Mississippi Highway 25 Bridge At **North Crossroads Receives Award**

Highway Department officials received the American Institute of Steel Prize Bridge Award for the Mississippi Highway 25 Bridge that spans the Tennessee-Tombigbee Waterway in Tishomingo County near the North Crossroads Community.

The awards ceremony took place in the chilly Monday morning breezes near the

It began with a plan to build the largest man-made waterway in the world, which brought about the design and eventual construction of ten large steel and concrete bridges to span the Tennessee-Tombigbee Waterway

Highway Department was task of designing and supervising the construction of these bridges. After some years of planning, designing and building, the first bridge to be completed across the Waterway, the Highway 25 bridge, was opened to traffic August

The 2,003-foot long bridge located in Tishomingo County rises 52 feet above the Waterway pool elevation. The massive bridge is supported by 5.3 million pounds of structural steel fabricated by Allied Structural Steel of Chicago Heights, Illinois.

28, 1978.

The actual construction of

The Mississippi State the bridge involved perfect coordination of the steel fabricators, Bristol Steel and Iron Works, Inc. of Bristol, Virginia, who erected the gigantic steel beams, and general contractor Bowyer-Johnson-Kimes, Inc. of Jackson, Tennessee, with the Mississippi State Highway Department's Tupelo district.

Construction on the \$5.3 million project began February 28, 1977. Along with the structural steel, the bridge was constructed with 7,457 yards of concrete and 2.3 million pounds of reinforced steel at a cost of \$4.5 million. The project length, which includes approaches,

Steel fabricator for the approach spans was Gamble's. Montgomery, Alabama.

Nine other bridges have been completed or are under construction across the Waterway. Bridges on Highway 30 and 72 in Tishomingo County, Highways 278, 6 and 45 in Monroe County and Highway 50 in Lowndes County

Bridges under construction are on Highway 82 in Lowndes County and Highway 4 in Tishomingo County. The Highway 78 bridge in County Itawamba scheduled to be let to contract in mid-1981.

Christmas Basket Program Success

Approximately 50 underprivileged families received Christmas baskets with a total value of over \$3,500 as a Yellow Creek had conducted result of the Yellow Creek Nuclear Plant employees' "Christmas Basket" program.

Families included in the program were representatives of Alabama, Mississippi and Tennessee, including parts of Colbert County (Alabama): all of Tishomingo County, and parts of Itawamba, Prentiss. and Alcorn Counties (Mississippi); and Hardin and McNairy Counties (Ten-

nessee). Each basket was estimated at \$70 and included such items as canned hams and other canned goods, fruit, candy, blankets, ar vs. all

of which were donations from the more than 3,000 employees at Yellow creek.

1980 was the second year the program. According to Robert Marberry, a sheet metal worker and cochairman of this program committee, 1980 was much more successful than 1979. "In 1979 we only had \$591 so we were exactly \$2,909 more successful, and in 1981 we hope to do better than that. Hopefully, next year we'll be giving those baskets to 70 or

75 families." "It took a lot of time and energy." says John Kent, Training Officer, "but we all enjoyed it. Every hour, every minute we worked was well

this informative and entertaining meeting.

Open up your checking account to 51/4% interest and a free gift.

Our new First NOW checking account has a great deal to offer. Let's start with the cash.

NOW is short for Negotiable Order of Withdrawal, a new kind of checking that pays you 51/4% interest - just like savings. All you have to do is maintain a minimum monthly balance of \$1500 or more, and every month you'll see some extra cash on your checking statement. Plus as long as your balance is at least \$1000 or more, your checking is free.

No checking service charge and 51/4% interest. You earn some cash and save some, but that's not all.

121 free gifts.

During our introductory period, you'll get a free gift just for opening a NOW account. If you deposit \$1500 or more, you can choose from any of 24 quality gifts-everything from fine jewelry to beautiful home furnishings. Open an account with \$3000 or more and pick from 73 specially selected items. And if you start with \$5000 or more, you've really got a tough decision, because you can take any one of our 121 gifts - whatever strikes your fancy. Limit one gift per account.

How NOW.

