Federal Judge Rules In **Favor Of Waterway**

Lieut. Gen. John W. Morris, Chief of Engineers, said today "The Corps is pleased that the District Court for Northern Mississippiissued a ruling in our favor on the question of whether the Tennessee - Tombigbee Waterway as it is being constructed is properly authorized.

"While there are other parts of the plaintiff's suit, we hope that they also will be resolved quickly in favor of the Government. We feel that the proper steps have been taken in planning for the project and its construction."

Col. Charlie L. Blalock, Chief of the Corps Mobile

very pleased that Judge William Keady had dismissed a legal challenge brought by the L & N Railway and environmental groups questioning the Corps authority to build the waterway according to the current design. He said he was waiting for a copy of the ruling to see on what grounds the judge based his decision. The question of authority

was one of a number of points contained in the suit which was filed in 1976 and was the subject of a hearing before Judge Keady this January. The plaintiffs had maintained, among other

only ahthorized for a 170foot width. Blalock also said he hop-

ed a number of additional issues in the suit other than the authorization issue could be resolved quickly in the Corps favor and there would be no disruption in work on the waterway which is about 30% complete.

He noted that Judge Keady had stated in his opinion that the plaintiffs could appeal his ruling to the Fifth Circuit Court of Appeals in New Orleans.

Construction began on the waterway in 1972 and the cost to date has been \$485.8 million. Total estimated cost for completion in 1972 by environmentalists but it was decided in favor of the government. The waterway will extend 232 miles from the confluence of the Warrior and Tombigbee Rivers at Demopolis, Ala, to the Pick-

Whitten Announces Grants **For Two County Facilities**

A \$70,000 federal grant has been approved for the renovation of the Tishomingo State Park swimming pool facilities, Congressman Jamie L. Whitten was advised today.

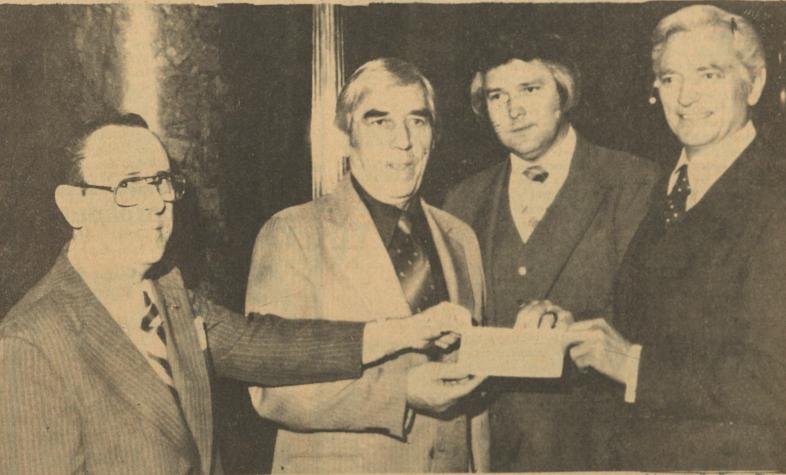

The Heritage Conservation and Recreation Service grant, which will be match-

ed by \$70,000 in State funds, will go toward renovating the pool and bath house as well as the installation of lights and landscaping.

A \$19,200, federal grant has been approved to aid in the development of the Yellow Creek State Inland Port

Authority, Congressman Jamie Whitten announced today.

The Economic Development Administration funds, which will be matched by \$4,800 from the state will be used to build an access road to the Industrial Park, north of luka.

amounting to Funds \$40,000 were appropriated by the Mississippi Legislature for the upgrading of the Mississippi Stone In-

dustrial Road in Tishomingo County. The funds will be matched by Federal Economic Development Administration (EDA) 304 funds.

Earlier this year the EDA announced its approval of a \$160,000 grant to the Tishomingo County Board of Supervisors for the im-

provement of the Midway-Alabama Road.

Accepting a check for \$49,000 from Governor Cliff Finch are, left to right: Senator Cecil Sumners, of

Miss Nellie Horton's HOME **ECONOMIST'S** 出 NOTES

\$AVENERGY AUDITS AVAILABLE State energy officials have introduced a not-so-secret weapon for Mississippians to use in the battle with rising energy costs.

The "weapon" is an important part of the \$avEnergy - Save Dollars campaign announced recently by Governor Cliff Finch and his energy professionals. It is The \$avEnergy - Save Dollars Home Energy Audit.

