesting all year long, but especially at vacation time. For instance, leave the crowded fishing areas to the other guys. Mississippi's more than 475,000 acres of lakes and reservoirs provide plenty of room for the freshwater fisherman. And if you're a saltwater man, prowl the unlimited coastal line of the Gulf of Mexico for fun and fish.

There are 15 state owned parks which offer fully equipped camping grounds and other recreational attractions. The state's prime vacation spot, although ravaged by Hurricane Camille, is still the Gulf Coast, offering long stretches of beach, plus a saturation of history. Most notable of the historic points to visit are the Old Spanish Fort at Gautier and Beauvoir in Biloxi. Mississippi's old homes and

historical churches are just two more plums in the pudding. Many churches in the state reflect in architecture the early Spanish and French influence, particularly among the Gulf Coast. Civil War buffs can wind through 1,300 acres of carefully marked state memorials and monuments marking "The Seige of Vicksburg" in that bluff city. The state offers in its Indian mounds some of the finest archaeological structures in North America. Used as ceremonial, burial centers of the mighty Indian nations that settled Mississippi, these great earthen pyramids represent the basis of many Indian legends and histories.

Vacationers may choose to follow many routes, the most interesting perhaps of which is the Natchez Trace—a stream of history from Tupelo to Natchez dotted with battle grounds, Indian mounds, nature trails, scenic walkways and a frontier home built in 1780. And what could make a vacation more complete than a fair? Two of the state's most famed fairs take place in east central Mississippi in July and August. The Neshoba County Fair and the Choctaw Indian Fair, both near Philadelphia, offer horse racing, stickball, entertainers, rides, political speakers, vital to the state's construction.

All of this is just a reminder that Mississippi is a grand place to holiday and a wonderful place to live.

All Night Singing At Tupelo Fairgrounds

This year the big Annual All-Night Gospel Quartet Singing sponsored by the Luncheon Civitan Club will be held in the Miss-Ala-Fairgrounds on Saturday night, June 27. Some of the Nation Top-Name Quartets will be presented in this year's event.

The All-Night Singing has grown to be one of Mississippi's Biggest and Best Gospel Singings of the year. Top-Name Quartets to appear include Ex-Governor Jimmie Davis, Nashville, Tenn., The LeFevres, Atlanta, Georgia, Little Eva Mae LeFevre, Atlanta, Georgia, The Oak Ridge Quartet, Nashville, Tenn., The Sunliters, State of Georgia, Wendy Bagwell, The Thrasher Brothers, Birmingham, Ala., Jerry Goff, The Sego Brothers, Georgia, Naomi Sego, and The Rebels Quartet, Tampa, Florida.

Ticket prices will be \$2.50 advance, and \$3.00 at the door. Children under 12 years of age, \$1.00. All tickets are on sale at the usual places in North Mississippi. You are invited to treat your family to a night of the best in gospel singing. Join the thousands of Gospel Singing Fans for a big night of Gospel Singing.

FONTANA 4-H CONFERENCE 1970 INCLUDES TISHOMINGO COUNTEANS—Among the 250 delegates to the 15th annual 4-H Resource Development Conference at Fontana Village, N.C., were four boys and girls from Tishomingo County. Twenty-three young men and women from Mississippi attended the week-

long event which attracted 4-H'ers from the seven states covered by the Tennessee Valley Authority. Tishomingo County's delegates are: (left to right) Stanley Hall, Dianne Patterson, Nellie R. Horton, Extension Home Economist, Kim Dawson and Cathy Boothe. One of the major goals of the Conference was to

help the 4-H'ers understand how their future is related to the development and use of our natural resources.

Stewart Resigns As ABC Division Head

Kenneth Stewart resigned Monday as director of the State's Alcoholic Beverage Control Division, effective June 30.

Stewart, who has held the post since late 1968, confirmed he had submitted a letter of resignation to the State Tax Commission. He said he plans to return to private business in his hometown of Gillsburg.

