NINETY-NINTH YEAR

IUKA, TISHOMINGO COUNTY, MISSISSIPPI

Thursday, March 3, 1983 No. 37

State Unemployment Rate Rises To 12.2 Percent

Mississippi's unemployment rate rose to 12.2 percent in January, an increase of four-tenths of a percentage point compared to December's revised jobless rate of 11.8 percent, according to Mississippi Employment Security Commission Executive Director O.H. Simmons. Last year's January unemployment rate was 10.9 percent.

The 12.2 percent unemployment rate for the state was higher than the 11.4 percent national rate for January. MESC figures showed 125,700 unemployed and

906,200 employed out of a civilian labor force of 1,031,900. The initial unemployment insurance claims totalled 39,914 in January.

Sixty-nine of the state's 82 counties had unemployment rates of 10.0 percent or higher in January. Of that number, eight counties had unemployment rates in excess of 20.0 percent.

The counties having the highest unemployment rates in January were Sharkey, with an unemployment rate of 25.2 percent; Tunica, with 24.0 percent; Winston, with 22.6 percent; Montgomery, with

21.9 percent; Noxubee, with 21.5 percent; Alcorn, with 20.7 percent; Stone, with 20.6 percent; and Attala, with an unemployment rate of 20.5 percent.

Issaquena, Rankin, Oktibeha, and Lafayette counties had the lowest jobless rates in January. Issaquena had a rate of 5.9 percent, Rankin had a rate of 6.6 percent, Oktibeha had a rate of 6.8 percent, and Lafayette had an unemployment rate of 6.9 percent.

Fifty-three counties showed an increase in their unemployment rates from December to January, while twenty-seven reported decreases. The unemployment rate in two counties remained the same.

Pre-Registration At Area Head Starts

Dear Parents:

Mississippi Action for Progress, Inc. will pre-register children at your local Head Start Center: January 31 - March 9, 1983, from 7:30 a.m. to 2:30 p.m.; March 9 - 10, 1983, from 7:30 a.m. to 5:00 p.m.

Children registered at this time will be screened by your local County Council for recommendation of enrollment when centers re-open in September, 1983.

All children meeting the following requirements are eligible: 1) 4 and 5 years of age; 2) with or without a handicapping condition; 3) family income below OMB poverty guidelines and/or welfare (children whose families' incomes are above these guidelines will be enrolled if space permits).

Please assist us in this important effort by doing the following: 1) coming to the center on a school day between January 31st and March 11th; 2) re-register your child if he or she is not graduating; 3) to register other children in

your family ages 4 to 5.

A certified copy of your child's birth certificate, your child's medical number (if eligible for this service), immunization record and proof of annual family income are requested for pre-registration. Please be advised that children recommended for enrollment will not be accepted unless the above verification/certification documents are provided.

2) announcing our pre-registration drive in your local churches, community or club meetings and other gatherings.

3) telling your neighbors and other families about our program.

4) volunteering your services to help make telephone contacts, form car pools and perform other activities required for successful pre-registration of all eligible children.

We appreciate your involvement in program activities and encourage your continued interest in and support of Head Start.

Home Destroyed By Fire

A mobile home belonging to James Bratten, Jr., of Iuka, was completely destroyed by fire Sunday night, leaving the owner, his wife, and three children homeless.

The home was located about a mile and one-half south of Iuka on Pleasant Hill Road. A spokesman from the Iuka Fire Department said the firemen were dispatched to the scene, but found the trailer had already burned to the ground. The report of the fire was made to the department at 7:30 p.m. No one was at home at the time of the blaze.

The Iuka Police Department is assisting family members in collections of monetary or material gifts. Anyone wishing to contribute to the needs of the Bratten family is asked to notify the P.D. at 423-6340.

Clothes sizes include: men's wear - pants, 36-30 or 38-30, shirts, 15 or medium, shoes 7 1/2; women's wear - size 10, shoes, 6 1/2; fifteen year old boy - pants, 16, shirt, 16, shoes 7 1/2; thirteen year old girl - size 14 dress, size 2 shoes; three year old boy - size 5 clothes, 8 1/2 shoes.

Retired Teachers To Meet March 11

The Tishomingo County Retired Teachers will have their spring meeting at the old pastorium of Tishomingo Baptist Church on March 11, at 11:30 a.m.

Lunch will be served at the noon hour.

All retirees are urged to attend.

Central R.C.D.C. To Meet March 7th

The Central R.C.D.C. will meet on Monday night, March 7th, at 6:30 o'clock at the Community Center.

The 4-H Club will present the program.

Spring Activities At State Park

On Sunday, April 3, 1983, the annual Easter Egg Hunt will be sponsored at Tishomingo State Park. The activities will be held at pavilion number one at 2:00 p.m. Cookies and punch will be provided for the children.

Two weeks following on April 17, 1983, the spring Dulcimer Day is scheduled. Handcrafted dulcimers will be displayed at "Loochapola" Lodge. Specialists of this art will be demonstrating this old fashion melody. Activities begin at 1:00 p.m.

Tishomingo State Park is located three miles north of Dennis, Miss. off Hwy. 25.

Burnsville's Only Police Car
Destroyed

A report from the State Fire Marshall is expected later this week in regard to the pre-

midnight burning of a "police packaged" patrol car belonging to the Town of Burnsville. The 1981 Plymouth, estimated value of

\$10,000, which includes an approximate \$3,000 worth of radio equipment and various other law enforcement equipment, was parked in the

yard of Burnsville Alderman Roy Puckett at the time of the fire. Puckett's privately owned vehicle was lost in the blaze also.

Burnsville Patrol Car Destroyed By Flames

Burnsville's single city patrol car, along with a privately owned vehicle, were both destroyed by fire Sunday night, February 27. Both automobiles, one a 1981 Plymouth; the other, a 1981 Ford LTD were parked at the residence of Roy Puckett on Jefferson Street. Puckett, owner of the second vehicle, serves as Alderman on the Town Board and is also the Police Commissioner for the Town of Burnsville.

Puckett and his wife were both home at the time the incident occurred, according to Mayor A.T. Marlar, Jr., and heard what they believed to be gunshots, which alerted them to the discovery of the burning cars. Marlar told The News, "He (Puckett) found the vehicles engulfed in flames," stating further that

he believed "they were set on fire." Puckett commenting on the events shared Marlar's belief, stating, "I feel like arson was involved."

The city alderman slipped on the porch of his dwelling during the excitement of the blaze, injured his back, and was transported by ambulance to the Tishomingo County Hospital where he remains. He sustained bruises and pulled ligaments in his back as a result of the fall, he reported by telephone conversation from his hospital room.

A State Fire Marshall was engaged Monday, sifting through the remains of the vehicles. The Burnsville Mayor said, "It normally takes four to five days to make analysis," commenting that, "We're not sure if arson was

involved or if it was accidental." A report is expected to be made probably later this week.

TWO CHARGED WITH T.C.E.P.A. BREAK-IN

Two Iuka men have been arrested, one charged with break-in and entering of the Tishomingo County Electric Power Association Warehouse; the other with accessory before the fact.

Randel Lambert, described as in his thirties, was picked up by officers of the Iuka Police Department, Sunday afternoon following a citizen's report of witnessing the trespasser on property adjoining the T.C.E.P.A. Warehouse. Arrested and charged with feloniously entering private property, Lam-

bert has been bound over to the March term of the grand jury. After posting a \$5,500 bond, he was released, but still faces separate charges of trespassing and taking personal property in connection with this crime. A hearing on these charges has been scheduled for Saturday, March 5th.

A second suspect, Jimmy Phifer, was arrested and charged as accomplice in the case. The hearing for Phifer will also be held on Saturday. He is presently free, placed under a \$500 bond.

Dexter Home Broken Into

Area vandalism continues, rampant throughout Tishomingo County. The home of an Iuka resident was victimized, broken into and robbed February 27, while the family members attended evening worship services.

County law officials were called to the home of Mr. and Mrs. Stanley Dexter, located on Hwy. 25 North of Iuka, Sunday night shortly after 7:00 p.m. The Dexter family had been out of the home for approximately an hour prior to the discovery of the plundering.

According to Dexter, the intruders gained entrance, apparently aided with a crowbar, through sliding glass doors at the rear of the house. He said the thieves were "picky" in their selections of items, which in-

cluded various articles of Mrs. Dexter's clothing, but very informal as they searched through drawers, emptying and stealing contents at random, damaging and destroying personal effects of the home.

