President Carter Opened Campaign In Tuscumbia

President Jimmy Carter of-
ficially opened his campaign
for re-election on Labor Day,
September 1, by returning to
his native Southland.
Tuscumbia, Alabama's
Spring Park was the scene of
the historical event in which
an estimated crowd of 50,000
to 60,000 people endured the
near 100° Alabama heat and
gathered in the Spring Park or
along the Tuscumbia motor-
cade route for a view of the
nation's leader, Mrs. Carter

and Amy.
The President opened his
remarks by assuring the
crowd that he was "glad to be
back in the South where
people don't speak with an
accent." Among the topics
stressed in the President's
speech was the labor theme,
praise for the Polish striking
workers for the achievements
of their goals, mentioning
less foreign oil being impor-
ted by the United States, rein-
forced his energy goals, and

promised to continue
building America's military
strength.
The First Family arrived by
Air Force I at the Muscle
Shoals Airport and attended a
private fund raising luncheon
at Mr. C's Dinner Theatre
before traveling by motor-
cade to the park. The
President, atop the
limousine, waved to the
throngs of people lining
Tuscumbia's streets before
arriving at the park.

Iuka Marching Band Performs In Presidential Parade

Several Northeast
Mississippi residents were on
hand for the occasion, in-
cluding top legislators and
some municipal officials.
Also among the Mississipp-
ians was the Iuka High
School Marching Band and
their director, David Bagley.
The Marching Band was the
official band representing the
Magnolia State and attended
and performed by invitation
from Washington, D.C.
The band members and
chaperons gathered at the
Iuka High School at 7 a.m. on
Labor Day morning feeling
very honored with the goal
which lay before them.
To avoid any question, the
band members had met
previously and constructed
signs reading "The Official
Band Representing
Mississippi".
The trip to Tuscumbia
began with the caravan stop-
ping momentarily at Iuka's
Mineral Springs Park where a
gallon jug was filled with
mineral water to be presented
to the president. The jug had
been artistically designed
with Chief Iuka painted by
Sondra Duckett, an Iuka High
School sophomore, and a
booklet of Iuka's history was
attached.

heat of the 1980 Labor Day.

Clean Air Conditioner Filter

Have you cleaned the filter on your air conditioner lately? If not, you probably are not getting the full benefit of its cooling capacity.

An air conditioner's efficiency is related to the air moving through the unit. Lint and dust reduce the amount of air that can pass through the unit and reduce cooling effectiveness. A buildup of lint and dust can overload the unit.

Check the filter to see if it needs cleaning or replacing.

Most room air conditioners have a permanent filter that can be cleaned. Clean the filter with the vacuum or remove it and wash it. The sprayer on the sink helps remove the accumulation of lint and dust.

The grills need cleaning, too. Usually a soft brush and vacuum cleaner will do the job, but you may need to use a rag to remove the greasy deposit. Clean the dust and lint from around the coils and the inside while the grill is removed.

An air conditioner with lint and dust removed will cool

your home more effectively, so clean it often in hot water.

"Manage" To Keep Cool

There are more hot days left in this year and you can still save energy by doing a few things to keep your house cooler.

You can "manage" to be cooler and "manage" to reduce the energy you use.

*Keep drapes closed during the day to insulate windows. Shutters or shielding on the exterior of the window is even better.

*Take advantage on any cool nights to turn off the air conditioner. Open the windows and enjoy nature's air conditioning.

*Close off rooms that are inclined to be warm: The kitchen, laundry or utility room.

*Avoid using heat-producing items such as: lights, TV sets, motors, ovens and other appliances that give off heat in the hottest part of the day. Turn all off when not in use. Any heat given off by appliances makes your home hotter and makes your cooling system work harder.

*Use exhaust fans when cooking, mopping and bathing. Both excessive heat and moisture will be removed.

