NINETY—SEVENTH YEAR

IUKA, TISHOMINGO COUNTY, MISSISSIPPI

Thursday, July 3, 1980 No. 2

Celebrate the 4th with Pride

WE MAY MARCH TO THE BEAT
OF DIFFERENT DRUMMERS...

But when our country's been threatened, we've put our differences aside and teamed up to present a united front to the world. Must we always have external threats to unite us, or can we learn in peacetime to keep internal peace? Must we always let another's beliefs, though they be different from ours, blind us? Perhaps if we listened with an open heart and mind we could learn from them and they from us. Then maybe, our well won Freedom would truly be won for everyone.

Ten-Year-Old, Victim Of Copperhead Bite

Brent Pardue, 10-year-old son of Mr. and Mrs. Charles Pardue, of the Midway Community, remains a patient in the Coffee Memorial Hospital in Florence at press-time as the result of a poisonous snake bite.

According to a family spokesman, Brent and his grandmother, Mrs. Marie Grimes, and his aunt, Ms. Mary Gaddis, were taking an evening walk about 8:55 Friday near his home when the terrifying accident occurred. The three had stepped from the pavement onto the shoulder of the road to avoid a passing car when the snake struck at Brent, biting him in the ankle. Brent's parents, who were working in the yard at the time and heard his screams, immediately carried him to the Tishomingo County Hospital.

The two-foot-long copperhead snake was killed by the young men occupying the car, which had passed the group. They carried it to the County Hospital, which made

emergency treatment on Brent possible. Although no names were available, it was reported that the heroins were sons of Mr. and Mrs. J.C. Grimes.

The family spokesman said it is believed that Brent was bitten twice by the snake. He is reported as improving.

Holiday Closing

The County Offices at the Tishomingo County Courthouse will be closed on Friday and Saturday, July 4 and 5, in observance of the July 4th Holiday.

Singing At Short Creek

Fishing Trip Ends In Tragedy For Corinth Attorney, Joe Mitchell

After several hours of dragging, the body of a prominent Corinth attorney was recovered from the waters of the Yellow Creek section of Pickwick Lake near the Mississippi/Tennessee State Line, according to Tishomingo County Sheriff Amos Bates. The body was identified as Joe Burgess Mitchell, of Corinth.

A spokesman for the Sheriff's Department said that Mr. Mitchell and his wife,

Annie, were on a bass fishing trip and camping nearby when the mishap occurred. Mrs. Mitchell became worried after her husband failed to return for breakfast from an early Sunday morning fishing trip and the weather conditions became stormy. Mrs. Mitchell summoned the aid of a neighbor who had found a boat a short time before containing what they thought to be fishing gear belonging to Mitchell. The Tishomingo County Sheriff's Department was notified and dragging

operations began early Sunday afternoon and continued until the Sunday evening darkness prevented continuation of the efforts. Dragging resumed again early Monday and continued until about 3:30 p.m. when the body was recovered from waters about 10 to 12 feet deep, about 50 to 75 feet from where the boat had been found. The spokesman said the death was ruled due to drowning.

Sheriff Bates said that several people aided in the

rescue: Hardin County, Tennessee Civil Defense, Cherokee Rescue Squad, Belmont Rescue Squad, Alcorn Civil Defense, Tennessee Wildlife Agency, Tishomingo County Sheriff's Department, Alcorn Sheriff's Department, Tombigbee Water Management of Lee County, J.P. Coleman State Park and Mississippi Department of Wildlife Conservation.

Mr. Mitchell, 70, a native of Corinth, had practiced law there for many years.

Read Food Labels

"Caution: Your diet may be hazardous to your health."

Although you'll never find this warning on a label, many scientists believe certain health problems -- heart and blood vessel diseases, obesity and tooth decay -- can be traced to diet. There is also some evidence linking nutrition to some other diseases, including certain forms of cancer.

According to USDA's Food Safety and Quality Service, diet is not the only factor contributing to human health, but it's a major one. Better nutrition at any age can be a positive step toward disease prevention.

Given the enormous variety of foods available in American supermarkets, what should you eat to stay healthy? And, how can you find these foods when you shop?

Although there is no 'ideal' diet for everyone, USDA and the U.S. Department of Health, Education and Welfare

(HEW) recently announced seven guidelines to help healthy people stay healthy. These dietary guidelines recommend eating a variety of foods in moderation -- less sugar, fat, cholesterol, sodium (including salt, baking soda, baking powder and MSG) and alcoholic beverages. Also, USDA and HEW scientists suggest people eat more foods high in starch and fiber, such as fruits, vegetables and whole grain products, along with maintaining their ideal weight.

But how many calories does a particular food have? How much sugar, sodium or fat?

Some of these questions are answered on the product label. While only certain foods are required to carry nutrition information, many display it voluntarily. Nutrition labels supply such information as the number of calories per serving and the grams of protein, fat and carbohydrates per serving.

Sometimes sodium content, the amount of polyunsaturated and saturated fat, and the amount of cholesterol is also included, as well as the content of certain vitamins and minerals.

A label's list of ingredients provides other valuable information. Through careful reading, you can get a good idea of how much sugar, salt or other ingredients are present. By law, ingredients must be listed in decreasing order according to their weight in the product recipe. The first ingredient listed is the most abundant; the last ingredient is the least abundant. Although some manufacturers explain the order of ingredients on the product label, most do not.

A plan recently announced by the federal government would provide even more important and useful information on produce labels. The three federal agencies responsible for food labeling -- FSQS, HEW's Food and Drug Administration and the Federal Trade Commission's Bureau of Consumer Protection -- developed this plan in response to the thousands of consumers and industry representatives who expressed their views on labeling to the agencies at a series of public meetings recently held throughout the country.

The foods you eat can be an asset to your health. Product labels now provide much of the information you need to make positive dietary changes. If the government's food labeling plan is implemented, even more product information will be available.

Roundup In Rowcrops

Roundup herbicide is now labeled for use in rowcrop applicators and other similar devices. The Mississippi Weed Science Committee has added the following recommendation for this use:

Mix one gallon of Roundup in two to four gallons of water. Apply the mixture in a wick bar after johnsongrass is about eight inches or more above soybeans. Position the bar two to four inches above soybeans. Contact with the crop may cause serious injury.

