Ford Urges Completion Date On Tenn-Tom

President Gerald Ford has endorsed the Tennessee-Tombigbee Waterway and called for the setting of a completion date for the project.

Speaking at the Mid-Appalachia White House Conference on Domestic and Economic Affairs in Knoxville, Tenn., Tuesday, the President said, "I do support the project and think we ought to set a target date for completing the Tennessee-Tombigbee Waterway."

"It will have a sizeable savings on transportation from the Tennessee to the Gulf," Ford said. He added that the Tennessee-Tombigbee was the first public works project he heard discussed when he first came to Congress.

The President also said the project can expect an increase in funding for fiscal 1977, adding that the amount of construction money will not be determined until after the Corps

of Engineers and the Tennessee-Tombigbee Authority submit their budget requests for FY 77.

Governor George Wallace, responding to the President's remarks, said, "We're grateful to President Ford for his statement of support for the Tennessee-Tombigbee Waterway, and especially for his pledge to continue funding this vital construction work."

"With talk about budget cuts, I'm happy to know that President Ford has set a high priority on appropriations for Tennessee-Tombigbee, so we can complete this project that will have such a great impact on the economy of Alabama and the Southeast."

Wallace is chairman of the Tennessee-Tombigbee Waterway Authority.

The House Appropriations Public Works Subcommittee has recommended \$101 million for construction during FY 76. Final action on the appropriation is expected sometime this month.

Almost \$156 million worth of construction is already underway at 11 separate sites in Alabama and Mississippi, including three locks and dams.

Mail Improvement Service In Effect

The U. S. Postal Service first-class mail service improvement program will go into effect at Tishomingo County Post Offices on October 11, Postmasters of the county said today.

Under the program, first-class mail will receive service that is equal to or better than airmail.

The major, new service step will extend to all first-class mail weighing 13 ounces or less. "In practical terms, what this service improvement means is that domestic first-class postage now will purchase the level of service that previously only airmail could buy," said the postmasters.

"Under the new program, there no longer will be an advantage in purchasing airmail postage for domestic delivery," they said.

Priority mail (now starting at weight in excess of 13 ounces),

which includes air parcel service, and international airmail are unaffected by the improvement program and continue in their present form, the postmasters said.

"Airmail stamps will be sold for use on priority and international airmail. They can also be used in various combinations with other stamps for first-class mail," they said.

Customers can exchange airmail stamps, and stamped envelopes and cards at full postage value for ordinary stamps, stamped envelopes and cards. Stationery bearing airmail indicia will be allowed to be mailed at the first-class rate, the postmasters said.

To aid postal customers, maps showing the cities and areas targeted for next and second day delivery for mail from Tishomingo County will be on display in the post office lobbies, the postmasters said.

ECONOMIST'S

NOTES

HOW MANY BLENDERS SPEEDS DO YOU NEED?

How many speeds do you need on your blender? Only enough to meet your cooking needs. Sixteen speeds are fine, only if you use them. Most home-makers find they use a few speeds frequently and others seldom or never.

The blender can do things if you keep it handy and take advantage of its capabilities. Here is a list of things starting with the slowest speed:

- *Reconstitute dry milk solids, dry fruit solids and frozen concentrates; stir instant puddings.

- *Coarse-chop, semi-soft foods, cooked meats, bread crumbs and hard boiled eggs.

- *Blend cheeses and dips.

- *Crumb crackers, bread, cookies and cereals.

- *Grate fruit peels and hard cheeses.

- *Chop nuts, fish and cooked meats.

- *Mash fruits or soft vegetables to a fine texture.

- *Mix milk shakes and light batters.

- *Blend thick dips, salad dressings and malted milks.

- *Grind spices, coffee beans, cheeses, bread or cracker crumbs.

- *Mince herbs, onions, celery and parsley leaves.

- *Crush coconut, hard candies or sugar chunks.

- *Shred cooked meats and vegetables for pate or spreads.

- *Liquefy vegetables or fruits in water or some other liquid.

There are some things a blender does not do such as beat egg whites, make juice from oranges, make fluffy mashed potatoes, chop or grind raw meat, or crush ice cubes.

