Worst Ice Storm In 22 Years Hits Tishomingo County Area

Man Weather trans-
ferred the usual surroundings
to an icy wonderland Sunday.
The worst ice storm in twenty-
years left Northeast Mis-
sissippi shivering under a
blanket of ice. The storm
began early Sunday morning as
a slow drizzling rain froze
trees, power lines and road-
ways. As the ice froze on
the lines the heavy ac-
cumulation of ice snapped trees
and knocked down power
lines.

men began their long struggle
to combat the storm. A spokes-
man for the Tishomingo County
Electric Power Association
stated that the 30 men on their
staff were doing everything
possible to restore normal ser-
vice to the area.

At one time or another every
resident in the county has been
without power service. Mr.
Cecil Brown of the Power Of-
fice stated that 85% of the
service to patrons should be
restored by Wednesday.

Mr. Bill Brinkley, Manager
of Tishomingo County Electric
Power Association, stated that
most citizens had been good
natured about the incon-
veniences caused by power

failures. He stated that the
patience of patrons and the
cooperation of all, especially
those volunteering to help, was
most appreciated.

Schools were closed through-
out the county, and school
children, already out for the
Christmas Holidays, took ad-
vantage of the additional days
that school was closed.

Residents are reminded of the
ice storm that struck the area
in February of 1951, when the
area was paralyzed by an ice
storm of even greater mag-
nitude.

Hopefully the present storm
is over, however, at press time,
predictions of more foul wea-
ther is forecast.

Second Revenue Sharing Checks Received In County

Mayor John H. Biggs
announces the receipt of \$22,-
000 from the Federal Govern-
ment as the city's share of
Revenue Sharing. The city
had already received \$23,622
in the program in December,
and this additional check covers
the second half of the fiscal
year of 1972.

Revenue Sharing is set up to
work without the need for any
major Federal agency or
bureau. State and local gov-
ernments are free to exercise
their own discretion over the

use of the funds, providing they
are used for priority expendi-
tures. These are ordinary
and necessary maintenance and
operating expenses. Funds go to
every state, city and county in
the nation. All areas are in-
cluded - urban and rural, large
and small, rich and poor, in-
dustrialized and agricultural.

Belmont received \$13,703,
Tishomingo received \$5,249,
and Burnsville received \$4,626.
Mr. A. C. Ryan, President of
the Board of Supervisors in
Tishomingo County, stated that
the county received \$136,818.
This brings Tishomingo
County's share for the first
year under the five year pro-
gram to an estimated \$383,063.

Circuit Court In Session

The January term of Circuit
Court in Tishomingo County
began Monday, January 8th,
1973, with Judge Fred Wicker
of Pontotoc presiding.

Twenty-seven cases were on
docket. Six criminal cases
and one civil case were dis-
posed of Monday and Tuesday.
Two more cases are to be
handled when court convenes
today.

Bookmobile

The January schedule for the
Bookmobile is as follows:

Monday, January 15th, the
unit will visit Belmont Schools,
Tishomingo Schools, Iuka
Schools, Morris Store and the
Midway Head Start.

Tuesday, January 16th, the
unit will be at the Burnsville
Schools and Mrs. Mangum's.

Tish. Co. Welfare Statistics For Dec.

During the month of Dec-
ember, the State Department
of Public Welfare issued \$8,-
966,055 to 156,284 persons
through its needy aged, blind,
disabled and dependent children
assistance programs. Each
person who receives a welfare
check is eligible for Medicaid.
An additional 5,685 persons
were determined eligible for
Medicaid benefits only. This
group includes needy care-
takers, etc. They do not re-
ceive a welfare check.

Miss Margaret J. Woodley,
director of Tishomingo County
Department of Public Welfare,
reports 1,208 checks were is-
sued to Tishomingo Countians
through the four public assis-
tance programs; 23 applications
requesting assistance were filed
and 23 new public assistance
cases were approved. The
report shows 43 persons eligi-
ble for Medicaid only.

A total of \$70,568 was spent
overall for public assistance.
Of this amount \$47,418 went to
813 persons in the old age
assistance category; \$1,024 to
15 legally blind persons; \$16,-
423 to 253 permanently and
totally disabled persons. In
the aid to dependent children
category, 127 checks were is-
sued for 299 children in the
ADC grants. A total of \$5,-
703 went to ADC families.

Miss Woodley added there
were 30 active child welfare
cases and 4 children in 4 li-
censed foster homes in Tisho-
mingo County.

732 households, which in-
cluded 1,775 individuals, pur-
chased Food Stamps valued at
\$46,736.00 in the month of De-
cember. Tishomingo Countians
paid \$19,922.50 and \$26,813.50
free or bonus coupons were
issued during the month.

New Minds To Present Concert January 14

The New Minds, a singing
group of the Iuka Baptist
Church, will present a home-
coming concert on Sunday night,
January 14, at 7:00 p.m.

This group has just recently
returned from a very success-
ful mini-tour into Tennessee
and Kentucky.

Bro. Harris Counce, Pastor,
and Bro. Jerry Swimmer, Min-
ister of Music, invites the public
to attend.

tron Chaplain.

All members are urged to
be present, and all chapters
are invited.

Gail Wallace Injured In One Car Accident

Gail Wallace, eight-year-old
daughter of Mr. and Mrs. Billy
Wallace of Iuka, was injured in
a one car accident Thursday,
January 4th, near Fulton. Gail's
grandmother, Mrs. Vona De-
Laney of Fulton, was also in-
jured.

Gail suffered a broken nose
and facial cuts. Mrs. De-
Laney has possible fractured
ribs and bruises. Both are
confined to the Tupelo Hospital.