Items taken in the theft included ladies clothing (skirts, blouses, pants, long leather coat), men's size 9D Justin and Dan Post boots (exotic skins - lizard, snake, kid), jewelry and jewelry boxes, six guns listed as: two model 1100 Remington Automatics, model 4 Remington 30.06, model 12 Winchester pump, model 121 Fieldmaster .22 rifle pump, and one Hawkins muzzle-loader .54 caliber.

County authorities, along with State Investigator, David Huggins, continue the investigations.

WORD OF CAUTION

Iuka Mayor John H. Biggs, in pointing out the increased number of break-ins being reported within the area, issued a warning Monday to Tishomingo County citizens to be on the alert.

Mayor Biggs said, "There seems to be a pattern forming here . . . residents whose homes have been vandalized have reported receiving anonymous phone calls, that is where no one

would respond when the phone was answered, prior to the family's departure from the home."

The administrator further stated that "Anyone receiving such calls, should be on the alert and cautious about leaving home immediately."

A list of Emergency Phone Numbers is published each week and is located on Page 2 of The News.

The Dingy Grays

Does your laundry have the "dingy gray syndrome"? There are several things that could be causing this to happen: not enough detergent; soil build-up; water hardness; and fabric softener build-up or black spotting.

If your clothes have become dull and gray as a result of not using enough detergent, fill the washer to the lowest water level with the hottest water appropriate for the fabric. Add four times the normal amount of phosphate detergent plus one cup of

non-precipitating water conditioner. Agitate clothes about one minute or until wet, and leave for about 12 hours. Drain the washer and spin the clothes. Do not agitate. Launder using regular cycle, no detergent, one cup non-precipitating water conditioner and appropriate bleach. Rinse as many times as necessary to remove all laundry products from the fabric. Do not use this procedure on silk and wool.

An ounce of prevention goes a long way. To avoid getting the dingy grays in the first place, be sure to follow product and equipment instructions for the amount of detergent to use in your washer. Also, the larger and dirtier the wash load, the more detergent you need to use.

from soil build-up can be remedied following the procedure outlined above. However, to avoid soil build-up launder clothes frequently before soil sets into fabrics. Be sure to use the correct water temperature, bleach, and detergent, and always rinse thoroughly. Pretreat heavily soiled areas before laundering with liquid detergent or pre-treatment products. When "hand wash only" is recommended by the garment care label, use warm water, extra detergent, appropriate bleach and a non-precipitating water conditioner if you have hard water. Never press soiled garments, heat sets soils and stains so they cannot be removed.

Water hardness can cause the dingy grays. The harder the water, the less effective the detergent. If water hardness is a problem in your area and has caused your clothes to become dingy and gray, you can remedy the situation with the following procedure. Use the regular wash cycle and as hot a water temperature as appropriate for the fabric. Add one cup of non-precipitating water conditioner and no detergent. Complete cycle. Repeat entire procedure until no suds appear during washing.

The problem can be avoided by using an adequate amount of low sudsing detergents for the degree of water hardness in your area. Always use water as hot as recommended by garment care labels. For severe water

hardness you may consider installing a water conditioner which improves overall washing results.

If you have a problem with fabric softener build-up or black spotting, the following remedies can be used. For build-up, soak the clothes in detergent and bleach, then launder. For black spots, rub spots with liquid detergent or a paste made from powdered detergent and water, then launder.

If fabric softener build-up or black spotting continue to be a problem, be sure you are following product and equipment instructions correctly. It may be necessary to omit the fabric softener every fourth or fifth wash.

Home Garden

Another gardening year is here, and hopefully you plan to have the best one you have ever grown.

There are several things that will add to your success with your garden. Some of them are:

- Have soil tested to determine lime and fertilizer needs; then, follow recommendations.

- Measure limestone and

fertilizer before applying it to the garden. For a small area, here is a helpful hint: 1 quart of mixed fertilizer weighs 2 pounds, and 1 quart of limestone weighs 2 1/2 pounds.

- Prepare seedbed by pulverizing soil to aid in getting up a stand.

- Use recommended varieties and planting dates.

- March is the main month for planting sweet corn if you hope to have it by the Fourth of July. The earlier your sweet corn matures, the better your chances of it being free of worms.

- Plant only good viable seed.

- If you have vegetable seed saved from last year, check the germination now to find out if it's still good. Count out 25 seeds, place them between moistened paper towels, roll the towels, and place in a plastic bag in a warm (65 degrees to 75 degrees) place for 3 to 5 days. Check to see that the towels stay moist. Count the number of seeds that sprout. If less than 15 seeds sprout, buy fresh seed.

- Vegetable seeds sprout very slowly in cold soil. For good, rapid germination of beet, carrot, lettuce, English pea, radish turnip, and mustard seed, the soil temperature should be no lower than 45 degrees.

- When purchasing cabbage, broccoli, and other plants, avoid plants that wilted and have yellow leaves. Tender greenhouse-grown plants may not survive cold days and nights, so for plants grown in a cold frame. Set onion plants least 2 to 3 inches apart.

- Use mulch to conserve moisture and help in controlling weeds.

- Spring is the ideal time to use black plastic mulch. fertilizer in the row and down the plastic, being to cover all edges with soil to prevent wind damage. Lay plastic a week or ten days before you want to plant. Research has shown that plants grow faster and yield more when grown on black plastic. It is an ideal mulch for cucumbers, squash, melons, tomatoes, peppers, and eggplant.

- Be sure to keep a copy of the Garden Tabloid handy to answer all your garden questions. Be a friend and share a tabloid with your neighbors, relatives, and friends.

Iuka Church of Christ Scene Of Daily - Brown Marriage

Pamela Denise Daily and James Christopher Brown were married December 31, 1982, at 6:30 p.m. at Iuka Church of Christ, with Bro. Rex Buford officiating. Parents of the couple are Mr. and Mrs. Coy L. Daily and Mr. and Mrs. Clarence Brown, both of Iuka.

pearls. The flowing skirt fell from an empire fitted waistline into a Southern Belle lace skirt with a graceful chapel train. Her chapel length veil of bridal illusion was bordered in Alencon lace and held by a matching Juliet caplet of lace encrusted with pearls.

Mary Wimbish served as maid of honor and Donna Daily as bridesmaid. They both wore gowns of cranberry taffeta. Dennis Medley served as best man and Keith Wimberly as groomsman. The ushers were Joel Lewis and Bobby Degraw.

"Truly" was sung by Jackie Stanford and "Endless Love", by Gail Wallace. Together they sang "Always and Forever".

A reception followed the ceremony in the fellowship hall. Susie Williams, of Little Rock, Ark., Kim Grettillat, of Upland, Ind., Jackie Stanford, of Cherokee, Ala., and Sandra McVay, of Iuka, served at the reception. Jeanne Perkins and Pam McDuffy, of Iuka, served as tea girls. Tina Thurman, of Upland, Ind., and Monica Rodabaugh, of Fort Knox, Ky., served as rice girls.

After a wedding trip to Memphis, Tenn., the couple now reside in Blytheville, Ark., where he is stationed in the Air Force.

Candlelight Ceremony Unites George-Drinkard In Marriage

Peggy George became the bride of Michael Drinkard in a double ring ceremony January 21, 1983, at seven o'clock in the evening. The setting for the candlelight ceremony was the home of Mr. and Mrs. Donald Edmondson with Rev. George Credille uniting the couple. Parents of the bride are Mrs. Majell George and Mr. Herman George, of Iuka. The groom is the son of Ms. Eloise Drinkard, of Iuka.

The home was beautifully decorated with baskets of fern on each side of an arch entwined with ivy. Pink candles burned throughout the home.

Given in marriage by Mr. Donald Edmondson, friend of both the bride in groom, the bride chose a formal length gown of white lace over taffeta. The neckline was

scalloped and the sleeves were sheer lace, both highlighted with seed pearls. A circle fingertip veil of bridal illusion fell from a camelot cap with Venice lace and seed pearls. The bride carried a bouquet of pink silk roses with pink and white streamers tied in love knots.

Mrs. Sally Boothe, sister of the bride, served as matron of honor. She was attired in a floor length dress of pink taffeta, which tied in a bow at the waist. She carried a bouquet of pink roses, daisies and baby's breath with pink ribbon streamers.

Debbie Edmondson, friend of the couple, served as flower girl. She wore a light pink, floor-length dress and carried a basket of pink rose petals.

