J. C. Marlar Wishes To Announce Candidacy

I have lived in Tishomingo County all of my life and have been a resident of the City of Iuka for a number of years. I am a veteran of World War II, and have served on the Governor's Staff.

I am very much interested in the progress of the City of Iuka and Tishomingo County, and I feel that I am qualified to do the duties that it requires to make you a good alderman.

I may not get to call on each one of you in person, but I would appreciate it very much if you would vote for me on Tuesday, May 10, 1977, and if elected I will always be ready and willing to help you in any way that I can. So, please vote for me - you'll be glad you did.

I am your friend,
J. C. MARLAR

Verlon Deaton, all from Iuka; two uncles, Dewey Lewis, and Ellis Johnson, both of Iuka; his grandparents, the late Mr. and Mrs. Charlie Lewis, of Iuka, and the late Mr. and Mrs. Bud Johnson, of Iuka.

Registration At Burnsville

Burnsville Elementary School will have pre-registration for children entering the first grade next fall from 8:00 a.m. to 3:00 p.m. at the Elementary School on Friday, April 22, 1977. Parents are requested to bring certified birth certificates and immunization certificates, but if unavailable, you are requested to register your child and bring in the certificates later. The child must be six years of age before December 1, 1977, to be registered.

All parents are urged to register their children in order that workbooks and other supplies may be ordered and available at the beginning of school next fall. If for any reason you cannot register your child on this day, please contact the Elementary School Office.

April 9 Deadline Brings Out 43 Candidates For May Primary Election

A total of twenty candidates in Iuka and twenty-three candidates in Burnsville will be on the ballot in the first primary election, May 10th, in the municipal elections this year.

In Iuka, Mayor John H. Biggs, is seeking re-election after having served over two terms in this office. He served out the unexpired term of George W. Cuthall, who resigned. George W. Cuthall is again seeking the job of mayor in this election.

Three are seeking the job of Iuka Chief of Police. Zoma (Jack) Rye is asking for re-election after having served the unexpired term of Travis McGaughy and a full four year term. Two other candidates have also filed to run for Chief

of Police. They are Albert C. Monroe and Floyd Whitaker.

Fifteen are seeking the job of Alderman. Of these, three are asking for re-election. They are: James L. Dean, Millard Kent and Rex L. Tucker. Newcomers seeking a seat on the Board of Aldermen are: E. N. Allen, Sr., Floyd Curtis, Leroy Dean, Richard O. Dobbs, Lavonia Hudson, William E. Lambert, J. C. Marlar, Vernon L. Pate, Carl A. Smith, Ellis R. Strickland, James S. Underwood, Eulene (Davis) Woodruff.

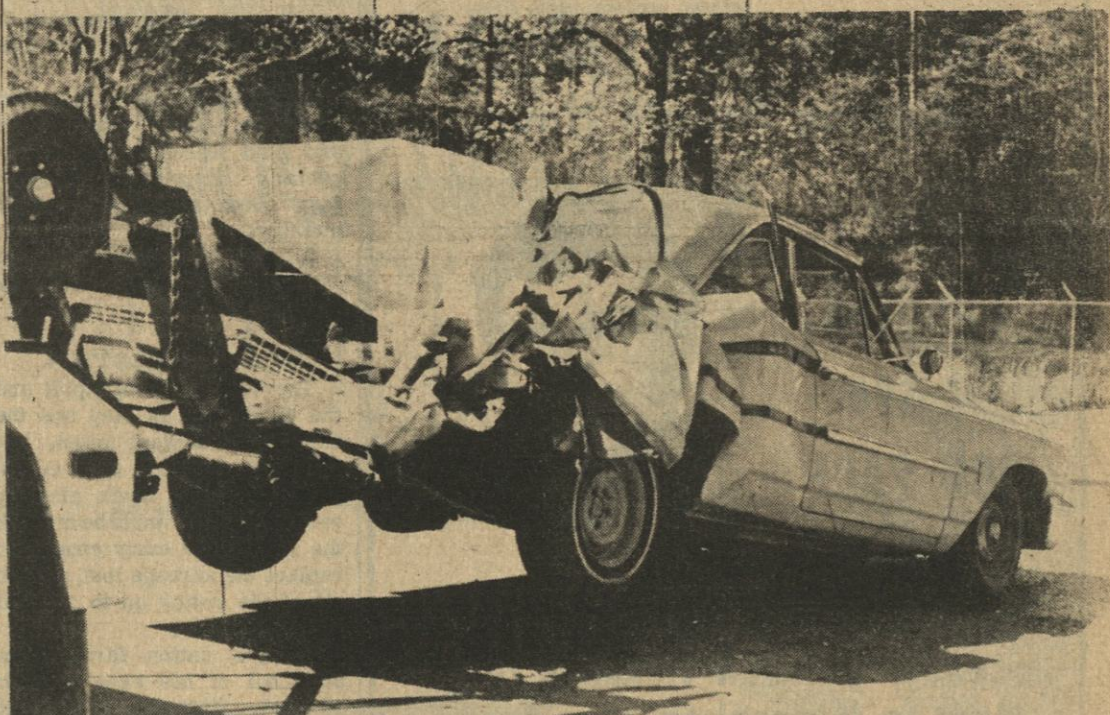

In Burnsville, three are seeking the office of mayor. They are: A. B. Marlar, A. T. Marlar, Jr., Andy "Buck" Lovelace.

