TENNESSEE YOUTH KILLED INSTANTLY — James Gilbert Harrison, 19, of Alamo, Tenn.,

lost his life Sunday night when the 1972 Chevrolet he was driving skidded into the path of a

tractor-trailer rig. The accident occurred on Highway 72, one and one-half miles east of Iuka.

Car-Truck Mishap Claims One Life

A 19 year old Alamo, Tenn. youth, who was returning to his job at the National Aeronautic Space Administration at Huntsville, Ala., was killed instantly Sunday night in a head-on collision. The youth, identified as James Gilbert Harrison, was killed when the 1972 Chevrolet he was driving veered into the

path of an on-coming truck. According to Highway Patrolman, Ira Pace, it appeared that the Chevrolet had gotten partially off the highway onto the shoulder of the road. Tracks indicated that the driver apparently lost control of the car as he was attempting to get back onto the pavement. The

accident occurred about 7:40 p.m. Sunday night one and one-half miles east of Iuka, blocking traffic for over an hour.

A Tishomingo County Hospital ambulance answered the call and Harrison was pronounced dead on arrival at TCH. Harrison, whose parents live at Alamo, had been a student at Tennessee Tech at Cookeville, but had taken a semester's leave to work as a technician at the NASA Installation. He is survived by his parents.

The tractor-trailer rig was owned by the Douglas Equipment Co., of Brookfield, Ill. William Stanley Saye, 30, of Fairborn, Ga. was driving the rig. He received minor cuts and bruises and was visibly shaken by the death of Harrison. Saye stated that it was his first accident involving a fatality.

Murder-Suicide Involves Former Golden Resident

Mrs. Edith Lois Holloway, formerly of Golden, and her husband, Mr. Alfred Holloway, were found Thursday, March 1, at their residence dead following an apparent murder-suicide.

Alcorn County Sheriff Ralph Lambert said Friday morning he received a call to the Alfred L. Holloway residence near Kendrick Thursday night at about 6:30 p.m., and upon arrival found a door locked to a rear bedroom where children at the home had heard gunshots.

Lambert said he forced the door open and found the bodies of Alfred Lorenzo Holloway and Mrs. Edith Holloway. Both were pronounced dead on arrival at Magnolia Hospital.

Play At Belmont

The Junior Class of Belmont High School will present "Brides to Burn" tonight, March 8, at the high school auditorium. Admission will be 75¢ and \$1.25.

Everyone is cordially invited.

Mrs. Holloway was shot several times with a .25 calibre pistol. According to Sheriff Lambert, Holloway apparently shot his wife and then turned the gun on himself, firing one time.

According to reports, Mrs. Holloway had separated from her husband and had returned home to get personal belongings. She walked into a bedroom of the home and Mr. Holloway followed her locking the door behind him. Following the gunshots, the Holloway children went next-door and called an ambulance and the Sheriff's Department.

Alcorn County Coroner, George Coleman said Friday morning that he had ruled the incident as "homicide - suicide."

Services for Mrs. Holloway, 35, were held Saturday, March 3, at 4 p.m. at Deaton Funeral Home Chapel in Belmont with the Rev. Dwayne Wells officiating. Burial was in the Dean Cemetery.

She leaves four sons, Daniel, David, Rowdy and Clifton Holloway, all of the home; two daughters, Kathy and Keithern, both of the home; her father, W. R. Pardue of Route 1, Golden; two brothers, William and Wayne Pardue, both of Golden; three sisters, Mrs. Sylvia Thorn of Ramer, Tenn., Mrs. Linda McAnally of Booneville, and Mrs. Bobby Willis of Carpentersville, Ill.

Know the Good Life

Life exists on five levels: plants, animals, man, angels, and God.

Significant qualitative differences separate each stage, though admittedly our present understanding cannot make the clear-cut, absolute distinctions we might wish. Some one-celled organisms are not definitively either plant or animal. The findings of some anthropologists and paleontologists seem to suggest developmental links between animal life and man. Parapsychologists studying phenomena like extra-sensory perception indicate they have found evidence that the human spirit is, apparently like the angels, not wholly limited to this physical body. There are some hints that the gap between angels and God has not always been considered unbridgeable (Isaiah 14:12-14).

In the middle is man. By "man" I mean, of course, both male and female. Although the roles of women and men — social, psychological, and spiritual — are undergoing intense scrutiny and evaluation, the quality of life in each is identical. Both were created "in the image of

God" (Genesis 1:27) and thus are spiritual beings.

The "Middle" Man

Alexander Pope in his "An Essay on Man" describes mankind as:

"Placed on this isthmus of a middle state, A being darkly wise and rudely great:

With too much knowledge for the skeptic side,

With too much weakness for the stoic's pride,

He hangs between; in doubt to act, or rest;

In doubt to deem himself a god, or beast."

The proper opinion is neither god nor beast but, simply, man.

As the only being with both soul (in common with the animals) and spirit (in common with the angels and God), man may be either brutish or godly and still be fully human.

