### Four County Football Teams See Action This Week

At Home, Iuka Travels To Pontotoc and  
Vina Will Be Playing At Adamsville Friday

The football season will  
begin tonight at Belmont.  
Iuka will play host to Red  
Bay. Last year Red Bay  
lost to a 0 - 0.  
Iuka will open at home  
tonight, September 3,  
at Vina, Ala. Last year  
Iuka defeated Vina by a  
margin. Belmont and  
Iuka are the only teams

in the county to play at home  
on opening night.

Both Iuka and Burnsville will  
be on the road, Iuka to Ponto-  
toc on Friday night, and Burn-  
sville will be playing at Adams-  
ville, Tenn. on Friday night.

Tishomingo County has a  
divided football campaign. Bel-  
mont, Tishomingo and Burn-  
sville are members of the Tippi-  
ningo Conference. This county

last year put out the number  
one and number two teams in  
the Tipping Conference, Bel-  
mont finished first (8-1-1), and  
Tishomingo scored 9-1. Belmont  
posted a 6-0 conference record  
while Tishomingo posted a 5-1  
mark. Belmont was the only  
team to defeat Tishomingo last  
year. Burnsville was trying to  
rebuild last year and they were  
not as impressive as they should  
have been. This year hopes to be  
a lot better.

Iuka, the area's lone in-  
dependent team, will have to  
rebuild a little here and there,  
but should be tough at both sides  
of the line.

The county has three new  
coaches, Ken Shackelford comes  
to Burnsville, Kenneth McClain  
to Iuka, and Eddie Hamilton to  
Tishomingo. Paul Prestage stays  
at Belmont for another season.

To give you, the people, a  
little look at the four county  
teams, we will start with  
Belmont. Belmont will have 12  
lettermen returning. Three of  
these 12 were starters last year.  
Belmont is in a rebuilding year.  
Roger Moore is the assistant  
coach. Belmont's first game  
will be at Belmont against Red  
Bay.

Tishomingo lost 10 lettermen,  
but will have 8 lettermen return-  
ing. They are also in a re-  
building year. Eddie Hamilton  
is the new head coach. Tish-  
omingo will be at home against  
Vina, Ala. Friday night.

Iuka will travel to Pontotoc  
Friday night. Kenneth McClain  
will be head coach. Iuka has  
32 out for football, nine of these  
are returning lettermen.  
Burnsville will travel to  
Adamsville, Tenn. for its opener.  
Burnsville has 16 men out for  
football, six of which are letter-  
men.

All county games will start  
at 8:00.

A more complete schedule will  
be in next week's Tishomingo  
County News.

### Sportsmen's Supper Tonight

Tishomingo County Sportsmen  
will meet tonight (Thursday) at  
7:30 o'clock for a barbecued  
ham supper at the Youth Center  
in Mineral Springs Park.

This meeting will be the date  
to elect new officials for another  
year.

All members are urged to be  
present.

### Iuka Baptist Tent Revival To Begin September 5th

The Brotherhood of Iuka  
Baptist Church is sponsoring a  
tent revival at Funland Park on  
Highway 25 South of Iuka. It  
will begin September 5th and con-  
tinue through September 9th with  
nightly services at 7:30.

Rev. Harris Counce, Jr., Pas-  
tor of the church will be preach-  
ing. Rev. Jerry Swimmer, Min-  
ister of Music, will direct the  
singing.

This is the third annual meet-  
ing of this nature. The two pre-  
ceding ones have been very suc-  
cessful. Bro. Counce says. He  
further states that plenty of park-  
ing space is available adjacent to  
the tent where people unable to  
get out of their car can hear.

### AL-VFW Meeting Tonight

The regular monthly meeting  
of the American Legion, Veterans  
of Foreign Wars, and their Aux-  
iliaries will be at 7:30 p.m., to-  
night (Thursday).

Activities will get underway  
with a supper honoring the  
American Legion-VFW baseball  
Little League players. The regu-  
lar business session will fol-  
low.

All members are urged to be  
present.

### Singing At Patrick

The annual monthly singing at  
Patrick will be September 5, at  
6:30 p.m.

Everyone is invited to attend.

### County Fair King & Queen Winners

KING & QUEEN, AGES 16-21—  
At Tuesday night's Fair activi-  
ties when the Kings and Queens  
were chosen, Dianne Cutshall,  
daughter of Mr. and Mrs. Douglas  
Cutshall was crowned Queen and  
Marty Puckett, son of Mr. and  
Mrs. Roy Puckett of Burnsville  
was the King. First alternates

### Bill Waller And Family Vacation At Coleman Park

Fulfilling a promise made dur-  
ing the campaign, Bill Waller  
came back to Tishomingo County  
to rest and recuperate from the  
rigors of a hard fought campaign.  
Flying into the local airport on  
Thursday afternoon with his fam-  
ily, he headed immediately for  
the quiet serenity of J. P. Cole-  
man State Park.

For the next three days, home  
for him, his wife, Carol, and  
children, Bill Jr., 19; Joy, 17;  
Bob, 13; Eddie, 10; and Don, 8,  
became cabins 1A and 3A with  
their magnificent view of beauti-  
ful Pickwick Lake. Contrasting

with the hustle and bustle of the  
final weeks of campaigning, life  
on the lake proceeded at a lei-  
surely pace. The luxury of  
sleeping late was combined with  
swimming, boat riding, water  
skiing and just plain relaxing,  
making their stay not too dif-  
ferent from the hundreds of other  
families who crowd the facilities  
in the park each summer.

Commenting on the natural un-  
spoiled beauty which abounds in  
the area, Waller said, "The  
tourist dollar is one of the cheap-  
est dollars we can add to our  
economy. We must make it more  
convenient for our people to enjoy  
these scenic and historic sights."  
Adding emphasis to his remark  
was a discussion with park ran-  
ger, Dayton Pruitt, who reveal-  
ed the facilities at the park to  
be booked solid next year with a  
companion waiting list. He  
stated further, "There is no  
question we have an acute need  
for more motel and cottage type  
accommodations in the parks in  
this section of the state."

Following a quick tour of the  
state park now under develop-  
ment at Pickwick, he commented,  
"Tennessee is spending 4 1/2  
million dollars on this project  
and in my opinion our potential  
for development is certainly as  
great as theirs."

On Saturday, he held a brief  
meeting with some of his sup-  
porters at a local restaurant  
where he expressed his appre-  
ciation for the fine support he  
received in the county during the  
second primary. He then motored  
to Corinth to meet with Alcorn  
County supporters and enroute  
was able to view local highway  
problems first-hand. He com-  
mented particularly about the  
obstacle to economic growth  
these problems were producing  
and of the hazardous driving con-  
ditions which were apparent.

Looking tanned and relaxed,  
the Wallers boarded an air-  
plane Sunday afternoon at the  
Iuka airport amid a crowd of  
well-wishers. They were re-  
turning to Jackson to prepare  
to hit the campaign trail again,  
but this time at a slower and  
more relaxed pace.

Monday night, after the Wallers  
returned to Jackson, a victory  
dinner was held at 7:30 o'clock  
in the banquet room of J. P.  
Coleman Park Lodge. Ninety-  
six supporters enjoyed the smor-  
gasbord style meal.

