Alabama Firm Plans To Lease Land In County For Oil Drills

Tuscaloosa, Ala., oil firm planning to search for natural gas in Tishomingo County expects to eventually lease at least 30,000 acres for possible drilling sites in the county.

Hawkeye Oil & Gas, Inc., which has leased more than 100 acres in the county last September, probably will lease an additional 5,000 acres in the next few weeks, said Michael Estep, vice president of the company's land department. "We are going to continue leasing at least through the next few weeks," Estep said.

Encouraged by improved prices for natural gas, Hawkeye is considering the exploration for gas because of previous drillings in the county indicated gas could exist there, Estep said. The daily logs of oil wells

drilled in the county years ago showed that the odor of gas was detected at certain depths, although the wells never produced any oil or gas, Estep said.

"Our geologists feel this area has a natural gas potential," he said, adding that gas could lie in limestone or sandy formations.

Despite the prospect that gas may be found in the county, Estep said his company will decide whether to drill on the basis of such things as availability of money, the supply and demand for gas and further review of the logs. Geologists also will probably examine potential drill sites.

"But the bottom line is we would not be leasing if we did not think it had some potential," he said. "In my opinion, there will be some drilling. How soon? It could be a year

or two years; it could be shorter; it could be longer."

If "two, three or four" wells are drilled and fail to yield gas, "it would be very doubtful if there is further exploration," Estep said. The costs of drilling a well can range from \$100,000 to \$3 million, depending on its depth, he added.

The acreage leased in Tishomingo County is part of 120,000 acres in the area that Hawkeye has obtained for natural gas exploration, Estep said. Most of the acreage is in nearby Northwest Alabama, he added.

The search for gas has

become more attractive recently because of marked increases in the price of gas, he said, pointing out that prices have risen from 25 cents per 1,000 cubic feet of gas about 20 years ago to \$2.60 per thousand feet.

"It's only in the last few years that natural gas became a valuable product."

The Tishomingo County lease sites are scattered over much of the county and are owned by 80 to 85 persons, Estep said. The 10-year leases call for an annual rent of \$1 per acre and an one-eighth royalty on gas profits.

Meeting To Establish Midway Fire Dept.

The Yellow Creek Watershed Authority and the Tishomingo County Extension Service are sponsoring a meeting at the Midway Head Start Center, Monday, March 30, 1981, at 7:00 p.m., for the purpose of establishing a volunteer fire department in the Midway area.

Midway is the only area in Tishomingo County not yet organized as recommended in the Emergency Response Plan for the county developed by YCWA. Once a fire department is organized under this plan, it may become eligible for matching funds from the

TVA mitigation budget, which includes \$155,000 to upgrade emergency response capabilities in Tishomingo County.

All interested persons are urged to attend this very important meeting. If this organizational effort does not succeed at this time, the funds set aside for the Midway area will probably be redistributed to other emergency response agencies throughout the county.

For further information, please call the Yellow Creek Watershed Authority in Iuka at 423-6456.

Contracts Awarded On Hwy. Construction In County

Sealed bids were received by the State Highway Commission, Jackson, on Tuesday, March 24, for overlaying 6.917 miles of Mississippi Highway No. 25, between Iuka and Crossroads, and for the construction of grading, drainage, culverts, asphalt pavement and erosion control on 3.755 miles of U.S. Highway No. 72, between Iuka and the Mississippi-Alabama State Line in Tishomingo County.

According to Mr. Ken Hurt, Director Public Information, Highway Commission, Tupelo, the construction on the Highway 25 project was awarded to Russell Bonds Company, Inc., Iuka, who was

low bidder with a bid of \$725,000.00. Work is expected to begin within 60 days, or possibly sooner, with completion before the end of this year. Only two bids were submitted on the project, and the State's estimate was \$800,000.00.

Mr. Hurt also told The News that Randle Goolsby Contractors, Inc., Ripley, was low bidder on the U.S. 72 project. The State's estimated cost was \$3.5 million, with the Goolsby Company bidding \$2.4 million. Construction is expected to begin within 60 days with completion in approximately two years. Nineteen bids were submitted on the project.

Imperial Miss Pageant At Tishomingo School

Imperial Miss Pageants, Inc. and Phyllis Whitlock, Local Director for Imperial Miss, will sponsor a preliminary pageant March 28, 1981, at the Tishomingo High School in Tishomingo, Miss.

There will be six age divisions for beauty, as well as talent. Ages 2-4, 5-6, 7-9, 10-12, 13-15, and 16-26.

Trophies, crowns and banners will be awarded, and the winner in each age division in beauty and talent will have their state entry fee paid.

Contestants will be judged in four categories: Personality interview, Presentation in part dress (long or

short), Presentation in sportswear, and total appearance.

For further information and/or entry form contact: Phyllis Whitlock, Box 137, Tishomingo, Miss. Phone 438-6348.

Sophomores To Present Play

The Sophomore Class of Iuka High School will present its class play on Thursday night, March 26th, at 7:00 p.m. in Howard Auditorium. The play, entitled "Headin' For A Wedding", is a hillbilly comedy in three acts. The play is directed by class sponsors, Mrs. Edna Murrah and Miss Janice DeVaughn.

Class members participating in the play are Dave Harwell, Leigh Arnold, Martin Wright, D.D. Walker, Kim Holt, Mellonie Murrah, Melissa Murrah, Kathy Lovett, Michael Chaffin, Sarah Walker, Tina Keel, Tony Barber, Rhonda Dillard, Debbie Walker, Diava Dean, Chris Evans, Kelly Gist, Joe Trigg, Sharee Goode and Melody Bigham.

Admission will be \$1.00 per person.

Belmont Jrs. To Present Class Play

The Junior Class of Belmont High School will present their annual play, "Rest Assured", Thursday night, March 26, at 7:00 in the Belmont High School auditorium. Admission will be \$2.00 for adults and \$1.00 for students.

The public is urged to come out tonight and support the Belmont Junior Class.

Burnsville Car Crash Claims Three Lives

A three vehicle collision on U.S. 72 West of Burnsville Wednesday afternoon, March 18, claimed the lives of three area residents. Killed was Mrs. Betty Kennedy, 51, of Route 1, Glen; Claude H. Quenton Holloway, 74; and his nephew, Howard Mitchell Holloway, 59, both of Route 1, Burnsville.

Mississippi Highway Patrolman, Jerry Boyd, said the accident occurred as Mrs. Kennedy was traveling west, apparently attempting to pass another car, and collided head-on with the car driven by Quenton Holloway in the eastbound lane. Mrs. Kennedy, who worked at a Burnsville factory, was traveling alone at the time. Mr. Holloway was accom-

panied by his nephew. Both men were dead on arrival at the Tishomingo County Hospital, and Mrs. Kennedy died shortly after arrival.

The impact of the collision forced Holloway's car into a third vehicle, driven by Danny Lee Roach, 31, of Corinth. None of the four occupants of the car were seriously injured, Boyd said. They were

Roach's wife, Janet, their 18 month old daughter, Dana, and their 4 year old son, Jeremy.

Traffic on the heavily congested highway was backed up several miles for more than 30 minutes following the 4:15 p.m. crash near Meeks' Grocery.

Funeral services for Mrs. Betty Rogers Kennedy were at 10 a.m. Saturday at Liberty Hill Baptist Church with burial in the church cemetery. She was a member of the Baptist Church and an employee of Bench Mark Manufacturing Co.

Survivors include her husband, Lee Kennedy, of Glen; three sons, Tommy Rogers and Nickie Rogers, both of Corinth, and Clifford Anthony Rogers, of Chicago, Ill.; four daughters, Mrs. Linda Faulkner, of Bowen, Ill., Mrs. Brenda Williams, of Indianapolis, Ind., Mrs. Betty Meadows, of Peachtree, Ga., and Mrs. Sandra Brandon, of Glen; five brothers, Homer Hutson and Robert Hutson, both of Corinth, Jasper Hutson, Billy Hutson and Charles Hutson, all of Glen; two sisters, Mrs. Lucille King, of Corinth, and Mrs. Josie Mae Bishop, of Booneville; and 13 grandchildren.

Services were held for C.H. Quenton Holloway at 1 p.m. Friday at Lovejoy Baptist Church with Rev. Billy Paul Feltman and Rev. Thompson officiating. Burial was in the church cemetery. He was a member of the church and a retired merchant.