LIME PINEAPPLE SALAD

1 pkg. lime jello

2 (3 oz.) pkg. cream cheese

1 c. mayonnaise

Put 1 cup hot water over jello and let cool until it begins to set. Drain 1 cup juice from pineapple, add to cheese, work

COTTON

Harvest Cotton for Quality. Quality cotton will bring the most money. Cotton should be harvested to include the least amount of grass, leaf trash, bark and decayed cotton.

Farmers are in the middle of applying defoliant. Some of the young cotton, or cotton that set a late crop, should not be defoliated until the middle of October. Bolls that are to be picked should be at least 25 to 30 days old, feel firm to thumb pressure and not be sliced easily with a sharp knife.

Preconditioning is the practice of adding low rates of defoliant in the last insecticide application. Results are unpredictable - 1/2 pint per acre sometimes works well, while the next time it will result in total defoliation. Results depend on maturity of plant and weather. Suggested use rate is 1/4 to 1/2 pint per acre.

Chlorate defoliant must have at least a full day of clear, warm weather after application to get good leaf drop. Farmers should stagger defoliant applications so at least 10 days and not more than 20 days elapse before picking. Defol-

iant applications should be scheduled to prevent second growth problems.

Regrowth is always a problem. The phosphates, Def and Folex, are about the best to prevent this regrowth. If cotton is more than 85 percent open and all bolls are mature, Paraquat can be added to get more desiccation. Cotton producers should not use Paraquat as an early defoliant since the leaves will become desiccated and add to the trash in the picked cotton. This trash will lower the value of the cotton.

Only Def, Folex, sodium chlorate, Paraquat and Arsenic Acid have label clearance and are recommended as harvest aid chemicals. Pentachlorophenol and MSMA are not labeled and should not be used. Paraquat at the rate of 1 gallon to 32 acres will aid in second growth control and total leaf drop.

Bollseye, a harvest aid chemical produced and marketed by Ansol Co., is a relative newcomer in this area. Its active ingredient is sodium cacodylate - 27.4% or 3.1 pounds active ingredient per gallon. It acts more like a desiccant than a defoliant. Research at Stoneville shows better results when mixed with Def or Folex.

In the past few years, contaminants (called "black specks" by the textile people) have been occurring in cotton textiles at an increasing rate. These black specks, caused by graphite and rubber particles in raw cotton, often cause heavy losses to textile manufacturers. They will not bleach out. Graphite may be picked up from greases used to lubricate cotton picker parts. Farm equipment dealers will gladly recommend good graphite-free greases to avoid this problem. They will also furnish detailed instructions on maintenance of pickers to avoid grinding rubber particles into the cotton stream.

4-H CLUB ACTIVITIES

THE FOUR H'S:
HEAD, HEART, HANDS
AND HEALTH!

Careers as rural health professionals may eventually attract some of the 333,969 boys and girls from 9 to 19 currently enrolled in national 4-H health projects and activities in its 20th year of sponsorship by Eli Lilly and Company, the program

covers all aspects of the fourth H - the one that stands for Health - in the 4-H cloverleaf emblem.

Learn-by-doing projects are the core of the program. Under the supervision of the Cooperative Extension Service, 4-H members participate in a variety of personal, family and community health activities geared to their special interests and abilities.

4-H'ers learn the importance of preventive health care, including adequate sleep and exercise, good personal hygiene, regular medical check-ups, immunizations and a balanced diet.

In family-centered projects, 4-H'ers record health histories of brothers and sisters, update emergency phone lists, and study first aid techniques.

Last year's national winners of the seven college scholarships donated by Eli Lilly pinpointed community health problems and worked at solving them.

One 1975 winner launched a preventive dentistry program for migrant workers and their children, started a blood bank donor list in her county, and

initiated a cancer education drive.

Other national winners organized 4-H Clubs for retarded children, campaigned for better garbage disposal, joined volunteer ambulance units, and helped institute local mosquito control measures.

In addition to seven national scholarships of \$800, Eli Lilly provides an expense-paid trip to the 54th National 4-H Congress, Nov. 30 - Dec. 4 in Chicago to one top 4-H'er from each state. The company also offers up to 10 certificates per state to 4-H clubs conducting outstanding health programs.