Nineteen are seeking the job of alderman. Of these, three are asking for re-election. They are: Junior Carroll, Cliff

ford H. Marlar, Jr., and Helen Lambert. Newcomers asking for a position on the Board of Aldermen are: Buster Brown, Bonnie Dodson, C. O. Smith, Hershel Brown, Charles Ray Julien, Roy E. Puckett, S. H. Formby, Kenneth Spoon, David Lambert, Daisy Spencer, Billy Young, Donald W. Timbes, Tommy Epperson, Troy Claunch, Larry Martin and James D. Emmerson.

Unless anyone gets over 50% of the votes cast in the first primary, May 10th, the top ten will be in the run-off in the second primary, May 17th, for alderman.

The city elections are held at the City Hall in Burnsville and at City Hall in Iuka. Polls open at 7:00 a.m. and close at 6:00 p.m.

CAR/BUS ACCIDENT — This is the completely demolished 1963 Ford, driven by Thurman Williams, after colliding with an Iuka School Bus on Highway 25 North in Iuka, on April 11. Photo by Tina

Accident Involves Iuka School Bus

A 1963 auto spun out of control and into the path of an on-coming school bus, at approximately 7:40 Monday morning, April 11, on Highway 25 near Oak Grove Cemetery in Iuka.

Thurman Williams, Route 1, Iuka, was traveling south in a 1963 Ford on Highway 25 when he crossed over the line tapping the fender of an on-coming Iuka School bus causing him to spin out of control across the highway and into the path of another Iuka School bus, driven by Mr. Joe Patrick, a driver for four years. Mr. Patrick had picked up approximately 48 elementary school children at the Iuka High School and was taking them to the Elementary School at the time of the accident.

Mr. Patrick said, "The car was spinning across the highway right at me and I knew if I tried to miss him the bus would have turned over in the ditch by the cemetery. I had no choice but to hit him."

According to Dorene Morton, a passenger on the bus, Mr. Patrick asked if everyone was o.k., then went to the emergency door at the back of the bus and had all the children file off the bus to a safe distance.

Four of the children were taken to area doctors, but all four only sustained bruises. Mr. Williams was unhurt.

The impact broke the gas tank on the auto and the fire department was called to hose down the highway. According to Iuka Chief of Police, Jack Rye, Mr. Williams was charged with reckless driving, driving under the influence, no license plate and no inspection sticker. He is still in custody at this

time. Mr. Patrick and the children are to be congratulated for their level-headed behavior in what could have been a very serious situation.

It has been observed that the traffic on Highway 25 North in the vicinity of the Iuka Elementary School is very heavy during the morning rush hour. Everyone hates to even think of an accident involving our children, but we do need to realize that more caution should be used, especially during school hours, and it takes everyone to help protect our children.

Honey Sunday

"Honey Sunday" will be held in Iuka on Sunday, April 17, weather permitting. "Honey Sunday" is conducted throughout Mississippi by the Jaycees and is sponsored in Iuka by the Iuka Jaycees to raise money for the mentally ill and mentally retarded. The profit from the sale of the grape jelly is divided between the Jaycee Evaluation Center at Ellisville State School and the North Mississippi Center at Oxford to give free evaluation to the mentally ill and retarded.

The Iuka Jaycees will be selling the grape jelly at the intersection of Highways 72 and 25 for \$1.00 per jar. Everyone is urged to help support the project by buying a jar of jelly. This is a "sweet way to show you care".

ECONOMIST'S

CONSIDER ALTERNATIVES FOR COFFEE

If the price of coffee is taking the lift out of your coffee break, you should consider alternatives.

A cup of regular coffee made with some brands costs about 6 1/2 cents, according to figures prepared by the Agricultural Research Service's Consumer and Food Economics Institute. A cup made from less expensive brands costs about 5 cents, and a cup of instant coffee costs less than 2 1/2 cents.

If consumers are willing to switch to tea, they can cut costs further. Tea costs less than 1 1/2 cents a cup, depending on how you make it.

The cost of coffee has almost doubled in the past year, increasing by as much as \$1.46 per pound in some areas. The majority of adults have coffee every day.

Even with inflated prices, most people are likely to drink coffee. But there are things they can do to hold down the cost. They can also switch to beverages that cost more, but provide nutrients that a cup of black coffee will not.

Avoid wasting it. Brew only as much as you will drink. Try making your coffee a little weaker than usual. You may like it just as well.

Compare brands. Use regular instant coffee. Per cup of beverages, it costs only half as much as ground and less than freeze-dried coffee, too.