This treatment is effective on johnsongrass and may help on other weeds like pigweed, sesbania and cocklebur if enough of the chemical is wiped onto the plants. Repeat application to control johnsongrass that later emerges above soybeans. Best results are obtained when johnsongrass is actively growing with adequate soil moisture and high relative humidity.

Tractor speed should be two to three mph. Running too fast is a common mistake and often gives poor results.

Herbicides kill cattle

It doesn't take much herbicide to cause a lot of damage to livestock. Many animals are poisoned each year by herbicides. Those containing arsenic are the cause of most cattle deaths. Sodium arsenite is highly toxic and is a serious risk to animals grazing sprayed areas or drinking or eating spilled herbicides. Accidents to prevent loss of animals labeled on poisoning, follow use and directions for proper herbicides and animal care.

Gardens

Home gardeners should plant pumpkins and squash the first week after Extension Horticulturist Milo Burnham says the vegetables grow in all parts of the state and are harvested in October. Be careful not to plant too many pumpkins in a small area. Dr. Burnham says pumpkin vines spread out and have four or five pumpkins per vine.

ASCS Farm News

By: Henry L. Knox,
County Executive Director

Tishomingo County Farmers Urged To Certify Crop Acreage - Tishomingo County farmers are encouraged to come by the ASCS Office and report their planted crop acreages. Farmers must certify their crop acreages in order to be eligible for program benefits such as price support loans for certain crops, disaster benefits, proven yields and deficiency payments for which they might otherwise be ineligible if market prices become depressed. Avon (Booster) South, Chairperson of the Tishomingo County ASCS Committee, said that through the close of business June 27, 1980, only 209 farmers have been to the county office to certify. July 15 is the final date for certifying and those who wait until the last week may encounter that inconvenience of waiting in line. Report your soybeans, cotton, corn, grain sorghum or peanuts today.

Interest Rates Lowered On 1980 Commodity Loans - Interest rates on 1980-crop Commodity Credit Corporation loans through the Agricultural Stabilization and Conservation Service have been reduced, according to Mr. South. The newest interest rates were announced by Secretary of Agriculture Bob Bergland on June 12, 1980. They apply to all 1980-crop loans including those disbursed prior to June 12, 1980. South went on to say that the interest rate on all 1980-crop commodity loans is lowered from 13 percent to 11 1/2 percent. However, the interest rate on farm storage and drying equipment loans is unchanged and will remain at 13 percent. South also emphasized that the new interest rates for 1980-crop loans do not affect the interest rates on loans for 1979-crop commodities.

ACP Funds Available - Tishomingo County farmers interested in doing a conservation practice on their farm should contact the county office. A limited amount of funds are available to do cost-sharing practices on your farm.

Sen. Bill May Reports To The People

S.B. No. 2118: This bill redefines the eligibility standards for those individuals who are recipients of Medicaid assistance by basing their eligibility upon their receipt of Supplemental Security Income (S.S.I.) benefits under the Federal Social Security Act. The Medicaid eligibility determination procedures presently being conducted by the Department of Public Welfare will be replaced with a computerized eligibility determination procedure from the Social Security Administration. The Medicaid Commission is charged with the responsibility to propose any necessary legislation to implement the transition to S.S.I. eligibility determination, and to minimize the transitional impact upon those individuals currently in nursing homes who are not eligible for S.S.I.

The bill also speaks to the amount and type of drugs which are reimbursable under the Medicaid program by deleting the provision that limits drug reimbursement to 7 prescriptions per month, which was done in anticipation of the commission's re-establishment of the 50% co-payment required. The bill also conforms Medicaid drug reimburse-

ment to the state's generic drug substitution law, which gives the patient and/or the physician the right to refuse generic substitution. However, the commission is given the discretion to reimburse only for a generic equivalent or only for a trademarked name, when the consensus of medical advice dictates otherwise. The bill also clarified that reimbursement to druggists would be at the prevailing price in the package size that is bought most frequently.

Curry - Vandiver Vows Spoken At Mt. Evergreen Church

In a simple but impressive candlelight ceremony performed Saturday evening, June 21, Miss Sara Curry became the bride of Odie Mack Vandiver. The vows were exchanged at Mt. Evergreen United Methodist Church with the pastor, Rev. Dudley Brown, performing the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. Leroy Curry, of

Iuka, maternal grandparents are the late Mr. and Mrs. Owen Smith, of Iuka; and paternal grandparents are the late Mr. and Mrs. Floyd Curry, of Cherokee, Ala.

The groom is the son of Mr. and Mrs. Mackie Vandiver, of Iuka. His paternal grandparents are Mr. and Mrs. Odie Hudson, of Iuka. Paternal grandparents are Mrs. Rheba Howerton, of San

Rafael, Calif., and the late Wiley Vandiver, of Iuka.

The wedding vows were repeated before a lovely setting of lighted tapers burning on either side in seven-branched candleabras, delicately decorated with blue ribbons. Flanking this were basket arrangements of white gladiolus, blue carnations, and dainty white daisies, interspersed with greenery.

Providing a selection of music for the wedding was Miss Rebecca Sheffield, cousin of the groom.

The bride, given in marriage by her uncle, Hillman Smith, of Iuka, wore a creation of organza poised over taffeta, designed with a molded bodice, and enhanced with chantilly lace and sequins. The open-neckline bodice was styled with a ruffle of chantilly lace with a mandarin collar. The long-fitted sleeves, ending in ruffles, featured motifs of chantilly lace and sequins. The skirt of organza, accented with multi-tiered chantilly lace, swept into a lovely chapel train. A cap of venise lace held the bride's fingertip veil of chiffon, encircled with silk venise lace.

The bride's bouquet was fashioned of blue carnations and white daisies, centered with red rose buds and baby's breath and fastened with white and blue ribbon streamers, tied in love knots.

Miss Brenda Bullard, of Iuka, was maid of honor. Bridesmaids included Misses Becky Vandiver, sister of the groom, and Connie Bullard, both of Iuka. The attendants

were identical floor-length dresses of pastel blue, featuring low-cut necklines and topped with dainty short lace jackets. They carried nosegays of blue carnations and white daisies featuring blue ribbon streamers. Little Miss Rejetta Bailey was flower girl and wore a lovely blue long dress featuring blue lace ruffle overlays, and a wrist corsage of white daisies.

