**DAIRY FEED**  
For profitable dairy feeding, make more use of high quality forage and less grain ration. The stage of maturity of the forage crop at harvest time is the most important single factor that determines quality in forage crops. As seed heads appear, the quality goes down. For hay, ryegrass should be cut before heads. Oats should be cut as the heads appear. Do not wait until oats are in the dough stage. Cut johnson-grass, sudans and millets at not more than 40 inches tall and before heading out. Corn silage is the next best thing to alfalfa hay for making milk. It is the queen of silage crops when cut in the dent stage. Grain sorghum for silage

is a good crop on land that is not safe for corn, but is lower in quality. Spring forages are hard to make good hay from because of weather. They can be cut, wilted and stored as hay crop silages.

By planting and properly managing temporary grazing crops like the sudans and millets, you can cut down on the amount of high cost bought feed in making milk.

**SAVING RYEGRASS SEED**  
Ryegrass seed prices are expected to be high next fall. Because of this, you may want to harvest your own seed. Yields will be lower than in the Pacific Northwest, at best 400 to 600 pounds per acre and maybe as low as 200 pounds

per acre.  
Seed will mature in late May or early June. This might be an important consideration if you are thinking of planting a row crop following the ryegrass.  
Seed harvesting can be handled two ways: Grass can be cut and windrowed then seed moisture content is down to 35 percent then combined when seed in windrowed ryegrass reaches 12 to 13 percent moisture.

The other method is to allow the seed to dry to 12 to 13 percent moisture on the uncult plants. Then combine direct. Direct combining should begin just as soon as the seed begin to shatter.

Indirect combining (method one) will result in less seed loss, thus increasing yields, but more steps are involved.

Seed must be no more than 12 to 13 percent moisture if they are to remain alive and in good condition in storage. A germination test should be made before cleaning to be sure that the seed have the quality needed for planting. Seed should be cleaned before planting.

**SMV EMBLEM**

Be sure that you have the SMV (slow moving vehicle) emblem on the back of any tractor, or other farm machinery that will be moving on public roads. This emblem may save your life or the life of some motorist.

**NEW LEATHER BELTS  
GIVE WOMEN  
"FASHION PLUS"  
FOR SPRING**

Gain "fashion plus" this spring with a smart new leather belt. It is an accessory you can wear with many outfits that range in styles from casual to formal.

When to fasten waist this season, leather belts making the introduction will be mainly in narrow width. However, the wider belt is slowly increasing in popularity again, with wide cinch belts ready to ride in on the tide of the Forties and Fifties nostalgic kick. Leather itself is a major part of any belt look, and today's American belt leathers include about every type: smooth, sueded, grained, antiqued, brushed, harness, waxy, embossed, latigo, patent leather and others.

Slim-line leather belts, up to two inches in width, will serve with distinction buckled over dresses, pants costumes, sweater and skirt outfits and spring coats. Buckles are often a knockout fashion note in themselves, and appear in self-leather, wood, enamel, tortoise, lucite, silver, gold and other materials. The shaped double-buckle hooked together - usually an animal is a popular style theme. Hand-painting on wood, leather or ceramic is another smart motif.

The wide belt is usually slated

for sporty accessorizing - except when the wide cinch belt teams with the big skirt. In the wide casual belt category, leather spotlights the harness, sueded, waxy, antiqued, and latigo leather finishes. Bold stitching, cutouts, lacing and hardware are featured trim. Wide cinch leather belts are more simply styled with large metal or leather buckles.

Completing the circle of leather belt fashions are these striking designs: smooth or suede leather contour belts, sleekly smart with the season's new dresses; leather belts with a frontier flavor, sporting hand-tooling or western-look buckles; skinny leather belts for the young and young-in-figure; and for after-five attire leather belts buckles or trimmed with rhinestones, pearls or other jewels.

**WASH AND WEAR HAIR**

A quality Dynel wig or hair piece looks and feels like real hair. And it can even be washed at home, just like real hair.

