Burnsville Class Of '64 To Hold Reunion

The Burnsville Class of '64 will be holding their 10th year reunion on December 23, 1974. Those who have not received letters are asked to contact DeAnna Vandiver, Route 6, Corinth, phone 287-3315.

TOWN OF TISHOMINGO APPOINTS FIRST CHIEF OF POLICE — Mayor of the Town of Tishomingo, Dr. J. V. Bruce, left, is shown presenting Hubert Lambert the badge of Chief of Police. Lambert was appointed to the position of Chief at the September 3, Town Board Meeting. Before becoming the Town Chief, Lambert worked on the police force for about six

S.R. Erecting Microwave Tower On Woodall Mt.

Work has begun on the erecting of a 230 foot microwave tower on top of Woodall Mountain just east of the fire tower. The tower is being constructed for Southern Railway System and is the fifth such tower to be installed in different parts of the U.S. This will be an

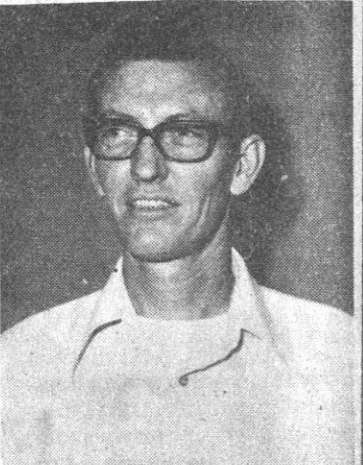

unmanned tower with head-quarters being located in Chattanooga, Tenn.

There will also be a tower built in Iuka just west of the S.R.R. Depot. This structure will be 100 feet high. Work on this tower will begin within one month.

The highest of the four towers now in operation is 300 feet high and is located in Collierville, Tenn.

The prime contractors for the towers in Tishomingo County are General Electric with K&B Engineering being the sub-contractors.

According to Mr. Fred Fowler, Superintendent of K & B Engineering, the tower should be ready to be put into operation in 14 months, depending on weather conditions. At the present time, approximately 1200 yards of fill dirt is being hauled into the area before construction of the tower can begin.

Vandiver Asks Your Support

I take this means to announce to you my candidacy for the position of member at large, Tishomingo County School Board. I am 42 years old, married to the former Lola Whitehurst, and we have two children. They attend the Burnsville Attendance Center. I have been employed by Corinth Machinery Company for the past ten years. Prior to my present employment, I taught in the Corinth City School System for four years, and I am familiar with the educational process. Our children's educational future is of major concern to me. I earnestly ask you for your vote and support in the November 5 election.

Iuka High Vandalized

Iuka High School was vandalized Tuesday night, Oct. 8, when vandals broke into the High School Principal's Office and made off with approximately \$200 in cash and ransacked the office.

The incident is under investigation by local authorities.

Notice Gas Consumers Town Of Tishomingo

The Town of Tishomingo Gas Superintendent states that any person in the Town of Tishomingo attempting to connect natural gas lines to homes or install and repair gas appliances must be bonded.

Residents of the town needing any work done on any gas appliance repairs are asked to please be sure your repairman is bonded and familiar with gas.

It could be very dangerous for an inexperienced person to work with gas.

In order to find out if your repairman is bonded, you should call the City Clerk at the Tishomingo City Hall, and she will be glad to give you this information.

NOTICE

In the event you are aware that a theft or vandalism has occurred or that a theft or vandalism is in process, please notify us as quickly as possible; it will make our job much more effective.

Thank you,
Hubert Lambert
Chief of Police
Tishomingo, Ms.

Vera White, Clerk

Billy Mack White Seeks Office

Billy Mack White, of Tishomingo, is seeking the position of member at large on the Tishomingo County School Board.

Mr. White is a graduate of Belmont High School, having graduated in 1949. He holds a B.S. Degree from Mississippi State University and taught school for seven years. He now manages Mid-South Telephone Company in Tishomingo. The Whites are active in church work.

Mr. White is married to Vera Mae White and they are the parents of three school-age children.

-NOTICE-

Anyone wishing firewood, for the cutting and cleaning up of brush, should contact Lucille Belue or Montez Bingham at City Hall - phone 423-6340.

Some people with trees to give away, for the cutting, are now registered at City Hall.

Iuka Arrest Beat

The Iuka Chief of Police reported 24 arrests made in the City of Iuka this past week.

The charges were as follows: 4 arrested for disturbance, 2 no driver's license, 3 DWI, 1 improper equipment, 2 speeding, 1 passing on double yellow line, 6 public drunkenness, 1 DUI, and 1 improper parking.

Homecoming Queens To Be Crowned Friday

IHS HOMECOMING QUEEN AND HER COURT — Miss Joy Cole, 17 year old daughter of Mr. and Mrs. James T. Cole, will reign as Homecoming Queen during the 1974-75 school term. Joy is pictured above with her court. Reading

from bottom to top: Ginger Phifer, 14, 9th grade, daughter of Mr. and Mrs. Randal Phifer; Susan King, 14, 10th grade, daughter of Dr. and Mrs. Bobby King; Cindy King, 11th grade, daughter of Dr. and Mrs. Bobby King; and Marsha Dampeer,

17, senior, daughter of Rev. and Mrs. Charles Dampeer; and Queen Joy Cole. The Queen will be crowned at Homecoming festivities before the football game Friday night at 7:00 p.m. when Iuka Chieftains take on the Rogersville Tigers.

BURNSVILLE TO CROWN HOMECOMING QUEEN ON FRIDAY NIGHT — One of the girls pictured above will be crowned Homecoming Queen on Friday night at the half-time in the football game between Burnsville and Mantachie.

Reading from left to right are: Brenda Dailey, senior, daughter of Mr. and Mrs. Floyd E. Dailey; Donna Loden, senior, daughter of Mr. and Mrs. F. D. Loden; Charolette Dailey, senior, daughter of Mr. and Mrs. Elvin C. Dailey; Jackie Cummings,

9th grade, daughter of Mr. and Mrs. Jack Cummings; Jean Cummings, 11th grade, daughter of Mr. and Mrs. James Cummings; and Brenda Ledbetter, tenth grade, daughter of Mr. and Mrs. Eddie Ledbetter.

Senator Stennis To Speak In Tupelo

Hoyt Payne, Board Chairman of the Community Development Foundation announces that Sen. John C. Stennis would address a meeting of several hundred agricultural, business, civic, and industrial leaders in Tupelo at the Trace Hall of Fame on Thursday evening, October 17, 1974, at 7:00 p.m.

Sen. Stennis has been asked by community leadership to discuss in detail the outlook for improved housing starts, to evaluate the extent of the energy crisis and its influence on the region, and to project what Congress and the Administration will do to prevent a further increase in unemployment.

The CDF has also asked Sen. Stennis to comment on the timetable for the completion of the

tween Tupelo and Nashville and to report on progress in funding the construction of the Tennessee-Tombigbee Waterway plus any other public works projects related to area development such as the availability of funds for the completion of flood control work on Town Creek, a program Sen. Stennis helped get underway here in a CDF-sponsored meeting in 1958. The project has suffered delay because of the unavailability of construction money and increased costs as a result of inflation for the water-retaining dams and the channel enlargement and improvement work, both designed to prevent the flooding of large acreages in the flood plains of both agricultural and industrial properties around Tupelo and in other

This meeting will be the second major economic outlook type meeting scheduled by the CDF this year with the one scheduled earlier attended by leaders from ten northeast Mississippi counties. CDF Chairman Payne stated that the economic situation is changing at a rapid pace and the opportunity to have a national authority like Sen. Stennis is not only timely but should be very informative at this time.

Attendance to the dinner meeting will be by reservation and reservations may be had by calling 842-4521, the CDF office.

The monthly singing at Bethel Missionary Baptist Church will be Saturday, October 12, beginning at 7:00 p.m.

IUKA FOOTBALL SQUAD OF '54 — Iuka resumed the sport of football in 1954 after a lapse of 21 years. Members of the '54 squad and coaches will be honored at Homecoming activities in Iuka on Friday night, along with the Class of '54, who

Shown above are, left to right, standing: Coach Mann, Osborne, Davis, Bryant, Sweeney, Kay, Kent, Yow, Kinard, White, Rushing, Coach Mercer, Kneeling: Tucker, Robinson, Reynolds, Oaks, Wiley, Cooper, Bugg, Robinson, Strickland, and

Reynolds, Clark. The sport of football had been discontinued in the county in the fall of 1933 due to several serious injuries to players. There are three known players of the 1933 team still residing in Iuka. They are Leon Phillips, Cecil Thornton,

game played in 1933 was Iuka vs. Waterloo, Ala. at Waterloo. The Iuka players were driven to the bank of the Tennessee River on a flat-bed ice truck driven by Herbert Biggs where they crossed the river by ferry.

**NON-CROPLAND
WEED CONTROL**
Herbicides may not replace mechanical means of controlling unwanted vegetation, but they do offer a wider variety of means of controlling vegetation where edgers and mowers cannot be conveniently used. In many cases herbicides will give longer lasting and more economical control.

This herbicide can be combined with simazine or strazine to give general control of emerged weeds as well as pre-emergence control. With this material there is less likelihood of damage to nearby plants.

PLANTING TREES
Tree planting time will soon be upon us, so here are some tips that may increase chances of survival for the trees you plant.

Dig the hole large enough for the natural spread of the roots. Loosen the soil in the bottom of the hole. Plant the tree at the same depth it grew before transplanting.

While the tree is out of the ground, keep the roots moist. Anchor the tree by staking. A good idea is to anchor the tree with wire threaded through a section of garden hose to prevent damaging the bark.

Wrap the trunk to lessen evaporation and for protection from sun scald. Wrap lower half of the trunk with burlap or tree wrap paper.

Prune one-third of the branches so roots will be able to feed the remaining top. Cut branches next to stem or trunk, but do not destroy the natural form of the tree.

Replace subsoil in the hole with good topsoil high in humus. Mulch the newly planted tree and water often. Mound soil around the tree to hold water.

**BUYING EGGS -
GRADES AND SIZES**
The U. S. Department of Agriculture has developed grade standards for eggs. The three consumer grades are: U. S. Grade AA or fresh fancy quality, U. S. Grade A and U. S. Grade B. Cartons of government-graded eggs are marked to show both quality and size. The grade mark, in the form of a shield, printed on the carton or on a tape used to seal it, certifies that each egg has been graded for quality and sorted for size.

Grade AA and Grade A eggs are ideal for all purposes but are especially good for poaching and frying because of their superior appearance. Grade B eggs are satisfactory for combining with other ingredients, in cooked dishes.

The grade of the egg does not reflect its food value; lower grades are as high in nutrients as top grades. Shell color is determined by breed of hen and does not affect the nutritive value or quality of an egg.

The size classification of eggs are based on weight per dozen. Size is independent of quality; eggs of any size may be included in each quality grade.