Dr. Bobby King, an Iuka phy-  
sician and chairman of Waller's  
campaign in Tishomingo County,  
was Master of Ceremonies.

Fourteen members of the Iuka  
Baptist Youth Choir entertained  
the assembled group.

#### 'ZAPPING' FAP

President Nixon's proposal that his controversial Family Assistance Act be delayed a year is not simply a part of his anti-inflation drive. Washington observers say that the delay is recognition of the fact that the welfare expansion legislation has little chance in the Senate because of increasing comprehension of the injurious effects of the misnamed 'welfare reform' plan.

The key element in the blocking of FAP has been the alternative legislation submitted by Sen. Carl Curtis (R-Neb.). In a recent speech, Sen. Paul Fannin (R-Ariz.) noted that "a rather remarkable groundswell is developing in behalf of the alternative welfare reform legislation introduced less than two months ago by the senator from Nebraska."

Another important figure who has shed light on the hurtful character of the Nixon-Mills welfare bill is Sen. Russell Long (D-La.), who plays a decisive role in the Senate Finance Committee.

Powerful liberal newspapers in the Northeast continue to press for enactment of FAP. The Washington Post, for example, recently said in an editorial: "We support this bill . . . because we regard it as a first step to a more dignified national income support system financed and administered by the federal government. FAP would put a federal floor under welfare pay-

ments for the first time and would extend aid to the working poor."

For the same reason, opponents of welfare expansion are trying to "zap" FAP in the Senate. They believe that the legislation is wrong in principle, in that it embodies the guaranteed annual wage concept. They also hold that payments under FAP will be increased with every session of Congress, precisely as farm subsidies have mushroomed over the years.

While FAP has passed the House of Representatives, many members of that body are busy trying to educate the public on the evils of the legislation. U.S. Rep. Edward J. Derwinski of Illinois is one of the members of Congress taking a leading role in that educational effort.

In a recent speech in the House, Congressman Derwinski pointed out that FAP "by providing welfare assistance to an entirely new category of families where there is an employable or employed adult member, will nearly double the number of people eligible for welfare in the first year of operation."

The congressman further pointed out that "realistically a reduction in the caseload, even over the long run, is not likely to occur if H.R. 1 (the Family Assistance Plan) is enacted. First of all, by incorporating the 'guaranteed annual income' concept as it does, it creates a built-in escalator factor which

is likely to more than cancel any caseload reduction resulting from the application of its 'work incentives' provisions."

Rep. Derwinski subjected FAP to thorough analysis. He made clear in his speech that the so-called work incentives are a farce, saying that "there is a loophole a mile wide in the work requirement of H.R. 1." He added that "surely the President knows the extent to which present abuses of the welfare system are traceable to the ingrained opposition on the part of both HEW officials and local social workers to the concept of work incentives and moving people off the relief rolls into the working force."

In view of the increasing exposure of the bad features of FAP, it is to be hoped that Mr. Nixon will do more than propose a one-year delay in the program. He has said many times that he wants the states and the people to regain powers now in the hands of the federal government. He can realize that objective by completely discarding the Family Assistance Act -- a program which is in conflict with his campaign promises in 1968. The President will considerably enhance his credibility if he joins in "zapping" FAP.

## THE BIBLE SPEAKS

John Gardner  
Iuka Church of Christ

Q: "If Jesus is the Prince of Peace, why did He say that He 'came not to send peace, but a sword'?" A: Several hundred years before Christ came into the world, the prophet Isaiah assigned Him the name of 'Prince of Peace' by inspiration (Isa. 9:6). Jesus Himself promised peace to his disciples (John 14:27) and made peace with God for man (Ephesians 2:14). He makes peace between men by uniting them in Him and in His body, the church (Ephesians 2:13-17). Therefore, the statement made by Jesus that He would send a sword, seems difficult to understand. However, the difficulty is lessened when we note the verses surrounding that statement, Read Matthew 10:31-39. Then read verse 34 again.

From the surrounding verses, it is obvious that Jesus is discussing the EFFECT that His coming would have on the world as a whole and what the world would do to the disciples because they were His. He did not come with the set purpose of causing trouble between a man and his father, but that is one result of His coming. Men hardened in sin, not only refuse to surrender to Christ in obedience to His will, but they also forbid those near them to do so. If a person goes against the wishes of his family and becomes a Christian anyway, trouble usually results. Since this is true, Jesus tells us that we must love Him more than we love our family (Matt. 10:37). If the choice must be made between our family's wishes and the will of Christ, we must do His will, or be lost. He said earlier in this same chapter, "And the brother shall deliver up the brother to death, and the father the child; and the children shall rise up against their parents, and cause them to be put to death. And ye shall be hated of all men for my name's sake; but he that endureth to the end shall be saved." (Verses 21,22).

As we count the cost of being a disciple of Jesus, we must not overlook the promises of God and Christ to be with us and to give us the triumph (Matt. 10:28-31; Romans 8:35-29; II Cor. 2:14). If we will do our part, God will surely do His, and we will endure whatever "sword" comes our way in the cause of Christ.

**BAPTIST CHURCH BOOTH** — The photo is a scene of the church's Witnessing booth at the Tishomingo fair. The purpose of the booth is to give a Christian witness and to make men aware of the fact that there is a spiritual part of man that needs to be ministered to. Youth of the church are at the booth each night taking a National Religions Survey. Contemporary gospel music is played at the booth, which is wired for sound. Shown in the above photo are, left to right, Bro. Harris Counce, Nebraska Counce and John Norris. The booth is located in the Exhibit Building. The public has a cordial invitation to visit the booth.

### August With The Jaycees

The Iuka Jaycees erected and manned the election board across from City Hall on election night, Tuesday, August 3, and again manned the board on August 24, for the second primary. On August 13, the baseball players, who participated in the Jaycee Summer Baseball Program, were treated to a hot dog supper. Around fifty trophies were presented to various boys.

The first bi-monthly meeting was held August 10. Guest speaker, Paul Hook, gave a very informative speech on the Communist movement in the United States today. The club voted to sponsor another Donkey Softball game for a ways and means project. Junior Rhodes was appointed chairman of the project. Herbert Thomas, Jr. was presented an outstanding Jaycee of the quarter plaque for his efforts during April - June.

The annual Summer Board meeting for the Mississippi Jaycees was held in Tupelo August 20-22. Seven members from Iuka attended the meeting. A highlight of the meeting was the attendance of National Jaycee President, Ron Au, from Hawaii. The Iuka Jaycees presented Ron with a large watermelon. Ron thought it would only be fitting for the meeting to have a watermelon cutting among the five hundred plus Jaycees present. Jim Kirk was presented a Blue Ribbon award by National Vice-President Bill Hobbs of North Carolina.

At the second meeting in August, the local club set the date for the Donkey Softball game, September 21. The Jaycees continued selling the "Family Plan" season tickets to promote sports activities at Northeast Mississippi Junior College in Booneville. The Jaycees voted to again help with the Punt, Pass & Kick, sponsored by McNatt Ford Company. Other projects accepted by the club was the dunking stool at the Tishomingo County Fair and a booth inside the Fair Building.