But the differences! The wig is ready at a moment's notice to help you look your best for any unexpected occasion or for when you are too busy to set your natural locks. A wig also gives you the opportunity to change your hair style or color without making a permanent decision.

Best of all, a Dynel wig or hair piece holds its curl and style through washing after washing. The technique is simple. Brush tentle to remove any loose soil or hair spray. Swish the wig up and down in cold sudsy water and rinse. Then let it drip dry naturally. Do not wring or twist your wig or expose it to a hair dryer or any other heat source.

To avoid tangles with a long hair piece, place it in a nylon stocking and tie the stocking at the top and bottom. Then wash as usual.

Wait until the wig or hair piece is dry before brushing into desired style.

**SPRING SALAD SURPRISE**

1 tablespoon unflavored gelatin  
1/4 cup cold water  
1/2 cup boiling water  
6 eggs, hard-cooked & chopped  
1/4 cup green onions, sliced  
1/2 cup radishes, sliced  
1 teaspoon prepared mustard  
1/2 teaspoon Worcestershire sauce  
1/2 teaspoon salt  
1/8 teaspoon pepper  
1/2 cup French dressing  
Several leaves salad greens

Soften the gelatin in cold water. Dissolve it in the boiling water. Add the remaining ingredients, except the salad greens and mix well. Pour into a one-quart mold or six individual molds. (Hint: a circular salad mold makes a lovely "spring salad surprise" shape to serve the family). Chill the mixture in the mold until it sets. As the family gathers to the table, unmold your "Spring Salad Surprise" onto a bed made with the crisp salad greens. To compliment the "Spring

Salad Surprise," you will make a hit with the family by serving cold roast beef and last-minute sliced tomatoes. Finish the meal off with a flourish, and provide a "change of taste" as well as a change of pace, with a cherry pie for dessert. You can make the pie early in the day and have it chilled and waiting in the refrigerator.

**"HE NEEDS US"**

"He needs us" is only one of the humane sentences which made the following story a prize winner in the recent Kindness Contest sponsored by the local Humane Society in Tishomingo County:

**THE DUMPED PUP**

Our landlord found the two little puppies caught in the vines in the ditch along the road. He is taking care of one and gave us the other.

They had been dumped some days before and were close to death by starvation. Ours could hardly stand as it sucked at a saucer of milk as if it were nursing.

"He needs us, Boots," my husband tried to explain to our cat.

"Principles are no good unless you live by them," he said.

Boots growled at the soft white fluff. I was glad I married that man.

Three weeks have gone by. He is a "she" -- healthy and loving life. Boots is still growling.

My husband and I are still ashamed -- ashamed that man is the only animal that is ever so cruel to another fellow animal. Man has a great intellectual capacity and reasoning ability, yet he abuses these fantastic potentials more than the other animals do their lesser gifts.

In the light of historical perspectives, the world is ours only for the moment. Our position of superiority should not mean that we take more, but should mean that we can give more. We can communicate better. We can be the most responsible for our actions.

Humaneness is compassion for your fellow man as well as for other animals. When we dump our pets, we are inhumane twice: first to the poor creature we leave to suffer; second, to mankind whose sense of responsibility is demeaned.

\*\*\*\*\*

Written by Mrs. Lloyd W. (Judith) Applegate of Route 3, Pontotoc, Miss., the foregoing story deals with the saddest of all animals: the deserted ones.

Rather than dump unwanted animals -- or move away and simply leave them behind -- it would be a far bigger kindness to them to give them a quick, painless death.

U. S. Air Force Technical Sergeant Gene E. Hardwick, son of Mr. and Mrs. Willard E. Hardwick, Route 1, Burnsville, Miss., is a member of the top flying unit in the Military Airlift Command.

Sergeant Hardwick is a flight engineer at Charleston AFB, S.C., with the 76th Military Airlift Squadron which was cited for its outstanding support of the command airlift mission during the past year. The 76th was also honored for accumulating more than 600,000 hours of accident free flying since being activated 20 years ago.

The sergeant is a 1960 graduate of Central High School, Helena, Ark. His wife, Patsy, is the daughter of Mr. and Mrs. M. L. Bain of Route 1, Burnsville.