Compare the unit prices (cost per ounce or per pound) of different sized cans and jars of coffee to find the best buys. Unit prices are shown on the shelves in many supermarkets. To figure costs, they divide the price per unit by the number of six-ounce cups the unit will yield. For example, a pound of regular coffee will make 50 cups of coffee on the average. At \$3.19 a pound, a cup of coffee costs 6.4 cents.

For those who are reducing coffee intake and trying another beverage:

Drink tea or a cereal beverage at one-third or one-half the cost of coffee. You can save more money by making tea with loose tea leaves or instant tea instead of tea bags.

Use bouillon occasionally.

unless you are on a low-salt diet.

Drink milk made from non-fat dry milk powder. It costs less than coffee. Unlike coffee, it provides important nutrients -- calcium, protein, riboflavin and many others. A six-ounce cup of milk made from non-fat powder provides about 70 calories. Coffee, without milk and sugar added, provides essentially no calories.

Use hot chocolate made from a home recipe or a commercial mix. It costs a little more than coffee, but furnishes the nutrients of milk as well as some iron from the cocoa. A six-ounce cup provides about 140 calories.

Use fruit and vegetable juices. Some cost no more than coffee, and they provide vitamins and minerals.

CRISP FRIED CATFISH
6 small catfish or slices of

larger fish.
1 teaspoon salt
1/4 teaspoon pepper
1 (2 oz.) bottle Tabasco sauce
2 cups self-rising cornmeal in brown paper bag
1 quart oil.

Sprinkle fish over lightly with salt and pepper; let marinate in Tabasco hot sauce for 1 or 2 hours in refrigerator. When ready to cook, drop pieces into bag of meal to cover completely. Use a deep pot or skillet filled half full with cooking oil. Heat fat until just under "smoking hot". Place each piece into fat separately. Cook on high until the fish floats to top and reaches a golden brown. Drain well and place on paper towel. Serve not. The Tabasco sauce will not make the fish hot, it enhances color and flavor. Makes 6 servings.

APRIL PLANTING TIME

April is usually the month that planting moves into full swing in Mississippi. Cotton planting time is just around the corner, and soybean planting will follow soon. What the farmer does in April affects most of his crops throughout the growing season. Here are some practices you should study carefully. They will increase yields and low production costs.

1. Fertilize crops according to crop needs based on soil test recommendations.

2. Know the weed problems of each field and use the chemicals that best control them.

3. Prepare a good seedbed and do everything necessary to get a good stand with the first planting.

4. Plant the best quality seed available. Good quality seed and good soil drainage are especially important in getting a good stand with early planting.

5. Apply nitrogen as near the time the crop will actually use it as possible.

PLANTING COTTON

The last week of April and the first week of May are the best times to plant cotton. Not too many years ago, cotton farmers would begin planting earlier so they would be through the first time early enough to replant the acreage lost, and get all of the cotton up to a stand before too late.

Today's cotton farmer can plant all of his crop in 7 to 10 days. With this in mind, it would be well to wait until soil

and climatic conditions are right before planting. Cotton should grow off as rapidly as possible; all production practices work better on healthy, uniform and rapidly growing crops.

HANDLE ANHYDROUS AMMONIA SAFELY

Anhydrous ammonia is being used extensively this season as a nitrogen source. Farmers can enjoy the benefits of this material more by using it safely. An accident with this pressurized gas can kill you or inflict injuries which could cause life-long discomfort. Two of the major safety measures anyone using anhydrous ammonia should follow are:

1. Wear OSHA-approved rubber gloves, chemical splash goggles and a face mask when working with the material. Also, wear clothing that covers your entire body. The full face mask should be used when working around the nurse tank.

2. Have water available. Water may save your eyesight or prevent a serious ammonia burn. Ammonia inflicts a dehydration or water-absorbing burn. Only water flushing on the burned area (either in the eyes or on the skin) can deter the effect. Flush for at least 15 minutes. Application of other ointments will probably make the burn more serious. Five gallons of water on the nurse tank are required by OSHA. Take a quart container along with you while applying anhydrous ammonia.

FARM STORAGE AND DRYING EQUIPMENT LOAN PROGRAM

Program changes have been made to be more responsive to the needs of farmers and to encourage an increase in on-farm storage and drying capacity. Some of the changes are as follows: (1) The storage need determination will be based on two years production instead of the present one year, (2) the amount which may be loaned is increased to 85 percent instead of 70 percent, (3) the costs (material and labor) for concrete work and electrical wiring may be included in the "net costs", (4) the maximum loan or outstanding aggregate

balance is increased to \$50,000 from \$25,000, (5) the approval level of the county committee raised to \$25,000, per loan or aggregate outstanding balance, (6) the interest rate for all outstanding loans subject to the adjustable or variable rate is reduced to 7 percent. The 7 percent rate will remain constant for the balance of the loan term, and (7) the interest rate for loans disbursed as of April 1, 1977, is 7 percent and will remain in effect for the term of the loan. If you are interested in storage equipment on your farm, stop by the Tishomingo County ASCS Office or telephone 423-5036 for further details.

GOSSIP (Did You Know?)