Survivors include his wife, Mrs. Dora Higgenbottom Holloway, of Burnsville; a son, Charles Holloway, of Corinth; two brothers, Ray Holloway, of Huntsville, Ala., and Ed Holloway, of Corinth; and a grandchild.

Services for Howard Mitchell Holloway were at 1 p.m. Saturday at Coleman Funeral Home East Chapel with Rev. Billy Paul Feltman officiating. Burial was in Middleton Cemetery in Middleton, Tenn. He was a Baptist, retired employee of Sunbeam Factory, and a veteran of World War II.

Survivors include a son, Mitchell Holloway, of LaGrange, Ill.; three daughters, Mrs. Sherry Knight, of Glen, Miss Audrey Holloway and Mrs. Judy Nell Harkless, both of St. Petersburg, Fla.; two brothers, Halford Holloway, of Alabama, and Claude Lee Holloway, of Pocahontas, Tenn.; four sisters, Mrs. Beat Tippler, Mrs. Edna Hodge and Mrs. Gracie Earnest, all of Middleton, Tenn., and Miss Myrtle Holloway, of Pocahontas, Tenn.; and five grandchildren.

Red Cross Courses Planned

A course in advanced lifesaving will be offered at night at the indoor pool of the YMCA in Corinth during the first week of April. The course will be taught by Londee L. Kent.

Anyone interested can call Londee at 423-9101 (home) or at 423-3956 (office) for details.

Yvonne Rast is planning a CPR—Module course (for anyone interested) during the last week of March. The class will meet at 8:00 p.m. on Monday, March 30th, and again on Thursday night, April 2nd, to complete the course. Anyone may join the class. Call after 5 p.m. to 423-6605 for more information. The meeting will be held at Tishomingo County Hospital, Iuka, Miss.

Two Killed

A Wednesday afternoon head-on collision near Burnsville claimed the lives of

three. Killed in the 1964 Oldsmobile above were Quenton and Howard Holloway, both of Route 1, Burnsville. The

two were traveling east on Highway 72 near the Burnsville City Limits when the accident occurred.

One Killed

Mrs. Betty Kennedy, of Glen, was on her way home from work at Benchmark Manufac-

turing Co. in Burnsville Wednesday afternoon when the American Motors car she was driving collided head-on with

a vehicle driven by Quenton Holloway, of Burnsville. The 4:15 crash near Meeks' Grocery on U.S. 72 claimed three lives.

Star Gaze & Rocket Shoot Saturday Night

The Tishomingo County Museum and Cultural Center and the Northeast Mississippi Museum Association cordially invite the public to participate in a Star Gaze and Rocket Shoot, Saturday, March 28.

The family event will take place at the Brinkley Farm, off Fulton Street Extended in Iuka.

Mr. Doug Fleury, NEMM Director, Corinth, will be directing the educational program. "Our two museums will hopefully be the first two links in a chain of museums in Northeast Mississippi," said Mr. Fleury.

There will be three telescopes focusing on Jupiter with moons, Saturn and its rings, and of course the Moon.

Star Gaze Time Schedule

3:45 p.m. - Assemble at the Courthouse, Hwy. 25 South, Iuka; 4:00 p.m. - Drive to Viewing Site, Brinkley Farm; 4:20 p.m. - Rocket Shoot Demonstration; 5:15 p.m. - Meeting and Picnic Supper (Bring Your Own); 6:30 p.m. -

8:00 p.m. - Star Gaze. This is a free public program. Dress for the weather and bring your own picnic supper, folding chairs and binoculars. Free transportation will be provided, if needed.

Mrs. Juanita Tice, TCMCC President, says, "There is still much work to be done on the Old Courthouse before we can open our museum. Come out and help by becoming a member and promoting our program so that we may soon realize our goal. This museum will benefit everyone in the county and especially our young people."

Anyone wishing further information may contact Yellow Creek Watershed Authority at 423-6456.

Art Festival

The annual Art Festival will be held Thursday, March 26, in the Iuka Elementary School Cafeteria. Every student will have a picture on display.

Parents are invited to come by and view the student's art pictures from 1 p.m. until 8 p.m.

Illegal Fishing Costly

Mississippi Department of Wildlife officers, Royce Howie and James Barnes, arrested four subjects on February 28, for several illegal commercial fishing violations. The four were arrested at day-break after being observed all night by the officers. The officers confiscated illegal nets and numerous illegal fish. The four pleaded guilty before Justice Court Judge Cynthia Crane, of Burnsville, and paid fines totaling more than \$1600.00.

Officers Howie and Barnes ask that the public continue to help stop game and fish violations.

Volunteer Fire Dept. Meeting

The North Crossroads area Volunteer Fire Department will meet at 4 p.m. Saturday, April 4, 1981, at the old school house in North Crossroads.

Anyone interested in participating is urged to attend.

Sales Tax Collections Increase In January

City Sales Tax collections in January, reflecting chamber business, were up \$87.79 in 1981, over the total for the six towns in Tishomingo County reporting in 1980, according to the Tax Commission.

The county-wide total for January was \$51,375.84, as compared to \$47,768.05 for 1980.

from area towns and cities of interest to our readers are listed below with the 1980 collections shown in parenthesis. They are: Belmont, \$9,636.66, (\$9,932.93); Burnsville - \$3,226.10, (\$3,324.67); Golden - \$443.73, (\$640.29); Iuka - \$34,932.89, (\$30,994.13); Paden - \$101.69, (\$100.39); and Tishomingo - \$3,034.77, (\$2,775.64).

Luther Rice, Jr. Seeks Iuka Police Chief Post

He would like to take this opportunity to announce that I am a candidate for Chief of Police in the up-coming election.

I was born in Iuka, and I lived here most of my life. I served three years in the Marine Corps during World War II. I was released on an honorable discharge October 31, 1945.

I left Iuka around 1950, only because of the way city was run. Certain people were harassed by the Police Department, including me.

I came back here to live 16 years ago to find if things had changed at all. It has for the worse.

There's a good example. As

all of the citizens of Iuka, the trailer and zoning ordinance was recinded at regular board meeting the Tuesday of this month (Feb. 24). A few days after the

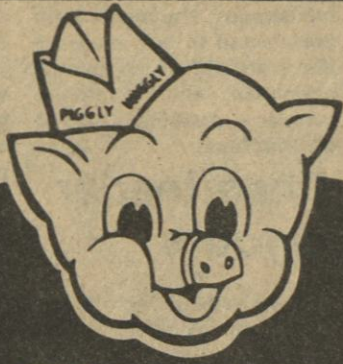

If you, the citizens, see fit to elect me to this office, I will treat and serve everyone the same - regardless of age, color and social standing.

THANK YOU,

Weight-Off-Wisely

Obesity or overweight is a major health problem in Tishomingo County today. Our way of life and plentiful food supply help magnify this problem.

Weight-Off-Wisely is a

weight reduction program. It is hoped that each participant will: (1) lose weight each week until normal weight is reached; (2) be motivated and reeducated in eating well-balanced meals and in forming good eating habits which can be maintained over the life span; (3) understand factors contributing to and relating to overweight; (4) appreciate weight loss for personal appearance; (5) support and share mutual concerns of overweight with others; and (6) participate in exercise

unless not advised by your physician.

The primary goal of a good Weight-Off-Wisely diet is to get your weight down to normal and by that time to be reeducated to better habits. If you go back to previous faulty eating habits after getting your weight down to normal, weight gain is certain.

Weight-Off-Wisely is a twelve week weight reduction program. A meeting lasts approximately one hour and fifteen minutes. The meetings consist of: Weigh-in time, Nutrition Lessons, Question and Answer time, and Exercises.

In the first class, you will learn about your diet. It is divided into morning, noon, mid-afternoon, evening, late evening, and extra calories. There are several reasons for this. First, most people eat more than three meals per day; so between meal snacks are planned. Second, research tends to show that small meals spread out over the day are more conducive to weight reduction. Your diet has a food plan as well as a sample meal for one day. The food plan is based on six food groups. These food groups include the Daily Food Guide but are arranged differently. Most foods in each of these six lists have about the same nutritive value of proteins, fats, carbohydrates, calories, vitamins, minerals, and water as each other food in the same group. Milk and vegetables A & B are somewhat different. Do not replace one food group with food from another group. If you do this, important nutrients may be missing. On a weight reduction diet, all nutrients are important.