Medals of honor are awarded to a maximum of four members per county and up to four clubs in each county are eligible for certificates of merit for worthy health programs.

All winners are selected by the Extension Service on the basis of their records of accomplishment. Awards are arranged and announced by the National 4-H Service Committee.

County extension agents can furnish more information on this and other 4-H programs.

ANIMALS

CLOVIS CRANE FEEDING PEANUTS TO PRINCE.

BY MARY B. DAVIS

PRINCE IS FINE!
"How is Prince?" was the title of the story in this column on October 2.

When I wrote it, I had very little hope of ever being able to write a follow-up saying that "Prince is Fine!" On the Oct. 2 issue, I asked readers to help find Prince.

Prince had disappeared from his Iuka home the next day after his owner, Robert Metzler, had been seriously injured in an automobile accident between Iuka and Tishomingo and had been taken to a hospital in Alabama.

Because the dog, too, had been badly hurt in a recent dog fight and was still being doctor for its wounds, Mr. Metzler was worried about the family pet. Critical as his own condition was, when Mr. Metzler would regain consciousness, he would always want to know: "How is Prince?"

I believe that when the dog's master didn't return from work one day, that the Collie went out to hunt him. As dogs often do, Prince had probably followed the car part of the way when his devoted master would go to work -- so when Robert Metzler didn't come home, I think Prince started down Highway 25 to look for him.

But most lost-animal stories have sad endings (if they are true stories!) -- and as almost a month had passed since the dog disappeared, there is no wonder that I doubted my own ears when the same day the story came out, I received a call from Clovis Crane saying that the dog was at his home and was doing fine!

You see, when the October 2 issue of The Tishomingo County News came out, Mr. and Mrs. Fred Belue, of Memphis, Tenn., were in the Sardis Community visiting Mr. and Mrs. Wallace Belue and Clovis Crane. Clovis lives right next door to his sister and brother-in-law, Reba and Wallace Belue.

Reba (Mrs. Fred) was reading the Animals Column.

"She's talking about the dog you've got right here," she said to Reba and Clovis.

Clovis had already checked the tag on the dog's collar and had even tried to call the number listed. But the vaccination

tag was from another state and didn't contain enough information for the telephone operator to put the call through.

But Clovis got up and checked the tag again. Sure enough, it did say "Martin Animal Clinic." He called me immediately. I went out the next morning to visit them and to take some pictures, hoping that the sight of his dog safe with good people would cheer up Mr. Metzler.

PRINCE WITH HIS BENEFACTORS CLOVIS CRANE AND REBA BELUE.

When I arrived, I saw the dog as soon as I drove into the yard. Although "Prince" was not on the tag and Clovis had named him Peanuts, because the Collie liked peanuts so well, he responded instantly when I called him "Prince." He definitely remembered his name and came rushing to me.

For once, I wasn't at all afraid of a strange dog. Yes, he had remained gentle and loving, just as Mrs. Sally Clasen had described him. Also, there were several cats and kittens in the yard -- and I knew if they didn't fear the dog, there was certainly no reason for me to feel uneasy with him!

Mrs. Reba Belue explained to me that when he first arrived, she made it clear to the dog that the cats lived there, too -- and he'd have to treat them right! It always gives me a warm feeling to see cats and dogs playing together and being friends. It's the way the whole world could be.

When Prince arrived, Clovis said he was weak and thin and his wounds were still obvious. Reba and Clovis figured he'd been hit by a car. (By the way, "fixed" animals wander less and get in fewer cat and dog fights and are less likely to get killed by traffic. Spay-

ing and neutering is a humane thing to do.) But Prince is no longer thin. Reba and I were equally interested in the dog -- and knows he found good. They show affection for Prince and Prince shows love for them.

Besides the cats and there are other animals get excellent care at Clovis Crane and Mrs. Wallace Belue's. A cattle and a 35-year-old mule I'd seen. Mr. Metzler is impressed it is hoped that Prince back with him soon.

On behalf of Prince Metzler family, I want to thank again to the people who were concerned about Carrol Ed Sanders, Mr. Clasen; and a special to Prince's kind-hearted benefactors - Reba Belue and Clovis Crane.