Common market sizes and minimum weight per dozen are:

Extra large - 27 ounces
Large - 24 ounces
Medium - 21 ounces
Small - 18 ounces

Two other sizes - jumbo at 30 ounces per dozen and peewee (pullet size) at 15 ounces per dozen - are sometimes available.

When small and medium eggs are plentiful, they are often a more economical protein source than the larger sizes. To determine the most economical, compare prices within a

quality grade.
Generally speaking, if there is less than a seven cent price spread between one size and the next smaller size in the same grade, you will save more by buying the larger size.

LEMONY TUNA CASSEROLE
1 can (10 3/4 oz.) condensed cream of mushroom or celery soup
1/2 teaspoon fresh grated lemon peel
2 cans (6 1/2 oz. each) tuna, drained and flaked
1 cup cooked peas or other leftover vegetable
Lemon juice

Combine soup, lemon peel and juice; mix thoroughly. Stir in tuna, add peas and lightly mix to coat evenly. Bake in greased casserole at 350 degrees F. for 20 minutes. Yield: 4 servings.

LEGAL NOTICE

NOTICE OF SALE

Pursuant to the provisions of a decree entered by the Chancery Court of Tishomingo County, Mississippi on August 31, 1974, in Cause No. 7102 styled: "VERNON C. BOLTON, ET AL, COMPLAINANTS VS. WILLIAM ROBERT BOLTON, ET AL, DEFENDANTS," I, Robert Sims, Special Commissioner, will offer for sale and will sell, subject to confirmation as hereinafter specified, to the highest and best bidder for cash at 11:00 o'clock a.m. on October 10, 1974 at the east front doors of the Tishomingo County Courthouse in Iuka, Tishomingo County, Mississippi, the following described property:

Situated in the County of Tishomingo, State of Mississippi, to-wit:

The south half of the Southwest Quarter of the Northeast Quarter of Section 19, Township 6, Range 11 East, containing nineteen (19) acres, more or less. There is excepted herein a passageway on the south side 16 feet wide to the public road.

LESS AND EXCEPT a three-acre tract of land as recorded in Deed Book B-51 at page 542 in the office of the Chancery Clerk of Tishomingo County, Mississippi, and more particularly described as follows:

A parcel of land lying in Section 19, Township 6, Range 11 East; beginning at the southeast corner of the South Half of the Southwest Quarter of the Northeast Quarter of Section 19, Township 6, Range 11 East, run west to Bear Creek Road and cross said road for 50 yards; thence north 130 yards to Spring Branch and Walter Hale; thence run back across said Bear Creek Road to Arthur Boyd line; thence south along Arthur Boyd and W. C. Bolton line to point of beginning, containing three acres, more or less.

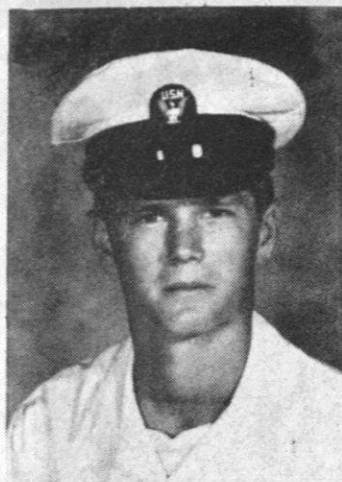

The successful bidder shall be required to pay to the undersigned as Special Commissioner at the conclusion of the public sale a sum equal to 10% of his high bid with the balance of the purchase price to be paid in full after the sale has been confirmed and when the Special Commissioner tenders the deed conveying the tract to the successful bidder, which 10% sum shall be returned to the bidder if the sale is not confirmed.

The sale of all of the above described tract shall be subject to confirmation by the Chancery Court of Tishomingo County, Mississippi at 10:00 o'clock a.m. on the 1st day of November, 1974 at the Alcorn County Courthouse in the City of Corinth, Alcorn County, Mississippi.

The title to the above described property is believed to be good, but the undersigned as Special Commissioner will sell and convey only such title as he possesses.

WITNESS my signature on this, the 18th day of September, 1974.

ROBERT SIMS
Special Commissioner
S-26-0-3-10-c.

Navy Construction Recruit
David A. Wilson, son of Mrs. Rachel Lambert, of Route 1, Burnsville, Miss., graduated from recruit training at the Naval Training Center, San Diego.

He is scheduled to report to Steelworker A. School, Port Hueneme, Calif.

The training included instruction in seamanship, military regulations, fire fighting, close order drill, first aid and Navy history.

4-H Winners

Angie Dawson, of Midway, and Charlene Patterson, of Golden, won third place in the State 4-H Record Contest that was just completed at Mississippi State University. Angie won in the 4-H Achievement Project, while Charlene won in Food Preservation.

They were awarded a \$10 cash award for their outstanding work. "Both girls have put forth a lot of hard work through their years as 4-H members and I am extremely proud of them," stated Billy Rainey, Extension 4-H Youth Agent.

Charlene and Angie were among the 458 4-H'ers from across the state who participated in the competition that included 35 4-H project areas.

Angie is the daughter of Mr. and Mrs. Chester Dawson, and Charlene is the daughter of Mr. and Mrs. Charlie Patterson.

CREDIT CARDS

If your credit card is lost or stolen, notify the company at once. Otherwise you may be held responsible for purchases up to \$50, remind Extension home management specialists with the Mississippi Cooperative Extension Service.

Toll Bridge On U.S. 72 Proposed For Waterway

Members of a legislative highways committee Thursday discussed the possibility of building a toll bridge across the Tennessee-Tombigbee Waterway along U. S. 72 in Northeast Mississippi.

The idea came up as the House highways recess subcommittee considered the financing of bridges that will have to be built across the waterway.

The subcommittee made no recommendations on the number of funding of bridges but scheduled another meeting for October 29-30 with officials of the U. S. Corps of Engineers, which is building the waterway.

Rep. Clarence Pierce of Vaiden, chairman of the House Highways Committee, said Sen. John C. Stennis and U. S. Representatives Jamie L. Whitten and Thad Cochran would be invited to attend the October meeting so they could see the problems the state will face in financing the bridges.

The lawmakers expressed hope that there will be some federal money available to help pay for the bridges along the canal, which will run through Northeast Mississippi and parts of Alabama.

LEGAL

State of Mississippi
County of Hinds
TO: All interested persons

You are hereby notified that a meeting of the Banking Board, State of Mississippi, is officially called for 10 a.m., November 12, 1974, as provided by Section 81-3-13, Mississippi Code of 1972, Annotated, to consider an application for a certificate of authority to incorporate and organize a new bank at Corinth, Alcorn County, Mississippi, to be named

ALCORN STATE BANK. The meeting will be held in the Banking Board Room, 1205 Wolfolk State Office Building on North West Street between Hamilton and High Streets, in the city of Jackson, Hinds County, Mississippi. All interested persons may be heard in writing or in person by the Banking Board, Cause No. 154.

James H. Means
State Comptroller
Department of Bank Supervision
State of Mississippi
0-3-10-17-c.

"I think we're going to have to get some federal help on these bridges or we'll have to consider tolls," said Rep. Geo. Payne Cossar, of Charleston. The panel also discussed the possible use of receipts from the state sales tax on petroleum products to help pay for the bridges.

Rep. Otis Bennett, of Sunflower, said the State Tax Commission estimated collections of about \$42 million this fiscal year from the sales tax on petroleum products, an increase of some \$18 million.

The state already diverts the \$24 million from the tax receipts from the general fund for state aid roads, and the committee suggested taking the projected extra \$18 million for highways.

Rep. Thomas Campbell III of Yazoo City said he would like to see that amount divided three ways for bridges, secondary roads and municipal road

work. The portion proposed for bridges would be used to finance a bond issue.

Rep. Walter Brown, of Natchez, predicted at a Wednesday meeting of the committee that it would take about \$10 million to build about 10 bridges across the waterway.

The committee also discussed the possibility of issuing "occupational" driver licenses that could be used by persons who must drive on their jobs but have had their licenses revoked for driving while intoxicated.

Bennett and Pierce they thought the license should be available for persons to use to drive to and from work as well as on the job.

People once believed that a serpent could have a head on each end.

Makers Met

Members of the Midway Farmers Club met in the building of Spring Baptist Church for their meeting.

Meeting was called to order by the vice-president, Mrs. Phillips, in the presence of the president, Mrs. Phillips. She thought for the month, she was the person who has the supply of the milk of kindness and knows how to keep it from souring. She sang, "Have Thine Own Way, Lord." Devotion by Mrs. Louise Cox, and prayer by Mrs. Jewel

Minutes of the last meeting were read by the secretary, Mrs. E. Skinner. During the session, the nominating committee chairman, Mrs. Plume, presented the nominations. Mrs. Phillips seconded the nominations. The group voted to accept the nominations.

The topic was on "Meat and Potatoes" by Mrs. Grace. The demonstration was given by Mrs. Bertha Newcomb. Concerning high blood pressure, recreation was led by Mrs. Jewel Starkey. The prize was won by Mrs. George Goldsmith. She was the door prize.

Hostesses, Mrs. Davis and Mrs. Louise Cox, served refreshments and the meeting adjourned to meet in the building of Spring Baptist Church for their November meeting.

MA Making Loans

Farmers Home Administration is now making Section 502 Housing Loans to eligible owner-occupants for the purpose of improving their homes in order to make them safe and sanitary and reduce health hazards. These loans may consist of repairs and improvements and sanitary and waste disposal facilities.

Applicants may get up to \$5,000 for repairs. If they need to put in a bath or disposal facilities or other line to the house, they may borrow an additional \$5,000, the most that may

be received in home repair loans is \$3,500. The interest rate on this type loan will be 1 percent and must be repaid, with interest, within 10 years. The local Farmers Home Administration office is located at 105 1/2 Eastport Street in Iuka, Mississippi, next door to the Post Office. Mr. David P. Rushing is the County Supervisor.

Community Fund Officers Named

Officers for the Tishomingo County Community Fund Drive were announced today by TCCF President, Dale Moore. Named to serve Tishomingo County as District Chairmen for this year's fund raising drive were Lloyd Murrah, First District; A. T. Marlar, Jr., Second District; Boliver Frederick, Third District; Gary Taylor, Fourth District; and Larry Taylor, Fifth District. Also serving TCCF this year are Don Cowell, Industrial Chairman; Carolyn McHaffey, Treasurer; and Doris Rhodes, Secretary.

District Chairmen will be recruiting volunteer workers for the TCCF Drive until it begins October 17th. This year's goal has been set at \$20,000 to be distributed among Boy Scouts, Girl Scouts, Cancer

Fund, Red Cross, 4-H Club, and Salvation Army. Currently, grammar school students in Tishomingo County are supporting the TCCF by making posters to publicize the drive October 17-31.