You may join Weight-Off-Wisely in Tishomingo County by calling Nellie R. Horton, Extension Home Economist, at 423-3616.

County Agent's Notes

Lawns Need Fertilizer, But...

Your lawn needs fertilizer, but if you're still using the old standard 13-13-13 mixture, your grass may not be getting the nutrient ratio it needs.

The 13-13-13 mixture has equal amounts of nitrogen, phosphorus and potassium. The problem is that grasses don't necessarily use these nutrients in equal amounts. Researchers know that grasses grow best with 1:2 ratio of phosphorus to potassium.

This means that if you use 13-13-13 fertilizer, the grass may get too much phosphorus. This might interfere with the plants' ability to absorb other nutrients. Too much phosphorus can also affect winter hardiness.

The best practice is to ap-

ply only nitrogen until you have a soil test made to determine the levels of phosphorus and potassium. A soil test is the only sure way to know these levels.

Once you know the correct fertilizer rate needed, wait until the grass greens up before making the first application. Earlier applications benefit winter weeds.

The soil test also will give you the soil pH level and tell you if lime is needed to correct acid conditions. Liming may be the most understated practice on lawns with acid soils.

For more details on spring lawn care, contact the County Extension office.

Get Uniform Stands

Commercial vegetable growers and home gardeners should try to get uniform plant stands. Extension Horticulturist, Tom Garrett, says uniform stands let you do the right job at the right time over the entire field. Garrett says that with current year seed that tests high in vigor. Prepare soil well so small seed will make good contact with finely crumbled soil. Be careful not to replace fertilizer too close to seed because young seedlings might suffer fertilizer burns. Getting good plant stands is important whether you produce vegetables for commercial sale or for home use.

Wheat

Wheat growers in Mississippi should watch for signs of septoria glume blotch in wheat fields. Extension Agronomist, Dr. Charles Baskin, says this disease can be controlled by the fungicide Maneb. Increases in wheat yield from application of Maneb are more likely in South Mississippi where Disease possibility is greatest. Dr. Baskin says two applications of Maneb are necessary to control septoria

glume blotch. Apply Maneb at the flagleaf stage and again ten days to two weeks later.

ASCS Issues Results Of ACP Study

The results of an Agricultural Conservation Program study were issued recently by USDA's Agricultural Stabilization and Conservation Service. The report is the first comprehensive evaluation in the history of the 47-year-old ACP, Howard R. Bridges, Chairperson of the Tishomingo County ASCS Committee, said.

Primarily focusing on identifying ways to increase the amount of soil and water saved through the program, phase I of the survey included 61,000 ACP practices in 171 counties and 46 states.

Many cost-shared erosion control practices were found to be installed on lands suffering relatively low rates of erosion, according to the report. More than fifty-two percent of the sample practices were installed on lands eroding at rates of less than 5 tons per acre annually.

"Effective targeting of erosion control funds according to the potential for erosion reduction could more than triple the amount of soil saved through the program," the report stated. Achieving these improvements hinges on the willingness of farmers with severe erosion problems to participate in the program.

The report recommended that assistance for water conservation practices be targeted at irrigated lands where the potential for conserving water is greatest. ASCS found that the majority of the water conservation

practices analyzed were installed on lands receiving low rates of water application prior to assistance.

The study showed that assistance for water impoundment reservoirs should be tailored to fit the particular type and extent of problems to be solved.

Results of the study also revealed that over 65 percent of all cost-shared practices were installed on farms of 300 acres or less. Livestock operators or combination livestock and grain farms accounted for more than 67 percent of all farms in the study. Although cost-share levels on practices ranged from nearly zero to more than 90 percent, the majority fell within the 40-50 percent range. Almost 70 percent of all practices studied involved cost-sharing at levels of 50 percent or less, and nearly 99 percent were cost-shared at levels of less than 80 percent of their installation costs.

Bridges said Phase II of the evaluation is currently underway and will include an assessment of the impact of cost-shared practices and wind erosion and water quality. "When completed, the study will provide not only a continuing basis for making improvements to program performance but also a basis for comparison for changing future programs," the ASCS official said.

1981 Peanut Price Support Levels Set

Farmers participating in the 1981 peanut program will be eligible to receive a federal support price of \$455 per ton

Tishomingo County News - Vidette - Belmont

for quota peanuts, and \$250 per ton for additional peanuts, the same as last year.

The quota support level is expected to cover about 95 percent of the cost of producing peanuts. "This cost is based on a trend yield of 2,569 pounds per planted acre," Howard R. Bridges, Chairperson of the Tishomingo County Agricultural Stabilization and Conservation Committee, said.

With carryover stocks almost non-existent, USDA indicates that the 1981 crop could bring peanut prices above support levels.

Adverse weather conditions during the past growing season caused peanut prices to reach record levels, greatly exceeding the support level for quota peanuts.

Under the peanut price support program, each farm is assigned an acreage allotment and a poundage quota. Peanuts grown on allotted acres and within the farm's poundage quota are considered quota peanuts. Those grown on allotted acres, but

in excess of the farm's are additional peanuts.

Tishomingo County Electric Power Assoc

John C. Stennis

REPORT TO MISSISSIPPIANS

Nuclear power will play a big part in meeting our future energy needs. We must do all we can to develop this abundant energy source to its fullest potential.

Already there are over 70 nuclear power plants in operation in the United States, producing nearly 15 percent of our electrical power. About 85 plants are currently under construction and will be in place within the next few years to help meet our future energy needs and, most importantly, help reduce our dangerous dependence on foreign oil.

There has been a stand-still of sorts on nuclear power development recently due to fears arising out of the Three Mile Island accident in Pennsylvania. Over-reaction to that incident caused some to brand nuclear power as an energy source of last resort. Such a policy would be a tragic mistake. I am convinced that nuclear power can be a safe as well as a low cost, means of generating electricity.

The U.S. Navy's nuclear reactor program is a fine example of how nuclear power can be used safely. Since the program began in the early 1950's, nuclear powered ships, submarines and aircraft carriers have traveled thousands of miles without a single accident.

We have learned a lot about safety at nuclear power plants in recent years, and I am confident that we have the technological knowhow to safely produce nuclear power. However, we must never let safety slip as the number one priority in nuclear power production.

I am confident, too, that we can find a completely safe solution to the problem of nuclear waste disposal. I have urged the new Secretary of Energy to patiently and carefully go about deciding on a method of disposal which will assure total safety. I am urging storage of nuclear waste on government property where it can be carefully and constantly monitored.

Truly, nuclear power is essential to our nation's energy future. Two nuclear power plants currently being built in Mississippi will help assure that our state has the electric power needed for growth and development in the future. Mississippi Power and Light Company's Grand Gulf Nuclear Power Plant near Port Gibson will begin producing electricity this year, while TVA's Yellow Creek Nuclear Power Plant in Tishomingo County will be in operation in 1987.

We will need these two plants, and others in the years ahead, to take full advantage of the growth potential which is ours. We have a lot going for us in Mississippi in the field of industrial development, but without an adequate supply of electric power our growth would be limited. I will continue to commit myself to seeing that we have the sources of electric power needed for a bright and prosperous future.

LEGAL

The Board of Supervisors Tishomingo County, Ms.

We have reviewed the internal accounting control procedures, including the accounting records and supporting documentation, of the Purchase Clerk of Tishomingo County, Mississippi that we considered relevant to the criteria established by House Bill Number 975, Laws of 1974 and House Bill Number 670, Laws of 1975 of the Mississippi Legislature. Our review included tests of compliance with such procedures during the period from October 1, 1979 through September 30, 1980.

The objective of internal accounting control is to provide reasonable, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgements by responsible officials.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgement, carelessness, or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally by individuals. Further, projection of any evaluation of internal control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions, and that the degree of compliance with the procedures may deteriorate.

We understand that procedures in conformity with the criteria referred to in the first paragraph of this report are considered by the Board of Supervisors to be adequate for its purpose in accordance with the provisions of House Bill Number 975, Laws of 1974 and House Bill Number 670, Laws of 1975, and that procedures not in conformity therewith indicate inadequacy for such purposes. Based on this understanding on our review, in our opinion the purchasing records and internal accounting control procedures of the Purchase Clerk of Tishomingo County,

Mississippi during the period of October 1, 1979 through September 30, 1980 were adequate for the purposes of the Board of Supervisors and were in compliance in all material respects with the

requirements of House Bill 975, Laws of 1974 and House Bill 670, Laws of 1975. R.D. MILLER & COMPANY Certified Public Accountants M-26-c.