First NOW interest is compounded daily and paid monthly. Any month your minimum balance falls below \$1500, you will not receive interest. And if it falls below \$1000, there will be a \$7 checking service charge. But then the next month, if your balance goes back up to \$1500, you'll earn interest again and your checking will be free.

First Team is also First NOW.

If you're a First Team player, you automatically qualify for a First NOW account. Every month your minimum balance is \$1500 or more, we'll pay you 51/4% interest. And, of course, you'll still enjoy free checks, free checking, \$15,000 accidental death insurance, free travelers cheques, reduced rates on installment loans and valuable discount coupons from area merchants—all for only \$6 a month.

If you want to save up to \$150 a year with a First Team package deal, sign up at any First Bank branch now. You can choose a free gift if your balance is at least \$1500. The same deposit amounts as for First NOW also apply to First Team.

Business NOW.

Certain businesses and non-profit organizations can also take advantage of First Bank's interest paying checking accounts. See if your business or organization qualifies for a First NOW checking account. Ask your First Banker for details.

Get your NOW gift now.

At First Bank, we can now pay interest on all your money - checking or savings. And we can give you more for your checking money -51/4% interest, free checking and, during our special introductory period, a free gift. The free gift offer ends soon, so open your First NOW or First Team NOW right away at any of our 11 branches.

By: Nellie Horton

By: Nellie R. Horton Salads To The Rescue

Salads can be as varied as your imagination.

People have been eating salad ingredients for centuries. Today there are almost limitless ways to combine all the foods we normally eat in salad form. From a nutritional and budget standpoint and because salads are such colorful and attractive foods by themselves, they are becoming more important.

Good salad techniques include selecting the best ingredients and combining them tastefully. Use only crisp greens for the base of the salad or for a tossed salad. As soon as you bring the greens home, wash them a plastic bag or other conand, when possible, keep a notice meals. variety on hand. Iceberg. Boston and leaf lettuce, en-

der spinach, cabbage leaves and watercress are excellent salad greens.

Almost any vegetable, fruit or meat will make a good salad. For the heart of the salad, combine or arrange salads just before serving. Always chill canned fruits and drain them thoroughly, Arrange in a neat, uncluttered manner. Watch for color, texture and flavor variety when you combine ingredients.

Choose a dressing to compliment the salad. Many prepared dressings are available for vegetable, fruit or meat salads. Or, you may have a favorite recipe

For easy and convenient salad making, keep your canned foods shelf well-stocked. Canned foods are easy to thoroughly, drain and store in store in a cool, dark, dry place. Watch for ones you tainer in the refrigerator. Buy use often. When they're on greens which are in season special, stock up for quick

Put all ingredients in a blender and mix until smooth. Store in a glass container for up to 10 days.

County **Agent's Notes**

By: Percie B. Stricklen. **County Agent** Grow Your Own

For many farm families, growing strawberries is more than just a way to satisfy that sweet tooth or the magic green thumb urge. It's a good way to earn some extra income in a "pick-your-own"

To grow strawberries successfully, you must follow a sound production program. Plants must be selected carefully, diseases controlled and other practices followed to insure healthy, productive plants. You'll have to be on toes, something as basic as selecting the wrong variety may mean no crop at all.

The County Extension Office has information on growing strawberries, from variety selection to harvesting. If you're interested, stop by the County Extension Office for a free copy.

President Carter extended the grain embargo to Russia for another year. Extension Marketing Specialist, Truett Bufkin, says the embargo has not affected market prices. It's up to President-Elect Reagan to lift or retain the embargo. Bufkin says many marketing experts believe Reagan will retain the embargo. If he does lift it, market prices will be affected.

Bufkin advises farmers to watch the South American soybean crop which is estimated to be about 21 million metric tons. If that crop is good, prices here will fall. Another clue to market prices is the planting intentions report which will be released this month. A more comprehensive report comes

An increasing number of may even use these salads to Mississippi farmers plant winter wheat after they harvest their soybeans. Extenhelp make a pretty place set- sion Agronomist, Dr. Charles Baskin, says there is a record Bread sticks or tiny acreage of winter wheat this year . . . More than half a acres. Attractive wheat prices and the short sovbean crop influenced the large acreage. Dr. Baskin says another benefit of wheat is that it can be grazed until the first of February and still be used for grain. Dr. Baskin predicts 50 to 75 percent of the wheat will be followed with soybeans this spring . . . Depending on weather conditions and soybean prices.