Serving the groom as best man was Vincent Speece. Groomsmen were Chuck Bullard and Andy Sheffield. Serving as junior groomsmen and lighting the candles was Mark Vandiver, brother of the groom.

Mrs. Curry chose for her daughter's wedding a black floral fashion. Mrs. Vandiver wore a pale blue jacket dress, while Mrs. Hudson, maternal grandmother of the groom, also was dressed in a smart blue fashion. They each wore lovely white carnation corsages.

Reception

A reception was held in the fellowship hall of the church immediately following the ceremony. The bride's table was covered with a blue satin cloth, overlaid with white lace. A silver tray, featuring a uniquely shaped arrangement of blue carnations and white daisies, interspersed with greenery, was used as the centerpiece, with pale blue tapers burning in lovely silver candleholders on either side.

At one end of the table, yellow fruit punch was served from a crystal punch bowl, surrounded with fern, blue carnations, and white daisies. The traditional three-tiered wedding cake, placed at the other end of the table, was decorated with blue daisies and tiny white doves, and was topped with a cluster of wedding bells and white daisies. Completing the table decorations were silver compotes which held nuts and mints.

Serving the cake and punch were Mrs. Becky Letchworth, sister of the bride, and Miss Susan Bailey. A register was set up in the fellowship hall for the bride's book. A single blue carnation and white daisy were used in a silver bud vase on the register.

For traveling, the bride chose a sleeveless fashion in a cool blue cotton fabric, with white accessories. Following a short honeymoon trip, the couple are at home on Eastport Road near Iuka.

Rehearsal Dinner

Immediately following the rehearsal on June 20, Mr. and Mrs. Mackie Vandiver honored their son and his bride-elect, along with the

wedding party, with a dinner in the private dining room of Country Squire Restaurant.

Shower

A miscellaneous bridal shower was given in honor of the bride-elect on Saturday night, May 24, in the fellowship hall of Mt. Evergreen United Methodist Church. hostesses for the lovely affair were Mrs. Star Mae Williams, Mrs. Ruth Sheffield, Mrs. Nancy Hughes, and Mrs. Dorothy Honeycutt.

The honoree chose a summer floral fashion for the occasion with a double white carnation corsage pinned at the shoulder, a gift of her hostesses.

A color scheme of pink was used in the table decorations. Serving as the centerpiece was the lovely crystal punch bowl, surrounded with greenery and baby's breath, and filled with strawberry punch. Pink tapers burned on either side in silver candleholders, while a silver pitcher was used on the left, featuring a most unusual arrangement of white daisies and pink carnations, interspersed with greenery. A lovely footed silver tray held the dainty cake, squares iced in white and decorated with miniature pink rose buds, and silver compotes held the nuts and mints.

The bride-elect received an assortment of nice and useful gifts.

Resolution

The Mayor and Board of Aldermen of the City of luka, Mississippi, took up for consideration the matter of issuing general obligation bonds of said municipality in the maximum principal amount of \$150,000.00 to raise money for the purpose of constructing, improving

and paving streets in the City of luka, Mississippi. After a discussion of the subject, Alderman Floyd Curtis offered and moved the adoption of the following Resolution:

Resolution declaring the intention of the Mayor and Board of Aldermen of the City of luka, Mississippi, to issue general obligation bonds of said Municipality in the maximum principal amount of one hundred, fifty thousand dollars (\$150,000.00) to raise money for the purpose of constructing, improving and paving streets in the City of luka, Mississippi, and directing publication of notice of such intention.

Whereas, the Mayor and Board of Aldermen of the City of luka, in the State of Mississippi (hereinafter referred to as the "Governing Body"), acting for and on behalf of said City of luka, Mississippi (hereinafter referred to as the "Municipality"), does hereby find, determine, adjudicate and declare as follows, to-wit:

1. That it is necessary and in the public interest to issue general obligation bonds of the Municipality in the maximum principal amount of One Hundred, Fifty Thousand Dollars (\$150,000.00) to raise money for the purpose of constructing, improving and paving streets in the City of luka, Mississippi;

who passed away July 3, 1979, while on vacation in luka, Miss.

Her hair a soft tint of gray
Her eyes had a far away twinkle
Her skin slightly wrinkled.
Time had passed and
The years had caught up at last.
In the past we remembered her
With a fishing pole,
Down by the water holes,
And she did this for enjoyment
Right till the last.
She had a loving family
And it left them so sad,
I hope they understand,
They should remember the good times,
Not the sad.
We love you, Gram.

Brainwashing Southern People

By: John J. Synon

A piece I did some weeks ago - Brainwashing Southern People - brought this response: "How can that be? If they are brainwashing us, they must be doing something. Pray tell, what and how?"

It is a smooth carrot-and-stick operation, no doubt about that.

The Establishment begins by approaching the power structure of a community. Customarily, that means those who control the community's purse strings. These mortgage shufflers are told it is bad business for their town (state) to continue in the old ways; times have changed. They are told that continuation of traditional Southern attitudes can only work against their community's "best interest". They are told industry will not ocate among "provincial digots" and until liberalism - they call it "liberalism" - becomes dominant within their local baliwick, the road will be (or be made) hard.

That is the stick. On the other hand, if the area's leaders adopt an "enlightened view", not only

will industry come to town, but the largess of the national government will begin to fall like manna.

That is the carrot. There is, of course, the tacit agreement that nothing, neither rain, nor sleet, nor radical democracy will quiver the privilege position of the local power structure.

With that, the boys from the counting house pass the word, first, to the champing religious heirarchy, then, to weathervane publishers, and on to the rest of the opinion-molding apparatus common to all metropolitan communities: "No longer", the message goes, "ARE WE TO OPPOSE PROGRESS".

With the decks clear, The Establishment uses two principal weapons to reform a community. It gets seed money from tax-exempt foundations. And it gets the sort of manpower it needs from cooperating universities whose sociology departments, in large measure, will have concocted the brainwashing techniques to be used.

Then, a headquarters is established. Invariably, it is given an innocuous name and proclaims as its purpose the bringing of "culture" to your area. And that it does: Liberal speakers filter into the community; into your women's clubs; onto the podiums of your town's lecture

programs; they are guests on your TV stations; your radio; and in your pulpits. Whenever they want publicity, they get Page-One publicity. When they do not want publicity, not a word is spoken or written.