Stanley Drinkard, brother of the groom, served as best

man. Both he and the groom were attired in dark blue suits.

Prior to the wedding, Miss Pam Crowe, pianist, presented the music, and Mrs. DeAnna Locke sang "Evergreen".

A reception was held immediately following the ceremony. A white lace cloth covered the table. Adorning the table was a three tier cake iced in white and pink roses. Atop the cake was a bride and groom. Punch, nuts, and mints also complimented the table. Presiding at the table were Carol Drinkard, Mrs. Faye Newton, and Mrs. Angie Bain, all sisters of the groom. Kathy Drinkard, sister of the groom, presided over the guest register at the wedding. After a short honeymoon the couple now reside in Iuka.

I WANT YOU

MR. AND MRS. LEE ROBINSON, of Route 2, Burnsville, will celebrate their 47th wedding anniversary on Monday, March 7, 1983. The following poem was selected by Mrs. Robinson, and she wishes to dedicate it to her husband.

TO MY HUSBAND
We stood together before our Lord
And spoke words from our hearts
That we would love each other
And not till death would we part.
Have I told you on this day
That I love you more than life
And that I'm happy - oh, so happy -
That I am still your wife?
Please forgive me if at times
I just don't seem to understand
That you have work and worries too,
Enough to trouble any man.
So I must tell you on this day
How much you mean to me -
For I still want and need you close
For you are all the world to me.

CARING FOR YOUR PET

KENNEL COUGH

The term "kennel cough" refers to certain contagious canine respiratory diseases that are common among dogs that are confined together. It occurs most often during hot, humid weather. If you board your dog, show him, or keep a number of dogs in your household, there is a chance your pet might contract the disease.

The primary symptom is a dry, hacking cough which generally appears after exercise. In more severe cases, this cough is accompanied by watery eyes, a runny nose, and a moderate fever. If any of these symptoms appear, treatment should be sought immediately. If left to run its course, kennel cough can

develop into pneumonia. Though there is no cure for the disease, your veterinarian can prescribe medication to alleviate symptoms and prevent pneumonia and other serious complications.

In order to minimize the risk of your dog contracting the disease, try to keep him separated from others known to have it. Also, if you must board your dog, try to pick a kennel that requires parainfluenza vaccine before animals are taken in. This provides the dogs with a safe, temporary protection.

Natural Gas SystemThe local Gas System will
be enforcing its "dig"
requirements in 1983. Since
most natural gas accidents
result from construction or
excavation close to gas
mains, it is important that
anybody who does digging or
construction or excavation
first contact gas operators
who will mark all adjacent gas
mains. THE NUMBER TO

For homedwellers, natural
gas is not dangerous unless it
is "loose" in your home or
business. Gas people put an
odorant into the gas so that
you can detect it gas is
leaking. This is for your
protection. If you smell gas
in your home or business, leave
the premises and call from a
neighbor's. THE NUMBER TO

Homeless Pups In Need of
T.L.C.Tracey Sanderson is shown
with two adorable puppies,
which were recently aban-
doned. They are in need of ahome and a master who will
give them tender loving care.
Approximately 12 weeks old,
the puppies have been wor-
med but lack the proper vac-
cinations. Anyone wishing to
claim them can call 423-5066
or 423-9016.revenue is 1.379 billion. There
are several other categories
of supplemental ap-
propriations totaling \$35
million. This does not, un-
fortunately, include the pro-
jected \$54 million expenditure
for the additional correctional
facilities that I discussed in
my last news letter.This projected shortfall of
approximately \$20 million
plus the additional \$54
million leaves the state in a
precarious predicament. The
solution quite obviously is to
reduce expenditures or raise
revenues. My position will be
to reduce expenditures.The Municipal and the
Supervisor's Associations are
again requesting the
Legislature pass a sales tax
increase for their use. Both
city and county governments
are financed largely by ad
valorem (property) taxes, and
are in need of alternative
revenue sources. The state
receives no revenue from
property taxes.Under the proposed sales
tax increase, the additional
tax would be refunded to the
entity of collections. This
would mean a windfall to the
large trade center and wouldnot benefit the more rural
areas much at all. This is an
example of the increased
power shift from rural or ur-
ban.With the court ordered
reappraisal, which is in-
tended to equalize taxes, it is
my opinion that the home and
landowner are opposed to
additional taxes. For this
reason, I oppose the im-
plementation of any ad-
ditional taxes at this time.Government has to have
money to provide the services
demanded by the public. For
too long, government has
grown too large and become
too wasteful. My objective is
for our government to
become as efficient as
possible. Many times it is not
politically expedient to
reduce appropriations;
however, I am dedicated to
preserving the fiscal sound-
ness of our state, and not to
the self-serving interest of a
few. For Mississippi to
become competitive and
great, we must have a solid
economy.As evidenced by my com-
mitment and work toward the
implementation of the
property classification
amendment, I am dedicated
to keeping taxes to a
minimum. I am convinced
that government can be
reduced without seriously
impairing services. Over the
last three years, we have
reduced the size of state
government by approximately
5,000 positions. Many ad-
ditional reductions need to be
made.Please mail all correspon-
dence to Senator Bill May,
P.O. Box 1018, Jackson,
Mississippi 39205.

REPORT TO MISSISSIPPIANS

As we work to reduce the deficit through cutbacks in the
federal budget, we must also look for ways to stimulate the
economy and bring relief to unemployment.The \$4.3 billion package endorsed recently by President
Reagan to provide for jobs and recession relief is a short-term
measure which is necessary at this time. Congress is working
on this proposal now, and action is expected soon. About
470,000 jobs would be created by the proposal and money
is included to aid seriously distressed families.The President has endorsed the measure as one which
creates jobs but not as "make-work jobs." The program relies
more on accelerating spending for previously approved federal
construction and repair projects.Meanwhile, we must be looking for ways to provide long-
term stability and strength to our economy. Perhaps one of
the best ways we can boost our economy is by increasing ex-
ports to foreign countries. There is a vast potential for
development in high technology which will lead to greater ex-
ports. This means more jobs for Americans.We can no longer depend on the so-called "smoke stack"
industries of the past to keep us on the top economically. The
automobile and steel industries will no doubt improve, but
they may never regain their previous position of strength. We
must do all we can to improve conditions for the growth of
these industries, but we must also work to develop new in-
dustries through development of new technology.Another factor which must be closely watched as we at-
tempt to revitalize our economy is interest rates. Should in-
terest rates being to climb again, recent gains in housing and
other segments would surely retreat. We cannot expect in-
dustrial development, building or business expansion with-
out stable interest rates at affordable levels. We need lower
interest rates.

My confidence in our ability to work ourselves

Don't do your taxes without your \$2,000 deduction.

Quick, before you file your 1982 federal income taxes. Stash away up to \$2,000 in a First Bank IRA Tax Shelter, and you can deduct every penny. In a 50% tax bracket, that could save you \$1,000 on taxes, \$600 in a 30% bracket. Plus, you don't pay taxes on the interest until you withdraw your money.

Working couples can put in up to \$4,000 from their joint income, and save twice as much. For couples with one spouse working, the maximum contribution is \$2,250.

Save thousands on taxes.

