ONE HUNDRED AND EIGHT YEARS

IUKA, TISHOMINGO COUNTY, MISSISSIPPI

THURSDAY, OCTOBER 3, 1991 NO. 17.

### Steve Rye Seeks Support In Constable Race - North Half

Ladies and gentlemen, on October the 8th I will be in the second primary for the office of constable in the North half of Tishomingo County. Again I want to thank the many people of Tishomingo County for your vote and support. Making it this far would have been impossible without your trust and confidence.

I am Steve Rye, son of the late Jack Rye and my mother is Patricia Brown who is now residing in Athens, Alabama.

I am married, forty-three years old and have three daughters, ages fourteen to twenty-two. I have lived in Iuka for the past thirty six years. I attended Iuka High School and also Burnsville High School, where I graduated in 1965.

I later entered Memphis State University, for a year, where I studied journalism. Most everyday I read as many as three newspapers just trying to stay on top of what's happening in the local, state and national news. I think it's important that a good law enforcement officer know a little about everything that concerns him and the people around him.

I also attended Northeast Mississippi Community College where I majored in Law Enforcement. I have been to the Mississippi Law Enforcement Officers Training Academy where I graduated with scholastic honors.

After that I worked at the Mississippi State Penitentiary at Parchman and was trained in nearly every unit there including death row. Later on I ran the Prison Satellite unit at Corinth, Mississippi.

I am a retired Army Veteran who served with 25th Infantry Division in Vietnam in 1967 and 1968. I have been an active member of the VFW for the last twenty-two years.

I truly believe that I am qualified to hold the office of constable because of my educational background and experience. Being retired also gives me an edge over my opponents.

because I can devote my full time to the duties of this office.

The job of constable is not a job that should be taken lightly. When you have papers that need to be served, you don't want to wait four or five weeks for someone to serve them. I promise you that if I am elected to this office that my first priority will be to get your papers served and served quickly.

After accomplishing that, my duty will be to protect and serve the people of Tishomingo County. I don't care if you're rich or poor, what color you are, or whether you're a farmer or a banker, everyone will be treated with dignity, respect, and most of all equality. And I promise you that I will work with any law enforcement agency that requests my help.

I would be honored to lead the funerals in this county and this is not because it's the constables' duty, but rather, out of respect.

Anytime that any of you people need my help, I will do my best to respond. There's no way that I'll tell you that I'll be available 24 hours a day because it's physically impossible. If elected I will publish a number for you to call. If it's an emergency please give me the number of the county road that you live on. This simple act in itself could possibly save someone's life.

Two great concerns of mine are our children and the handicapped. If I catch your child breaking the law, and by this I mean a misdemeanor, I will bring the child home. Then we'll all sit down and discuss the situation and try to solve the problem. Jail is no place for a teenager. I believe that it only gives them contempt for the law later on in life.

As for the handicapped, they've been getting a raw deal for quite a while and I can identify with these people because I lost a leg in the Vietnam conflict. It's time that normal healthy people realize that these handicapped parking spaces are there for a reason. And if I am elected I am going to put an end to this illegal parking. Either that or it's going to get awful expensive for the people who abuse this law.

I know that I didn't get to see each one of you personally due to the shortness of time before the run-off but I respectfully ask you for your continued vote and support. I am also asking those of you who voted for one of my opponents to consider me as your next constable. If we all pull together we can definitely make Tishomingo County an even better place to live. If you would like to talk to me about any issue in this race, please call me at 423-5426.

In closing I would like you to remember that I won't really be working for the Sheriff's Department or the City Police; I'll be working for you, the people of Tishomingo County. So when you go to the polls on October the 8th please vote for Steve Rye for your Constable.

Sincerely yours,  
Steve Rye

### Dale Price Thanks Voters & Seeks Support For Supervisor

Once again, I want to thank all the voters in the First District for their votes, support, and encouragement during the first primary. I sincerely appreciate all the help and support. I am also grateful to my opponents for conducting a good, clean campaign.