With time, they catalogue every element of local life wherein one or more of "their" people can become resident. your community's Planning Commission is a favorite, as are the various volunteer agencies (PTA, hospital auxiliaries, United Givers Fund, and the like). They wrangle appointments as staffers on your newspapers, your radio-TV, and in your libraries. And the more "effete" the appointee, the better The Establishment likes it. For such people - the limp-wrist set - are implacably determined to change a society that makes pariahs of them.

When your community is properly staffed, Phase Two is inaugurated: Emblems you have been taught to treasure - flags, monuments, patriotic songs, customs, traditions, etc. - are either abolished, derided, or are pushed into a far place. The public schools begin to teach the "iniquity" of traditional Southern mores and habits, and sing of the glory of the new, the liberal, the integrated way. Your child is assigned themes on such

subjects - and is graded in accordance with how well he has learned his lesson.

In short, every traditional thing comes under attack, every aspect of Southern culture is smothered, and the sunshine is given to the new "equality". And there is not a soul to raise an objection.

In time, you and your family become a little abashed at standing when "Dixie" is played; your picture of General Lee gives way to something abstract; regional holidays, originally established to keep alive patriotic motives, are ignored; and you find you have forgotten just why you once were so prideful in being a Southerner.

When that day comes, you will have had it. you will have lost your past, your rudder, and your sense of belonging. You will have lost your spiritual keel, your identity, and will have begun to drift as flotsom on the limitless seas of socialism, where all-men-are-equal because none is worth a damn.

But the money will be building in the local counting house higher, and higher, and higher - just like the Tower of Babel.

mechanic should check the exhaust system, thoroughly. Leaks in this system can be dangerous, so don't take any chances. If holes or badly rusted areas are found, have the necessary parts replaced.

Filters - Make sure your mechanic checks the fuel, oil, and air filters. Have them cleaned or replaced as needed.

"The most overlooked item are the jack and the spare tire," explained Joe Puglia, public affairs director for AAA's Central Gulf Division.

"It's important to see that the jack is in working order and that the spare is in good condition and filled with air. It's amazing how many people cannot even operate a jack, one of the most important items for the traveler."

Among some safety suggestions offered by AAA are:

- Check the condition of all lights, including emergency flashers. Carry a flashlight, reflector or flare.

- After eating, drivers should take a short break from driving, walking a short distance. Eating makes drivers sleepy.

- Pull over and rest at the first sign of drowsiness or let another person drive.

- Kids should be a help to the driver, not a hindrance. Calm games can be played, or youngsters can assist in reading the map or planning the day's travel schedule.

- Plan the next day's travel on the previous night, marking rest areas, service stations and restaurants on the map.

- Check road conditions and the type of highways to be traveled.

- Constantly be aware of proper lane usage, special demands of freeway driving and freeway entrances and exits.

- Observe all posted speed limits, especially near construction sites and in small towns.

AAA Offers Safety Tips For Holiday

Families preparing to travel over the Fourth of July weekend or on summer vacation should keep several safety and car maintenance tips in mind, advises the American Automobile Association.

Prior to departure, travelers should have their cars checked by a mechanic to make sure it's in shape to take the heat. Some of the areas which should be checked are:

Tires - Make sure each tire, including the spare, has at least 1/16 of an inch of tread on it and that the tires are worn evenly. (Uneven wear may mean that the car needs

a front-end alignment, the wheels need balancing, or the tires themselves are faulty.)

Oil - Have the right type of oil put into your car for summer driving. Look in your owner's manual for the specific type and weight your car requires.

Coolant - Have your mechanic put a 50-50 mixture of water and antifreeze to slow down radiator corrosion and prevent your car from overheating. Make sure the antifreeze is the type that can protect your engine from freezing in temperatures as low as -20 degrees Fahrenheit. This will help your engine remain cool this summer.

Battery - Have the battery's state of charge checked, and be sure to have corrosion cleaned from the battery posts, cable clamps, cables, and the top of the battery.

Air Conditioning - Even if

you think your air conditioning system is running the way it should, you still may want to have your mechanic check that the belts are properly tensioned and that they are not cracked, frayed, or brittle. If you have doubts about your air conditioner's performance, you should have its refrigerant inspected.

Brakes - Be sure to have your brakes checked thoroughly. This includes: brake linings, pads, drums, fluid level, and wheel and master cylinders.

Leaks - The winter weather may have caused your car to spring some leaks. Have all the systems - cooling, oil, transmission, brakes, etc. - checked for drips and wet spots.

Lubrication - If you have not had your wheel bearings checked recently, tell your mechanic to inspect them

and, if necessary, clean and repack them. Also look at your car's maintenance schedule to see if it's time for an overall lube job.

Hoses - Have all radiator and heater hoses examined for cracks and brittleness. Even the tiniest hole can result in overheating.

Transmission - Have the fluid levels in the transmission, differential, and any power-operated units checked and topped off, if necessary.

Windshield Wipers - Have worn wipers replaced and make sure there is enough windshield cleaning fluid.

Tune-Up - Be sure your mechanic checks the carburetor, points, plugs, condenser, distributor, dwell, timing, and the air-to-fuel ratio and make the necessary adjustments or replacements.

Exhaust System - Your

**State Park Scene Of
Cutshall Reunion**

With the south still struggling to recover from the devastation wrought by the Civil War, the urge to go south struck John Samuel Cutshall and his wife, Melvina. He had served in the Ohio Infantry during the war, so he may have heard stories of the south that gave him the desire to see it for himself. Whatever the reason, they left the Portsmouth, Ohio area by flat boat, traveling the Ohio River on to the Tennessee. They ended a journey at Eastport and raised their family and spent the

rest of their life in various locations in the beautiful Tennessee River hills, mostly in Tishomingo County. Their final resting place is the Patrick Cemetery, north of Iuka.

Their children, Willie, George, Joe, Minnie, Dempsey and Neale have also passed away, leaving behind quite a number of children, grandchildren and great-grandchildren. On Sunday, June 15, many of the descendants met on the same river, which brought John Samuel and Melvina here, for a day of eating

and reminiscing. The Coleman Park picnic shelter was the spot chosen for the clan gathering. Some came from as far away as South Florida, while many others still live in the Iuka area or in Alcorn County. Some still live on the old homelands in the Rocky Springs Community.