NEMJC Homecoming

Susan Smith, of Ripley, has been selected homecoming queen by the Northeast Mississippi Junior College student body. Miss Smith and her Court will be presented in pre-game activities on October 12 at the homecoming game with Holmes Junior College.

Sophomore maids are Judy Rutherford, of Booneville; Sherry Leggett, Corinth; and Regina Keenum, of Myrtle. Freshman maids are Sharon Booker, Shannon; Debbie Strickland, Corinth; and Shirley Tyson, Kossuth.

In connection with the annual homecoming, The Northeast Mississippi Junior College Alumni Association will meet at 5:00 p.m. in Patterson Hall for registration and a business meeting.

Following the homecoming game with half-time activities including performances by the Holmes Junior College and Northeast Bands, open house will be held in Patterson Hall

YOU GET

"THE CLINCHER!"

WITH EVERY CAR I SELL.

It's going to take better care of the people who buy our cars!

This year, I've got more than great cars to sell. I've got an Owner Care Program that just about guarantees customer satisfaction. It's "The Clincher".

There goes that song again. Sure. You're probably saying to yourself, I've heard that before. But you've never heard (Hometown Motors) or the Chrysler Corporation make a statement they couldn't back up. Strong words? You bet. You see, no matter how carefully and durably our new cars are built, some expensive things may wear out if you drive them long enough in a year. A shock. A muffler. A brake lining.

We've got "The Clincher". That's where "The Clincher" comes in. If any of those items wears out under normal use during the first year, we'll replace it free. That's not all. If you should make an appointment to have warranty work done and we can't have it finished the day we said it would be, you get a loaner. Free of charge.

More proof. We've even gone one step further and topped it all off with Chrysler Corporation's new car

warranty. 12 full months with no mileage limitation. All that's required of you is to provide normal maintenance on the new (car name) that you buy from us. Things like changing filters and wiper blades.

For the first 12 months of use, any Chrysler Motors Corporation dealer will fix, without charge for parts or labor, any part of our 1975 passenger cars we supply (except tires) which proves defective in normal use, regardless of mileage.

We don't expect you to buy a car from (Hometown Motors) just because we've got a great Owner Care Program. We expect you to buy a (car name) because they're great cars. And because now we've got "The Clincher".

"The Clincher". It's going to take better care of the people who buy our cars.

LEGAL

ADVERTISEMENT FOR BIDS

Sealed bids will be received
by the Board of Trustees, Iuka
Special Municipal Separate
School District, at their office,
507 W. Quitman Street, Iuka,
Mississippi 38852, until 4:00
p.m. on October 14, 1974 on the
following projects:

(1) Remove old roof on a por-
tion of the Iuka High School
measuring 25 ft. x 181 ft. and
replace with new insulation,
felt, tar, and gravel. Work to
be completed by December 1,
1974. Old roof, gravel, etc.
is to be removed from the
site. Bid should specify in
detail the materials to be used,
labor to be performed, and
length of guarantee.

(2) Reverse the flow of water
in the two boilers at the Iuka
High School. Install new Bell
& Gosset, bronze bodied, 2
inch circulating pumps. Re-
move existing pipes, pumps and
valves and re-pipe in proper
manner to accept the new pumps
and to reverse the flow valves
presently in the system. Pro-
vide labor and materials to re-
wire each thermostat to pro-
vide individual control. Work
must be completed by November
1, 1974.

Inspection of the above facili-
ties may be made on week-
days between the hours of 8:00
a.m. to 4:00 p.m.

The Board of Trustees re-
serves the right to reject any

STOP! SHOP! SAVE

ENJOY A LOWER TOTAL FOOD BILL

If you've been chasing specials all over town, chances are you are wasting a lot of time and money. In the most conservative of estimates, each mile you drive costs you at least 15c, and it takes a lot of saving on a lot of items to make up for a few extra miles of driving. So make your list . . . stop here . . . and you'll see how we help you live better for less.

National 4-H Club Week

1974 NATIONAL 4-H WEEK...OCTOBER 6-12

4-H Week Theme:

"WE CAN MAKE IT HAPPEN"

Letters From 4-H'ers

GARY BURCHAM
AGE: 13
MIDWAY 4-H CLUB

MY 4-H EXPERIENCES
AND ACHIEVEMENTS

I joined the Midway 4-H Club in January, 1971 (as soon as I was old enough). I was aware of the opportunities and experiences 4-H had to offer through reading the paper, talking to other 4-H members, and my mother, at that time worked at the County Agents Office. She encouraged me to join 4-H Club and participate in the 4-H activities and events.

I participated in the junior 4-H livestock judging team in 1971, 1972, and 1973.

The first year our team placed third in district livestock judging at West Point and third in the state contest held at Jackson. I was the high scorer for the team each time. The second year our team did not place. In 1973, we judged as individuals. I judged beef cattle and won a trophy and \$15.00 as first place winner in the district beef cattle judging contest in Tupelo.

In 1974, I was unable to participate on the beef judging team because I won the contest in 1973. Since I could not judge beef, I entered the dairy judging contest. I placed fifth in the district contest in dairy judging. I plan to enter dairy judging again next year and am working toward being a first place winner in dairy.

I also took swine as a project this year, as I felt it would help me in caring for the registered yorkshire gilt I won in February, 1974. The gilt was won at a swine judging contest sponsored by Mr. Clyde Isbell in Booneville.

I prepared a visual presentation on selecting and ideal market pig. The presentation won first place in the county contest and placed fourth in the district contest held at Mississippi State University.

I participated on the 4-H Junior Land Judging Team. I placed 18th and won a white ribbon at the District Land Judging contest held in Oxford. I have taken the 4-H Public Speaking project four years. I enjoy speaking and I also felt it would benefit me in all my school subjects, as well as throughout my life.

CHARLENE PATTERSON
AGE: 13
GOLDEN 4-H CLUB

MY 4-H EXPERIENCES
AND ACHIEVEMENTS

My name is Charlene Patterson. I am a member of the Golden 4-H Club. I attend Belmont High School where I will be a freshman and I am 14 years of age.

My mother happens to be the leader of the club I attend. My sisters were members of this club. When I was little I had to go to the meetings with them and they were a lot of fun. So when I was nine years old I joined the Golden 4-H Club to find that part of the fun turned into work.

Since I come from a family of six, we always put our garden food in the freezer or can it. I always helped and it was fun. So when I was twelve I chose food preservation as my main project. Since then I have learned to do a lot of things that mother used to have to do which helps her out a lot. Since food is so high now, freezing and canning food helps our grocery bill not to be so high. So this is a profitable project.

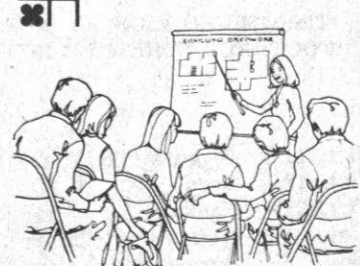

Seeing that food preservation is my main project, I went to the county contest. The first year in the county I was only one there so I went to the district contest where I placed 5th. This year I again went to the county contest, placed first and went on to district contest where I placed 2nd. Last year on my food preservation record I placed first in county and placed second in the state record contest. At the achievement banquet in November, 1973, I was named most outstanding junior girl in Tishomingo County. For this achievement I was awarded a twenty-five dollar savings bond. Before I selected food preservation as my main project, I was taking food and nutrition. After making foods that didn't taste, look, or even resemble what they should, I soon learned to carefully select all ingredients for both cooking and canning.

Being in 4-H has helped me to be able to talk in front of groups. Since I am the president of the Golden Club, I get up in front of a group a lot. When I get up in front of strangers or even talk to strangers, it doesn't bother me all that much. 4-H has helped to prepare me for the future in more than one way. I can take care of myself, food and cloth myself as well as many other things.

PREPARE FOR THE FUTURE

4-H BUILDS LEADERS

4-H is really a great club. It has a lot of projects to choose from for boys and girls - projects that will help prepare youth to take better care of themselves and others.

Since the age limit is nine to nineteen, youth of all ages join in the fun of 4-H.

Youth are often coming up to me and asking "Is 4-H fun?" I always say, "It's great. Why don't you join?"

If anyone ever asks me what is a good club to join, 4-H is always my answer.

ANGELIA DAWSON
AGE: 11
MIDWAY 4-H CLUB

MY 4-H EXPERIENCES
AND ACHIEVEMENTS

I became involved in 4-H work because my brother was a member and my mother was a leader. They would bring things how to sell, make and work with. It looked very interesting, so I thought I would try it out. I tried it, I liked it. I joined 4-H Club as soon as possible and got to work.

I selected my main project in something I enjoy doing - talking. For the past two years I have won the public speaking contest on county level. I tried for district once and got

fifth. I tried again and won 1st division. Boy, was I happy! I realized after I had won in the district contest that I could not compete in public speaking again until I was a senior. That pushed my hopes downward, but my hopes rose again because demonstrations were ahead of me.

My success in winning first place in the county the last two years in public speaking helped me win the first place this year in my visual demonstration on the "Electric Meter." I also won fourth place in the district contest. I entered "Share the Fun" contest, not only to represent my county, but the fun of "sharing the fun." Much to my surprise, I won third place out of thirty-one entries.

Another success I enjoyed was the county recreational program. I started out last year as a "bench warmer" in softball, but this year as a third baseman winning the nickname "slugger." I also enjoyed entering tennis, swimming, volleyball, and arts and crafts.

Our meetings were successful and everyone enjoyed every minute.

My memorable failures and difficulties were few, thanks

to my mother, Mr. Billy Rainey and adult leaders of my club. 4-H has helped me develop as a person in many different ways. In public speaking last year I had a fear of a large audience, but now I had rather have a large audience than a small one.

I entered a beauty contest at the Tishomingo County Fair this week and thanks to my 4-H work, I gained the self-confidence and poise to enter.

In public speaking, visual demonstrations, and sewing, 4-H has helped me for the future. When I become older and look for a job, 4-H can help me achieve my dreams and ambitions.

RHONDA BURCHAM
AGE: 11
MIDWAY 4-H CLUB

MY 4-H EXPERIENCES
AND ACHIEVEMENTS

I joined the 4-H club in 1972. My brother had joined the previous year, and I could hardly wait until I was old enough to join and take part in the activities and events in which my brother had been participating. I chose public speaking as my main project this year. I have taken it as a project for three years. Public speaking has helped me acquire more self confidence when talking before an audience. It has also helped me while playing the piano, as I know I now have more self confidence when playing in public.

In 1972 I placed second in the Tishomingo County Public Speaking Contest. Then in 1973 I placed third in the contest. Then this year I won first place and received a trophy. Then a few weeks later I went to the district contest at Mississippi State University and placed sixth and received a red ribbon.

The name of my speech this year was "What the Youth of Today Can Do For Our Country." I chose Entomology as my second project this year. I know it would help me in my science class, as well as at home in caring for my pets, and taking care of the garden and shrubs. Entomology also gave me something to use my spare time during the summer vacation. I spent much of my time this summer collecting and mounting twenty-two different

species of insects, as well as identifying these insects. I also assisted with taking care of the garden and shrubs.