The Model Man

God has given man a responsibility and a privilege. The responsibility to manage the earth and the privilege to fellowship with God. Some men reject both and live as animals. (One need not be barbaric to do so; it may

be accomplished with style and grace.) Most accept only the responsibility, managing their portions of the world with varying degrees of self-interest. Some try to exercise the privilege without fully accepting the responsibility and consequently mope through life dissatisfied in both work and worship. Most Christians, as far as I can tell, suffer in this error. The happiest find satisfaction in both responsible work and meaningful fellowship.

The Bible accepts the conclusion of some secular thinkers that man has a divine origin and a spiritual potential above that of animals. (Acts 17:28ff)

Scout Exposition March 17

The Annual Scout Exposition, a live-action show by Cub Scouts, scouts and explorers of the two-county Jacinto District will be held at ITT Telecommunications, Corinth Industrial Park on March 17, from 2 until 4:30 p.m. This is a continuous live action show by scouts. Each Cub Scout Pack, Scout Troop, or Explorer Post will have a show booth and will have all shows in progress at the same time. School students are admitted free, but scouts will be busy selling 50¢ tickets to their parents, relatives, and neighbors. The purpose of the ticket-selling is to encourage adults to see the show, and to afford the scout unit an opportunity to make money to buy equipment and supplies for their unit.

Special activities chairman, Thomas Coleman, reports much interest and planning are already underway for the show.

Scout units in the Jacinto District are from Corinth, Iuka, Belmont, Rienzi, Biggersville, Kossuth, Glen, Farmington, Burnsville, Holcut, Crossroads, Tishomingo and Golden.

Repeal Laws on Sodomy?

If the National Organization for Women ever had any claim to respectability, that is now a thing of the past. If there was ever a reason to consider the views of this group as reflecting the views of women in general, this is certainly no longer true.

At the sixth annual conference of the organization, held recently in Washington, D. C., a NOW task force voted that members should fight for lesbian causes as a "top priority."

Mrs. Sidney Abbott, who conducted the task force meeting, said, "This really merges the two movements — the women's liberation movement and gay liberation." She added that it would have the effect of instructing the members of the National Organization for Women to fight for an end to laws against sodomy.

Legalize Prostitution?

Further demonstrating their utter contempt for morality, the organization voted overwhelmingly in favor of a resolution calling for the repeal of laws against prostitution.

Since prostitution is the ultimate degradation of women, it is saddening, while illuminating, to find an organization which should be working constantly for the welfare of women taking a stand against laws prohibiting prostitution.

It is obvious, of course, that the leaders of this group have little regard for God or the Bible. Nevertheless, it is worth noting that the Bible

refers to lesbians and their male counterparts in these terms: "Even their women did change the natural use

The amount of monies expended in Tishomingo County to provide these services to the enrolled children is approximately \$185,000 a year. This includes educational activities and supplies, health services, field trips, food, transportation of children, rent and utilities for centers, and staff salaries.

Why an electric utility advertises

We are constantly upgrading and improving our electric system to serve each of you dependably in any season. Since few of you use the same amount of electricity each month of the year, our capacity must be great enough to furnish you electricity at whatever time your use is highest, usually winter. In some of the other seasons, we must operate at less than designed capacity.

A smart businessman tries to keep his plant running at full capacity throughout the year to reduce operating costs. We're trying to do the same. By promoting uses of electricity you may not now have, we "balance" year-round loads and are able to operate our electric system more efficiently.

By operating as near capacity as possible, we can keep unit costs at a lower level. In turn, this helps to hold down your electric costs.

Miss Nellie Horton's HOME ECONOMIST'S NOTES

THE PAN MAKES A DIFFERENCE
Cookies and biscuits are baked in a hot oven for a short length of time. They, therefore, need a baking pan or sheet that reflects enough heat so they will not burn. Aluminum is generally preferred because it will not darken with use; tin pans darken quickly at the high temperature used for baking biscuits.

Pans with too high sides prevent good browning on the top of cakes, cookies and biscuits. Cookie sheets that are too large for the oven interfere with the circulation of heat.

If you bake only a few cookies or biscuits on a large sheet, the heat in the pan will be drawn to the small area on which the biscuits are placed, causing them to be overbrowned on the bottom.

Pastry needs a hot oven to make it tender and flaky. It also needs a high temperature to set the bottom crust of a pie quickly, so the filling will not soak in and make the crust soggy. To ensure a crisp lower crust, use a pan which absorbs heat quickly and holds it.

A shallow and shiny pan makes a thin pie with an underbaked pale crust that is likely to become soaked.

A glass pie plate makes a pie that is full and juicy, with nicely browned, crisp bottom crust.

A pan too small results in lost juice, spillovers and crust stuck to pan.

Glass and enamel absorb and hold the heat, so the bottom crust will bake faster and will be well browned and crisp. A dulled aluminum pan does not give as good results as glass or enamel because the bottom crust bakes more slowly. Tin pans are so shiny that heat is reflected, resulting in an underbrowned, soggy undercrust.