Contract Let For Sewage Additions

Iuka Mayor John H. Biggs and
the Board of Aldermen met
Friday, January 5th, at 2:00
p.m. for the purpose of opening
the bids on the extension of
Iuka sewage lines. Separate
bids were made on the East
Project and the North Project.
The East Project covers an

area east of the National Guard
Armory and will serve about
200 homes in a large part of the
city that has never had sewage
facilities. The bids for this
project were as follows:

Hayes Construction Co., of
Tupelo - \$226,260.45; Associa-
ted Construction Co., of Jack-

son - \$239,373.10; Matthews
Construction Co., of Florence
- \$252,722.25; Thweete Con-
struction Co., of Jackson -
\$285,350.25; and Folk Con-
struction Co., of Memphis -
\$303,750.60.

The contract was tentatively
awarded to Hayes Construction
Co., of Tupelo, pending approval
of HUD.

\$55,000 of the money cover-
ing this extension is a grant
from Federal Housing, HUD.
\$33,000 is a supplement grant
from the Appalachian Regional
Commission. The remainder of
the expense will be met with
local funds from bond issues.

The North Project will ac-
commodate residents in the
Northeastern section of the city.
This area begins at Highway 25
North and extends down the
Northeast side of the city limits.
The bids for this project were
as follows:

Hayes Construction Co., of
Tupelo - \$124,847.92; Matthews
Construction Co., of Florence -
\$128,153.25; Gunite Construc-
tion Co., \$138,981.76; Folk Con-
struction Co., of Memphis -
\$139,090.50; Associated Con-
struction Co., of Jackson -
\$139,324.80; and Thweete Con-
struction Co., of Jackson -
\$147,937.50.

The low bid has not been
accepted at this time.

New Fireman Hired By City

At a regular meeting of the
Mayor and Board of Aldermen,
held at the City Hall on Tuesday
night, January 2nd, James
Barnett was hired as a full-
time fireman. Mr. Barnett
will be working with Mr. R. C.
Houston, Fire Chief for the
city; and Mr. Willard Cooper,
a part-time employee and relief
man for the department.

For the convenience and pro-
tection of the citizens of Iuka,
a fireman will now be on duty
around the clock - 24 hours a
day - at the new fire station.

Mr. Barnett is married to
the former Debbie Lambert,
and the couple are the parents
of one child.

Beauty Revue Saturday Night

"A Touch of Spring" will be
the theme of the annual beauty
review at Iuka High School to
be staged Saturday night, Jan.
13, beginning at 7:30 in Howard
Memorial Auditorium. Micky
King, President of the Beta
Club - sponsors of the event -

states that contestants will be
competing from grades 10-12.

Bro. Jerry Swimmer of the
Iuka Baptist Church will serve
as Master of Ceremonies. Miss
Alice Cutshall, last year's title
holder, will crown the new
winner. David Smith, Most
Handsome, will crown his suc-
cessor.

Misses Debbie White and
Betty Brown will serve as
pianists during the contest.
Bro. Swimmer will provide
entertainment while the judges
make their selections. Elimina-
tions will be in the order of
the top 15, top 10, top 5, and
top 3.

Miss Melissa Byram, chair-
man of ticket sales at the door,
urges the public to arrive early
for best seats. Proceeds from
the contest will be used by the
club for their annual trip to
Jackson, February 2nd and 3rd,
to the State Beta Convention.

Admission to the pageant will
be \$1 for adults and 50¢ for
children.

NARROW ESCAPE — This '67
Plymouth station-wagon, being
driven by Marvin Parham of
Iuka, was struck by an east-

bound Southern "Local" train,
Saturday, January 6th. The
accident occurred at 11 a.m.
at the Pearl Street crossing at

the old co-op building. Mr.
Parham was not injured, even-
though the auto was considered
a total loss.

ECONOMIST'S
NOTES****HAPPY NEW YEAR
PREVENT GLASS DOOR
ACCIDENTS**

You may have an "unseen killer" in your home. Maybe you don't call it that, but the National Safety Council has given glass doors this label. Accidents suffered by people who walk into glass doors continue to rise as more storm, patio and shower doors of glass are used in building and remodeling.

Follow these recommendations for preventing such accidents in your home:

Use safety glass in danger areas. You may want to replace glass in such doors with safety glass.

Use decoration on the glass of these doors. Decals, ornamental bars or grills make these doors highly visible.

Place a plant or piece of furniture in front of a glass wall or glass door not being used.

**BE SURE YOU NEED
THE REPAIRMAN**

Do you really need to call that repairman? Be sure before you do. It might save you the cost of a service call. As many as one-third of service calls are made when there is nothing wrong with the appliance.

Before you call check the following:

-Is the switch really all the way on?

-Is the appliance plugged in? Better be sure.

-Is there a loose wire some place?

-Is there electricity in the house?

-Has a fuse blown or circuit breaker tripped?

-Check the outlet to be sure electricity reaches it.

-Does a reset button need resetting? Has it popped out?

-Is the door closed securely?

-Is the automatic oven timer on range on manual?

After you have checked these, then read the book of instruction, if you didn't before, and determine if there is something else that might be wrong.

Usually the instruction book will make suggestions about calling a repairman that will facilitate service for you.

Huge Turnout For Christmas Program

The Christmas Program presented by the Carter Head Start in mid-December, was attended by approximately 200

people. Mothers, fathers, grandparents, cousins and well wishers were thrilled as the

"Little People" told the story of Christ's birth in songs, readings and the enactment of the Nativity Scene.

One of the highlights of the program was a visit from Santa Claus, who made his grand entrance amid awes! ohs! and a round of applause from the children and spectators. He distributed all the goodies children expect at Christmas.

Answers To Questions Frequently Asked About Chiropractic

Q WHAT IS CHIROPRACTIC?

A Chiropractic is the largest drugless healing profession in the world. Its demand has increased to the point where today about 35 million Americans utilize the benefits of chiropractic.