"I'm just tired and worn out. This is a very demanding job," Stewart said when queried about his reasons for leaving the important position. He said he has not been in good health since suffering a severe attack of flu some months ago.

He added he had been "thinking about" resigning for several weeks.

Stewart was appointed to head the ABC Division by Gov. John Bell Williams Nov. 1, 1968. He formerly served on the State Tax Commission as excise tax commissioner.

He was the third man to serve as ABC chief since the repeal of statewide prohibition in 1966. Previous directors were Earl Evans Jr. of Canton and Dr. A. V. Beacham of Magnolia.

Tax Commission Chairman Army Rhoden said the three-member commission has accepted Stewart's resignation.

"Mr. Stewart did a commendable job and I am very sorry to see him resign," said Rhoden. "His cooperation with me was excellent."

There was no immediate word on Stewart's successor. Technically, the ABC director is selected by the commission but the governor's wishes in the matter are generally followed.

Gov. Williams entered University Medical Center Monday afternoon for a physical checkup and was not immediately available for comment on the resignation. Williams told newsmen last week he was planning to undergo a series of tests at the hospital.

Ole Miss Offers Charm Course

Four beauties and title winners will join Grenada photographer Robert H. Alexander in teaching a week-long Charm Course this summer at the University of Mississippi.

The Ole Miss Charm Course will be held July 12-17 and will instruct girls in personality, poise, and personal appearance.

According to Director Alexander, a Mid-South professional photographer, the Charm Course staff will include Lassie Cook Flowers, former Miss Ole Miss; Ann Kitchens Floyd, former Miss Hospitality; Jane Carol Foshee, 1970 Miss Mississippi; and Gayle Thornton, current Maid of Cotton.

"In addition, various sorority presidents, professional hair stylists and professionals from

the world of fashion will serve as guest lecturers," Mr. Alexander said.

Classes will include instruction in personal projection, personal appearance, photographic modeling, fashions, hair styles and make-up. Discussions involving self and group constructive criticism and how to meet and deal with groups will also be included.

The course is being offered through University Extension at Ole Miss. Participants will be housed in dormitories and classes will be held in the Mississippi Center for Continuing Education.

Mrs. Stella Rutledge of Hattiesburg, Miss. has been visiting a few days with Mr. and Mrs. Bruce Rutledge. Mrs. Dee Sherril and children of Tusculum visited Monday and Mrs. Stella Rutledge returned with her daughter to spend a few days.

Singing At North Cross Roads

The monthly singing will be held at the North Cross Roads Community Church on Sunday night, June 21st, beginning at 7:00. This will not be the annual singing as has been announced. This singing will be July 19th.

Everyone is invited to come and take part in these singings.

Antioch Homecoming

All singers, pianist, and listeners are invited to the annual homecoming and singing at the Antioch Freewill Baptist Church one mile north of Burnsville on June 21st.

Plans have been made for one of the best convention singings ever held in this area. Singing will begin at 10:30 with lunch being served at the noon hour.

Dennis Homemakers

Met June 10th

Mrs. Edna Flurry and Mrs. Neicie Epps were hostess to the Dennis Homemakers regular monthly meeting June 10 at 1 p.m.

The club house was beautifully

decorated with summer flowers. A most unusual arrangement of an antique coffee pot filled with pastel colored flowers complemented the bar.

The meeting was called to order by the president, Mrs. Dot Sartain, she also gave the thought, "Gifts are what a man has but graces are what a man is." Mrs. Lois Tidwell read Titus 1 for the devotional and Mrs. Neicie Epps led the group in The Lords Prayer. The song "The Lily of the Valley" was led by Sherry Oswald.

Roll call and minutes were read by Mrs. Martha Culp. The club voted to donate \$25.00 to the St. Jude's Hospital in Memphis in Bobby Ivy's name.

The focus topic, "This and That" was given by Pat Stephens and the demonstration was given by Mrs. Neicie Epps and Mrs. Edna Flurry. The group enjoyed seeing slides on "Song of the Salad".

