NINETY-NINTH YEAR

IUKA, TISHOMINGO COUNTY, MISSISSIPPI

Thursday, January 27, 1983 No. 32

Mr. & Miss Tishomingo High School Selected

Mr. & Miss T.H.S. 1983

Rodney Frazier and Lori McAnally were elected recently as Mr. and Miss Tishomingo High School by popular vote of the student body, grades 9-12. Rodney is the son of Mr. and Mrs. Earl Garner. He has been actively involved in various sports and received many awards during his high school years. Sports participated in by Rodney include football and basketball. He has been named Best All-Around Senior Boy, Hall of Fame, and received the Spirit of America Award in football, All District Punter, and selected as All District Halfback. Lori is the daughter of Mr. and Mrs. Stanley McAnally. Her grandparents are Mrs. Inez McAnally and the late Lum McAnally, and Mrs. Mary Choate and the late Calvin Choate. Lori has also been involved in several activities during her school days. These include cheerleading and basketball. She was selected as Halloween Queen, Who's Who Among

American High School Students, Hall of Fame, and The Society of Distinguished High School Students. Lori is a member of the Beta Club.

membership drive for the Foundation will continue for another month. Rick Ward, Executive Director, TCDF, encourages area business and commercial establishments to join with this group of interested and involved citizens to help bring about much needed employment and economic development.

"Jaws of Life" Needed To Save Lives

Have you ever heard of someone being caught in a car after an accident, and life saving time was lost because the person could not be freed, given first aid or rushed to hospitals? Add to this, that the car might even be on fire.

Time is a very precious commodity for anyone who has been critically injured in an accident. As these precious moments tick away, life saving care may be several miles away. In many cases, time can make the difference between life and death.

This precious time can be given, if those who attend the accident have what is known as "Jaws of Life". This power tool can quickly cut one free from a wreck so that the victim can be transported quickly to get help. Freeing a person can also allow those at the accident to reach parts of the body where bleeding can be stopped, or at least slowed, before reaching the hospital.

The cost of a "Jaws of Life" is in the neighborhood of twelve (\$12,000.00) thousand dollars. This might seem high to you, but how much is only one life worth? Add to it that you or someone you love may be one of the ones saved by it.

Now, we are not asking that any one person pay the full cost of this, but we do feel that we can each do our part to get one as soon as we can. This is a gift that keeps on giving, as it is used to save lives.

If you, your business, local club, etc. would like to make a donation to the saving of lives, then make your check out to "Jaws of Life" and send it in care of the Iuka United Methodist Church, P.O. Box 271, Iuka. Please do this today, and remember that your gifts are tax deductible.

If there are any churches that would like to make a gift to this cause as a church family, we would welcome you to feel this freedom. Let it be to His glory and for the

good of our brothers and sisters in Tishomingo County.

Thank you so very much for your response of love to this great need in our area. May you feel your partnership in the saving of lives. Praise the Lord!

Services Held For 100 Year Old County Resident

Benjamin Franklin Ross, 100, died Wednesday night, January 19, at the Tishomingo County Hospital following a lengthy illness. He was preceded in death by his wife, Hattie Whitfield Ross.

One of the county's eldest citizens, he was born and reared near Burnsville, and lived most of his life in the Holts Spur Community, making his living by farming and in the lumber business. He was a Baptist.

Services were conducted Friday, January 21, at the Little Flock Primitive Baptist Church with Bros. Herman Clark and Frankie Smith officiating. Burial was in the church cemetery. Cutshall Funeral Home was in charge of the arrangements.

Survivors include a daughter, Mrs. Thelma Gray, of Burnsville; and a grandson, Edwin Ross Gray, of Counce, Tenn.

Seven Additional Qualify For County Offices

Seven names have been added to the previously announced 13 in an earlier edition of The News. According to information given at the Circuit Clerk's Office, the total of county candidates seeking election or reelection to the various offices include:

*Kim Wells seeking election as County Coroner and Ranger.

*Robert Skinner, Tishomingo County Sheriff.

*Bob Payne, Tishomingo County Sheriff.

*Robert Sims is seeking reelection as Chancery Court Clerk.

*Alvia Blakney will be seeking re-election as County Superintendent of Education.

*Lloyd Yow, 3rd District Supervisor.

*Jerry Taylor, 5th District Constable.

Formal statements will be published to the voters at a later date.

The Tishomingo County News will continue to inform area voters of any changes or additions to the list of candidates as they qualify.

December Jobless Rate For County Edges Up To 1,760

The number of jobless Tishomingo County residents edged up at mid-December to reach 1,760. According to Charles Smith, Manager of the Mississippi State Employment Service, this represents 13.6 percent of the civilian labor force, which also experienced a rise. Monthly comparisons revealed an increase of 320 in the number unemployed, while yearly comparisons revealed an in-

crease of 570. The number in the labor force experienced a drop of 390 over the year. The number of Tishomingo County residents employed was estimated to be 11,220, 280 below the previous estimate of 960 below the estimate for one year ago.

Manufacturing employment in the county totaled 3,000, compared to 3,010 in November, 1982, and 2,730 in December, 1981.

Nonmanufacturing employment registered 4,780 workers at mid-December, 220 below the figure for November and 2,360 below that of one year ago. This monthly decline was noted primarily in the Construction group, while the large yearly drop was noted in Construction and Government employment.

Smith also noted that the labor force for the four-

county area of Alcorn, Prentiss, Tishomingo, and Tishomingo totaled 46,880 at mid-December. This represents a rise of 140 over the November estimate but a loss of 540 from the same month one year ago. An estimated 6,520 workers were unemployed at mid-December. This figure increased by 510 when compared to November, 1982, and an increase of 1,960 was noted over the estimate for December, 1981. The unemployment rate for December climbed to 13.9 percent, compared to 12.8 percent in November and 9.6 percent in December, 1981. The number of employed workers dropped to 40,470 at mid-December. This shows a decline of 370 from the November estimate and 2,500 below the estimate for December, one year ago.

Manufacturing employment, estimated to be 14,280 at mid-December, reflected only a minimal change, a decrease of 40, from the November estimate, but experienced a substantial decrease of 730 from the one year ago estimate. Non-manufacturing employment stood at 17,500 in December as compared to 17,690 last month and 19,860 for the same period one year ago. The highest over-the-year loss was noted in the Government industry group with Construction experiencing the next highest decrease.

Circuit Court Disposes Of Three Criminal Cases

During the January term of Circuit Court in Tishomingo County, three separate cases presented included: State of Miss. vs. Billy Ray Holland; State of Miss. vs. James R. Bennett; and State of Miss. vs. Betty Tigner.

According to Assistant District Attorney Richard Bowen, Billy R. Holland entered a plea of guilty of simple assault on a police officer. Judge Fred P. Wicker sentenced Holland to 5 years in the Department of Corrections, suspending this sentence pending good behavior with 3 years supervised probation. Holland was also ordered to

serve 60 days in the county jail and fined \$500 plus the cost of the court.

A verdict of guilty was returned in the case of Bennett, who was charged with aggravated assault against Ronald Brock and also charged with armed robbery. The jury deliberated approximately 2 hours, 50 minutes to return their decision involving the two Tishomingo men. Circuit Judge J. Thomas Gardner, III set sentence for February 1.

Ms. Tigner has been released on bond. The District Attorney stated that manslaughter carries a maximum of 20 years.

maximum sentence of 20 years for aggravated assault.

Trial began Thursday, January 20, with the case of State of Miss. vs. Betty Tigner. The Iuka woman was charged in the April, 82 shooting death of Billy Akers, also of Iuka. The case ended at 4:00 p.m. Friday after 1½ hours of deliberation by the jury, which found Tigner guilty of manslaughter.

Judge J. Thomas Gardner, III set sentence for February 1. Ms. Tigner has been released on bond. The District Attorney stated that manslaughter carries a maximum of 20 years.