Another one of my projects this year was swine. I took place in Isabel's Hog Judging Contest at Booneville, Miss., and scored 182 points.

For the past two years I have participated on the community girls softball team sponsored by the 4-H Youth Development Program.

I have enjoyed these three years in the 4-H Club. 4-H offers many great opportunities and I plan to take advantage of these, so that I may be better prepared when choosing my future career.

RENEE MCKEE
AGE: 10
MIDWAY 4-H CLUB

MY 4-H EXPERIENCES
AND ACHIEVEMENTS

I got involved in 4-H by being around a lot of my friends who were in 4-H. I listened to them talk about it and I thought it would be fun. From experience I have found that it is.

The reason I selected clothing for my main project is that I wanted to learn how to sew. My mother and grandmother are excellent seamstresses and I wanted to be able to make my clothes.

My most important success was when I entered the county clothing contest and won with my apron I had made during the year. Then I made a dress to go to the state contest, and but something happened and I didn't get to go and show my dress. This was a great disappointment to me.

I have also entered the public speaking contest the past two years. I have never won first place. But it has helped me to be able to get up and talk before other people just by taking part in this project.

My difficulties in sewing are cutting out my garment. I work under the close supervision of my mother for this. 4-H has helped me develop as a person because I am around my friends more. It is a lot of fun as well as educational.

4-H is helping me prepare for the future. I will be meeting a lot of people at different times I will not be bashful around people as I was when I first joined 4-H Club work.

Creative Writing By Junior High Students

Mrs. Ruth Dawson's Junior High English Class at Tishomingo High School recently ended a week of creative writing on subjects, "My Place in My Home, Church, School, Community and State." As a result of this series of writing, the project was ended with a choice of subjects on citizenship. The following paper by Suzanne Potts, daughter of Mr. and Mrs. Ray Potts, was chosen as the best by a group of faculty members and students.

AMERICA THE BEAUTIFUL

I am proud to be an American citizen and to enjoy America's freedom and beauty. America is beautiful in two ways. First, it has marvelous beauty all around, as well as wonders, such as the Grand Canyon and Niagara Falls. But perhaps America's real beauty lies in its freedoms and opportunities. It's great to be born free and equal to everyone else. We Americans are free to say what we think. If we want to write a book, we can write one and not have to fear being imprisoned for our beliefs. We are free to dress as we please, eat what we like, and go to the church of our choice. We can select the kind of homes we want and do almost anything we like within our free democracy. These are just a few of the freedoms granted us by our Constitution. America has been called the "Land of Opportunity" and truly

is. If we want to, we can go to college or a technical school and learn a profession, but we don't have to. As it is now, we don't even have to go into service if we don't want to. We have a free democracy where we can vote and run for office regardless of sex or color. We can select the candidate we want and vote for him or her.

If sickness or bad times come, there is insurance to help out. The old and disabled people are taken care of by the government through taxes paid by working people. If I were an orphan, the state would take care of me. I would not have to face starvation as I would in many parts of the world.

Along with opportunities, a good citizen also has obligations he or she should abide by. A good citizen obeys the laws, keeps American beautiful by not littering, is honest on tax returns, and does his or her share of work. We should cherish our freedoms so that they will be here for generations to come.

By Suzanne Potts

Coin Show To Be Held

The Greater Jackson Coin Show will be held at the Coliseum Tamada Inn November 30 - December 1, 1974, accord-

ing to Henry Blum, General Chairman. This is the second of two coin shows that will be regularly scheduled for Jackson on an annual basis. The MNA Coin Show held in the spring was a resounding success.

In addition to Mr. Blum the show officials include C. L. Savell, of Braxton, an Exhibit Chairman, Horace Whitfield, Box 9571, Jackson, Miss. 39206 as Bourse Chairman, and Ed Lofton, of Ridgeland, as Publicity Chairman.

Mr. Savell urges all young collectors to attend this show. He states that there will be a wide variety of numismatic and related material on exhibit. There will be no charge for admittance to either the bourse or exhibit area. Officials of the show and exhibitors will be available to answer any questions from visitors. All exhibits will be non-competitive.

Mr. Whitfield has already received numerous inquiries from dealers. He will accept no more than a total of 31 applications. The dealers will be from Mississippi and most of the Southeastern states. There will be dealers in gold coins, paper money, foreign and ancient coins, type coins, and also modern uncirculated coins. Any dealer interested in reserving a table should immediately write Mr. Whitfield.

Chieftains Fall Prey To Belmont

The Iuka Chieftains fell victim to the Belmont Cardinals last Friday night in a game that was well played in the first half but lacked fire in the closing two quarters.

The slashing running of Dudley Strickland, of Belmont, turned the ball game around. Strickland scored one touchdown and ran with great authority in the cross-county rival.

The Chieftains made loud noises in the first quarter when they recovered a fumble on the Belmont 29 yard line, and Iuka's quarterback, Jerry Long, quickly hit paydirt by throwing a scoring strike to big Larry Biggs. Scotty James added the extra point.

But the tide turned on the Chieftains when Long fumbled a punt return on Iuka's 29. Belmont recovered and Deaton eventually scored from the eight. Alan Caldwell scooted around right end for the two point conversion.

Half-time ended 8-7 in favor of Belmont after Chieftain Scotty James just missed a 28 yard field goal attempt.

In the third quarter the fired up Cardinals scored on a one yard sneak by Alan Caldwell after the play was set up by a brilliant run by Strickland.

Caldwell scored on the two point conversion by once again scooting around right end.

The Chieftains moved the ball at will but missed numerous opportunities to score.

Friday night the Chieftains host the tough Rogersville, Ala. team in homecoming activities. Coach McDonald and Coach Rushing are looking for their second victory of the year.

Forest Paintbrush

By Arnold & Connie Krochmal

USDA Forest Service

Visitors to our eastern forests are dazzled by the brilliant colors of leaves at this time of the year. Yellows, orange-yellows, and shades of red excite the eye and the imagination. Shrubs and trees join in to herald the coming of fall.

Where do the colors come from?

Why do some plants turn bright yellow while others turn a vivid red or a warm purple?

The differences lie in the plants themselves, very much in the way that some people, for example, have red hair, others black. A heredity factor decides what the fall color will be.

As fall approaches, plants receive signals to prepare for winter -- the gradual shortening of the days, and the slowly lowering day and night temperatures. The most visible preparation by plants that cast their leaves is the change in leaf color.

During spring and summer, of course, almost all leaves are green. Their color is due to tiny structures containing chlorophyll. These bodies die and are replenished all during the growing season. As the warming signals of fall are received, each leaf produces a corky layer at the bottom of its stalk. This layer stops the movement of minerals and water needed by the chlorophyll bodies. They die and are not replaced in the fall.

In many trees, including walnuts, hickory, yellow-poplar, and sycamore, a lovely rich yellow color appears. Oddly enough, that color has been present in the leaves all the time, hidden by the green chlorophyll. Only now as the chlorophyll disappears can the yellow appear to our eyes.

Trees that have red fall foliage, such as some oaks and maples, tell a different story. The layer of cells on the leaf stalk that cuts off food and water also keeps the plant

sugars manufactured in the leaves from moving out. The plant converts these sugars in the leaves into red and purple pigments. The rate and degree of color change vary from tree

to tree. This process is much favored by cooler nights and by clear, cooler days, and many other factors may affect the process.

Frost is not needed for color change to begin. In fact, a heavy frost kills the leaves, and the bright colors disappear soon after.

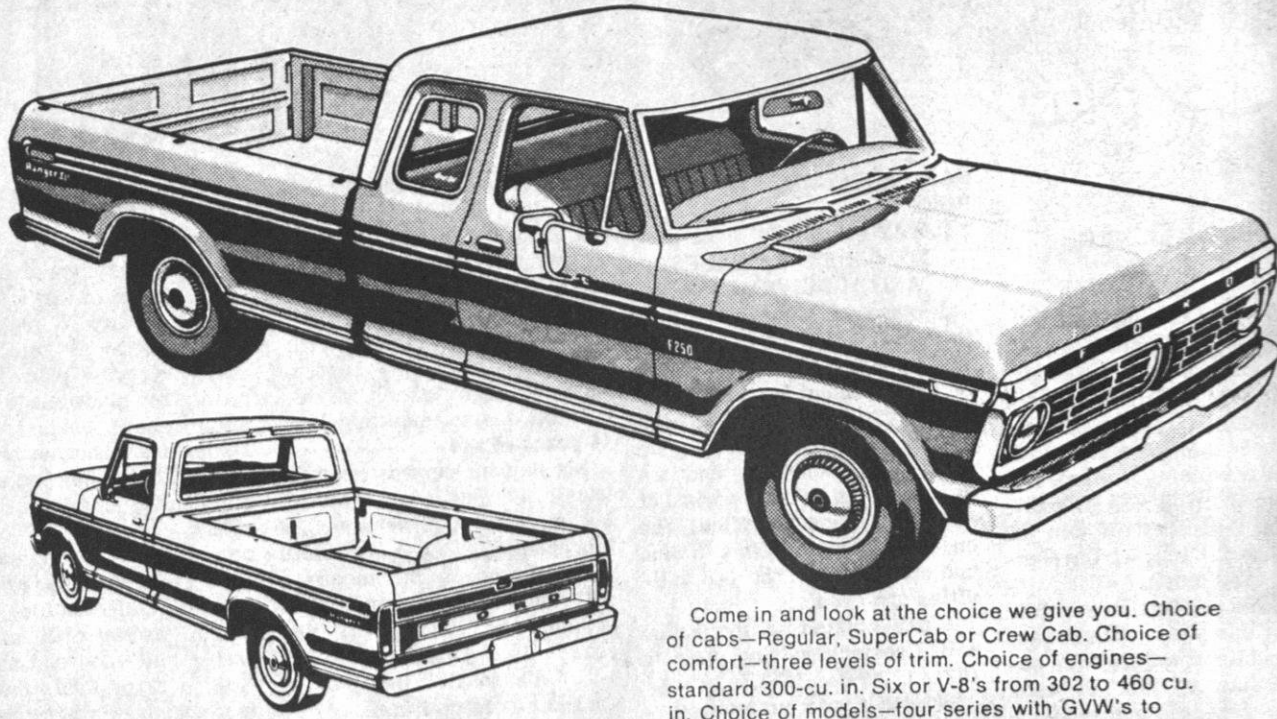

Trees that produce red foliage

in autumn, then, do so by manufacturing pigments in the leaves at that time of year. Trees whose leaves turn yellow do not produce these pigments.