TISHOMINGO

Bro. and Mrs. Van Dyke, of Tishomingo Church of Christ, attended the Freed Hardeman College Appreciation Dinner in Cherokee, Ala. recently.

Mr. and Mrs. Jeff Short, of Tupelo, are the proud parents of a son born March 28, in Tupelo Hospital. He has been named William Andry, and they will call him "Andy". Mr. and Mrs. Clayton Short, of Tishomingo, are his proud grandparents.

Many of the children from surrounding communities attended the egg hunt out at the Tishomingo State Park on Sunday afternoon. They enjoyed it very much.

Most of the students from all the colleges, universities and junior colleges were home for Easter. Marcia McRae, Stanley Page and Ronnie Medley were home from Ole Miss; James Fairless and Ricky Tidwell, from Miss. State; Dale Medley, Northeast Jr. College; Donnette Southward, Wood Jr. College; and probably others we don't know about.

Mr. and Mrs. Fred Bostick, from Red Bay, visited Mr. and Mrs. Fay Burns and Jimmy on Sunday.

Mr. and Mrs. Adkins, who have been visiting Dr. and Mrs. Bruce for several days, have returned to their home in Missouri.

The Homemakers Club at Tishomingo spent last Thursday afternoon cleaning up the cemetery.

Dennis Methodist Church had a Sunrise Easter Service on Sunday. Bro. Rod Borders preached to a large crowd, who attended. The special music added a lot to the service.

The Baptist Church in Tishomingo gave an Easter Cantata at their Sunday morning service that everyone present enjoyed very much.

Mr. and Mrs. Tarply Bolding from the Tri-Cities attended church and Sunday School in Red Bay on Sunday and came on to Tishomingo after the service for a visit with Mr. and Mrs. Hoyt Phillips.

The churches in the different communities of our town had a good attendance on a beautiful day Easter Sunday, but each church had old and afflicted people who were shut-ins and who could not attend. Let's not forget to remember the shut-ins and to let them know we are thinking of them and praying for them daily. They will appreciate it.

Mr. and Mrs. James Yarbrough and daughter, from Memphis, visited his and her parents Easter weekend, Mr. and Mrs. Lucian Yarbrough and Mr. and Mrs. Varda Blunt.

Highland Church had two services together Sunday night. First two young girls were baptized, and following this, they had the Lord's Supper.

Mr. and Mrs. Jim Wade, of Tishomingo, had the following visitors during the Easter Holidays: Tom, Carie and Helen Wade, Summerville, Tenn.; Sandy Martin, Mike and Nova Gail Sticht, Memphis, Tenn.; Troy, Larindo and Shane Wade, San Francisco, Calif.; Larry, Donna and Denni Wade, Tupelo; Bobby Wade, from Tupelo, and girl friend, from Memphis; Ted and Ronnie Day and their families, from Tupelo; visited their parents, Mr. and Mrs. Hubert Day, Sunday at Tishomingo.

Mr. and Mrs. Bill Southward, Jr., from Northeast Jr. College, visited Mr. and Mrs. Bill Southward, Sr. and Mr. and Mrs. Andrew McAlister, for Easter. Jimmy Phillips and family, from Mobile, Ala., visited Mr.

and Mrs. Hoyt Phillips over the weekend.

Mr. and Mrs. Billy Mac Parrish and daughter, of Memphis, visited Mrs. Ollie Parrish, his mother, and Mr. and Mrs. Scott Stephens, her parents, in Paden, over the weekend.

Mr. and Mrs. Danny Helton and baby son, of Kansas City, Mo., visited her parents, Mr. and Mrs. George Cole, the past weekend.

Mr. and Mrs. Jimmy Gray, from Starkville, Miss., and Brad visited his parents, Mr. and Mrs. Hubert Gray for Easter.

LETTERS TO THE EDITOR

Dear Editor:

I'm writing this in regard to all people who take advantage of old people.

I hear of so many that will be goodie-good to a person until they get what they have or will to what they have, then when they get to where they have to be waited on like babies they take out and put them off on someone else that is not able to wait on them or in a nursing home.

We don't realize what it is like until we get old.

The younger people don't have the respect for the aged like they used to.

I hope they will consider being old themselves some time.

Bro. C. I. Puckett, of Fulton, has accepted an invitation from Rowland Mills Church to help in revival, which will begin the second Sunday in August.

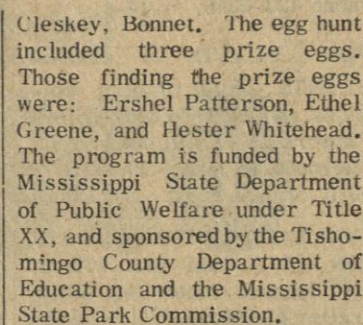

Sam and Tishia Vanderford, of Illinois, recently visited her sister, Mrs. Jesse Ellis.

Visitors from Ft. Lauderdale, Fla., in the home of Mr. and Mrs. Louis Roberts are their daughter, Mrs. Carole McKenzie, and two sons, and another daughter, Mrs. Patsy Dunn, and husband, Don, and their two daughters.