ASCA FARM PROGRAM ADMINISTRATORS TO REVIEW AGRICULTURE POLICY AT WASHINGTON MEETING

State committees and state executive directors of the Agricultural Stabilization and Conservation Service reviewed federal farm programs and their role in American and world agriculture at a conference in Washington, D.C., on August 26 - 28. Secretary of Agriculture Bob Bergland announced recently. About 170 farmers who serve on the

ASCS state committees plus state executive directors attended. Secretary of Agriculture Bergland, U.S. Senators Herman Talmadge and Tom Eagleton and Congressmen Jamie L. Whitten, Tom Foley and Charles Rose were among those addressing the group. "As we move into the last year of administering the programs of the Food and Agriculture Act of 1977, we are looking toward new legislation to meet the needs of U.S. agriculture in a world of expanding demands and accelerating production costs," Bergland said. "We'll be able to review program goals and achievements as well as look to the future." The group heard about the legislative, administrative and policy-making processes that affect farm programs and agriculture as a whole. They discussed policies and goals with top officials in USDA and U.S. senators and representatives. The last meeting for state committees and directors was held in 1978. State committees composed of farmers appointed by the Secretary of Agriculture work with full-time state directors to administer federal farm programs in their states. Members of the Mississippi State ASCS Committee are: Charles Riddell, Canton, (Chairman); McKinley Martin, Clarksdale; J.K. Hurdle, Holly Springs; Pauline Herring, Mendville; and Hal Purnell, Starkville.

"Whereas, an abundant supply of forage from Mississippi's 4 1/2 million acres of forage crops is vital to the production of quality meat, milk and milk products for our State, Nation and the world," is the way a proclamation signed by Governor Winter recently proclaiming September as "Pasture Improvement Month" begins. Bowmar Virden, Jr., Hinds County farmer and Chairman of the Mississippi Association of Conservation Districts (MACD) Pastureland

September Is Pasture Improvement Month

Committee, says interest is being placed on pasture management and development during this month. "There is always room for improvement in our pasture program," states Virden. The high cost of fertilizer coupled with the mid-summer dry spell has caused many producers to put off needed pasture maintenance jobs. Also, several thousand acres have been plowed up and put into soybeans. However, the situation has improved. Cattle prices are better and we have adequate moisture. Relatively low cattle numbers nationwide appear to support the theory that prices will stay up for the next several years.

If you have postponed pasture renovation, fertilization, or liming, you may be short-changing future profits from your cattle operation. You may also be losing more topsoil than you think.

All cattlemen realize that good management is doing the right thing at the right time. September is a month when many of the right things can be done to your pastures. Virden provides a quick check list for cattlemen:

* Soil test for proper fertilization requirements.

* Lime for essential growth of legumes.

* Plant legumes for increase in nitrogen as well as provide quality forage.

* Overseed or plant winter grazing crops.

* Plan for the coming year. Any one or all of these items will help you improve your pasture program this year as well as years to come. Cooperating with the MACD Pastureland Committee in this endeavor are Mississippi Cooperative Extension Ser-

vice, Soil Conservation Service, Mississippi Department of Agriculture and Commerce, and the Mississippi Cattlemen's Association.

Hot Water... The Big Bite

After heating and cooling, hot water takes the next biggest bite of your electric bill... about 25 percent.

Along with fixing those leaky faucets, taking brief showers, and washing full loads of clothes and dishes, we suggest you wrap your electric water heater with additional insulation. Use R-11 value batt-type insulation or an insulation package especially for water heaters. The dollar or two you'll save each month on your electric bill will pay for the additional insulation in a short time.

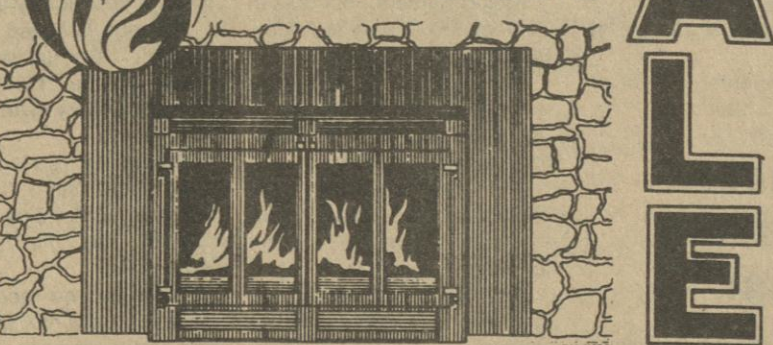

Make this big bite in your energy budget smaller... conserve your hot water.