Surplus Construction Materials To Be Sold At TVA Warehouses

TVA will begin selling surplus construction material and hardware over-the-counter on January 20, at all three of its cancelled or deferred nuclear plant sites. The sales are part of TVA's Investment Recovery Program.

Sales warehouses have been established at the Phipps Bend, Hartsville, and Yellow Creek sites and will be open to the public every Tuesday and Thursday from 8 a.m. to 1 p.m., local time. Items available for sale have been pre-priced and cataloged, and include lighting fixtures, vehicle tires and tubes, rope, electric

cable, valves, radio equipment, pumps, duct and tubing, storage batteries, structural steel, expansion joints and water stops, hose and hose clamps, bolts, screws, nuts, nails, anchors, and thousands of other items used in construction activities.

Catalogs listing all items and their prices will be on display at the sales counter at each site. Minimum purchase for each catalog item is \$100. A 10 percent discount will be offered for a total purchase of over \$500.

Additional information regarding the catalog sales may be obtained by visiting the sites on Tuesdays or

Thursdays or by contacting the following warehouse personnel at the respective sites: John Glenning (615) 345-3501 at Phipps Bend; Jim Langston (601) 423-1280 at Yellow Creek; or Coy Sparks (615) 374-2136 at Hartsville.

The over-the-counter catalog sales program is another phase of TVA's effort to recover as much as possible of its investment at the three sites. Other ongoing or planned investment recovery programs include small and large equipment auctions, negotiated sales, advertised bid sales, and the transfer of surplus equipment to TVA's active construction sites.

COUNTY MAN DIES IN FIRE

Aftermath of a Fatal Fire

A 32 year old Tishomingo County man died Monday night, January 24, in his home, located in the Carter's Branch Community, as a result of a fire which raged through the one story frame house. The victim, identified by County Coroner, Charles Lambert, as Charlie Ray Southward, of Rt. 1, Tishomingo, was found dead

upon arrival of the rescue workers. Coroner Lambert stated that all indications suggested that the fire was accidental. "I was told that he had been visiting with friends earlier and was last seen around 9:00 p.m.," he related, stating that, "He had possibly come home and turned the heater on too high. He was trying to escape through a back window and was unsuccessful."

The Coroner said, "The body was badly burned." The Tishomingo Volunteer Fire Department responded to the call received around 10:00 p.m., and was assisted by the Golden Unit. Approximately 12 volunteers from the Fourth and Fifth Districts battled the heat, heavy smoke and flames to no avail. Southward was lying alone in the dwelling, located

northeast of Tishomingo, near the Alabama line, approximately ½ mile east of Abe Campbell's Grocery. Reportedly, he had resided there for about one year. The County Sheriff's Office and the ambulance service also were notified and dispatched to the scene. Thompson and Sons Funeral Home, of Tusculum, Ala., was in charge of the arrangements.

Extension Home Economist

Don't Waste Dollars

Be careful about shopping in convenience stores. Prices are 15 percent higher than in supermarkets.

Watch food waste. The average family throws away between 7 and 10 percent of the food they buy.

Plan menus and shopping lists to take advantage of weekly specials and coupons, using them only to buy those items you normally buy, many of the coupons and refunds are for highly processed

snack foods that are low in nutrients.

Yellow, orange and red packaged items are "silent sellers" that somehow wind up in the grocery cart. Shop carefully.

Beware of multiple pricing, for example 3 for .89. A similar food may sell for .28 each. Three of them would only cost .84.

Use unit pricing. Compare prices of different sizes, brands and forms; fresh, canned, frozen. Some big packages contain less than smaller packages. Look for net weight statement on the package.

One envelope, two and one-half teaspoons, of active dry yeast and one small square of compressed yeast can be used interchangeably.

Waste not! One cup of uncooked rice will yield three

Employer of the Week

Circus Burger has been named Employer of the Week for the Distributive Education Co-Op Program at Iuka High School, according to Ms. Carol Miller, Coordinator of the program. Circus Burger is located on Highway 25 South, and is owned and operated by Mr. and Mrs. Milt Burton. Mr. and Mrs. Burton serve as supervisors for the Co-Op students employed there as well as allow the DECA Club officers to hold meetings at the restaurant. The students employed at Circus Burger are Dave Harwell and Mechelle Ramsey. Mechelle Ramsey is a 16 year old junior at Iuka High School. While at school she

is active in the DECA Club, Beta Club, Annual Staff, and TRIBE TALK, the school newspaper. This year Mechelle is serving as the class president for the Junior Class and is in charge of plans for the annual Junior-Senior Banquet. Mechelle's on-the-job duties include taking and filling orders, cleaning tables, taking stock, cooking, and general housekeeping. When asked about work, she stated, "It is really easy to work with everyone at Circus Burger and I enjoy it very much." Dave Harwell is a 17 year old senior at Iuka High School where he is an active member of the DECA Club and Band. This year he was elected

cups when cooked. One cup of uncooked macaroni will yield two and one-fourth cups when cooked. One cup of uncooked noodles will yield one and one-fourth cups when cooked. If you do wind up with rice or pasta left over, stir-fry them with bits of cooked meat and vegetables for a quick supper.

Food Coupons Not Always A Bargain

Most shoppers don't save as much as they think they do when shopping with food coupons.

A recent check of food prices comparing the brand name products offering cents-off coupons with similar house or generic brands found that the coupons were not a bargain in eight out of fourteen cases. Coupons are often designed to promote a product, rather than to save us money.

When we use them we feel good. We feel a sense of accomplishment and think that we have used the system to our advantage.

It's possible to save money if coupons are used for necessities. But the promise of money back is often a strong temptation to buy items that aren't really needed.

Junior Livestock Shows Are They Worth It?

"Before we discuss the merits of a junior livestock

show, maybe we better define it. First of all, it's not a junior livestock show, it's a youth show where livestock are used as props or visual aids. About 90 percent of the people who come to a livestock show come to see their youngster or someone else's youngster show themselves, and they have to have an animal in order to get into the ring.

"Junior livestock projects should never be sold as a money-making project. It is a teaching project, and should be sold as such. What does it teach?

1. It teaches youngsters to get along with people. Showing animals, winning, getting beat, and so forth, helps youngsters to get along with others.
2. Livestock feeding teaches responsibility. It is the feeder's responsibility to hear the alarm clock and obey it. If they learn nothing more than that, feeding is worthwhile.

3. Junior projects teach youngsters to attend to details. In feeding, and especially through life, it is often the little things that count. The person who does the extra mile gets the job done.

4. Decision making is the most painful task that a teenager has. The good animals shown this year didn't just happen to be here.

Somebody planned it that way.

5. Feeding teaches youngsters to plan. Without a good planning job, we are sunk.

6. Somewhere along the line, we hope our young feeders will learn a little about livestock production.

We don't expect every youngster who feeds a calf, lamb, or hog to become a beef cattleman, sheepman, or hogman; neither do we expect all little league baseball players to play for the major leagues.

Feeding is a family project. I don't mean the whole family does the work. I mean the whole family must enjoy it. Half the value of the project is lost if the parents don't attend the show.

I think sometimes we are prone to look at investments through the wrong end of a telescope. For example we don't buy a car, we buy transportation; we don't buy a TV set, we buy entertainment; we don't miss a day of school, we lose a day of education. By the same token, we don't invest toward a premium list or buy some youngster's calf or pig in a premium sale. Rather than that, we invest in the future of some boy or girl who in turn will help keep America the greatest country on earth.

County Agent's Notes

County Agent

1982 In Review

1982 was another year of disappointment for Tishomingo County farmers. Another year of low prices dealt a severe blow to many growers. High yields helped, but for most, 1982 was another frustrating experience.

The value of farm production in Tishomingo County was about \$11,000,000 in 1982. Statewide, the total value of farm production reached \$2.9 billion, just short of the \$3 billion mark set by the Mississippi Cooperative Extension Service for 1983.