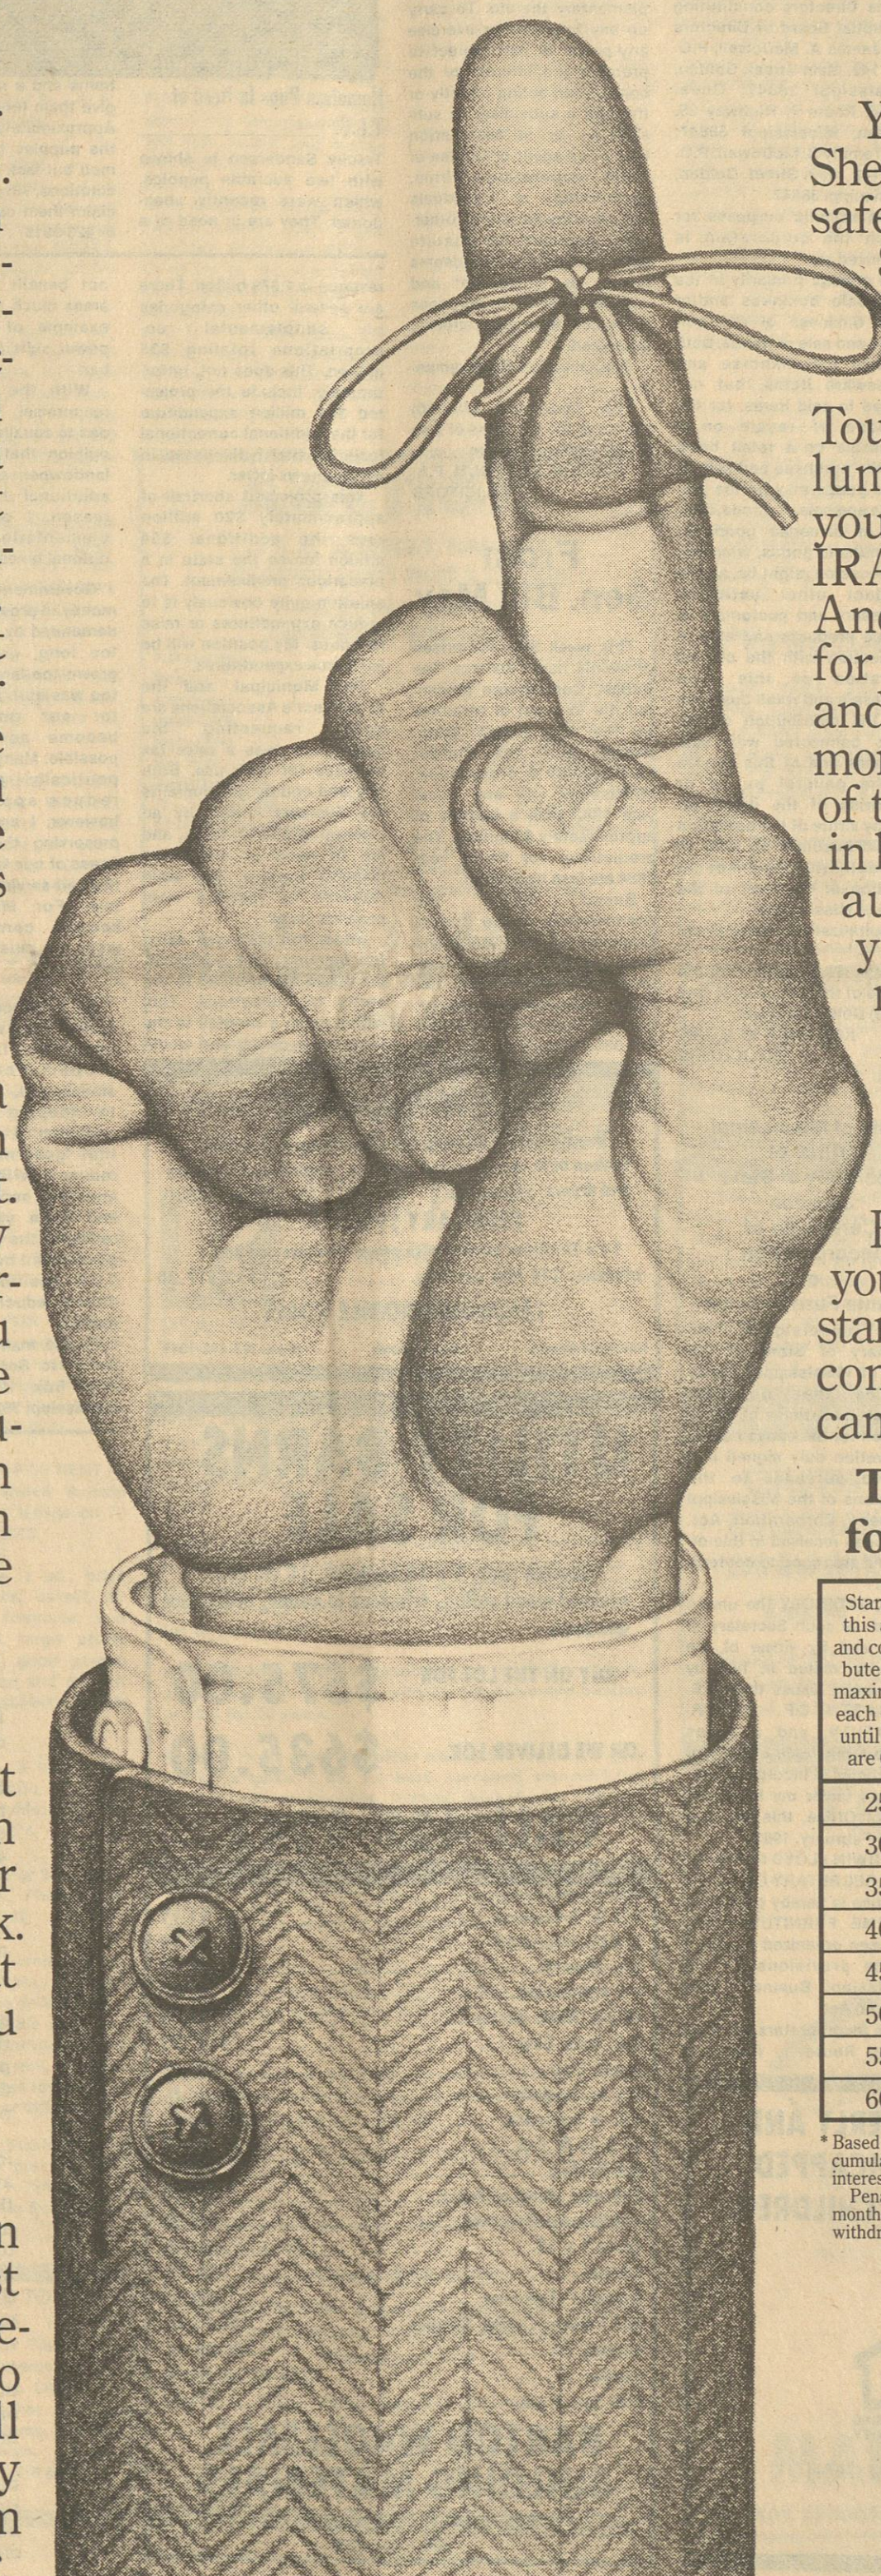

The big tax break is why a First Bank IRA is better than almost any other investment. Other investments may pay you as much or more interest. But they don't give you the tax break which, over the years, can save you thousands and thousands in taxes. See the chart to get an idea of how much. You'll be amazed.

Almost everybody's eligible.

You can contribute to a First Bank IRA Tax Shelter even if you have retirement or profit-sharing plans at work. The only requirement is that you earn the money you contribute.

Hurry for '82 deduction.

To take the IRA deduction on your '82 taxes, you must make your contribution before April 15, 1983. You do not have to put in the full \$2,000. Stash away any amount up to your maximum — \$500, \$1,000, whatever.

Your First Bank IRA Tax Shelter money is absolutely safe because it's insured to \$100,000 by the F.D.I.C.

Contribute monthly for '83.

Tough to come up with a big lump sum? At First Bank, you can contribute to your IRA Tax Shelter monthly. And now's the time to start for 1983. Start in January, and you'll only need \$166 a month for \$2,000 by the end of the year. Or you can put in less every month. We can automatically withdraw your monthly IRA payment from your First Bank checking account.

Don't let a big tax deduction slip through your fingers. Visit any First Bank location now to make your '82 contribution, and to start your automatic monthly contributions for '83. You can save a bundle on taxes.

Tax break and a small fortune for retirement.

Start at this age and contribute the maximum each year until you are 65.	Total contributions at \$2000 every year to age 65.	An individual contributing \$2000 a year could have this amount by age 65.	Amount of Taxes deferred on interest earned by age 65 in 30% bracket.	Total tax deductions in 30% bracket.
25	\$80,000	\$736,584	\$196,975	24,000
30	70,000	470,249	120,074	21,000
35	60,000	297,150	71,145	18,000
40	50,000	184,648	40,394	15,000
45	40,000	111,529	21,458	12,000
50	30,000	64,007	10,202	9,000
55	20,000	33,121	3,936	6,000
60	10,000	13,047	914	3,000

* Based on an assumed interest rate of 9% a year. The actual amount accumulated will be determined by how much you contribute and existing interest rates between now and age 65.
Penalties for early withdrawal are forfeiture of an amount equal to six months' interest and 10% tax in addition to regular income tax on amount withdrawn.