**Covers Required**

**On Gravel Trucks**

Effective July 1, all trucks hauling sand, dirt, gravel or rock will be required to cover

the load with a tarpaulin, canvas or similar top. In lieu of a cover, trucks may install sideboards, but the load carried by the vehicle must be six inches below the top of the bed.

Motor Vehicle Comptroller Doxey Fisher, in announcing the effective date of Senate Bill 1648, said, "I hope that the people in the trucking industry will give full cooperation in complying with this law." He also stated the operators of private passenger vehicles should report any flagrant violations of this law to the motor vehicle commission, the highway safety patrol or their local law enforcement agency.

**She knows  
what EER  
means.**

**Do you?**

EER is a term you need to know if you're going to buy an air conditioner. Meaning "Energy Efficiency Ratio," EER is a way of rating the performance of an air conditioner.

The higher the EER number, the lower your cooling costs. Ten or higher is excellent. Eight and nine are good. Seven is fair. Anything six or below should be avoided.

The EER number may be on the nameplate or hangtag. If it isn't, you can figure it:

|         |     |               |        |
|---------|-----|---------------|--------|
| Btu/hr. | EER | 6,000 Btu/hr. | 10 EER |
| Watts   |     | 600 Watts     |        |

Insist on a high EER. It will lower the cost of cooling your home.

**SOMETHING TO REMEMBER**

You may hear, "High efficiency air conditioners don't save enough money to make any difference."

That's nonsense.

High efficiency air conditioners do lower cooling costs. And, more importantly, the savings will jump in the years ahead as the cost of energy -- all forms of energy -- doubles, triples, and quadruples.

## Lubbock, Texas Scene Of Levy-Gross Wedding Vows

Miss Janis Carol Levy, daughter of Mr. and Mrs. Keith Levy, of Midland, Texas, and Eddie Glenn Gross, son of Mr. and Mrs. R. H. Gross, of Iuka, exchanged wedding vows May 11, 1974, at 4:00 p.m. at the Broadway Church of Christ Chapel in Lubbock, Texas. Mr. Richard Rogers, of Sunset Church of Christ, officiated the double ring ceremony. The soloist was Cathy Fisher, of Lubbock. The groom sang, "The Twelfth of Never."

Given in marriage by her father, the bride wore a formal gown of white organza fashioned with a high Victorian neckline. The tiny tucked bodice and sheer lantern sleeves were accented with bands of Alecon lace dusted in pearls. A deep band of Alecon lace encompassed the waistline. The softly gathered skirt enhanced by applique motifs had

fullness in the back that flowed into a brush train. A deep self ruffle etched with lace formed the hemline of the dress and train. A chapel length veil of illusion flowed from a matching Juliet cap of beaded lace.

Mrs. Greg Carey, of Lubbock, cousin of the bride, was matron of honor. Bride's maids were Miss Suzanne Levy, sister of the bride, Midland; Mrs. Jim Alexander, of Dallas; Miss Donna Spradley, of Lubbock; and Miss Judie Yates, of Lubbock. They were attired in floor-length gowns of pink mist with ivory lace. They carried cascade nosegays of assorted flowers.

The groom's father served as best man. Groomsmen were Gary Evans, of Iuka; Charles Farrel, of El Paso; Russell Black, of Farmington, New Mexico; and Benny Baker, of Corinth.

The bride's mother was attired in a floor-length gown of yellow. The groom's mother wore a mint green floor-length gown. Both wore white cymidium corsages.

Following the ceremony a reception was held in the fel-

lowship hall of the Broadway Church of Christ.

After a wedding trip to New Mexico, the couple will make their home in Lubbock where both will be employed by the Lubbock Public School System.

## Rodeo Clowning Is Serious Business

I like it because it's what I want to do," the young man said, removing grease from his face following a performance.

A rodeo clown, or bull-baiter as the cowboys call him, is probably the most dangerous job in the world of professional rodeo, but he makes a good living.

A rodeo clown has to like to work, or else, he would not be doing it. His major job is to lure the bucking bulls from fallen cowboys.