The audit, a 20-question form that asks basic questions about home design, maintenance, and energy use, aims to provide homeowners with practical information about how to spend less for energy, and how to get more for each energy dollar.

Audit forms will be available through County Extension Service offices, and at

locations chosen by County Energy Committees in each county. Here is how the "weapon" works. When the homeowner has filled in answers to all the questions, he or she mails the form, plus \$1

acre or a mixture of 2,4-D plus dicamba at the rate of " one-eight pound of dicamba and one-fourth pound of

for processing and postage, to the Mississippi Energy Extension Center (MEEC). The MEEC forwards the audit form to the University of Southern Mississippi, where a specially-programmed computer reads the responses and prints out a list of recommendations that will help the homeowner

make his or her house more energy-efficient. Depending on the number

processing, the homeowner MS 38852. will receive this computer-

The \$avEnergy program is sponsored by the Mississippi Fuel and Energy Management Commission, the as adding insulation, storm Mississippi Cooperative Extension Service, and the Mississippi Energy Extension Center. It is part of the State Energy Conservation Plan, funded by the U. S. Department of Energy.

1979 PEANUT PRICE SUPPORT LEVELS SET: Farmers participating in the 1979 peanut program will receive a support price of \$420 per ton for quota peanuts, the same as last year, and \$300 per ton for additional peanuts, \$50 per ton more than in 1978. "In establishing the support levels consideration is given to the demand for peanut oil and peanut meal, expected prices of other vegetable oils and protein meals, and the export demand," Elmer A. South, Chairperson of the Tishomingo County ASCS Committee, said. Under the program, each farm is assigned an acreage allotment and a poundage quota, and only peanuts grown on alloted acreage are eligible for price support. Quota peanuts are those grown within the poundage quota established for the farm for the 1979 marketing year. Additional peanuts for the 1979 marketing year are those sold from the farm which are in excess of the quota peanuts. The ASC official said five Tishomingo County farmers currently participate in the peanut price support program. For more information on the support le-

32 THOUSAND ACRES OF MISSISSIPPI FARM-LAND PURCHASED BY FOREIGNERS: Foreigners bought 32 thousand acres of Mississippi farmland between January 1977 and June 1978, according to a survey released by the U. S. Senate Committee on Agriculture, Forestry and Nutrition. This land, as well as all other farmland owned by foreign interests must be registered, stated Elmer A. South, Chairperson of Tishomingo County ASCS committee. Local ASCS offices have the necessary papers for re-

gistering foreign owned farmland. "Foreigners who owned or had at least a five percent interest in farmland on February 1, 1979, must report ownership to us by August 1, 1979," South said. Those acquiring land after Feb. 1, 1979, must report it within 90 days. The ASCS official said farmland purchased by foreigners was identified by the survey in every state except eight. The study disclosed that 826, -543 acres of U. S. farmland was purchased by foreign investors, with heaviest activity in the South and Southeast. The five states with the most acreage bought by foreigners were Oregon, 129,700; Texas, 93,200; Georgia, 57,900; Louisiana, 54,300; and Arkansas, 42,900. A single purchase in Oregon involved more than 125,000 acres. Texas, Louisiana, Arkansas, Florida, Mississippi, Georgia and South Carolina accounted for 42 percent of the acreage purchased, and 20 states accounted for almost 90 percent of the total.

COUNTY AGENT'SNOTES

By Percie B. Stricklen

STOP WEEDS IN GRAIN:, FERTILIZING SHRUBS:

For best early spring and summer growth, apply complete fertilizer such as 8-8-8 or 9-12-12 to ornamental shrubs and ground covers. Fertilize in March as root activity begins and new top growth emerges for best results. Spread the fertilizer evenly throughout the planting bed at the rate of 3 pounds per 100 square feet (10' x 10' area). Be vels, contact the local especially careful around ASCS office. azaleas. camellias, hollies and other shallow rooted shrubs which have sensitive root systems. To avoid root burn, never use more than the recommended rate of fertilizer. Heavy mulching of planting areas in the fall and winter also help prevent fertilizer rootburn. After you fertilize the shrubs, be sure to water the plants thoroughly to dissolve and wash in the fer-

Unless we control the government's financial affairs, our entire democratic system will be endangered. Therefore, I am urging adoption of a constitutional amendment which would require a balanced federal budget. A reasonable and workable limitation is the only way to help elected officials withstand the great pressures for more programs at higher costs. Of course, we would include an escape clause which would allow the requirement for a balanced budget to be waived and set-aside by a three-fourths vote of all members of each House in the case of a grave national emergency such as a war or a serious depression.