The bride chose for her wedding a lovely floor length creation fashioned of white silk organza and chantilly lace. The bodice was designed with a mandarin neckline, sheer yoke, and natural waist, encrusted with lace and seed pearls. Full gathered split-sleeves were accented with rows of lace terminating with wide lace cuffs. The full flowing A-line skirt featured a wide row of lace encircling the hemline and reaching the center front of the skirt. Lace and appliques accented the skirt and the chapel length train. The bride carried a fall bouquet of miniature pink and burgundy carnations entwined with lace and pink and burgundy satin ribbon as she was escorted by her grandfather, who was attired in a burgundy tuxedo with a white silk carnation boutonniere.

As the bride was escorted down the aisle, she paused to present her grandmother with a single red rose of silk.

After the vows were exchanged, the bride and groom lit the unity candle upon leaving the altar. To complete the ceremony, the bride

presented the groom's mother with a single red silk rose.

Ms. Linda Bates attended the bride as maid of honor. The bridesmaids were Wanda Harris, sister-in-law of the bride, and Karen Breidenbach. Their pastel pink gowns were made of satin with an outer covering of chiffon. A white lace yoke set off by a standup mandarin collar enhanced the dresses. An empire waistline tapered back to a full sash and the A-line skirt featured a ruffle encircling the hemline. Their lovely fall bouquets also made up of miniature pink and burgundy carnations with the entwined lace and silk ribbon, accented their dresses.

Mr. Roy Walters attended the groom as best man. The groomsmen were Mr. Bill Harris, brother of the bride, and Mr. Chuck Breidenbach. Mr. Bruce Hunt and Mr. Jerrell Bates served as the ushers. They were dressed in burgundy tuxedos and a white shirt, accented with a ruffle trimmed in burgundy. They also wore white silk carnation boutonnieres.

After the ceremony, a reception was held in honor of the newlywed couple at the Fellowship Hall of the church. Serving at the reception were Ms. Denise Kirk, Mrs. Ruth Ortnier, Mrs. Barbara Pardue, and Ms. June Mapes. Little Ms. Amy Cawby and little Ms. Dena Cawby, nieces of the groom, distributed to the guests rice bags of pink, blue and yellow net.

The bride's table was adorned with a pink table cloth, set off with an arrangement of pink carnations and burgundy roses. The three-tier wedding cake was highlighted with a fountain of running water surrounded by pink and burgundy roses as its first tier. The fountain upheld the other tiers and the bride and groom couple perched on the top. The middle tier was also decorated with pink and burgundy roses. Also served at the bride's table was punch, nuts and mints.

The groom's table was enhanced with a burgundy cloth, set off with a brass candle and a grape ring arrangement. Perched on top of the chocolate cake was a groom and his carriage. Coffee was also served.

The reception was under the direction of Mrs. Joan Williams and Mrs. Hazel Williams.

For her trousseau, the bride chose a dress with pink and burgundy flowers and a silk corsage for a finishing touch.

Mr. and Mrs. Jim Cawby are now making their home in Counce, Tenn., after a honeymoon cruise to the Bahamas.

Ashley Hamilton

18 Year Old Killed During Robbery

Ashley Hamilton, 18 year old daughter of Mrs. Ann Shoaf and Ray Hamilton, both of Memphis, was shot and killed early Saturday at 1861 Poplar, Memphis, after trying to chase a man that had stolen her sister's purse.

