Waterway Seminars Planned This Month

Tombigbee River Valley Water Management District has scheduled three seminars this month to alert interested persons to future recreational opportunities along the Tennessee-Tombigbee Waterway.

The seminars, aimed at individuals, groups and corporate interests, will be conducted by officials of the TR-VWMD and the U.S. Army Corps of Engineers, a spokesman for the TRVWMD

said. The seminars are scheduled at the Golden Triangle Vocational-Technical Center in Columbus on Monday, at Itawamba Junior College in Fulton October 18. and at Northeast Mississippi Junior College in Booneville October 25th.

Each seminar is scheduled to begin at 7 p.m. and each is expected to last about 90 minutes.

The Corps of Engineers'

for recreational plans facilities on the Tenn-Tom in-

clude construction of parking lots and installation of water and sewer lines at each site. Concession contracts will be awarded on a competitive bidding basis.

Private individuals, groups and corporate interests will be able to construct buildings and floating docks for use by the public.

Two of the earliest contracts for recreational sites are expected to be at the Bay Springs project on the Tishomingo-Alcorn county line and at the Barton's Ferry project in Clay County. Bids should be let in the spring for the Bay Springs recreational site.

The seminars are designed to provide officials of the Corps and TRVWMD an opportunity to answer questions from people interested in the private investment opportunities along the Tenn-Tom.

president of the Mississippi Farm Bureau Federation, said that the farm organization "has been urging all qualified voters who may have been negligent in the past and not registered or gone to the polls in the past to be sure to cast their ballots this fall not only for the candidates of their choice but for several proposed amendments to the **Mississippi Constitution that** they will find on the ballot."

The farm leader said that all home and land owners in the state have reason to be concerned over the rate of increase of their taxes, and this referendum on Senate Concurrent Resolution 519 which appears on the ballot will give each affected voter the opportunity to help determine taxes in the future in Mississippi.

Clothes For The Working Woman

There are more women in the workforce than ever before. In fact, more than 50 percent of all women work in a paid job outside the home. In rural areas more than 80 percent of women are working.

A major concern for working women is clothes. And if it's not a concern, it should be. According to Fashion Consultant Nancy Thompson 84 percent of the impression you make is based upon your appearance, 12 percent on the way you sound and only 4 percent on what you say. A wise women interested in her

Plan your working wardrobe around classic styles that will last for several years. Begin with a good suit in a traditional color such as navy, camel, gray, or black. Your next purchase should be a blazer and one or two skirts that mix and match with each other and the suit. Try to keep everything in your wardrobe color-coordinated. Use accessories to add a different look

Conservation Notes

The wood duck is the only migratory waterfowl that nests regularly in Mississippi. Unlike other ducks, it builds its next in hollow trees. It is also seen quite often perched in trees. They are very beautiful and colorful birds and are very good to eat. Wood ducks constitute a high percent of ducks bagged each year. Because of their habits they are interesting birds to observe and study. Wood ducks require two kinds of habitat: one for nesting

been appointed Ad-ministratrix of the estate of A recent exception has been the price of white and Johnson, yellow onions, sold at the deceased, by the Chancery Court of Tishomingo County, Mississippi, in Cause No. same price in some stores at the same time.

9059, upon the docket of said Court, on this the 5th day of Because a pound of chop-October, 1982, does hereby give notice to all persons having any claim against said estate to have the same ped green onions yields more cups than a pound of chopped mature onions, green onions earn a better value probated and registered by the Clerk of the Chancery position on a cost per cup Court of Tishomingo County, Mississippi, within 90 days next, and failure to probate basis than on a cost per pound basis.

It's not unusual for three bunches of green onions to weigh as little as a half pound. When the price of the same three bunches is a dollar, that's \$2 per pound, two to eight times the cost of mature onions.

Convenience forms of onions save time, and they usually save money. Comparing the costs of enough convenience products to equal a cup of fresh onions can be surprising.

For example, a 12-ounce package of frozen onion weighs the same as two cups of fresh chopped mature onions. If you pay 49 cents for the frozen onions, that's equal to 25 cents per cup of fresh onions.