"CATFISH COOKERY"
Catfish Cookery will be sponsored by the Tri-County Extension Home Economists, Nellie R. Horton, Tishomingo County; Jeanine H. Martin, Allcorn County; and Claire T. Ross, Prentiss County.

This event will be held at Northeast Junior College at Wright Hall on Tuesday, March 13 at 7:00 p.m.

The highlight of the evening will be "Smoking Catfish Fillet" by Mr. Charles E. Oravetz, Catfish Marketing Specialist, from the National Marine Fishery Service. Dr. Tom Wellborn, Jr., Extension Wildlife & Fisheries Specialist, will be a special guest.

New and different ways of preparing catfish will be a demonstration by the Extension Home Economist. COME SEE AND TASTE! Door prizes will be given. The public is invited. If you have questions about this program, call 423-6320.

Mr. Lamar Strickland is Iuka Band Director, and attended both the tryouts and clinic with his students.

IUKA, MISS

From The State Capitol

By Martha Carole White, State Representative

Last week's Legislative business, for the most part, concluded with the second-day-in-a-row defeat of a bill affecting interest charges on loans up to \$5,000 as made by finance and loan companies.

Rules and points of order seldom seen were used by both backers and opponents of the bill to maneuver this legislation amid heated debate. The week ended with the bill sure to be called up again, probably with significant compromises and changes, by the time this column is printed.

The reason that this bill and many other important bills are voted on more than once is because after the passage or failure of any bill, it can be "held on a motion to reconsider." This is done by some in order to keep a bill "alive."

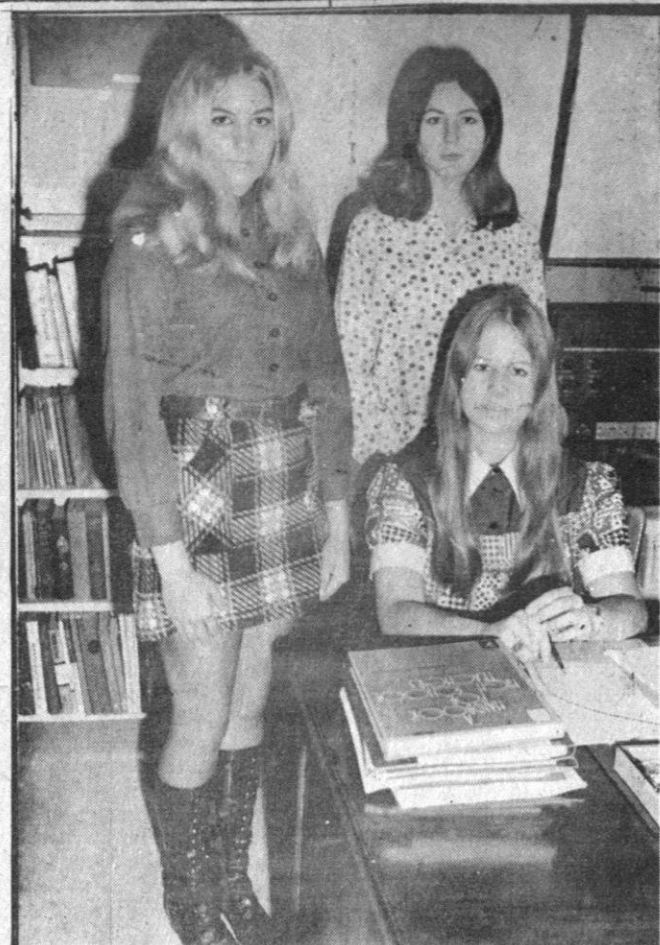

Others used the "motion to reconsider" as a means of making additions or deletions which they think will improve the bill.

The House has amended and released a Senate bill which extends the Medicaid Act to intermediate care nursing homes and revises the method of determining reimbursements to skilled nursing homes. Intermediate nursing homes are being moved from under the welfare department into the Medicaid program in order that we might receive a better ratio of federal matching funds.

Of special interest to many families in the area was a recent bill passing the House which provides for a March 1, 1974 extension of licenses for child care facilities, some of which face a shut down because they cannot or do not find it practical to conform to very stiff and in some cases unnecessary requirements of the State Board of Health.

It is planned that more reasonable regulations for child care facilities can be legislated before March 1, 1974 that will be in line with the intent of the legislature when it passed on the child facility licensing act last year.

We will be concluding this 1973 session on or before April 1, and some of the most vital issues still lie ahead. If you need to contact your representatives, call 948-7321. Your call will be returned at no expense just as soon as possible.

