## ASCS To Conduct 1980 Beef Referendum In County

### 1980 BEEF REFERENDUM

It has been announced there will be a beef referendum in 1980. The Tishomingo County ASCS Office will conduct the referendum in Tishomingo County. This applies to dairymen and beef producers. Registration will be in person or by mail from January 28 through February 19, 1980. The referendum will be to determine whether producers favor a Beef Research and Information Order. The voting period will be February 19 through February 22, 1980. The representative period is January 1 through December 31, 1979. If you have any questions about this beef referendum, please call 423-3336 or stop by the county office.

### FARMERS URGED TO PLANT THE BEEF — AND SAVE THE REST

There will be no set aside or diversion program next year for cotton, wheat, or feed grains, according to recent announcements by the Secretary of Agriculture, Bob Bergland. This means that farmers will not be required to leave acreages of farmland idle in order to be eligible for price support and other program benefits. Elmer (Booster) South, Chairperson of the Tishomingo County ASC Committee, said this is good news to many farmers who can now plan their 1980 plantings without any acreage restrictions.

South went on to say that Secretary Bergland and other national leaders have expressed strong concern that farmers not remove "fragile or marginal lands" from conservation as a result of this decision. Accordingly, the Secretary is encouraging all farmers to "plant the best -- and save the rest."

Here in Tishomingo County, many acres have been put into conservation uses. This has been done at great expense to individual farmers and in many instances with assistance from the Agricultural Stabilization and Conservation Service and other agencies.

Six years ago "under full production" 9 million hard-to-plant acres were plowed up in this nation. As a result, farmers lost an extra 60 million tons of soil from these acres. Many farmers are still trying to cope with the washouts and erosion problems which were caused by putting "fragile lands" into crop uses. For these reasons, the Tishomingo County ASC Committee joins with Secretary Bergland in strongly encouraging farmers of Tishomingo County to plant only those acreages which are best suited for crops. Let's not plow up the conservation practices which have been established on the deeper or marginal lands.

### CENSUS BUREAU SURVEY OF FARM ENERGY TO BE TAKEN IN JANUARY

Report forms for a farm energy survey to provide current data on agricultural energy consumption and needs will be mailed to farmers and ranchers early in January by the Bureau of the Census, U. S. Department of Commerce.

The survey is a follow-on part of the 1978 Census of Agriculture conducted earlier this year. A sample of 30,000

farm operators was drawn from the nationwide census mail list for the survey.

Data on gasoline, diesel oil, electricity and other energy consumption by farmers will be collected. The survey is being conducted at the request of the U. S. Department of Agriculture and Energy. Census Bureau officials say the information requested by the Departments of Energy and Agriculture will provide the basis for timely and adequate distribution of fuel to farmers. Data for 1979 derived from the survey will be published for use by farmer and business organizations, the Congress, and Federal and State agencies.

Survey questions also will be asked on energy conservation practices and expenditures, fuel sources, crop drying and curing facilities, farm building heating, air conditioning and water heating, acreage owned or

leased, crops produced and sold, and sales of livestock, poultry and their products. The data will be published in early 1981, as part of Volume 5, Special Reports of the 1978 Census of Agriculture.

Response to the survey form is mandatory, however, officials stress that the same law requires that individual reports be kept confidential and that only statistical totals be released for publication.

Census Bureau officials urge a speedy response requesting that the forms be returned within 20 days from receipt noting this will facilitate early publication of data and avoid the expense of additional requests. They note that, if book figures are not available, best estimates will be accepted.

We at the Tishomingo County ASCS Office, Henry, Willadeen, Frank and Carolyn, wish each of you a Happy and Prosperous New Year.

## Tax Credit For WIN Employers

Mr. Charles Smith, Manager of the Corinth Area Mississippi State Employment Service, announced that tax credits are available to employers who hire new employees through the Work Incentive (WIN) Program or other AFDC (Aide to Families With Dependent Children) recipients. Employers may claim 50 percent of the first \$6,000.00 in wages paid to eligible employees during the first year of employment and 25 percent of the first \$6,000.00 during the second year. Smith noted that eligible employees must be retained on the job for 30 days and that tax credits in excess of the total tax liability can be carried back three years and forward seven years.