Dehydrated onion products are less expensive if bought in large size jars than if bought in smaller ones. Since they keep well for many months on the pantry shelf, there's little reason not to buy economy sizes. In big or little jars, dehydrated products provide onion flavor as economically as fresh ones, as long as replacement is made as recommended on

the labels.

To serve as a fresh vegetable or for use in salads, fresh onions cannot be satisfactorily replaced by processed onion products. Frozen and canned french fried onions are time-saving substitutes for home prepared onions, although they are generally more expensive. Small canned onions also are more expensive than the onions generally available from produce counters. However, when the same type

of small pearl onion is available in fresh form, it is also more expensive than commonly purchased fresh types.

A good way to capture full onion flavor in stew or soup is to heat chopped or sliced onion in fat before adding the onion to other ingredients. In a different way, the same rule applies to onions that are to be used in salads. Because the flavoring substance in onion is an oil, it is more completely extracted in fats than in water or other fat-free liquid. To make the most of this characteristic in salads, add chopped onion to an oil dressing an hour or two before adding the dressing to the salad.

To replace the flavor of one medium fresh mature onion with dehydrated onion in cooked foods, use one tablespoon minced onion or one teaspoon onion powder according to package directions. A teaspoon of onion salt also replaces the flavor of a medium onion, but cannot be substituted for onion in most recipes without excess salt flavor. According to label directions, two teaspoons of

liquid garlic provide flavor equivalent to a medium onion, but it is a good idea to try half as much before using

the full amount. The usual rule for choosing all varieties of mature fresh onions is this: select firm, onions with fresh, crisp bright skins that are dry enough to crackle. Pass up onions with seed stems or sprouts or moist skins. Though color is not a sure always the rule for green sign of mature onion flavor,

yellow ones usually are

stronger flavored than white and red ones. When you buy green onions, shop for those that have fresh green stems and blanched white roots as evidence that they are tender and young. Look for welltrimmed, clean green onions, free from decay to assure maximum flavor and

minimum trimming waste. Refrigerator storage is

onions. In tightly covered containers or airtight wrappings, green onions stay fresh for several days in the refrigerator. They keep even better and are more con-

venient to use if they are trimmed, washed, and dried before they are stored. Cool room temperature is better storage for mature dry onions, in a basket or box that allows full air circulation.

the Cardinals came from behind to edge past the Okolona Chieftains with a score of 13-12.

The Cardinals scored their first touchdown on a 4-yard run by Macky Massey. The extra point was no good.

In the final quarter Macky Massey scored again on a 1yard plunge to tie the game. Mike Thorne kicked the all-Important extra point which landed the Cardinals the win. The Belmont squad will be

traveling to Hamilton tomorrow night for action there.

Chieftains Bag Bears In A Big Way

The luka Chieftains played an excellent game last weekend when they shut-out the Alcorn Central Bears 13-0. Offensively and defensively, the Chieftains came through grabbing their initial win of the season.

Late in the first quarter Randy Burton made a 20 yard pass to Hot Dog Brown, who was good for the touchdown. Jeff Hapner kicked the extra point.

With 20 seconds left in the second quarter, Jeff Hapner scored on a 70-yard carry aided by a good block on the part of Ronnie Ledbetter. The extra point was no good.

When the Bears threatened to score late in the third quarter, the Chieftains met the challenge, making a great goal line stand on the 4 yard line, which prevented the touchdown.

The Chieftains gained 148 offensive yards, compared to

WAL-MART

again last Friday night when 133 yards for the Bears. Commenting on the game, Coach Jimmy Smith said, "Central made more mistakes than we did, because we were hitting them hard. We were able to contain them the whole game. This was the best effort all of them (the

Chieftain squad) have put out at one time." Looking forward to tomorrow night's action at Tishomingo, he said, "Tish has got a real good ballteam. We'll have to play extremely well to beat them."