Mrs. William Pendergrast and little daughter, Kimberly, were visitors at Rowland Mills

Ed Tallman, of Indiana, were there. Other members of the Rhodes clan were also present.

The Iuka American Legion Auxiliary is sponsoring genealogy Sunday, April 17th, from 2:00 to 5:00 p.m. to kick off National Library Week in Iuka's Library. Iuka Post #15, American Legion Auxiliary, has numerous books in the genealogy section to help you find your ancestors. Won't you drop by for awhile and chat with members about your findings and problems in genealogy?

JIM WALTER WANTS YOU TO HAVE ALL THE FACTS BEFORE YOU BUY YOUR NEW HOME. A new, permanent home, built on your property, is an excellent investment... one that will grow in value year after year. And, as with any investment you might make, you are entitled to know exactly what your costs will be. With Jim Walter as your builder, you'll be given specific prices and you'll know, to the penny, what your mortgage payment will be. No detail will be kept

We offer a complete line of
SECOND HOME COTTAGES

from you. Jim Walter has been doing business this way for over 30 years...and has built homes for nearly 200,000 families just like yours.

JIM WALTER CAN PUT A NEW HOME WITHIN YOUR REACH. HERE'S HOW.

Jim Walter will build almost anywhere that you own property. The outside will be completely finished in every detail... and we'll finish the inside to the stage you tell us to... up to 90% complete. Then, if you're the handy type of person, you can take over and cut your overall building costs to the bare bone. Do as much or as little of the inside work as you like, but the more you do, the more money you'll save.

QUALIFIED PROPERTY OWNERS CAN GET INSTANT MORTGAGE FINANCING

Yes, mortgage financing is INSTANT...direct from the builder...with no delay. Credit approval is usually a matter of only a day or two, instead of the weeks and weeks usually required. Let's talk. Let us tell you about our custom-construction methods (not pre-cut or pre-lab) and about the low-maintenance materials we'll use. Let's discuss size, style, price and mortgage payment. We'll discuss all the facts, you believe you'll choose Jim Walter as your builder. Construction can begin almost immediately, almost anywhere you own property. Together we'll build...and you'll have more home for less money than you would have imagined possible.

Over 20 different models with two to four bedrooms, one or two bathrooms. Choose the one that's just right, priced right for you and your family.

We want you to have complete information with no obligation . . . before deciding. Call, send the coupon or visit the Jim Walter Homes display park nearest you.

In Memory

IN MEMORY OF
MILTON BONDS,
Who Passed Away April 13, 1973

When I hear the birds singing
and I know spring is in the air,
I turn my face toward heaven,
for I know my loved one awaits
me up there.

It has been four years since
he passed away,
I felt like my life also had
ended on that day.

But I know my love and faith
in God,
Will help heal all sorrow,
I'll just have to look forward

to a brighter tomorrow.
Some times God needs little
rosebuds in his kingdom,
He also needs full grown flowers
too.

So he picks the ones that are
gentle, loving, kind and true.
So, that's why he called my
loved one to rest,
He was one among the best that
had stood the test.

Dear loved one, there will
always be a vacant place in
our home and in my heart,
But some day we'll meet again,
And will never never more part.
His loving wife,
Margaret Bonds

Public Meetings On Annual Services Plan

In an attempt to cover the entire state and reach the greatest number of people, public meetings on the Proposed Comprehensive Annual Services Plan for July 1, 1977 through June 30, 1978 have been scheduled throughout the state according to F. W. St. Clair, commissioner, State Department of Public Welfare.

Meetings will be held as follows: (1) April 12, 6:00 p.m. until 8:00 p.m. Youth and County Court Room, 2nd Floor of County Court House, Greenville; (2) April 14, 6:00 p.m. until 8:00 p.m., First Floor Auditorium, Woolfolk State Office Building, Jackson; (3) April 15, 12:00 Noon until 2:00 p.m., City Council Chambers, Natchez; (4) April 20, 5:30 p.m. until 7:30 p.m., City Hall, 107 South Lamar Street, Oxford; (5) April 21, 10:00 a.m. until 12:00 Noon, Chamber of Commerce Building, University Dr., Starkville; (6) April 21, 5:30 p.m. until 7:30 p.m., 2nd Floor Circuit Court Room, Court

House, Meridian; (7) April 28, 2:00 p.m. until 4:00 p.m., Community Center, West Front St., Hattiesburg; (8) April 28, 7:30 p.m. until 9:30 p.m., Westside Community Center, Gulfport - Biloxi.

St. Clair states the meetings will focus primarily on the Proposed State Social Service Plan to be effective July 1, 1977. They will also provide an opportunity for the public to make comments and suggestions as to the social services they see as necessary in their own community and to voice opinion concerning the services already being provided.

County welfare directors and their service staff will attend these meetings to better understand not only the total program of the department but to also better understand the needs and desires of the public in their area adds St. Clair.

Mrs. Jane Emling from the Division of Social Services, State Department of Public Welfare, will conduct the meetings.