Three officers attended the Area "B" officers orientation held at Booneville, August 30. Jim Kirk continued to lead in the Parade of Members contest and Billy McKissick ended the month in first place in the Top Directors contest.

Wednesday night brought the Parchman Penitentiary Band for a return engagement. This musical attracted a large crowd.

Tonight is a new feature of fair activities. It is the Motorcycle Show, beginning at 7:30 o'clock.

Friday night will be the Tiny Tot Show in three divisions.

Saturday is a day to take the family to the Midway.

### PERSONALS

Richard Hollins, 24, of Corinth, the driver of the other car, was taken to Magnolia Hospital and died enroute to John Gaston Hospital in a Lusk ambulance.

According to investigators, Hollins, driver of a brown 1970 Pontiac Lemans, had crossed the yellow line and was passing on a hill near the R. C. Rhoads Shopping Center when the collision occurred.

Harris, traveling south in a 1963 Chevrolet, apparently swerved to the left side of the road attempting to avoid a crash.

Witnesses told investigators that Hollins was racing with a 1964 black Ford Fairlane when the accident occurred. A search is underway for the driver of the third car, believed to have been involved.

Injured in the accident was James Crayton, 25, of Corinth. He sustained hip and chest injuries and was transferred to Baptist Hospital in Memphis.

William Phillips, 22, of Corinth received minor injuries, but was treated at Magnolia Hospital and released. He reportedly fled the scene, but officials questioned him at the hospital.

Funeral services for Harris were at 3:00 p.m. Monday at New Hope Church of Christ with Marvin Rainey officiating. Burial was in the adjoining cemetery.

Survivors include his wife, Mrs. Linda Evetts Harris; two stepsons, Roy Lane Bobo and Sammy O'Neal Johnson; his parents, Mr. and Mrs. Cecil Harris, all of Corinth; his grandparents, Mr. and Mrs. Marvin Harris of Corinth, and Mrs. Claude Whitaker of Iuka; a brother, Lannie Roy Harris of Houston, Texas; and two sisters, Mrs. Judy Colston of Houston and Mrs. Myra Evetts of Corinth.

Hollins' body was returned to his hometown of Selma, Ala. for burial.

### Notice

There will be a working at Fairview Church on Saturday, September 4, 1971, to clean the cemetery and other repair work to building. Please come and bring your tools to work with.

## Hornets Were The First Papermakers

HORNET is the name of any one of several large wasps called social wasps. Most hornets are dark-colored, with white or yellow markings.

Hornets were the first papermakers. They make large paper nests from wood and plant fiber that they have chewed. A female starts to make the nest in the spring. She constructs several nest cells, lays a few eggs, and feeds the larvae. When the young of the first brood mature, they become workers who help the queen enlarge the nest, gather food, and rear additional broods. By late summer, the nest may be half the size of a bushel basket and contain thousands of hornets. Hornets use their nest for only one season. In the fall, the queen leaves to hibernate in a

protected place.

Hornets frequently build their

nests under eaves, on porches, or in trees near houses. They are nervous insects and can give painful stings to anyone who disturbs them. As they drive their stinger into the flesh, they also inject a venom, or poison, into the wound. This causes a painful swelling that may last for some time. This active defense of their nest has given rise to many such phrases as "stir up a hornet's nest" and "mad as a hornet." Apart from this characteristic, hornets should be considered useful insects. Their young eat flies, caterpillars, and other insects harmful to man.

Among the common hornets found in the United States is the white-faced hornet. Its stout black body is covered with white markings and it has a white face. The giant hornet, or familiar yellow jacket, was introduced in the United States from Europe.

OF RELAXATION AT COLEMAN PARK — strenuous campaign, rial nominee Bill and his family spent last week relaxing at Coleman State Park on Lake. Before departing the airport on Sunday

afternoon, Mr. Waller, his family, along with friends, can be seen in the above photo. In the foreground, left to right, are his daughter, Joy, 17; his wife, Carol; Bob, 13; Eddie, 10; and Don, 8 (seated in the T-Model Ford), Bill, Jack Thorne, Mayor John H. Biggs, and Bill, Jr., 19. Jack

Thorne's Model T Ford was used in the Waller Campaign. Besides being a prized antique it is also a fitting symbol of the highway transportation system in North Mississippi, which Governor Elect Waller says must be remedied.

DOCK — Bill Waller family had a few days at J. P. Coleman State week after a tough,

but victorious, gubernatorial campaign. The family, left to right, are Don, 8; Bill, Jr., 19; Joy, 17; Mrs. Waller; Bob, 13;

and Bill. Centered in the foreground is the youngest member of the family, Don, 8.

## TVA NEWS

The largest known American elm, located near the small community of Trigon, Tenn., is getting attention from TVA foresters.

The Trigon elm, standing 160 feet high with a trunk measuring 24 feet around, is on land recently purchased by TVA as part of the Tellico Dam and Reservoir project in east Tennessee. It is well above the maximum level of the future lake and will be in no danger from the water, but it is showing its age.

TVA forest biologists have given the tree a "physical check-up" and have made plans for improving the area around it to protect its further vigor. Plans include eliminating present cattle grazing near the tree, relocating part of a road that passes nearby, cleaning and sealing wounds where limbs have broken off, bracing a portion of the crown, and fertilizing.

Hopefully the protective measures will help preserve the Trigon elm for future generations and increase its chances of warding off insects and disease. Foresters estimate it is about 300 years old, and local residents say it has been an era landmark since pioneers settled in east Tennessee.

The giant elm was first reported to the American Forestry Association, which keeps a roster of the Nation's largest trees of each species, in 1951 by Edgar Calhoun of Kingsport, Tenn.

## Labor Day Weekend Make It Safe

Labor Day signals a long weekend of relaxation for thousands of Mississippians, but for the Mississippi Highway Patrol it will be 78 hours of hard work, trying to make Mississippi highways safer.

Commissioner of Public Safety, Giles W. Crisler said the last holiday of the summer will find a tremendous number of families on our highways traveling to weekend vacation spots. Past experiences indicate that some of these people will not return from their outing of fun. They will be killed in traffic accidents. In fact, 81 crashes last Labor Day weekend killed

15 people, with 7 losing their life in one accident. The most hazardous location is in the rural area, where 85% of the traffic fatalities have occurred this year.

Patrol Chief, J. D. Gardner has made plans to use all available men during the holiday period. Chief said that road blocks would be set up on all major highways coming into the state, including the interstates, and safety brochures would be passed out to tourist advising them of our leading causes of accidents where they are occurring and other safety information. Chief said this was the first time that personal contact had been used and hoped that it would make our tourist better informed.

Enjoy the last holiday weekend of the summer, but don't let your guard down - drive at speeds that are reasonable, watch out for other driver's incorrect actions, and don't lose your good driving manners.

## Card Of Thanks

Words are inadequate to express our thanks and appreciation for the many wonderful acts of kindness shown us in the passing of our dear mother, Mrs. Ada C. Moser. All the acts of kindness you have shown her while she was a patient at Care Inn, meant so much to her.