John C. Stennis

REPORT TO MISSISSIPPIANS

Many voters and special interest groups are now supporting many costly government programs which have some very good points. Since last October, I have been urged by various individuals and groups to vote for at least \$100 billion appropriations or extended programs above the proposed budget. It is often politically difficult for many members to vote against these appropriations when they come up on the floor, even though it is obvious that their approval would add to our national debt and worsen inflation. The emphasis is always placed on the benefits of increased appropriations, rather than on the harm of overspending.

For this reason, in addition to others, I introduced a resolution earlier this year calling for a constitutional amendment which would require the federal government to operate on a pay-as-you-go basis. Under my proposal, a surtax would be levied automatically at the end of each year on all individual and corporate income to cover governmental expenses over and above the amount taken in during that year. Elected officials would know that if they vote to increase appropriations over the amount to be taken in, they would at the same time be voting to increase taxes. Thus when the added tax is levied, the taxpayers could readily see who imposed it on them. This amendment would require the Congress to set real priorities and determine which programs are to be preferred or deemed the most essential.

It is clear that the executive and legislative branches, acting in a permissive legislative situation without constitutional compulsion or restriction, have utterly failed to bring federal spending under control. The estimated national debt at the end of fiscal year 1980 will be \$898 billion, \$516 billion more than it was in 1970. The estimated interest on the national debt for fiscal year 1980 is \$57 billion, which is more than the entire federal budget for fiscal year 1951.

The political pressure of special interest groups will not only continue but will increase. I actually believe that if we continue the present course, our system of a freely elected legislature will be endangered. We must not let this happen. Before it is too late, we must put restraints into the Constitution in the form of a ceiling on the power to overspend.

One of the greatest benefits of the elimination of federal deficits and the reduction in federal spending will be a reduction in the inflation rate. This is something that must be accomplished if this nation is to continue to exist in the form we know it now. I shall continue to press for this amendment and shall support it or a similar one to the end. Our finances must be kept in shape if we are to escape the curse of national bankruptcy.

Money, Money, Money!

Home building is expensive! That's why it pays to look for the best construction methods. At Benson Builders we use new super sealing and insulating techniques such as: double panel windows, magnetic weatherstripping on doors, fiberglass insulation in walls, and the ceiling insulation is R-39. This means savings on utility bills. We also feature garbage disposals, dishwashers, fireplaces, enclosed garages, and wall to wall carpet as standards in our homes. We also pay all closing costs on your loan except insurance and attorney fees. We honestly don't think you can find a better bargain. Compare prices and quality. We believe you'll come to Benson Builders.

Retired Teachers Meeting

The Tishomingo County Retired Teachers held their regular quarterly meeting on March 9, at the Tishomingo Baptist Pastorium. The session began with a bountiful luncheon served by the ladies. Grace was given by Mrs. Lois Bostick, act-

ive member of the group. At 1:00 the business meeting began with Mrs. Artie Timbes, president, presiding. L. D. Edwards gave a devotional reading and pray-

Mrs. Timbes stressed the importance of preparing for the coming months. The following were appointed by her to work for the next two years: Legislative Com-L. D. Edwards, mittee,

Glenn Williams and M. L. Hatcher; Program Committee, Glenn Williams, Rivers Hester, Lois Bostick, Effie Greene, and Arah Ivy; Publicity Committee, Eva Burns, Lalla Byram, and Thelma Gray.

During the round-table discussion Mrs. Timbes presented the group a list of things that should concern all in 1979. They were as follows: drug laws and abuses, tax relief, health aid services, and retirement laws. She also read a timely little poem entitled "Keep a Going". She stressed belonging to retired organizations increases one's influence in today's world.

The meeting adjourned with prayer by Bonnie Mae Warren.

Scotty Pruitt and Ann Lou Cox, Dana's great-grandmother. Refreshments of Coke, ice cream, potato chips and Kool-Aid were served. Everyone wished Dana a happy birthday and she received money, clothes and other useful gifts.