ATTACHMENT TENNESSEE VALLEY AUTHORITY PUBLIC NOTICE

To all concerned: Notice is hereby given that TVA is considering placement of a small dike near the construction barge slip at the Yellow Creek Nuclear Plant. The dike will be placed along the south side of the existing barge slip (which is located on Yellow Creek embayment near the southern reservation boundary) on TVA property. The proposed dike, if constructed, by its nature must be located within the 100-year floodplain of Yellow Creek embayment.

TVA has made its proposed action available for public comment by publishing a description of the proposed action in the TISHOMINGO COUNTY NEWS on February 19, and in the DAILY CORINTHIAN on February 13, 1981. TVA received no comments on the proposed dike construction.

The purpose of the dike will be to divert a small stream so that it does not deposit sediment into the construction barge slip. It is anticipated that the effect of the dike will be to minimize, if not altogether eliminate, the need for maintenance dredging in the barge slip area. The dike will be composed of rock and will be constructed while the area is dry in order to avoid any biological impacts. The area would be returned to its original natural state once the barge slip is no longer necessary. Accordingly, TVA has determined that there is no practicable alternative to constructing the diversion dike. Since it is advantageous from environmental and economic standpoints to avoid maintenance dredging in the barge slip area, the no-action alternative has been rejected.

TVA has found that the proposed action is compatible with the character of the area. No significant environmental impacts related to the proposed dike construction have been identified. The dike construction activities will be conducted in such a way that no significant adverse impacts on natural and beneficial floodplain values are expected. The floodplain would not be irreparably damaged by construction activities, altered significantly in volume and rate of flow, or significantly reduced in flood storage capacity.

Interested members of the public are invited to submit written comments on the proposed action to:

George H. Kimmons, Manager
Office of Engineering Design & Construction
400 Commerce Avenue, W12A9 C-K
Knoxville, Tennessee 37902

no later than April 3, 1981, for consideration in connection with TVA's decision to construct a diversion dike near the Yellow Creek Nuclear Plant construction barge slip within the 100-year floodplain of Yellow Creek embayment. Comments may also be telephoned to TVA's Citizen Action Line at 1-800-362-9250 (inside Tennessee), 1-800-251-9242 (outside Tennessee), and 632-4200 in Knoxville.

Maintaining Your Mental Health

And Forsaking All Others

The part of the marriage service that deals with "forsaking all others" is popularly regarded as referring to "all other boyfriends" or "all other women".

Family counselors have found that the "others" whom the young husband and wife has trouble in "forsaking" are most often the parents.

There's the young wife who cannot decide what color curtains she wants or what to serve for dessert without a lengthy conference (over the telephone or in person) with her mother. There is the husband who insists that the couple have dinner at least twice a week with his family, and also assumes that, of course, all holidays will be spent with his parents.

This can happen even if both husband and wife have seemed quite independent before their marriage. The very fact of marriage and the necessity for establishing a new life can make either feel a sudden sense of panic... a desire to cling to the familiar old life in which they felt comfortable.

This may be the reason why some honeymooners surprise

themselves and their spouses by feeling the need to call their parents every other day, or to write to them very frequently, or even to send gifts.

Family counselors know that this can happen, and it usually does not represent a problem, if the couple can discuss their feelings with each other and to realize that they now represent a new family unit... more important than the old one they left to get married.

However, if the pattern continues, trouble can arise. The husband simply does not understand why that seemingly independent mature young lady he married has to be such a baby about her mother. The bride begins to feel that her husband considers his parents' feelings and ideas more important than hers. Both begin to feel torn in several different directions.

If this develops into a problem, counseling can really help the couple work its way out of the tangled relationships. A counselor can help the bride or groom understand why they feel suddenly so dependent, why they find it difficult to let go of old relationships long enough to establish new ones.

In cases like these it is particularly important to seek professional help early before the husband's mother becomes an urge in the mind of the bride, or the wife's parents become selfish demanding monsters in the mind of the groom. Once this has happened it is much more difficult for both sets of parents and the newly married couple to get along with each other.

For information about services available at Timber Hills Mental Health Center phone 423-3332 or come by the offices on Whitehouse Road in Iuka. After hours and on weekends, phone 1-286-9209 toll free for emergency counseling services.

Sen. Bill May Reports To The People

March 20, 1981

The 1981 Session of the Legislature is winding down for final adjournment on April 5, 1981.

The next two weeks will be devoted primarily to work in conference committees, which are special six-member committees appointed to work out differences in House and Senate amendments to various bills.

By next week we will have about 125 appropriation bills in conference committees. The main purpose in the case of these appropriation bills will be to cut and trim these bills to come within the expected revenue. It appears at this time that about \$26 million will have to be taken out of these bills to bring the total appropriations within the revenue and give the state a balanced budget.

Some of the other more important bills still pending are:

HIGHWAYS. The Senate amended H.B. No. 1383, which was the highway funding bill, with a strike-all amendment. This amendment in effect replaces this bill with three bills passed earlier by the Senate, and most important of which was a bill to divert \$42 million from the State General Fund to the Special Highway Fund, with an increased diversion over the next five years to \$80 to \$90 million. This bill has now gone to conference, and none knows at this point the final outcome.

JUSTICE COURTS. The House has passed a bill to reconstruct the justice court system in this state. This bill provides basically for the following:

- 1) Makes justice court jurisdiction county wide rather than restricted to the beat where the justice resides;
- 2) Provides for justices to continue to be elected from the beats;
- 3) Provides for justices to be paid on a fee basis until October 1, 1982, and then be paid on a salary according to population of the county;
- 4) Provides for a court clerk who would assign all cases on a rotating basis;
- 5) Reduces the number of judges elected in 1984 to not more than two per county, except in larger counties; and
- 6) Increases jurisdiction from \$500 to \$1000.

The Senate will no doubt amend this bill to make some

Tishomingo County News - Vidette - Belmont

technical changes; however, I feel sure a workable bill will be passed in the next two weeks.

HOUSING BILL. The bill passed by the Senate providing for the issuance of \$200 million in bonds for lower interest housing loans appears to have been killed this week in House subcommittee.

TRUCK WEIGHTS. This bill was finally passed this week when the Senate concurred in House amendments and sent the bill to the Governor. Governor Winter has until Saturday, March 21, to sign or veto this bill.

Report From Rep. Wadkins

House convened at 2:00 on Monday, March 9, Tuesday, March 12, was by which General bills had been passed by Senate had to be passed House. Monday, there were two such Senate bills the House Calendar. Bill 2131 requiring

drivers licenses to wear photographs of the person holding the license was passed by the House as was Senate Bill 2171, which increased certain fees received by Chancery Clerks. Also passed on Monday was a bill to increase the penalties for those persons committing crimes against public utilities. Two other bills were passed by the House on Monday but were held on motions to reconsider, being a bill to provide for the destruction of x-rays after a

four-year period and a bill to create a State Textbook Procurement Commission and to abolish the Textbook Purchasing Board. On Tuesday, the House passed Senate Bill 2113, which is known as the Open Meetings Act, and Senate Bill 2427 to allow junior college districts to purchase liability insurance. On Wednesday, the House passed twenty-seven Appropriations bills. Also passed on Wednesday were some twenty-nine House and

Senate Concurrent Resolutions commending various individuals and institutions throughout the State of Mississippi for public service or special achievement. Eleven Senate bills were passed on Wednesday, including a bill to authorize the Board of Health to conduct screening tests for rubella; a bill that sets the basis for distribution for the Municipal Fire Protection Fund to be the most recent census; a bill to create a Department of Welfare Fraud Investigation Unit; a bill to allow deputy fire marshalls to carry weapons; and a bill to extend the authorization for state prisoners to serve sentences in county jails.

On Thursday, the House passed some twenty-four Appropriations bills and fourteen general Senate bills. Among the general Senate bills passed on Thursday was a bill to strengthen the Uniform Controlled Substances Law and to increase the penalties for those convicted of trafficking in drugs; a bill to provide for legitimate interstate succession and inheritance; a bill to allow a minor's interest in land to be sold without the appointment of a guardian; a bill to establish minimum standards of training and education for law enforcement officers; a bill to amend provisions of the law relating to state employees' week and annual leave, to define "work day," to amend the duties of the State Personnel Board, and to increase the salaries of certain state and district officials; and a bill to increase the salary of the county registrar.