The bull riding event -- the most dangerous sport in America by U. S. sports -- is a rodeo clown's life.

The third annual J & L Rodeo near Belgreen, Ala., May 31 and June 1, 1974, is sponsored by the National Rodeo Association.

Eddy Caraway from Oklahoma will provide the entertainment and chills while saving the horns of an irate bull.

Not only does he like to work, but he works at being good. A rodeo clown who is not good doesn't stay in the business long.

Wearing his grease-paint, floppy hat and pants big enough for three, the clown is a sight to see.

During the football session at Tishomingo High School last spring, Tishomingo High School Bulldogs completed a successful spring football session.

Coach Fred Stennett said, "Our team had suffered losses having only three wins. They included all-time Stanley Howie, who mentioned Jim South and Jeff Ozburn. All are planning to play football next year at Northeast."

Next year it is hoped that wrestling will be included. Newly elected officers are: Johnny Phifer, president; Gary Biggs, vice president; and Larry Biggs, secretary-treasurer.

Our main concern is to develop our line, and we showed a lot of determination with the determination to make a come-back after last year's loss.

## SOFTBALL NEWS

Southern Air Comfort ran their record to twelve wins without a defeat Friday night and continued to hold a three game lead over their nearest opponent, Tishomingo County Hospital. Coached by Royce Howie, Southern Air fields a team with ferocious hitting, flawless defense, and overpowering pitching. Royce, Frankie and Stanley Howie anchor the team which could possibly have a chance to win the state championship this year.

Should Southern Air go undefeated in league play, this would be a definite feather in their hat at state tournament.

However, slightly more than half the season has passed and very enthusiastic rivalries have developed. The remaining seven teams in the league are:

all shooting to knock Southern Air from its undefeated status.

Tishomingo County Hospital, probably the league's most improved team, will have the terrific task of trying to defeat Southern Air in this Friday's headliner.

Guaranty Bank went into sole possession of third place last Friday with an easy win over the Iuka Jaycees. Coached by a fine gentleman, Paul Hayes, Guaranty Bank was picked by most to take the league title. With the right breaks Guaranty could take all the marbles this year.

Johnny Johnson's Iuka Merchants, last season's league champions, hold down fourth place. Experiencing some personnel problems this season, Johnson feels he can make it hard on the top teams down the season stretch. With the acquisition of Jimmy and David Smith to the roster, the Merchants may be hard to keep in fourth place.

Conalco, with a slow start this season, battled to a .500 mark before dropping two thrillers this past week, one each to Southern Air Comfort and Tishomingo County Hospital, the number one and two teams in the league, respectively. Conalco, under the fine coaching of R. L. Dill, field one of the finest defenses in the league. Although displaying a 5-7 won-lost record, Conalco could very easily be 7-5 with a few breaks.

New Salem Baptist Church, Genesco, and the Iuka Jaycees finish the league's teams. Capable of beating any of the other teams on any given night, these teams are probably at least one year away from being league championship contenders. Games are played Tuesdays and Fridays on the old little league field. Game time for the first game is 6:15 with four games being played per night. An evening of fine family entertainment can be had by coming to the softball game.

## IN MEMORIAM

IN LOVING MEMORY of our dear husband, father, father-in-law, and grandfather, Charlie Hendrix, who passed away 8 years ago May 24, 1966.

Wonderful memories woven in gold,  
This is the picture we tenderly hold

The tears in our eyes we can wipe away  
But the ache in our hearts will be here to stay

May you always walk in sunshine  
God love around you glow,  
For the happiness you brought us

No one will ever know,  
It broke our hearts to lose you

But you did not go alone  
For part of us went with you,  
The day God called you home,  
Though your smile is gone from this earth,  
And your hand we cannot touch

Still we have so many memories,  
Of the one we loved so much.

Eight years have passed since you left us,  
For your new home above,  
Someday we shall meet again  
Through the mercy of God's boundless love.

## Spearman And Ferrell In Concert

Spearman and Ferrell will be appearing in concert on May 28, at Iuka United Methodist Church lawn at 7:00 p.m.