Recreation was led by Sherry Oswald. A remembrance game enjoyed by all. Pat Stephens was the lucky winner. Mrs. Dovie Pate won the door prize.

Delicious refreshments were served to 16 members and one visitor, Mrs. Mildred Outlaw.

SOCIAL SECURITY

Questions and Answers

Security benefits paid to Tishomingo County are \$75,000 a month as 1969. Hugh Tigrett, Tupelo Security District Manager, said the increase, signed into law by President Nixon on Dec. 18, 1969, has since raised the rate of payment by 10 percent for 2757 Social Security beneficiaries in Tishomingo County, Tigrett noted.

Social Security beneficiaries living in Tishomingo County are retired workers or dependents. Another group of workers who have retired benefits as the result of Social Security disability benefits or the death of a worker, pointed out that the majority of Social Security beneficiaries are older than one out of every five people in the State of Mississippi, people under age 60 are getting Social Security payments each month. The 61-year-olds are under 18 are receiving payments because a father or mother has died or is getting Social Security retirement benefits. 9409 who are 18 through 64 are getting Social Security benefits under a provision which permits the continuation of a child's benefits past his 18th birthday, and up to age 22 if he or she is attending school full time.

In this 18 to 22 age group, said, are some other beneficiaries, illustrating broad family protection provided working people under the Social Security program.

Some are the children of disabled, or deceased workers who became disabled before they reached 18 and who will never be able to go to work and become self supporting. The benefits of these young people, severely handicapped by physical or mental disabilities, will continue indefinitely and benefits are also payable to their mothers if the disabled son or daughter is in the mother's care.

Another small but significant group of youthful Social Security beneficiaries are those who are receiving Social Security benefits as disabled workers. Under a 1967 change in the law, disability benefits can be paid to a person who becomes disabled for work even if he has less than five years of work under Social Security. As little as a year and a half is required in the case of a worker who becomes disabled before age 24.

The Golden Homemakers Club met on June 9, in the home of Mrs. Odie Hargett for the regular monthly meeting. In the absence of the President, the Vice President, Mrs. Nina Harris called the meeting to order and gave the thought, "Gifts are what a man has but graces are what a man is." Miss Lela Epps gave the devotional taken from John 1:1-15 and Mrs. Roxie Hargett led in prayer. "Leaning On The Everlasting Arms" was sung. Minutes were read by the Secretary, Mrs. Amelia Ginn and roll call was answered by naming a vegetable.

The Club goals were checked during the business session. The Homemakers were pleased to have three 4-H Club girls to give the program. Dianne Patterson showed slides on "Slad Making". Barbara Moore gave a talk on "Seams." Charlene Patterson gave a demonstration on "Foods and Nutrition."

Dianne Patterson gave a report on her recent trip to Fontana, N. C. She was awarded this trip because of her outstanding job in 4-H Club work. Dianne also announced to the group that four 4-H girls attended the District Contest on June 8th. They were Dianne and Denise Patterson, Barbara Moore, and Judy Lynch.

Mrs. Emma Barrett led the recreation with Mrs. Nina Harris winning the prize. Mrs. Lucille Sowell won the door prize. Mrs. Dora Patterson was auctioneer for a "White Elephant" sale. Mrs. Hargett served refreshments to the 11 members and 6 visitors present. Members present other than those mentioned were Mrs. Portia Long, Mrs. Zodie Collier and Miss Cleo Epps. Visitors present other than the 4-H members were Mrs. Eugene Bohannon, Mrs. Joyce Hargett, and David Jones.

The meeting adjourned with plans to meet with Mrs. Nina Harris in July.

through his agency will run approximately twice as high this year as in any previous year. Loans for new one family homes under the rural program exceeded 25,000 through March, equalling the number approved for the entire fiscal year 1969. By contrast, new home starts in the nation as a whole declined by an estimated 15.3 percent during the 9-month period ended in March.