I have tried to visit with as many of you as I possibly could since the first primary, but, of course, I can not see everyone. Therefore, I want to take this last opportunity to tell you that I need your support. As I've already said, I believe in rural fire protection, local health care, good roadways and bridges, education, and local industry. If you give me the chance, I

believe that I can help make improvements in those areas that will benefit the First District and Tishomingo County. I also want you to know that if I am elected, I plan to devote all my time and energy to the job - I will be a full-time supervisor.

Once again, I appreciate all your support in the past and ask for your continued support. If you supported another candidate in the first primary, please consider me on October 8. If you have any questions, please feel free to get in touch with me. I would be happy to hear from you.

Thank You  
Perry D. (Dale) Price

### Jasper Ables Thanks Voters.. Asks For Support Tuesday

"Thank you for the vote you gave me. I want to be your next Fourth District Supervisor. I have been married to Linda (Reid) Ables for over 27 years. We have four children and one grandchild. I am a Tishomingo High School graduate. I was born and raised in Tishomingo County and have lived here all my life.

I have an equipment and auto repair business dealing with the public for almost twenty years. I know how a business is run and county government is a business.

We have three manufacturing plants in the Fourth District. One was built in 1953, one in 1975 and one in 1978. We deserve more to provide employment for our people. The Fourth District has had 110 miles of

roads paved in the past 24 years. This is approximately four miles per year and the Corps of Engineers funded much of this. I can do better than this.

With Tishomingo County changing, we must change with it. I will work with other elected officials to see that we have better schools, more jobs for our young people, better roads, better fire protection, better law enforcement, and a better Tishomingo County.

I cannot retire - I have to work and I want to work for the people of the Fourth District. On October 8, vote for Jasper Ables for Fourth District Supervisor. Your vote counts.

### Editorial.....

Can Tishomingo and Alcorn counties afford to wait until the year 2004 for a new member of the Legislature from this district to gain seniority and experience? We don't think so. That is how long it would take a new member to gain the seniority and experience that Rep. Mack L. Wadkins now has. Facts cannot be disputed that we have made great strides in education, health care, highways, fire protection, economic development, and recreation as a result of the leadership exhibited by Rep. Wadkins.

The courts have already mandated that new district lines be established during the up-coming Legislative session. The new district lines will be in effect for the next 10 years, therefore, it is important for Tishomingo County to have a resident member involved in the establishment of these lines. Alcorn County already has a Representative and the newly elected Senator will be from Alcorn County. We feel that Tishomingo County should have a resident member in District I also.

While it is not customary for this paper to endorse a local candidate, we feel the future of Tishomingo County is to important to gamble on. That is why the Tishomingo County News proudly endorses State Representative Mack L. Wadkins for re-election to the House of Representatives, District I, on October 8th.

### Johnny Nunley Asks For Support In Race For County Sheriff

I am Johnny S. Nunley and I would like to take this opportunity to express my special thanks to each of you for your vote and support in the First Primary. Your hard work and tremendous vote allowed me to lead the ticket over a fine group of opponents. I will always be grateful for that support and for your kindness in allowing me to visit with you in your homes and discuss the issues concerning law enforcement.

Now I need your continued support to finish the job on October 8. If you know someone who has not made up their mind in the Second Primary please ask them to consider me as their candidate in the October 8 run off.

I sincerely invite all the other candidates and their supporters to join me in this campaign and together we will be successful in the Second Primary.

I started this campaign with a positive attitude and on a positive note. I am working hard at ending it in

the same manner. I have run an honest and clean campaign. I've run on my own merits and qualifications and not on the weaknesses of others. When elected I will be my own person. The only commitments and promises I have made are to the people of Tishomingo County.

Throughout this campaign I have talked about the issues of good honest law enforcement and how I feel toward enforcing the law.