Ashley is the granddaughter of Herbert M. Biggs of Iuka, and Mrs. Watt Blakemore of Millington. Her grandfather, the late Raymond Hamilton, was the former owner and publisher of the Vidette in Iuka for several years.

Police said Miss Hamilton was shot in the temple and chest about 2 a.m. She was pronounced dead at Baptist Hospital at 3:50 a.m.

Officers said the shooting occurred as the victim and

her sister, Miss Leslie Hamilton, 24, arrived at Leslie Hamilton's apartment and were preparing to go inside.

Lt. Jim Music of the violent crimes investigation squad indicated that police did not have a suspect in the case. He said investigators were "continuing to try to piece together exactly what happened and hopefully come up with something."

Said the girls' father, "They were just going in to freshen up and go back out again. Ashley's boy friend was in some kind of contest going on at Overton Square and couldn't leave. Leslie said they were going to go out and get something to eat."

According to the account given police by Leslie

Hamilton, as the two women approached the door to the apartment, a man jumped from the shadows pointed a gun at her, demanded money, and said, "If you move, I'll kill you."

Leslie Hamilton gave the man the purse and he fled between two apartment buildings, officers said.

At that point, police said, Ashley Hamilton - who was apparently a short distance from her sister as the robbery was taking place - began chasing the man. She pursued him as far as the side of the apartment building before the man turned and fired the fatal shots.

"It's all a horrible shock to us," said Hamilton. "I still don't know exactly how everything happened because Leslie has been so upset we've had to talk to her in spurts."

"She's taken it really hard. The two of them were as close as two sisters could be."

Hamilton said Ashley - who lived with her mother - Mrs. Ann Shoaf - had graduated this spring from Briarcrest High School and was about to enter Memphis State University.

"She wanted to be a veterinarian. She loved animals. She had two horses and it's something she has always wanted to do."

"I talked to her just Thursday night. She called to tell me about how her plans for college were going. She was very happy about everything. Life was going good for her."

Ashley, he said, worked part time at Tullulah's, a dress shop in Overton Square, where her sister is the manager.

"It was her second job," he said. "She worked at Denny's (on Mt. Moriah) a couple of years ago part time during the daytime. At the time her mother thought it would be too dangerous for her to work nights."

Even though the first hour of my day is hectic, when socks are lost, toast is burned, tempers are short, thank you, Lord, for my wonderful children to get off to school. There are many who are childless.

Even though our breakfast table never looks like the pictures in the ladies' magazines and the menu is at times unbalanced, thank you, Lord, for the food we have. There are many who are hungry.

Even though we sometimes forget our morning prayers, thank you, Lord, that You do not forget to guard and protect us during the day, and thank you, for the gift of faith. There are many who are atheists.

Even though the routine of my job is often monotonous, thank you, Lord, for the opportunity to work. There are many who are unemployed.

Even though I don't always approve of the way our country is run, thank you, Lord, that I live in the greatest nation on earth.

Even though I grumble and gripe and bemoan my fate from day to day, and wish my modest circumstances were not quite so modest, thank you, Lord, for the gift of life. Help me, Lord, to improve my attitude and forever be grateful.

CHARLES O. RUSHING, DIRECTOR

Accountability & Instructional Management

The Mississippi Commission on School Accreditation has established new standards which requires that by November 1, 1984, each accredited school shall have a written description of its instructional program and a systematic plan for evaluation.

The Tishomingo County Schools wish to use "accountability" as a tool for systematically improving the educational program. The teachers will be allowed one one-half (1/2) days from the regular schedule to develop the skills and objectives of the program. A simple idea of what will be taking place is: what will be taught? how it will be taught? and how it will be evaluated?

We have some great teachers in Tishomingo County and over the State. We know there are problems in education in Mississippi. The question is what are we going to do? The school board, administrators, teachers, parents, and students are going to work together, because each is responsible for doing his/her job of improving and instructional program. The school board members provide the facilities and set the policies for operating the schools. The administrators carry out policies and administrative procedures of the schools. The teachers bear the burden of instruction to students of the curriculum and extra-curricular activities. The parents provides the students with the basic intrinsic values of love, respect of parents, respect for others, a right attitude toward work, and a desire for success. It is evident that we all need to work together to improve instruction for our most important resource -- the students of this county, state, and nation.