Forestry was the leading income producer for the county in 1982, with a value of \$3,300,000. Soybeans, the second leading income producer, added \$2,500,000. Corn, hogs, hay, beef and horticulture and other miscellaneous crops brought an additional \$3,500,000 to Tishomingo County.

Both cotton and soybean yields increased over 1981, but prices for both commodities were lower than the year before. The county's 18,000-acre soybean crop averaged twenty-four bushels an acre. Cotton averaged six hundred pounds of lint an acre on 380 acres.

Farmers in 1982 certainly

Tishomingo County News - Vidette - Belmont News

did not recover from the last two extremely lean years. Farmers must buy their production inputs at retail prices and sell their products at wholesale. Like the rest of us, farmers need a profit to stay in business.

The projected agricultural income in Tishomingo County for 1983 is about \$13,000,000. I know we can reach and even pass this goal if farmers will use the recommendations from Extension and follow good management practices.

After a disappointing year like most of our farmers have had, it is easy to be downcast. Hopefully, with lower U.S. AGRICULTURAL PRODUCTION, BETTER PRICES, SOME RELIEF FROM THE WEATHER, AND A LITTLE LUCK, WE WILL BE ABLE TO LOOK BACK AT THIS SAME TIME NEXT YEAR IN A MORE PLEASANT PERSPECTIVE.

This will be my last County Agent's Notes to prepare before my retirement as your County Agent.

I appreciate the fine cooperation I have received from the editors of the county papers for the past twenty-two and three-fourths years. I hope you have received

profitable information from the County Agent's Notes through the years. Let me encourage you to continue to read the County Agent's Notes each week.

Burnsville Homemakers

The Burnsville Homemakers held their January meeting in the Burnsville Library on Wednesday, January 12.

The devotional was given by Dorothy Strickland, who read from Ecclesiastes, Chapter 3. She urged each member to make the new year a brighter one by taking time to plan for it. She suggested taking time to think, to play, to read, to pray, to love, to be friendly, to laugh, to give, to do one's work well and to show appreciation.

The business meeting consisted of making plans for the coming year. Programs were planned through August and hostess commitments were made for the same period.

The demonstration consisted of the making of bias ruffling for pillows. Each step of the procedure was illustrated, and many interesting decorative fabrics were displayed.

Present to enjoy coffee, cheese spread, crackers and cookies were seven members: Ruby Adams, Wilma Gilliland, Ilene Graham, Eleanor Richardson, Ann Strickland, Dorothy Strickland and Mary Williams.

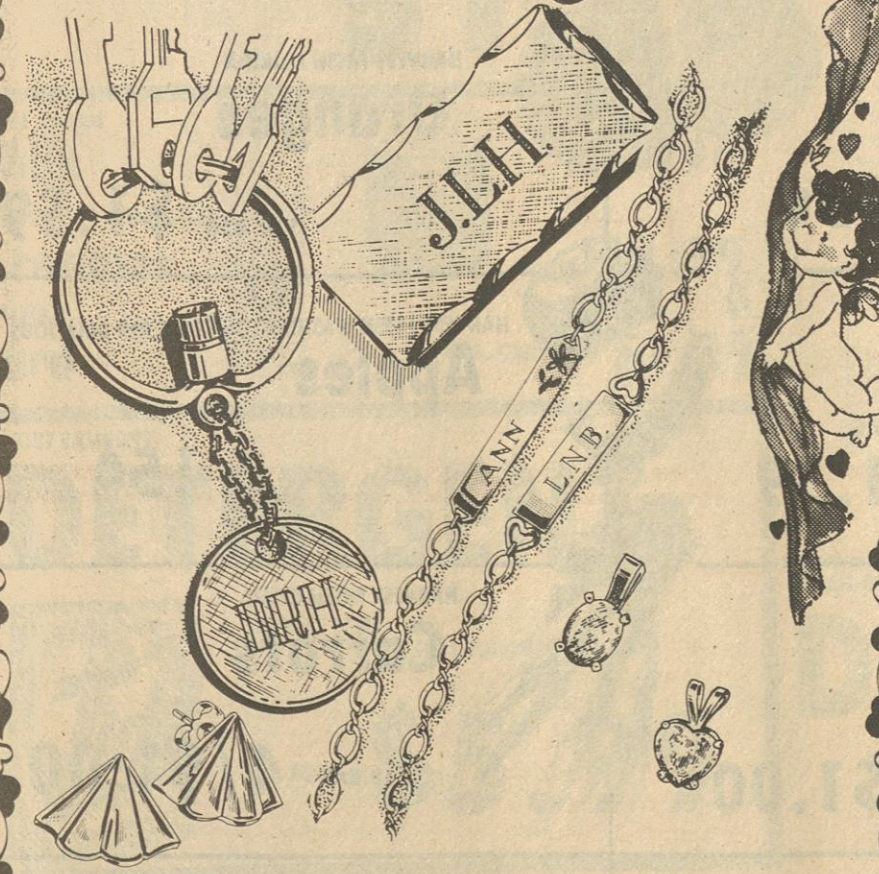

DECA Update

On January 20, 1983, the DECA Club will hold their first meeting of the new year. The meeting will be held at the home of the DECA advisor, Ms. Carol Miller. All officers are urged to be at Ms. Miller's house at 7:30 p.m. The meeting has been called to discuss plans for district competition that is being held at Itawamba Junior College on February 9. "District Competition" is when people from DECA Clubs in certain districts get together to compete against each other in different fields of distribution. The persons winning in district competition will be awarded and entered in state competition, which will be held in Biloxi. The state competition date hasn't been scheduled as of yet, but we will inform you of a date at a later time.

We will also be discussing plans for a Valentine party, which is planned for Timber

The Memory Of Lake Como Becomes A Reality

By Tommy Wilemon

Sunday Afternoon Outing — In the scene from an era long past, a group of unidentified people took the time to have their picture made as they enjoyed the beautiful surroundings of Lake Como. From around 1910 to 1920, the lake was the social and recreational mecca of North

Mississippi each summer. Evident in the background is the bath house where boats and swimming suits could be rented.

Mississippi each summer. Evident in the background is the bath house where boats and swimming suits could be rented.

Looking Eastward — This photograph was taken from atop the dam at Lake

Como, which has recently been restored. For more than half a century the lake's bed

lay dry and overgrown until DeWitt Bean rebuilt the sixteen acre lake.

Pleased At The Outcome — For three years DeWitt Bean

and Bob Borden labored to restore Lake Como. Finished

at last, the two men can be proud of a job well done.

Toward the beginning of the century, townspeople and tourists would gather at Lake Como on lazy Sunday afternoons. There, oblivious to the intensity of the summer sun, they would swim in the sparkling clear water and picnic under the canopy of oaks and pines that surrounded the body of water. But when Lake Como's dam broke in the spring of 1920, all that was left were the memories which many would treasure throughout their lives.

"I grew up on that lake. I thought that it was the greatest thing we ever had," said luka Businessman Will Brown. "It was the recreational center of Northeast Mississippi when it was there. We used to have parties out there and all kinds of activities. It kept us out of trouble, I guess."

The time of which he speaks was a golden age for luka. Tourists flocked to the town to drink from the seven flowing mineral springs that had won a first prize in the St. Louis World Fair in 1904. This had established luka as one of the South's most prominent "watering places".

Two hotels catered to the influx of people who came here each summer from around 1904 to 1915. The more popular of the two, The Mineral Springs Hotel, was owned and operated by a Mr. Thompson, from Birmingham, Alabama. It was he who built Lake Como way back around 1911.

He decided on a location a couple of miles east of town where a watermill had once stood. The site was in a low valley where a number of springs bubbled up from the ground. A 640 foot dam would have to be constructed to harness their flow. After much hard labor, the task was accomplished with mules and wheelerscrapers, a primitive type of earthmoving equipment. The new lake was christened after Lake Como in Italy. Mr. Thompson's time, effort, and money were well spent. The lake became quite popular soon after its completion and remained so throughout its existence.