If you soak badly stained towels in bleach and gent in the kitchen you'll bleach both AND sink.

Use The Least Electricity To Keep Food Frozen

Here's how. Keep your freezer at zero. A lower temperature wastes electricity. A higher one shortens the length of time food can be kept safely. Without packing, keep the freezer full; this way the food itself helps to maintain

a constantly cold temperature. Label and date all food. Then you can find a package quicker, with a minimum loss of cold air. And finally, to help your freezer work easier, clean the condenser coils at least once a year.

YOUNG DANCER — Mr. Bert Hill, 86 years old, of Belmont, is shown doing the Buck Dance during the Harvest Festival at

Tishomingo State Park Lodge on Tuesday night, October 8. It's plain to see by the smiles on all the faces that this act

was enjoyed by everyone present. Maybe Mr. Hill will perform again next year at the Festival.

Rock Of Ages Center Has Harvest Festival

The Rock of Ages Center, Tishomingo County Day Care Center for the Elderly, located at Tishomingo State Park, had their first Harvest Festival on Tuesday night, October 7. The evening of fun began with a delicious box supper for the center's participants. Afterwards the staff, along with

visitors, who dropped by, joined the center's participants in some good old fashioned fun. There were special singing groups, solos, banjo picking, fiddlin', buck dancing and spiritual group singing to make it a well rounded program throughout the evening. The Rock of Ages Center has

been opened since February 17, 1975. It provides a social program for senior citizens 65 years old and older or the mildly handicapped residents of Tishomingo County. The center opens at 8:30 a.m. and closes at 5 p.m. daily. The participants are provided transportation by mini-bus. The activities of the center include weekly devotions and counseling directed by the ministerial association of Tishomingo County, field trips, monthly book reviews, movies, guest speakers, arts, crafts and games.

The first Harvest Festival proved to be very successful and hopefully will be an annual event. The staff at the center is Yvonne Long, Director; Mildred Curtis and Lois McKee, Service Specialists; Donna Dill, Ruby Southward, Joyce Payne, Edna Cooke, Bernice Sparks, Opal Bostick and Kathleen Tidwell, Group Leaders.

This program is funded under Title XX of the Mississippi State Welfare Department, and sponsored by the Tishomingo County School System and the Mississippi State Park Commission.

CROSSROADS

Wednesday, October 8th, Ethel Curtis planned a surprise birthday dinner for her daughter, Sis. Only the surprise was Mrs. Curtis and the other girls, because as Sis said, she called out "surprise!" Those attending the party were Berlin and Faye, Odie, Ann, Terry and Curtis, Gale, Ricky and Nunley, Buddy and Jean-Haynes, and of course, Sis Young. Congratulations and greetings.

Robert and Judy Goodman are flying to Vienna, France. They are really having a great time. Remember, Judy is the lovely daughter of Ester and Jack Lafitte.

Mary Brantley and daughter, Renee, of Kuttawa, Ky., were weekend guests of her parents, J. D. and Nelda Holcombe. They had an all day shopping trip in Florence on Saturday. Bennett Curtis visited with

Fay Nell and Tip Davis on Sunday. Mrs. Minnie Curtis is reported feeling some better.

A meeting was held on Thursday night at the Old North Crossroads School house for the purpose of making plans to establish a 4-H Club. Billy Rainey spoke on 4-H Club projects and memberships. About 22 persons attended the meeting. A weiner roast was held before the meeting. After the meeting games were played. Another meeting is planned for October 18th at the same place for a spelling contest. There

will be six winners. The age groups will be 9 to 12, 13 to 16, and 17 to 19. There will be two winners from each age group. They will go to the Junior Council meeting on October 27th to participate in another spelling contest.

Carrel Morris had dinner with his daughter, Lola Byrd, at her home in Counce, Tn. Lacrisa Byrd and her roommate from Memphis State were also there. Later Lacrisa took her mother to Baptist Hospital where Lola will be placed in traction for neck injuries. I am sure she would appreciate hearing from friends. Cards and letters are always welcome while in the hospital. Later Carrel visited his mother, Delia Morris, in Tishomingo County Hospital. Theresa Timbes and baby daughter, Natalie Nichole, visited with Lorine Morris on Sunday.