It's a day that will long be remembered for the good fellowship and the abundance of delicious food. Pictures were taken, addresses and recipes exchanged and past memories shared. The day flew by all too fast. As many were leaving they expressed their desire to have another gathering next year, hoping that those in the family who couldn't come this year could be with the group when they meet again.

Those present from the Iuka and surrounding area were: Lawrence and Otha Cutshall, Ola Mae Graham, Adelle Curtis, Velma Lynn Broughton, Fred and Elton Hosey, Blanche Scott, Odie Cutshall, Ted and Sue Castleberry, Wayne and Susan Barrett and Jennifer, Phillip and Nelda Cutshall, Phil and Todd, Floyd and Mary Cutshall, Estelle Philbin, Dexter and Marie Philbin, Janet, Mike and Steven, Billy Cutshall and Michelle, Jimmy and Charlotte Watts, Bud and Mary Ann Reckmon, Greg and Cheri, Roy Lee and Carolyn Brown, Kim and Stacy, Stan and Alice Wigginton, Tidy and Patsy Cutshall and Leslie, Douglas and Irene Cutshall, Steve, Jason and Jonathan, Jeff and Lisa Cutshall and Brandy, Linda Walker and Gary, Nelda Jones, Angie, Karen, Ronald and Terry, Clayton and Laura Kate Cutshall, Dwayne and Kay Rickman, Brian and Brad, Gail Wallace, Mike Jodie, Lillian Brown, Janet Sturevall.

From Florence, Ala., Ferrel Cutshall, A.J. and Mildred Cutshall, Edward and Carolyn Cutshall, Garvin and Leon Davis; from Memphis, Tenn., Raymond and Ruby Parham, Durane and Diane Boyd; Clarksdale, Ms., Herman and Eunice Gray; Woodrow and Lillian Busbey, Cleveland, Ms.; Homer and Dorothy Busbey, West Helena, Ark.; Elizabeth Lewis and Lance, Ormond Beach, Fla.; Annie Laurie Cutshall, Paul and Gale Cutshall, Margie and Lee, Alva, Fla.; Perry and Carolyn Cutshall and Laurie Ann, Jimmy Doll, Labelle, Fla.; and Ed and Betty English, Billy, Elizabeth and Jennifer, Immokalee, Fla.

How Does Your Child See You?

Does it really matter what my child sees when he sees me? Too many of us care little about the opinion our children have of us! After all, we are too busy making sure we leave a good impression with everyone else. It really matters what the boss thinks. I must keep up my reputation among my friends. The opinion of the brethren is all important! But my children?

What do they see at home? I've heard it said: "Home is where we can really let our hair down and be ourselves." (Translation: We can put up a good front before all others but at home we can be our real obnoxious selves.) What gives me the right to stop living Christianity just because I'm around my family? When with friends, people at work, brethren in Christ, most of us try to be - in word and action - friendly, patient, cheerful, kind and loving. Why not continue to practice self-control when you get home? Put those same principles into action with the one who needs it most - your child. God gave you that precious soul to mold and train and bring up in the discipline and instruction of the Lord.

Does your child learn from your actions and from what you say that Jesus is really your Lord? Are you teaching him day by day that God's Kingdom is the most important thing in the world? It's a story I've seen too many times: Lukewarm Christian

parents, bewildered when teenage son or daughter is not the least bit interested in serving the Lord. Why should they be? They have been taught all of their lives, by those with the most influence over them (mother and dad) that Christianity isn't really all that important anyway.

How does your child see you? Does it matter? Have you ever noticed how many children turn out to be just like their parents? Think it over.

Message For Meditation

By: Terry L. Booker, Pastor
New Lebanon Church
An Open Door

Revelation 3:8 - "... behold, I have set before thee an open door, and no man can shut it: for thou hast a little strength, and hast kept my word, and hast not denied my name."

People cut off work look for openings that they may get back into the mainstream of the work force. Sometimes when frustrated, they are prone to exclaim: "I can't get a break." In dealing with the world and its problems, we often wonder whether there is an opening according to God's will that will lead to escape. 1 Corinthians 10:13 - "There hath no temptation taken you but such as is common to man; but God is faithful, who will not suffer you to be tempted above that you are able; but will with the temptation also make a way of escape, that ye may be able to bear it." We have some doors of opportunity already opened to us through the power of God's promises.

The Open Door of Salvation. John 10:9 - "I am the door: by me if any man enter in, he shall be saved." Enter in the door to escape from the pollution of sin. Enter in to escape from the fear and tyranny of man. Enter in to escape from the wrath of judgment to be poured out upon all who do not believe in the Holy God of Heaven.

tion. Luke 24:32 - "And they said one to another, Did not our heart burn within us, while he talked with us and while he opened to us the scriptures?"

The Open Door of Prayer. John 14:14 - "If ye shall ask anything in my name, I will do it." Think of the great saints who asked; Moody, Spurgeon, Luther, Paul, Daniel, Elijah, and Moses. However, remember James 4:3 - "Ye ask, and receive not, because ye ask amiss, that ye may consume it upon your lusts."

The Open Door of Fellowship. James 4:8 - "Draw nigh to God, and he will draw nigh to you. Cleanse your hands, ye sinners; and purify your hearts, ye double minded." Verse 10 - "Humble yourselves in the sight of the Lord, and he shall lift you up." Verse 6 - "But he giveth more grace. Wherefore he saith, God resisteth the proud, but giveth grace unto the humble." Romans 5:20 - "... But where sin abounded, grace did much more abound." It is a glorious privilege to be near our God. Hebrews 4:16 - "Let us therefore come boldly unto the throne of grace, that we may obtain mercy, and find grace to help in time of need."

The Open Door of Power. Isaiah 40:29 - "He giveth power to the faint and to them that hath no might he increaseth strength." II Corinthians 12:9-10 - "And he said unto me, My grace is sufficient for thee: for my strength is made perfect in weakness. Most gladly therefore will I rather glory in my infirmities, that the power of Christ may rest upon me. Therefore I take pleasure in infirmities, in reproaches, in necessities, in persecutions, in distresses for Christ's sake: for when I am weak, then am I strong."

The Open Door of Service. Matthew 21:28-31 - "A certain man had two sons; and he came to the first, and said,

Son, go work today in my vineyard. He answered and said, I will not: but afterward he repented, and went. And he came to the second, and said likewise. And he answered and said, I go, sir: and went not. Whether of them twain did the will of his father?"