Q WHAT IS A DOCTOR OF CHIROPRACTIC?

A A doctor of chiropractic is a physician who employs a system of practice, which gives particular attention to the structural and neurological aspects of the body, in the prevention, care and treatment of health problems.

Q WHAT IS THE PRESENT DAY DOCTOR OF CHIROPRACTIC'S TRAINING?

A Training leading to a degree of doctor of chiropractic is comparable to that of most health practitioners. Training requires a minimum of four years of professional instruction in anatomy, biochemistry, microbiology, pathology, physiology, public health, roentgenology, clinical disciplines and other related health sciences.

WHAT ARE THE EDUCATION REQUIREMENTS AND LICENSURE STANDARDS FOR A DOCTOR OF CHIROPRACTIC?

A A majority of the state licensure laws require two years of general college preparation in addition to four years of professional education. American Chiropractic Association approved chiropractic colleges have announced a two-year preprofessional requirement for admission. After completing the prescribed course of study, the doctor of chiropractic must pass a state examination to obtain a license to practice.

FACTS ABOUT ASTHMA

1 Asthma is a serious condition and can be fatal.

2 Difficulty in breathing is a symptom — not the cause of asthma.

3 The basic cause of asthma is a malfunction of the nervous system.

4 Asthma responds to chiropractic care.

New Program Of Study At NEMJC

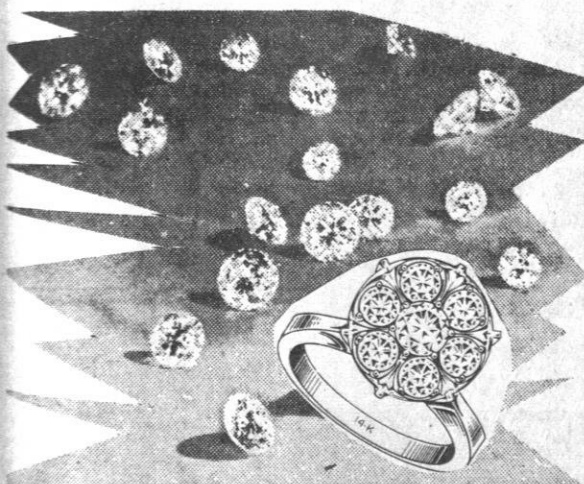

The Board of Trustees of the Northeast Mississippi Junior College has approved a new program of study in cooperation with The University of Mississippi. This program will permit part-time students to enroll in upper-division level courses, junior and senior as well as graduate, on the Northeast campus. The combined program will provide part-time students with the opportunity to continue their post-secondary education at any point from the freshman through the graduate level. Lower level (freshman and sophomore) courses will carry credit at the Northeast Mississippi Junior College. Junior, senior and graduate courses will carry credit at The University of Mississippi. Part-time undergraduate students may earn nine semester hours in any enrollment period while graduate students may earn up to six hours in any enrollment period.

The program is designed for those who cannot avail themselves of a full-time program of study at the Junior College or at a senior institution. All academic credit courses are applicable to the various degrees offered by the participating institutions.

The Northeast Board of Trustees has appointed the five area County Superintendents of Education to serve on a committee to help implement this program for advanced work. Additional information, including a schedule of courses, will appear in next week's paper.

WELFARE AT 5-YEAR LOW
The Government reports that rising employment and restraint by the states slowed the national welfare growth rate to a five-year low in the fiscal year 1972. Slightly more than 15 million people were receiving relief in the year ending last June 30.

LETTERS TO THE EDITOR

Dear Editor:

In times of stress, discomfort and inconvenience, I suppose it's man's nature to become distrustful, irritable and impatient. In the case of our recent bad weather, which resulted in electrical power failure for many in the county; the Tishomingo County Electric Power Association was swamped with customer calls reporting outage. Each one I am sure, as in my case, handled with a great deal of courtesy, patience and understanding to each individual's problem.

During my adult lifetime, I can remember two instances of mass power failure because of adverse weather conditions, the other in 1951.

In thinking about my inconvenience, of no heat in low temperature weather, no way to prepare hot meals and no water (pump), I wondered how long will this persist.

For most of us, electrical convenience has been restored. I'm not distrustful or impatient

and life is back to normal, we somehow lived through our ordeal.

Now, what about the ordeal of the men who worked in the freezing rain with water soaked gloves and cold feet, without a hot meal or sleep - for over 30 hours night and day - and with no let-up in sight as trees and limbs continue to fall and disrupt power.

Our Power Association and our small crew of men do a miraculous job in providing and maintaining electric power in this county. Ask some of your neighbors in adjoining counties about their power service. They are not nearly so fortunate.

Join with me this week in once again swamping the power office with phone calls. This time to say "Thank You" for your good work.

Signed: Grateful Customer

In Memory

One year ago Tuesday, January 9, 1972, Dwight M. Buchanan died. He was a father, husband, and grandfather to some; a friend to others; and

possibly to others, he was just another old man. And he was all of the above, the old man included. He had lived on this earth 79 years, and all of his children and friends would say he did a pretty good job of it. In this day and age, it seems that our elder citizens are not often appreciated. But when you grow up with two people who have sacrificed their golden years to take care of their grandchildren, the appreciation comes easy. Daiddy Dwight is gone now, and any memorial to him can not compare to the fond experiences gone by. Above all there remains the picture of the kind "old man" we all loved.

In respectful memory,
Charles R. Zuber and
the D. M. Buchanan Family

Mrs. Ruby Waters spent the weekend with Mrs. Lucille Taylor.