The spring seasonal upsurge of building is expected to result in the Farmers Home Administration surpassing \$800 million in insured housing loans for the year ending June 30. The year's activity, Mr. Smith said, will account for about 80,000 new and improved homes for rural Americans of low and moderate income. Last year, the agency's previous record year, Farmers Home insured \$500 million worth of loans on 50,000 homes.

The local FHA office is located next door to the Iuka Post Office. Funds are presently available to make housing loans in Tishomingo County to eligible applicants.

Housing Starts Gain In Rural Program
The rural housing program is an area of growth in the nation's housing picture, Administrator James V. Smith of the Department of Agriculture's Farmers Home Administration reported today.

Mr. Smith disclosed that rural people served by the home loan insurance program of the Farmers Home Administration, a Department of Agriculture credit agency, are moving into new or improved homes at a 17.4 percent faster rate than a year ago.

The Administrator issued a progress report on the rural FHA's expanding support of home financing for families in the countryside and towns of up to 5,500 population. His report for the first 9 months of fiscal 1970 showed that the agency approved 43,748 home ownership loans totaling \$465.4 million, as against 37,277 loans totaling \$360.7 million in the corresponding period of fiscal 1969.

Harmony Homemakers

The Harmony Homemakers met in the home of Mrs. John Puckett on May 18th.

The thought for the month was "You cannot be helped much if you do not want to be helped." Call to order was by the president, Mrs. John Puckett. The song was "Love Lifted Me." During the devotional, each member gave a Bible verse.

During the business session a check was made on club goals. Mrs. Mabel Dean gave the county council report on health. "Why so many lose their hair." A discussion was given on skin care and make-up lessons and a demonstration was given.

Recreation was a film on salads shown by Mrs. Wilmer Locke.

Members present other than those already mentioned were Mesdames Ludie Miller, Will Cresap and Edward Sanderson. A guest, Mrs. Leona Weaver, of Texarkana, Texas, who was a house guest of Mrs. Delma Dean, also attended.

The hostess served glazed doughnuts topped with icecream, coffee and fruit punch.

ANIMALS

(By Mary B. Davis)

Animals are stolen every day and sold to pet mills and to research laboratories.

The thieves travel in automobiles and in covered pick-up trucks.

They are ruthless people and they keep the animals under horrible conditions until they can dispose of them. When a buyer cannot be found soon enough, the animals are often left to starve to death.

Animals used in research laboratories are put through unnecessary torture and kept under very bad conditions (sometimes, they are not even fed or given water—one cold-blooded attendant made the statement, "Well, they're going to die anyway, so why feed them?").

In 1966, Congress passed a law to protect pet owners from theft, and to insure humane care and treatment for animals used in research facilities.

The thieves and the research centers found ways of getting around this law, so Congress is now considering the "Whitehurst bill" (H.R. 13957).

The Whitehurst legislation would strengthen Public Law 89-544 and make it much harder on the offenders.

You can help stop "petnapping" and prevent unnecessary cruelty to all the research animals by taking just a few minutes of your time to write to:

Honorable Jamie L. Whitten
House of Representatives
Washington, D. C. 20515

By asking him to support the Whitehurst Bill, you may be helping your own animals.

STENNIS DECRIES INCREASED COST OF LIVING IN U. S. A.

Senator John C. Stennis has asserted that, amid the headlines involving the war in South-east Asia, campus disorders and other major news stories, there "is an important and grave situation which has developed rapidly and to a large extent has gone unnoticed." The Senator said that he had reference to that "old and ugly word 'inflation'."

The Mississippi Senator said that, in April alone, retail prices rose about six-tenths of one percent, and that this was the biggest jump since December of 1969. "Upon inquiry," he continued, "I find that the Consumer Price Index has moved up to 135% of the 1957-1959 average, and this means that groceries, medicine, housing, services and other necessities which cost the wage earner \$10.00 twelve years ago now cost him \$13.40. This represents a 34% decrease in purchasing power of the dollar."