Notice again in Revelation 3:8, it states that no man can shut the door. These doors are open to all. God has provided these doors of opportunity to whosoever will believe. John 3:16 - "For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life." Hebrews 2:3 - "How shall we escape, if we neglect so great salvation." You can enter these doors by obeying the scriptures: II Corinthians 7:10, Romans 10:9-13; I John 1:9; I John 5:13.

Pentecostal Church News

Deliverance From Satan

Sin was introduced into the universe by Satan. Death came as a result of his evil influence. Not only did he inspire the first disobedience, the first lie, and the first murder, but he has continued to plague man daily to eventually send him to hell. He goes about as a roaring lion seeking whom he may devour (I Peter 5:8). He is seen in the Scriptures as one who oppresses with sickness, with evil spirits, and with all the devices at his disposal.

But - - - Jesus Christ came and died to deliver us from this evil one. Would you like for him to come into your heart and give you peace and joy. Jesus is waiting for you to open the door. He's been desiring for so long to give you happiness. Rev. 3:20 says, "Behold, I stand at the door and knock."

Words Of Appreciation

I would like to express my thanks to all our friends and family for the nice cards, gifts, flowers, phone calls, visits and prayers. To the faithful preachers, to Dr. Goyer and the nurses, and the entire staff during my stay at Tishomingo County Hospital.

This message can help save you from cancer.

- 1 Have your doctor give you a complete health checkup every year.
- 2 If you're a man or woman over 40, make sure that checkup includes a procto exam.
- 3 If you're a woman make sure it includes a simple, easy Pap test.
- 4 If you're a woman make sure you examine your breasts once a month.
- 5 Ask your dentist to check your mouth when he checks your teeth.
- 6 When you're out in the sun cover up and use screening lotion.
- 7 Don't smoke cigarettes.

Reception Honors Golden Wedding Anniversary

It was on June 19, 1930, that Mr. Clayton Bostick claimed as his bride Miss Leighvella Cooke, of Iuka. Commemorating this event of fifty years ago, their brothers and sisters honored them on Sunday, June 15, with a reception in the fellowship hall of First United Methodist Church in Belmont, where they are active members.

The serving table was overlaid with a floor-length Army/Navy cloth. Placed in the center was a four-branched candelabrum featuring gold candles and an artistic arrangement of yellow carnations, deep yellow poms, and gypsophila. The three-tiered white cake, decorated with gold sugar-spun roses and topped with the numeral "50" in gold, was placed on one end of the table. Sparkling yellow punch was served from a crystal bowl on a silver tray, encircled with poms and English ivy.

The registry table was draped with a gold satin cloth and decorated with a three-branched candelabrum with gold tapers intermingled with an arrangement of cara mia roses.

Gift potted plants and floral arrangements, along with three Boston ferns on wrought iron stands and trailing English ivy graced the receiving area at vantage points.

Appropriate piano selections were played by Jean Lambert and Mabeline Yarber throughout the receiving hours. The more than two-hundred friends and relatives who came to offer congratulatory messages to the honorees attest to the popularity of the esteemed couple.

Those who assisted in serving and in various other ways were: Alice Moore, Mavis Hooper, Irene Harris, Rebekah Harlow, Ann Parrish, Rhea Senter, Judy McCreary, Sally Davis, Diane Bostick, Lucretia Alexander, Emily Hutcheson, Florice Sisk, Ann Shook, Ruthal Comer, Lynda Bostick and Cleo Cooke.

The out-of-town guests included: Mr. and Mrs. Robert Summerford, Smithville; Mr. and Mrs. James Morse, Memphis; Mr. and Mrs. Luther Tucker, Eva, Alabama; Mr. and Mrs. Eugene Dozier, Misses Verla and Annie Dozier, Guin, Alabama; Mrs. Flora Bostick, Mrs. Amilea Brinkley, and James Couch, of Winfield, Ala.; Mr. and Mrs. Maynard Nabors, Mrs. Lola Keeton, Miss Lorine Bullen, Mrs. Edith Bullen, Mr. and Mrs. Oval Wiggins, Mr. and Mrs. C.H. White, Mrs. Martha Ogle, Mrs. Betty Barker, and Miss Azilee Martin, of Red Bay; Mr. and Mrs. Buster Davis, Mr. and Mrs. James

many living long distances away.

Sunday, the 15th, was most enjoyed for the anniversary with all nine children present. Eighteen of their twenty-six grandchildren and six of their ten great-grandchildren, with a host of many other relatives and friends.

Cake, punch, coffee and other goodies were served by granddaughters and daughters-in-law.

Their sons and families, Mr. and Mrs. Quinton King, Michelle and Leslie, Jackson, Miss.; Mr. and Mrs. Frankie King and son, Johnny, Dennis; Mr. and Mrs. Tommy King and son, Christopher, Forest Grove; Mr. and Mrs. Joe King and son, Heath, and daughter, Heather, Milton, Fla.; daughters and families: Mrs. Veneva Slaughter, her grandson, Jason, Arkadelphia, Ark.; Mrs. Virginia Summers and husband, Dale, Cindy and Kelly, California, Maryland; Mrs. Barbara Allred, Trudy and Rebecca, Pahokee, Fla.; Mrs. Glenda Evans and son, Terry, and daughter, Tracy, West Helena, Ark.; Mrs. Perry Ross and husband, Dennis, daughter, Hope, and sons, Eric and Kirk, Corinth. Other relatives and friends are many - not mentioned by name, yet remembered with love and best wishes.

Personal

Mr. and Mrs. Bliss Hamm and Mr. and Mrs. Mark Linton enjoyed a National Wagon Train Trail Ride the past two

weeks. People from 28 states, including Washington, New York, Virginia, California, Louisiana, and many others brought covered wagons, buggies, stage coaches, all breeds of horses and lots of mules and all had a good time on the trail. After it was over in the evenings they enjoyed country and western music, square dancing, singing, pot luck suppers, etc. in a good clean fellowship. The trail started at Milan, Tn. and ended at Loretta Lynn's Ranch, traveling from 14 to 22 miles per day, the long way around. These trails are blazed and conducted by Edna Cook, of Bessemer, Ala.

New Arrival

Pat and Sue Glover, of Iuka, would like to announce the arrival of their new baby boy, Bryan Scott, born on June 17, at Tishomingo County Hospital, weighing 8 lbs. 9 ozs.