Also, thanks for the flowers and the abundance of food brought into our home. A very special "thank you" to Mrs. Leon Phillips, Mrs. Herman Gann, Mrs. Margie Davis and Mrs. Mary Thomas, who so graciously served and did everything so perfectly to make our sorrow easier. Also, to our good Doctor and neighbor, Dr. Bobby King, who has been so wonderful and to Cutshall Funeral Service for their sympathetic and efficient service.

May God bless you.

# ANIMALS

By Mary B. Davis  
"THE WHITFIELD MASSACRE"

Shocked by the story of the killing of the cats at the state hospital ("Her Cats Were All She Had"), reporters from the Memphis Press-Scimitar investigated further. Further shocked when they learned that the number of cats heartlessly slaughtered by shotguns numbered 700 and not the "mere" sixty as was told to me, the cat massacre became front page news (Memphis Press-Scimitar, Aug. 26; Commercial Appeal, Aug. 27). The story has since been told in newspapers all across the country, on radio, and television, resulting in an editorial in the Memphis Press-Scimitar -- an editorial which should be read by all who read the story first in the Tishomingo County News:

"There's no doubt that there were too many cats at the Mississippi State Hospital at Whitfield, near Jackson.

There's no doubt they were a health hazard, as the State Health Department said in ordering the institution to get rid of them. But the way that job was done was cruel not only to the animals but also to the patients whose pets they were -- 700 of them were massacred in a spree of shooting on the hospital grounds, many in view of their owners... a dismaying kind of therapy, indeed.

Mrs. Arthur B. (Mary B.) Davis, of Iuka, Miss., a member of the Advisory Board of the Mississippi Animal Rescue League, said she visited the hospital and learned details from patients.

"The cats were slaughtered, shot right on the sidewalks, in full view of the patients," she said.

In these modern times there is no excuse for such callous practice. It would have taken a little longer, but the cats should have been caught and at least taken far away from the hospital to be killed mercifully.

This sorry incident, reported in yesterday's Press-Scimitar, should result in a wave of support, for the efforts of the Mississippi Animal Rescue League to get facilities for the humane treatment of pets.

James Cupit of Jackson, president of the League, Mrs. Davis of Iuka, member of the League's advisory board, and other League officials and advisors, have been

trying to stir up interest in establishment of shelters where unwanted pets can at least be put to death quietly and humanely.

The Whitfield Massacre is surely all the exhibit they need to get the job done."

(From: Memphis Press-Scimitar, Aug. 27, 1971).

There is nothing I can add to this editorial to stress the need for those interested in civilized treatment of animals to join and/or support the League; P.O. Box 11264 Delta Station, Jackson, Miss. 39213.

Help prevent another cold-blooded unwanted-animal massacre.

## Local Business

"The quality of life" has become a favorite area discussion among intellectual commentators. However, they rarely get around to defining just what they regard as better quality in living.

Generally, the pundits imply that something is missing from the kind of life most Americans choose to lead. They consistently imply that less emphasis should be given to material things and more to spiritual values.

When the average person reads or hears exhortations on the quality of life in magazines or on television "think" programs, he is left perplexed. Everyone would like a happier and more enriching life. However, he is not able to disassociate personal well-being from material security and the conveniences provided by modern industry.

A great many people simply are not -- and will never be -- interested in hiking, bike riding, reading poetry, listening to classical music, and so on. The much maligned television viewer may rightfully consider a putt by Arnold Palmer or a pass by Joe Namath as a supreme work of art.

What may be a good life-style for one person may, under any circumstances, be considered drudgery for another. We may be thankful for the difference and a society which allows for options.

One of the great values of advertising in a free society is that it provides a complete range of information on options available to the individual who is seeking a better quality of life.

## Ladies Home Asks For Help

A fund drive is on for the Old Ladies Home in Jackson, Miss. The continued maintenance of the

Home depends on the generosity of the good citizens of Mississippi.

Since its establishment in 1908, this Home has been a refuge for homeless, elderly ladies who have no other means of support. Join this worthwhile effort, and mail your contribution to Mrs. Dudley Phelps, Treasurer, 420 East Fortification St., Jackson, Miss. 39202.

## 7,500 Youth Provided Work Thru NYC

Neighborhood Youth Corps (NYC) projects provided work opportunities for approximately 7,500 boys and girls from poverty income families in Mississippi during the summer months. The U. S. Department of Labor's Regional Manpower Administrator William U. Norwood of Atlanta said that Federal Funds in the amount of \$2,958,680 were made available for the projects, conducted in various sections of the State.

The goals of the summer program are to provide earnings, work experience and supportive services to poor family youths to stay in school and to encourage potential dropouts to return to school this fall, Norwood pointed out.

The Neighborhood Youth Corps was established in 1964 under the Economic Opportunity Act, and has three main components -- an in-school program designed to provide paid jobs for youth inclined to drop out of school, and thus encourage their continued school enrollment; the summer program, with similar objectives; and an out-of-school program for youth up to age 17 who have already left school and need work experience and remedial education to compete in the job market.

## Residents Invited To Join Genealogy Club Of America

Residents of Iuka and the vicinity who are interested in genealogy or local history are invited to become charter members of The Genealogy Club of America.

This is a non-profit, educational club that helps to promote amateur genealogy and preserve local history. Genealogy today is America's third most popular hobby, and the club has members in all 50 states.

Club members are given professional guidance in tracing their ancestry and in preparing family and local histories.

Books, pedigree charts, and other materials useful in this popular hobby are made available to members at considerable savings.

Club members also receive a quarterly magazine with helpful articles by genealogists and historians, and other features of

worth.

## Clean Towns

One of the criticisms voiced about American cities is that they're unclean. Too

often this is true. One needs only visit some of our larger cities to see how dirty a community can be.

Europeans, although their living standard is much lower than that in the United States, are quite proud of the way they maintain a state of cleanliness and orderliness in their cities and towns.

Even the largest European cities are often remarkably clean, with fire hoses down the streets of cigarette debris and other debris have been left during the day. The result is beautiful streets.

## God Save Our Nation From Fate Of Sodom And Gomorrah

What instant I shall speak of a nation, and con-  
g a kingdom, to pluck up,  
pull down, and to destroy  
that nation, against whom  
is pronounced, turn from  
evil, I will repent of the  
that I thought to do unto  
have listened to so many  
ges that we are living in  
path throes of our age  
cease to be moved by  
The threat of total dis-  
no longer terrifies us. Even  
urch is caught up in the  
ng currents of com-  
e. Cold Christians with  
hearts sit in cold, empty

churches carefree, contented and comfortable. They are unaware that they are spiritually paralyzed and powerless. How sad that so many of our churches are dividing and dying. Though many Christians still give lip service to the cross as God's way to heaven, they do not follow it as his way of life. We wear, instead of bear the cross. How the angels must weep, how heaven must grieve that we do so little to save a perishing world from hell! May we get down low before God and fully repent of our complacency and unconcern!