C.B. Reid, a retired businessman and practicing artist, can vouch for this. He was driving a taxi when Lake Como's popularity was at its peak. "Half the people I hauled were going to the lake. For two to three months it was full of people. Everybody went there. It was the only place you could go to swim." He said that he charged passengers 50 cents to ride from the hotel to the lake and back. "The park and the lake worked hand in hand. People really enjoyed it."

Like his taxi passengers, Reid spent much of his own leisure time at Lake Como; so today he remembers it well. "They had a house. You would go in that house, and it was like an office or something. The house was where the little lake ran into the big lake. It was built on stilts." Here was where the swimmers changed clothes and paid to swim or rent boats. According to Reid there were two lakes. The smaller one was used for swimming and the larger one, for fishing. However, he said that he once swam the length of the big lake.

Local historian A.W. Mangum is another who has fond memories of Lake Como. "It was where persons went late in the afternoon in warm weather for swimming and boat riding. At the time I knew it best, it was owned by a Mr. Thompson. Thompson operated the Mineral Springs Hotel and Lake Como together." Mangum said that a man named Hess and a Dr. Walker were other owners at different times.

He also remembers the bathhouse. "There was a building out in the lake. I believe there was a boardwalk out to the building. The boats were rented from there." Will Brown said that 25 cents a day was the rate at which the boats could be rented. He also added that it cost a dime to go swimming plus 15 cents extra if the swimmer was in

need of a suit.

The boats, which so many people rode in, were once painted by C.B. Reid. "Dr. Walker had me to paint his boats. He had about a dozen metal boats sixteen feet long. They were pretty substantial boats. They would hold five or six people."

However, Lake Como served other purposes aside from boating and swimming. It played an important role in the community. Will Brown was Baptized there soon before the end of the lake's existence. He said that the tent revivals staged at Mineral Springs Park were always followed by Baptizings at Lake Como.

Brown stated that sometime after his Baptism, a tremendous rain came which washed a gap from the lower end of the dam. Unharnessed, the beloved waters came gushing out, revealing the lake's soggy underbelly. "I rode my bicycle out there. I got it so muddy, I couldn't ride it back," Brown reminisced of the incident. "After that dam broke, this part of the country lost its recreation spot."

For more than sixty-two years the bed of Lake Como lay exposed but also disguised. Only a small trickling stream gave any indication to the large body of water that had once been there. Yet in the minds and conversations of townspeople, Lake Como still lived. Over the years several local artists painted the lake from faded photographs and personal accounts. But neither talk, memories, nor paintings could bring it all back. This was a feat which only action could produce.

DeWitt Bean lived in luka fifteen years before he ever found out where Lake Como had been. He was walking in the woods one day and discovered what he thought to be a peculiarly shaped hill. Later he learned that this hill was an earthen dam for a lake that had once been at the site. Little did he know at the time that he was the one who would rebuild Lake Como.

In 1976, Bean purchased the land where the lake site was. There, he and his wife built a new house at the site of the Dr. Walker homeplace. Gradually he became interested in the history of Lake Como and began to do research on the subject. He discovered that the dam had broken because the spillway had been stopped up.

Often he would go and look at that spillway, which was still present at the site. Then he would survey the 640 foot dam with its 150 foot gap. One day he realized that Lake Como could be easily restored. First the lake's bed would have to be cleared of timber and underbrush. Then the gap in the dam would have to be filled in. And finally, a more reliable water relief system would have to be installed.

His decision made, he invested a great deal of time, labor, and money into the project over a period of three years. The reason he did this was, "I just wanted to build it back because it was something here a long time ago. I wanted to restore it."

Bean hired Bob Borden, of luka, to do most of the labor. With bulldozers and backhoes, Borden set about the task that had been accomplished with mules and wheelerscrapers so many years before. Clay and soil had to be transported to the site from a half mile distance. Bean commented that the most difficult problem was "just getting the dirt in."

On August 28, 1982, the goal was accomplished. The waters of Lake Como glistened in the sun once again - all sixteen acres of it.

Bean still has other plans for the lake. He hopes to fish there someday and has already had it stocked. He points to the sunken buggy trail and tells his plans for clearing a road around the lake.

DeWitt Bean and Bob Borden are two men who can be proud of themselves. Through their concern and effort, they have brought a memory back to life.

Yet, the old days shall never return. There are no more grand hotels like The Mineral Springs, but some still come here just to drink the water. It is doubtful that Lake Como will mean as much to today's generation as it did to yesterday's. However, memories and nostalgic sites should always be preserved if, for no other reason, than sentimentality's sake.

The Lake Como of the past must have been quite a place if all the many testimonies from those who remember

It's A Girl

Ronald and Peggy Young announce the birth of their daughter, Chantilly Jean Young. The Little Miss arrived Sunday, January 23, at 6:17 at the Tishomingo County Hospital weighing 5 lbs. 12 1/2 ozs., and measured 19 inches in length.

Grandparents include Dan and Jean Kent, of Tishomingo; and Paul and Zedie Young, of Bradenton, Florida. Great-grandmothers are Vera Smith, of Chattanooga, Tenn., and Myrtle Kent, of Palmetto, Florida. Step-great-grandmother is Pearl Young, of Dunlap, Indiana.

Apartments Under New Management

Tishomingo County welcomes Roy E. Phillips, new manager of the Pickwick Circle Apartments in luka and the Northview Apartments in Burnsville, to this area. Phillips, originally from Evansville, Indiana, recently was transferred from Memphis, Tenn., by the ALCO Management Company, along with his wife, Janice. The couple make their home in the Burnsville Apartments, along with their two children, Tammy, 19, and Timmy, 14. The apartments are government subsidized and the amount of rent is based on thirty percent of the adjusted family income. Phillips states that applications for elderly and persons disabled and/or handicapped, also married couples, without children, are being taken. An Open House is planned for Saturday and Sunday afternoons, January

29 and 30, from 2:00 until 4:00 p.m. The general public is invited out. Refreshments will be served.

County Schools Locating Handicapped

The Tishomingo County School District is participating in an ongoing statewide effort to identify, locate and evaluate children through the age of twenty-one who are physically, mentally, communicatively and/or emotionally handicapped. Early identification of children in need of special educational experiences is most important to each child. Furthermore, this information will be used to help determine present and future program needs as progress is made toward the goal of providing a free appropriate public education to all handicapped children.

Information which could identify an individual child will be maintained by this school district and will be provided to other agencies only in accord with the Family Rights and Privacy Act. As a parent, you are guaranteed the right to inspect any such information about your child and to challenge its accuracy. Access to this information is forbidden to any unauthorized person without your informed consent.

If you have any questions regarding the collection and maintenance of data about your child, please contact Mr. Alvia J. Blakney by calling 423-6061, or writing to him at the following address: Courthouse, luka, MS. 38852.

Iuka Elementary PTA To Meet

The Iuka Elementary School PTA will meet tonight, January 27, in the Commons Building at 7:00 p.m. The sixth grade will be in charge of the program.

Singing At 5th Street Baptist

The Fifth Street Baptist Church will host their annual 5th Saturday night singing January 29. Pastor Bill Hobson and congregation expect

a large audience to attend. Special singers will include The Sparks Family, from Belmont, featuring Brian on high tenor; along with The church's own Layman Quartet.

Singing starts at 7:00 p.m., and a cordial welcome is extended.

Singing At New Lebanon

The regular 5th Sunday night singing will be at New Lebanon Freewill Baptist Church, Sunday night, January 30th.

Refreshments will be served at 5:30 p.m. followed by the singing at 6:00.

Bro. Prince and members of the church invite all singers and piano players to attend.