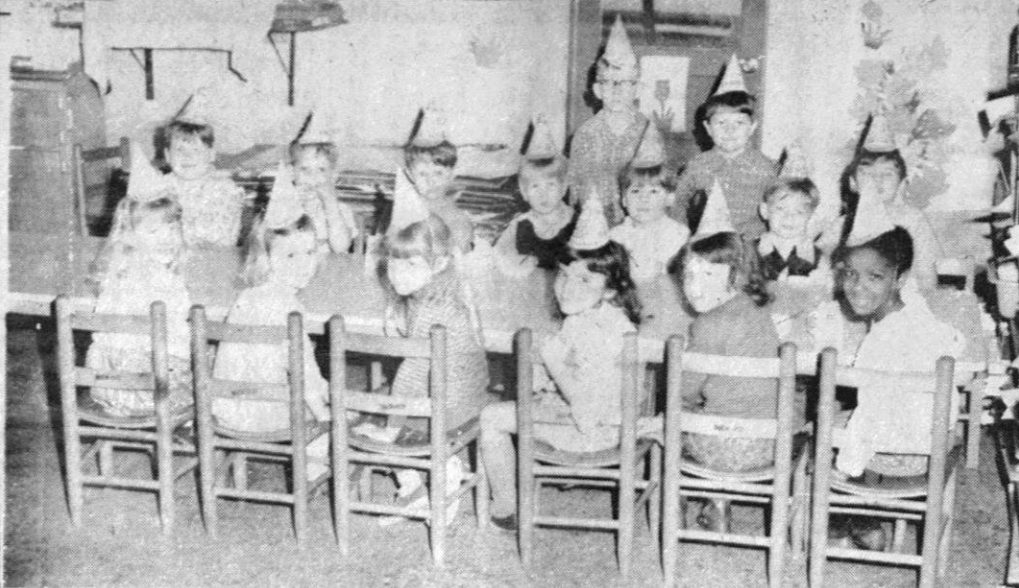

TISHOMINGO HIGH SCHOOL HAS NEW DRUG ABUSE TEAM
These three girls are the officials of the Drug Abuse Team at Tishomingo High School. They are, left to right, Sharon Morris, a junior, daughter of Mrs. Gladys Morris; Dianne Massengill, a senior, daughter of Mr. and Mrs. Harmon B. Massengill; and Rebecca Crowell (seated), daughter of Mr. and Mrs. Tommy Crowell. Rebecca is a senior. The Drug Abuse "Declaration of Intent" is as follows:
When, in the course of our modern times, it becomes necessary for students to positively and actively recognize their responsibility to their society; a respect for human dignity and human life requires that they should band together to do what they can in order to provide all students with the facts and knowledge required to make sound and unemotional judgements regarding the use of drugs in their physical body.
Recognizing this responsibility, we, the students of Tishomingo High School, do forthwith form the body to be known as the Drug Abuse Team (DAT). The members of this Drug Abuse Team hold the following as their purposes and intents:
(1) We, as members of the Drug Abuse Team, must become knowledgeable of all phases of

drugs and drug abuse.
(2) We must insure that each student has the right to be informed as to drugs and the effects of their abuse.
(3) We must be prepared to give constructive assistance to any fellow student with a drug problem - either present or potential.
(4) We must make available and present the facts regarding drugs and their use, through all means available, to our fellow students.
(5) We must make the general public aware of the team and its functions.
The Drug Abuse Team will be holding programs comprised of short skits and panel discussions for the surrounding schools and civic groups upon request.

Chapel For Tish. County Rest Home

The second meeting of persons concerned about building a chapel at the county rest home was held Saturday, March 3rd at 10:00 a.m. in the Court-house at Iuka. Progress reports were made revealing that much is already being done. A three phase plan to raise funds for the building of the chapel was presented.

Phase I from March 12-17 will be used for the solicitation of contributions from the businessmen of our county.

Phase II from March 19-24 will be used as a time of solicitation of contributions from individual citizens.

Phase III from April 1-15 will be a period of participation by the churches of our county in support of this worthy cause.

involvement of civic clubs and RCDC groups in projects for funds to be applied to the project. Preparations are also underway for a personal appearance by Mr. Jerry Clower sometime in the month of June as another means of raising funds for the chapel.

Contributions have already begun to come in from concerned persons and groups. An account, The Tishomingo County Home Chapel Fund, has been opened in the banks of our county and anyone can make a contribution to the project in his local bank. The First National and Guaranty Banks of Iuka each opened their accounts with a contribution of \$100.00. Mr. Roy Pass has volunteered

his services in the electrical and air/heating installation. With spirit the dream of a chapel soon become a reality.

It is to be emphasized the chapel is a non-denominational project for the benefit of the home rest home. It was decided Saturday "The Christian Leadership Group of Tishomingo County" in cooperation with the Home administrator and participating ministers will work out and ordinate the use of the chapel on a non-denominational basis. This will insure all interested groups can the privilege of ministering to the needs of the residents they so desire.