## UNTO DEATH

SIN UNTO DEATH question has been asked, answer has been given, leastwise, not a Bible. We will endeavor to give an answer. According to scriptures, God said, "let the true and every man a Rom. 3:4. The question not asked us but since we as the oracles of God and ability that God gave us proceed to answer the on. The fact is, there is the sin unto death - that ere you cannot get for-ss. The scripture under on is John 5:16, but let us elsewhere for the answer, said, "all manner of sin e forgiven to the sons of even certain sins of blas- but the blasphemy against ly Spirit shall not be for- unto men and whosoever th against the Holy Ghost, ill not be forgiven him, in this world or in the to come," Matt. 12:31-32, ee, He said all manner of there is just one sin that not get forgiveness for - if Jesus knew what he was about - read these verses ly. Notice how he stres- word ALL. Except the o we do not have to take man says but what God let God be true. Over- a man preaching on this subject about two weeks ut he apparently did not the answer either. If he e certainly did not give it, proceed to give you the from the Bible. You may lieve it, but that does not

open shame. For the earth which drinketh in the rain that cometh off upon it and bringeth forth herbs meet for them by whom it is dressed receiveth blessing from God, but that which beareth thorns and briars is rejected and is nigh unto cursing, whose end is to be burned. Heb. 6:4-8. They crucified their resurrection (note verse 6). Jesus is the resurrection, St. John 11:25. Turn your Bible to Heb. 10:26-31. For if we sin willfully, after that we have received

the knowledge of the truth, there remaineth no more sacrifice for sin but a certain fearful looking for of judgment and fiery indignation which shall devour the adversaries. He that despised Moses law, died without mercy of how much sorer punishment. Suppose ye shall be thought worthy who hath trodden under foot the Son of God and hath counted the blood of the covenant wherewith He was sanctified and unholy thing and hath done despite unto the Spirit of Grace.

Dearly beloved, that is what your Bible says. The sin unto death is, believe it or not, that does not change the truth and you

cannot disprove it because it is the oracles of God. So my prayer is that His word may be a blessing for them

for whom it is intended meet in due season.

## SINUS TROUBLE

TRUE OR FALSE

"If you live in certain parts of the country, you can expect sinus trouble."

"Once you have sinus trouble, you'll probably have it the rest of your life."

"There's not much you can do about a sinus headache."

ALL OF THE ABOVE OFTEN QUOTED STATEMENTS ARE FALSE. SINUS TROUBLE CAN BE CONQUERED.

### ARE HEADACHES SYMPTOMS OF SINUS TROUBLE?

Although headaches may not be the only symptom of a sinus condition, they are generally one of the first symptoms. They are usually intermittent, but persistent. Their location varies with the region of the sinuses where most pressure has built up.

### HOW CAN SINUS TROUBLE BE CORRECTED?

The only treatment that will eliminate sinus trouble is that which reaches the cause of the condition and corrects it.

Chiropractic recognizes the fact that the function of the mucous membrane lining the sinus cavities is controlled through nerves. Chiropractic procedure is directed to stimulating the action of these nerves so as to halt the inflammatory process and cause normal function to be resumed. Through chiropractic treatment, the healing forces of nature are activated to end the abnormal condition.

Sinus conditions are quite common to the practice of the doctor of chiropractic. He has the training and experience to correct your problem.

ONE OF THE FIRST — Mrs. Lucy Roane (Center) was one of the first Red Cross Chairmen in Tishomingo County. She is holding the county's first charter, which was signed by President Woodrow Wilson in 1918. Along with Mrs. Roane are Mrs. Estelle Lomenick, the present executive county Red Cross chairman, and Clifton Rhodes, county chairman.

## Local Red Cross Charter Dates Back To 1917

Presentation of a copy of its missing charter to the Tishomingo County Red Cross Chapter recognizes outstanding services to community and country through two World Wars, the Depression, and the challenges of the past 25 years.

American Red Cross records show the Chapter originally was chartered October 26, 1917, as the Iuka Chapter. Its name was changed to Tishomingo County Chapter April 20, 1918. The 53-year-old charter was signed by Eliot Wadsworth, acting national chairman, and President Woodrow Wilson.

The first officers of the Chapter were: Chairman—C. W. McKnight; treasurer—W. D. Ferguson; secretary—Mrs. Harry Rhine; and, chairman of finance—J. C. Jourdan.

Seven women who were among Chapter leaders through the years have contributed their recollections to a partial history of the Tishomingo Chapter during the years it won national and international recognition.

They are Mrs. J. A. (Lucy Jourdan) Roane; Mrs. J. E. (Billie Burke Whitehurst) Thomas; Mrs. Leslie C. Moser; Mrs. Delbert (Nettie Hale) Williams; Mrs. Rosemary Clark; Mrs. Gertrude C. Carstens; and Mrs. Estelle Lomenick, the present executive

secretary. Chapter chairmen with whom they served included T. M. Jourdan, Mrs. Roane's brother; E. G. Mohler; Fred Gallagher; Paul M. Edmondson; W. C. Hamilton; Mrs. Juanita Wimberly; and Clifton A. Rhodes. Mr. Rhodes was named chairman in April, 1971.

Miss Alabama (Bama) Akers organized the Tishomingo County Chapter in 1917-18, and served Red Cross and the Chapter for 32 years. Mrs. Roane joined her when she finished college in 1922, and served as treasurer until 1949. T. M. Jourdan served as chairman for eight or ten years during the time of "Miss Bama," as she was called.

"Almost every day I thought I just might resign, with two small sons and other responsibilities," recalled Mrs. Roane. "But Miss Bama urged me on."

"Mrs. Delbert Williams followed me and served with T. M. Jourdan, who then was Chapter chairman."

"During the Depression, better known in Tishomingo County as 'the lean years,'" recalled Mrs. Roane, "Miss Bama and I wrote dispersing orders for food and clothing to those in dire need throughout the county. I say 'dire' because when Miss Bama (As she was lovingly called) finished her questionnaire with the appli-

cants they were truly worthy of the food and anything they might obtain through the Red Cross.

"I wish I had the figures of how many orders were issued, and a movie of the car we traveled in to 'deliver the goods' to those who were indispensed."

"I learned quite a bit from the lectures Miss Bama gave, the people who she thought could have been more prosperous if they had worked a little harder and 'As she expressed it' put something away for a rainy day."

"The recipients were appreciative and I have thought many times of the merchants who so readily cooperated with us. I'm sure they didn't make a cent on their orders we gave them. But they knew it was for a good cause and they were doing their bit as well as the Red Cross did its best. We were giving our time unselfishly. We were volunteer workers."

Miss Bama and Mrs. Roane were delegates to the 1931 American National Red Cross Convention in Washington.

"We were benefited by the trip and the Chapter here also told us we brought back many helpful ideas to make us all work hard -- especially the fund drive chairman," Mrs. Roane said.

Mrs. J. E. Thomas, one of several Chapter executive secretaries during World War II and a longtime fund campaign volunteer, has some of the most vivid memories.

"Since I was a child I have known there was a Tishomingo

County Red Cross Chapter," she wrote. "Every spring Miss Alabama Akers donned her air of superiority and went from door to door in her annual fund drive for Red Cross. It was as natural as March wind and just as persistent if your dollar was not given on her first contact."