SEEDS FROM THE SOWER

By Michael A. Guido, Metter, Georgia

During the second World War an evangelical pastor in the hills of Southern France served as a leader in the resistance movement.

It was his duty to hide the powerful explosives from the Nazis who had overrun his country. He concealed the boxes behind the songbooks in the church cupboard.

But there is power behind every songbook - the very power of God. It is His method of bringing all who believe the gospel to heaven.

Paul and Silas were arrested for doing the work of the Lord. Around midnight they sang praises to God. Suddenly there was a great earthquake.

All the doors flew open and the chains of every prisoner fell off!

The jailer woke up to see the prison doors wide open, and assuming the prisoners had escaped, drew his sword to kill himself.

"Don't do it!" shouted Paul. "We are all here." He ran into the dungeon and brought them out and asked, "What must I do to be saved?" "Believe on the Lord Jesus Christ and you will be saved," said Paul.

Yes, there is power behind every gospel song, and Psalm 7:17 says, "I will sing praise to the name of the Lord." Care to join?

Libby and Sherrie Randolph, of
Marion, Ark.; Ms. Carolyn Ran-
dolph, Memphis.

Tony, Rita and baby Brandy
Lambert stopped by in the after-
noon to wish Mr. Linton a happy
birthday. Many useful and nice
presents were received.

Mr. Linton is a native of
Tishomingo County. He was
born in 1887, two miles west of
Iuka. His ancestors came to
Tishomingo County by mules
and wagon and have remained
near the same area in which
they settled. He is one of the
last four living descendants of
the early Linton family. He
has one sister, Mrs. Ina Jones,
of Iuka; two first cousins, Mrs.
Clara Woodley and Mrs. Myrtle
Stormont, daughters of the late
Elijah and Millie Linton
Gravette, of Iuka.

MORE FEED MEANS MORE MONEY

Are you enrolled in a 4-H
animal project? If so, you have
to feed your animals. This
means that you are probably
also enrolled in a field crops
project. You may be growing
corn and sorghum for grain or
silage.

Try to produce as much as you
can on each acre. Then when
your records go in, you will
see that you made more money

After the eggs were hidden
and found several times, the
children were served a big
coconut cake in the shape of a
bunny rabbit, cokes, potato
chips.

As the children left going
home they were given a sand
bucket and shovel filled with
candy.

off the land where you made
your highest yields. Usually
the most profit is in the high-
est yields per acre.

You may ask, "What can I
do now to increase my corn
yields?" Think about the
amount of fertilizer that you
applied at planting. If you have
not already sidedressed and
need more fertilizer, don't hesi-
tate to put out nitrogen as a
sidedress application.

You will need a total of two
pounds of actual nitrogen for
each bushel of corn that you
want to produce. If you want
100 bushels of corn, this means
that you will need 200 pounds
of actual nitrogen, which is
equivalent to 600 pounds of am-
monium nitrate per acre.

Maybe you used a herbicide
broadcast at planting. If you
did, you probably don't have a
weed problem. However, if you
relied on cultivation and hand
weeding, you might have some
weeds coming in. These can
be removed with a directed
application of Lorox herbicide.
Your County 4-H Agent has all
of the information you need on
using this herbicide. Don't let
the weeds stay in your corn
and use the fertilizer that was
bought for corn.

You can make at least 12 to
15 tons of sorghum silage if
you fertilize enough and con-
trol weeds. If you need more
silage, try to plant no later
than July 1. Use eight pounds
of sorghum seed per acre and
120 to 150 pounds of actual
nitrogen plus 60 pounds phos-
phate and 120 pounds of potash
per acre.

To make money out of your
animal projects, you have to
have good feed. To produce
good feed, you have to use good
production practices. Follow
these recommendations and ask
your 4-H agent for more
details.

Governor Cliff Finch REPORT TO THE PEOPLE

The Tennessee - Tombigbee
Waterway is very much in the
news these days in view of the
fact that the federal government
is reviewing the project to de-
termine its value to the people.

In my travels throughout Mis-
sissippi, I have found that at
least 99 percent of the people
of our state support the pro-
ject and want to see it com-
pleted. They realize that it
represents the greatest oppor-
tunity Mississippi has ever had
to create more jobs and better
paychecks, and to improve the
overall economic condition of
our people.

A lot of people, however, don't
realize all the benefits that
will result to Mississippians
from Tenn-Tom, and I'd like to
go over some of them in this
column.

The waterway will be 253
miles long and will begin near
the junction of the Mississippi,
Alabama and Tennessee state
lines. It will connect the Ten-
nessee River with the Tombig-
bee River in Northeast Missis-
sippi.

The result of the waterway
will be to link the midwestern
states to the Gulf of Mexico and
provide a 16,000-mile inland
waterway system that will tie
together 12 great rivers into a
single navigable stream. By
doing so, some inland ports will
be as much as 800 miles closer

to the Gulf and to foreign mar-
kets for America's goods.

Not only will the waterway
provide a needed transportation
route, but it will provide for
economic development that can-
not be attained in any other
way. History has proved that
industry is attracted to water-
ways, such as has occurred in
the Tennessee, Ohio and Ar-
kansas River valleys.