Those visiting Mrs. Lucille Taylor during the holidays were: Mr. and Mrs. J. C. Wiley, Mrs. Blanche Clifton, Mr. and Mrs. Junior Dill of Tupelo, Mrs. Mattie Sanders of Sallito, Mr. and Mrs. Hafford

Maxwell and Mr. and Mrs. Junior Adkins.

Mr. and Mrs. Mann Tuberville and children of Memphis spent the weekend with the Jimmy Robinson family.

Mr. and Mrs. Gene Johnson were over-night guests of his parents, Mr. and Mrs. Cecil Johnson, of Iuka, last Sunday night.

Mr. and Mrs. Harmon Byrom attended the annual Christmas Day party and dinner at the home of Mrs. Byrom's parents, Mr. and Mrs. T. R. Cruce, of Florence, Ala. Others present were: Mr. and Mrs. Larry Wilson of Iuka; Mr. and Mrs. Edward L. Byrom and children, Beverly, Brad and Joel, of Florence; Mr. and Mrs. Thomas B. Cruce and children, Bryan and Angie, of Florence; Mr. and Mrs. Earl McGuire of Florence; Earl McGuire, Jr., of University of Alabama; and Miss Lynn Stanley, of University of Alabama; Mr. Leo Cruce, of Florence; Mr. and Mrs. R. R. Cruce and children, Phillip, Donna and Wade, of Huntsville; and Mr. and Mrs. Steve Stricklen and daughter, Stephanie, of Huntsville.

Mr. and Mrs. Harmon Byrom attended a New Years Eve party at the home of Mr. and Mrs. M. D. Cruce in Huntsville, Ala.

BECKY'S CATS
Becky is eleven years old. Recently, she wrote me about her pets:
"Dear Mrs. Davis,
My name is Becky Bruton. And I would like to tell you about our cats. We love cats. We have six now. At one time we had ten.
"We had five cats and one of them had babies. She had five. And that made us ten. She got run over a little while after on Thanksgiving.
"We started the little kittens eating cat food early and if we hadn't they probably would have died. Later we gave one away and it got run over. That made us eight. One got sick from eating a bird. And we had three kittens.
"One morning one of the big cats came in with a broken leg. He had probably been hit by a car. We took him to the vet. And he almost had to get his leg cut off. He had a cast on his leg, and he got better. He still has his leg. Just the other day another cat got run over. Everyone especially loved this one.
"Now we have only 6 cats. We have three little kittens and three big ones.
"And we hope that people will slow down and start watching for animals on the roads. They have a right to be here, too.
"Sincerely,
"Becky Bruton
"P. S. My Grandma is Reba Bruton."
Although I was very happy to hear from Becky, it made me sad to hear how many of her cats had been killed by traffic. And it makes me even sadder to know that despite her plea for people to "slow down and start watching for animals on the roads," roaming pets are going to continue to be killed

Check Your Inspection Sticker
Mississippi motorists should check the expiration date of their automobile inspection sticker as soon as possible to avoid a needless violation.
The Motor Vehicle Inspection Bureau of the Highway Patrol announced the expiration of all blue, series A inspection stickers marked with a large 8, 9, 10, 11, or 12 in the left hand corner.
The exact date of expiration of all stickers is marked on the inspection decal inside the automobile windshield.
The penalty for an improper inspection sticker ranges from a usual \$15 fine to a \$50 fine and 6 months in jail, or both.

MALARIA CONTROL
In ridding itself of malaria, Mississippi developed a central program which became a model for worldwide use. In 1916 in Bolivar Co., the State Board of Health demonstrated that quinine is highly efficient and practical in the relief and control of malaria. This method of treatment became the "standard" treatment around the world.

By Martha Carole White, State Representative
The 1973 session of the Mississippi Legislature officially opened on January 2. The time limit as set by law for this session is 90 days, so little time was wasted in plunging into business.
The first day was unusual in two respects from past opening days. The first business to be taken care of was the presentation and passage of a post-audit bill, similar to one passed last session and vetoed by the Governor. Usually, an appropriation bill to take care of legislative costs for the 90 day period is the first order of business.
The second departure from custom was the "State of the State" message to the joint legislature made by the Gov-

be paid by the state, rather than the local districts. This bill now goes to the Senate for their approval.
As I have told you in the past, it is a pleasure to have you visit the Capitol, and I am always especially proud to introduce those of you who do visit to the members of the House of Representatives.

Tish. Homemakers Club Has Meeting

The members of the Tishomingo Homemakers Club met for their Christmas Program before the Christmas holidays in the home of Mrs. C. A. Crow. Hostesses were Mrs. Crow and Mrs. Margaret McRae.
The home was beautifully decorated throughout with Christmas decorations.
Mrs. McRae, president of the club, presided. She gave the thought for the month, "The best Christmas gift of all is a family all wrapped up in each other."
The hymn used was, "Silent Night." The devotion was given by Mrs. Mable Byram, who read

If you otherwise need to contact me during the session, you may write to me at Route 2, Baldwin, 38824, or at the New Capitol Building, Jackson, Ms. 39205. several impressive Christmas poems, followed by prayer by Mrs. Gladys Bickerstaff.
The secretary read the minutes of the previous meeting.
After a very brief discussion of business, the members exchanged gifts, which were very attractively arranged under the Christmas tree. After a lengthy period of fun and pranks, the hostesses served a lovely, attractive Christmas plate with spiced tea or coffee.
The next meeting will be January 11th at 7 p.m. in the City Library.
Misses Joyce and Barbara Grisham were guests for the Christmas party.