April Weather

Normal temperatures and above normal rainfall will characterize Mississippi weather through mid-April, even though a warm, dry period is expected in mid-March.

Late March and the first part of April may be cool and wet, according to the National Weather Service outlook distributed by the Mississippi Cooperative Extension Service.

The average date of the last spring freeze occurs in the central and northern counties by the end of March. Cooler than normal weather in early April suggests a late freeze may occur in THURSDAY, MARCH 22, 1979 PAGE 9

OBITUARIES

The church is located on Eastport Street next-door to the Iuka Methodist Church and across the street from the Juka Guaranty Bank

grandchildren and eight great grandchildren.

Mrs. Nanci Kathryn Turner

Nanci Kathryn Turner, 40, of Iuka, died Saturday, March 17, at Tishomingo County Hospital following a long illness.

Mrs. Turner, wife of William E. (Bill) Turner, formerly of Memphis, had made her home at Eastport Beach since 1973. She was of the Catholic Faith.

Services were conducted Sunday at 3:00 p.m. at Cutshall Funeral Home Chapel. Rev. Kenneth Stoll, S.C.J., officiated, with scriptural reading by Bro. D, W. Jones at graveside. Burial was at Eastport Cemetery.

Survivors, other than her husband, include a daughter, Mrs. Judy Witt, of luka; her mother, Mrs. Helen Van Hoozer, of Corinth; a granddaughter, Nanci-Dawn Witt, of Iuka; and two brothers, Steward Van Hoozer, of Corinth, and F. M. Van-Hoozer, of Harker Heights, Texas.

Pallbearers were Joe Hussey, Ernest Bullard, Dan Owens, John Mason, Joe Stewart, Earl Heavener and Bro. D. W. Jones.

resident of Tishomingo County and a Baptist. Services were held Sunday at the Paden Baptist Church with burial in the Tishomingo Cemetery. Rev. Pat Howard and Rev. Jerry George officiated with E. E. Salts and Son Funeral Home

in charge. Survivors include two daughters, Mrs. Martha Faye Taylor, of Oxford, Ala., Mrs. Patricia Ann Young, of Tishomingo; a son, William Roy Crow, of Belmont; and seven grandchildren.

Pony Bullard

Pony Bullard, 79, died Thursday, March 15, at the Tishomingo County Hospital in Iuka. A retired farmer, he was

a Mason and affiliated with the Pentecostal Church. Services were held at 2

p.m. Friday at Patrick Methodist Church with the Rev. Lee Robinson officiating. Survivors include his wife, Mrs. Edith Bullard, of Burnsville; two daughters,

Moise Johnson and Mrs.

Louise Dotson, both of

Burnsville; two sons, Pony

Edward and Tommy Bul-

Mrs. Crow was a lifelong **The Bible Speaks**

> AN OPEN LETTER TO ALL PARENTS

(John 8:32) "Ye shall know the truth and the truth shall make you free."

Three months ago I sat in a courtroom and heard a judge say: "Twenty years." He was pronouncing sentence on my 21 year old son. This was his punishment for drinking, gambling, and robbery, which ended in the shooting and near death of a man. The sentence might have been less, but my son had a defiant attitude through the whole trial. He ridiculed every peace offi-

cer that spoke. But the came when the judge asked, "Do you believe in God?" He laughed aloud as he

said: "God! Who's that?" Every eye in the courtroom turned and looked at me. I I was small and had learned about God. After I married,

peted on Sunday afternoon, so I couldn't go to church and still get ready in time to take my place on the team, and sports were so much fun. If only I had those years to live over again.

Night after night I have walked the floor with the words, "God, who's that?" in my ears. When I think of the wasted years instead of meeting God at the appointed place, I am sick with shame. I'm trying to make restitution by urging other people to go.

So many people say they don't believe in making a child go to church if he doesn't want to go, but how many would go to school if they were not made to go? Ask any child that question.

foreman for Paradise Steam Plant (Kentucky), Land Between the Lakes, and Sequoyah Nuclear Plant. Before coming to Yellow Creek, Hayes was at Watts because of his colorful red Bar Nuclear Plant for four

years, where he was general equipment foreman and later promoted to assistant construction superintendent.

A native of Margerum,

Hayes' work experience

"There are a lot of good people in this area," noted Hayes, "but there are many persons not familiar with heavy construction. However, people are willing to work.'