Bulldog Blitz Stuns Mooreville

Tishomingo's strong defense prevented Mooreville from scoring last Friday night, as the Bulldog offense racked up 28 points. A good defensive effort was instrumental in the win with **Richard Holt and Chris Ryan** each making fourteen tackles. The record now stands at 5-1 for the Bulldogs. In the first quarter Rodney Frazier scored the initial

touchdown from 15 yards out. Eric Powell kicked the extra point. At the beginning of the third quarter, Eric Powell

returned an 85 yard kick-off for a touchdown and then made the extra point. Rodney Frazier scored the

third touchdown on a 6 yard run, also in the third quarter. Again at the end of the first quarter, Eric Powell scored on a one yard run and ran the ball in for a two point conversion.

The Bulldogs picked up a total of 421 yards with Eric Turkey & dressing

and Rodney Frazier, 201 yar-English peas/potatoes ds. However, 146 yards of that Rolls tally were lost due to **Apple sticks** penalties. Tishomingo had 10 first downs. Mooreville was good for 132 yards and made five first downs.

When Coach Tackett was interviewed, he said, "Our defense did a real good job, and for the first time this year our offense clicked. We made sustained drives so our interior line is coming along." Asked about tomorrow night's action with luka, he replied, "luka is a much better ballteam than their record shows. They've played some real stiff competition. We're not taking them lightly, and are looking for a real hard game.'

The DECA Club had an officers meeting last Thursday night at New Orleans Famous Fried Chicken. Many things were accomplished for the planning of the Skate-a-Thon and future fund raising projects.

The DECA initiation and installation was held last Tuesday at Mineral Springs Park. A candlelight ceremony was held to initiate this year's members. We had a big turnout, and everyone had a great time. We would like to thank Miss Janice Lambert and Mark Emmons for supervising our initiation. Their interest in our club is greatly ap-

the DECA Club had a guest speaker to discuss ways to make money for future plans. A former DECA member, Mark Emmons, spoke to the four classes of DECA students about a future money making project. Everyone enjoyed his ideas and appreciated him taking his time to come and talk with us. Once again, we would like

A Way With Animals

Squirrels at Mineral Springs Park are not afraid of Mr. Leon Deaton. As a matter of fact, they're rather fond of him. When he walks through the park, the furry creatures come scampering down from the treetops in hopes of getting the goodies that Mr. Deaton provides. For the past few years he has been feeding them every day, and now many are tame enough to eat out of his hand. Mr. Deaton, who retired from his

occupation as a salesman in 1975, spends much of his time at the park. When asked why he likes the park so much, Mr. Deaton replied, "I like to watch the squirrels play and chase one another around. They're a lot of fun." He says the improvements at the park in the last few years have made a major change. However, Mr. Deaton does complain about people who let their dogs run loose in the park, because the dogs have scared off many of the squirrels.

FREED'S CROSS

There is a little white cross that stands beside the road, It was put there for you and me, You can kneel and pray, or sit and think, It will bring you closer to thee. God called Freeda home September 5th, It left us heartbroken and lost, Freeda knew he was going home soon to be with God, So he left behind a cross. At the foot of the cross there is many a stone, And each stone has a name, If you see one that just says 'Cous', don't move it. Just let it lay. You see, my cousin put that stone there for me, And there I want it to stay.

New Book About Chickasaw Removal

A new book entitled EX-PENDITURES FROM THE CHICKASAW FUND: CHICKASAW INDIAN REMOVAL, 1833-1843, will go on sale October 15, a product of the Chickasaw Publishing Company of Aberdeen. Involved in the venture are

Dr. Joe K. Stephens, West Point; Mrs. Patsy C. Pace and Mrs. Jo D. Miller, Aberdeen; and Mrs. Helen M. Crawford, Hamilton.

The book is a record of the costs, methods, and routes of removal of the the Chickasaws from North **Mississippi and Northwest** Alabama to an area purchased from the Choctaw Nation west of the Mississippi in the Arkansas Territory.

A fascinating document including such information as place names, travel routes, newspapers, steamboats, business firms, as well as Indian and pioneer names, this book will be of great value to genealogist, historians, and researchers of Indian and pioneer history.