I am now, and always will be committed to making you an honest and hard working Sheriff. If you need help and call the Sheriff's office I will come to your aid. I will answer all calls in a courteous and efficient manner. I will be a Sheriff that will listen to your concerns and one that will respond to them. I will be a Sheriff that will be visible in the communities all four years and one you can sit down and talk to in confidence if you have a need too. I am committed to being the same person after the election as before the election. I am committed to working with all the people in Tishomingo County, and especially all law enforcement agencies to combat crime and drugs in Tishomingo County. Yes, I will escort your funeral processions and any other events that are lawful and necessary.

As you know it is impossible to see everyone between primaries. So, I want to make this final plea for your continued support on October 8.

If you want a Sheriff that will be honest and fair to all the people regardless of where they live in the county, one that will come to your aid when you need help, then I ask you to vote for Johnny S. Nunley on October 8. With your help and God's help we will be successful.

### Harmon Davis Extends Thank You - Asks For Support

I would like to take this opportunity to thank you for the support you have shown me in the last two terms of office of Constable of Southend Tishomingo County.

I would also like to thank you for

the fine vote you gave me in the First Primary.

If you supported one of my worthy opponents in the first election, I am asking for your help now.

If elected I will continue to answer any call you give me. I will continue to serve the papers handed down to me from the Justice Court in a fair and friendly manner. So once again, thank you very much.

Sincerely,  
Harmon Davis

### Braves Band Booster Meeting

The Tishomingo County High School Band Boosters will be holding their monthly meeting on Monday, October 7, at 6:00 p.m. in the new high school cafeteria. All parents of band students are urged to attend. The Band boosters would like to wish the band good luck in their trip to Rogers for their first band competition of the year on October 5.

### Pot Luck Supper

There will be a pot luck supper at the fire station just off Coleman Park Road, Saturday, October 5, beginning at 6:30 p.m.

Please come and bring a dish. Entertainment will be announced later.

## Runoff Election Tuesday, Oct. 8

Next Tuesday, October 8, all eligible voters are urged to participate in the Second Democratic Primary Election. You are encouraged to go to the polls and vote for the candidate of your choice.

County citizens are reminded to vote at the same location they voted at in the First Primary. As before the polls will be open from 7 a.m. to 7 p.m. Those who are going to be out of town or are unable to go to the polls next Tuesday are reminded to stop by the Circuit Clerks office before noon Saturday, October 5 if they wish to cast an absentee ballot.

Stirring the most excitement locally is the race for Sheriff which Richard Dobbs the incumbent and Johnny S. Nunley are contesting. Other important races taking place in the October Election are for the Circuit Clerk office with Gerald C. Parsons and Bobbie White vying for the office. The Tax Assessor and Collectors race with Horace Ledgewood and Gaylon G. Lovelace competing for the office.

Joe Moyers and Steve Rye are running for the job of Constable of the Northern District and for the Southern District Harmon Davis and Donald Deaton.

Voters in District one will cast their vote for Perry Dale Price or Frank Williams, Jr. for Supervisor. District two has the choice of Ricky A. Cummings or Arlie L. South. The District three Supervisors race includes Deleanor W. McKee and Danny Ryan and rounding out the Supervisors race in District four are Jasper E. Ables and M.R. Whitehead.

Also on the ballot will be the following offices and those wishing to fill them - For State Auditor of Public Accounts Ryan Hood or Steven A. (Steve) Patterson will fill the office. Public Service Commissioner District three (Northern) will be Roy D. Alexander or Bo Robinson. In the State Senate District 4 race is Joann Biggers and Travis L. Little and in the State Representative District 1 race is Harvey Benderman and Mack L. Wadkins.

## Belmont First Baptist To Dedicate Sanctuary

On Sunday, October 6, at 3:00 p.m., Belmont First Baptist Church will dedicate its newly renovated sanctuary, the first major renovation since the present sanctuary was completed in 1954.

According to a church history compiled by Jerry McAnally, the church was organized in 1875 as Ebenezer Missionary Baptist Church. The first building was damaged or destroyed by fire and was rebuilt on the same site. By 1899, Ebenezer had 55 members. The first pastor was W.W. Gilbert.