Concerning construction at Yellow Creek, he said, "I think we've made more progress here, so far, than any job I've been on."

Hayes is responsible for the supervision of all shift supervisors, craft superintendents, and craft general foremen. His duties include the outline of programs, the determination of methods of accomplishment and the sizes of forces, and estimates of equipment requirements. Hayes is also in charge of grading, dredg-

ing, earth excavation, backworked 31 years inter- filling, and other pieces of mittently for TVA. He start- operating equipment. "By placing equipment where it can be utilized best is a priority," commented Hayes. "We try to work in the highest priority places most of the time."

A problem on this type project is furisdiction decisions, according to Hayes. "Certain crafts are not aleers' union for 37 years. lowed to do certain jobs that infringe on territorial rights of the other trades, and sometimes there is a fine line between job responsibilities," Hayes remarked. He added that the construction superintendent makes final decisions on these cases.

"I've worked many different contractor jobs after starting with TVA, but I always come back to TVA Construction," concluded Hayes. "It is really in my blood."

Letter To The Editor Dear Editor:

According to an article in your newspaper recently, the Tishomingo County Electric Power Association has 13 directors, each receiving \$100.00 per month. This costs the association \$15,600 per year. In light of the high power bills paid by the members of the association this winter, would it not be in the best interest of the members of Tishomingo County Electric Power Association to try to reduce this cost? Are 13 directors really necessary? Alcorn and Prentiss County Power Associations have 5 directors each.

When we went to vote for the directors in 1978, we could only vote once, even if we did have 2 meters. This change in the by-laws to a one-man, one-vote rule did not change the running and voting at large rule; this is discriminating against the minority race.

We are now electing 3 or

4 directors every year. I would like to suggest that the directors change the bylaws in 1979 to reduce the number of directors from 13 to 5. Each director would run within his supervisor's district and each member would vote in his supervisor's district. Members in adjoining counties would run and vote in the district nearest to their membership. This would save the association \$9,600 per year in director's salaries.

Sincerely yours, FRANK JIMMAR Burnsville

Club Met The Burnsville Home-

makers Club met Wednesday, March 14, in the home of Mrs. Ruby Adams on Hwy. 72 East. The president, Mrs. Eleanor Richardson, presided over the meeting. She read the thought for the month: One half of the world could live on what the other half wastes. The group other half wastes. The group sang "My Country 'Tis of Thee". Mrs. llene Graham gave the devotional. Her subject was "Christ is Coming." Mrs. Richardson worded the

prayer. The roll was called and minutes read by the secretary, Mrs. Thelma Gray. The county dress revue, which is always held in May, was mentioned.

The focus topic on home furnishings was given by Mrs. Ruby Adams. The demonstration on "Spring and Summer Fashions" was given by Mrs. Mary Williams. Mrs. Richardson won the prize in recreation. Mrs. Thelma Gray won the door prize.

Delicious refreshments were served by the hostess to those mentioned above and to Mrs. Ann Strickland, Mrs. Dorothy Strickland, and Mrs. Margie Williams, and one visitor, little Miss Skinner, granddaughter of Ilene Graham, of Whitehaven.

The April meeting will be with Mrs. Ilene Graham.

TANY A BROOKE SWANSON celebraus her second birthday on March 23rd. She is the daughter of Dr. and Mrs. Rodger Swanson and has two brothers, David and Rod.

Dennis Club Met

The Dennis Homemakers Club met March 13 in the home of Ruby Sartain for their regular monthly meeting.

Dot Sartain called the meeting to order with the thought of the month - "One half of the world could live on what the other half wastes."

The song, "Victory in Jesus" was sung by the group, led by Vera Young. Velma Young gave a devotional on asking God for help, and prayer.

Minutes were read from the February meeting by the secretary.

During the business session, club goals were checked. Club members are getting ready for the county dress revue in early May. Project of the month send check to County Heart Fund.

Jettie Boggs gave focus topic on Home Furnishings. How you feel about your home greatly influences your design and furnishing decisions. Each stage of the life cycle brings different interior designs and challenges.

Wynna Byram and Mildred Culp had a demonstration on Fashion Spring and Summer 1979. Spring is a time for new fashion that takes you through this season and into the next. Select the style you fancy and make it individually you.