> Home mortgage loan rates have been at high levels recently. Extension Housing and Equipment Specialist, Frances Fortenberry, says the home building industry predicts the cost of money for home mortgages will remain high for three to four months. The president of the National Association of Home Builders says rates will remain in the range of unaffordable to unacceptable for the next few months. Experts say new house construction stops when interest rates are above 13 percent. Mortgages historically float two to four points above the underlying rate of inflation. Miss Fortenberry says many people will have to keep the house they now have, remodel as budgets allow or share a dwelling to cut the cost of

ASCS **Farm News**

By: Henry L. Knox, County Executive Director Peanut Acreage **Allotment Increased**

Tishomingo County has been allocated a total of 45.8 acres as its portion of the 1,739,000-acre national peanut allotment for 1981. The acreage is 6.1 acres above the 1980 allotment, according to Howard Bridges, Chairperson of the Agricultural Stabilization and Conservation Committee.

The additional acreage will help meet export requirements, he said.

Under the ASCS peanut price support program, farms are assigned an acreage allotment and a poundage quota and only peanuts grown on allotted acreage are eligible for federal price sup-

"The program contains two price support levels," Bridges said. "One for quota peanuts and another lower level for additional peanuts." Peanuts grown on allotted acres and within the farm's poundage quota are considered quota peanuts. Those grown on allotted acres, but in excess of the farm's quota are additional peanuts, he explained.

Mississippi farmers voted for marketing quotas for 1981, 1982 and 1983 crops of

The national poundage quota for 1981 is 1,440,000 tons, the minimum required by law.

For the 1980 crop, quota peanuts are supported at \$455 per ton, and additional peanuts at \$250 per ton. Loan rates for both quota and additional peanuts will be announced no later than February 15, the ASCS official said.

First, we'll tell you a little To someone who Loretta Lynn, and especially something about Mattie.

Helen might give a different version of her story, but this is it from our point of view:

Mattie Robinson Beard was born on May 27, 1911, the youngest child of W.J. and Mary Whitehurst Robinson. She was raised in the Walker-Switch Community, west of luka, where her father owned and operated a small grocery store and was a farmer and sawmiller. Being the baby of the family, Mattie received much attention from her nine older brothers and sisters, all of whom are deceased except one sister, Mrs. Mable Robinson Cummings.

Mattie was schooled in explained and laughingly that the reason she didn't learn a lot was because one of her school Helen aggravated her so that she just couldn't do her work properly.

Another of Mattie's school mates was Chester Lee Beard. Mattie and Chester were childhood sweethearts. and this handsome young man finally claimed her hand in marriage on April 13, 1929. The couple exchanged their vows at the home of Bro. Craddock, their Methodist minister, and then one year later, on April 12, 1930, the two became the elated parents of a beautiful baby daughter, Peggy.

Mattie, being the hard worker that she is, enjoyed a 30 year career at Edmondson Odorless Cleaners in downtown luka. She worked sideby-side with Strutt and Sybil Edmondson and the trio made a fine working team. Mattie continued in this field until 1972, when ill health forced an early retirement. Mrs. Sybil Edmondson is now deceased and the cleaners changed hands recently, but Mattie still has fond memories of the many happy hours in dealing with the people in luka.

A first impression would never hint that Mattie Beard has had her share of life's tragedies. On November 13. 1965, Mattie lost her husband of 36 years, but her work and her family and friends sustained her. Then in October of 1972, she suffered an aneurysm and battled with death for many weeks. But even this could not keep a strong person like Mattie Beard down for long. Her faith and will to live brought her through an even stronger. healthier and more vital person. On October 15, 1979, her grandchild, Michael

Bonds, the apple of her eye, cident, which left family and friends stunned and shocked. But Mike left behind a beautiful young daughter, Blakley Bonds, now fouryears-old, who lights up the lives of this entire family. Blakley and her mother, Linda Bruce Bonds, make their home in Baton Rouge, La., and the families make it a special point to visit often.

home with her daughter and son-in-law, Art and Peggy Bonds, in the Coleman Park area. Peggy is a homemaker and Art is Manager of Tri-State Savings and Loan Association in luka. Mattie lives a full and active life. She is a member of luka Methodist Church and is president of the Handicraft Club in luka. She loves life. loves people, and we will even venture to say that she also loves Helen Bryant.