Singing At Boggs Chapel

There will be a fifth Sunday afternoon singing at the Boggs Chapel United Methodist Church on Sunday afternoon, January 30, 1983. The singing will begin at 1 o'clock.

Everyone who enjoys good gospel singing is invited. All singers and piano players have a special invitation.

Fire Ravages George Home

A mobile home, occupied by Majel George and her son, located on Highway 72 East, was completely destroyed by fire Saturday evening, January 22, around 3:00 p.m. Ms. George was not home at the time of the blaze. According to Fire Chief Floyd Whitaker, the dwelling was already engulfed with flames when the Depart-

ment arrived. Chief Whitaker stated that Ms. George reported that she had been having trouble with the switch box. The cause of the blaze was undetermined. The local firemen also responded to a call for help at the home of Jerry Ray Comer, on Snowdown Road, just outside the city limits, Thursday night, January 20, around 7:30 p.m. during the

freezing rain that had moved into the area. The frame home was heavily damaged by the fire. Chief Whitaker stated that the living room was in flames around the flue. The fire was extinguished, leaving much damage to the living room area, along with smoke damage throughout the remainder of the home.

Mother's March Set For Sunday

1983 marks the 25th year since the March of Dimes turned its attention to the problem of birth defects after successfully conquering polio. The Mother's March continues as a major fund-raising activity for the March of Dimes after the transition from polio to birth defects. Funds contributed to the Mother's March support Mar-

ch of Dimes programs of research, medical services, and public and professional education to prevent birth defects. The Twentieth Century Club will once again sponsor these vital efforts in Iuka, Sunday, January 30th. Shown, from left, are club members: Edna Earl Tapp, Maxine Wade, and Zenobia Oaks. When the Mother's Marcher comes to your door this Sunday, give generously. You will be helping our next generation.

Man Asks God Answers The Second Death

WHAT ARE SOME OLD TESTAMENT PASSAGES THAT REFER TO THE SECOND HELL?

Ps. 9:17 - The wicked shall be (re)turned (Hebrew, shub,

to turn or return) into hell (Sheol), and all the nations that forget God. Prov. 15:24 (Am. Rev. Ver.) - To the wise the way of life goeth upward, that he may depart from Sheol beneath. Prov. 23:14 - Thou shalt beat him with the rod, and shalt deliver his soul from hell (Sheol). Is. 14:15 - Thou (Lucifer) shalt be brought down to hell (Sheol). Is. 28:15, 18 - Because ye have said, We have made a covenant with death, and with hell (Sheol) are we at agreement; . . . your covenant with death shall be disannulled, and your agreement with hell (Sheol) shall not stand.

RECOVERY FROM DESTRUCTION FROM THE SECOND HELL?

Job 7:9 - As the cloud is consumed and vanisheth away; so he that goeth down to the grave (Sheol) shall come up no more. Is. 66:24 - They shall go forth, and look upon the carcasses of the men that have transgressed against Me: for their worm (destruction) shall not die, neither shall their fire (destruction) be quenched. Mark 9:48 - Where their worm dieth not, and the fire is not quenched. Prov. 29:1 - He, that being often reproved hardeneth his neck, shall suddenly be destroyed, and that without remedy.

COME TO CHURCH

We all have times when things go wrong,
And Fortune's in reverse;
Yet we're expected to be strong,
Though things could not get worse...
A strength of which the Scriptures name
Examples plain to see:
Like Job, whose faith remained the same
Throughout adversity.
So why not go to Church this week,
Whichever one you choose,
And listen to the Bible speak;
There's not a thing to lose!
Then, what those passages command
You'll follow to the letter;
And let God take your life in hand,
To change it for the better! —Gloria Nowak

James Eric Lowery

Christopher Lee Lowery

HAPPY BIRTHDAY — Eric celebrated his first birthday November 19, and Chris was eight years old on December 26th. They are the sons of Mrs. Annette Helton Lowery. Their grandparents

are Mr. and Mrs. James K. Helton, of Midway; great-grandmother is Mrs. Cleo McAnally Taylor; and great-grandmother is Mrs. Lillie Taylor Phifer, both of South Crossroads.

New Arrival

Terry and Rhonda Lambert, of Route 4, Iuka, are proud to announce the arrival of their darling baby daughter at Tishomingo County Hospital on January 18, 1983, at 2:03 p.m. The little lass weighed 7 lbs. 5 1/2 ozs. and measured 21 inches in length. She has been named Terona Leigh.

Proud grandparents are Raffael and Lonie Parker, of Route 2, Burnsville; and Donnie and Ona Lambert, of Route 4, Iuka.

Great-grandparents are Troy and Wrethia Wilkins of Route 2, Burnsville; Nuel Parker and the late Tom Parker, of Route 3, Corinth; the late Clemit and Juanita Edmondson, of Route 4, Iuka; and Vostie Lambert and the late Kinzie Lambert, of Route 4, Iuka.

Rainbows Meet

By: Ralph Brewer

The Burnsville 4-H Club met at their headquarters on January 16, 1983, at 12:30 p.m. The meeting was called by the president, Donnie Bobo. The pledge to the U.S. flag was led by Candy Elledge. Sherry Walker led the pledge to the 4-H flag. The minutes were read and approved.

Excitement filled the air

when it was disclosed that the club has the money from the grants. The first discussion was started on how the "park" should look. Each member was given some paper to make a blueprint of the placement of the community park equipment. The club will make four picnic tables, four benches, and a grill. The best and most suitable blueprint will be chosen.

Mrs. Sue Dill visited the club. She has promised her support in the process of building the park. She gave the club some material on food and nutrition.

Refreshments were served.

Miss White Received Degree

Elizabeth Ann White, of Tishomingo, is among 66 Mississippi University for Women students who earned degrees at the conclusion of the fall semester.

Miss White received a bachelor of science degree in elementary education. Of the December graduates, 11 received master's degrees. Fifty-five students were awarded bachelor's degrees.

Students graduating in December will have an opportunity to participate in formal commencement ceremonies in May.

SOFT CONTACTS & BETTER SPORTS

It's wonderful to see so many people out there exercising and improving their health, especially those who have been inactive for years. Naturally, it's important for them to have a physical check-up before embarking on any rigorous program of exercise.

They must also consider which sport is right for them, according to their physical condition and life-style. And they should consider which equipment -- footwear, clothing, etc. -- will maximize their performance while minimizing the stress and chance of injury.

In the same way, someone resuming sports after an absence or

taking it up for the first time, should consider switching to soft contact lenses. Eyeglasses can slip down, fog up, or fail to provide peripheral vision. Unlike hard contact lenses, soft lenses are so pliable that they're usually comfortable right from the start. And there's no worry over lenses popping out -- even during the most rugged activities.

Whether you're taking up a new game or picking up an old one, you should decide which are the right lenses for you.

Back When Natural Gas Cost a Nickel

Once upon a time natural gas was cheap. In fact it sold for a nickel an MCF (1000 cubic feet). Today it sells for considerably more.

Way back then United Gas bought it cheap and sold it cheap. This company built thousands of miles of pipelines to deliver this marvelous, cheap fuel to Gulf South cities and new industries.

We're proud that United Gas' great pipeline network helped supply the fuel and raw material that industrialized much of the Gulf South. And this low-cost, clean, efficient fuel was a great incentive in attracting industry to the South.

But, natural gas isn't cheap anymore... and will never be again. It's expensive. We attempt to buy at the lowest possible market price, but we're just a long pipeline between those who sell and those who buy.

And as natural gas grows more valuable, the need for conservation grows more imperative. Conserve. The economic future of our region depends on natural gas. What we save today will be needed tomorrow.

CARING FOR YOUR PET

JOGGING WITH YOUR DOG

It's a great idea to take your dog with you when you go out jogging. But you should consider taking a few precautions before you start him out on this routine.