There were 16 members present and five guests -Karen Oswalt, Shelia Stephens, Lillian George, Don-

Q. What's coming out of the West? A. A coal-bearing pipeline.

Coal. Enough to fill 2,500 railroad trains, each one mile long, running all year round. Enough to make a substantial contribution to the boiler fuel needed by electric power plants in the Mid-South area.

Line II:

Coal ground to a powder and mixed with water is coal slurry. It can be pumped through pipelines great distances, safely, quietly, economically, like the 1,400 miles from the Powder River Basin, Wyoming, to South Louisiana. Along the way this low-sulphur, low pollutant coal can be extracted for power plant use, the

water reclaimed for use at the customer's facilities.

It's a dramatic project by the parent company of United Gas Pipe Line Company and three other partners. And it's important because it's the most economic way to get lowpollutant coal to the Gulf South.

The United States has enough coal for two centuries.

That's what makes this project really important

... where the search for new energy never stops.

and war Ball of the

The library has magazines, telephone directories of major cities, recordings, art work for loan,

For several years the luka Public Library has played host to an art exhibit during National Library Week, and this year is no exception. April 1 through April 7 is National Library Week and once again local artist, Lila Ham, and her students will exhibit their latest paintings at the luka Public Library.

This annual event has become one of the highlights of the library year and draws art lovers from far and near.

Anne Byrd, Iuka Librarian, and Nellie Horton, Chairman of National Library Week, join Lila in inviting other area artists to participate in this exhibit. Anyone wishing to show their art during this exhibit should call the Iuka Public Library no later than March 29 for details.

conventional print, and a copy machine. So try your local library -- it might be the answer to your own success story!"

National Library Week is not far off and local artists are urged to get their paintings ready for display the week of April 1-7. A complete schedule of activities for the week will be published in next week's paper.

OVERDUE BOOKS

Board recently passed a rule to increase the fine for overdue children's books. Instead of 3¢ a day for children's books, all overdue books after April 1st will be 5¢ a day except for paperback books. The fine for paperbacks remains 1¢ a day for each overdue book. Please help the library keep their records up-to-date by getting your books in on time or calling to have them renewed before the due date.

THE BOARD OF SUPERVISORS TISHOMINGO COUNTY, MISSISSIPPI

We have reviewed the internal accounting control procedures, including the accounting records and supporting documentation, of the Purchase Clerk of Tishomingo County, Mississippi that we considered relevant to the criteria established by House Bill Number 975, Laws of 1974 and House Bill Number 670, Laws of 1975 of the Mississippi Legislature. Our review included tests of compliance with such procedures during the period from October 1, 1977 through September 30, 1978.

The objective of internal accounting control is to provide reasonable, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgments by responsible officials.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness, or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally by individuals. Further, projection of any evaluation of internal control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions, and that the degree of compliance with the procedures may de teriorate.

We understand that procedures in conformity with the criteria referred to in the first paragraph of this report are considered by the Board of Supervisors to be adequate for its purpose in accordance with the provisions of House Bill Number 975, Laws of 1974 and House Bill Number 670, Laws of 1975, and that procedures not in conformity therewith indicate indequacy for such purposes. Based on this understanding and on our review, in our opinion the purchasing records and internal accounting control pro cedures of the Purchase Clerk of Tishomingo County Mississippi during the period October 1, 1977 through September 30, 1978 were adequate for the purpose of the Board of Supervisors and were in compliance in all material respects with the requirements of House Bill 975, Laws of 1974 and House Bill 670, Laws of 1975.

folk to raise all of the gardens and truck patches they could possibly use and to preserve that food. He said many items would not be on the grocery shelves and others would be too high in price to buy.

Greyhound Bus Lines offered some "sound tips on war time trips." Their schedule included round trips from luka to Paducah, Ky. \$5.10; to Memphis \$3.10; to Dallas, Texas \$17.95; and to Chicago, Ill. \$15.60.

The Majestic The fre in Iuka had movies Monday thru Saturday with such stars as Tyronne rower, Betty Grable, Ian Hunter and Jeanette McDonald. (Oh, do you remember these!) Also, on Wednesday and Thursday a news reel was featured.