Spearman and Ferrell have recently become recognized as a fast-rising star on the horizon of Christian music. In keeping with the tradition of all the great guitar-vocal teams like Seals and Croft, Simon and Garfunkel, etc., Spearman and Ferrell are writers and singers of "message songs." Their songs are songs about life --- NEW life in Jesus Christ.

Their musical style and charming wit reflect the down-home flavor of two young men weaned on blues and bluegrass while growing up in Lexington, Kentucky. Having performed extensively on their own, David Jackson Spearman and Ben Payne Ferrell met at college and pooled their resources to produce a truly winning combination. David's songwriting ability and skillful banjo picking coupled with Ben's soulful blues harp and unforgettable, almost contagious smile, produces an evening of Christian entertainment and blessing not soon to be forgotten.

A veteran of many recordings, David has penned two rock operas, a number of classical pieces, several weddings for orchestra and chorus, and has just recently released an album of his most popular tunes. Ben, who calls himself a former "mugwump" when it came to Christianity, was saved at the age of seventeen and has toured extensively with several evangelists throughout the South. As the son of a blues singer, Ben's love for God and life itself comes across loud and clear in his music.

Their message is simple and

easy to understand... they point to Jesus as Lord. Much of their music focuses on the love of God as the significance of the Cross.

David and Ben are currently on an extended tour throughout the Continental United States under the exclusive management of Dan Philpot, Wilmore, Kentucky.

## Luncheon For Miss Hammond

Honoring Miss Shannon Hammond, Mrs. C. B. Reid and Mrs. Sam Daniel were hostesses for a luncheon in Mrs. Reid's home, Saturday, May 18. Miss Hammond, a 1974 graduate of

Corinth High School, is the daughter of Mr. and Mrs. Douglas Hammond, of Corinth. Luncheon was served buffet style, guests helping themselves from the dining table decorated with white candles in a tall pair of silver candelabra and an epergne filled with magnolias.

Individual tables were decorated with small vases of pansies. Each guest found place cards shaped like owls and filled with after-dinner mints.

On the menu were fried chicken breasts, creamed potatoes, buttered English peas, a congealed strawberry salad, homemade rolls, ice cream balls, and iced tea.

Those attending from Corinth were Misses Amy Cox, Melinda Hinton, Robbin Archie, Anne Sweat, Gingo Scott, Teresa Vanderford, Cindy Spear, Katie King, Ginger Hill, and the honoree's mother, Martha Hammond. Mrs. Dan McLemore, of Starkville, was also a guest.

Today, most of us are having to watch our budgets carefully, cutting expenses whenever we can. I thought you might welcome some suggestions on how to save money while still enjoying the many services your phone offers you:

--Are you going to be away from home for an extended period of time? A business office Service Representative can tell you, based on how long you plan to be away, whether you could save money by temporarily suspending your telephone service.

--Moving to a new residence? Ask a Service Representative whether you are eligible for a credit on your bill if you take your present phones with you to your new location.

--Dialing your station-to-station Long Distance Calls is the least expensive way to call. And rates are lowest after weekdays, all day Saturdays and up to 5 on Sundays. (If you don't know the number for a call you want to make to a distant city, you can get it at no charge to you by dialing "1", the area code if different from your own, plus 555-1212, for Directory Assistance. Save time, too, on future calls by writing new numbers in your telephone directory or personal number book.)

--Avoid paying extra installation charges when you order new phone service. Have all the work done at one time. Changing your mind later will mean extra visits and extra charges. So consider carefully all the different colors and styles, how many phones you want and exactly where you want them put.

These are just a few ways you can save on your phone bill. From time-to-time, we'll include others in this column.

Here's a health tip, courtesy of the Mississippi Heart Association, who estimates about 300,000 Mississippians have high blood pressure. Fortunately high blood pressure is easily detected and usually controllable. But, undiagnosed and untreated, it can lead to major cardiac killers -- heart attack and stroke. So do yourself a favor and have your blood pressure checked... Now!