On September 11, 1909, the church name was changed to Belmont Missionary Baptist Church. In the fall, of 1990, the name officially became Belmont First Baptist Church, Incorporated.

According to Mr. McAnally's research, a new frame building was constructed on the present site in 1912. In 1912, Belmont Missionary Baptist Church joined the Tishomingo County Baptist Association.

In 1930, construction was begun on a new two-story brick building,

primarily built under the leadership of Mr. Olen Yarber. Due to the depression construction on the building was slow, and it was not completed until 1939.

Again quoting Mr. McAnally, "On the first Sunday of December, 1950, a mid-morning fire totally destroyed the building that was barely 10 years old." Service were first held in the Belmont Courthouse, then in the basement of the burned structure until the new building was completed in 1954.

In late 1990, the church voted to undertake an extensive renovation project. Each phase of this work was done under the leadership of Steve McAnally; and on October 6, the church celebrates the debt-free completion of this project.

One of the high lights of the service will be the presentation of banners constructed by the women of the church.

Jack E. Maroon, pastor of Belmont First Baptist Church since 1965, invites all former members of the church to attend this momentous occasion.

## Gerald Parsons Seeks Re-election As Circuit Court Clerk

development.

Currently the office of Circuit Clerk has been undergoing some changes. By January 1992 the office of Circuit Clerk will be computerized. My staff and I feel confident that these changes will be good changes. We see these changes as an opportunity to better serve the people in the future.

My record of public service speaks for itself. As one who served as a District Supervisor and as Circuit Clerk, I have always endeavored to make our county better for the good people who live here.

My intentions are to meet with each of you personally, but due to job responsibilities and time, if I fail to get the opportunity to personally ask for your vote and support, I hope that you will take this as my personal plea for your vote and support.

Gerald Parsons has conducted the office of Circuit Clerk with dignity, impartiality and efficiency for the past four years. This office must be handled in a direct and firm manner according to the law.

For continued progressive leadership and integrity Vote Gerald Parsons on October 8.

## Home Economics Tips

### ORGANIZING LAUNDRY SPACE Convenience and Efficiency Are Key Factors

A fast paced lifestyle, combined with an ever increasing variety of activities and the continuing demise of the stay-at-home mom means more dirty clothes, with less time for laundry than ever before. Families want laundry areas that are convenient, efficient and centrally located.

Newer, more inventive locations are fast replacing the corner-in-the-basement laundry room. One popular choice is adjacent to the kitchen. By using existing plumbing lines and centralizing two home work areas, and homeowner saves both dollars and time. Storage and countertop space can do double duty. Another location is the bedroom/bath area, where the bulk of the soiled wash accumulates and most of the family's clothing and linens are stored. As more and more manufacturers are offering full capacity laundry units that will fit almost anywhere, the bedroom/bath location is on the rise. Even the smallest bedroom or hallway closet can accommodate a mini laundry. To cut down on installation costs, The Soap and Detergent Association recommends selecting a wall that backs up to existing plumbing lines and reminds consumers that even stacked dryers require venting.

By adding louvered doors and

cosmetic cabinetry, the laundry areas can be concealed in convenient, but unusual, areas of the household, such as the dining area (which allows back-up to the kitchen plumbing) or in a bedroom dressing area, a den, family room or home office.

Regardless of location, the most efficient laundry areas are those that provide storage for both soiled and clean laundry, cleaning products and, as needed, ironing and mending supplies. Other desirable features include a container or vehicle to move clothes from one part of the house to another, a counter space for folding and sorting, a nearby sink for pretreating spots and stains, and a hanging area for permanent press items.

Other extras to consider include a fold-down ironing board which can be hidden in cabinet door when not in use and an area for recharging small appliances. Flowering plants, with a plant light to keep them thriving, add color and cheer to the laundry area. For a practical touch, consider a small platform to raise the dryer off the floor so that no stooping or bending is required when clothes are loaded or unloaded.