Record Amount Paid To Social Security Recipients

A record \$382 million was paid out in social security cash benefits to residents of Mississippi in calendar year 1972, according to Hugh Tigrett, District Manager of the Tupelo Social Security Office. This was an increase of \$45 million over the total paid out in the year before.
The social security checks delivered early in October, he noted, were the first to reflect the 20 percent increase in benefits enacted July 1, 1972. That July legislation also made social security inflation-proof, Tigrett noted. Benefits will automatically increase in future years to keep them up-to-date with increases in the cost of living.
Further improvements in benefit provisions of the law enacted in the Social Security Amendments of 1972, signed into law by President Nixon on October 30, will bring additional benefits to several million of the 28.4 million men, women, and children now receiving monthly social security checks, Tigrett said.
For example, older widows whose benefits on the average have been lower than those of any other beneficiary group, will receive additional increases with the checks they get early in February.
Many other changes will also affect benefit levels on into the future -- benefits for men will be computed on the more favorable basis that has been true

in the past for women. Higher benefits will be available for persons who work past 65.
A special minimum benefit for the low-paid, but regular worker under social security will assure a benefit of at least \$170 a month.
Further, people who work while they get social security checks will always be assured that the more they earn, the more total income they will have.
Of the social security benefits paid to beneficiaries in Mississippi during 1972, \$215 million went to retired workers and their dependents and \$102 million to the survivors of workers who have died. Another \$65 million was paid to severely disabled workers under 65 and their dependents.
Nationally, social security cash benefit payments in 1972 totaled \$41,607,000,000. This was over \$4 billion higher than in the previous year. An estimated \$51.8 billion in social security benefits is expected to be paid out in cash benefits in 1973, Tigrett said.
At the end of December 1972, 28.4 million men, women, and children were receiving monthly social security benefits, one out of every 8 Americans. Over a million persons were added to the benefit rolls during the course of the year, Tigrett said.
Retired workers and their dependents account for about 63 percent of all those receiving

payments. The survivors of workers who have died, including children and their widowed mothers, aged widows and widowers, and aged dependent parents, make up close to one-quarter of all those receiving social security payments. Another 11 percent are disabled workers and their dependents.
Although social security is often mistakenly looked upon as a program for the elderly, Tigrett said, over 26 percent of all beneficiaries are under age 60 and 15 percent are under age 22.

20th Century Christmas Party

The annual Christmas party of the Iuka 20th Century Club was held December 22, in the home of Mrs. Sue McBee. Twenty members and guests enjoyed a buffet supper. Mrs. William Curtis held a Christmas devotion preceding the supper.
Following the supper Mrs. T. A. Drake did a Christmas reading, "The Cobblers Christmas."
Mrs. P. L. Oaks tested the guests' thinking abilities with three games based on the Christmas theme. Mrs. Leo Vickers proved to be the sharpest that evening and won the prize.
Mrs. William Ludlam read a Christmas poem incorporating the good things of Christmas. From the poem she extracted some key words describing Christmas and had the members and guests compose original poems based on a particular

Christmas word. All of the poems were very original, but after much laughter, the prize went to Margaret June Woodley.
In addition to the above members, the following were in attendance to enjoy the food and fellowship: Ann Barnes, Mrs.

P. O. Beard, Mrs. Fred Fuqua, Mrs. Jack Jourdan, Mrs. Barney Hudson, Mrs. Bryce Kitchens, Mrs. Mike Nabors, Mrs. Mon Moser, Lorena Oaks, Mrs. Nolen Pruitt, Mrs. Jack Thorn, and guests Pam McBee and Mrs. Lucian King.

SEEDS FROM THE SOWER

By Michael A. Guido, Metter, Georgia

Go forth with God! Then His protection will be around you, His provisions will rise up before you, and your problems will fall behind you.
Because they went forth with God, the people of Israel had everything they needed for their journey to the Promised Land.
The miraculous opening of the Red Sea by the strong east wind was the means by which God brought about two millions of His people out of Egypt.
For a period of forty years God cared for them. He spread out a cloud above them to shield them from the burning sun. He sent forth a

pillar of fire to give them light at night. They asked for meat, and He brought them quails, and satisfied them with manna -- the bread from heaven. He opened up a rock, and water gushed out to form a river in the desert. Because of His mercy and might, there were no sick and feeble folk among them.
"This was done," explains Living Psalms 105:45, "to make them faithful and obedient to His laws."
God is good to us. He has provided for our salvation through His Son, and for our bodies through His bountifulness. Are we faithful and obedient?

Swine Production Rises In State

Records in total dollar volume and average prices were set by the 11 Mississippi Area

Feeder Pig Association 1972, according to L. L. Roe, marketing specialist, Mississippi Cooperative Extension Service with headquarters in Jackson.

These associations had a total of 58,636 pigs at \$1,364,192 in 1972, compares with 69,042 pigs at \$805,123 in 1971. 65,361 pigs valued at \$1,002 in 1972.

Feeder pig prices about 1972 averaged about those of 1971. During 1972, the average price per head for all pigs was \$23.27.

The 1972 dollar volume per hundredweight and per head were all breakers for the association. Mr. Monroe pointed out.

Quality improved slightly in 1972 over 1971. There was about 3 percent more but 83 percent of the pigs within the first three months of the year were the same as in 1971.

Waynesboro and Lumberton were the largest handlers, handling 45.5 percent of the pigs marketed through the associations.

The locations of other associations were Booneville, New Lumberton, Port Gibson, Lumberton, McComb, Amory, and Magee.

County agents and specialists of the Mississippi Cooperative Extension Service help producers to organize pig associations and regularly scheduled sales. 12-year-old development particularly benefited families living on small farms. It has also raised the level of swine production in the state.

THIS WEEK'S JACKPOT IS \$150.00

Jones-Wardlaw Exchange Vows

In a simple but impressive ceremony performed December 8th, at the First United Methodist Church, Miss Dorothy Jean Jones became the bride of Michael Wardlaw. Officiating at the double-ring ceremony was the pastor, Bro. Jack Williams.