ASCS Farm News

By: Henry L. Knox, County Executive Director

March 11 PIK Deadline Will Not Be Extended

Farmers have only a few weeks left to sign up for the payment-in-kind program. The sign up period ends March 11, and will not be extended, according to Howard R. Bridges, chairman of the Tishomingo County ASCS Committee.

"Farmers will not have the opportunity to change their mind and sign up after this deadline. However, those who have already enrolled and those who enroll before March 11 will have the option of withdrawing or changing their enrollment without penalty provided it is done before enrollment ends," Bridges said.

Severe weather conditions may have caused some problems for farmers around the country. However, recurring storms or any other problems will not change the sign up deadline, he said.

The PIK Program is designed to bring supplies more in line with demand to

improve the farm economy. It encourages farmers to further reduce 1983 crops of wheat, corn, sorghum, upland cotton and rice from the previously announced acreage reduction and land diversion programs. In return for participating, farmers will receive an amount of the commodity as payment for reducing planted acreage.

All farmers for which a 1983 acreage base and yield has been established for wheat, feed grain, upland cotton and rice under the previously announced farm programs are eligible to participate in PIK.

The ASCS official said farmers who would like to see an improvement in the market situation should seriously consider the program and do their part toward reducing the surplus that is hurting the economy.

"We urge farmers to sign up now and not miss the opportunity by waiting or expecting the deadline to be extended. The sign up period will end at the close of business on March 11."

MEETING AND PLANNING for Baptist's World Missions

Conference, scheduled to begin May 15, and continue through May 22, in

Tishomingo County are, from left: Bro. Joe Moyers, Bro. Ralph Culp, Dr. Kenneth

Murphy, Bro. G.D. Jones, and Bro. Wallace C. Ballard.

County Baptists Plan World Mission Conference

Baptist Churches in the Tishomingo Association, along with the Southern Baptist Convention, will be joining together in a World Missions Conference May 15-22, 1983. Twenty churches will be taking part in this effort.

The Associational Coordinating Committee has been working and planning this endeavor for some months. Those serving on the Coordinating Committee are: Bro. Walter C. Ballard, Director of Missions; Transportation Leader, Bro. Joe Moyers, pastor, New Salem; Promotion Leader, Bro. G.D. Jones, pastor, Short Creek; Hospitality Leader, Bro. Ralph Culp, pastor, Golden Central; Secretary, Dr. Kenneth Murphy, pastor, Iuka Baptist Church.

The conference will begin Sunday morning, May 15, in the ten churches in the south end of the county with services to continue Sunday night, Monday night, Tuesday night and concluding Wednesday night. Each church will have a different speaker each night.

The ten churches in the north end of the county will begin services on Thursday night, May 19, and continue through Sunday night, May 22, with a different speaker each night.

There will be four foreign missionaries, four home missionaries and two state missionaries speaking in this mission conference.

If you would like further information on these meetings, please call the Associational Office at 438-7546.

You'll be eternally rewarded for how you live... not how long.

Set a good example... most people would rather see a sermon than hear one.

Credit Cuts Taxes For Older Americans

Taxpayers 65 and older, and taxpayers under 65 who receive taxable retirement income from a public retirement system, may be able to claim a credit for the elderly. The maximum credit is \$375 for single taxpayers and \$562.50 for married taxpayers filing a joint Form 1040, the Internal Revenue Service said.

Because this is a credit, it is subtracted directly from the total tax but cannot be greater than the total tax, the IRS said.

The IRS will compute the credit if the taxpayer follows the instructions in the tax package and files Schedule R&RP, "Credit for the Elderly," with the Form 1040. The credit cannot be claimed on Form 1040A or on Form 1040EZ.

More information on the credit for the elderly is available in the free IRS Publication 524.

Man Asks God Answers The Resurrection

(2) But a restanding from imperfection to perfection: Luke 20:35, 36 - They which shall be accounted worthy to obtain... the resurrection from the dead, neither marry, nor are given in marriage:

neither can they die any more: for they are equal unto the angels; and are the children of God, being the children of the resurrection. John 11:25, 26 - Jesus said unto her, I am the resurrection, and the life: he that believeth in Me, though he were dead, yet shall he live: and whosoever liveth and believeth in Me shall never die. Acts 24:15 - Have hope toward God... that there shall be a resurrection of the dead, both of the just and unjust. Acts 26:8 - I... am judged for the hope of the promise made of God unto our fathers: unto which promise toward twelve tribes, instantly serving God day and night, hope to come (attain): for which hope's sake, King

Agrippa, I am accused of the Jews. Why should it be thought a thing incredible with you, that God should raise the dead? 1 Cor. 15:21, 22 - For since by man came death, by man came (shall come) also the resurrection of the dead: For as in Adam all die, even so in Christ shall all be made alive. Phil. 3:7-11 - What things were gain to me, those I counted loss for Christ... that I may win Christ, and be found in Him, not having mine own righteousness... but that which is through the faith of Christ, the righteousness which is of God by faith: that I may know Him and the power of His resurrection, and the fellowship of His sufferings,

being made conformable unto His death; if by any means I might attain unto the resurrection of the dead. LHM Chester Springs, PA 19425

COME TO CHURCH

We all have times when things go wrong,
And Fortune's in reverse;
Yet we're expected to be strong,
Though things could not get worse...
A strength of which the Scriptures name
Examples plain to see:
Like Job, whose faith remained the same
Throughout adversity.
So why not go to Church this week,
Whichever one you choose,
And listen to the Bible speak;
There's not a thing to lose!
Then, what those passages command
You'll follow to the letter;
And let God take your life in hand,
To change it for the better! —Gloria Nowak

Feats of Friendship
Setting the pace in current fads at Iuka Elementary, these anonymous left feet, belonging to a group of Mrs. Evans' 4th grade girls, are fashionably attired in sneakers with the latest in shoe jewelry. "Friendship

pins". The area youngsters exchange the pins with favorite classmates expressing their personal talents by using plastic beads varying in shapes and colors. These beads are pinned onto the shoe lace and the trend goes on! "Friendship Pins"

have reached epidemic proportions at the elementary school, and rumors say this fad is contagious! Putting their left foot forward are: Christy Robinson, Dana Harwell, Julie Ham, Sabrina Durham, and Stephanie Wadkins.

Employer of the Week

Fred's has been named Employer of the Week for the Distributive Education CO-OP Program at Iuka High School. Fred's is located in Elm Shopping Center and is managed by Mr. Tony Mobley. Mr. Mobley also serves as supervisor to Ms. Andrea Borden, the CO-OP student employed there. Andrea is the 17 year old daughter of Mr. and Mrs. Floyd B. Borden. She is now a senior at Iuka High School where she is an active member of the Beta Club, DECA Club, and the school yearbook staff. In her free time when Ms. Borden is not at school or work she enjoys swimming, bowling, playing softball, and collecting figurines. Ms. Borden has been employed at Fred's for the past 10 months. While at work Andrea has been assigned various tasks.

These tasks include pricing items and stocking shelves, running the cash register, general housekeeping duties, and assisting customers in finding merchandise, as well as layaways and exchanges. The CO-OP Program at Iuka High School would like to thank Fred's and Mr. Mobley for their interest in our program as well as the support they have shown in the projects with the DECA Club and Iuka High School. The Distributive Education Program at Iuka High School consists of the Cooperative Program where students work and receive two credits and the Marketing Program, which provides students with the knowledge in the areas of Marketing and Merchandising and carries one unit of credit. For more information about the Distributive Education Program at Iuka High School, contact Ms. Carol Miller.

Skinner's favorite person in his field. The next meeting of the Iuka Senior-Junior High PTA will be on March 10th. The meeting place is the high school cafeteria.

Area Student Attends Choir Clinic

Eighty of the top high school choir members from throughout Mississippi recently attended the Mississippi Honor Choir Clinic sponsored by the Delta State University Department of Music.

The students, who attended the 11th annual event, were chosen by the music faculty from over 400 who auditioned at 16 sites across the state.

The clinician/conductor for this year's program was Dr. George Umberson, director of the School of Music at Arizona State University in Tempe, Ariz. Dr. Umberson's choral organizations have achieved national and international recognition.

In 1981 he served for two weeks as a consultant for clinician for the American Schools in Saudi Arabia.

Local student participating in the clinic was Annette Allhiser, of Iuka High School, Sopranos I.