February proved to be a busy month for the Iuka Jaycettes. The local chapter presently has been active members. On February 4th, the Jaycettes hosted an Area B meeting in Iuka at the Youth Center. The purpose of this meeting was to discuss participation in Area projects. Wanda Evans, Chairperson for the meeting, chose a Valentine theme, which was carried out through name cards, table decorations, and arrangements on the registration table. There were approximately 27 Jaycettes in attendance at this meeting. On February 10th, the Jaycettes and Jaycettes prepared a banquet for the merchants of Iuka. A buffet supper was

served and Mr. Richard Clark, State Representative, was the guest speaker. This year's Merchant Appreciation Banquet was attended by approximately 60 persons.

Four Jaycettes attended Jaycee Charter Night in Baldwin, Miss., and three traveled to Fulton for Itawamba County Jaycee Charter Night. Six Jaycettes went to Vicksburg, Miss., for Winter Board on Feb. 16-18.

The Jaycettes are now in the process of distributing a pamphlet around the community for the March of Dimes.

SMALL GRAINS
If you plan to harvest grain such as oats or wheat and have already moved cattle off, so as soon as possible. You must supply plenty of

nitrogen for high grain yields. Use 60 to 70 pounds of actual nitrogen per acre between March 10 and March 20. If you planted a short, stiff-strawed variety, you can go up to 100 pounds to the acre. If the small grains are to be harvested for hay, silage or grain, weed control is important. Wild onions or garlic in a grain sample will reduce prices 10 to 15 cents a bushel. The presence of these weeds in hay or silage will reduce feed value. Wild onions and garlic are best controlled by mixing one pint of 2,4-D and one pint of 2,4,5-T in 15 to 20 gallons of

water per acre. These herbicides can be applied at air temperatures are above 60 degrees after the small grain has tillered and before it joints.

DAIRY NOTES

You can make an extra 50 cents a day from each cow you milk by providing temporary summer grazing.

Make the first planting in late April or early May, a second planting in late May and a third in June.

Recommended fertilization calls for 500 pounds per acre of 13-13-13 at planting time and the addition of around 30 pounds of nitrogen each month.

Audan-sorghum hybrids recommended include TE Hay-grazer, Grazer A1, Mor Su, Sweet Sioux, NK Sordan, Sudax SX-16, Funks 83F. Sudans include Greenleaf and Tift. Millets are GAH-1, Millex 22 and Pearllex.

Seeding rates are 30 pounds per acre broadcast or 15 pounds planted in 14-inch rows.

For most profit, control grazing. Let cows graze twice a day for two hours after morning and evening milking.

COTTON 1973

To help reduce losses from seedling diseases this year, plant as good quality seed as you can get. Wait until the soil temperature reaches 68 degrees or higher before planting. You cannot afford to take chances on losing a stand, do everything you know to do to prevent seedling diseases.

WILDLIFE

We too often think of wildlife only during the hunting season and do not realize that we must provide food, cover and water for our wild game throughout the year. For recommendations on providing food, cover and water for doves, quail, turkeys, deer, squirrels, rabbit, and waterfowl, see your local county agent.

Lucy Rowe Club Meeting Held At Power Office

Mrs. Janet Yeargain and Mrs. Dianne Stephens served as hostesses at the February 22nd business meeting of the Lucy Rowe Study Club. The members gathered in the conference room of the Power Office immediately following the school operetta for a brief discussion of upcoming events.

Uppermost on the list of activities in which the club will be participating are the Third District Club Convention March 7th at St. Andrews Methodist Church in Oxford and the State Convention to be held April 24-25-26 in Tupelo.

The club president, Miss Dorothy Bacon, called attention to the various contests on the district level in which local members are given the opportunity to participate. Plans were made by several ladies to exhibit some art and craft items and to enter the Cotton Style Show.

Mrs. Anne Byrd, scrapbook chairman, reported that the club's work during the past year had been gathered and the scrapbook had been prepared and mailed to the Third District Chairman, Mrs. Irving Parks in Houston. She gave some helpful hints on how each member could assist in making the scrapbook an easier job by working closely with the scrapbook committee throughout the year.

Among other business was the

discussion of National Library Week in which the Lucy Rowe Club will serve as overall sponsor. The annual event has been set for April 8-14 of this year, with Mrs. Betty Nelson appointed to serve as chairman.

A report on the club's finances was given by the treasurer, Mrs. Marie Ramsey. She also discussed the idea of opening a Thrift Shop.

Members present in addition to the above mentioned were: Mrs. Elizabeth Beard, Mrs. Nancy Brinkley, Mrs. Wanda Evans, Mrs. Christine Holtsford, Miss Nellie Horton, Mrs. Barbara Sweeney, Mrs. Betty Swimmer, Mrs. Jo Ann Wimberly, Mrs. Bess Young and Mrs. Lois Hill.

The hostesses served cake and coke drinks at the conclusion of the meeting.

PLEASE REMEMBER, AS YOU CHECK THE REFERENCES GIVEN CONCERNING THE APOSTLES' BAPTISM, THAT YOUR HONESTY AND SINCERITY ARE NO AUTHORITY AGAINST THE TRUTH. YOU MAY BE WRONG!