Grandparents are Mr. and Mrs. Tulton Rast, of Iuka; and Mrs. John Glover, of Corinth. Great-grandparents are Mrs. Angie Aldridge, of Iuka; Mr. Willie Patrick, of Iuka; Mrs. Julia Yale, of Sheffield, England; and Mrs. Ivy Glover, of Iuka.

Make Summer Safe For Your Child

More than 17 million children are injured in ac-

cidents each year. Most accidents involving children younger than five are home-related and occur in July and August.

Susie Overstreet, Mississippi Cooperative Extension Service health education specialist, said many accidents can be avoided if parents plan and educate children to be careful.

Many accidents occur on playground equipment. Supervise children while they are using this equipment, she suggested. Make sure nuts, bolts and screws are tightened. Replace any rusted connectors such as nuts, bolts and chains.

Hard surfaces under play equipment also cause many injuries. Avoid gravel and concrete. Sand isn't recommended because it attracts animals and harbors germs.

"Wood chips make a good surface, but caution children against putting the chips in their mouths or throwing them," she said.

Glass doors can be dangerous. Miss Overstreet suggested putting decals of different shapes and sizes on glass doors, even those that are shatter-proof.

Other safety measures include: Remove discarded boxes and boards with nails; lock doors of refrigerators and trunks left outside; store paint, aerosol cans and poisonous sprays out of reach of children; teach children not to eat wild mushrooms, berries and other plant parts. If your children play out-

side after dark, make sure the play area is well lighted. A fence may be a good investment. It keeps children out of the street, away from stray animals and makes safety easier to teach.

Direct Deposit Saves Time

Over one-fourth of the 35 million people receiving social security payments and the 4.2 million persons receiving supplemental security income (SSI) payments have their monthly checks sent directly to a bank, Federal or State credit union, or other financial organization.

The direct deposit service has been available from social security since 1975.

People who use direct deposit don't have to worry about their checks being lost or stolen. Direct deposit saves time and transportation costs by avoiding a trip to cash or deposit a check.

People can arrange for direct deposit by completing Form SF-1199. Forms are available at most financial organizations. Completion of the form authorizes the bank or other financial organization to arrange for the deposit of the monthly benefit to the proper account. More information about benefits available through Social Security or SSI may be obtained by contacting any Social Security Office. The phone number in Corinth is 287-5241. Most residents of

Tippah and Tishomingo counties can call the office in Corinth at no charge by dialing 837-3018 or 423-8042 respectively.

Bible Study Time

What Is Sin?
By: Bill Cornelius,
Evangelist

We continue the thought from last week on "What Is Sin". Ex. 23:2 wisely counsels us, "Thou shalt not follow a multitude to evil." Then there are those who tell us that we must wait until we are in a certain situation before we can know what we ought to do. Now it may be true that this is what many people do, but to formulate this as a guiding principle is something else. This philosophy really is saying that there can be no objective standard of morality which does not change the law of God. Those who maintain this position often stress that the highest law is the law of love, as though that law were something different from the law of God. Love, it is said, will determine in each situation what I ought to do. In reality this twists love, for genuine love to God and man is expressed by bringing our lives, and even our opinion of what constitutes love, into conformity with the law of God, the Ten Commandments.

Finally, there are the

people who look to other persons, perhaps persons they consider wise, or good, or holy to tell them what is right or wrong. Some people are guided by the stars, or so called Sages, Saints, or Spirits. These folk attempt to relinquish their moral responsibility to other human beings or forces. Sometimes these same trusts are given to a group, political party, church or some other religious organization. The Prophet of the Old Testament, particularly Jeremiah and Ezekiel, warn of such folly. Surely Godly pastors may help us adequately when they direct us to the word of truth, the scriptures.

Really what it boils down to is this . . . who is going to define sin? Am I, or is God? The problem with me, or any other human being defining sin, is that we are infected so

thoroughly with sin that our definition would never be adequate, in fact, Eph. 2:1 says that we are dead in trespasses and sins . . . for us, in our condition to attempt to define righteousness is something like a deaf person trying to define sound, or a blind person trying to define light. So God in love and mercy has given us his law, the Ten Commandments, to define sin. As we have already read, sin is the transgression of the law (1 St. John 3:4).

I am not saying that by keeping the commandments you can be saved . . . never! We are saved by the blood of Jesus Christ, the Son of God. But, once you are saved by the blood, you cannot sin without breaking a commandment, nor can you break a commandment without sinning. It is as simple as that. If you study the Ten Commandments, and digest the

meaning of each, I think you will realize this is true.

If anyone has a question, or comment you may write me, Billy Cornelius, Route 1, Box 385 A, Phil Campbell, Ala. 35580.

HEALTH NEWS Successful Nerves

There are, after all, only two types of people in this world and the thing that marks the separating line is the condition of their nerves.

The man or woman whose nerves are in normal working order free from unnatural pressure is vitally alive, energetic and healthy.

It doesn't seem possible that such a little thing as nerve pressure could make so great a difference in the lives and happiness of people who are otherwise alike and yet, of two men equal in wealth, education and opportunity, the one with the most healthy set of nerves is the man most likely to succeed in his chosen field be it commerce, art, or industry.

If you could look inside the bodies of those who have achieved success in different lines of endeavor, you would find excellent sets of nerves, each performing its normal healthy duty. You would understand why such a person sees, hears, tastes, smells and feels more and better than other people; and is generally more alert and aggressive. You would understand why, with his mental alertness and physical agility, he learns things more easily and remembers them longer than the man with sick nerves.

Chiropractic works with nerves. It builds them. It strengthens them. It sends nourishing vital forces through them, and thus enables boys, girls, men and women to receive the full benefit of the good things of this life.

One of a series of articles published in the public interest to explain and illustrate the practice of scientific chiropractic.

Do you have enough will power to save yourself?

Today saving money is more crucial than ever.

The money you save now could literally save you next week when your car breaks down—or later in life when your social security and other benefits may not be enough to keep pace with the cost of living.

You're in a fight for your life, your financial life and the security of those closest to you. It's a tougher fight today than ever with inflation eating away at your paycheck.

You're going to need all the will power you can muster. You're going to have to pay yourself first before anyone else, on a regular basis. That's rule number one. And, you need a place to save where people understand what you're up against.

There are many ways.