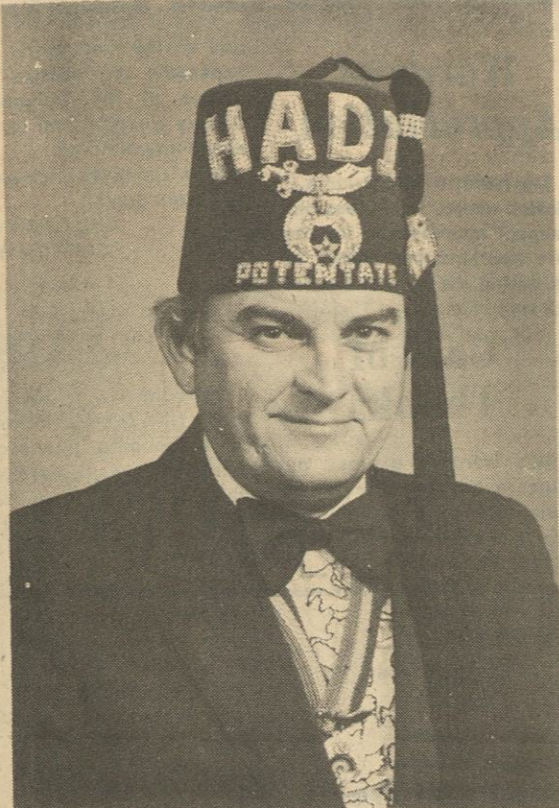

Just as a person should have a medical check-up before commencing a program of rigorous exercise, so should a dog. Get your veterinarian's OK before starting. And don't overdo it at first. Dogs, just like people, have to build up their endurance. This is particularly true for puppies. They have to build up their strength and toughen up their pads.

Be careful in hot weather. Dogs overheat easier than people. In the summer, try to jog during the cooler times of the

day -- early morning and evening. And never feed your pet until you've finished exercising. A meal beforehand may make your dog lethargic and could also cause bloat, a serious condition that sometimes can be fatal. Finally, always keep your dog leashed when running.

His main interest is in Membership Development. He is a member of Hadi Temple's Elite Samsar Club. His hobbies include golfing and boating.

Think On These Things

By: Perry Taylor,
Minister,
Iuka Church of Christ

Being a parent is often quite difficult -- especially when you're striving to raise children up in the nurture and admonition of the Lord (Eph. 6:4). Godly parents experience a lot of frustrations as they seek to guide their children up the "straight and narrow way" that leads to life. It may be much easier to allow your children to do anything they want with no or very few restrictions, as some would do; however, the outcome will be disastrous and the regret will be eternal. When parents truly love their children, they will restrict them and also discipline them. The bible makes that clear in such passages as: Proverbs 13:24; 19:18; 22:15; 23:13, 14; 29:15, 17; and Heb. 12:5-9.

I found an article recently that should encourage parents as they seek to fulfill their responsibility to "train" their children. Please read it and "think on these things."

"WHY CAN'T I GO TO THE MOVIES WITH MY FRIENDS?" "YOU DON'T LOVE ME!" "YOU NEVER LET ME DO ANYTHING!" "EVERYONE ELSE IS ALLOWED TO!"

How many times have your children laid some of these on you? And how many times have you, as a parent, resisted the urge to tell them exactly how much you do love them? Someday, when my

children are old enough to understand the logic that motivates a parent, I will tell them:

I loved you enough to ask you about where you were going, with whom, and what time you would get home.

I loved you enough to be silent and let you discover that your handpicked friend was a creep.

I loved you enough to care about what you were watching on TV so that you could grow up knowing what was good.

I loved you enough to make you return a candy bar with a bite out of it to the drugstore, and confess "I stole it."

I loved you enough to stand over you for two hours while you cleaned your bedroom, a job that would have taken me 15 minutes.

I loved you enough to anticipate that you were not telling all the truth about what kind of party it was that you were going to and forgive you for it after you found out that I was right.

I loved you enough to accept you for what you are, not what I wanted you to be.

I loved you enough to let you stumble, fall and fail so that you could learn to stand

alone. But most of all, I loved you enough to say "no" when you hated me for it. And that was the hardest part of all.

SIGN-UP ANNOUNCED FOR PAYMENT-IN-KIND PROGRAM — A Sign-up period for enrolling in the payment-in-kind program started on January 24, 1983, and will end on March 11, 1983. According to Howard R. Bridges, Chairman of the Tishomingo County ASC Committee, the sign-up period for the acreage reduction and paid land diversion will also end on March 11, 1983. Bridges advised that contracts under the payment-in-kind (PIK) program must be filed in the office by March 11, 1983. Any producer or operator who signs up to participate in the PIK program may withdraw from the program at any time during the sign-up period. The chairman stated that the PIK

program is applicable to cotton, wheat, rice and feed grains. To be eligible to participate in PIK the farm operator must first enroll the farm in acreage reduction and paid land diversion, except for the cotton voluntary paid land diversion. Bridges went on to say that producers have a number of options as to the level of participation. He advised producers to contact their County ASCS Office for information as to the levels of participation and other program details.

invited to the Young Citizen Award presentation banquet to be held at the Ramada Inn Convention Center in Tupelo on February 10th. Governor William Winter will be the featured speaker.

Nominations for these awards were submitted for youths, ages 10 through 18, who demonstrated outstanding achievement in the categories of Leadership, Responsibility, Service, and Achievement Plus. Entries were received from Lee, Lowndes, Tishomingo, Prentiss, Chickasaw, and Itawamba Counties -- all counties where a First Bank is located.

Each of the youths selected to be honored at the banquet will receive a bound certificate of achievement. Additionally, the first, second, and third place winners in each of the four categories will receive \$300, \$200, and \$100 savings account prizes. The gold award first-place recipient in each category will also receive an engraved plaque to commemorate his or her achievement.

This annual program to honor exceptional young people was conceived as an effort to encourage and recognize outstanding qualities and achievement. Too often, many fine young people go without recognition because their achievements do not fit the established patterns of excellence in sports or academics. With this in mind, First Bank carefully selected four areas of excellence which should receive formal recognition.

The Service awards will go to youths who have given

substantial support to school, church, civic, hospital, or other important group activities. Also, volunteering time and effort to help the needy, sick, or disadvantaged will support selection for the Service awards.

Leadership awards will be based on a youth's example and his positive influence on the performance of others. An elected or selected leadership position is not a prerequisite.

The Responsibility awards will go to youths who demonstrate an unusual ability to accept burdens beyond the normal expected for their age and maturity. Caring for sick or infirm relatives or providing them needed financial support are examples. Outstanding achievement in school, sports, or other normal youth activities is not required.

The Achievement Plus category has two requirements. First, selected youths must have already been recognized for achievement in some activity such as academics, sports, Scouting, etc. Additionally, the youths must have achieved distinction in a non-related activity.

Public release to the news media will be made on Friday, January 28th, of the names of all youths who will be honored at the banquet on February 10th. The announcement of the first, second, and third place winners from this group of finalists will be announced at the banquet.

Individual letters of invitation to the finalists, their parents, and the nominators will also be mailed on January 28th.

TREE PLANTING along the east bank of the Tennessee-Tombigbee Waterway in the Paden Recreation Area, at Paden, Miss.

Corps Plants Trees Along Tenn - Tom Waterway

Last month the Nashville District of the U.S. Army Corps of Engineers contracted with the Mississippi Forestry Commission to plant almost 130,000 hardwood seedlings on a total of 220 acres of land along the Divide Section of the Tennessee-Tombigbee Waterway.

This planting is part of an overall effort by the Corps of Engineers and the Mississippi Department of Wildlife Conservation to establish a wildlife management area on some 19,000 acres of land in the Divide Section. To date approximately 500 acres of hardwood seedling have been planted, with 4,000 acres

remaining to be planted over the next five to six years. The species selected for planting provide excellent food and cover for wildlife and include shagbark hickory, service berry, autumn olive, american holly, bicolor lespedeza, black gum, sawtooth oak, white oak, southern red oak, coralberry, chinese chestnut, dogwood, willow oak, water oak, pecan, and black walnut.