"Then there was the time I found my Mother's knitting needles and khaki thread. She said these were reminiscent of World War One days when the ladies of Iuka met once a week at the Methodist Church and knit socks for the American Soldiers."

They also cut and rolled bandages, packed and shipped them to Red Cross National Headquarters. She said that during World War One the Tishomingo County Chapter was very active.

"She told such exciting stories about the work of Red Cross, I knew Miss Bama's job was quite important. Later I decided it must be almost as important as a second grade teacher when my teacher, Miss Lucy Jourdan (Mrs. Roane) became Miss Bama's assistant."

"Miss Lucy, so young and vivacious, and Miss Bama, so middle-aged and austere, were the industrious two who carried on the work of the Chapter for many years. Then there was Bill Pyle (W. J.) who served as finance chairman for many years and Talmadge M. Jourdan, who came forward during World War II.

It was Bill who, in 1937, conceived the idea of giving the children of Iuka an opportunity to learn to swim. Pickwick Dam was complete and we had a brand new lake only eight miles to a point considered by TVA to be the most desirable of all the waterfront. It was under Bill's direction the Chapter hired Burt Edmondson to haul sand from Sander's Pit to Eastport, and Eastport Beach was born. There, from a rough float weighted down by sand bags, I

taught my first swimming class. "For two weeks, 35 eager youngsters crowded the school bus that left the Iuka Methodist Church in the early morning, with distraught parents in hot pursuit. This was a new experience for all of us, and you may be assured we had plenty of supervision."

Bill Pyle went with the group each day and made certain all the safety precautions that came with my Red Cross Senior Life-saving Certificate were observed without moderation. Every child learned to swim."

"I don't remember when executive secretaries came into being, but the first I remember was Mrs. Ida (E. G.) Mohler, the Methodist minister's wife, who began her work in about 1942. The work became so heavy as the hostilities lasted she asked me to do home visits and case histories for her. This I did several months, and the Chapter, with Talmadge Jourdan as chairman, paid for my gasoline."

"When Mrs. Mohler left Iuka, possibly in the fall of 1944, I took her place and worked about a year or a year and a half until Mrs. Elizabeth Moser became executive secretary."

"As the war lingered the Tishomingo County Red Cross Office was open every day. The work was heavy since we were the only direct contact with Tishomingo County servicemen in time of emergency. What we called 'beating the bushes' took so much time I asked Mrs. Lucian (Caddie) Carmichael to help. I gave her \$20 of my \$50 monthly salary to come to the office in the afternoon while I continued to do home visits."

"The next spring, 1945, Miss Esther (Chubby) Kerr was named drive chairman, but before she organized the campaign her work took her to another county and the campaign fell to Caddie and

me. For the lack of time, we completed the county organization and started our drive on a street corner with talks made by soldiers home on furlough. We set up a microphone on the Iuka Guaranty Bank corner and interviewed soldiers and sailors as they came by. I remember that one of the best talks was made by Waco Parsons who came to the office that morning to get an extended furlough. All 'the boys' were sincere and impressive in their praise of the American Red Cross."

"Our fund drive got off to an amazing start. Caddie and I had organized the rural communities and workers contacted every home in the county. I think Caddie and I were more excited over the smaller contributions of the rural areas than we were over the larger ones from Iuka, Belmont, Tishomingo and Burnsville."

"Our county quota of, I believe, \$2,500 was reached in approximately two and one-half weeks. Talmadge Jourdan, our chairman, was overwhelmed and Caddie and I were so excited we composed a telegram to National Red Cross Headquarters immediately: Tishomingo County over the top. What about New York? Pleasant responses to that telegram came to the Chapter for many years."

Mrs. Mohler's husband, E. G. Mohler, was Chapter chairman in 1940-42, and Fred Gallagher chairman from 1942-44, according to other recollections. Mrs. Mohler's tenure as executive secretary appears to have been 1942-44.

Mrs. Leslie C. Moser said she served as executive secretary from 1945-49. "During that time the Chapter received two citations from National Headquarters for outstanding services --also one from Great Britain

for services to the overseas," she said. "The quota for the raising campaign was full."

Mrs. Nettie Hale (Nettie Hale) Williams said she pointed executive secretary in 1949 while T. M. Jourdan served as Chapter chairman. Mrs. Roane treasurer.

"Mrs. Ida (E. G.) Mohler the first paid Chapter executive," she wrote. "Mrs. Mohler left Iuka in 1944. Thomas was for a while serving the Chapter. He Moser later was executive secretary until I was appointed family illness I was Mrs. Rosemary Carmichael secretary in January. I left the office Mrs. Edmondson was the chairman."

Mrs. Clark said she was Chapter executive from January, 1957. Edmondson continued man. "Our main project, Bloodmobile visits to servicemen," she reported.

Mrs. Gertrude Carstens succeeded Mrs. Clark as executive secretary in 1960's. "There were disasters in our community this time," she related. "four blood drawings, and two in Belmont. Much assistance to our families."

Mrs. Estelle Lomenick present executive secretary of the Chapter during the year she served with W. C. Hamilton as chairman. Mrs. Jourdan served as Chapter chairman from 1967 until she was replaced by Mrs. Clifton Rhodes as chairman.

# GM's ANSWERS TO YOUR QUESTIONS ABOUT THE AUTOMOBILE EXCISE TAX.

The President Of The United States, In His Address On Sunday, August 15, Recommended To Congress That It Repeal The 7% Excise Tax On Passenger Cars Effective August 15.

## What Is The Excise Tax?

THE EXCISE TAX ON CARS IS A 7% FEDERAL TAX IMPOSED ON THE WHOLESALE PRICE OF THE CAR AND IS INCLUDED IN THE MANUFACTURER'S SUGGESTED RETAIL PRICE AS SHOWN ON THE PRICE LABEL ON THE CAR.

## Who Will Receive The Refund If The Excise Tax Is Repealed?

IF CONGRESS FOLLOWS THE RECOMMENDATIONS OF THE PRESIDENT, GM WILL PASS ALONG THE FULL AMOUNT OF THE EXCISE TAX REDUCTION TO PURCHASERS WHO TOOK DELIVERY OF A NEW GENERAL MOTORS CAR BETWEEN AUGUST 15 AND THE DATE THE TAX IS REPEALED.

## What Will You Have To Do To Collect The Refund?

YOUR DEALER WILL FURNISH GENERAL MOTORS THE NAMES AND ADDRESSES OF PURCHASERS WHO QUALIFY FOR THE REFUND. WE WILL THEN ARRANGE FOR THE REFUND DIRECTLY WITH YOU.

## Who Will Pay The Refund?

GENERAL MOTORS WILL PAY THE REFUND TO YOU AS SOON AS POSSIBLE, IF THE TAX IS REPEALED. THEN GM WILL ARRANGE FOR REIMBURSEMENT FROM THE GOVERNMENT.

A TUB OF "POT" GOES UP IN SMOKE — A Tishomingo County "farming operation" — growing Marijuana — went up in smoke Monday. Sheriff George Cutshall is shown watching the Marijuana burn. The plants were found recently growing in an old washing machine tub near an old barn in the Sardis Community.