Eligible employees for the program are Welfare clients who are registered with the Work Incentive (WIN) Program, or recipients of AFDC (Welfare) who have continuously received AFDC benefits for 90 days prior to having been hired. Smith stated that employers interested in the program should contact the nearest office of the Mississippi State Job Service. In

## 3 Die In Crashes

The Mississippi Highway Patrol said Tuesday at least three persons have died in accidents during the long New Year's holiday weekend.

Thomas Richardson, 35, of Miami, Fla., died Tuesday from injuries he received in an accident in Kemper County on Friday night. Authorities said Richardson was hurt in the one-car accident on Mississippi 16 about one mile west of Scooba.

A pedestrian, 41-year-old Amose McCamurty, of Chicago, was struck by a car Friday night on U. S. 61 about four miles south of Tunica.

A Michigan man, William C. Huskins, 71, was killed Friday in a two-car crash on U. S. 49 near Gulfport. Two others were injured.

The UPI New Year's weekend accident death count began at 6 p.m. Friday and ended at midnight Tuesday.

## Peace

It's wonderful! Let's work for more of it. Lots more. This year.

### HAPPY NEW YEAR, EVERYONE!!

In a special way, known only to seven month old little people, Leah Kathryn Bates, daughter of Mr. and Mrs. James Bates, celebrates the coming of the New Year. Leah Kathryn's Dad is an employee of Conalco, Inc., and her Mom teaches English at the Iuka High School. Grandparents are: Mr. and Mrs. Charles Lewis and Mr. and Mrs. Charles Bates, all of Iuka. Great-grandparents are: Mrs. Mary Lou McKee, Mrs. Ruby Milligan, and Mr. and Mrs. Dewey Lewis, all of Iuka.

### A Thought For The New Year

Another year I enter,  
Of history unknown.  
Oh, how my feet would tremble  
To tread its paths alone.  
But God has given His promise,  
I know I shall be blessed,  
For He is always with me  
And He will give me rest.  
Give your all to Christ in 1980,  
He gave His all for us.

Mrs. Gartin Adams

## New Decade 1980

As we say good-bye to the old one, let's look forward to a wonderful and fulfilling New Year.

## Army Engineers Award Contracts

Colonel Robert H. Ryan, District Engineer, Mobile District Office, announced the award of two contracts totaling \$15,815,159 for work on the Tennessee-Tombigbee Waterway.

The Servidone Construction Corporation, Castleton, New York, was the successful bidder of a \$5,132,260 contract for the construction of the pool above Lock E in the Canal Section of the Tennessee-Tombigbee Waterway in Northeast Mississippi.

This project will include clearing and grubbing for the reservoir and navigation channel, excavating 1,790,250 cubic yards of material, seeding 164 acres, placing 1,110 cubic yards of riprap and placing 19,400 square feet of plastic filter fabric.

Lock E pool will extend into

Tishomingo, Itawamba and

Prentiss Counties. Both projects are scheduled for completion in 2 1/2 years.

A \$10,682,899 contract was awarded to Morris-Shea Bridge Company, Inc., Birmingham, Alabama to construct the Southern Railway crossing over the Tombigbee River at Epes, Alabama.

The contract involves placing 8,500 feet of track and the construction of a 480 foot bridge. The job also includes clearing and grubbing excavating 3,750 cubic yards of material, sodding and seeding, and placing 18,000 square of plastic filter cloth.

The contractor will remove all existing bridge, trestle, piers and trackwork after completing the new bridge.

## Northeast Offers Vocational Evening College Courses

Registration for evening classes to be offered through the Northeast Junior College Vocational Division will be Monday, January 7, from 6 to 8 p.m. in Dean Hall on the Booneville campus, according to P. Hale Aust, director of Vocational Education at Northeast.

"These evening classes are offered in cooperation with the State Department of Education for adults who need vocational education to help them improve their earning capacities," Aust said.

The classes are organized three times per year to meet two nights per week. However, they can also begin whenever there is sufficient demand (ten enrollees)," Aust added.