Grocery specials for those days included: Flour, 24 lbs., \$1.09; Evaporated Milk, 6 small cans or 3 large, 25¢; Crackers, 2 lb. box, 18¢; Oil paper, 125 ft. 15¢; Lettuce, Head, 10¢; Bananas, 2 lbs., 15¢; Bananas, 2 lbs., 15¢; Pork Sausage, lb., 27¢; Coffee, 1 lb., 22¢; Cocoa, 2 lb. box, 17¢.

(Before we carelessly wish for the return of such prices, let us remember the wages for this period along with the conditions which surrounded our lives.)

A quote from this bygone edition: "It is one of the beautiful compensations of life that no man can sincerely try to help another without helping himself."

Local Man Enjoys Wood Carving

Hobby At His Home

strated this by making and giving away about 16 walking sticks.

A closer look around the shop turns up many interesting things that Mr. Deaton has made from wood: kerosene lamp holders, paper towel holders, sewing chest, little brown jug, oxen and wagons and logs, baby bed, jewelry box, fruit or flower bowls and pencil holders were a few. One of the most interesting items

was a checker board. One

could visualize many cozy

winter evenings or many

balmy spring afternoons

sented April 5-7. Curtain time is 8 p.m. For more information, contact the Department of Speech at 728-7751, extension 248.

There's more than one way to break your heart

Love isn't the only way to "break" your heart. Several factors contribute to an increased risk of heart attack. Some factors, such as age, race, sex and heredity, cannot be changed. Other risk factors can be reduced by you or by treatment from your doctor

Cigarette Smoking

Cigarette smokers who smoke more than one pack a day run up to twice the risk of heart attack as those who don't smoke. The death rate from cardiovascular disease of cigarette smokers who stop is nearly as low as that of people who never started smoking. Exercise

Some studies show that those who lead sedentary lives run a higher risk of heart attack than those who get regular exercise. Regular exercise also has been identified as a factor in recovery from heart attack. Exercises, such as running, swimming, walking briskly, bicycling and active sports challenge the circulatory system. Exercises like these promote "cardiovascular fitness.

High Blood Pressure

High blood pressure, a major factor in stroke and heart attack, presents no characteristic symptoms and must be diagnosed and treated by a physician. Nearly 34 million American adults have high blood pressure. Black Americans are nearly 50 percent more likely than white Americans to have high blood pressure.

The disease usually can be controlled with drug therapy and some simple diet changes

Overweight

Life expectancy may be shorter for people who are markedly over their ideal weight. Your doctor can tell you the ideal weight range for your height and build. If you are overweight, your doctor can prescribe a well-balanced diet to help bring your weight within range

Saturated Fats and Cholesterol

ou may increase your risk of heart attack by eating a daily diet high in saturated fats and cholesterol. Some meats, dairy foods and cooking oils are high in saturated fats; egg yolks, shrimp and organ meats are high in cholesterol. Have frequent meals of fish, poultry and yeal. Choose lean cuts of beef, lamb or pork. Cook with liquid vegetable oils and polyunsaturated shortenings, use skimmed milk and skimmed milk products and eat a limited number of eggs.

ing surgery at Tishomingo County Hospital.

Mr. and Mrs. Edward Arnold and children spent Sunday with the Bill Smith family near Bolivar, Tenn.

Mr. and Mrs. Hershell Cresap, of Sardis, Miss., visited with his mother, Mrs. C. S. Cresap, on Sunday.

Carl Blackard, of Arkansas, visited with his aunts, Misses Effie and Jessie Grisham, over the weekend.

Mr. and Mrs. Edmond Puckett and Mike visited with their daughter, Mrs. Terry Stephens, and Mr. Stephens a few days last week.

Lora Morris, Beth Wallace and Lori Bozeman have spent several days with Mr. and Mrs. Hershell Robertson.

Mr. and Mrs. Dennis Smith, of Birmingham, Ala., visited with parents, Mr. and Mrs. Alfred Bonds and Mrs. Frank Smith, over the weekend.

Mr. Alfred Bonds and Mr. and Mrs. Dennis Smith were in Jackson, Tenn. on Saturday. They went especially to see the new grandson of Mr. and Mrs. Bonds.

The fluffy, gray clouds hung low, the soft spring breezes blew gently and the tools of W. N. Deaton (Bill) hummed on a lazy afternoon. The smell of cedar shavings filled the air with its clean aroma and bits of sawdust flew from the whirling table leg that spun around on the wood lathe.