## LEWIS LLEWELLYN

## Is Honesty Old-Fashioned?

"Dishonesty is the best policy" may be the motto of the men who have established a fast-growing business operation—providing term papers for college and university students who have more money than ability or integrity.

In the Boston area, where there are several educational institutions of national reputation, there is an obvious market for ghost-written term papers—if the "hosts" can stay hidden and the "students" can pass off the papers as their own.

This has resulted in the formation of several companies which are doing business openly, under such names as Universal Termpapers, Inc., and Termpapers Unlimited.

The estimated volume of their literary output in the Boston area alone was 10,000 term papers during the past school year, with a total dollar volume of about \$250,000, according to Time magazine.

## Moral Decline

One father, wanting to make sure that his two children would graduate from college with creditable grades, reportedly contracted to have all of their term papers ghost-written.

The erosion of moral standards, even in some educational institutions, may be seen in the fact that the faculty of Babson College, when confronted with the fact that one of the Babson seniors, Ward Warren, was the owner and operator of Termpapers Unlimited, declined to take action against him. The faculty declared that Warren's business was "very distasteful," but refused to punish him, on the basis that his customers were the guilty ones. Perhaps they believed Warren's explanation that those who bought term papers from him were using them only as research material. Perhaps...

Is dishonesty infecting our whole society? Have people really begun to believe that there are no absolutes—that the only measure of right or wrong is what will be accepted by society?

## Passed the Test

Before you lose heart entirely with the whole human race, let me mention another incident which occurred recently.

Two black boys in Crystal River, Florida, found a wallet lying on the sidewalk outside a supermarket. Looking inside it, they found that it contained \$100. Remember, they had not stolen the wallet. They had found it. And nobody knew that they had found it. A hundred dollars is a large sum of money to two young black boys.

If they had had the kind of integrity manifested by the operators of the term paper racket, what would they have done with the money?

Well, they didn't. They asked their father what to do. He told them to give the wallet to the man who owned it—which wasn't hard to do, because there were credit cards in the wallet, identifying the owner.

So the two black boys—and their father—have passed the test of honesty and integrity, while some college and university students are flunking the most important test in their lives.

There is a Book which says, "We must all appear before the judgment seat of Christ, that every one may receive the things done in his body, according to that he hath done, whether they be good or bad."

## Card Of Thanks

We wish to express our sincere appreciation for the kindness shown us during the illness and death of our husband and father. The food, flowers, prayers, and presence of friends have meant so much to us.

May God bless each of you.

## AN INNOCENT ABROAD VISITS THE IRON DUKE

JOHN J. SYNON

## LONDON —

Did you see the "period" movie, *Tom Jones*? Remember the father, Squire Western, who frantically pursued his run-away daughter? And remember the inn at which he spent the night while engaged in that oldest of pursuits?

That inn was located in London, at Hyde Park Corner. It's gone now, as it has been for 200 years, and in its place stands a rather noble residence, properly known as Apsley House but colloqually as The Wellington Museum; the hero of Waterloo lived there, once his fighting days were done.

I set out to pay the duke a visit, the other day, and did better (or worse) than I had hoped.

As a person passes through the modest iron gate, there is a single sign that bears two messages. The first, with an appropriate arrow, directs one to The Wellington Museum. The other, with its arrow, points to The Private Quarters of The Duke of Wellington.

Ah, sez me, a plethora of goodies, which first? I decided to save the best for the last and went into the section marked Museum; five new pence, please. In time, I was out again, and with another five-new-pence-please clasp in my palsied hand, followed the second arrow. I wanted to see how so notable a creature as the fabled Iron Duke had lived.

Around the corner, sure enough, was an entrance door—five steps up and below, on either side of the railing, sets of steps leading into the basement. But the door was locked; wrong door, I surmised, and went around back, into the garden. But no door there, only a "picture" window and a gardener tending the duke's hollyhocks and such.

"Is that side door the proper door to the private quarters?"

"It is."

"Well, it's locked. What time do they open?"

IUKA SPECIAL MUNICIPAL SEPARATE SCHOOL DISTRICT ANNOUNCES FREE, REDUCED LUNCHES

The Iuka Public Schools announce a free and reduced price lunch policy for Iuka Special Municipal Separate School District's school children unable to pay the full price.

Iuka Separate School officials have adopted a family size and scale to assist them in determining eligibility. Three categories are listed as Regular Price, Reduced Price, and Free. This is determined by the income of the family.

Families falling within these scales or those suffering from unusual circumstances or hardships are urged to apply for free or reduced price lunches for their children. They may do so by filling in an application form which can be picked up at either principal's office.

Applications may be submitted any time during the school year. The form itself is simple to complete and requests information needed to determine economic need based on the income and number of persons in the family, and any unusual circumstances or hardships which affect the family's ability to pay for school lunches. The information provided on the application will be confidential and will be used only for the purpose of determining eligibility.

Under the provisions of the policy the principal of each school will review applications and determine eligibility. If a parent

"It isn't one-thirty, yet, is it? I should think they open then."

It was 1:25. So, I spent the ensuing five minutes making conversation.

"Are you the gardener, here?"

"Only partially, sir. Officially, I am attached to Hyde Park. They send me in whenever the duke's place needs a bit of a trim. That's all."

\*\*\*\*\*

When 1:30 came I went on back to the side door and tried it again. Still locked.

I had given it a good shaking when I noticed, big as life, a button there on the right-side door jamb. And above it, in bold letters, the word "press."

So, I pressed with inordinate vigor, bristling as I did so and thinking that here in jolly old London they run such places—as in my own dignified Virginia—at half pace and probably by little old women. So, I pressed the button again.

But it wasn't a little old woman who responded.

Up out of the cellar sprang a denim-aproned man.

"May I help you, sir?"

"Well, I wanted to see the private quarters."

"The private quarters, sir?"

"Yes."

"I am very sorry, sir, but the duke is not at home."

Comedians, comedians, the world is full of them. Well, I can go along with a gag.

"When do you expect his grace?"

"Not before the fall, sir. Perhaps September."

"Oh, and will he be bringing Napoleon with him?"

"Napoleon, sir?"

"Who else, Josephine, maybe?"

"Oh, sir, you are joking me—this is the residence of the Seventh Duke of Wellington."

Seventh duke??

I said, "Oh," and felt my ears burn as I tried to melt away.

Gauche Americans, eh?

is dissatisfied with the ruling of the local official he may make a request either orally or in writing for a hearing to appeal the decision.

T. E. Stanford, Superintendent of Iuka Public Schools, has been designated as the Hearing Official. Hearing procedures are outlined in the policy.

The policy also provides that there will be no identification of or discrimination against any student unable to pay the full cost of a lunch.

A complete copy of the policy is on file in the office of the Superintendent where it may be reviewed by any interested person.

## Party Honors

### Miss Wall

Mrs. Clyde Middleton of Iuka recently honored Miss Jeannie Ann Wall, bride-elect of Larry Don Taylor, with a rice bag party.

Guests were invited into the living room of Mrs. Middleton's home, which was attractively decorated with wedding bells over the entrance and lighted candles on the mantle.