Course offerings for the spring semester include Ad-

vertising for Small Businesses, Air-conditioning and Refrigeration, Automotive Transmission Repair, Automotive Tune-up Overhaul, Basic Drafting, Basic Electronics, Beginning Shorthand, Beginning Typewriting, C. B. Radi Repair, Cabinet Making, Combination Welding, Creative Selling, Data Entry Station Training, Diesel Mechanics, FCC License Preparation (Second Class Introduction to COBO Programming Language, Introduction to Report Generator II, Machine Shop Medical Terminology, Radiology and TV Repair, Refreshers Typewriting, and Residential Electricity.

## Satellite Course In Mainstreaming At Northeast

"Mainstreaming" the handicapped student into the regular classroom is a big step forward for the nation's public school systems. But, are our educators prepared to appropriately manage this transition?

TEACHING THE YOUNG HANDICAPPED CHILD is a college credit telecourse being offered this spring by Northeast Junior College which will prepare teachers and parents to better cope with this responsibility. Registration for the course, which is made available by the Appalachian Community Service Network, is Tuesday, January 8, in Room 58 of Hines Hall on the Northeast campus at 6 p.m. The class meets each Tuesday night from 6 until 9 p.m. beginning January 15, and ending April 8. Subscribers on the Booneville Video System may register for home viewing on Channel 2 from 6 until 7 a.m. on Monday, January 7, and from 9 until 10 a.m. on Tuesday, January 8.

Nine units of study, and four seminars are presented in 12 hour long television

programs. A study guide links the text and programs and provides comprehensive learning and application activities to augment each unit. Topics covered in the course include: (1) Early Childhood Special Education Overview; (2) Informal Observation; (3) Classroom Integration; (4) Planning for Individualized Education; (5) Techniques for Meeting Special Needs; (6) Parent Involvement; (7) Developing Social Skills; (8) Language and Speech Development; and (9) Language and Speech Activities.

Though the course content is directed toward children ages 3 - 8 years, the methodology is useful with many other age groups.

For more information on TEACHING THE YOUNG HANDICAPPED CHILD, contact Mrs. Opal B. Melvin, ACSN Site Coordinator, at 728-7751 or Toll Free 1-728-7759, ext. 231.

Happy New Year!

## HOME ECONOMIST'S NOTES

### TREAT WINDOWS TO SAVE ENERGY

The energy shortage is here! What can you do to save energy this winter? Windows are a major source of heat loss. Window treatments can help stop heat loss.

In little used areas, consider covering the windows with one inch thick

polystyrene. Cut the sheet of polystyrene so it is tight enough to friction fit into the window on the inside.

Windows on the side of the house away from the sun should be covered with insulated window shades or draperies with insulated linings. Windows are a good

source of "solar heat" on sunny sides of houses. Open draperies or curtains during the day to take advantage of the sun's warmth. Close off the rest of the house. Turn down the thermostat and use solar heat during the sunny hours.

Plastic sheetings can be added on the inside of uncovered windows to stop heat loss.

For other suggestions on ways to save energy, ask your Extension Home Economist.

### PLAN YOUR WINDOW TREATMENT

Every home has windows for air, for light and for view. Their decoration is important to the comfort of each room and the beauty of the entire home.

Windows are part of the background of a room. No window treatment can be decided upon without first noting the place of the window on the wall, in the room as a whole and in relation to the people who will use the room.

Before a window treatment is decided upon, careful thought must also be given to the use of the room, the architecture of the house, also the backgrounds already on hand, the purpose of the window treatment and the effect it is to create in the room. Window treatment usually consists of one or a combination of shades, blinds, shutters, curtains and draperies. Consider energy conservation as you choose.

You can direct almost any degree of attention to the window by choice of fabric, color and design and by the way you use each. Generally speaking, it is good to make windows inconspicuous and

## Mrs. Giffie Vanderford

Mrs. Giffie Mae Vanderford, 56, died Sunday at Care Inn Nursing Home in Corinth. She was a member of the Lovejoy Baptist Church.

Services were at 11 a.m. Tuesday at the Lovejoy Baptist Church with Rev. Spurgeon Mullikin and Rev. Travis Smith officiating. Burial was in Lovejoy Cemetery with McPeters Funeral Home of Corinth in charge of arrangements.