JESUS SAID, . . . "THAT IN THE MOUTH OF TWO OR THREE WITNESSES" EVERY WORD MAY BE ESTABLISHED, MATT. 18:16. THEREFORE THE DOCTRINE OF TRINITARIAN BAPTISM CANNOT BE ESTABLISHED, FOR EVERY BIBLE STUDENT OF THIS THEORY MUST CONFESS THAT MATT. 28:19 IS THEIR ONLY SOURCE OF ARGUMENT CONCERNING BAPTISMAL FORMULA. NOW PLEASE NOTICE BELOW, HOW "THAT IN THE MOUTH OF TWO OR THREE WITNESSES" (AND THESE WITNESSES WERE THE APOSTLES AND DISCIPLES OF OUR LORD JESUS CHRIST), THAT THE DOCTRINE OF BAPTISM, IN THE NAME OF JESUS, IS ESTABLISHED AS BIBLE TRUTH.

MATT. 28:19 . . . JESUS SPEAKS. "IN THE NAME OF THE FATHER, AND OF THE SON, AND OF THE HOLY GHOST".

LUKE 24:45-48 . . . JESUS SPEAKS. "AND THAT REPENTANCE AND REMISSION OF SINS SHOULD BE PREACHED IN HIS NAME AMONG ALL NATIONS, BEGINNING AT JERUSALEM.

WITNESS NO. 1. APOSTLE PETER - IN THE NAME OF JESUS CHRIST. - ACTS 2:38.

WITNESS NO. 2. DEACON PHILLIP - IN THE NAME OF THE LORD JESUS. - ACTS 8:16.

WITNESS NO. 3. APOSTLE PETER - IN THE NAME OF THE LORD. - ACTS 10:48.

WITNESS NO. 4. APOSTLE PAUL - IN THE NAME OF THE LORD JESUS. - ACTS 19:2-5.

"The Great Commission." Matthew 28:19

Go ye therefore, and teach all nations, baptizing them in

the NAME of the Father, and of the Son, and of the Holy Ghost."

YEHO-SHUA - JEHOVAH THE SAVIOR. ISAIAH 9:6. TITUS 2:13.

JESUS DID NOT TELL HIS DISCIPLES TO BAPTISE, USING THE WORDS FATHER, SON, AND HOLY GHOST. HE TOLD THEM TO BAPTISE IN THE NAME OF THE FATHER, SON, AND HOLY GHOST. THE WORDS FATHER SON AND HOLY GHOST ARE NOT NAMES, BUT TITLES POINTING TO ONE PERSON, WHO HAS ONE NAME. THAT IS JESUS! JESUS IS THE NAME OF THE FATHER, ISA. 9:6. MATT. 1:23 ST. JOHN 5:43. JESUS IS THE NAME OF THE SON, MATT. 1:21. JESUS IS THE NAME OF THE HOLY GHOST, ST. JOHN 14:26.

EVERY APOSTLE, EVERY DISCIPLE, EVERY WRITER OF THE NEW TESTAMENT WAS BAPTIZED IN JESUS' NAME. NOT ONE EVER USED THE WORDS FATHER, SON AND HOLY GHOST IN BAPTISM. WHY DO YOU?

Refreshments were served at the close of the meeting.

Freedom with an If

"I will suspend your jail sentence and let you go free on one condition," said the judge to a teenager found guilty of malicious mischief. "You will have to go to church every Sunday for a year."

But on appeal to a higher court, the go-to-church requirement was thrown out. The court said forcing anyone to attend services was a violation of the religious freedom guaranteed by the federal Constitution.

Probation—that is, letting a prisoner go free "on condition"—is a common method of dealing with lesser lawbreakers. Judges do have a right to put reasonable limits on the person's activities, such as not leaving the county without the permission of his probation officer.

But, as the above case shows, the judge cannot use probation to take away basic constitutional rights. In another case, a requirement that the probationer would have to donate a pint of blood to the Red Cross was also held unconstitutional as a "cruel and unusual" penalty.