The Accountability and Instructional Management Plan (AIM) is designed to provide continued improvement of instruction and will point out where the weaknesses are in education. Many educators believe this may be the best step for education in many

years. Educators from around the nation are watching Mississippi.

Correction

The name of Sherry Lowery was omitted from last week's edition of the Tishomingo County News. We regret this error. Sherry, daughter of Mr. and Mrs. James Lowery, was second alternate in the contest for "Queen of the 1980 Tishomingo County Fair".

Thanks

Iuka Chief of Police told The Tishomingo County News that a tree had recently fallen on Eastport Street across from the WVOM Radio Station and near the home of the Aubrey Stewarts. Chief Rye wishes to thank Ben McRae and the employees of the Tishomingo County Power Association for their efforts in assisting in the tree removal and for the untiring assistance of Mr. and Mrs. Stewart in helping to clear the area of the tree and the debris.

Wadkins

(Buddy) Newman,
of the House of
Representatives, announces
appointment of State
Representative Mack L.
Wadkins, of Tishomingo and
Belmont Counties, to serve on
a committee to study
various aspects of the
Tenn-Tom Bridge Project. The
committee will be respon-
sible for providing answers to
the following questions: 1) How
much money has gone into the
Tenn-Tom Bridge Project from
all sources (grants, in-lieu taxes,

millage and state funds since
the law was enacted; 2) How
much money has been spent
and for what; 3) How much
surplus remain in the funds?

In addition to providing
answers to these questions, the
committee is also directed to
study the benefits of the
bridge project to the Tom-
bigbee Region of Mississippi
and to the state as a whole
and the method by which the
in-lieu payments by T.V.A.
ARE DISTRIBUTED.

The issue regarding the
in-lieu tax payments from
Tishomingo County was
raised during the '79 session
of the legislature when Rep.
Wadkins introduced an
amendment to House Bill

1259 to return part of the
unused in-lieu taxes back to
the 12 counties it is being
taken from. The amendment
passed the house, but was
held on a motion to recon-
sider and later defeated.

The study of the Tenn-Tom
Bridge Project was then
requested by a delegation
from the 12 county area led
by Rep. Wadkins.

Other members appointed
to the committee are: Rep.
Tommy Campbell, Rep. Will
Wilkerson, Rep. "Bo" Robin-
son and Rep. Charlie
Williams, C.B. (Buddy)
Newman, speaker of the
house, said this committee
will give statewide represen-
tation with two of the mem-

bers being from the Tenn-
Tom - T.V.A. area.

Old Courthouse Scheduled To Open in Sept.

The Old Tishomingo County Courthouse is scheduled to be open to the public in September, according to Ed Hunley, Executive Director of the A.P.T. Rural Development Agency. With additional federal funding in doubt, \$8,100 was borrowed locally so that progress on the renovation could be maintained. Members of the boards of directors of three organizations signed notes to insure that the interior of the 1889 structure would be ready as soon as possible.

"The Tishomingo County Development Foundation, the County Museum and Cultural Center and the A.P.T. Rural Development Agency have jointly involved in the project," said Hunley, "and their boards have stuck their necks out so that the entire county can have use of this historically significant building. We are all working hard to pay off the notes, but need contributions from the public to insure that the loan is returned on time."

The Tishomingo County Museum and Cultural Center will be housed in the Old Courthouse and will offer exhibits and programs to the entire region. The Museum has already scheduled two major events for this fall. A Blue-Grass and Country Music Festival will be held in the Belmont Town Park on October 4, and an Arts and Crafts Auction is scheduled for November 8 in Iuka. "I'm really impressed with the amount and quality of hard work the organizers of the events have put in on these projects," Hunley said. "It's good to know that all the hard work and money being spent on the renovation project will be put to good use by a dedicated Museum organization."