He said that inflation and the continued increase in the cost of living hit hardest at those who work day after day to make ends meet and to those living on pensions or retirement. "Inflation," he added, "is an insidious and vicious form of taxation because day after day, week after week, and month after month it decreases the value of the dollar, and thus takes money out of the pockets of those who need it most."

Additional evidence of the financial problems, he added, is found in the fact that the stock market has fallen to the lowest level since March, 1963, and the fact that the Administration, after having predicted treasury surpluses for FY 1970 and FY 1971 now admits that it expects a deficit for both years. He asserted that there was even an indication that the Administration would ask for increased taxes next January.

A part of the problem, he stated, "lies in the fact that we have continued to increase wages, prices and other costs, including automatic escalations written into some legislation and proposed in others, and, as a result of this and other factors, we have had this runaway inflation that's impairing the economy of the nation and the savings and earning power of our people."

He said that the problem must be met head-on and fearlessly and frankly. "Suggestions for voluntary wage and price controls," he continued, "have been rejected by the Administration. Nevertheless, we must be willing to tighten our belts and make sacrifices for at least a short time in order to get our economy adjusted and the spiral of inflation halted. I pledge to you my best efforts and my close attention to this very serious problem. As hard as the course may be, we must find some way to halt this trend and keep the lid on this situation and restore stability to our financial and economic situation."

Mr. and Mrs. J. W. Castleberry visited Mrs. J. C. Deaton in Tishomingo on Monday.

Mr. and Mrs. Richard Bizzell are moving to Dunkirk, Ind. He is in construction work.

JANIS DAVIS TO BECOME BRIDE OF JERRY COLLUM

Edna M. Davis of Red Bay announces the engagement of her daughter, Janis Elizabeth, to Jerry Collum, son of Mrs. J. R. Collum, Red Bay. Janis is also the daughter of P. E. Davis. Her parents are Mr. W. B. Davis and the late Mrs. Howell Davis. Janis, Miss., and E. N. Davis, Red Bay, will be a senior at Red Bay High School this fall. The prospective groom is a graduate of Red Bay High School and Northwest Alabama Technical Institute. He is now employed in Haleyville. The nuptials will be solemnized Saturday, July 11, at the Red Bay Church of Christ at 7 p.m. No invitations are being sent, but all friends and relatives are invited to attend.

On Dean's List At NEMJC

Shirley A. Thorne of Route 1, Tishomingo, was among the freshmen students at NEMJC named

to the Dean's List for the second semester. To be placed on the Dean's List her grade point average had to be 3.5 or better. Shirley is a 1969 graduate of Tishomingo High School. She was a member of the annual staff and Beta Club. Not only was she a Senior Superlative and Valedictorian of her class, but she also received the English, Social Studies, Home Economics and Beta Scholarship awards.

At NEMJC, Shirley is majoring in Business Administration and is a member of the Wesley Foundation.

She is the daughter of Mr. and Mrs. Edward Thorne of Route 1, Tishomingo.

American Legion Urges Citizens To Fly Flags

The American Legion of Mississippi is moving immediately to spur its two-hundred local Posts to action in response to a nationwide appeal by National Commander J. Milton Patrick to give responsible citizens a means of expressing their support for their government, and a visible expression for their love of country, Department Commander Hugh Broome, said today. All citizens are urged to fly their flags publicly, especially on June 14th, Flag Day, and on July 4th, Independence Day.

Commander Broome said that each local Post is being encouraged to sponsor a patriotic rally or parade of flags or some type of patriotic demonstration as best fits the needs of the local community.

"We want, in this moment of crisis for America to give every good citizen of every age bracket, Legionnaire or non-Legionnaire, an opportunity to express his concern by visibly demonstrating his love of country by participating in a patriotic program in his own hometown," Commander Broome said.

"We are suggesting that such programs may be scheduled for Flag Day (June 14) or for Independence Day, which are natural patriotic observances coming up in the immediate future, but this is purely in the nature of a suggestion and the local Post can select any day that might best suit the need and the purpose of the community," Department Commander Broome said.