She leaves her husband, Hershel Vanderford, of Corinth; a daughter, Mrs. Karen Blanton, of Corinth; a son, Harlis L. Vanderford, of Memphis, Tenn.; two sisters, Mrs. Mattie Whittemore, of Rienzi, and Mrs. Tina Little, of Memphis, Tenn.; two brothers, Vandy Hendrix and J. L. Hendrix, both of Burnsville; and a grandson.

## Pentecostal News

The story is told of a very poor family who lived in a large two-story house that had been built many years before. This family hardly had enough to eat and struggled from week to week to barely exist. For many years they had been in dire need of the necessities of life, but one day, out of curiosity, they decided to explore the attic of their home. To their amazement, they found a chest full of gold, silver, and jewels! Unbelievable riches right at their fingertips, but yet they had been in poverty all those years!

The very same story is true in millions of homes all over the world. Right within the pages of our Bibles lie the greatest riches this world will ever know, but yet men pass it by daily and fail to heed the message it contains.

Our Bible is not only a guide to a richer, fuller life in this world, but it is also a guide to tell us how to reach that place God has prepared for those who obey the pages of His book. We are responsible for our own salvation. No one can do it for you or me. Are you ready to meet death? The plan of salvation is in the word. Search it today.

### Card of Thanks

We would like to take this means to thank all the people for their kindness and expressions of love shown to us during the loss of our loved one, John Albert Thorpe.

We want to especially thank the doctors and nurses of Tishomingo County Hospital and the staff of St. Joseph Hospital East in Memphis, Tn., Cutshall Funeral

Home for their services rendered. Also, to Bro. William Strange and Bro. Roland Hyde for their words of comfort, to the singers for the beautiful songs rendered. For all the prayers, food and flowers. Our prayer is God's richest blessings upon each of you.

## New Year Resolution For Smoking

Make a New Year's Resolution to stop smoking, suggests the Mississippi Lung Association. Life and health are our two most valuable possessions. No amount of money can buy them, but many of us are dangerously and recklessly jeopardizing our health and shortening our lives by smoking.

New Year is a time of new beginnings. Why wait until you become stricken with a disabling or fatal disease? Make a new beginning for yourself by resolving to make a better life for yourself and those you love by stopping smoking.

According to a Gallup poll, half of the people who still smoke, want to quit. Parting company with cigarettes must be

a positive action based on a desire to want to quit, an insight into the health threat, a recognition of values and a recognition of the cost of smoking cigarettes.

No major medical or health agency questions the fact that smoking is harmful to health. Smoking is a major cause of emphysema, chronic bronchitis, lung cancer and heart disease. Serious thought should be given to exchanging cigarettes for a healthier future. We all want to be around to watch our children grow up and quitting smoking could make a difference.

More than 30 million Americans have quit smoking. This New Year, be your own best friend . . . do something nice for you and your family . . . set a goal and join the ranks of non-smokers. Save a life . . . your own!

The Christmas Seal People want to help. For information and help to "Kick the Habit", contact the Mississippi Lung Association, P. O. Box 9865, Jackson, Mississippi 39206.

Cancer is often curable.

The fear of cancer is often fatal.

## Solutions Better Health

New Year has begun for us, caught up in enthusiasm of the have made New Resolutions. Ex- has taught many of only realistic resolutions are likely to be quickly forgot- become a source of as we strive to overly-ambitious

Mississippi State Association reminds is not only the

beginning of a new year, but a new decade as well - one which could be a healthier time. In recent decades medical science has made great progress, but Mississippi physicians are concerned about the health problems that remain.

Without setting unrealistic goals, there is much you can do to ensure that you and your family have the opportunity to enjoy a healthier new year. You can resolve to:

Use seat belts and make sure your family members do. Automobile accidents claim some 50,000 lives each year, and injuries number in the millions. Most deaths and serious injuries can be prevented by the regular use

of seat belts

Make sure your family members are immunized. Protection exists from the devastating effects of measles, rubella, polio, diphtheria, pertussis (whooping cough) and tetanus. Many people, however, remain unprotected from these diseases because of failure to have the vaccinations.

Become informed about proper nutrition and proper exercise. Total fitness not only improves personal appearance, but enhances physical health and mental and emotional well-being, too.

Become aware of home safety hazards. Accidents in the home and poisonings

from household chemicals are major problems, and most of these are preventable. Make sure your family members wear protective clothing whenever possible, whether riding a motorcycle, skateboarding or mowing the lawn.