#### BAKED PORK CHOPS AND RICE

- 6 pork chops
- 1 cup rice
- 3 cups hot water
- 1 teaspoon salt
- 1 teaspoon pepper
- 1 large onion, chopped fine
- 1 (10 3/4 oz.) can cream of mushroom soup
- 1 large green pepper,

thinly sliced  
Trim fat from the pork chops and brown the chops on both sides in a skillet. Mix the rice, water salt, pepper, onion, undiluted soup and green pepper in a shallow 2-quart baking dish. Place pork chops on tops and cover with foil. Bake in 375 degree oven for 45 minutes to 1 hour or until chops and rice are tender.  
YIELD: 6 servings.

## County Agent's Notes

### FRUITS AND NUTS

#### PECANS

In preparation for harvest, keep the area under pecan trees mowed closely and clear of debris. Irrigate as needed to fill out existing nuts. Continue patch budding through September or as long as the bark slips.

Now is a good time to take soil samples for fall lime application. Soil sample supplies can be obtained at your county Extension office.

Monitor young trees for aphids and mites, and spray when necessary.

#### BLUEBERRIES

Keep blueberry plantings watered and weed-free. Remove any dead or broken branches by selective pruning into live, healthy wood.

If you don't have blueberries in the landscape, consider planting several bushes. The planting season runs from December through February. The earlier in the planting season bushes are planted the better. Proven varieties are Climax, Premiere, and Tifblue. Climax ripens around June 1, followed by Premiere June 15, and Tifblue extending until July 15-20.

Blueberries are like azaleas - they require acid soils and are not able to withstand wet feet.

#### STRAWBERRIES

ANNUAL HILL SYSTEM: Order virus-free plants and prepare the beds. With no soil test, apply 12 to 15 pounds per 1,000 square feet of a complete fertilizer (10-10-10 or 13-13-13) before forming the bed. Most beds are 8 to 10 inches high and 22 to

## INSIGHT INTO EYESIGHT

### DR. PHILLIP GRAY, OPTOMETRIST

#### EFFECT OF DIABETES ON VISION

Even if you have only a mild case of diabetes, one that can be kept under control through diet and exercise, you should be constantly concerned about your vision. Those who have diabetes are more vulnerable than people in general to such eye diseases as cataracts, glaucoma, and disorders involving the cornea.

Another problem commonly associated with diabetes is diabetic retinopathy. In this disease tiny blood vessels that nourish the retina are damaged and may leak. This causes the retina to swell, resulting in blurred vision. Like many other eye diseases, however, this can be treated and loss of vision can often be prevented if it is detected early enough.

Protecting the health of your eyes and making sure you have the vision correction necessary to see well are two good reasons why you should have your eyes examined regularly. If you haven't had your eyes checked recently, make an appointment with your eye doctor now.

26 inches wide.  
Treat the soil with methyl bromide if possible. Methyl bromide is dangerous. Read the label carefully and follow directions. If treated, allow 10 to 15 days before setting plants. In many cases, 1.5 mil embossed black plastic mulch cover at fumigation. The black plastic is used as a gas sealant.

Be sure to set the plants at the correct depth and irrigate immediately after setting.

Matted Row System: Maintain weed control and irrigation. Now is the time to fertilize established plantings.

#### MUSCADINES

Continue irrigation and weed control on established vines. Several factors may increase the chances of muscadines being damaged by winter freezes. Keeping the plants healthy is one of the best ways to reduce the risk of freeze injury.

Maintaining healthy foliage on the plant into the fall results in a strong vine less likely to suffer freeze

damage. A good pest control program and a good fertility program are necessary to keep the leaves healthy. Research shows that plants deficient in potassium are more susceptible to freezes than are plants with adequate potassium. Plants over-fertilized with nitrogen with resulting excessive cane growth and a delay in the plant hardening off in the fall are predisposed to winter injury.

Extension 4-H Youth Agent

4-H - A Unique Youth Organization

It is often said that today's youth are tomorrow's hope. I have one thought on that statement that I would like to share with you. If the 4-Hers I know can be considered a representative sample of tomorrow's hope, you've nothing to fear from the future. 4-H gives youth an opportunity to be a part of the largest youth organization in America.