Mattie now makes her

Mattie insisted that we let her give us a bit of history on the life of Helen Bryant. She jokingly said that Helen would just give us a patch of lies! But we can tell you that life for a ludicrous Helen Bryant has not suffered a dull moment. This is the way we

Helen Rice Bryant was born April 17, 1911, the youngest child of Jim and Mary Thompson Rice. Jim Rice was a shoemaker in luka, and he and his wife, Mary, raised their family of five children in a small house on Eastport Street. All of the Luther Ida children. Elizabeth, Buddy, all now deceased, and Helen attended school here. Helen and Mattie, being the same ane were classmates, and even as children were chums, enjoying childhood pranks and playing tricks on each other.

Mrs. Bryant, at an early age, found herself faced with the pleasing task of raising three lovely children. She threw

herself, unselfishly, into her work out of love and concern these beautiful voungsters, who have proven to be a source of strength and comfort to her. Helen held positions at W.R. Williams Variety, at Fred Gallagher's Variety, and she also worked for many years with the late Gene and Jewel Reynolds. In more recent years, she was employed at the luka Drive-In. She enjoyed work at the Drive-In for eleven years where all of her friends looked forward to seeing her friendly face across the coun-

Helen's life still revolves around her children, and as one of them said, "I guess she's just about the best friend I have." Her son, Jackie, is the owner of luka Realty Co. in luka, and he and his wife, Burnette, are the parents of three children, Theresa Darwin, and Keith and Lisa Bryant. Helen's two daughters, Peggy Dexter and Linda Dexter, who married brothers, both make their Southaven, Mississippi. Peggy is the mother of two children, Terry Lynn Shea and Dana Dexter. Linda has presented her mother with three grandchildren, DeAnna, Robert Jeffrey and Darren Scott. Helen is also the proud greatgrandmother of three little

Helen Rice Bryant was born and lived in the same house for 59 years. Her children were also born in this same house. In 1970, she purchased a house from TVA, and this house was moved to luka from Pickwick, Tennessee. Mrs. Bryant had the house completely renovated, and for the first time in her life she had her very own home. Many luka friends joined in the celebration and a hugh housewarming was given in her honor. Helen laughed and told us that she actually caught

all the gifts, thinking that she would take some of the loot for herself. Helen vows that she has photos to prove this-

to be true! in her life was in the summer of 1971, when she vigorously campaigned for Governor William Winter, who at the time was running for the office of Lieutenant Governor. Helen kept telling Mr. Winter that she was wearing out her tennis shoes campaigning for him. Then one day Mr. Winter new pair - Boy, was she ever proud of those shoes!

Helen Bryant is a member of the luka Methodist Church and is a very strong and

loading a laundry basket with vivacious person. She has lead a full and useful life and enjoys her children, her grandchildren, her home, and keeps herself busy with her hands. She sews, crochets One of the brightest spots and macrames beautifully. Helen also loves life. loves people, and in spite of everything, we believe that she also loves Mattie Beard.

Apart, Mattie and Helen are a pair of loveable, laughable and sincere individuals. But put the two together and they are utterly impossible! These "Belles of luka" have enjoyed presented Helen with a brand many years of practical jokes and mildly mischievous acts especially with each other. What a sense of humor! And we wouldn't have it any other

Health News Your Health

Someone remarked the other day that he didn't know Chiropractic care could do anything for headaches. Similar remarks may be heard from time to time concerning other conditions of the body. Even patients, upon recovery from one ailment through Chiropractic, are sometimes unaware that adjustments also can correct the cause

of Nerve Interference which creates other illnesses and conditions. The point is that Chiropractic care is not really limited to correcting backaches as most people think, but is an all around health service. Doctors of Chiropractic realize there are conditions necessitating surgery and will not hesitate to recommend these services when they deem it necessary. In fact, your doctor of Chiropractic would not accept your case if he didn't feel it would be the best all around approach to your problem.