Learn to recognize symptoms of the diseases of alcoholism and mental illness. If you or someone you know is suffering, take advantage of the professional help that is available to treat these disorders.

Become informed about such things as risk factors in heart disease, symptoms of diabetes and cancer's warning signals. Early treatment is often the key to successful treatment.

If you are taking prescribed medications, take them properly. The courses of many illnesses are influenced by regular and complete regimens of medication. Read labels. Remember to discuss with your physician any other medications you may be taking, whether prescribed or purchased over the counter.

Make every effort to stop smoking or at least cut down. The hazards of smoking have been documented, and it makes sense to reduce your chances of contracting any of the illnesses that have been linked with smoking.

For regular health care (and to reduce costs, too) have a family physician who knows your medical history. Don't be afraid to use the telephone to talk with the doctor about minor health problems. On the other hand, don't wait too long to see the physician when you are ill. Delaying treatment for an illness can cost more in the long run. Emergency care is more expensive.

There is much you can do to achieve and maintain good health, and throughout the new year the physicians of the Mississippi State Medical Association will provide more information about preventing illness and injury.

## IRS NEWS

Taxpayers who did not have enough federal tax withheld or whose amended income estimates for 1979 changed substantially during the last quarter, are required to pay final installment by Tuesday, January 15, 1980, the Internal Revenue Service said.

The only exception to this rule, the IRS said, is that taxpayers who file their returns and pay all taxes due by January 31, 1980, are not required to make this final 1979 installment. The procedure applies whether the declaration is original or amended.

Generally, taxpayers must file estimated tax if their tax is expected to be \$100 or more and if they have more than \$500 in income not covered by withholding.

For additional information, the IRS provides Publication 505, "Tax Withholding and Declaration of Estimated Tax," available free from most IRS offices.

## PERSONAL

Mr. and Mrs. Coy F. Hurst and Mrs. R. G. Stokes, of Rockledge, Fla.; and Mr. and Mrs. John Stormont and Shelley, of Little Rock, Ark., spent the New Year's Holiday in Iuka with Mr. and Mrs. Ernest Bullard and Buddy. While in Iuka they also visited with other relatives and friends.

### Message For Meditation

BY: TERRY J. BOOKER, Pastor  
New Lebanon Church  
"Christian Character"  
Colossians 3:8-24  
The believers at Colosse are here reminded that as Christians there are some things they must put off as inconsistent; some things they must put on as absolutely needful; some things to do as a proof of their faith; and how they should be done as an evidence of true-hearted devotion.  
Some things to put off. "The old man with his deeds"

(v. 9) The old carnal mind which is corrupt. "Anger, Unholy Passion, ill-will, evil speaking, personal abuse; put off all these" (v. 8).  
Some things to put on. "The New man, which is after the image of God" (v. 10). "Tender-Heartedness, kindness, lowliness of mind, longsuffering" (v. 12). Note that these are the features of the Divine image, as seen in the face of Jesus. "And above all, we are to put on love" (v. 14).  
Some things to let in. "Let the peace of God rule in your hearts" (v. 15). "Let the Word of God dwell in you richly" (v. 16).  
Some things to let out. What we have by faith taken in, we should in service let out. "Freely ye have received, freely give." "Whatsoever ye do in word or deed, do all in the Name of the Lord Jesus" (v. 17). "Whatsoever ye do, do it heartily as unto the Lord (v. 23), "not with eye-service, as menpleasers." "Do all in the Name of the Lord Jesus, giving thanks to God the Father by Him" (v. 17).  
Some things for which we look up. "Ye serve the Lord Christ, and from the Lord ye shall receive the reward of the inheritance" (v. 24) To see Him, and be made like Him, and to dwell with Him, this is the reward of grace alone.