Iuka PTA Salutes

The Iuka High-Junior High PTA salutes Mrs. Yvonne Long. Mrs. Long teaches Home Economics in grades 9-12. She has a B.S. degree. Six of her 18 years of teaching have been in the Iuka School System. Mrs. Long is the sponsor of the Beta Club, FHA and junior class. She belongs to the MAE, Mississippi Adult Education Association, and Iuka Baptist Church. She is married to Julian Long and has two daughters, Ladye Love and Londee, and a son, John. Her hobbies are sewing and cooking. Her favorite person in her field is Blanche Tancil.

PTA Salute

John Skinner provides special services for grades 7-12. He lives at Route 3, Booneville. He has taught for 11 years, the last four here in Iuka. His BAE was earned at the University of Mississippi. Besides membership in the MAE, he is also associated with the Boy Scouts, 4-H Clubs, and Safe Hunter Program. His family includes a 16 year old daughter and two sons, nine and seven years old. Mr. Skinner enjoys numerous hobbies in his spare time. Farming, hunting, fishing, computers and photography are some of his interests. B.F. Skinner, noted child psychologist, is John

Chieftain Tales

By: Barbara Woodruff
Hi Everyone,

This has been a pretty good week so far. Tuesday we only went until 12:30 because of the teachers working on their AIM Programs. Wednesday, the Northeast representative came to talk to seniors about college. They answered many questions that the seniors had on their minds.

The Beta Convention turned out well. All the Betas who attended came back knowing a little more than they did when they left.

THE GOSSIP
Sheree G. - I'm glad you know what I mean. Thanks!
Lisa R. - Move over Dave, I can't see!
Amy D. - Why are you so grouchy first period but not fifth?
Patricia D. - It's red hot! (Szzzzzz)

Glenn B. - You finally got your Big Amazon, huh?
Marcie P. - Did that black cat put a hex on you or Matt?

Band Members Attend Clinic

On February 18-19, the 25th annual Northeast Mississippi Band Directors Association Clinic was held at Itawamba Junior College in the Fine Arts Center. To be selected for this, you had to try out at Tupelo High School. Try-outs varied from scales, chromatics, prepared piece, and sight ready. Members of this clinic from Iuka meeting these requirements were: Bobby Patrick, 12th chair trumpet, and Bill Schilling, 4th chair baritone. In the junior high clinic, from Iuka, was Kristan Losey, 5th chair trombone. The clinician from the high school clinic was Dr. Donald A. Anthony, band director of the University of Tennessee at Martin. Also, the junior high clinician was Ted Ammons, band director, Pearl, Miss. After ten hours of hard work, the final concert was held on February 19, 1983, at 6:00 p.m. The junior high played first, followed by Itawamba Junior College Symphonic Wind Ensemble, under the direction of Bryan

Herring.

Jaws of Life

Though you, our readers, have been reading about the "Jaws of Life" drive in Tishomingo County to save lives, some might not have a clear understanding of just what we are talking about. After the drive, we plan to place in service four different hydraulic power tools. Training in the use of these tools comes free with the equipment. The equipment shown by number in the picture, plus the price of each are as follows: (1) Gasoline-motor-driven power unit needed to operate any of the equipment shown in the picture, \$2,025.00; (2) Special double hook-up hose needed to operate any two tools at the same time, \$225.00; (3) Jaws of Life R Model 32b

head (Ranges in pressure of from 12,000 to 18,800 pounds to help open cars), \$3,948.00; (not shown -- Cains and hooks package to go with the Jaws, \$265.00); (4) Model J-150 Hydraulic Cutting head that cuts away parts of cars so rescue crews can quickly get to a person -- \$1,709.00; (5) Model 30 Rescue Ram, 22.94 inches long when closed and has a power of 12,000 pounds -- \$978.00; and (6) Model 60 Rescue Ram, 36 inches long when closed and it delivers 12,000 pounds of pressure. To date, we have had \$1,409.10 turned in; and we are happy to report the actual cost of all of the equipment shown will only be \$10,255.00, and not the twelve thousand we reported to you earlier. The money for the rescue equipment will be provided by

and for the people of Tishomingo County. After the equipment is placed in service and those operating the equipment are trained, you can feel both proud and secure in knowing that you and your family will be served by one of the finest equipped rescue crews anywhere. And, every citizen who has made a contribution to this cause will be able to say that he or she helped make it possible. Along with you of Tishomingo, let us thank the following who have made a gift to the "Jaws of Life" drive for you of this great county: Mrs. Mamie Culver; Mr. and Mrs. Lyonel "Cotton" Wade, Supervisor of First District; Eastport Charities; Mr. and Mrs. Harold Fulton; Mr. and Mrs. Guy Holly; Mr. and Mrs. Frank Williams, Jr.; and Mr. and Mrs. Milton Burton. If you would like to make your gift of life to help, please do. Make your check out to "Jaws of Life" and send it to P.O. Box 271, Iuka, Or, if you would like, you may bring your gift to the Iuka City Hall or the office of this newspaper. Thank you for helping all of us, and please do it today.

EMT-O-Gram

Emergency health situations requiring immediate intervention may be encountered anywhere in the community - at your favorite store, your favorite park, in your yard, on the highways and even in your own home. In our hectic workaday world we seem to forget about being careful. We hurry to work, hurry home, hurry thru our meals, hurry to play at the lakes or in our yards, hurry to bed and even hurry to get up. It is no wonder that accidents claim over 100,000 lives each year. Accidents are the fourth most important cause of deaths in the U.S. today, exceeded by heart disease, cancer and strokes. Accidents are the leading cause of death of our children. Ap-

are Danny and Becky Russo, of Burnsville. Grandparents are Mr. and Mrs. Billy Chappell and Mr. and Mrs. Alfred Russo. Daniel's great-grandmother is Mrs. Mary Emerson, of Iuka.

Daniel Chappell
Daniel was one year old Saturday, February 19, and celebrated this occasion with a party complete with cake and ice cream. His parents

proximately one-half the accidental injuries result from motor vehicle accidents. Deaths from motor vehicle accidents decreased significantly when the 55 miles per hour speed limit was instituted in 1974. Since that time, however, there has been a steady increase in traffic deaths. Some of the reasons for the increase include greater disregard of the 55 miles per hour speed limit, larger number of vehicles on the road, smaller cars, which provide less protection for the occupants, decline in the use of seat belts, and failure of motorcyclists to wear helmets.

Prevention of accidents is our best defense against loss of lives and property. Accident control has been acknowledged as two major public health goals, both the American Public Health Association and the Public Health Service are active in promoting accident prevention, teaching accident prevention and participating in programs for accident prevention are responsibilities of all community members. There are a number of resources for information concerning accident prevention - the U.S. Bureau of the Census offers literature and the National Safety Council publishes accident facts. Insurance companies publish pamphlets related to accident prevention for use by individuals. Local health departments can provide local data, health education materials, and other resource materials. Engineers or carpenters are often invaluable resource persons for consultation on structural hazards in the home.

Some helps in accident preventions are: (1) teaching of accident prevention in our schools, (2) better control and inspection of homes, (3) rigid enforcement of driving regulations, (4) improvement of street lighting and traffic signals at busy intersections, (5) periodic inspections of all automobiles, and (6) promotion of laws pertaining to fire proofing of buildings and laws protecting the public from flammable clothing, potentially harmful toys, and similar items. Our county is covered by 24 hour skilled ambulance service. While you sleep the ambulance is constantly at your need. There is great variability in the quality of care given persons who have been injured with no professional medical help available. There are not many key people who have had adequate first aid instruction. Just imagine how many lives could be saved if half of the people in Tishomingo County knew basic first aid and C.P.R. These are things that anyone can do. Classes in first aid and CPR can be arranged for almost any group.

Get involved with your fellowman - learn how to help him in a medical emergency. Points on calling for an ambulance: (1) remain calm and collected; (2) give distinct easily followed directions; (3) your call is the only means for us to help you until an ambulance can get there; (4) we ask for the number you are calling from in order to call you back if directions are not adequate; (5) if you call from an ambulance, watch for it to be sure we don't pass your house; (6) have someone remain by the phone in case we have to call for further directions; (7) please don't call for an ambulance and just say "get out here quick" and hang up. We would only have to wait for your next call and it might be too late then.

Tishomingo County Ambulance Service: 423-5766; Belmont Ambulance Service, 454-3500.

P.S. Please donate to the "Jaws of Life Fund", someone in your family could benefit from it some day.

Tishomingo County Emergency Medical Technicians - "We strive to serve you".