ASCS NEWS

By Ellett N. Allen

BASIC PRICE SUPPORT RATE - 1974 CROPSOYBEANS: Scottie Dean, Chairman of Tishomingo County ASC Committee, this week announced the basic price support rate for 1974 crop of soybeans, 2.25¢ per bushel for grade 2 and better. The ASCS office offers commodity loans on soybeans. Any farmer who has sufficient storage may store soybeans and receive CCC Loans of 2.26¢ per bushel, sell later if prices advance. Visit our office for further information. Our telephone number is 423-5036.

INTEREST RATES INCREASED: Interest rates have been increased on price support commodity loans effective Oct. 1, 1974, Ellett N. Allen, County Executive Director of the Tishomingo County ASCS Office

stated today. Increased interest rates are also applicable to loans on farm storage facilities and drying equipment which are made by the Commodity Credit Corporation through County ASCS Offices. The new interest rates are effective on all loan applications received on or after October 1, 1974.

Mr. Allen went on to say that the interest rates on commodity loans were increased from 7.25 to 9.375 percent. Rates on farm storage facility and drying equipment loans were increased from 8.75 to 9.375 percent. The new rates will more nearly reflect the cost of money which CCC must borrow in order to make these loans available. Mr. Allen stated that while the interest rates have been increased such rates are still low when compared to available sources of commercial credit.

According to Mr. Allen, a change has been made in the policy regarding interest on price support commodity loans and storage facility loans which are made by CCC. The interest rate on loans for which applications are received on or after October 1, 1974 will be subject to an adjustment, twice a year, during the time the loan is outstanding. Loans for which applications were received prior to October 1 will continue to bear interest at the rate stated in the loan agreement until maturity of the loan. Farmers and others who are interested in further information concerning interest rates applicable to CCC loans or other details concerning these loans should con-

tact their local County ASCS Office.

COTTON LOAN: Again we remind cotton farmers that the local ASCS Office will write your cotton loans. In Tishomingo County farmer's language-pool cotton. Your ASCS Office represents CCC (Commodity Credit Corporation). Bring your warehouse receipt, grade card, and your loan papers will be prepared and checks written.

RECP: Can't keep from reminding you that there are funds left for cost-sharing in sowing fescue and building ponds.

Bluegrass Festival

There will be an amateur Bluegrass Festival at Golden, Miss., on the town square, Oct. 19th, beginning at 10 a.m.

No electrical instruments, no prizes will be given, and there will be no admission charge.

The event is being sponsored by Hollis Long and John Timbs.

Burnsville Run-Off Set For Tuesday

There will be a Special Run-Off Election in the Town of Burnsville, on Tuesday, October 15, 1974, for Alderman. This run-off will be between Junior Marlar and Ed Beck.

This special election was brought about by the resignation of Alderman Rickey Booker.

SELECTIVE SERVICE MET — The Selective Service Local Board No. 77, held its quarterly meeting on October 2nd, at the City Hall in Iuka. The records are kept in the Federal Building in Tupelo; however, each

county continues to classify young men of their county. Young men are reminded to register 30 days before or after their 18th birthday. In the above picture are members of the Local Board #77. Left to

right: Andrew Jackson, member; Edward L. McNatt, member; Mr. J. O. Patterson; Eloise Shelton, executive secretary; Frank Williams, member; and Frank Crossett, chairman.

Trace Contract To Be Awarded

Sen. John C. Stennis, D-Miss., said the interior department plans to award a contract by mid-1975 for construction of five miles of the Natchez Trace Parkway in Northeast Mississippi.

Stennis said the department has almost completed planning of the five-mile segment just north of Tupelo and the contract is expected to be awarded by next May or June.

He said a \$4.1 million appropriation approved by Congress this year for the Parkway will be used for the Tupelo-area work and for planning of three sections immediately west of Port Gibson and extending toward Natchez.

Watch Your FAT-GO

Lose ugly excess weight with the sensible NEW FAT-GO diet plan. Nothing sensational just steady weight loss for those that really want to lose.

A full 12 day supply only \$3.00. Ask DAWSON drug store about the FAT-GO reducing plan and start losing weight this week. Money back in full if not completely satisfied with weight loss from the very first package.

DON'T DELAY get FAT-GO today. DAWSON DRUG-IUKA

Patterson Appointed Registrar

Mr. J. O. Patterson, Veterans Service Officer, has been appointed registrar for the Selective Service System. Mr. Patterson is located in the Court-house and will be happy to re-

gister young men 30 days before or after their 18th birthday.

Mr. Patterson's office hours are 8:00 a.m. to 4:00 p.m. each day except Thursday and Saturday when the office closes at noon.

Preparation For Wildfire Season

The Mississippi Forestry Commission begins "Prevention" preparations for the upcoming dreaded wildfire season.

Firelane construction is becoming "high priority" work in Northeast Mississippi as this year's high wildfire danger period draws nearer.

"The last three years have been extremely wet and have resulted in a low fire occurrence record; however, out time must come and landowners should be prepared for an active wildfire season when it does come," said County Forester John T. Vaughan, Jr. Forestry commission crews, realizing the ever present threat, are making every effort to help local landowners guard their timber with firelanes before the destructive enemy becomes a critical threat.

Traditionally, the wildfire season for Tishomingo County begins around November 1 and extends to April 15. Vaughan explained that the debris from last year's ice storm, dead foliage, and blankets of fallen leaves serve as fuel for wild-

fires and that there is an above average amount covering the forest floor.

"Wildfire is the foremost destructive enemy of the forest. It strikes suddenly and without warning, and in only minutes can destroy years of timber growth and untold profits for a landowner. It is far wiser to devote a little effort to fire prevention now than to helplessly stand by later and watch years of timber growth and untold profits vanish in smoke," said Vaughan.

The forester noted that a lane 15 feet wide or wider is usually sufficient to secure area from fire and is the best and cheapest insurance against wildfire losses. Landowners should remember that existing firelanes should be re-plowed or re-disked annually to remove any fuel buildup that would make lanes ineffective.

County Forester John Vaughan indicated, "Forestry Commission crews are available to construct firelanes for a minimal cost, and landowners needing this service should contact his office or the look-out tower.

Some people believe that binding the legs and feet of a horse who has over eaten with hazel rods and reciting a formula into his right ear will relieve him.

And Other Outdoor Lighting Reduced In TVA Area

Power systems in the area have begun actions to reduce the use of electricity for street and other outdoor lighting. These actions are being taken under guidelines which cover street lighting, sports events, Christmas lighting, advertising, lighting, and other outdoor lighting, TVA said today.

More specific details are being worked out by the local power systems. Customers with special problems involving reductions in outdoor lighting may call the local electric system for further information.

TVA said that these reductions in outdoor lighting will produce twofold benefits. One is the energy saved. The other is the effect reduced lighting will have in reminding the public of the need to reduce the use of electricity to save on coal supplies.

Old Tires To Be Re-Cycled

A method for re-cycling some of the 200-million automobile tires discarded annually will be demonstrated on the historic Natchez Trace Parkway, a 317-mile scenic roadway between Natchez, Miss., and Gordonsburg, Tenn.

C. W. (Jack) Ogle, Parkway Superintendent, said a special paving material -- rubber reclaimed from discarded tires and mixed with asphalt -- will be used to resurface a heavily-traveled five-mile stretch of the Parkway north of Kosciusko, Miss. (Milepost 170.5 to 175.5). Ogle said that the adhesive

and elastic qualities of reclaimed rubber "should give us a mixture that will prevent some highway cracking, especially reflective cracking, a common maintenance problem."

Ogle said the project is a joint effort of the National Park Service and the Federal Highway Administration and would cost about \$18,000. FHWA engineers will supervise the repaving of what is said to be one of the roughest stretches along the entire Parkway, now laced with literally hundreds of surface cracks from years of hard use.

Some 40,000 pounds of reclaimed rubber will be used

for the repaving. This amounts to 4,000 discarded tires. According to Benjamin R. Wendrow, President of the U. S. Rubber Reclaiming Company, Vicksburg, Miss., which processes the rubber, some two billion discarded tires now litter the landscape. They are not bio-degradable and cannot be buried or burned without causing other problems.

With only about ten percent of the annual discard being reclaimed for other uses, he believes the best hope for using old tires at anywhere near their rate of discard is to put them back into the roads on which they were worn out. Wendrow added that while the ad-

dition of rubber to asphalt increases the initial cost slightly, in the long term it brings about reduced maintenance costs and helps stretch the nation's dwindling asphalt supply.

Supt. Ogle said the National Park Service is participating because of its interest in solid waste disposal. He added that the Service always is looking for improved road maintenance techniques as well.

The paving demonstration will begin with the application of a thin layer of asphalt and powdered devulcanized rubber mixed under relatively high heat. This will be quickly followed by the addition of a surface layer of stone chips, a

process known as "Chip sealing."

According to Wendrow, while reclaimed rubber is now in wide use for highway resurfacing and repair, the Natchez Trace project represents the largest project to date using this particular technique.

Barring weather delays, the resurfacing will be completed in five days with minimum disruption to motorists, since traffic can be routed over the sealed rubberized surface within hours after it is put down and rolled.

A second five-mile stretch, its location not yet determined, is scheduled for this same treatment in the Spring of 1975.

The Natchez Trace Parkway originally was a path used by Indians in the early 1700s. Later, it was the route back north for the barge crews who had floated down the Mississippi to Natchez and sold their barges for lumber. The Natchez Trace bore the footsteps as well as Aaron Burr, Andrew Jackson, General Grant and the explorer, Meriwether Lewis, who died in a tavern alongside the Trace.

4-H Council Met

The September meeting of the Tishomingo County Junior Council was held September 17, 1974, at Ace's Restaurant.

Melissa Clanton, Alcorn County Youth Agent, presented three of their junior members.

They were: Lee Hinton, first place district winner, gave his winning presentation "Cotton Debbie" and Terry Hinton gave a speech.

KING COTTON

There are more than 10,000 uses for cotton. Cloth, fertilizer and feed are among the best known, according to cotton specialists with the Mississippi Cooperative Extension Service at Mississippi State University.

IUKA CLASS OF 1964 — The Iuka High Senior Class of 1964 held their class reunion on August 10, 1974, at Pickwick Inn Restaurant. Pictured are members of the class present for the reunion. Seated, left to right, are: Linda (Dexter) Coleman, Brenda (Brown) Irwin, Connie (Hudson) Walker, Barbara (Brown) Pardue, Mimi (Gaines) Spencer, Jane (Wilson) Frey, and Sarah (Philbin) Foust. First row standing, left to right: Mr. Truman Holly (Class Sponsor), Ann (Milligan) Harwell, Pat (Summers) Currie, Joanne

(Phifer) Horton, Anne Holtsford, Connie (Curtis) Massie, Glenda (Sanders) Sanderson, Jennie (Osborn) Reynolds, Nellie (Murray) Counce, Carolyn (Cutshall) Brown, and Shirley (Puckett) Smith. Second row, standing, left to right: Douglas Nixon, Eddie Carson, Tommy Dean, Paul Nichols, Tommy Drake, Earl Walker, Jimmy Yarbrough, Hayden Ables, Jane (Gist) Massey, Jean (Gist) Fleming, Mr. Joe E. Brown (High School Principal of 1964), and Mrs. Lila Foote (Class

Sponsor). Third row, standing, left to right: Jimmy Nash Phillips, Varnell Ledbetter, Glenn Bugg, Jerry Holly, Terry Lambert, Richard Dexter, and Donnie Brown. Class members traveled from as far away as Connecticut to attend this gala occasion. Out of 60 members in the class, 34 attended. The class president, Glenn Bugg, presented a number of prizes to the most outstanding members, thus far. Jerry Holly received one of these coveted prizes for having the least amount of hair.