One of a series of articles published in the public interest to explain and illustrate the practice of scientific Chiroprac-

Of CPAs

New developments in the field of individual income taxation and how to give maximum assistance in the preparation of 1980 tax returns were two of the areas covered in a two-day workshop held in Jackson, Mississippi under sponsorship of the Mississippi Society of CPAs, which was attended by Robert F. Grisham, of luka.

The workshop was led by one of the nation's outstanding authorities on taxation, Sidney Kess, of New York, widely known author, lecturer and a professor in the taxation field at the New York Law School. He covered a

Eat Less, Exercise More To Lose **Unwanted Pounds**

Are those slacks you got for Christmas a little tight in the waist? Has your perfect size 10 gone to a 12?

That's often the case after holidays filled with good food and lazy days, says Susie Mississippi Overstreet. Cooperative Extension Serhealth education vice specialist.

To lose fat, you must take in fewer calories than you burn up. She says before you do anything like jogging, dieting, joining a health club or weight reducing salon, think it through. To lose fat, which is what you want to do. you must eat a little less and exercise a little more.

Write down caloric intake and burn for one day to get a good idea of what changes you need to make. Reduce your caloric intake, but not too drastically. You need to include your nutritional daily requirements.

"Limit your weight loss to no more than two pounds per week," she says. "Do abdominal and leg exercises to firm weak muscles. Then add some all-body exercise like brisk walking, jogging, rope jumping, disco or square dancing, or swimming to burn calories faster and firm other muscles."

Choose exercise where your own body does the work. Machines which pound your fat, jiggle it or push it over rollers fool only you, she adds. They do not make the fat

Protruding result from poor posture and in your looks as well as your

A word of caution: Don't be fooled into thinking that losing water is the same as losing fat. You don't sweat off reduce it. Weight loss ex- fire department. perienced by jogging in loss. When you drink fluids, you put it back on, your fat has remained the same throughout, she adds.

There are dangers by evaporation of moisture on the surface of your skin, it interferes with your body's heat regulator. Your temperature rise rapidly and

Business Activities has a security interest in property of the debtor. During this same period, one new business corporation was

According to Mr. Pittman. Laura . Storment. Tishomingo County, received her Notary Public Commission during December.

dangerously.

Another danger is the use of diuretics (water pills). Diurectics cause the body to lose salt and water. The amount of water your body contains is directly related to your sodium level. A drug that causes you to lose sodium will trigger your kidney to release more water. This water loss would appear on the scales as weight loss -with again no change in fat.

"This is temporary loss." she says. "You drink your weight back on soon to return the body to a normal water content. If you do not replace the fluid loss, dehydration and possible shock from the decrease in blood volume may be the result.

"Another danger posed by the use of diurectics is the flushing out of potassium along with the sodium and water. Potassium is essential to life," she says.

The battle of weight control is easiest won when you begin early, after gaining two. three or five pounds. The more you put on before you start, the harder it will be to take off. The bigger, the bulges, the harder the fight. Fat loss doesn't come easy, but winning the battle will be well worth the fight.

You will find it not only improves how you feel about yourself, but also how you feel about others.

Insulation

In an attic floor, mineral insulation can retard the poor muscle tone. If, in ad- downward spread of fire dition, you have more fat that originated above it. The stored in this area, the bulge National Fire Protection becomes even more obvious Association recently reported that a woman, the only occuher house at the time. went downstairs in the morning and noticed smoke flowing under the door connecting the kitchen and the attached garage. She ran to fat anymore than you spot a neighbor's house to call the

Weight-Off Wisely

Weight-Off-Wisely groups are now being organized in Pishomingo County. One member of Weight-Off-Wisely lost 51 pounds in the last twelve weeks. Others have lost 25, 28 1/2, 32, 35, and 40

Do you need to lose 10, 15, 20, 30, 35, 40, 50 or more pounds? Join Weight-Off-Wisely today and lose weight now. By joining now a person could lose 30 pounds in twelve weeks. This would be three sizes smaller for a new spring wardrobe. Plus you will feel better and look better

Weight-Off-Wisely is a twelve week educational program to help people lose weight through sensible eating, nutrition information, and exercising. Weight-Off-Wisely will meet once a week for 11/2 to 2 hours. The weekly classes are divided between nutrition information and personal improvement, with nutrition getting the emphasis. Each session will include weigh-in, nutrition lessons, and exercise. If for health reasons you cannot take exercise, you still can participate in the program.