"As National Commander J. Milton Patrick has stated in a recent letter to me, we want to give people an opportunity to express themselves in this time of crisis. We are now dealing with an aroused America looking for leadership through which to express its feelings.

"We want to capture the mood of America at this very moment and transmit it to our elected public officials both at the state and national levels," Broome added.

\$255,000 Asked For Natchez Trace Plans

The Appropriations Committee has recommended an appropriation of \$255,000 for planning on an unconstructed strip of the Natchez Trace Parkway.

The measure is now before the Congress and will be for the coming fiscal year, if approved.

Natchez Trace Parkway officials said the money would be

for engineering and planning of 36 miles north from Tupelo. The remaining 6.07 miles in Mississippi in Tishomingo County is now under construction.

Officials emphasized the money would not be for any actual construction work and construction would depend on future funding.

The land for rights of way has been purchased by the state of Mississippi and will be turned over to the Parkway before construction.

Parkway officials said construction planning would be done by the Bureau of Public Roads.

The money was included in the committee report after three persons from this area appeared before the committee to ask for the money.

FALLOW LAND NOW

June, July and August are the months to fallow land that will be planted in late August or early September to winter grazing crops. One of the best ways to help insure profits from grazing light calves on ryegrass or small grain through the winter is to get an early fast growing stand.

Following the land from mid-June until mid-August then waiting for rain planting in moist firm soil will help get just such a stand of ryegrass or small grains.

If the land needs lime, apply the needed lime before disking begins so that it will be thoroughly mixed with the soil by planting time.

BOLL WEEVIL CONTROL
If you find 50 or more live

boll weevils per acre in your young cotton, then an application of insecticide is justified. But wait until the cotton begins to square before making an application of insecticide.

Female weevils emerging from hibernation begin depositing eggs in cotton squares that are five to seven days old. The female can deposit 10 to 12 eggs a day so with a high number of overwintering boll weevils in the field, it could mean a big hatch-out of weevils during the second week of blooming. These weevils could be hard to control and square infestation counts could rise sharply. Besides this, both male and female weevils feed on young squares causing them to shed.

To make a per acre count for boll weevils, look in the terminal area of young cotton. Examine 50 feet of row in five areas of the field (a total of 250 feet). Multiply the number of live weevils by 50 and this will give you the number of weevils per acre.

Remember any insecticide application applied to young cotton will reduce numbers of beneficial insects and may result in bollworm problems in July. So if poisoning for boll weevils is necessary, make one application of a recommended insecticide. A short lasting insecticide would allow beneficial insects to build up quicker in the field.

BORON ON COTTON
the hills and Delta foot-

hills boron is needed for top cotton production. In most field tests the Agricultural Experiment Station found yield increases of 50 to 100 pounds of seed cotton per acre where boron was used.

If you did not use a borated fertilizer, you can still get the needed boron on your cotton. You can do this by making foliar applications of boron in water or insecticide during the cotton fruiting season.

Make five to seven soliar applications of approximately 0.1 pound of boron per acre at weekly intervals can be expected to give satisfactory results.

luka Boy Gets Veterinary Degree

Among the 89 Doctors of Veterinary Medicine conferred degrees at Auburn University June 9th was Bobby Orville Glenn of luka.

Bobby is a 1933 graduate of luka High School where he was among the Who's Who, a member of the Athletic Club, F.B.L.A., served as president of the Science Club and captain of the football team.

He attended NEMJC in 1964. In 1965 and 1966 he attended Mississippi State University and for the past four years has attended Auburn University. Having high grade point averages placed Bobby on the President

and Dean's List several times. At Auburn, he pledged Omega Tau Sigma Fraternity, where he served as an officer.

His parents, Mr. and Mrs. Chester O. Glenn of luka, attended graduation exercises.

Bobby's wife, Carol Carter Glenn, received her degree in Science and Arts in the same graduation exercises with him.

A woman seeking a divorce from her conceited husband said "He is thoroughly convinced that if he hadn't been born, people would want to know why not."