Conservation Notes

By: Bobby Manley,
USDA, Soil Conservation Service

Now is the time to begin preparation for managing your fish pond. One of the most important things and usually overlooked, is fertilization of the ponds. The fertility level of pond water influences the total production and high fertility assures larger fish at harvest time.

Many farm pond owners fertilize their ponds by broadcasting sacked, granular fertilizer in the shallow water of the pond. Recent research has shown that less fertilizer

Stacy Paul Parker Celebrates 9th Birthday

Stacy celebrated his 9th birthday on Saturday, February 26, at the Youth Center. His birthday is February 28. The center was beautifully decorated in red, green and white streamers by Barbara Embrey. His cake consisted of a baseball field, served with ice cream, party crackers, cup cakes and punch. A number of games were played by Stacy Embrey and Barbara Embrey. Those helping Stacy celebrate were: his mother, Becky Parker; sister, Anita Faye; grandmother, Bludy Adkins;

Dorothy Petie and Tabby Lamp, Amanda Lambert, Jason Counce, Peggy and Brian Whitfield, his great aunts, Juanita Lamp and Francis Comer; Mandy O'Conner, Tracy Bonds, Barbara, Christy, Darlene, Rachel and Carrie Embrey, Sam Rhodes, Mark Johnson, his aunt, Faye Malone; Mai Hobbs, Ellie and Leah Wamble, of Jayess, Miss.; Linda Goss, Cristy Goss, Linda O'Conner, Mrs. Peggy Williamson, Mr. and Mrs. William Patrick, children, Joseph and Deresa, Robbie Comer. Stacy received many nice gifts and thanks everyone for making this a special day.

is needed if the fertilizer is placed on a platform one to two feet under the water. As the fertilizer dissolves, it is distributed throughout the pond by wave action and thermal currents, and better results are obtained.

When this platform is used, it should consist of three square feet per surface acre. There are many advantages to this type of platform. It is a much easier and faster method of fertilization. Second, nutrients go into solution in the top water of the pond where they promote the growth of phytoplankton and are not tied up in the bottom muds.

If the decision is made to begin a fertilization program, a full analysis fertilizer such as 18-18-4, 20-20-5 or an equivalent can be used. Superphosphate or triple superphosphate can also be

used. If the platform method is constructed and used, you may get 25 percent to 40 percent better results. Place the opened fertilizer sacks on top of the platform. The water and wave action will dissolve it. You should use fifty pounds at each platform at each application and apply at ten day intervals or until a white disk at the end of a stick goes out of sight about 12" below the surface. If you can see it at 18", more fertilizer is needed. In Tishomingo County, fertilization should be started the first week in March and continued through October.

If you would like more information on fertilizing your pond, please contact the Soil Conservation Service Office in Iuka. Our phone number is 423-6272, and we are located at 115 Front Street.

Mrs. Broughton Feted On 91st Birthday

Mrs. E.H. Broughton's 91st birthday was celebrated February 19, in the home of Mr. and Mrs. Avon Foote. All of her children, grandchildren, great-grandchildren, and great-great-grandchildren and only sister were present for the festivities.

Attending were her sister, Mrs. Una Gray; Dr. and Mrs. Ed Foote, Kevin and Chele, Florence, Ala.; Mr. and Mrs. Anthony Foote and Niki, Florence, Ala.; Mr. and Mrs. John Bates, Craig and Candy, Florence, Ala.; Mr. and Mrs. Jimmy Austin, Sheffield, Ala.; Dr. and Mrs. John David Foote, Sean and David, Clarksville, Tenn.; Mr. and Mrs. Bryce Kitchens, Dr. and Mrs. Ben Kitchens, Kaki, Laura and Kecia; Mrs. Glenda Milligan, Tracy and Charles; and Carl Broughton.

The guests composed and recited humorous poems expressing their love and ap-

preciation for their mother and grandmother. She received many lovely and useful gifts.

ANNOUNCEMENT

The Mississippi Poetry Society, Inc. of Mississippi, founded in 1932, is currently sponsoring its annual Spring Poetry Contest! Entries to the contest are welcomed from all current and former residents of Mississippi, M.P.S. members, and residents of Alabama, Arkansas, Louisiana and Tennessee.

The contest will conclude with a festival and workshop to be held in Natchez, Mississippi, on April 23rd and 24th, 1983, where contest winners will be announced along with a poet's workshop, entertainment, and an awards banquet with guest speaker, Chester Rider, Poet Laureate of Tennessee.

Please send a self-addressed stamped envelope for contest guidelines and information on the workshop and festival to: Jeanne and Mike Cartwright, P.O. Box 31181, Jackson, Mississippi, 39202.

CHILDREN'S VISION SYMPTOMS

There are a number of symptoms which may indicate that your child is having visual problems. An observant parent will generally detect these in the course of normal daily interaction with the child.

Some common signs to look for are: rubbing the eyes, headaches, especially after reading; covering or closing one eye; squinting when looking at a distant object; tilting the head to one side; holding reading material very close; moving the head instead of the eyes while reading; persistent letter or word reversal after the second grade; confusing similar words; frequently leaving out words; persistent motion (car)

sickness, awkwardness, complaints about blurred vision, and losing place while reading.

A typical school screening test will not readily detect many of these symptoms. If you have any reason to be concerned about your child's eyesight, a complete vision examination might be in order.

TENNESSEE VALLEY REGIONAL HOUSING AUTHORITY

The Section 8 Housing Assistance Payments Program

TVRHA Area of Operation:

Alcorn	Pontotoc
Tishomingo	Lee
Tippah	Itawamba
Prentiss	Chickasaw
Union	Monroe

The story that you are about to read is the story of a family housed under the Housing Assistance Payments Program... one of hundreds who have received rental assistance from Tennessee Valley Regional Housing Authority....

THE UNEMPLOYED

Bill and Belinda have been married for seven years and have two lovely children. Dawn is starting in the first grade this year and Chad is three. Bill is a construction worker and Belinda is a full-time homemaker. Until recently Bill has always been able to find a good job, but with the economy the way it is, no one is building.

They are renting a nice house in the county, but can't afford to pay the rent on the \$105 a week Bill draws. Their landlord referred them to the Housing Authority where they applied for the Housing Assistance Payments Program. Within a few weeks their income was verified and they received a letter stating they were eligible and that their portion of the rent would be \$121.00.

An appointment was made for the Housing Authority representative to meet with Bill and Belinda and the owner at their house to inspect the unit and insure it met HUD Quality Standards. After a few minor repairs and improvements were made, Bill and Belinda began receiving rental assistance the first of the following month.

The Rental Assistance Program provided Bill and Belinda with the help they needed and enabled them to remain in their present house. It was also advantageous for the landlord; he improved the condition of his house and was able to keep his good tenants.

Farlar Belue To Celebrate 100th Birthday, March 9

Happy Birthday, Mr. Belue
The community is cordially invited to Pickwick Manor Nursing Home on Wednesday, March 9, 1983, at 3:30 p.m. to help Mr. Farlar Belue

celebrate his 100th birthday. Mr. Belue is looking forward to seeing all of his many friends and relatives at the party. Entertainment and refreshments will be provided. Please come!

Blue Mountain College Singers At Iuka Baptist

The Iuka Baptist Church will host the Blue Mountain College Singers in a special concert performance on Sunday, March 13, in the morning worship service.

The Blue Mountain College Singers are made up of students representing Blue Mountain College, a four year liberal arts college for women owned and operated by the Mississippi Baptist Convention. Located in the rolling hills of North Mississippi, Blue Mountain College awards Bachelor of Music, Bachelor of Science, and Bachelor of Arts degrees.

This performance is one of many scheduled for the Singers spring concert tour which spans the states of Mississippi, Alabama, and Florida. The broad program outline for the tour includes both sacred and secular selections. Each concert will be varied according to the particular program setting.

The Blue Mountain College Singers are under the direction of Mr. Bart Shanklin, Assistant Professor of Voice at Blue Mountain College. Mr. Shanklin is a graduate of Union University and received his Masters of Music from Florida State University.

The public is cordially invited to attend this special presentation.

Monthly Singing At Rowland Mills

The regular monthly singing will be held at Rowland Mills Church on Friday night, March 4, beginning at 7 o'clock.

The special singers will be The Revelators, from Haleyville, Ala., and The Marlar Family, of Burnsville. Everyone is invited.