You have no doubt heard that
the Tennessee-Tombigbee pro-
ject will be harmful to our en-
vironment, but such claims
have not stood up when they
were brought into court. In
fact, many of us believe the
project will greatly benefit the
environment.

For instance, the waterway
will create five new lakes with
a total of 40,000 acres for re-
creation and new habitat for fish,
waterfowl and other wildlife.
In addition, special facilities
will be constructed for all types
of recreation.

Finally, the waterway can do
a great deal to help our entire
country meet one of its most
serious problems: the energy
shortage. In addition to pro-
viding a shorter route for ship-
ping energy products, the water-
way will open up a new access
route to undeveloped coal and
lignite deposits in Mississippi
and Alabama, and help us be-
come more independent of the

Nature is telling us: It's time to think about tomorrow

As a nation, we haven't thought enough about energy for tomorrow. It may very well be the greatest problem of this century.

But this company has been thinking about conservation and new supplies of fuel and alternate sources of energy since the early 1970's. That's when United Gas first began to curtail deliveries on its pipeline system because it found it simply could not buy enough gas in the field to be able to deliver to all its customers all the gas they wanted.

Since United Gas is the major interstate pipeline supplier for the Gulf South states, it was one of the first to feel the effects of the gas shortage and one of the first to encounter misunderstanding. But United Gas was also one of the first to seek ways and means of alleviating the shortage in its market areas. Because of this planning, and because the government permitted "emergency purchases" of gas at prices not previously allowed, the company was able this winter to supply the major needs of its direct market area without serious economic impact such as plant closings or layoffs.

For the future, advance payments of millions of dollars have been made to producers for commitment of new gas reserves, and huge investments have been made in the construction of offshore marine lines. United Gas is working to acquire natural gas reserves on the prolific North Slope of Alaska, and this year completed negotiations to receive imported natural gas from Algeria by 1983.

Traditionally, United Gas Pipe Line Company has been a purchaser and transporter of natural gas, neither owning nor exploring for oil and gas reserves. However, its newly-formed parent company, United Energy Resources, Inc., has begun to enlarge its production role through two other subsidiaries, including a recently acquired Tulsa-based oil and gas exploration, development and production company. Approximately \$60-70 million has been budgeted for exploration and development activities in 1977.

More than this, the United Resources Companies are investigating the transportation of coal slurry by pipeline, the use of solar and geothermal energy, and even the use of water hyacinths and municipal wastes as organic material for the manufacture of gas. The future requires that the national supplies of natural gas be supplemented by new energy sources.

For more than 40 years United Gas has been delivering significant quantities of natural gas to the Gulf South, and will continue its best efforts in this endeavor.

This is a task in which you can help. Conserve this vital resource, whenever you can, wherever you can. With care and efficient usage, the natural gas of America will last well into the next century.

IUKA HIGH STUDENT COUNCIL ATTENDED CONVENTION — The Iuka High School Student Council attended the annual Mississippi Student Council Association Convention, which was held at Murphy High School in Jackson, Miss. The Student Council members attended meetings on Saturday, April 2, 1977. Registration started at 8:30 a.m. and meetings began at 9:00 a.m. The Student Council members obtained new ideas for fund raising projects and on how to run a school government. The sponsors were Gloria

Richardson and Charles Emmons. Mrs. P. O. Beard was a chaperone. In the picture, from left to right, are the following people who attended the convention, back row: Stanley Helton, Blane Hodge, Bill Kimberley, Mark Segars, Sammy Broughton, Allen Lyles, Morris Byram and Joel Lewis. Front row: Mrs. P. O. Beard, Lee Ann Lovelace, Nancy Grisham, Stephanie Akers, Vickie Keel, Tommy Scruggs, Ruth Beard, Sally Beard, Brenda Minyard, Darlene Lambert and Mrs. Richardson.

Huntsville. That was a close one! I would like to congratulate all the guys for working so hard, especially Jim Carpenter, Mike Williams, Steve Lyles and Harry Cosby. Harry T. really did some good pitching. Keep up the good work, Chiefs! There will be a game Friday, April 15, with Kossuth, and it will be away. Everyone go out and support our guys and cheer them on to another victory. Well, I know all the Juniors

and seniors are excited and can't wait until Friday night. April 15th has been a goal we've all had our eyes on for about a month now. That's the night of the Junior-Senior Banquet. The banquet will be held at Pickwick Inn and will start at 7:30. I hope everyone has fun, which I'm sure they will. I guess I'll go now and leave you thinking about the banquet. Take it easy and be cool! BYE!

GROWLER

Hi! The beauty review went off really well last week. Karen Floyd was the winner; Julia Cain, first alternate; Susan Page, second alternate; Debi Giley, third alternate; and Leigh White, fourth alternate. We were honored to have Leigh White represent Tishomingo in the Miss Mississippi

National Teen-Ager Pageant in Tupelo. She was selected in the top 15 out of 57 girls, which was just terrific. We're proud of her. Tishomingo's baseball team whipped Belmont last Saturday. It was a close game - 12-11. We hope everyone had a great Easter Sunday.