One Weight-Off-Wisely group was recently asked to evaluate the Weight-Off-Wisely Program. These are some of the comments: "I feel much better since I lost 40 pounds"; "I do not get hungry when I eat a balanced - as the Weight-Off-Wisely Program recommends"; "I look better and feel better in my clothes since I lost 20 pounds"; "I eat much better nutrition-wise since I joined Weight-Off-Wisely": "It is the best diet I have tried to lose weight, and I enjoy attending the Weight-Off-Wisely Group".

A \$5.00 registration fee is

charged for accurate doctor's scales and other educational material. Pre-register is now being taken for Weight-Off-

Wisely Group. you have additional questions concerning Weight-Off-Wisely or would like to register, call Nellie R. Horton, Extension Home Economist, 423-3616.

You must pre-register to at-

Pastor Jerry Dortch P.O. Box 621 luka, Mississippi 38852

January 8, 1980

Honorable Bill Allain Attorney General Jackson, Mississippi

My. name is Jerry Dortch and I live in the First District, the City of luka, and the County of Tishomingo.

My family and I would like to congratulate your office for doing a fine job. We are looking forward to working with the Office of the Attorney General, to help bring about a better environment for our children and grandchildren to live.

I has recently been brought to my attention that the State of Mississippi passed a Bill (Senate Bill No. 2315) in the year 1979 to govern the public displaying, selling, or delivery sexually oriented materials. I have discovered that many public businesses, THAT HAVE MINORS AS NORMAL BUSINESS IN-VITEES, are in open violation of Senate Bill No. 2315. I have appealed to the city police department, but there has been no action taken to get the owners to comply with this regulation. I, therefore, am writing to your office to ask what should be our next action?

Enclosed, for your convenience, is a copy of this bill. I would like to direct your attention to section No. 2 of Senate Bill No. 2315. My family would like to encourage your office to take immediate action where this bill is being violated. My concern is for the State of Mississippi, not just one county. I was informed by one of the Representatives that the regulation is being violated on Capital Street in

By T. H. Bailey Tupelo District Manager

The first telephone exchange in Mississippi began operating January 10. 1881, in Vicksburg. There were 77 telephones that first year.

Today, South Central Bell continues to build and improve a telephone system that now serves 755,000 customers in 167 Mississippi exchanges. We are proud of the tradition of service that began 100 years ago in Vicksburg.

for 100 years

A new way of charging for Directory Assistance (DA) is now in effect in Mississippi. To avoid DA charges on your phone bill, remember these important points when you need a number:

- Always look in the directory first; most of the numbers you'll need will - Make the most of your monthly 10-call allowance by planning ahead.

You can ask for as many as three numbers on each call to DA. And that means that you can get as many as 30 numbers each month without being charged. - When you must call DA, jot down the numbers you get in a personal

directory or on a Quick List, such as the one on the back of your directory. The list will provide easy reference and help you avoid DA charges in the future.

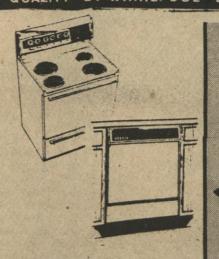

- If you move to another city, take your directory and personal number list with you. They will help you save time when you want to call friends or business associates you left behind. - When calling out-of-state long distance Directory Assistance (1 + area

code + 555-1212), be sure to dial the area code. There is no charge for calls to out-of-state DA. (If you leave out the area code, you will reach DA for long distance numbers within Mississippi.)

Chances are, by following these tips and using your ten-call allowance wisely, you'll seldom, if ever, have DA charges on your bill. So look in the book for everything and everybody!

Carmack Bucy Circle Met

The Carmack Bucy Circle, of luka Baptist Church, met on January 12, at the luka Baptist Church at 11 a.m.