Iuka Schools Participate In Child Find Project

Personnel within the Iuka Special Municipal Separate School District are again involved in the state-wide Child Find Project to locate children through the age of 20 who are physically, mentally, communicatively or emotionally handicapped. Information gained from this project will be used to determine special education program needs as progress is made toward providing a free and appropriate public education to all handicapped children in compliance with Public Law 94-142.

Those parents who have a child or who know of a child between the ages of 6 and 20 who is physically and/or mentally handicapped that is not enrolled in a public school program are asked to help school officials locate and plan for such children.

Parents are guaranteed the right to inspect any information about their child and to challenge its accuracy. Information which could identify an individual child will be maintained by the school district and will be provided to other agencies in accord with the Family Rights and Privacy Act.

Parents of school age handicapped children who should be enrolled in the Iuka Public Schools but who are not presently enrolled may contact Dr. Jerry Stone, Superintendent, at 423-3206.

County Executive Director
Producers Urged Not To Delay PIK Signup

Farmers now have the option for signing up for the payment-in-kind (PIK) program for the 1983 crops of cotton, rice, wheat, corn and grain sorghum. Signup began January 24, 1983, and continues through March 11, 1983. According to Howard Bridges, Chairman of the Tishomingo County ASCS Office, the signup period will not be extended. In view of this, he advised farmers to sign up now in order to avoid the last minute rush. He emphasized that anyone signing up to participate in PIK may withdraw or modify the agreement at any time during the signup period. Therefore,

there is no advantage for a person to delay enrolling.

Bridges said that under the PIK program a farmer who removes from production additional acres over what he agrees to reduce under the 1983 acreage reduction program will receive as payment a specified amount of the commodity he would have grown on those acres. The amount of payment-in-kind to be received will be announced percentage times the farm program yield times the number of PIK acres. The percentages are 95 for wheat and 80 for cotton, rice, grain sorghum and corn.

Farmers have three possible options as to the level of participation: (1) participate only in the regular acreage reduction program; (2) participate in the regular program plus the 10 to 30 percent payment-in-kind program; or (3) place a bid to withdraw the entire base.

Bridges explained that in order for farmers to be eligible for payment-in-kind along with other program benefits, they need to sign-up for the program before March 11, 1983.

Bridges pointed out that the payment-in-kind program is new and these are just some of the highlights. At the ASCS office they have additional information and details of the program. Bridges urges everyone with questions to contact the Tishomingo County ASCS Office in Iuka.

In Service

Marine Pvt. Gerry L. Allen, son of Marvin and Velma Allen, of Route 2, Tishomingo, has completed recruit training at the Marine

Corps Recruit Depot, Parris Island, S.C.

During the 11-week training cycle, he learned the basics of battlefield survival. He was introduced to the typical daily routine that he will experience during his enlistment and studied the personal and professional standards traditionally exhibited by Marines.

He participated in an active physical conditioning program and gained proficiency in a variety of military skills, including first aid, rifle marksmanship and close order drill. Teamwork and self-discipline were emphasized throughout the training cycle.

Mr. Faust Celebrates Birthday

Mr. and Mrs. D.E. Faust, of Hazlehurst, Ms., formerly of Burnsville, celebrated his 90th birthday on February 13, by having all their children with them over the weekend.

Those attending were Mrs. Ramelle Hayes and Brenda, of Fort Worth, Texas; Mr. and Mrs. Joe Captino, Mr. and Mrs. Leo Captino and Tracy, all of Memphis, Tenn.; Mr. and Mrs. Edwin Faust, Jr. and twin daughters, Karon and Sharon, of Crystal Springs; Mr. and Mrs. Timmy Faust, Jr. and Trey, of Monticello; Mrs. Tim Faust and Sandra, of Hazlehurst.

A bountiful meal was served at noon on Sunday, complete with a beautiful cake decorated with a scenic lake and rod and reel. Fishing is one of Mr. Faust's favorite hobbies, along with his year-around garden.

Tournament Participants — Students from Iuka High School participated in the ninth annual Mississippi Science and Mathematics

Tournament held at Mississippi College February 3 and 4. The tournament, sponsored by the Mississippi College Departments of

Science and Mathematics, recognized students and their high schools for outstanding academic achievement in science and mathematics.

Over 1,450 students representing 178 different high schools participated. Pictured, left to right: Cathy Lovett, Felicia Hunt, Carl Brown and Fred Counce.

entertained by Noonan Floyd and Raymond Goodman. The Short Creek Trio sang at the close of the show. Refreshments were served.

Each quarter the Church Training provides some type of activity for the church. This talent show was one of the many different activities presented each quarter. The young married class, under the direction of Jim Kirk, had charge of the Hee Haw Talent Show. The church would like to welcome each guest who was present to visit with us again.

If you don't have a home church, Short Creek Baptist Church invites you to visit us any time. Sunday School is at 9:45 a.m., with church services at 11:00 each Sunday morning. Church Training begins at 6:00 p.m., with church services at 7:00 each Sunday night. Wednesday night services begin at 7:00. We have prayer meeting, R.A.'s, G.A.'s, Mission Friends, and Acteens classes each week.

Bro. G.D. Jones is pastor of Short Creek Baptist Church.

Computer Literacy Classes At NEMJC

Computer Literacy for Executives, a five-session class designed to build basic understanding of computers, will be offered to area business executives through the Northeast Junior College Division of Continuing Education beginning March 7. The class will meet Mondays 6 to 9 p.m., in Room 122 of Gordon Hall.

Participants will learn basic terminology and simple programming so they can communicate effectively with computer and systems personnel to obtain the types of information they need. They will also gain insights into the total requirements for

automating or computerizing operations.

Consultants with expertise in computer basics, programming, business and industrial applications of computers will conduct the sessions. During the final class meeting, participants will complete hands on exercises using the computers.

Because the class is limited to only 30, interested persons must pre-register by March 3. The registration fee is \$40.00 per person. Continuing Education Units (CEU's) for 15 contact hours will be awarded successful participants.

For additional information, contact Opal Melvin, course facilitator, at 728-7751, ext. 303.

It Makes Plain Common Sense

Conservation does.

It's common sense to conserve our precious natural resources. Natural gas, for example. With care this clean, efficient, easily transportable fuel will continue to be the energy base of the industrial Gulf South, from today to the year 2000 and way beyond.

There's little sign that any other source of energy will take its place as the most economical fuel ever found in great quantities. Actually it was the "cheap" fuel that spurred on the Gulf South's economic development.

When gas cost a nickel per MCF (1000 cubic feet), waste was measured in pennies. Now it's measured in dollars and hundreds of dollars.

Daily, as this company buys long-term supplies of gas for distribution to the Gulf South, it faces steadily increasing prices. As much as any company, United Gas knows the cost of waste. Conserve whenever, and wherever you can. The natural gas we save today will be needed tomorrow.

Short Creek Church News

The month of February has been a short one, but for Short Creek Baptist Church it has been a very busy one. Other than the regular monthly activities of the church, there have been three special events this month.

On February 11, the adults of the church gathered for a special Valentine Banquet. The meal consisted of a salad supper with entertainment furnished by The Short Creek Trio.

February 12 was the date of the Youth Valentine Banquet. Youth of the church, along with their guests, were treated to a delicious meal,

furnished by the W.M.U. Special guest for the children was a Valentine clown. A great time was reported by all who attended.

Special feature of the month was the Hee Haw Talent Show presented Saturday night, February 26th. This show consisted of various scenes from the popular T.V. show Hee Haw. Entertainers of the evening were: The Roberts Family, Jim and Deborah Kirk, Dennis and Shiela Martin, Jerry and May Bonds, Pete Trickey, Joe Sheppard, Bro. and Mrs. Jones, V.O. Guinn, Laura Lowery, Dorothy Gilley, Vivian Goodman, Chris Trickey, Dena Crum, Gerri Lea Bonds and Kerri Bonds, as an added treat. Between scene changes, the audience was

Happy Birthday! _____ Frankie Lynn Grant celebrated her 4th birthday

on Sunday, February 20th. She is the daughter of Frank and Barbara McAnally, of Iuka.

Happy First! _____ Adam Frank Cummings, son of the late Chris and Lisa Cummings, of Iuka, celebrated his first birthday on February 1, 1983. Gran-

parents are Lum and Annie Lou Cummings of Iuka; Oakley Rucker, Gatlinburg, Tenn.; and Wanda Romines, Andersonville, Tenn. Maternal great-grandmother is Una Rucker, of Clinton, Tenn.