Tax deductible contributions may be sent to the Old Tishomingo County Courthouse Fund, c/o A.P.T. Rural Development Agency, P.O. Box 335, Iuka, Mississippi 38852.

Do You Know Him?

Have you believed and been saved by Jesus? Do you know Him?

If you stood in line with a multitude of others to shake the hand of the President, could you go away after that one touch and say that you knew the President?

We may sing in church, teach Sunday School, or be a deacon but do we really know this man, Jesus. It is one thing to be healed and another to know the healer. One thing to be saved and another to know the Savior. It is one thing to know the 23rd Psalm, but it is something else to know the Shepherd.

When we meet Jesus and He forgives our sins and fills us with the Holy Ghost that is the beginning of our relationship with Jesus. Through time we grow and have a deeper walk with the Lord, we learn more about Him. He becomes a friend that sticketh closer than a brother. Then we have come to really know Him.

Can a person go to Heaven without really knowing Him?

Message For Meditation

By: Terry L. Booker, Pastor New Lebanon Church Seven Words From The Cross

We cherish the last words of dying men. We cling to them in hope for some direction. In Luke 23:32-46, these were not the last words of Christ for he is eternal. What can we learn from these words as to the character of Christ in his suffering and the direction for us?

FORGIVENESS. Christ's

first word from the cross is our greatest need—forgiveness. Luke 23:34 - "Then said Jesus, Father, forgive them; for they know what they do." My sins and yours nailed him to the tree. We all need forgiveness. Ask yourself 3 questions: 1) Am I a forgiven sinner, 2) Am I a forgiven saint, 3) Am I a forgiven servant.

FUTURE LIFE. Christ's second word from the cross settles the fear in most hearts concerning the future. It was spoken to the dying thief. Luke 23:43 - "And Jesus said unto him, verily I say unto thee, Today shalt thou be with me in paradise." It settles the fact that when we die in the Lord, our souls go directly to be with God, and our bodies return to the earth from whence it came. Paul said in 2 Corinthians 5:8 - "We are confident, I say, and willing rather to be absent from the body, and to be present with the Lord." It settles also the fact of death bed repentance. Not based upon works or knowledge but the recognition of Christ as King of Kings and Lord of Lords. For where there is living, there is hope (Ecclesiastes 9:4).

HOME CIRCLE. Christ's third word on the cross touches the home or family circle. John 19:26 - "When Jesus therefore saw his mother, and the disciple standing by, whom he loved, he saith unto his mother, Woman behold thy son! Then saith he to the disciple, Behold thy mother! And from that hour that disciple took her unto his own home." Christ makes the arrangements for her proper keeping. He sanctifies the ties of the home. Who were his family? Read Matthew 12:46-50. Also, notice Christ never called her Mother so as to be worshipped as the Mother of God.

ATONEMENT. Christ fourth word reveals the price he had to pay. Matthew 27:46 - "And about the ninth hour Jesus cried with a loud voice, saying, Eli, Eli, lama sabachthani? that is to say, My God, My God, why hast thou forsaken me?" It was a cry to the depths of sin. A cry of the Forsaken One. He made sin. 2 Corinthians 5:21 - "For He hath made him to be sin for us, who knew no sin; that we might be made the righteousness of God in him."

THIRST. Christ's fifth word in the cry of humanity. John 18:28 - "After this, Jesus knowing that all things were now accomplished, that the scripture might be fulfilled, saith I thirst." He was really made flesh. Although his spirit triumphed, his body toiled. We also have accom-

plished here the three types of thirst found in the Bible: a) bodily thirst, b) thirst for God, c) thirst for souls of men. ACCOMPLISHMENTS. Christ's sixth word exhibits

the sufficiency of Christ. John 19:30 - "When Jesus therefore had received the vinegar, he said, It is finished: and he bowed his head and gave up the ghost." He completes what he sets out to do. It was a sigh of relief. It was a shout of victory. It was a message to the Father. It was a proclamation to mankind that the work of atonement was finished.