Con Hinton is home from the hospital. He is happy to be home. The trip was rather hard on him after spending

three weeks in the hospital. He wishes to thank everyone for the many lovely cards he received.

Birthday greetings and congratulations go to Raymond Morris on his big day October 15th. Hope it was a very happy one for you.

Sunday was such a lovely day that Carol and Raymond Morris went motorcycle riding. Later they visited his mother, Mrs. Magealine Morris. Last Sunday they went to Oxford to a family reunion. Carol's parents and relatives live in Oxford.

Piggly Wiggly has a new employee. Our lovely Otha Mae Parrish starts work there on Monday. Janie Bullard - her sister - is employed there as a checker.

Congratulations and best wishes for a happy anniversary go to Clifford and Thelma Hinton on their 30th wedding anniversary. Their big day is October 17th.

Joe Etzberger and Mrs. G. L. Hunter, of Memphis, were guests of Earl and Mary

Frances Moreland on Saturday. Recently Joe was a guest at a baseball victory dinner attended by all his little league players. In appreciation Joe was given a plaque by the parents of his players. It showed a pair of hands holding a baseball, autographed by all his players and stating games won 35 lost 1. St. James Episcopal Church. As you no doubt can tell, I am very proud of my brother. Congratulations, Joe. He says this is the last year he is coaching. I find that hard to believe.

sun drenched, shirted crowd of spectators on hand to see the initial game of the Jaycee Pee Wee football program last Sunday afternoon at the Iuka School football field. The first game of the season had two evenly matched teams, the Raiders and the Steelers, battling down to the final gun to try and break the deadlock. Both teams played defensively in the first half with neither team able to cross the goal line. The Raiders led to the five yard line late in the second quarter but the drive was stopped when James recovered a fumble. The Steelers had stopped one drive in the first half on interception by Steve Cutler. The Raiders quarterback, broke the 0-0 tie in the third quarter on a 25 yard pass. The extra point attempt was no good. The 6-0 score was short lived as Steeler Danny Bean scampered 45 yards to tie the score. The Steelers attempt to take the lead on the extra point failed when the Raiders dug in and stopped Bean short of the goal line. In the fourth quarter the Raiders threatened, however, the drive was stopped when Michael Wadkins intercepted a pass.

The second game of the afternoon, between the Dolphins and Rams, first appeared to be another defensive struggle, but after a 0-0 first quarter Ram quarterback Kevin Robertson hit Steven Lambert on a 15 yard pass play to take the lead. Donnie Davis scored the extra points to make the score 8-0. Robertson added another touchdown shortly with a eight yard run to carry a 14-0 lead to the halftime rest period. In the third quarter Mark Bolton scored again for the Rams followed by Donnie Davis' successful extra points. Then in the last quarter Davis scored again on a ten yard run with Robertson adding the extra points to complete the scoring. Final score Rams 30 Dolphins 0.

Sunday afternoon at 1:30 the Jaycee Football League will match the Dolphins and the Steelers followed by the Rams and the Raiders.

Walk-A-Thon For St. Jude

The ten Methodist churches of the Iuka Parish will once again sponsor a Walk-A-Thon for St. Jude Children's Research Hospital. The hospital, located in Memphis, is the largest childhood cancer research center in the world. This event is being held to raise funds for the work at the center.

The Walk-A-Thon will be on Saturday, November 1. Leaving downtown Iuka around 7:30 a.m., the walkers will go to Eastport where they will have lunch. Several stops along the way are planned with refreshments provided by churches of the Parish.

Last year's Walk-A-Thon was very successful and hundreds of dollars were sent from our area. We anticipate an even larger group of walkers this year and they will be looking for sponsors. We would like to urge everyone to support this effort and sponsor those who are willing to walk.

Please consider the importance of St. Jude and the enthusiasm of our young people when you are asked to sponsor them in the Walk-A-Thon.