BASEBALL NEWS

The Corinth Warriors romped to a 7-1 win over the Burnsville Mustangs Wednesday, April 6. Burnsville's only run came on a solo run by Joey Clarkston. David Smith was the pitcher for the Mustangs.

Steve Lyles fired a one-hitter and belted a pair of homers in Tuesday's game, April 5, as Iuka whipped the Kossuth Aggies 10-0 in a District One Class BB North baseball game. Lyles had a solo shot in the third and then socked a three-run blast in the fifth for more than enough runs for the Chiefs.

Iuka got nine hits off Berry, the losing pitcher.

Steve Lyles ripped a three-run home run in the bottom of the seventh inning Wednesday, April 6, to spark the Iuka Chiefs to a 7-6 win over Huntsville, Ala.

Lyles drove in Mike Williams, who earlier in the inning had doubled, and Jim Carpenter, who last week blasted two home runs including a grand slam himself, for the winning margin with one out in the last inning.

Harry Cosby went the distance for the Chiefs, allowing eight hits and striking out seven.

Driver Education — Coach is shown with students, Nancy Wade, seated in car, Lee Ann Lovelace, Curtis, just a few students in grades 9-12 enrolled in the Driver Education Program at Iuka High School. Mr. E. L. McNatt, of McNatt Ford in Iuka, has furnished a car for Driver's Education for the past several years and without his interest in the students and program this course would not be available. He realizes the importance of safe driving and everyone wishes to thank him for his interest and concern of our young people. Photo by Tina

Accident — Doug was taken to Tishomingo County Hospital by ambulance. The cause of the accident and Mr. Whitney's condition is still unknown at this time. Photo by Tina

CAREER EDUCATION NEWS

has brought a de- nial homes during the annual pilgrimage. Seniors visited Northeast Campus. Typing students visited business education department at Vo-Tech. Joan Parker, assisted by Sue Dill, from the county health office, showed a film on cleanliness to grades 4-9.

ping at University of North Alabama Campus for a visit to the observatory to view the solar system in the planetarium. Mr. Henry Harvey, Department Head, had planned an excellent presentation. The group then made a quick tour of South Gate Mall.

Helen Keller's birthplace in Tusculum was the next stop. Students came away with souvenirs as well as an increased knowledge of the famed blind writer.

Other groups touring Florence included all third graders, Mrs. Barbara Moore, Mrs. Eva Bostick, and Mrs. Shirley Harrison. These students also visited the planetarium and observatory on UNA Campus. In the afternoon they toured Wilson Dam and watched a film on the history of the T.V.A. project.

Mr. Gary Deaton's 9th grade science students enjoyed the same tour as the third graders. The trip was structured on 9th grade level. The students surprisingly saw a barge unable to pass through the dam locks.

Home Economics students enjoyed a long day's trip to Columbus to the pilgrimage and to Starkville M.S.U. Campus to visit cheese processing and the enology or fermentation departments.

Mrs. Lucretia Alexander accompanied her business education department. Also, these students enjoyed field trips to Hi-Lo, Inc., of Belmont, where Mr. Hollis Sparks and employees had a most hospitable and well planned tour for the group.

Resource speakers included Dr. Robert Head, Entomology Specialist, who spoke to Mr. Joe Chumbley and Steve Cain's students.

Mr. Davis Rushing visited the home economics department and talked to the girls about loans, interest rates and specifications.

Sixth graders were told about crop dusting by air by Mr. J. D. Lowery.

Plans this week include a visit by Mr. Bill McMullen, from Corinth Regional Library, to present a program to grades 1-6 on the importance of reading.

BURNSVILLE: Students in Mrs. Carson's Home Economics classes enjoyed a trip, also, to Columbus to see the antebellum homes. Mr. Larry Green, Guidance Counselor, and Mr. Cleston Scruggs, Career Coordinator, accompanied the group.

IN RECOGNITION — Two fine young adults were recognized on April 10th for thirteen years of faithful attendance at the Iuka United Methodist Church. Cliff and Nancy Wade, brother and sister, have not missed Sunday School and have been awarded attendance pins, which reflect their faith and loyalty to God and His Church. We congratulate Cliff and Nancy and commend their mother and grandparents for teaching that which is most important in life. Cliff is a student at Northeast Junior College and Nancy is a senior at Iuka High.

The Lucy Rowe Study Club Invites You To The Iuka Library

Libraries are something else! Too often people do not realize the value of libraries in today's society. But libraries render services that are of tremendous value to the public.

By using the library, millions of people have improved themselves. This vast storehouse of information has opened many doors for people.

And the library has provided much in the form of entertainment!

offer. National Library Week, April 17 - 23, is the perfect time to become acquainted with your local library.

The Lucy Rowe Study Club invites everyone to drop by the library and browse for a while. You'll be surprised by the variety of things that you find. There's something there for

every person! Libraries are something else. Use 'em!