Hayden Ables received a package of reducing pills for having gained the most weight during the past 10 years. Shirley (Puckett) Smith was honored for contributing most to the population explosion. Connie (Hudson) Walker was winner for having traveled the most miles. She came all the way from Connecticut. The "Seniors of '64" made plans to meet again on their 15th graduation anniversary, for it was indeed fun to again be with classmates and friends.

Holts Spur

Miss Janie Whitfield is in room 132 in the Tishomingo County Hospital. Her condition is good. Mrs. Lou Bingham is visiting her daughter, Mrs. Clayton Barnett, and Mr. Barnett, of Memphis. All three spent the weekend here. Mr. and Mrs. O.L. Robinson, of Memphis, and Mrs. Pearl Adams, of Mt. Gilead Community, were visitors at Rowland Mills Sunday. Mrs. Reable Luther, of Pontotoc, spent the weekend here with her mother, Mrs. Bell McNatt, and her sister, Mrs. Audie Stricklin. Mrs. McNatt is on the sick list. Mr. and Mrs. Aaron Vander-

ford are visiting their children near Jackson, Miss. Rowland Mills Missionary Baptist Church had a Baptismal service on Sunday afternoon. There were two candidates for Baptism. Elder and Mrs. Novis Thomas, of Fulton, were Sunday dinner guests of Mr. and Mrs. Guy Watkins and supper guests of Mr. and Mrs. Anderson Gray. Mrs. Beulah Watkins is planning to leave October 21, from Memphis Airport for a trip with a group to the Holy Land. She will be gone ten days. Harold Hendrix, Mrs. Liz Wright and children and Mrs. Dorothy Gray attended the singing at Rowland Mills Saturday night. A family by the name of Byrd has moved into the house vacat-

ed by Mrs. Elvis Ross. Recent visitors of Frank Ross and Mr. and Mrs. Paulie Hale were Oscar DePoyster, Mrs. Reba Wood, Mrs. Thelma Gray and Mr. and Mrs. Anderson Gray. Mr. and Mrs. Anderson Gray made a business trip to Tupelo last Thursday. They dropped by to visit with Elder and Mrs. Novis Thomas on their way home. Miss Marsha Skinner is working at First National Bank in Iuka. Ray Potts and Mrs. Vivian Hatcher are teaching at Cherokee, Alabama. M. L. Hatcher is principal at Allsboro, Ala. School and Mrs. Jo Carolyn Potts is teaching at the Vo-Tech School at Tishomingo. Suzanne Potts is attending

Tishomingo High School this year. Mrs. Beulah Watkins and Mrs. Martha Vanderford visited Saturday with their mother, Mrs. Jennie Hatcher, at Care Inn in Corinth. Milton Vanderford is on the sick list. Mrs. Verlon Holland is still a patient at the Tishomingo Co. Hospital. Mr. and Mrs. O.L. Robinson, of Memphis, spent the weekend with his parents, Mr. and Mrs. O. L. Robinson, Sr., of Iuka, and her parents, Mr. and Mrs. Leander Kennedy, of Mt. Gilead Community. Sunday visitors in the home of Mr. and Mrs. Ray Potts and Suzanne were Martha and Harold Strickland and their son, of Memphis, and her father, Ardin

Wade. Recently Rowland Mills Church received two members by letter. Danny Thorn, of Michigan, is here for an extended visit with his brother, Bobby Thorn, and family.

Sorghum Making At Tupelo

For the third consecutive year a sorghum making demonstration will be part of the fall activity on the parkway at Tupelo, announced C. W. Ogle, Superintendent of the Natchez Trace Parkway.

This demonstration, which has proven to be so popular in the past two years, will start Friday, October 18. Mr. Ogle explained that the late start is the result of the late planting and resulting late maturing of the sorghum crop. The site is on the lawn of the Tupelo Visitor Center at parkway headquarters, milepost 266, and Mr. Claud Brassfield, of Houston, Mississippi, will operate the mill. Mr. Brassfield will operate an authentic mule-drawn mill as long as the cane lasts which should be three weeks.

Mr. Ogle mentioned that Fridays will be included in the weekend demonstration because of the requests from school groups to visit the site on weekdays. Mr. Ogle stressed that the three-day weekend would give school groups an opportunity to visit the sorghum mill site and give them a glimpse into our agricultural past.

Teachers wishing to bring their classes to watch the demonstration should call ahead to schedule their visit in order to prevent too many children being at the site at any time. "This can be a terrific educational and environmental experience for the children," said Mr. Ogle.

He said that it was important for the teacher to spend pre-site and post-site time with their children preparing them and relating the demonstration and experience to the classroom studies. Teachers may get information and assistance by contacting Chief Park Interpreter John Mohlenrich well in advance of their visit.

Sorghum will be for sale, although there is no obligation to buy.

Mr. Ogle mentioned that for

many people it might be more convenient to watch the sorghum demonstration which has already started at Kosciusko near Holly Hill Picnic Area at milepost 154. This demonstration lasts longer, usually running into November because ribbon syrup is made when the sorghum cane supply runs out. There is no charge and all are invited to this segment of the parkway's living history program.

People may obtain a free copy of the Schedule of Visitor Activities by writing to the Natchez Trace Parkway, Route 1, NT-143, Tupelo, Miss. 38801.

Session For County Officials

The second training session for county officials will be held on October 30 at Northeast Mississippi Junior College in Booneville. The new comprehensive educational program is sponsored by the Mississippi Association of Supervisors in cooperation with the Northeast Mississippi Junior College and the Mississippi Cooperative Extension Service.

Participants in the workshop which will begin at 9:00 a.m. in Patterson Hall will be welcomed by Northeast President Harold T. White. The Junior College will be host for the noon meal in the college cafeteria.

The one-day workshop is designed to provide a practical step-by-step discussion of the procedures required to comply with House Bill 975 relating to county purchasing procedures.

The actual workshop training will be performed by Mason Shelby, administrative assistant, department of audit, and a staff of senior auditors from the department. The course instructors will discuss legal requirements, purchasing procedures, records to be maintained, forms necessary, and reports to be prepared. Emphasis will be on practical application methods and will be directed to the local county situation.

The program is partially funded under the grant for Title I of Higher Education Act of 1965 in Cooperation with Division of Continuing Education, Mississippi State University and the Board of Institutions of Higher Learning.

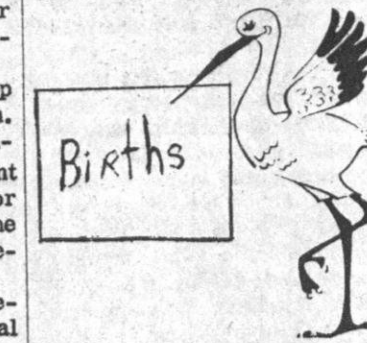

Sept. Petroleum Taxes Reported

Petroleum taxes collected in Mississippi during September dropped 13 percent from August collections, and almost one percent from September receipts a year ago.

Motor Vehicle Comptroller Doxey Fisher said that the September receipts collected by his agency were \$10,857,926 compared to \$12,513,170 collected in August and \$10,938,800 in September, 1973.

"For the year ending September 30, total collections reached \$129,987,466 and represented an increase of almost nine percent over collections of \$119,537,831 during the previous 12-month period," said Fisher.

Distribution of the September highway revenue included disbursements to all counties, the highway department, highway bond sinking fund and a reserve fund held back for distribution at the end of the fiscal year.

Mr. and Mrs. Jerry Lane Lambert, of Burnsville, Miss., proudly announce the arrival of a baby girl born September 8, 1974, at Colbert County Hospital. She weighed 8 lbs. 8 ozs., and has been named Amanda.

Renee. Grandparents are Mr. and Mrs. Lum Barnes, Jr., of Iuka and Mr. and Mrs. Jeff Lambert of Burnsville.

Mr. and Mrs. L. Owen Londer are the proud parents of baby girl named Allison Marie weighing 7 lbs. 7 ozs. She was born on Friday, September 27, 1974, at 7:57 a.m. at Elizabethton Memorial Hospital in Florence, Alabama.

Paternal grandparents are Mr. and Mrs. L. A. Londer, of Gulf Breeze, Fla. Maternal grandparents are Mr. and Mrs. J. C. Hefner, of Pensacola, Fla.

Mr. and Mrs. William Merri Smith, of Starkville, announce the birth of a daughter, Amy Carol, on October 4, at Oklawaha County General Hospital. Proud grandparents are Mr. and Mrs. Eugene Hall and Mr. and Mrs. Johnny Smith, all of Iuka.

Amy Carol is welcomed home by her four-year-old brother John Franklin.

IUKA ROUTE 2

Mr. and Mrs. Robert Parks and Lloyd, of Memphis, visited over the weekend with Miss Mabel Dean. On Sunday they celebrated Mrs. Parks' birthday with Mrs. L. N. Dean.

Mr. and Mrs. Ralph Tucker and Mr. and Mrs. Tommy Jack Tucker attended the funeral of their uncle, Marcus Myrick, in Milan, Tenn., on Sunday, Sept. 29th.

Visitors of Mr. and Mrs. Alfred Bonds last week were the Dennis Smith family, of Birmingham, and the Wilburn Barnes family, of Guys, Tenn. Mr. and Mrs. Marcus Parnell, of Greenville, spent Sunday night with Mr. and Mrs. Clayton Parnell and T.C.

Twenty-two family members of the late M. B. Daniel family enjoyed a cook-out October 5, at the Gerald Wallace home in Cherokee.

Miss Sarah Hayes attended the ball game in Jackson on Saturday.

Snowdown News

Mrs. Junior Atkins and Mrs. Becky Parker and son, Mr. and Mrs. Hafford Maxwell, Mrs. Bill Brannon and grandson, Mrs. Lizzie Curtis, all of Iuka, Mr. and Mrs. Junior Dill and Mr. and Mrs. Mattie Sanders, all of Sattilo, visited Mrs. Lucille Taylor last weekend.

Mrs. Bernie Martin visited Mr. and Mrs. Jimbo Miller recently.

Mr. and Mrs. G. W. Daniel visited Mrs. Omie Arnold last weekend.