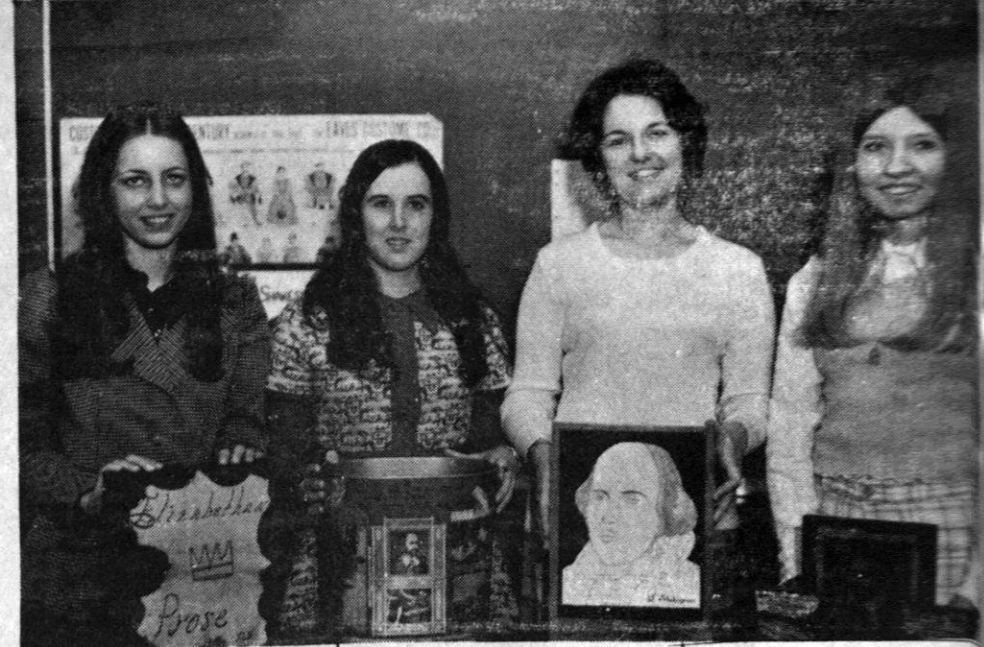

Nevertheless, special restrictions may make sense in the context of a particular situation. Another case involved a woman who had twice been convicted of unlawful conduct during anti-war demonstrations.

The judge granted probation on condition that she not take an activist part in any more such demonstrations. And this restriction was duly upheld on appeal.

"The conduct it forbids," said the appellate court, "even if lawful in itself, is conducive to future criminal activity of the same kind of which (she) was convicted."

The court added: "The granting of probation is within the sound discretion of the trial court. A defendant has the right, if he feels that the terms of probation are more harsh than the sentence, to refuse probation and undergo such sentence."

Mrs. Helen Yarber Sets All-Time Record

Mrs. Helen Yarber, wife of the owner of Jack Yarber Ford Sales of Belmont, Mississippi, has just set a record in the annual nationwide Dealer Safety Awards Program by winning her sixth consecutive Award of Excellence for outstanding traffic safety support.

Mrs. Yarber is an active member of the Auto Dealers Traffic Safety Council, administered by the Public Support Division of the Highway Users Federation, which sponsors the Awards Program. She received her unprecedented "sixth time award" at the 25th Annual Dealer Highway Safety Luncheon, held this year in New Orleans during the National Automobile Dealers Association convention.

During the past decade Mrs. Yarber's dedicated and tireless efforts on behalf of improving the safety climate of Tishomingo County, especially for its youngest citizens, has earned her the affectionate title of "Mrs. Safety."

Her triumphant achievement

during 1972, which won her the coveted award, was bringing to reality "Safety Bug Park" -- a miniature "town" complete with pint-size streets, traffic signals and highway hazards, in which children of elementary school age could learn the basic safety rules of coping with traffic as passengers, drivers and pedestrians. Bicycle safety was also emphasized. In creating "Safety Bug Park" Mrs. Yarber secured cooperation from Belmont and Tishomingo County public officials and school systems, the Belmont PTA -- which she has served as president and safety chairman for a number of years -- and numerous other safety-oriented organizations, merchants and individuals.

In addition to setting up the physical format of the traffic safety demonstration park, Mrs. Yarber supervised and coordinated the production of a teacher's manual; an activity book for children; and a kit of supplementary materials including skits, songs, recorded tapes and slide presentations

for teaching traffic safety to youngsters from kindergarten to high school. All materials carried the "Safety Bug" theme developed by the Auto Dealers Traffic Safety Council. A spokesman for the Council says that Mrs. Yarber's work will be invaluable in developing a project "Safety Bug Guide" for use by auto dealers, schools, women's clubs and safety organizations nationwide.

Awards won by Mrs. Yarber in previous years have recognized her other many contributions to improving safety conditions in her area, particularly for school children. Two years ago, working with the Creek Watershed Association, she was instrumental in formation of a cooperative board to implement an extended driver education program the six school systems in Alabama portion of the watershed. The program on driver training for both school students and adults.

At the annual convention the Mississippi Automobile Dealers Association last November Mrs. Yarber was tribute for her dedicated efforts by Governor Walker, officials of the Auto Dealers Traffic Safety Council.

Why the good neighbor made instant grandchildren.

In our time, in our world, the old get hidden away and forgotten much too often.

In a Connecticut city, The American Red Cross—America's Good Neighbor—did something about it.

There, Red Cross Youth each "adopted a grandparent." Strictly one to one. The purpose: regular visits—to make life just a little more worth living for older folks.

A small matter, you may think—especially if there just don't happen to be any older people in your neighborhood, or your life. But it represents just what Red Cross is all about.

Because The American Red Cross is a home town affair. That's why you find us doing different things in different home towns.

We're what you need us to be. Whoever you are. Wherever you are.

And isn't that what a Good Neighbor is all about?

Be a good neighbor. Help The Good Neighbor.

the good neighbor.