The bride is the daughter of Mr. and Mrs. Ernest Jones and the late Mrs. Aline Cox Jones of Iuka. The groom's parents are Mr. and Mrs. Clarence Wardlaw of Ripley.

Given in marriage by her father, the bride was lovely in her floor-length wedding gown of sate peau and raschel lace. The a-line silhouette styling featured a high standup neckline, fitted empire bodice and long bishop sleeves, with accents of lace appliques and seed pearls. She wore a matching chapel length mantilla. The bridal bouquet was a cascade arrangement of pink and white carnations, with matching satin streamers, atop a white Bible.

Providing a program of pre-nuptial music was Miss Delores Williams, pianist. On either side of the wedding scene were baskets filled with pink and

white gladioli.

Mrs. Jones, step-mother of the bride, chose a navy blue fashion of polyester crepe, with matching accessories. The groom's mother wore a two-piece suit of grey and white with black accessories. Both mothers wore corsages of white carnations.

Following the ceremony, the couple left immediately for a wedding trip to Atlanta, Ga. For traveling, the bride chose a long-sleeved navy blue velvet dress, trimmed in dainty white lace, and featuring a matching cameo pin.

The couple are now at home in Ripley, where the groom is employed as Assistant Supervisor at the Ripley Shoe Plant, a division of Genesco.

NO-TILL FARMING

There is a lot of interest in growing crops with minimum seedbed preparation, minimum-till and no-till. This type farming has its good points, but also some drawbacks. Weed control is an example.

There is no question that erosion is far less with no-till than it is when hilly land is broken.

Most interest in no-till farming centers around corn and soybeans. You are more likely to be successful with corn since herbicides are available to control a wide range of weeds.

Simazine and atrazine are two of the best herbicides. Applying paraquat and atrazine often takes care of the early season weeds and 2,4-D is excellent for removing late season broadleaf weeds. Loro can be used to rid corn fields of late emerging weeds including many of the grasses.

Weeds in soybeans are not so easily controlled. Preemergence herbicides are not as

effective as corn herbicides. Paraquat-Loro is the standard preemergence combination but there are still some serious soil type limitations for Loro. The application of directed sprays is more critical with soybeans in a no-till situation. Management, timeliness and herbicide selection are critical. It takes a better manager for no-till beans and for conventional methods of growing beans.

Success in no-till with corn or soybeans is more likely the first year. Succeeding years often result in weed buildups and lost crops.

Anyone deciding to try no-till farming should select only his cleanest fields, plan some type of crop rotation and predict his weed problems. He should decide to be a better manager.

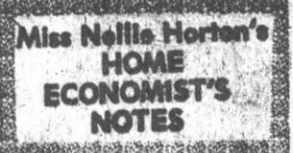

SOYBEAN DAY

Do not forget Mississippi Soybean Day, January 15, in the Student Union Building at Mississippi State University. Winners will be recognized. The latest soybean herbicide information will be outlined and new varieties will be discussed.

FERTILIZE WINTER GRAZING

Feed costs are extremely high, so more than ever it will pay you to fertilize and properly manage your wintergrazing crops. If you have not applied any nitrogen in the past six weeks, go in now with around 200 pounds per acre of ammonium nitrate or its equivalent. Then in mid-March, do it again.

Don't graze regrowth any closer than three inches above the ground, and to prevent any possible damage from extremely cold weather, don't allow it to grow taller than eight inches.

WHERE DOES TIME GO?

Always late and frustrated? Could be 1973 is your lucky year. Start with time. How do you invest your 1,440 golden minutes each day. The way you use this gift of time may be the key to success or failure. Have a plan and a purpose.

Time is a priceless gift. It is too precious to be bought, sold, or given away. There are two dimensions of time -- hours and energy. If you waste one, you waste the other.

Take a positive action. Make a written flexible time plan. Consider a daily, weekly and occasional schedule. Include work time, free time and leisure time. Learn to do things quickly and effortlessly.

Start now. Make your time and energy blossom into the fruits of happiness.

COST OF CALORIES

Almost everyone buys and enjoys foods in addition to those in the basic four food groups of bread and cereal, milk, meat and alternates and fruits and vegetables. Many of these "other foods" add chiefly calories and appetite appeal to meals and snacks.

Included in this category are such items as refined bakery products such as pretzels, cookies and doughnuts; salad dressings; spreads for bread; sugar, syrups, candies, jellies and jams; coffee, tea and soft drinks; cinnamon and other spices.

The cost of food energy (calories) from these "other foods" varies widely. One hundred calories may cost only a penny from granulated sugar but as much as 8 to 15 cents from soft drinks and a dime or more from fancy candy. Cal-

ories usually cost twice as much from butter and some salad dressing as from margarine and vegetable shortenings.

The latest USDA studies of food use in this country show a marked increase in the use of soft drinks and snack foods that are a part of this group. These foods, in many cases, are being used in place of

milk, vegetables and fruits that contain nutrients people need. Partly because of this trend, fewer families now have diets that provide the recommended amounts of some nutrients than 10 years earlier.

Weight watchers, in particular, should reduce amounts of "other foods" in favor of the foods in the basic four food groups.

The home of Mrs. Charles Jones on Eastport Street was the setting for a brunch given for the Class of 1963. Hostesses for the occasion were: Mrs. Nena Pruitt Jones, Mrs. Charlotte Lambert, Mrs. Barbara Curtis Price, and Mrs. Marie Bullard Young.

Those attending were: Joyce Rogers and Carol of Memphis; Barbara Stennett and Janette of Booneville; Marie Bullard Young and Andrea of Corinth; Barbara Curtis Price and Shane of Iuka; Judy Gross Burns and Tommy of Cherokee; Earline Hudson Young and Nell of Memphis; Nancy Jones Wade of Prattville, Ala.; Carolyn Nicholson Brown, Carl and Jason of Muscle Shoals, Ala.; Charlotte Presley Lambert and Terrina of Iuka; Nena Pruitt Jones, Jan and Chuch of Iuka; Linda Shofner Weaver of Corinth; and

Linda Warren Bishop, Kathy and Greg of Cherokee. The class held their 10th reunion later in the day.