### Club Met

**BURNSVILLE HOMEMAKERS**  
The Burnsville Homemaker Club met December 12, at the home of Mrs. Georgia Mae Smith for the Christmas party. The president, Mrs. Eleanor Richardson read the thought for the month: It is not Christmas without Christ. The devotional was given by Mrs. Ilene Graham. Recreation was provided by the hostess. The prizes were won by Mrs. Ann Strickland and Mrs. Dorothy Strickland. Next came the exchange of gifts. Secret pals were revealed and those gifts were given out. Names were drawn for other gifts. Delicious refreshments were served by the hostess to the following present: Mesdames Ruby Adams, Ilene Graham, Thelma Gray, Eleanor Richardson, Ann Strickland, Dorothy Strickland, Margie Williams, Mary Williams, and Bessie Dickinson. The next meeting will be Wednesday, January 9, at the home of Mrs. Mary Williams. Mrs. Dorothy Strickland and Mrs. Mary Williams had perfect attendance for 1979.

OLLIE SANDERSON recently received a \$75.00 check for suggestion award for cost saving on shoes at Tishomingo Shoe Co.

\$100.00 CHECK was recently awarded Maseal Burcham for suggestion award for cost saving on shoes at Tishomingo Shoe Co.

# Do you have enough will power to save yourself?

Today saving money is more crucial than ever.

The money you save now could literally save you next week when your car breaks down—or later in life when your social security and other benefits may not be enough to keep pace with the cost of living.

You're in a fight for your life, your financial life and the security of those closest to you. It's a tougher fight today than ever with inflation eating away at your paycheck.

You're going to need all the will power you can muster. You're going to have to pay yourself first before anyone else, on a regular basis. That's rule number one. And, you need a place to save where people understand what you're up against.

## There are many ways.

When it comes right down to it, most banks offer the same range of financial services. So the main difference in banks is the difference in the people. You want people who will talk straight with you, especially when it comes to saving. Any bank will gladly take your savings money but will they show you how to save? Will they take the time to explain all the different plans to you and help you pick out the one that's best for you?

## How do you get the most for your money?

At First Bank, we're going to make sure that you understand all about all of the different programs. Then we're going to help you with a plan that's tailor-made for your situation.

We'll even make sure your savings account backs up your check book—if you want it to—and call you whenever you face a possible overdraft. We give you a telephone with a person who cares at the other end. That's our kind of money machine and we believe it beats the others. We talk to you when you need help.

And we're going to start right at the beginning to figure your needs.

## Start with how you spend your money.

How much you save depends on your spending habits. The first thing we do is help you get your budget in line. If you're an impulsive spender, our better bankers can help you cure your spending appetite with a plan that "spends" your money on savings. With the added inducement of nice, steady interest. It's an automatic way to save. We call it First Saver.

## Is there a sure way to save?

Sure. To get yourself in the habit of paying yourself first, start with a First Saver account. You decide how much you want to save every week or every month. Then forget about it. We automatically transfer that amount from your checking account into your savings. So in effect, you've paid yourself first. You have a cushion for an emergency as well as a plan for longer-term investment.

## Earn more.

When your savings account has reached a certain point, say about as much as three months' salary—to cover

most emergencies—we'll tell you to invest in a savings certificate.

Because it gives you a much higher interest rate.

Since you leave your money with us longer, it earns more. And you pick your own maturity date (the length of time you leave your money with us).

A savings certificate is an easy way to salt away some extra cash at a handsome rate of interest. Our chart's current rates tell the story.

Minimum Investment	Maturity*	Interest Rate
\$ 500	12-29 mos.	6%
\$ 500	30-47 mos.	6-1/2%
\$1,000	4 years or more	7-1/4% min.
\$1,000	6-8 years	7-1/2%
\$1,000	8 years	7-3/4%

Or, if you have a minimum of \$10,000, we can show you how to invest in 6-month certificates that pay the highest current money market rates.

## Borrow

### on your savings.

Making money by saving money is an obvious advantage. Your savings account or savings certificate can be used as loan collateral as well. Why borrow when you have money saved? Sometimes, it's cheaper to borrow.

There are many times when the economical cost of a loan for a short period is less than the interest you would forfeit by cashing your certificate in before maturity.

## Give your savings a raise today.

You can't afford not to. The whole idea of saving money today is to have something for tomorrow. If you don't save more now, you could be caught short in the future. Think about tomorrow today. Look over your present savings.

If you need help, call on us. Chances are, we have just the plan to meet your needs. At First Bank, you don't just get a savings account, you get a better banker to help you do the best possible job of saving your money.

\*Substantial interest penalty is required for early withdrawal.