Mrs. Owen Enlow and Mrs. Nadine Bowman and daughter, Myra, visited Mrs. Altha Wingo last weekend.

Mr. and Mrs. Edwin Mars, of Memphis, visited Mr. Houston Mars and Ruth Lomenick on Saturday. They motored to Muscle Shoals on Saturday afternoon and were supper guests of Mr. and Mrs. Howard Gray and family.

Mr. and Mrs. Jim Watts and Tripp Lomenick, of Memphis, spent some time with Mr. and Mrs. Jack Lomenick on Monday.

We were happy to have Bro. Bailey's parents in church on Sunday, Mr. and Mrs. Euerade, of Greenwood, Miss.

Miss Pat Cook, of Memphis, attended church at Snowdown on Sunday.

Bro. Earl Martin filled his appointments at Salem on Sunday and Sunday night. Glad to report he brought a wonderful message both times with a large crowd attending. Everyone is asked to be much in prayer for the service next Sunday and Sunday night that lost souls will be saved.

Glad to have Bro. and Mrs. Charlie Dean to join the church. They will be a great asset to the church.

Mr. and Mrs. Robert Detters, of Detroit, Mich., spent last week with Mr. and Mrs. Lester Williams and Mr. Kirk.

Mr. and Mrs. Allen Murry, of Enterprise, Miss., Mr. and Mrs. Ronnie Harvey and daughter, of Florence, and Mr. and Mrs. James Williams, of Iuka, all visited Mr. and Mrs. Lester Williams and Mr. Kirk on Sunday.

Bro. Martin and Lindsey Earl Jones also visited them on Sunday afternoon.

Bro. Martin was also supper guest of Walter and Lindsey Earl Jones Sunday night.

Glad to have Mr. and Mrs. Ezekiel Bullard and Mr. Alva Bullard to attend church on Sunday and Mr. and Mrs. Grady Barnes on Sunday night.

Mr. and Mrs. Arlin Randall and children, of Memphis, spent the weekend at their cabin.

Mr. and Mrs. Jerry Bonds visited her parents at Burnsville on Sunday, Mr. and Mrs. Weathers.

Mr. and Mrs. Faulkner, of Memphis, visited her sister, Mr. and Mrs. James Earl Bonds, over the weekend.

Training For Ambulance Attendants

Tishomingo County Hospital is now engaged in Emergency Medical Technician Training for ambulance attendants.

At the present time the course is being conducted by Itawamba Junior College in Tupelo, and three ambulance attendants from Tishomingo County are attending. They are: Roger Rast and Howard Woodruff, of Iuka, and Kermit Long, of Belmont.

The course requires 81 hours, or ten weeks of training in advance first aid. The first series of classes will end tonight with practical examinations to be given the 15th.

This course was brought about by an act of the Legislature, which will require an Emergency Medical Technician on each ambulance trip.

According to Mr. R. E. Lambert, Administrator, Tishomingo County Hospital, it is hoped that these classes can be taught in Iuka in conjunction with Northeast Mississippi Junior College for the convenience of the ambulance attendants.

PERSONALS

Mr. and Mrs. Edd Hannon and Mr. and Mrs. Melvin Clark and Gary spent three days in Columbus, Ga. visiting with Mr. and Mrs. Bob Bunda.

Among those attending the Mississippi State-Kansas game at State College, Miss. this past weekend were: Mr. and Mrs. Hubert Stephens, Mr. and Mrs. R. L. Brown, Jr., Mr. and Mrs. James Grisham, Mr. and Mrs. Bill Stalls, and Mr. and Mrs. W. C. Hamilton.

Mrs. L. C. Shepherd, of Greenwood, and Mrs. W. L. Blaylock, of Winona, visited Mrs. Irene Wimbish over the weekend. Also, Mr. and Mrs. Webster Booker and Mrs. Ethel Booker were Sunday afternoon guests of Mrs. Wimbish.

Mr. and Mrs. W. H. Hobbs, Billie Holland, Deborah, Keith and Mike Carden attended open house at Doctor's Hospital, Culman, Ala., on Sunday, October 6th. The hospital was constructed by General Care Construction Co., of Nashville, Tenn., of which Clayton (Pete) Hobbs is building superintendent.

Punt, Pass & Kick Contest Held

The annual Punt, Pass & Kick Contest was held on Saturday morning, October 6, at 10 a.m. at the Iuka Football Field with a total of 46 boys, ages 8 - 13, involved.

The contest was a format of the district contest to be held next Saturday in Corinth, beginning at 9:30 a.m. at the High School Football Field. All first place winners of the local contest will participate in the district contest.

Winners of the district contest will participate in the zone contest and eventually the winners will participate in the Punt, Pass & Kick Contest during the Super Bowl.

The national contest is sponsored by the Ford Motor Co. and locally by McNatt Ford. The contest was under the direction of the Iuka Jaycees.

IN HILLCREST HOMECOMING COURT — Miss Kim Dean, daughter of Mr. and Mrs. Bobby Dean, of Memphis, Tenn., represented the Junior Class of Hillcrest High School in the

Homecoming Ceremonies on Friday night, October 4. Kim is the granddaughter of Mr. and Mrs. Bliss Hamm and Mr. and Mrs. Pleas Dean, and the great-granddaughter of Mrs. Mae Hamm, all of Iuka.

Funds Requested For Tenn-Tom

Representatives of the Tennessee-Tombigbee Waterway today asked for funding that would enable the historic waterway project to stay on its completion schedule of 1981.

Congressmen from Mississippi and Alabama accompanied Glover Wilkins, administrator of the Tennessee-Tombigbee Waterway Development Authority, and Dr. Joseph Hartley,

an Indiana economist who has been associated with the project for 15 years, when he appeared before the Office of Management and Budget to request funds for FY 1976.

Cong. David Bowen, second district of Miss., and Cong. Jack Edwards, first district of Alabama, appeared with the Tenn-Tom officials in the office of Don Crabill, deputy associate director for natural resources, to request the funds.

"We plan to request sufficient funds to allow us to stay on an accelerated schedule and finish the Tennessee-Tombig-

bee Waterway two years earlier than the original completion date," Wilkins said before the meeting.

"To slow this project down would be false economy, because the Tenn-Tom Waterway work can help curb inflation. It is providing public service jobs that the President has called for, and when completed the project will save untold

millions in transportation charges for such vital needs as coal, petroleum and fertilizer," Wilkins added.

"Delaying the project will also cause inflation to increase the overall cost," he said.

Wilkins said the delegation will request funds to finance the full capability of the U. S. Army Corps of Engineers, builders of the waterway. The actual money figure will not be determined for several weeks yet.

The appropriation for the current fiscal year is \$37.9 million.

Suggested Broad Guidelines For Residential Customer Actions To Reduce Use Of Electricity

- Conduct a family discussion on importance of conservation of energy--read literature on the subject.
- Lower heating thermostats to at least 68° F. and raise air conditioning thermostats to at least 80° F.
- Reduce use of lighting--use lower wattage lamps when possible -- do not use decorative lighting.
- Conserve use of hot water --larger and fewer loads of clothing in the washer-- larger and fewer loads of dishes in the dishwasher--brief showers instead of baths.
- Cook fewer hot meals-- cook several foods at same time when using the oven.
- Dry larger loads of clothes in the dryer but less often - air dry small amounts instead of using the dryer.
- Use window drapes effectively for added insulation.
- Install adequate insulation, weather stripping, storm doors, and windows.
- Wear light outer garments indoors during the winter --use more bed covering.
- Avoid staying up late which requires use of lighting and appliances--form the habit of longer hours of rest at night.
- Select new appliances on the basis of their efficiency as well as cost.
- Consider installation of the heat pump if other forms of heating are to be changed or replaced.
- Security and night watchman lights needed for security and safety should not be disconnected--where several are used by the same customer, consideration may be given to disconnection of lower priority units.

Note: Postponing heavy use of electricity until after 7:00 p.m. also helps reduce the daytime load on the electric system-- clothes washing and drying, baths, special cooking, and dish washing.

TISHOMINGO COUNTY
ELECTRIC POWER ASSN.

OBITUARIES

Cora Lee Stockton

Mrs. Cora Lee Stockton, 74, of Dennis, died at 10:45 p.m. Tuesday, October 1, at Tishomingo County Hospital in Iuka. Mrs. Stockton was a member of First Baptist Church.

Services were held at 1 p.m. Thursday from Deaton Funeral Home Chapel. Burial was in Belmont City Cemetery.

She is survived by two daughters, Mrs. Maxie Oaks, of Dennis, and Mrs. Cletus York, of Bartlett, Ill.; one son, Johnny Raymond Stockton, of Sreamwood, Ill.; one brother, Clayton Burcham, of Memphis; 10 grandchildren; and two great grandchildren.

Margaret Bishop

Mrs. Margaret Edmondson Bishop, age 75 years, passed away October 5, 1974, at Coffee Memorial Hospital in Florence, Ala.

She was a retired school teacher, having taught in Tishomingo County and Allsboro, Ala. Funeral services were held at 3:00 p.m. Sunday, October 6, at the Allsboro Cumberland Presbyterian Church. J. B. Burns officiated with burial in Allsboro Cemetery. Cutshall Funeral Home was in charge.

Surviving are one son, L. O. Bishop, of Allsboro; one daughter, Mrs. Aileen Williams, of Auburn, Ala.; one step-daughter, Mrs. J. B. Harris, of Leighton, Ala.; one step-son, H. E. Bishop, Sr., of Allsboro; four sisters, Mrs. Annie Underwood, Mrs. Edith Scruggs and Mrs. Mary B. Davis, all of Iuka, and Mrs. Ida Bell Starkey, of Allsboro; two brothers, Clarence Edmondson and C. E. (Strud) Edmondson, both of Iuka.

Pallbearers were H. E. Bishop, Jr., Johnnie Edmondson, James Taylor, H. M. Perritt, Paul Reid, and C. O. Bishop.

J.W. Files

Judson W. Files, 64, of Fulton, died at the Red Bay (Ala.) Hospital at 11:25 p.m. Friday, October 4.

He was a farmer.

Services were held at 2 p.m. Sunday from the Salem Baptist Church, of which he was a member. Burial was held in the Old Bethel Cemetery with the Rev. Tommy Waddle and the Rev. Orborn Montgomery officiating. Deaton Funeral Home of Belmont was in charge of the arrangements.

He is survived by his wife, Mrs. Emma Files, of Fulton; three daughters, Mrs. Shelby Jean Campbell, of Athens, Ala., Mrs. Bobby Neal Bostick, of Red Bay, Mrs. Jana Orear, of Fulton; two sons, Harold Files, of Golden, Mack Files, of Fulton; his mother, Mrs. Pearl

Margaret McBain

Mrs. Margaret McBain, 72, of Riverton, Ala., died Monday, October 7, at Tishomingo County Hospital in Iuka.