As those present chatted, they made rice bags for the honoree with materials provided by the hostess in colors to match the color scheme for the wedding.

Mrs. Paul Crow, cousin of the bride, presided at the tea table, which was tastefully decorated with an arrangement of yellow marigolds. Cake, dainty candy and nuts were served with tea.

Enjoying this occasion with Miss Wall were her mother, Mrs. Jim Wall; the groom's mother, Mrs. Grady Taylor; Mrs. Gary Taylor, Miss Sally Yarber, Miss Jeane Ann Lambert, Mrs. Crow and Mrs. Middleton. Mrs. Middleton presented Miss Wall with a gift of a feathered pin and holder to be used at her wedding reception.

## Cathy Hall

### Honored With Bridal Shower

Miss Cathy Lynn Hall, bride-elect of Hugh Presley, was honored with a miscellaneous bridal shower August 20, at the home of Mrs. Edward Davis. Hostesses for the occasion were: Virginia Davis, Juanita Cummings, Audell Seago, Amanda Davis and Mary Sue Wright.

Cathy chose for the occasion an aqua dress with white accessories.

The guests enjoyed several games before Cathy opened the large assortment of gifts.

From the refreshment table, overlaid with a lace cloth and centered with an arrangement of

sun flowers, orange sherbert punch, cake squares, mints, and mixed nuts were served. Hostesses presented Cathy with a recipe box with everyone's favorite recipe.

## SEEDS FROM THE SOWER

By Michael A. Guido, Metter, Georgia

A father came home from church, and his little girl asked, "What did the man teach about?" "God," he answered. "Was He our God?" she asked. "Oh, the difference that He makes! A chorister, after leading his choir in singing, 'The Lord is a great God,'" in Psalm 95:3, went on to say in verse 7, "He is our God."

Christianity is more than profession. It is possession. And this possession works two ways: The Christian possesses Christ, and Christ possesses the Christian.

The Psalmist confessed, "He is our God." That is possessing Him. Then he added, "We are the people of His pasture." That is being possessed by Him. This double-barreled possession is true Christianity—anything less is a travesty.

To possess God in Christ is to have all one needs for this life and the one to come. To be possessed by Him is to have the absolute assurance of security and satisfaction.

Each person should settle this question for himself: Do I possess Christ? Does Christ possess me?

### COUNTY AGENT'S NOTES

By MSU Extension Service  
Percie B. Stricklen

**COTTON**  
Weeds now in cotton are and it will take a hot

material like Karmex or Lorox to kill them. Do not use MSMA or DSMA at this late date.

Know how long it takes from white bloom to mature boll? Normally the time ranges from 45 to 60 days depending on the weather. If it is hot and dry the time will be closer to 45 days and if cool and wet, nearer to the 60 day period.

Boll weevils are booming. This insect is out in higher numbers than in recent years and can take a big toll from the crop unless you do something to get rid of the weevils.

Protect the crop this year. We must have a good supply of cotton to maintain our markets. Also prices are better this year and more cotton means more dollars in your pockets.

### DAIRY RATIONS

Research at Mississippi State University has shown that simple grain mixtures are the best buy in dairy rations.

You can build your ration around ground ear corn and have the other necessary ingredients added at the feed mill.

These other ingredients include either cottonseed meal or soybean meal, molasses, trace mineralized salt, dicalcium phosphate and vitamin A. Mixed in the recommended proportions these will give an 18 percent crude protein feed.

Try something like this on your cows and see if they don't respond with more milk.

### WINTER GRAZING

It is time now to get that winter grazing planted. Combinations of ryegrass and wheat or ryegrass alone need plenty of fertilizer. If you did not get a soil test before planting time, use enough mixed fertilizer to give at least 60 pounds each of nitrogen, phosphate and potash per acre.

After the areas are grazed down, apply additional nitrogen. Experiment Station tests have shown profitable returns on rates of up to 300 pounds of nitrogen per acre.

### WEED CONTROL

Now is the time to start your 1972 weed control program. Right now you can easily see what your weed problem is. You can see what type of weeds are in each field. Some make a weed map of your entire farm, field by field, and this will let you match your weed control program to the type of weeds that you have.

## Bonds Family Enjoys Reunion

The family of Mrs. Nancy Esther Moore Bonds and the late Joseph Orien (Ode) Bonds enjoyed a family reunion on Sunday, August 22, in the home of one of Mrs. Bonds' daughters, Mrs. Geneva B. Woodruff of Iuka. Mrs. Bonds has five daughters and four sons and all were present with the exception of the youngest daughter, Mrs. James Allen of Seattle, Washington. Mrs. Bonds also enjoys having in her family sixteen living grandchildren and twelve great grandchildren. Two grandchildren are deceased.

There was much visiting and reminiscing done during the day as other relatives joined with the family to enjoy this happy occasion. Many pictures were taken of family groups including some where there were four generations present. At the noon hour a bountiful and delicious meal was served.

Those present and enjoying the day with Mrs. Bonds and Mrs. Woodruff were: Mr. and Mrs. W. A. Oswalt, Memphis; Mr. and Mrs. W. O. Bonds, Jackson, Miss.; Mr. and Mrs. W. G. Day, Baton Rouge, La.; Mrs. G. O. O'Brien, St. Louis, Mo.; Mr. and Mrs. B. B. Bonds, Baton Rouge, La.; Mr. and Mrs. Lee Roy Bonds and Sharon, Corinth; Charles F. Bonds, Ashland, Oregon; Mr. and Mrs. Trumon E. Barnett, Eddie and Lisa, Detroit, Mich.; Mr. and Mrs. Joseph Acaldo,

Jr., Michael and Michelle, Baton Rouge, La.; Mrs. Bertha Hester and Mr. and Mrs. Thurmon Walker, all of Iuka.

Those calling on the family in the afternoon were: Mr. John Moore, Miss Cleo Moore, Mrs. Ruby Hodge, and Mr. and Mrs.

Drennon Frederick, all of Iuka.

## Midway RCDC Meeting

The Midway Rural Community Club met Monday night, August 23, at the Community Center.

Mr. B. L. Mercer, President, called the meeting to order and Mrs. Plume Williams gave the devotional.

Mr. Mercer, President of the Tishomingo County Farm Bureau, gave a talk about his trip he had just made. He, along with 62 other county Farm Bureau presidents, had toured several states on a Growth Study

Tour. He told of several things other states were doing. All enjoyed his talk very much.

Mr. Percie Stricklin made several remarks regarding the fair, pepper program and corn and soybean crops.

Plans for the fair were made by the group present.

The next meeting will be on September 27th.

ELECTRICITY DOES IT BEST!

## THERE'S FARM PROFIT

## IN ELECTRIC HEAT

Various forms of inexpensive electric heat can raise profits in a number of farming operations.

In grain drying, electric heat may help you save a whole crop.

Slab heating (shown above) or infrared lamps reduce loss of young pigs, calves, and lambs. Brooders give chicks a healthy start.

Water warmed for livestock and dairy cows in winter helps you produce more meat and milk.

Electric heat in work areas speeds up work — keeps workers more productive.

Could you use these — or other forms of electric heat — on your farm? See us for full details and free information.