Mrs. Paul Skinner opened the meeting with prayer. The program was "Gifts of the Spirit" by Mrs. Harry Cosby, leader; and "What Racial Reconciliation Meant to Our Cnurch" by Mrs. Albert Gehey.

Others present were Mrs. Edward Sanderson, Mrs. Don Landrum, Sr., Mrs. Marvin Baker and Mrs. Whit Wilson. A covered dish luncheon was served at noon.

Pentecostal **Church News**

"In the beginning God created" begins the sacred Scriptures and sets the stage of human history. The belief that God is the creator of the universe lifts the meaning of life from chaos to cosmos, from defeatism to optism, from fatalistic thoughts to a future hope.

As the vastness, beauty, and order of the universe point to God's omniscience, omnipresence, and omnipotence, His incarnation reveals His attributes of love, mercy and justice. By His vicarious death upon the

cross, He made it possible for every person to be reborn, that is to become a new creation in Him. By the acts of repentance and water babtism, and by the regeneration of the Holy Ghost, we become new in Him.

The original world was created in perfection, but since it was marred by the introduction of sin into the family of men. God promised a new heaven and a new earth, created in the grandeur of beauty to the original, as a place for His people to live in joy, peace, and righteousness forever. Are you ready? Have you been born again by the water and by the Spirit?

You are invited to attend services at the First United Pentecostal Church, 608 N. Main St., luka. Sunday School, 10 a.m.; Sunday Worship, 11:15 a.m. and 6:30 p.m.; Wednesday Bible Study, 7:15

Dial 423-3581 for Dally Bible Reading and Message. If you have a need, make your request after the message and dial tone.

"Few are those who err on the side of self-restraint."

"Happiness is activity."

COME TO CHURCH

We all have times when things go wrong, And Fortune's in reverse;

Yet we're expected to be strong,

Though things could not get worse... A strength of which the Scriptures name Examples plain to see:

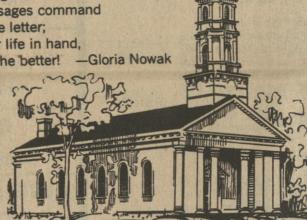

Like Job, whose faith remained the same Throughout adversity.

So why not go to Church this week, Whichever one you choose,

And listen to the Bible speak; There's not a thing to lose!

Then, what those passages command You'll follow to the letter;

And let God take your life in hand, To change it for the better!

amendment to the Constitution providing that people in Mississippi be allowed to vote when they reach the age of 18 years. The State of Georgia recently enacted a law of this kind,

for Pack 26 is Gary Bullard.

Capt. W.E. Nagle was guest of his parents. David Foun- for that week in 1944 was tain Kimberly was com- Jesus Answers His Critics, missioned Lieutenant. S/Sgt. Isaac San-

ders was stationed at Camp Swift, Texas. Cpl. Howard L. Rhodes visited his mother. T/Sqt. Claude A. Curtis, Jr., was with the Heavy Bomber Group in Tampa, Fla. Pvt. Bill Gaines spent a few days in

luka. James Noel Thompson, EM 3/C and Quinn W. Thompson, F 3/C, sons of Mrs. J.E. Thompson, received their boot training at Great Lakes U.S.N. Lloyd Sanders, age 16, died on January 1, at the home of

his father. Robert Parknew Wright, age 93, died at the home of his son near luka. Mrs. Georgia Browning, age 73, died at her home, six miles south of Burnsville. Mrs. Sarah Ellen Luker, age 79, passed away.

The Classified Ads advertised for someone to do housework for a family of three. No laundry and the salary was \$5.00 per week plus room and board.

The Majestic Theatre featured "Jitterbugs", "Battle of Russia", "Thunder River Fueds", and "Casablanca". The household hints of-

fered several suggestions. Among the items were: If the ticking of a clock annoys an invalid, yet she insists on Gaines, Brandon McAnally, knowing the time frequently, Heath Thorne. Den Mother, place a glass bowl over the Mary Thorne. The Cub Master clock. It can then be seen but not heard. When making a chocolate pie, try using half being the first state in the left-over coffee and half milk for an improved flavor.