The book is a 1982 photographic reprint of the official War Department Document No. 65, originally printed in January 1843. It is a

detailed statement of all the expenditures made from the Chickasaw fund during the Indian removal between March 2, 1822, and January 1, 1843.

The softbound book, 8 1/2" x 11" format, has a general index of 1200 entries and includes several maps. It was printed by the Pedigree Press in Hamilton, Mississippi. The cost is \$10.00, plus

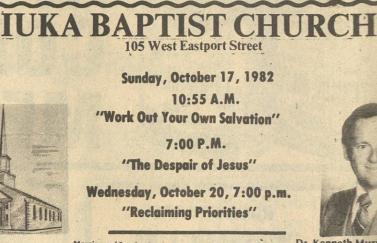

\$1.00 postage, and can be ordered from Chickasaw Publishing Company, P.O. Box 112, Aberdeen. Mississippi 39730.

Iuka Lions Club Met

The luka Lions Club met in regular session on October 5th at Circus Burgers Restaurant with about 20 members present.

Lion A.W. Mangum gave the invocation, and the meeting was called to order by President Bobby Riley. After a good meal, several projects were discussed including the coming circus, the Christmas parade, the annual shotgun raffle, and a contribution to the funeral expenses of a young man who was killed by a car failing on him.

HEALTH NEWS

Aching Joints

Many people associate pains in the body joints such as the fingers, wrists, elbows, or knees and feet, with arthritis, rhoumatism or gout. They often mention how bad weather increases the aching. Weather changes do affect the pain level intensity by aggravating the body's temperature centers. These centers are responsible for adapting the internal body temperature to the

outside environment. When such changes occur, naturally affects all the normal parts of the body which you don't feel, but you do feel the changes in the abnor mal parts, (aching joints.) The application of Chiropred care has been found to be quite effective in aidin recovery of those who suffer with aching joints. ********

POINT OF LAW

Q: Can landlords raise the rent whenever they want to?

A: In a month-to-month tenancy, stability in the amount of rent may exist only on a monthly basis. In a years lease, the landlord cannot raise the rent during the term of the lease. If the landlord wants to raise the rent during the lease period, he or she must give the tenant something in return, ie., a new contract. Landlords have one way to demand higher rent, an "escalator" clause in the lease. This provides that if the landlord's cost sud-

Tell us about your heroes, ages 10 to 18.

We want to give our outstanding young people an award for their achievements and a cash savings account.

First Bank Young Citizen's Award.

It's our first annual First Bank Young Citizen's Award, and it's our way of saying thanks to the local young people who, again and again, go that extra mile.

Young people ages 10 to 18 who live in any First Bank county are eligible. And you can nominate them. All you do is pick up a nomination form, and tell us why, in your own words, you think the young person is especially outstanding. Why you respect him or her so much.

The boy or girl next door.

Maybe your nominee will be a young neighbor who spends his afternoons caring for and loving his elderly grandmother. Maybe he or she is the team captain or club officer who inspires others to give their all. Or maybe the nated

youngster who excels in school and helps with family finances. Or maybe a dedicated volunteer at the local hospital.

With so many fine young people in our communities, the possibilities are almost endless. Feel free to nominate more than one.

Awards. Cash. Banquet.

Awards will be given in four categories—Leadership, Responsibility, Achievement-Plus and Service. And there may be as many as three awards in each category.

First place winners in each category receive a gold award and a \$300 savings account. Second place winners receive a silver award and a \$200 savings account. Third place winners receive a bronze award and a \$100 savings account. And other deserving young people receive certificates of achievement.

Plus all winners, their parents or guardians, and the persons who nominated them will be guests at a special awards banquet.

Award winners will be selected by a panel of local citizens made up of teachers, ministers, homemakers and mothers, and business and professional men and women.

Nominate now.

Nomination forms with complete details are available now at all First Bank offices, or call us at 438-6394 to receive your forms in the mail. The deadline for this year's nomination is December 15, 1982.

Please put your thinking cap on now, and make a list of all the deserving young people you know. They work so hard every day to lead, to achieve and to give. Saying thanks is the least we can do.