New Chief Ranger For Parkway

According to Natchez Trace Parkway Superintendent C. W. Ogle, David L. Tomlinson has been selected as Chief Park Ranger for the parkway. Tomlinson succeeds Gilbert W. Calhoun who transferred to Great Smoky Mountains National Park, Tennessee/ North Carolina, last September.

Tomlinson, a native of California, graduated from Colorado State University in 1964

where he studied forest recreation. His career has included service in areas possessing historical, natural, and recreational features. Experience in administration, management, and law enforcement were considered in choosing highly qualified candidates for the chief ranger position, Ogle stated. Tomlinson will enter on duty at the Tupelo headquarters of the Trace on Jan. 7th.

U.S. Leads In Number Of Phones

People in the United States continue to use the telephone more than any of their fellow citizens around the world, according to South Central Bell's local manager.

In 1971, U. S. residents increased their calling by 15

percent and had a yearly average of 830 phone conversations per person. They were followed by Canadian residents, with 781 conversations a person, and residents of Sweden, with 687 a person.

The statistics are in "The World's Telephones," a booklet published annually by AT&T's Long Lines Department, the Bell System's interstate and international operating unit. The publication gives details about telephones and their worldwide use. Because it takes a year to compile statistics, figures reflect the status as of January 1, 1972.

"As in past years, substantial growth characterizes the world's telephone network," W. G. Hardin said. "For the 17th year, the number of telephones has increased more than 6 percent, bringing the total telephones in the world to 291 million."

The U. S. is the country with the largest number of phones -- 125.1 million, an increase of more than 4 percent over the previous year. Japan is second with 29.8 million and the United Kingdom is third with 16.1 million.

The number of countries with more than a half-million telephones has reached 38, with Bulgaria the latest addition to

the roll. Of the 19 cities in the world with more than one million telephones, eight are in the United States.

Washington, D. C. could be called the world's telephone capital. There are 60 telephones for every 100 persons in the nation but the number of phones in the nation's capital outnumbers the residents. For every 100 persons, there are 123 phones. The nation's

largest city, New York, has 74 per 100 persons.

COLD - SINUS Miseries?

Is your head bounding — nose running — are your eyes watering and are you sneezing — sneezing — sneezing? Have you blown your nose until it is raw? We're sorry you're suffering so; obviously you're not aware of our product SYNACLEAR and this is our fault.

SYNACLEAR is the original timed release tablet that gives up to eight hours of real relief from cold symptoms and clogged up sinuses. And that's a guarantee!

We do not have millions to spend on TV to tell you about SYNACLEAR; just this small ad. We do not gimmick our Advertising and product by offering twelve hours of medication. What is medication without relief? SYNACLEAR is what we offer and it gives you eight hours relief per tablet or your money back in full.

We could go into detail on how our product works and about the fine formula, but we would rather you ask the experts about SYNACLEAR. The druggist at the store listed below or your family doctor can tell you about the merits of our fine formula.

SYNACLEAR costs a little more (\$1.50 & \$3.00 sizes) because it does more. You're buying relief and not gimmicks.

Try SYNACLEAR as soon as possible — you know — all have to lose are your discomforts.

This little ad has an awfully big job to do — to get you to try SYNACLEAR. So as a bonus, cut me out and send in with an empty SYNACLEAR carton and we'll mail you a check for \$50 for just trying SYNACLEAR. If you have time to tell us about the results SYNACLEAR gave you, we would be pleased to hear from you.

Northeast To Offer Unified Sc.

A credit course in Unified Science (557) will be offered to district Junior High School science teachers at The Northeast Mississippi Junior College through a cooperative program developed by the Junior College and the University of Mississippi. Registration is scheduled for January 17, 1973, at 6:30 p.m. at the Science Building on The Northeast Mississippi Junior College campus.

This National Science Foundation Program offers undergraduate and graduate credit from the University of Mississippi. Through lectures and laboratory work, the tuition-free program is designed to present new methods and techniques for the teaching of science in Junior High School classrooms of North Mississippi.

Instruction will be conducted by visiting faculty from the University of Mississippi and Junior College science teachers. Junior high school science teachers in the Northeast area who are interested in enrolling in the course may obtain additional information by contacting Jerry Clay Stone, Director, Community Services and Continuing Education, The Northeast Mississippi Junior College, Booneville, Miss.

Film To Be Shown At Iuka Methodist

An outstanding film will be shown in the sanctuary of the Iuka United Methodist Church this coming Sunday night at 6:30. "The Walls of Time" is a vivid and forceful documentary film on the tumultuous history of the English Bible, from the earliest Hebrew, Greek and Aramaic scrolls to Taylor's paraphrased "Living Bible."

It shows how the Bible was locked in Latin, chained to the pulpit, owned by the church and goes on to depict the martyrdom of Wycliff and Tyndale and tells of persecutions and punishments for possessing an English translation.

The producer states, "I made this film to give this generation a greater appreciation of the Bible. Too, I want them to realize it's a Book for NOW living. A great sacrifice has been paid for simply putting the Bible on our shelves, on our coffee tables. Hopefully, this film may cause us to want to read the Bible more and to have its truth etched in our hearts as well."

This is a great opportunity to find out more about the background of the Bible and to acquire a greater appreciation for it.

The public is cordially invited to attend.

Card Of Thanks

I want to take this method of thanking Dr. Brown and his nurse and the staff of Tishomingo County Hospital, and my many friends for the cards, visits and calls.