HOBBO'S TRAPPER

THIS article concerns two un-
usual subjects: (1) a dog
Hobo; and (2) a cat with
dog instincts.

HOBBO'S TRAPPER

February 8, this column
told a story about Hobo, a
dog who had been found
in a steel jaw (leghold)
trap for two or three days
before being found. As a result
of the trap and the paw of another
dog, the trapper was charged with
violation of laws to protect
animals and was taken to court.

Those who believe in
humane treatment for animals
will be pleased to know that on
counts of cruelty to
animals, the trapper was found
guilty as charged." He was
fined \$100.

Humanitarians will also be
pleased to know that Florida's
Humane and Fresh Water Fish
Commission on October 20,
banned the use of steel
(leghold) traps throughout
the state. In Hawaii, the trap
has been outlawed by legis-

lation. Good, kind people are be-
coming more and more willing
to make the time and the trouble
to see that humane laws are
enforced. Yes, Hobo's vic-
tims in court is just one
several recent court cases
which the animal has won
because it found somebody com-
menced enough about animals to
go to court to defend them.

In a recent letter from the
President of The Humane
Society of the United States,
A. Hoyt, a Presbyterian
minister, the conscientious
and of animals said:

"Dear Mrs. Davis. . . Your
newspaper articles are excel-
lent, and certainly point up the
problem facing the hu-

mane movement in this country
today. Your sincerity and
genuine interests are self-
evident. . .

"I am happy to learn that The
Mississippi Animal Rescue
League is building a shelter in
Jackson. If there is any way
in which our Society can help
in this effort, we will be most
pleased to oblige.

"Sincerely,
"John A. Hoyt"

THE BIRD-DOG CAT
We've all heard of bird dogs.
But how many have seen or
heard of a cat that liked to go
out hunting with a human being?
The following letter tells of
such a cat:

"Dear Mrs. Davis. . . This
is a cat story. We lived at
Dennis (Mississippi), near a
branch of water. My brother,
Milford, got his first gun, so he
hunted around this stream
of water.

"We had a young, yellow and
white spotted cat; and every
time my brother picked up his
gun, this cat would follow him.
It would jump from log to pole,
stay near him, and when Mil-
ford shot a bird in the tree, this
cat went up after it for him.

"If the bird landed in the
water, the cat would jump in and
get it.

"My brother would talk to the
cat and it seemed to enjoy the
hunting trips as much as Milford
did.

"Sincerely,
"Vera McNutt"

Miss Vera McNutt lives
between Iuka and Tishomingo,
Miss., in the Midway Com-
munity. She has another
brother, Orville. He, too, ap-
preciates the value of animals
and believes in humane treat-
ment for them.

COLD - SINUS
Miseries?

Your head pounding — nose running — are your eyes watering and are you
sneezing — sneezing — sneezing?
Do you blow your nose until it is raw?
Are you sorry you're suffering so; obviously you're not aware of our product
SYNA-CLEAR and this is our fault.

SYNA-CLEAR is the original timed release tablet that gives up to eight hours
real relief from cold symptoms and clogged up sinuses. And that's a guar-
antee!

We do not have millions to spend on TV to tell you about SYNA-CLEAR; just
a small ad. We do not gimmick our Advertising and product by offering
hours of medication. What is medication without relief? SYNA-CLEAR
what we offer and it gives you eight hours relief per tablet or your money
back in full.

We could go into detail on how our product works and about the fine formula.
We would rather you ask the experts about SYNA-CLEAR. The druggist
the store listed below or your family doctor can tell you about the merits
of our fine formula.

SYNA-CLEAR costs a little more (\$1.50 & \$3.00 sizes) because it does more.
We're buying relief and not gimmicks.
SYNA-CLEAR as soon as possible — you know — all have to lose are
or discomforts.

The little ad has an awfully big job to do — to get you to try SYNA-CLEAR.
As a bonus, cut me out and send in with an empty SYNA-CLEAR carton
we'll mail you a check for 50¢ for just trying SYNA-CLEAR. If you have
to tell us about the results SYNA-CLEAR gave you, we would be pleased
to hear from you.

The Word
for TodayBy Charles H. Robinson, Asst. P R Director
Bryan College, Dayton, Tennessee

It's a hi-jacked world!

In the Garden of Eden
Satan overcame our first
parents, subdued them, and
hi-jacked the entire human
race! Since then he has
done his utmost to devote
all humanity to his own
devilish purpose.

The human race has joined
purpose with Satan against
God, so that all the world
has become enmeshed in
rebellion against Him.

God would have been quite
just in immediately over-

throwing Satan's kingdom and
pouring out the wrath of His
indignation against sinful
men. But God had another
plan — one that was born of
mercy, love, and forgiveness
where men are concerned.
It is summed up in those
matchless words of Jesus:
"For God so loved the world
that He gave His only be-
gotten Son, that whosoever
believeth in Him should not
perish, but have everlasting
life." (John 3:16)

Your only hope is in
Christ. Turn to Him now.