Funeral services were held at 10 a.m. Wednesday at Morris Hill Church with the Rev. Guy Russell officiating. Burial was in Careytown Cemetery.

She is survived by one son, Joseph McBain, of Riverton.

In Memory

IN MEMORY OF
MRS. MARGARET BISHOP

A precious one to us has gone,
A voice we loved is stilled,
A place is vacant in our home
which never can be filled.
God in His love His bloom had
given,
Altho her body slumbers here,
Her soul is safe in heaven.
Gladys Tate

Letters From 4-H's

MYRA LEE MASSEY
GOLDEN 4-H CLUB
4-H STORY

I became involved in 4-H through my cousin, Charlene Patterson. She wanted me to become a 4-H member so bad that she could hardly stand it. I selected my main project because I wanted to become a good cook or a homemaker and learn to do things myself. I make oatmeal cookies a lot. I guess that's my most important success.

The one thing that stands out in my mind about my failure in cooking is the morning I tried to fix scrambled eggs. The egg turned out so greasy that it wasn't eatable, so from now on I will remember to not put so much grease in the pan to cook an egg.

4-H has really helped me in different ways. It has helped me to care for other people and get along with others. It has helped me to share with others. But I always remember to put God first in everything.

By being a 4-H member, I believe I can plan for my future because I am learning to do different things in my life. By God's help I can learn how to use my projects such as cooking and sewing and to help provide for a better home.

GAYRA HUTCHESON
AGE: 12
GOLDEN 4-H CLUB
MY 4-H EXPERIENCES AND ACHIEVEMENTS

How I got involved in 4-H. One day when Mrs. Bennett came to home for a while her daughter came with her. Later on some more of my girlfriends came. They got to talking about 4-H and how much fun they have at 4-H. So I asked Mrs. Bennett could I join. She said if I wanted to. I told her I would like to. So I filled out the form. I went to 4-H that evening at six o'clock. I really enjoyed it and I have been involved in 4-H every since that day.

Why I selected food and nutrition for my main project. Was because I like to cook. Also study about food and vitamins. I thought food and nutrition would be a good choice so I chose it. I really like to be involved with 4-H. Also, I like to be work with food. And people who like to be involved with food.

My most important success was to cook a whole meal. Because my mother was in the hospital I did not think I could cook a full meal but I did. I had been cooking but not a full meal. I was pleased. My father was really pleased to. If you really try you can do just about anything you want to. I think that was my most important success.

My most memorable failures was a time when I was gone to cook a homemade cake. I was in a little of a hurry and made a big mistake. I used salt instead of sugar. Because the salt and sugars is the same kind of can. When my family was ready for desert I served the cake. When I cut it and gave my father some he said it was salty. The rest of my

4-H Club. I attend Belmont High School. I'll be in the 8th grade and I am 12 years old.

My neighbor, Lynn Waddle, told me about it and so I went to meeting and I got interested in it and I started.

I selected "Food and Nutrition" as my main project, because my mother makes me cook meals at home.

I am proud of myself, because I learned how to cook beans. My mother taught me how, so I could prepare a meal by myself.

Some of my failures are that I burned my cornbread, forgetting to put grease in my beans, and not putting salt in my ground beef. Some of my difficulties is getting too much flour on my pork chops and chicken.

It has learned me how to cook and sew so it will help me get a job in the future.

It has helped me to learn how to cook and sew for myself, and also if I have a family it'll help me with my family in the future years.

JANE AMERSON
AGE: 11
BURNSVILLE 4-H CLUB
MY ACCOMPLISHMENTS IN 4-H

I became interested in the 4-H Club when I was 9 years of age. When I became ten years of age I joined the 4-H Club.

I enrolled in six projects, which were dog care, clothing, health, safety, home improvement, food nutrition. My main project is home improvement. I have made decoupage pictures and decoupage bottles.

I entered them in the county fair. For the decoupage picture, I received a red ribbon and 50¢. For the decoupage bottle I received a white ribbon and 25¢. I also entered a sewing box of the subject of clothing. For the sewing box I received a blue ribbon and \$1.00.

In 1973 I was declared most outstanding junior girl in my club. I was awarded with a fountain pen.

I have attended 10 out of 12 local meetings and four county meetings. I am a song leader at the local 4-H Club. In the month of May I gave a demonstration on bicycle safety.

When I first enrolled in 4-H I wasn't as interested in it as I should have been. Yet as the months went on I became very interested in it. Now I am very determined to do everything in 4-H I can.

CARTER BRANCH 4-H CLUB
MY 4-H EXPERIENCES AND ACHIEVEMENTS

How I got involved in 4-H. One day when Mrs. Bennett came to home for a while her daughter came with her. Later on some more of my girlfriends came. They got to talking about 4-H and how much fun they have at 4-H. So I asked Mrs. Bennett could I join. She said if I wanted to. I told her I would like to. So I filled out the form. I went to 4-H that evening at six o'clock. I really enjoyed it and I have been involved in 4-H every since that day.

Why I selected food and nutrition for my main project. Was because I like to cook. Also study about food and vitamins. I thought food and nutrition would be a good choice so I chose it. I really like to be involved with 4-H. Also, I like to be work with food. And people who like to be involved with food.

My most important success was to cook a whole meal. Because my mother was in the hospital I did not think I could cook a full meal but I did. I had been cooking but not a full meal. I was pleased. My father was really pleased to. If you really try you can do just about anything you want to. I think that was my most important success.

My most memorable failures was a time when I was gone to cook a homemade cake. I was in a little of a hurry and made a big mistake. I used salt instead of sugar. Because the salt and sugars is the same kind of can. When my family was ready for desert I served the cake. When I cut it and gave my father some he said it was salty. The rest of my

family tasted it and they said the same thing. I was very angry. They made fun at it. This was the most memorable failure.

4-H has helped me to develop as a better person in many ways. One thing is to be more friendly with people. I like to be around people. Also, it has helped me to be more active in the church. But 4-H is a very good club to belong to. I really have changed.

4-H has helped me develop for the future in food. For being a homemaker and a housewife if I get married. I can even be a seamstress. I think 4-H is a good club to belong to.

You can learn many different things. I really enjoy 4-H.

Afterglow

Afterglow will be held at the MY House, located next door to the Iuka Methodist Church, Friday night, October 11, after the Iuka - Rogersville football game.

Special guest will be Vick Nance.

All youngsters are invited.

The Hindus believe that a white horse with wings will one day destroy the world.

year old division; Keith Carson,
8 year old division; Billy Allen,
10 year old division; Andy
Puckett, 9 year old division;

Tommy Strickland, 11 year old
division; and Chuck Kay, 13
year old division.

I have learned to be a better
person and learned something
that I didn't know in doing this
project. It is fun to love and
care for animals.

The 4-H Club has helped me
meet other people and make
new friends. I have fun at our
local meetings. I enjoy the
work, fellowship, and especially
the recreational and refresh-
ment time. I am glad to say
I am a 4-H Club member.

EDDIE DAILEY
AGE: 12
MIDWAY 4-H CLUB
MY 4-H EXPERIENCES
AND ACHIEVEMENTS

My sister joined the 4-H
Club and I saw how much fun
it was and I joined too. I
had been going before I was
old enough to join.

My project is caring for dogs.
The reason I picked this pro-
ject is that I like dogs. I
like to feed, water and care for
our fox hounds.

My most important success
was when I won two trophies.

My most memorable disap-
pointment was when I had a
dog named Jack that my father
had been offered \$200 for. I
didn't want to sell the dog. It
got killed on a railroad track.

I had two or three other dogs
that I didn't win a trophy with
but they were real good fox
hounds.

about them than anything else
I could have chosen.

For my first years in 4-H
I have done well in showing
my dogs.

I entered them in livestock
shows and I won ribbons and
money with them. I have also
had the grand champion barrow
for the last four years. I
won first place in the judging
contest at the district livestock
show in 1974. To have suc-
cess, you not only have to have
a good breed of hogs, they also
have to have special care and
feeding from birth until selling
date. I consider it a great
success, just learning how to
care for and raise hogs.

One of my most memorable
failures is that I hadn't learn-
ed how to handle my hog while
showing him, and this mistake
caused me to lose first place
in showmanship. Instead I got
second place.

I think 4-H has helped me
become a better citizen for my
club, my community, and my
country. I have learned what
an important roll each person
plays in to develop a better
world. 4-H not only helped me
learn about myself, I have
learned to think more of others
and try to help them in any
way that I can. This not only
made the other person feel

May God bless you throughout
the years.

BETH PEARSON
AGE: 12
MT. GILEAD 4-H CLUB
4-H STORY

My name is Beth Pearson.
I am a member of Mt. Gilead
4-H Club. I am in the 7th
grade at Iuka Junior High. This
is my fourth year in 4-H work.

My projects this year are
food and nutrition, and public
speaking. I made a cotton
blouse and entered it in the
county contest and won first
place. I made a polyester
dress and entered it in the
district contest and I won a
white ribbon.

I spoke at the Public Speaking
Contest where I was first run-
ner up. I got to make my
speech at a Rotary Club lunch-
eon. I also spoke over WVOM
radio station.

The highlight of my summer
was getting to go to 4-H camp.
I really enjoyed learning about
our natural resources.

I am presently reporter of
my club. I enjoy 4-H work and
plan to continue as long as I
can.

ROBERT DEXTER
AGE: 12
CENTRAL 4-H CLUB
BEGINNER'S LUCK

How did I get interested in
4-H? Well, that's a long story.
It goes back - way back before
I was born. In fact, it goes
back to when my mother was
a little girl.

My mother always wanted to
be in 4-H, but her parents would
not let her because back then
in her school the mothers did
the cooking and sewing for the
little girls. Mother said she
could cook and sew but Granny
said mother could not compete
with the mothers, so that ended
4-H as far as my mother was
concerned.

When I was about nine years
old, mother started "working
on" me about 4-H. At the time
I just was not interested in
much of anything for long, but
by the time I was ten years
old I began to change my mind.

Each year we bought two or
three pigs to grow and fatten
for meat. I became interested
in feeding, watering and rub-
bing the hogs with corn cobs.
By the time the hogs were

ready to kill I was attached
to them.

When I was old enough to
join 4-H. We had a few good
duroc gilts so it didn't take
much persuasion from Mr.
Perry and Mr. Rainey for me to
become a member of 4-H. I
selected duroc hogs as my main
project, because by now I
thought they were beautiful and
smart.

It was a pleasure to take
care of my hogs but the real
pleasure was to receive blue
ribbons and trophies because I
knew none had any better duroc
hogs than I.

So far, all the success I've
had is knowing I've done the
best I could, and am still learn-
ing more about how to feed my
hogs so that I can continue to
have the best. With the price
of hogs down and the feed costs
so high, it is discouraging at
this time. But this will only
help me to work harder and not
give up. I love my duroc hogs
and I'll keep struggling. With
God's help I will be rewarded
with better prices in the future!