School Board Elects President

The Iuka Special Municipal Separate School District School Board met Monday night for the purpose of electing a new president. Mr. Julian R. Long was elected to replace Mr. Olen Jourdan as president. Mr. Jourdan's term of office expired December 30th.

Civil Liberties and Justice

LEWIS LLEWELLYN

In conducting searches of airline passengers to discover potential skyjackers, officers have detected some other violations of law. In the last 22 months, almost 6,000 persons have been taken into custody at American airports — over 80 per cent of them for crimes not related to skyjacking.

A third of those arrested were charged with possession of illegal drugs. Another third were apprehended for entering the country illegally.

Those of us who believe that laws should be obeyed and law-breakers should be caught will applaud the alert officers who made these arrests.

But that's not the way the American Civil Liberties Union looks at it.

Melvin L. Wulff, national legal director of the ACLU, says that, if these searches uncover evidence of crimes unrelated to skyjacking, the evidence should not be admissible in court because the government agents were not conducting the search on the basis of having reasonable cause to believe that other crimes were being committed.

This is the same Melvin L. Wulff who said last year, in testifying before a subcommittee of the U. S. Senate, that the constitutional guarantee of freedom of speech means that anyone must be permitted to advocate anything — whether it be murder or the overthrow of the government.

"I agree," he said, "that no one has the constitutionally protected right to overthrow the government, but we must make the distinction between overt action and teaching and advocacy."

Celestial Singers To Be At New Prospect

The Celestial Singers from Tusculumbia, Ala., will be at the New Prospect Baptist Church, four miles south of Iuka on Highway 25, on Saturday night, January 20th, at 7 p.m.

There will be no admission charges; however, a freewill offering will be taken.

So the American Civil Liberties Union may be expected to defend criminals attempting to escape the consequences of their misdeeds if they are picked up incidentally as a result of the checking of airline passengers to prevent skyjacking.

The ACLU may also be expected to defend the right of anyone to advocate any illegal act, including the overthrow of the government — so long as he restricts himself to encouraging others to commit the crimes and does not physically take part in the criminal acts that he advocates.

Justice?

The ACLU attitude toward the administration of justice is further indicated by this:

A few years ago, Prof. Monroe Freedman of George Washington University, head of Washington's Civil Liberties Union, asked a class of law students these questions:

"Is it proper to put on the stand a witness who you know will commit perjury?"

"Is it proper to give your client legal advice when you have reason to believe that the knowledge will tempt him to commit perjury?"

Freedman said that the correct answer to the questions would be yes.

The Bible says, "Thou shalt not bear false witness." It also says, "Ye shall do no unrighteousness in judgment."

But do not expect the ACLU to heed the admonitions of the Bible. It was the ACLU, you remember, that filed suit in California, some time ago, to have the words "under God" taken out of the Pledge of Allegiance.

PADEN NEWS

Intended for last week's issue.

Everyone here has had a nice Christmas and enjoyed the holidays very much with many visitors and relatives being present.

Mackie A. Riddle of Pontotoc, Miss. visited with his parents, Mr. and Mrs. C. A. Riddle.

Visiting with Mrs. Minnie Cobb during the holidays were Mr. and Mrs. Elbert Thomas, Mr. and Mrs. Thadus Cobb, Mr. and Mrs. Hoyet Cobb, all of Memphis, and Mr. and Mrs. J. H. Cobb of Somerville, Tenn.

We all miss Mr. and Mrs. Gene Crane since they have moved to their new home. We want to welcome Mr. and Mrs. Clevis Crane and family, who have moved here from Illinois.

Mrs. Lena Woodruff had many visitors from out of town during

the Christmas holidays. Mr. Charlie Letson is home from the hospital and is improving. Mr. and Mrs. Charles Chaney and son of Kentucky visited with Mr. and Mrs. R. B. Young over the weekend. Mr. Billy Paden motored to Memphis for the holidays. Friends in Paden were saddened to learn of the death of Mr. Bloom Green. He will be missed by everyone. Our sympathy goes out to his family.

KKI Sorority Has Christmas Party

The Theta Conclave of the KKI Teachers Sorority held their December meeting in the home of Mrs. Ann Taylor with Mrs. Nelda McRae as co-hostess. The home was beautifully decorated in keeping with the Holiday Season. A Christmas tree with all its trimmings and loads of gifts saying, "Merry Christmas."

The meeting was opened by the acting president, Mary Williams. The secretary read the minutes of the last meeting and the treasurer gave the financial report. Expressions of sympathy went to Bobbie Sue Finch who was reported in Shoals Hospital. Other business was taken care of and

soon we were ready for the fun part - an exchange of "useless gifts." Names were drawn - the name you drew got your "useless gift". These gifts included beads with broken clasp, fine tooth comb, book with last pages gone, discarded back scratcher, a cloth 1972 calendar, a glove for one hand, and other unique gifts. Mrs. Crowe got the prize for bringing the most useless gift. Mrs. Clark was the lucky winner of the door prize.

Little Gary Taylor, the baby of our Theta Club, was our guest and everyone was glad to see him.

Christmas messages were read from past state president,

Eudora Kemp, and present president, Ivy Mae Smith.

The Sorority will work on their scrapbook at the January meeting which will be held in the Iuka Library. Nell McClesky and Jean Nabors will be the hostesses.

It's ready when you are!

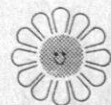

The electric water heater can supply all the hot water your family needs. In fact, it's the most efficient water heater you can buy. It heats the water quickly, from the inside, so there is practically no energy wasted in the water heating process.

And the electric water heater can be located almost anywhere because it needs no flue or vent. (Put it close to the point of greatest hot water use to save money wasted in long pipe runs.)

Get the electric water heater - the one you can depend on.