IUKA

BY CHARLES RHODES PAYNE

The Indians gave this place its name Iuka - where all fights would cease Where the warring tribes all came Where they smoked the pipe of peace

All things in this quiet town Led to somnolence, not fright Why did fate or God's will frown Upon this place for men to fight

September 1862, not Red men now but brothers white Met at cross roads here one day Just by chance it meant to fight Some in Blue and some in Gray

In field artillery, Charlie Rhodes Sat a caisson all the way Through the South on Mississippi roads Filled with dust and mud and clay

He heard the crack of pickets firing Put his men all in position Grounded heavy guns from miring Then he passed out ammunition

Rhodes was ready for the fray Corinth was their goal that night Bitter fighting all that day Engaged them 'till the Rebel's flight

Once these fields were white with cotton Wagon wheels now brown with mud Green growth lawns were not forgotten Crystal streams ran red with blood

The battle now had nearly ended The sky above was growing dark Charles Rhodes had his leg extended And a bullet found its mark

A Medic "Sawbones" in the field "Gangrene has set in", he stated "The only thing to do is yield And have the right leg amputated"

IUKA! When will we learn - Oh when will we learn? From the havoc of blood and strife See! Where the red of the sod we turn Cotton blossoms have come to life

Sorrow and hatred and pain will go Sharpness of wound - that to will cease Out of our agony flowers grow Out of our heart aches, infinite peace

mounting any scoring drives. However, Mantachie's Keith Glissen blocked a punt early in the third quarter and scored with Jeff Glover recovering it in the end zone for the Mustang's first score. The extra point was no good giving Mantachie a 6-0 lead.

Mantachie wasted little time in mounting another scoring drive. Billy Harbin capped a 50-yard drive late in the third period with a three-yard plunge giving the Mustangs a 12-0 lead.

Mantachie iced the game in the fourth quarter when Harbin ignited a drive on a 40-yard run. Then Michael Lee Warren broke through for a 20-yard TD seat to give the Mustangs 18 points.

The win upped the Mantachie Mustangs' record at 3-2-1.

Biggersville's Lions defeated the Tishomingo Bulldogs in a Tippamingo Conference football game at Biggersville Friday night, 20-6.

Lions quarterback Robert Mays sparked the Biggersville offense, scoring two touchdowns.

Biggersville led 12-6 at half-time.

CAREER EDUCATION

NEWS AND VIEWS
By Ruthel Comer

MRS. WADE'S CLASS HEARS RESOURCE SPEAKER

Mr. Kelly Moore, Branch Manager of the Bank of Red Bay at Vina, Alabama, led a most interesting discussion of occupations related to banking to Mrs. Margaret Wade's book-keeping class at Belmont High School on Tuesday, September 30. About thirty students listened and participated as Mr. Moore related the duties and responsibilities of different personnel workers in the bank. Salaries, fringe benefits, loans, safety measures against robbery, and other important topics such as appropriate manner of dress were brought into the discussions.

The instructor, students, and High School Career Coordinator, Mrs. Ruthel Comer, complimented Mr. Moore for his excellent manner of presenting occupational information.

EDITORIAL

The old adage which proclaims that there is "honor among thieves," seems to have been disproved a few days ago when one of a ring of thieves, evidently expecting to receive leniency, provided Alcorn County Officers and State Investigators with information, which led to the capture of five of the ring of thieves. These men were caught in the very act of transporting, in a stolen truck, expensive tractors and related equipment, which had been stolen in Cherokee, Ala. Based on information received, it is expected that several more arrests are pending that are almost sure to clear up a lot of thievery that happened in the last couple of years. Obviously, the name of the informant cannot be revealed, and he probably will receive a light sentence. It is reported that this ring operated in Alabama, Mississippi, and Tennessee with "Fences" receiving stolen property as far away as Chicago. Everyone's thanks should go to the "Stool-Pigeon" for finger-ing this vicious band of thieves.

Alumnas and alumna are really the Latin words for "foster son" and "foster daughter."

SPORTS

Belmont's Cardinals, playing their homecoming game, did all their scoring in the second quarter, to knock off Tippamingo Conference leader Alcorn Central's Bears 24-7 on Friday night.

Belmont quarterback Scotty Payne ran for one touchdown, two two-point conversions and passed for another conversion to pace the Cardinal attack.