REST. Christ seventh word gives the believer assurance. It came at the same time as the sixth, so there is not a conflict of scripture. Luke 23:46 - "And when Jesus had cried with a loud voice, he said, Father, into thy hands I commend my spirit: and having said thus, he gave up the ghost." He died with scripture on his lips (Psalms 31:5). Hebrews 4:1, 9:11 - "There remaineth therefore a rest to the people of God. For he that is entered into his rest, he also hath ceased from his own works, as God did from his. Let us therefore, fear, lest a promise being left us of entering into his rest, any of you should seem to come short of it. Let us labour therefore to enter into that rest."

Beginning in September, 1943, a member of the State Highway Patrol would be in Iuka on Wednesday and

aturday; in Tishomingo on Friday and in Belmont on Friday for the purpose of issuing drivers license. The curs were posted for the convenience of county citizens.

The opening exercises of the Iuka Public Schools was held in the auditorium of the elementary School Building on Monday, September 6. The exercise was to be brief consisting of a short talk by a local pastor and a few announcements by the superintendent. All children, who would have reached their sixth birthday by November 1, 1943, were allowed to enroll. Moms whose children had not been in school prior to this year were requested, if possible, to come with their children so that they might give certain information to the teacher.

Mrs. Leslie Moser, local production chairman of the Tishomingo County Chapter American Red Cross, announced that the Tishomingo County Chapter had produced a total of 730 garments for their year's work.

Bluegrass Country Music Festival

A Bluegrass-Country Music Festival will be featured as the beginning of Tishomingo County Museum and Cultural Center's fall program. The festival will be held Saturday, October 4, in the town park in Belmont, Mississippi, according to Mrs. Barbara T. McNeil, the event's coordinator.

Both professional and amateur talent from a three-state area will compete for cash prizes in a unique "pick-off". Starting at 2 p.m., the event will be spiced with arts and crafts booths and performances from area square dance groups.

"We hope that the festival will be an annual event," said Mrs. McNeil, "both for the enjoyment of the public and to give area musicians valuable exposure."

For more information, contact Mrs. Barbara T. McNeil, 427-9247 or 427-8495 or Ed Hunley, 423-6456.

Competition At Ole Miss

The University of Mississippi Law Center has initiated a new program in response to a growing interest and need for counseling and interviewing clients.

The Client Counseling Competition will be sponsored each semester by the Moot Court Board, with a team representing Ole Miss at the annual American Bar Association meeting. Over 120 law schools throughout the United States participated in last year's competition.

Each law student participating in the competition receives a one-sentence description of a client's legal problem. The student interviews and counsels the client for 30 minutes under the observation of judges. Competitors are judged on their ability to build rapport, get the facts, handle the discussion of fees, recognize complex problems, and outline a course of action. Judges are University of Mississippi law professors.

In the recent three-day elimination contest, the first place winner was Jim Nelson, of Iuka, son of Col. and Mrs. O.C. Nelson. Nelson receives an engraved plaque from the Moot Court Board.

Second place winner was Gregg Harper, of Brandon, son of Mr. and Mrs. Douglas Harper. Harper is married to the former Sidney Hancock, daughter of Mr. and Mrs. Lee Harper, 125 Wentworth, Jackson. Harper received a certificate of merit.

The competition was organized by Merle Bouchard, of Greenwood, chairman of the Client Counseling Division of the Moot Court Board, and McKinley Deaver, of Purvis, vice chairman of the Client Counseling Division.

Ms. Bouchard is the daughter of Mr. and Mrs. Dudley Robinson, of Calhoun, Ga. She is married to Dennis Bouchard, of Greenwood, and is the mother of three children.

Deaver is the son of Mr. and Mrs. Wesley Deaver, of Purvis, he is married to the former Vickie Taylor, who is the

daughter of Mr. and Mrs. Larry D. Taylor, also of Purvis.