The bill to revise the operation of the justice courts has not yet been considered by the House and is still on the Calendar. I stated in last week's column that I would try to give you a summary of this bill. In general, the bill does provide for putting justice court judges on a salary and taking them off the fee system, as well as eventually allowing for only two justice court judges per county, elected countywide and having countywide jurisdiction, except in some of the larger counties of the state. I feel the bill may well be changed considerably on the House floor, and if anyone would like a copy of this bill, please contact me and I will have a copy forwarded to you.

On Friday, the House met briefly and disposed of a number of bills which had been held on the Calendar on motions to reconsider. After acting on these bills, the House adjourned until 2:00 p.m., Monday, March 16th.

NEMJC Offers Class For Merchants

Northeast Junior College's Vocational Technical Division will conduct registration for a mini-course in Retail Display: Planning and Techniques, Monday, April 6, at 6 p.m., in Waller Hall. Registration fee is \$16.00 per person.

The class will meet Mondays and Thursdays from 6:30 to 8:30 p.m., through April 23. Designed to be of special interest to the small business, the class will be taught by Ms. Theresa Shinault, display director at McRae's in Tupelo. Class emphasis, according to Ms. Shinault, will be given to making attractive window and interior displays with the use of a little imagination and a few inexpensive props.

"Many merchants are losing would-be customers simply because their store windows do not entice passers-by into the store to browse," she added. Through class demonstration and hands-on experience, participants will be able to immediately put to work what they have learned.

Another added feature is that all expenses including travel and registration are tax deductible to any business merchant.

For additional information or to pre-register, contact Mrs. Donna Vaughn on the Northeast campus by calling 728-7751, or toll free 1-728-7759, ext. 220.

Dailey's Body Shop

"James Dailey - Owner"

located in Burnsville, east of Burnsville High School, phone 427-9234. Give your car a paint job. They have extensive equipment and wide experience in auto painting. This firm is also noted for its excellent work in repairing damaged cars. For many miles around, experienced motorists and garage men have learned to call upon this concern for work on wrecked cars. In many cases they have completely restored wrecked cars which owners thought were beyond the aid of even expert service. A small scratch on your car can be taken care of in just a few minutes. A bent fender or dented body can be replaced in very short order. The policy of this establishment is to employ only the most competent men. Do not fail to call Dailey's Body Shop when your car is in need of repair or for an expert paint job.

American Medical Co.

American Medical Co. is located at 606 South Court in Florence, Ala., phone 205-766-4040. They specialize in sales, rentals and repairs of hospital equipment including hospital beds, wheel-chairs, commodes, patient lifts, porch lifts, stairway elevators and other home medical supplies. Ask this firm about their rental-purchase plan. This business such as the American Medical Co. is essential to the entire area. Their fair and honest business policies have rightfully merited the confidence and patronage of the people of this community. A fine spirit of cooperation is always in every transaction and we can recommend them to all our readers.

In this Review we take pleasure in pointing out the proficient manner in which they have worked and are playing their part in forwarding the development and progress of the community.

Horn Lumber Company

"In Business Over 38 Years"

Timber raisers in the area know that Horn Lumber Company in Golden, located on Route Hwy. 25 South, phone 585-3212, provides an excellent market for timber and pay top local market prices. This firm maintains a planned forestry service, advising the grower how to plant timber to gain the best yield and offering you expert advice. They are interested in the preservation of our timber resources. In this modern plant, timber is processed in an expert manner for distribution to lumber dealers throughout the country. We commend this firm for the part they are playing in the growth and development of this entire section and highly commend them to our readers.

Deep South Bolt & Screw Co.

Manufacturers and Distributors of Bolts and Screws to Industry

One of the leading businesses in the area is the Deep South Bolt and Screw Co., located 4717 East Avalon Avenue in Muscle Shoals, phone 383-8012. Red Bay Hospital

One of the mainstays of any community is its hospital. Such a hospital is the Red Bay Hospital, located in Red Bay, Ala., phone 205-356-9532. It is completely equipped, comfortably staffed and prepared to render the best kind of medical, surgical, laboratory, X-ray and allied services. The nurses and attendants give careful, efficient attention to all patients entrusted to their care, thereby relieving the family of additional worry and responsibility in the time of necessary hospital confinement. We in this Town and Country Review commend the management of this hospital for the excellent service they render to the community. No more public spirited citizens could be found anywhere than the members of the administration and staff of this fine hospital. They now have added three extra patient beds, a special care unit for monitoring, a chapel for patient families and new business of-

Bain - Smith Vows Repeated In January Ceremony

Miss Rebecca Gail Bain came the bride of Timothy Smith in a beautiful candlelight ceremony performed January 16, at First Pentecostal Church in Corinth. Miss Bain is the daughter of Mr. and Mrs. James R. Bain, Glen. Her paternal and maternal grandparents are from Glen: Mr. and Mrs. Andrew Bain and Mr. and Mrs. Andrew Smith. Mr. Smith is the son of Mr. and Mrs. Basil W. Smith, Jr., Corinth. Grandparents are Mr. and Mrs. Wilson Choate, Iuka; and Mrs. Elva Smith, Corinth, and the late Basil Smith, Sr. The church was beautifully decorated with floral arrangements of white daisies and greenery. Rev. Cecil Bennett, pastor, performed the impressive ceremony. Mrs. Suzette Smith, organist, presented a lovely arrangement of wedding music, and Mrs. Teresa Smith, aunt of the bride, was vocalist. Selections included, "You Needed Me", "The Twelfth of Never", and "A Wedding Prayer". The bride, given in marriage by her father, was radiant in a fashioned gown of ivory satin, which had a long-length veil and chapel-length train. Her bouquet was white and blue carnations and baby's breath. Miss Shelia Smith served Maid of Honor. Miss Kathy Skett and Mrs. Annette Hartfield, aunt of the bride, served as Bride's Maids. Little Terri Bain, cousin of the bride, served as flower girl. They were all dressed to match in long formal gowns of the satin with matching bands. Basil Smith, Jr. served his

members and one visitor present. The president called the meeting to order giving the thought for the month - If you educate a man you educate an individual; if you educate a woman you educate a family. Devotional was given by Mrs. Artie Frederick, using a poem, "Just For Today", and reading from II Corinthians 5:19-22. The club goals were reviewed. A report on the County Dress Revue was given by Mrs. Pat McNally, of which we had two winners. The demonstration on fashions, the type pattern, materials, and colors that are good this year, and pamphlets on planting azaleas were passed out to each member. Numbers were drawn for door prize with Mrs. Marie Edwards winning. The meeting adjourned after delicious refreshments were served.

Iuka Route 2

Mr. and Mrs. Bill Middleton and Mr. and Mrs. Divie Middleton attended the funeral of Mr. Arrie Middleton in Savannah last Friday. Mrs. Elsie Parks and Lloyd Parks, of Memphis, have visited recently with her sister, Miss Mable Dean. Mrs. Ethel Smith is in a Memphis hospital due to a recent fall. Also, Clayton Parnell is in the Tishomingo County Hospital. Best wishes and a speedy recovery to both of you. Mrs. Linda Wallace and Mrs. Johnny Lawrence visited on Tuesday afternoon with Mrs. M.B. Daniel and family.

Midway News

Louise Cox visited her sister, Ann Barnes, Saturday afternoon. Also visiting with Ann were Mr. and Mrs. James Perry and children, of Burnsville; and Mrs. Earline Whitfield. Saturday night Louise and Ann enjoyed a fish supper in the home of Mr. and Mrs. Clay Whitfield. Lois Bolton and Louise Cox visited in Camden, Tenn. last weekend with Mr. and Mrs. Lavone Bolton. Louise Cox was a Sunday dinner guest of Mr. and Mrs. Bucky Jones and Peggy. Sunday afternoon Louise, Virginia and Peggy attended the singing at Calvary Church near Red Bay. Mrs. Myrtle McKee is a patient at the Tishomingo County Hospital. We wish her a speedy recovery.