Running back Robert Hester scored the first points when he took a pitchout 11 yards around end. Payne then hit end Steve Kennedy with the

extra point pass.

Minutes later Payne got his score on a one-yard sneak which he had set-up with a long pass to Howard Cofer. Payne also went over for the conversion to put Belmont ahead 14-7.

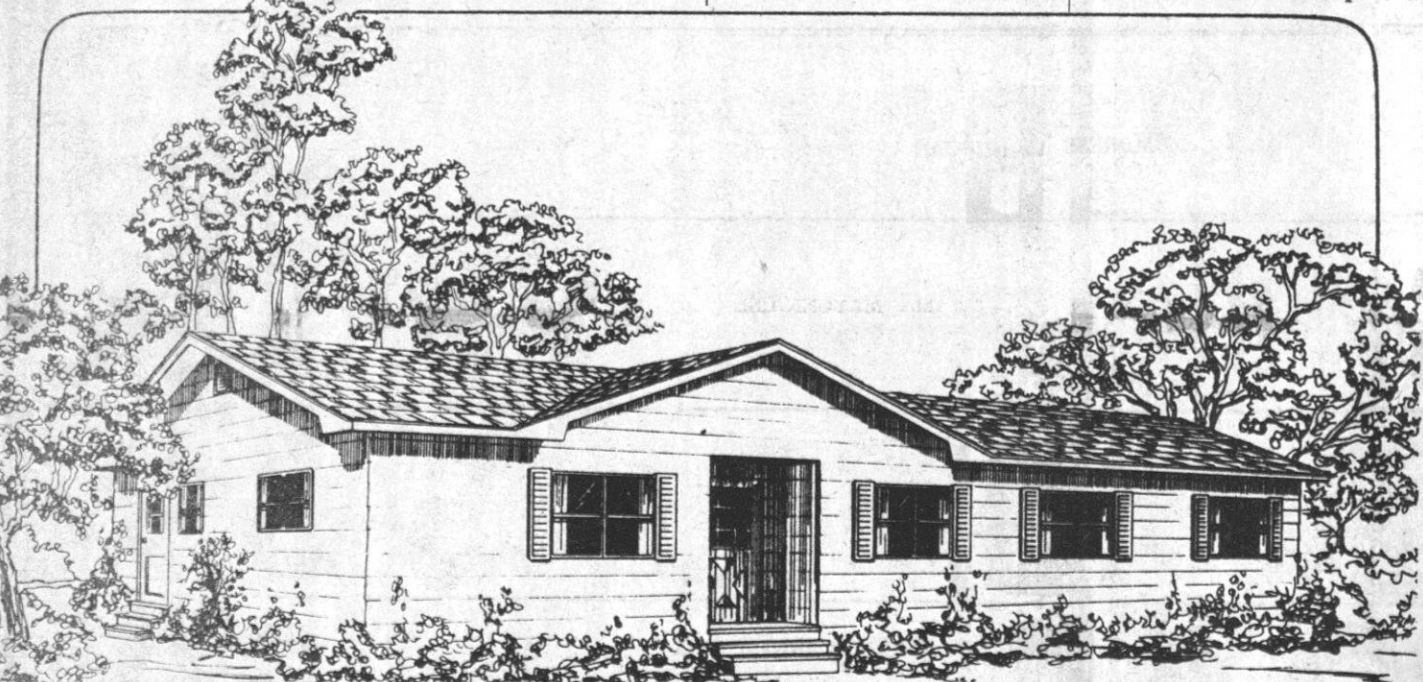

With 11 seconds left in the first half Hester got his second touchdown of the night, going over from five-yards out. Payne rolled over for the two-point conversion to end the scoring for the night.

Alcorn Central picked up its only score in the first quarter when fullback Glenn

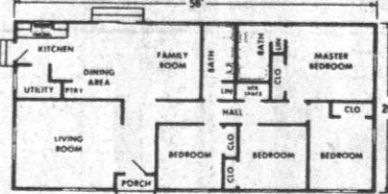

Alexander busted over from the three-yard line.

It was a night for the Mustangs - the Mantachie Mustangs that is. The Mustangs of Mantachie mounted three scoring drives in the second half to whitewash the Burnsville Mustangs 18-0 Friday night in non-conference action.