Also as part of the efforts to establish the Divide Section Wildlife Management Area, the Nashville District has contracted with Mississippi State University to perform a wildlife utilization study. The study

will monitor the success and results of the planting program and suggest changes to maximize wildlife benefits to the area.

Waterfowl hasn't been forgotten by the Corps and the State Wildlife managers. The Mississippi State University Study is experimenting with establishing waterfowl food plants in ponds along the waterway. Also 30 nesting boxes have been installed to improve wood duck habitat and 50 more have been ordered for installation in 1983.

Finally, the Nashville District plans to construct two waterfowl holding ponds in Bay Springs Lake in early 1983. Although these areas

will be operated as refuges they will improve the entire area for waterfowl and should result in excellent opportunities for hunting in the vicinity.

Harmony Homemakers

On January 17th, the Harmony Homemakers met in the home of Glenda Johnson for their monthly meeting. The president, Nellie Taylor, called the meeting to order with the thought for the month, "You do not grow old, you become old by not growing."

The program consisted of filling out the yearbooks. The focus topic, given by Vada Kay, was, "Habits That Save." "Learning To Relax", was given by Nellie Taylor.

Special guest was Miss Nellie Horton, who demonstrated the continuous bias ruffle.

Members present, other than above mentioned, were: Dugdar Daniel, Margie Davis, Delma Dean, Marquita Greenaway, Dorothy Hayes, Sarah Hayes, Ludie Miller, Joyce Robertson, Louise Sanderson, Nedra Walker, Becky Walker, and guest, Christy Greenaway.

NEMJC Receives Title III Grant of \$124,266

Northeast Mississippi Junior College has been awarded a Title III Federal Grant totalling \$124,266 for one fiscal year, President Harold T. White announced today.

The funding was made available as the direct result of an application filed by the College for a non-renewable developing grant award for a period of four to seven years,

he explained. The total project period funded by Title III is 60 months, Dr. James L. Rhodes, the school's Title III director and project coordinator added.

Because of the extent of the grant period, the award can mean more than \$700,000 to Northeast over the next five years.

As amended in 1980, Title III of the Higher Education Act, provides federal financial assistance to help eligible institutions of higher education to solve problems that threaten their ability to survive and to stabilize their management and fiscal operations so that they may achieve self-sufficiency.

This financial assistance can be provided through only one of three different programs funded by Title III during any fiscal year, Rhodes said. The available programs include the Strengthening Program, the Special Needs Program and the Challenge Grant Program.

Northeast Junior College qualified for the Strengthening Program which assists eligible institutions of higher education to become self-sufficient by providing funds to improve their academic quality and strengthen their planning, management and fiscal capabilities.

In keeping with the major thrust of the application (to become a self-sufficient institution), the major problems or deficiencies that presently inhibit the institution from reaching its goals were identified. These problems included declining enrollments, scarce resources, fiscal

operations, long-range planning and development.

"Once the problems were identified, we determined that the project proposal should be two-fold to include a plan for strengthening basic skills through instruction and the development of financial aid and career planning services," Rhodes said.

The basic skills activity is designed to decrease significantly the attrition rate of first-year students and increase the success completion rate of transfer and career courses. The College will offer basic skills courses to all students scoring 14 or below on the American College Test (ACT) in English, mathematics and reading.

The design of the second activity encompasses and permits the functional operation of a Guidance and Counseling Center to assist students with career decision and personal goals. Components of this activity include testing, career and personal counseling, planning and development of professional/technical programs, and career information and placement.

Successful completion of this portion of the project will increase the number of minority, women, handicapped, and non-traditional students entering career programs which have traditionally been underrepresented.

In Service

Pvt. Guy E. Varnell, son of Donald J. Varnell, of Selmer, Tenn., has completed one station unit training (OSUT) at the U.S. Army Infantry

School, Fort Benning, Ga.

OSUT is a 12-week period which combines basic combat training and advanced individual training.

The training included weapons qualifications, squad tactics, patrolling, landmine warfare, field communications and combat operations. Completion of this course qualifies the soldier as a light-weapons infantryman and as an indirect-fire crewman.

Soldiers were taught to perform any of the duties in a rifle or mortar squad.

His uncle, Bennie Lentz, is a resident of Glen, Miss.

Chieftain Tales

By: Barbara Woodruff

Hi Everyone,
I know everyone really enjoyed getting out of school early on Thursday and all day Friday. I guess most of ya'll were wishing it would have kept on snowing, but it didn't.

There was a pep rally held Tuesday in order to fire up the Chieftains for the big game that night. Everyone was very spirited. The Tombigbee Tournament started Tuesday

Midway R.C.D.C.

The Midway RCDC met at the Community Center, January 24, at 6:30 p.m. The club planned the 1983 program, and it was decided that the 1982 officers would serve another year.

We thank Mr. Percie Stricklen for attending this meeting and for working faithfully with us through the past years. He will certainly be missed as our county agent, but since he will be residing in this county, we hope that we may still have him as our friend and advisor.

The next meeting will be held at the Community Center, February 28, at 6:30 p.m. The program will be on conservation. The guest speaker will be Mr. Phil Purvis.

Singing At Paradise

There will be a gospel singing at Paradise Methodist Church on Friday night, January 28, beginning at 7 p.m.

The pastor and congregation invite everyone to attend, and hope everyone has an enjoyable time.

"Subdue your appetites, and you've conquered human nature." Charles Dickens

Don't do your taxes without your \$2,000 deduction.

Quick, before you file your 1982 federal income taxes. Stash away up to \$2,000 in a First Bank IRA Tax Shelter, and you can deduct every penny. In a 50% tax bracket, that could save you \$1,000 on taxes, \$600 in a 30% bracket. Plus, you don't pay taxes on the interest until you withdraw your money.

Working couples can put in up to \$4,000 from their joint income, and save twice as much. For couples with one spouse working, the maximum contribution is \$2,250.

Save thousands on taxes.