Letter To The Editor

Dear Sir: In the March 7 edition of the Commercial Appeal, there was an article written by William Stevenson stating that the Tennessee Valley Authority is giving their

executives \$476,000, in bonuses for the year 1980. My husband and I live in Tishomingo County in the northeast section of Mississippi. The incomes of many of the citizens in this area are below \$6,000 a year. The 13% increase for electric power imposed by TVA last fall was a financial blow to many of the low income families and to the elderly living on small Social Security payments. Now, there are reports that TVA is planning to raise its power rates another 9.3%.

Where does TVA get the power and authority for such gross abuse of their fellow countrymen? Is there no power that can control such actions? We all feel helpless when the financial giants of private business take uncontrolled liberties with our incomes by raising the prices of necessities to a point of flagrant greed, but when our elected officials, who are

supposed to protect the rights of all citizens, allow a government agency to walk roughshod over the needy to increase the benefits of those already making high salaries, we cannot help but feel that those elected to protect us have let us down.

Sincerely,
Mrs. Afton Minga

Personals

Recent weekend visitors of Mr. and Mrs. Wilson Choate, Martha and Aaron Bonds and Natalie and Eric were Mr. and Mrs. Melvin Young and Mrs. Viola Childers, all of Tyrone, Ark., and Mr. and Mrs. Cecil Bearden, of Summerstown, Tenn. While here they all visited with their aunt and cousin, Mrs. Ethel Curtis and Berlin, who had been ill. Also, supper guests included Mr. and Mrs. Paul Reese, another aunt of the group.

Sometimes people make promises
That they cannot keep,
But God understands,
And cares for the meek.

Judge not the workings of his brain,
For of his heart you cannot see,
What looks to thy dim eyes a stain.

And judge none lost,
But wait and see till God returns,
For He will not forsake thee.

Pentecostal Church News

In the world what is referred to as business usually involves a commodity for sale or a service for sale. A close look at the business world can surely teach us many things that can apply to our lives in regard to spiritual matters. People in the business world work with zeal, a great desire to succeed, and in an untiring fashion at times.

But spiritually, we mope around, just barely making it to church occasionally so our name will remain on the roll book. This will certainly end with an eternity in hell. Heaven is not guaranteed by a mere believing on Jesus Christ as our personal Savior and the traditional handshake. The devil believes on Jesus Christ and he, too, will spend eternity elsewhere.

Every sincere and honest person who has a zeal to serve God and an interest in escaping the torments of hell may become a member of God's church. They will find that repentance to God for their past sins brings forgiveness and a cleansed heart. Those sins then can be remitted, only in baptism in the name of Jesus Christ. And then they may have their soul filled with His holy presence through the baptism of the Holy Ghost. What a privilege! This is the only way.

COME TO CHURCH

We all have times when things go wrong,
And Fortune's in reverse;
Yet we're expected to be strong,
Though things could not get worse...
A strength of which the Scriptures name
Examples plain to see:
Like Job, whose faith remained the same
Throughout adversity.
So why not go to Church this week,
Whichever one you choose,
And listen to the Bible speak;
There's not a thing to lose!
Then, what those passages command
You'll follow to the letter;
And let God take your life in hand,
To change it for the better! —Gloria Nowak

"We are proud to announce a new \$100,000 Cancer Contract worthy of bearing the name you have grown to trust."

FACT—Superior Coverage

Pays 100% of the first \$10,000 of Covered Medical Expense, thus providing funds in the beginning when need for coverage is usually greatest.

After the initial benefits, pays 80% of Covered Medical Expense up to a total of \$100,000, thereby providing for long term treatment.

Provides benefits both inside and outside the hospital. Coverage on an outpatient basis is especially important since many cancer treatments are rendered in physicians' offices or clinics. Examples of Covered Medical Expense usually handled on an outpatient basis are: Physician office visits; radiation, cobalt, or nuclear medicine therapy; laboratory work; X-rays, and chemotherapy.

Benefit to You—Coverage relieves you of financial burdens when cancer strikes.

FACT—A Recognized Company

Your Blue Cross and Blue Shield identification card is recognized by hospitals and physicians and is accepted as a guarantee of payment everywhere.

Benefit to You—Prevents delays in treatment while financial arrangements are negotiated.

FACT—Relieves Financial Burden

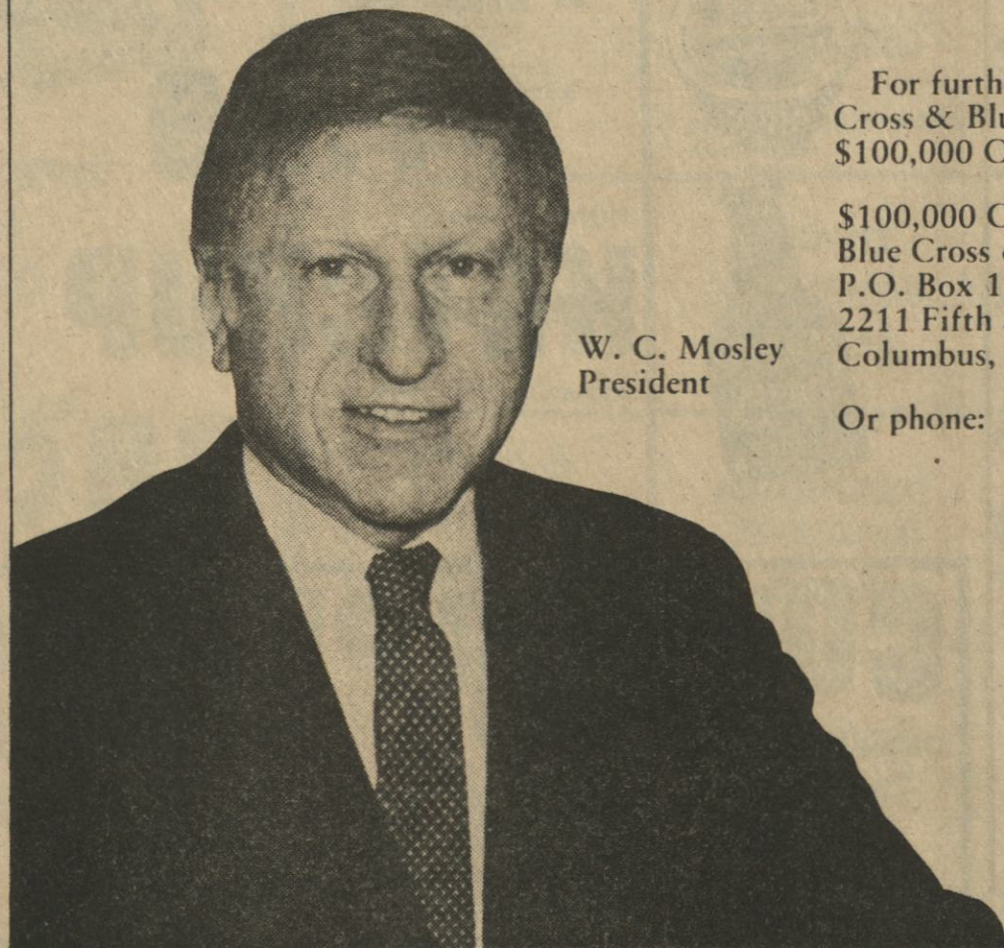

The new \$100,000 Cancer Contract provides benefits in addition to other cancer coverage you may have (with the exception of another cancer only contract written by Blue Cross & Blue Shield of Mississippi or another Blue Cross and Blue Shield Plan).

Benefit to You—Provides additional funds for those expenses not covered as approved medical expenses.

Undefeated

The Iuka High School Chieftain baseball team remains undefeated as the season gets well underway with the Chiefs participating in a tour-

ney in Corinth this week. Team members are, back row, left to right: Coach Johnny Bolen, Trip Thomas, Donny Davis, Billy Allen, Gary Clark, Joey Dean, Gus Sims, Jimmy

James, John Hannon, Keith Curtis, Joel Lewis, Keith Wimberly, and Michael Thomas. Front row: Stevie Ortnier, Scotty Grisham, Joe Trigg, Jim Curtis, Keith

Bryan, Randy Ramsey, Mike Morrill, Jeff Gann, Fred Counce, Malcolm Brown, Dennis Medley and Tony Gene Holland.