When it comes right down to it, most banks offer the same range of financial services. So the main difference in banks is the difference in the people. You want people who will talk straight with you, especially when it comes to saving. Any bank will gladly take your savings money but will they show you how to save? Will they take the time to explain all the different plans to you and help you pick out the one that's best for you?

How do you get the most for your money?

At First Bank, we're going to make sure that you understand all about all of the different programs. Then we're going to help you with a plan that's tailor-made for your situation.

We'll even make sure your savings account backs up your check book—if you want it to—and call you whenever you face a possible overdraft. We give you a telephone with a person who cares at the other end. That's our kind of money machine and we believe it beats the others. We talk to you when you need help.

And we're going to start right at the beginning to figure your needs.

Start with how you spend your money.

How much you save depends on your spending habits. The first thing we do is help you get your budget in line. If you're an impulsive spender, our better bankers can help you curve your spending appetite with a plan that "spends" your money on savings. With the added inducement of nice, steady interest. It's an automatic way to save. We call it First Saver.

Is there a sure way to save?

Sure. To get yourself in the habit of paying yourself first, start with a First Saver account. You decide how much you want to save every week or every month. Then forget about it. We automatically transfer that amount from your checking account into your savings. So in effect, you've paid yourself first. You have a cushion for an emergency as well as a plan for longer-term investment.

Earn up to 7-3/4%, or more.

When your savings account has reached a certain point, say about as much as three months' salary—to cover

most emergencies—we'll tell you to invest in a savings certificate.

Because it gives you a much higher interest rate.

Since you leave your money with us longer, it earns more. And you pick your own maturity date (the length of time you leave your money with us).

A savings certificate is an easy way to salt away some extra cash at a handsome rate of interest. Our chart's current rates tell the story.

Minimum Investment	Maturity*	Interest Rate
\$ 500	12-29 mos.	6%
\$ 500	30-47 mos.	6-1/2%
\$1,000	30 mos.	Variable
\$1,000	4 years	7-1/4%
\$1,000	6-8 years	7-1/2%
\$1,000	8 years	7-3/4%

Or if you have a minimum of \$10,000 we can show you how to invest in 6-month certificates that pay the highest current money market rates for a short term deposit.

Borrow on your savings.

Making money by saving money is an obvious advantage. Your savings account or savings certificate can be used as loan collateral as well. Why borrow when you have money saved? Sometimes, it's cheaper to borrow.

There are many times when the economical cost of a loan for a short period is less than the interest you would forfeit by cashing your certificate in before maturity.

Give your savings a raise today.

You can't afford not to. The whole idea of saving money today is to have something for tomorrow. If you don't save more now, you could be caught short in the future. Think about tomorrow today. Look over your present savings.

If you need help, call on us. Chances are, we have just the plan to meet your needs. At First Bank, you don't just get a savings account, you get a better banker to help you do the best possible job of saving your money.

*Substantial interest penalty is required for early withdrawal.

A family gathering, celebrating the 90th birthday of Mrs. Katie Duke, was held Saturday afternoon, June 21, 1980, on the lawn of her home in the Carters Branch Community.

Sweet Land Of Liberty

The first Americans on this earth struggled for life, liberty, and the pursuit of happiness; and today we continue in this struggle. Jesus said, "... I am come that they might have life, and that they might have it more abundantly." (John 10:10) We need to learn of that abundant life by reading the Bible as through reading it, we learn about salvation, we learn how to pray, and we learn how to live Godly lives on this earth.

America is great because God has blessed this nation; and He will continue to bless us as a nation as long as we turn our hearts to things of God. Daily we should pray and thank God for our liberty as so many nations cannot celebrate liberty as we do on this Fourth.

According to St. Luke, Chapter 17, Christ's second coming will be as it was in the

days of Lot. This City was destroyed because the people were in sin and had forgotten God. We must be careful that our nation is not headed that way. We have increased greatly in sins of alcoholism, suicides, drug addicts, sex which is filmed, sex without marriage, homosexuality, X-rated movies nudity on TV, beaches, and movies, adultery, materialism, love of money, the occult (fortune telling, horoscopes and the like), much crime, much violence, a lust for pleasures, lying, stealing, cheating, sins of pride, vanity and wealth, taking the Lord's name in vain, and many others.

And yet God does not withdraw His mercy from us for He says: "If my people shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and forgive their sins, and will heal their land." (II Chron. 7:14)

"And ye shall know the truth, and the truth shall make you free." (St. John 8:32) Jesus Christ is the way, the truth and the life (St. John 14:6). From Him we receive the Holy Spirit. "Now the Lord is that Spirit: and where the Spirit of the Lord is, there is liberty." (II Cor. 3:17)

"For you were called to freedom, brethren; only do not use your freedom as an opportunity for the flesh, but

through love be servants of one another. "For the whole law is fulfilled in one word, 'You shall love your neighbor as yourself.'" (Galatians 5:13-14)

Christ has freed us from our sins by dying on the Cross for them. "Stand fast therefore in the liberty wherewith Christ hath made us free, and be not entangled again with the yoke of bondage." (sin and the devil) (Galatians 5:1)

"For blessed is the nation whose God is the Lord..." (Psalm 33:12)

Let us pray:

Our father's God! to Thee,

Author of liberty,

To Thee we sing;

Long may our land be bright

With freedom's holy light;

Protect us by Thy might,

Great God, our King!

Amen

JOB SERVICE

The state's unemployment rate rose to 6.9 percent in May, an increase of 0.5 percent compared to April's 6.4 jobless rate, according to Mississippi Employment Security Commission Executive Director Edgar C. Lloyd, Jr. Last year's unemployment rate for May stood at 5.1 percent.

The 6.9 percent for the state was lower than the

national rate of 7.0 for May. MESC figures showed 70,700 unemployed and 960,100 employed out of a civilian labor force of 1,030,800. The initial unemployment insurance claims totaled 29,707 for May. Continued claims totaled nearly 133,000 for the same

period compared to only 80,000 a year ago.

The counties having the highest rate of unemployment were Jefferson with a rate of 18.5, Grenada with a rate of 11.6 and Alcorn with a rate of 11.5.

Smith, Franklin, and

Rankin had the lowest rates of unemployment. Smith had a rate of 4.2, Franklin had a rate of 4.1 and Rankin had an unemployment rate of 3.1.

Fifty-one counties showed an increase in the unemployment rate for May while three remained the same.