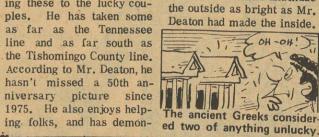

Mr. Deaton can usually be found in his woodshop. He began this about ten years ago as a hobby and as a diversion from the painful arthritis that tried to claim his limbs. Over the years Mr. Deaton has made a practice of making picture

niversary pictures that appear in the Tishomingo County News and delivering these to the lucky couples. He has taken some as far as the Tennessee line and as far south as the Tishomingo County line. According to Mr. Deaton, he hasn't missed a 50th anniversary picture since 1975. He also enjoys help-

spent at sharpening the checker playing ability. This unusual board could double as a decorative table. No paint has been used on it, the squares were made from red and white cedar in small blocks and glued together. Mr. Deaton states that he uses no patterns, just his imagination. He refers to his shop as "his doctor" thus proving the theory that "busy hands are happy hands." As Mr. Deaton lovingly picked up and talked about each of his creations, the sun peeked from beneath a cloud with a smile and made

ACCIDENTS

The spine is a mighty shock absorber within the body; and it is the structure which protects the spinal cord, the lifeline of the body's nervous system.

Sudden impacts of falls, colisions or 'whiplash' which are too heavy for the spine to withstand, car result in painful and often crippling injuries.

The spine is composed of 24 vertebrae separated by discs. The spinal column contains the spinal cord, consisting of millions of nerves which carry vital nerve energy to all parts of the body.

A 'slipped' disc or a displaced vertebra in any part of the spine can cause nerve impingement, or pinched nerves. Such obstruction can slow down the powerful nerve energy to one or more organs, causing malfunction and distress to that particular part of the body.

Scientific adjustment at the hands of a competent, skillful, chiropractor can correct the slipped disc or the displacement, bring prompt relief and eliminate the possibility of future distressing effects. After any fall or accident, the best thing to do is see a chiroprac tor for a scientific spinal examination.

Presented in public interest for better health by the Mississippi Society of Chiropractors, District 1.

which the club had participated. The club was selected for this interview on the basis of their outstanding Record Book. afternoon.

Mr. Billy Rainey was also present and shared some ideas on future activities with the club. The upcoming county contests were discussed. Members who may represent the club at the county Rifle Match are, in the junior division, Benji Luttrell and Jeff Helton. In the senior division, Mary Ann Aldridge, Junior Mc-Kee, James Crowell and Louise McKee. The divisions are limited to three each.

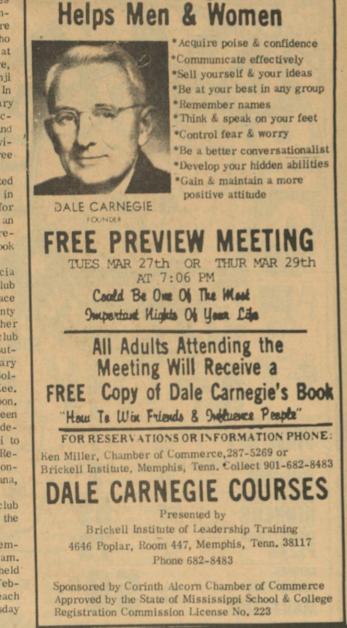

Work is being started on the record books due in April. It is planned for each member to fill out an individual member's record. The club record book will also be turned in. On February 26, Patricia

Bolton represented the club well as she won first place in Division III of the County 4-H Spelling Bee. Other contestants from the club were Jeff Helton, Benji Luttrell, Ronnie Ryan, Mary Ann Aldridge, Janice Bolton, and Louise McKee. Each received a blue ribbon. Louise McKee has been selected as a returnee delegate from Mississippi to attend the 4-H Regional Resource Development Conference held at Fontana, N.C. June 4-8.

On March 26, the club will be in charge of the program at the Midway RCDC meeting. Each mem-

ber will be on the program. Two meetings were held in January and two in February. The club meets each second and fourth Thursday THURSDAY, MARCH 22, 1979 PAGE 17

around," ACHS diamond mentor Leo Choate said. "We had a lot of young kids playing but after the first inning we played pretty good defense."

Choate also felt the minitourney was a success for his club. "I feel like we got a lot of things out that we couldn't have gotten playing every other day." Iuka will play Ripley on Friday afternoon and Tishomingo on Saturday afternoon. Both games will be played on the luka field.