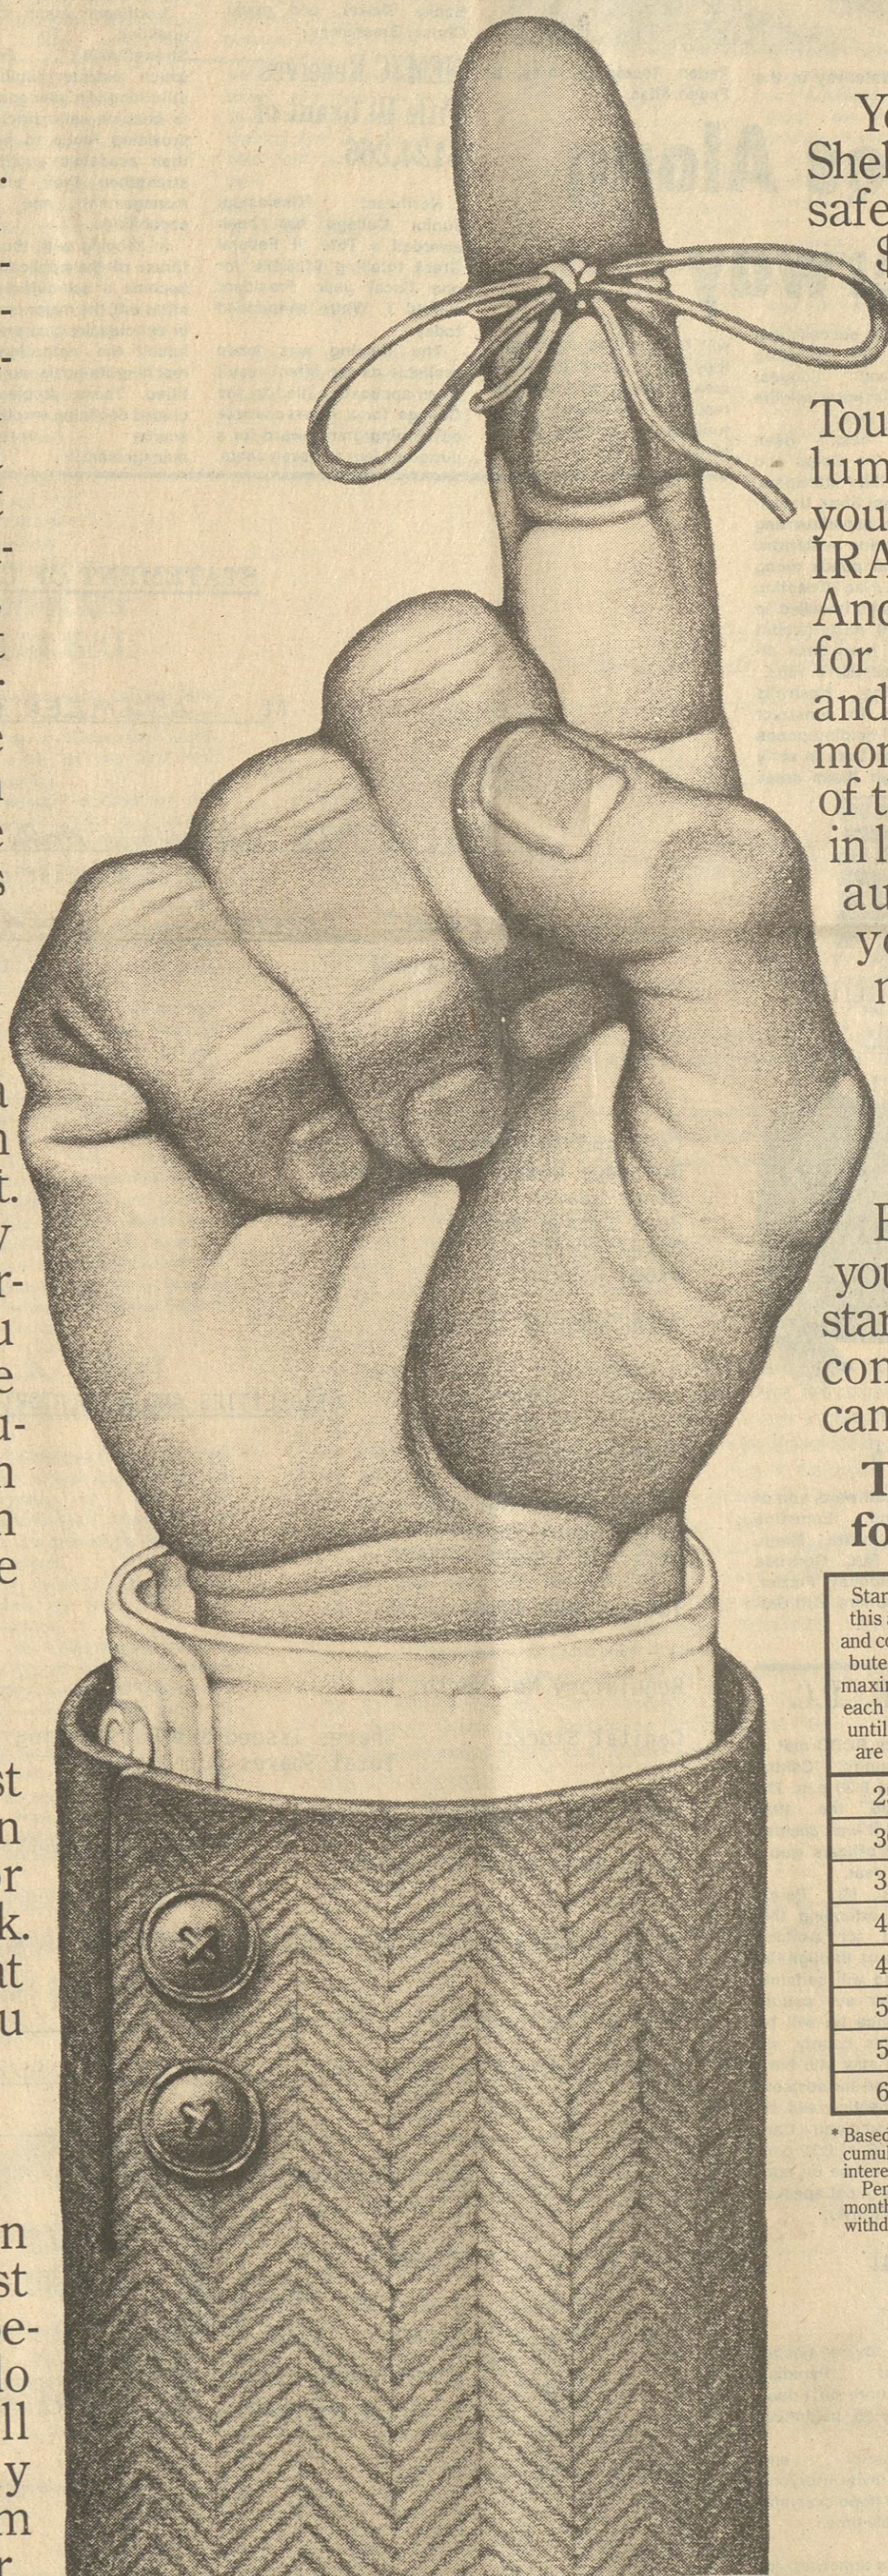

The big tax break is why a First Bank IRA is better than almost any other investment. Other investments may pay you as much or more interest. But they don't give you the tax break which, over the years, can save you thousands and thousands in taxes. See the chart to get an idea of how much. You'll be amazed.

Almost everybody's eligible.

You can contribute to a First Bank IRA Tax Shelter even if you have retirement or profit-sharing plans at work. The only requirement is that you earn the money you contribute.

Hurry for '82 deduction.

To take the IRA deduction on your '82 taxes, you must make your contribution before April 15, 1983. You do not have to put in the full \$2,000. Stash away any amount up to your maximum — \$500, \$1,000, whatever.

Your First Bank IRA Tax Shelter money is absolutely safe because it's insured to \$100,000 by the F.D.I.C.

Contribute monthly for '83.

Tough to come up with a big lump sum? At First Bank, you can contribute to your IRA Tax Shelter monthly. And now's the time to start for 1983. Start in January, and you'll only need \$166 a month for \$2,000 by the end of the year. Or you can put in less every month. We can automatically withdraw your monthly IRA payment from your First Bank checking account.

Don't let a big tax deduction slip through your fingers. Visit any First Bank location now to make your '82 contribution, and to start your automatic monthly contributions for '83. You can save a bundle on taxes.

Tax break and a small fortune for retirement.

| Start at this age and contribute the maximum each year until you are 65. | Total contributions at \$2000 every year to age 65. | An individual contributing \$2000 a year could have this amount by age 65. | Amount of Taxes deferred on interest earned by age 65 in 30% bracket. | Total tax deductions in 30% bracket. |
|--|---|--|---|--------------------------------------|
| 25 | \$80,000 | \$736,584 | \$196,975 | 24,000 |
| 30 | 70,000 | 470,249 | 120,074 | 21,000 |
| 35 | 60,000 | 297,150 | 71,145 | 18,000 |
| 40 | 50,000 | 184,648 | 40,394 | 15,000 |

| 55 | 20,000 | 33,121 | 3,936 | 6,000 |
| 60 | 10,000 | 13,047 | 914 | 3,000 |

* Based on an assumed interest rate of 9% a year. The actual amount accumulated will be determined by how much you contribute and existing interest rates between now and age 65.

Penalties for early withdrawal are forfeiture of an amount equal to six months' interest and 10% tax in addition to regular income tax on amount withdrawn.