Mustangs

The 1981 Burnsville Mustang baseball team is competing in the Corinth Tournament this week with a 1-2 record. Team members are, back row, left to right: Coach Ligon, Billy Williams, Harry Price, John Strickland, Greg Jourdan, Terry Strickland, James Keele, Mike Vojtsek, Tommy Ray Strickland. Center row, left to right: Stevie McAnally,

Tim Wright, Jeff Alred, Barry Morris, Timmy McAnally, Kerry Fowler, Greg Harrison, Toby Lambert. Bottom row, left to right: Lenny Carroll, Robert Davis, Wanda Wright, and Gary Beales.

Iuka Unbeaten With 6-2 Win

Iuka kept their baseball

mark unblemished Monday night with a 6-2 decision over the homestanding Fulton.

Iuka exploded with four runs in the top of the first inning to provide the margin of victory over loser, Mike Turner. Fulton's Mike McDonald came on in the second inning and worked admirably the rest of the way.

Keith Wimberly got the Iuka win, working the initial five innings before Skeeter Bryant came on to pitch hitless ball in the final two frames.

In the top of the first inning, John Hannon, Keith Bryant, Jimmy James and Keith Wimberly put together consecutive singles that accounted for the first two Iuka runs.

Mike Thomas lifted a sacrifice fly before Keith Curtis smashed a double that pushed Iuka to a 4-0 cushion.

Iuka upped the lead to 5-0 in the top of the third inning when Wimberly sacrificed James home, after the centerfielder had doubled his way on base.

In the bottom of the fifth, Fulton answered with their only threat of the day, putting together consecutive doubles, with a single for a pair of runs.

Iuka continued to improve the lead to 6-2 in the top of the next frame when Bryant singled Joey Dean across for the final run.

On the hill, Bryant fanned half of the batters that Fulton sent to the plate in the final

two innings to preserve the perfect record of the Chiefs.

Keith Wimberly didn't throw poorly, but it was cold and he was throwing high, stated Johnny Bolen, Chieftain boss, "Bryant is pretty durable, so I wanted him to finish up for us."

Bryant Hurls Iuka Over Burnsville

Keith Bryant struck out 12 while allowing only five hits in pitching Iuka's Chieftains to a 6-1 win over the Mustangs Thursday.

Bryant walked only one in going the distance, while the Chieftains racked up 10 hits off two Burnsville hurlers. Williams, the starter and loser, was tagged for nine hits in 4 1/2 innings, Strickland finished up for the Mustangs, allowing one hit.

Keith Wimberly led the Chieftains with three hits while Bryant and Jimmy James both had a pair of safeties. Mike Thomas and Joey Dean added two base hits.

Strickland and Lambert each had two hits for Burnsville.

Iuka Rallies Past Fulton

Iuka Chieftains came from behind with a four-run sixth inning Friday and downed Fulton's Indians 6-4 in exhibition baseball play.

Keith Wimberly and John Hannon combined for an eight-hitter, while Wheeler was involved in the 11-hit loss.

Iuka is unbeaten in six starts and faces Alcorn Central Tuesday night in the Corinth Tournament.

Five singles, a sacrifice and a walk produced the big innings for Iuka.

Jimmy James hit three for four and Gus Sims two for four in the Iuka attack.

Fulton had a three-run fourth and Turner hit at a three for four clip.

The seniors received their invitations from the juniors this week to the Junior-Senior Banquet, which will be April 10, at Mr. C's in Florence, Ala.

The seniors traveled to Northeast Monday to tour the college campus. A lot was learned from the tour, and the seniors now have a better idea of their futures at Northeast. They will also be

returning at a later date.

A skating party was held for the seniors at Funland Monday night as their monthly activity.

The sophomores visited the Vo-Tech Center Tuesday to take a tour of the facilities. They will also be having a sophomore play March 26, entitled "Headin' For A Wedding".

Everyone enjoyed a good performance by the Air Force Band Tuesday. They played a variety of popular songs.

The juniors went to Corinth Wednesday to visit I.T.T.

Library Lines

Fredda Sanderson, Librarian
is a "sneak preview" of National Library Week, which will be observed at the Tishomingo Library April 5-11. On Monday, April 6, Business Coffee, 9 a.m. - 11 a.m. is a special invitation to businessmen in luka. "Coffee" is hosted by the Rowe Club. Monday afternoon there will be a "Tea" from 2:30 to 4:00 p.m. This tea is hosted by the Century Club. Tuesday, April 7, will be Citizen Day. There will be a special program held in the library at 1:30. Filmstrip shown and refreshments served. Wednesday, April 8, at 10

a.m. there will be a demonstration by the U.S. Department of Agriculture on "Cotton and the 80's". Later that day the Timber Hills Mental Health Center will tour the library and there will be a "storytime" for them. Refreshments will be served by the Surname Society.

Thursday, April 9, there will be a Merle Norman demonstration held in the library at 12:30 p.m.

Friday, April 10, there will be a "Quilting Party" with quilts on display. If you have never been to a quilting party, you need to drop in and see these ladies hard at work. Friday afternoon there will be a demonstration on "How To Make a Blazer". This demonstration will be given by Nellie Horton, Home Demonstration Agent and our National Library Week Chairman.

During this week, there will be special displays of "woodcarving" by Bob Harder, and arts and crafts by Londee Kent.

The highlight of NLW will be the art exhibit featuring the art students of Lila Ham, one of luka's outstanding artists and teachers. Monday, April 6, an artist will be in the library all day painting. The art exhibit is open to all local artists. The art work must be finished work and will be approved by the Library Arts Committee.

If you have not been by the library this week to see the art display featuring Miss Suzanne Potts, you are missing a treat. The art exhibit is excellent. We should count ourselves fortunate to have such local talent.

The Lioness Club of luka has donated a book to the library, "The Atlanta Century". This is a very unique book, chronicling the nation's events during the most agonizing years of history, from March, 1860, through mid-May 1865. The format of the book is from the newspaper, THE CENTURY, a weekly newspaper printed in Atlanta during this period of time.

how to dress for an interview, how to make small talk at a big party, how to keep your car operating smoothly, etc. The possibilities are unlimited. After all, America, the library has your number!

Special activities are being planned for National Library Week, April 5-11, at the Tishomingo Library. Watch for the list and time of activities in next week's paper. Some things being considered at this time are: a demonstration on flower arranging, making a blazer and how to cook on a microwave oven.

This year we would like to have as many teachers as can to bring their groups to the library and what we really would like is for the general public to feel like they have a personal invitation to visit the Tishomingo Library during National Library Week and attend all special activities.

Also, if anyone has something they feel would be of interest and would let it be displayed in the library, please feel free to let it be known. Your interest and help to make this observance of National Library Week a success will be greatly appreciated.

generally do not have a large difference between summer and winter water levels and can usually be filled to summer levels on a planned schedule.

In contrast, most of the TVA storage reservoirs on tributary rivers have a much larger variation in water levels between summer and winter, so the water levels they reach in spring filling depend on rainfall and streamflow conditions in a given year.

Lake levels in most tributary storage reservoirs are presently lower than normal. Normal to above normal rainfall this spring will be needed to reach reasonably high levels this year.

Mrs. Sara Hinton Honored In Corinth

Sara Hinton

Daughters of the Confederacy. She was listed in "Who's Who in Mississippi" in 1974.

Mrs. Hinton was married in 1931 to the late Franklin Fillmore Hinton. She has two sons, Dabney Hinton and Phil Hinton, both of Corinth, and a daughter, Sarah Jane Finch, of Iuka. She has four grandchildren.

"She has believed in Corinth and has always been ready to serve in any capacity that would make Corinth a better place for her family, her friends and her fellow man," Miller commented.

Christian Fellowship Center

Mrs. Sara Rinehart Hinton was named Corinth's outstanding citizen for 1981 during ceremonies at the Corinth Junior Auxiliary's annual charity ball recently.

Kenneth F. Miller, master of ceremonies, praised Mrs. Hinton's "Good Samaritan attitude" and described her as someone whose "energy is boundless and love for her fellow man is endless." Her "desire to help others is a way of life," he commented.

Mrs. Hinton has been active in a variety of school projects, including the PTA, scouting and the Corinth Boys Club.

Miller said her continuing interest in the welfare of local children is evidenced by her regular donations of books and magazines to the Corinth High School Library.

He noted that she also is "a staunch supporter and contributor to the cultural aspect of the community."

Mrs. Hinton is a member of Friends of the Library, a member of the Theater Guild, a sponsor of Corinth Theater Arts, a donor to the Northeast Mississippi Concert Series and a worker for the Northeast Mississippi Museum Association.