The Sunday School Lesson a Second from Mark 2:23 - 3:6.

Signal

Hi, Everybody!

Here we are back and

Middle School has star new semester for the 19 school year. To start of semester, each sevent eighth grade class chosen a play for their to do. Each class working very hard on plays. We also have a be ball game coming up the luka vs. Burnsville at & luka.

Next week the luka School Beta Club will be ding out invitations new members.

Thought of the West You may fool some all the time, and all the some of the time, by can't fool MOM!

Snooper Robin G. - Is that for Julia A. - Are you su Gail H. - Big Mout

James B. - What wear when you want like a million bucks? Jeff L. - Watch for ica Michelle R. - Is it at Classic?

Conservation Notes

By: Bobby Manley **Terraces**

Terraces are a combination of channel and levee constructed across the slope on sloping cropland and are designed to reduce the length of slope which reduces the place. Terraces are one of the control erosion measures that can be applied to sloping cropland. They catch runoff water and divert it to a safe outlet at a nonerosive velocity. The outlet may be a grassed waterway or a vegetated area at the edge of a field.

Terraces have been used to control erosion on cropland in the southern states since the eighteenth century; therefore, terraces are not new to most farmers. However, there are some new concepts in terracing that have been used with good results. On uniformly sloping land, terraces can be constructed parallel to each other with an equal number of rows between them. This means an even number of trips across the field and elimination of point rows to save time and labor.

Another new concept is eliminating the waterway and using plastic pipe underground to dispose of runoff water. The principal involved in using pipe is to increase the levee height of the terrace across small draws in

basin for the runoff water which completely drains through the underground pipe in 24 hours or less. This detention time allows sediment to settle out resulting in keeping soil on the field where it belongs and out of drainage-ways.

For additional information on terraces or for layout and design of a terrace system on your farm, contact the Soil Conservation Service Office

American Legion Auxiliary

The luka American Legion Auxiliary met January 4. at 7:00 in the home of Mrs. Lela Clark. The membership consists of 13 members. Dues are \$6.00 per year. We hope to get two more members to reach department goals. Our meeting date is first Monday night in each month. If we are hindered in meeting at that particular time, each member is notified. We usually meet in the home of different the Auxiliary work is not participated in, as we are such a small group. Some of the work we do participate in each year is:

organization, American Cancer Fund, Mentally Retarded cause. March of Dimes, St. Jude Research Project, Special Handicapped Olympics, CARE and the dif-

Another special project of the luka Auxiliary, with the help of wonderful patrons. send two or more girls from the Junior Class of luka High School to Girl's State for a of training in Americanism. To help defray these projects, the luka

Auxiliary each year sells Claxton fruit cakes. Each year the members of this organization, as their

Christmas project, donate four dollars each and send to the Veterans Hospital for the use of some special need at the hospital or for volunteer workers to use in having a Christmas party for the Veterans that cannot go home for Christmas.

Since most of the Veterans of District I go to the VA Hospital in Memphis. our donation is requested for this

Remember, we must accept or reject our quota for Girl's State by February 14th. Junior girls interested, please

Sunday, January 25 8 a.m. to 9 a.m. Registration, then joint memorial service with the American Legion; 10 a.m. Roll Call: Business: 11:30. Retire - Adjournment.

Iuka Lions

At the regular January 6th, meeting, at the "Lion's Den", several interesting projects were discussed. Lion P.O. pronounced the benediction at the request of Lion A.W. Mangum. The Pledge of Allegiance was led by Lion Moxley, after which the group recessed for a delicious meal, provided by 'Circus Burger" Restaurant.

Lion President Milt Burton then called the meeting to order and proceeded with the business of the club.

Certificates preciation were awarded to Toney Mobley, of Fred's (who is a Lion) and to Mr. Jack Thomas, of Wal-Mart (manager), and who may soon become a Lion.

Donations were voted on and passed for several good causes Tishomingo County Old Courthouse. Mid-South Eve

Center, victims of total by fire, may appeal to receive aid from the Line Club. Of course, the main jective is aid to ind suffering hearing and sight prob Very possibly, the group soon be involved in a "Les Dog" project, which is, or less, moot question.

The next meeting will January 20, 1981.