The first half provided little action for the fans from Mantachie and Burnsville as both teams failed to score. Twenty-four minutes were consumed in the first half with neither team

JUNIOR GIRL SCOUT DAY — Saturday, October 11, 1975, a Junior Girl Scout Day was held at Tishomingo State Park.

Twenty-three troops in Prairie Council gathered to have a badge workshop. There were 260 Junior Girl Scouts and 50 leaders and adults. Troops present were from Iuka, Belmont, Burnsville, Corinth, Ripley, Booneville, Kossuth and Rienzi.

BROWNIE INVESTITURE — The Fellowship Hall of the Iuka Baptist Church was the setting for the investiture service of Brownie Girl Scout Troop No. 200, which was held October 12, at 3:00 p.m. This new troop is proud to have Piggly Wiggly as its sponsor. Following the ceremony, the vivacious Brownies entertained their parents, grandparents and

friends using the Brownie colors of orange and brown. Shown above, bottom row, left to right: Denise Swanlund, Cristy Davis, Teresa Weathers, Sonya Magill and Penny South. Standing, left to right: Mrs. Stanley Magill, assistant leader, Lisa Puckett, Julie Ramsey, Benji Rye, Tammie Anglin, Ginger Dean and Mrs. Tommy Dean, leader.

The medical service. The primary health center will be housed in a fully equipped trailer owned by the University of Tennessee.

The center will be staffed by a project manager, a nurse practitioner, a secretary, and a record keeper. Regular visits by Dr. Cosby will be made to the center.

It is hoped that the health center will develop into a regular practice and that a doctor can be induced to take it over within a few years. The area at one time supported a medical practice, but there is no doctor available in the area now. The sponsors are also looking into a federal program that locates young doctors in rural areas and pays a portion of their salary.

The project has the endorsement of Savannah doctors, the hospital trustees and administration, several businesses, clubs, and two volunteer organizations. The board hopes to get endorsement from city and county governments.

A primary health care facility located in the Shiloh-Pickwick-Counce area could be used by an estimated 2,000 people and offer services designed to relieve overcrowding in doctors' offices.

VAN LUVENDER RETIRES

M/Gy/Sgt. W. A. Van Luvender, Jr., retired September 30th, after 29 years in the U. S. Marine Corps.

Sgt. and Mrs. Van Luvender will make their home on Yellow Creek.

ASC News

BY ELLETT N. ALLEN
County Executive Director

Cotton harvest is just around the corner. Farmers will be picking and ginning within the next 10 days. Forecasts, a very small crop, so the farmer needs the best price available. Cotton prices have not advanced as fast as most people thought, so we should be very cautious about selling the 1975 crop. When the cotton gets out of the farmers' hands prices will go up.

Your local ASCS Office can give you service by writing loans (pooling) your cotton. If you need operating cash put your cotton in the loan and hold it for higher prices. Did you know that strick low middling 1 1/16" cotton will pool for 36.50 cents - middling 1 1/16 will pool for 38.30 cents. Farmers that pooled cotton last year made around \$75.00 per bale. Just keep in mind that your ASCS in Iuka can be very helpful to you in writing your cotton loans. You will not have to wait for your money. For more information call the ASCS Office 423-5036.

Service Would Serve Lake Area

A health service for the people of the Shiloh-Pickwick area is coming close to reality, with a state charter issued to a board of directors and planning for grant applications underway.

The Shiloh-Pickwick Health Services, Incorporated, will be, sponsors hope, state and federally funded, offering first-aid, referral and testing to residents of the area.

The service is the brainchild of Dr. Harry Cosby, Jr., who has developed three of this type of non-profit organizations in Mississippi and saw a need

in the lake vicinity.

Dr. Cosby discussed the idea with a member of the Shiloh-Pickwick Lions Club, Russell Roberts, and the plan was then presented to the club. The civic group endorsed the idea and has worked on arranging the service for over three months.

State and Federal representatives met with the Health Service Board of Directors on Tuesday night and explained how such a program can be set up and funded. About 50 interested citizens attended the meeting and expressed enthusiasm about