In addition, Mrs. Hinton has been a member of the American Red Cross for more than 35 years. She currently serves as director of the Corinth chapter.

She has been involved in local programs for persons who are physically and mentally handicapped, including the Magnolia Hospital Auxiliary and the patient-guardian program at the Care Inn Nursing Home.

A lifelong member of the First Presbyterian Church of Corinth, Mrs. Hinton is on the church's board of deacons and is active in the Women of the Church organization.

She has made other contributions to the community through her membership in the Corinth Business and Professional Women's Club, the Little Garden Club, the Garden Clubs of Mississippi, said Miller.

She also is a member of the Corinth Welfare board of directors and serves as president of the Corinth chapter of the United

Bro. Danny McAllister and family, of Ripley, Miss., will be ministering in singing and preaching at the Christian Fellowship Church, Hwy. 25 N., Sunday at 10:00 a.m. and Sunday evening at 6:00 p.m., March 29.

Bro. McAllister is formerly from Iuka, having lived here most of his teen-age years. His father, Mr. Reece McAllister, associated with the Tishomingo Shoe Co., moved his family here when the Shoe Plant opened. The family attended the First Baptist Church here in Iuka, where they were members.

Bro. McAllister was ordained as a Southern Baptist minister at the age of 12, while they were Iuka residents. Since leaving Iuka, Bro. McAllister has received the Holy Spirit, has pastored several churches, but now is evangelizing. He has a beautiful wife, who writes many of their songs, and three lovely children.

Bro. McAllister will enjoy meeting all his friends again, and you will enjoy hearing this family.

Bro. S.A. Bonds, Pastor, and congregation invite everyone to attend.

Spring Filling of TVA Stream Lakes

TVA will begin its annual spring filling to raise the Tennessee River main stream reservoirs to summer "full pool" levels later this month. The filling of Wheeler and Pickwick Landing Lakes will begin during the last two weeks of March and should be completed by about mid-April.

The filling of Fort Loudoun, Watts Bar, Chickamauga, Guntersville, Wilson, and Kentucky Lakes will start about April 1. All of them are expected to reach summer pool levels by about mid to late April depending on availability of streamflow, except Kentucky lake, which probably will reach its upper level by about May 1.

Variations in the planned schedule may occur because of weather conditions or special requirements. Lake levels, in feet above sea level, are:

	March 16 Level	Full Pool Level
Kentucky	354.6	359
Pickwick Landing	408.8	414
Wilson	505.8	507.5
Wheeler	550.9	556
Guntersville	593.0	595
Nickajack	633.0	634
Chickamauga	675.6	682.5
Watts Bar	735.4	741
Fort Loudoun-Tellico	808.2	813

These filling schedules apply to main river lakes, which

Authorities in our field point out that such conditions arise in the patient because of pressure on the nerve plexes originating within the spinal column. Research discloses that the majority of these cases have a structural problem of long-standing nature of the spinal column. They may go for years without pain until further weakening of the spine occurs and the pressure on the nerves becomes more significant. Pain begins to develop in the legs in the form of numbness, tingling and jerking muscle spasms, which at first are localized in the thigh, or calf of the leg. Untreated, the condition settles in the entire leg structure and the pain becomes as acute as a toothache. Seventy-five years of specialized study of the spine and nerves has enabled the Chiropractic profession to develop the corrective procedures which help the majority of these cases to recover.

One of a series of articles published in the interest to explain and illustrate the practice of scientific Chiropractic.

Tennessee River Pulp & Paper Co. Celebrates 20th Anniversary

Roll of linerboard marking twentieth anniversary of production at Counce being loaded for shipment to Packaging Corporation of America's container plant at Jackson, Tennessee.

Tennessee River Pulp & Paper Company Celebrates 20 Years

March 1981 marks the anniversary of 20 years production for the Tennessee River & Paper Company, manufacturers of kraft linerboard, at Counce. The mill's production achievements resulted in more than 1,600 original daily paper production over the last 20 years. The Counce mill is now manufacturing over 1,600 tons of linerboard each day. Plans for the mill began in 1959 when the Ohio Boxboard Company, Bell Fibre Products Corporation, Central Fibre Products Company, and Cor-Paperboard Products Company decided to jointly finance and construct a new pulp and paper mill. The mill's production began at one of the world's most modern pulp and paper mills with innovations which included outside storage of wood supply in chip form rather than as round pulpwood, hot stock refining, and remote control of the steps involved in the

private landowners for planting. The company has also established two seed orchards to develop genetically improved seeds and has plans for an additional second generation orchard. Fifteen million seedlings are now being grown annually in the company's own nursery. Tennessee River maintains continuing scholarship and educational assistance programs for community recipients. Throughout the last 20 years, the company has given generously to Community Funds, local schools and libraries, and various youth projects. Many employees are also active participants in civic functions and local governing boards. Twenty years of change and progress at the Tennessee River mill have been tempered by important continuity in its work force and continued support from its surrounding communities. More than 50 percent of the mill's 750 employees have worked there for ten or more years and some 125 people have been with the mill since its start-up. The mill's overall success has been based on the underlying concept of balancing necessary change with such continuity.

Red Cross Drafts Disaster Plan

The Tishomingo County Chapter of the American Red Cross met Thursday night, March 19, to complete a disaster plan for the county. Those present were: Lynda E. Kay, Yvonne Rast, Roger Rast, Cliff Wigginton, Betty Wilemon, Evelyn Barnes, Ruthie Folds, Nona Burns, Harvey Honeycutt, Dorothy Honeycutt, Connie House, Audie House, Kim Wells, Michael Lambert, Keith Byram, Yvonne Stephens, Jerome Parsons and Kathryn Seago. Each of those present agreed to join the Board of Directors for the coming year. Kathryn Seago has also volunteered to serve as secretary to the chapter. Others on the Board of Directors include Gene Jourdan, Earl Alexander, A.J. Waddle and Dale White. The Disaster Plan followed the probability that the

National Red Cross would be able to send in trained professional teams with 24 hours after a disaster struck Tishomingo County; therefore, the plan is designed basically for survival and comfort to disaster victims during the first 24 hour period after a disaster strikes. Those volunteers making up the Disaster Team include: Earl Alexander, Disaster Chairman; A.J. Waddle and Jimmy Pyle, vice-chairmen; Communications Chairman, Cliff Wigginton; Publicity Chairman, Gene Jourdan; Alternate, Kathryn Seago; Liaison Chairman, Connie House; Alternate, Audie House; Survey Team (Assessors), Jerry Skinner, Jimmy Pyle, Roger Rast; Shelter Chairman and Coordinator of Volunteers, Nona B. Burns; Alternate, Roger Rast; Food Chairman, Harvey Honeycutt; Alternate, Johnny Biggs; Family Service Chairman, Betty Wilemon; Alternates, Evelyn Barnes and Ruthie Folds; Medical Help and First Aid Chairman, Yvonne Stephens. Disaster Training will be available for the Disaster Team in the near future and will be provided by the Mississippi Division Office.

Iuka Lions

The Lions met in regular session at the Lions Den on March 17. This being election night, the following new officers were elected to take office in June: President, Neil Schilling; 1st Vice-President, Roger Rast; 2nd Vice-President, Flint Steel; 3rd Vice President, Paul Enlow; Secretary, Billy Gann; Assistant Secretary, J.R. Long; Treasurer, Bill Childs; Director, Gerald Norman; Director, Hunt; Tail-Twister, George Brunner; Chaplain, A.W. Mangum. Lion P.O. Beard introduced

Miss Ladye Love Long, a beautiful and talented young lady, who is a contestant in the Miss National Teen-Ager Pageant to be held at MUW, Columbus, this weekend. Miss Long spoke briefly on her reasons to be proud of being an American, and also gave a demonstration of her ability to converse in the art of sign language, accompanied by song. The club voted to give her \$50.00 to help with her expenses. Out-going President, Mill Burton, received a standing ovation for his exemplary leadership of the club for the past two years. The Lions Club held their annual "White Cane" road-block on Saturday, March 21, and public response was generous, indeed!

Our thanks to all who participated so wholeheartedly in this worthy cause. Your contribution will help to keep this "AID TO THE BLIND" going by several hundred dollars. Thanks again, The Lions of Iuka