4-H is an organization that prepares youth for responsible and productive adulthood through direct participation in learning experiences. It is open to all boys and girls ages 8 through 18, regardless of social economics and racial background.

Mississippi had 75,371 4-H members enrolled in 1,062 4-H Clubs served by 3,292 volunteers. Tishomingo County has 390 members enrolled in 22 4-H Clubs served by 67 adult and teen volunteers.

4-H helps develop the whole person. It develops citizenship, responsibility, leadership and provides opportunities whereby these qualities may be applied and further developed. The training today's youth receive through 4-H helps them face

tomorrow's challenges.

The opportunities in 4-H are endless. Some of the opportunities 4-Hers have include trips to Mississippi State University, Jackson, MS, South Fair, Washington, D.C., Chicago, Ill., and Fontana, NC. Other activities 4-H members participate in are judging contests, public speaking and presentation contests. They also have the chance to talk to civic groups and other youth groups about the benefits they receive from 4-H.

Help us celebrate National 4-H Week, October 6-12, 1991, by asking 4-H member how to join 4-H as member or a volunteer.

Call 423-7016 or come by the Tishomingo County Extension Service office for more information on how you can become involved in 4-H.

## Estate Planning Class Planned At UNA

The University of North Alabama will be offering a class on simple estate planning.

The course will answer such questions as: what happens when a person dies without a will; what is meant by probate; what are the advantages of an estate plan; how do taxes affect an estate, said Bill Matthews, the director of UNA's Office of Continuing Education.

Sheree Martin, a Florence attorney with a LL.M. degree in taxation from the University of Florida, will be teaching the class.

The class will meet three Thursdays, October 17, 24 and 31, from 6:30 to 8:30 p.m. in Stevens Hall Room 314, at UNA.

The fee is \$39. For more information, call 760-4UNA.

primary. However it is even more important that you return to the polls on October 8 and cast your vote once again on my behalf. I urge those who voted for my opponents to give me your consideration and vote in the second primary. Allow the experience that I have gained these past four years to work for you. It will be very important to the outcome of projects already begun, having leadership that was a part of their beginning. Projects such as new hospital, a new sports complex for the school, a new water district, a new public boat ramp, new fire districts. All of these projects have been of great importance to me. I have been there in their initial beginning, allow me to work to their completion by casting your vote for Frank Williams, Jr., on October 8. Thank you.

to the Voters of the First District. Again I thank you for your vote and support given to me in the first

## Former Governor J. P. Coleman Dies

J.P. Coleman, namesake of the J.P. Coleman State Park and former Governor of Mississippi died Saturday, September 28. He was 77 years old. Coleman Park was named after the late governor for his part in making it a reality for the State and for Tishomingo County. Coleman served as Attorney-General in 1954-55, handling all of the legal aspects concerning the acquisition of lands by the state and assisted in setting up the land as a State Park. Upon his election to the office of Governor, the park was named in his honor. Coleman was Governor of Mississippi from 1956 to 1960.

James Plemon Coleman, born on a farm near Ackerman was one of the few politicians to have served in all three branches of government. He began his political career when he was elected a Circuit Court Judge in 1946.

Services were Monday at the Fentress Baptist Church in Fentress where he was a deacon and member.

## RAID NETS 38 MARIJUANA PLANTS

The Tishomingo County Sheriff's Department confiscated 38 marijuana plants Monday. The plants ranged from 3 to 12 feet in height and had an estimated street value of \$48,000. The Sheriff's Department had the plants under surveillance for 5 to 6 weeks when hunters walked upon the plants. At that time the department decided they could not wait any longer risking the plants being harvested. They raided the property located in the Midway Community between 2:30 to 3:30 Monday afternoon.

The marijuana had been well maintained with chicken wire around it. The plants were pulled up and taken to the county jail. Officers participating in the raid were State Parole Officer Mike LaRue, State Trooper, Jerry Boyd, County Officer Joel Holliman, Sheriff Richard Dobbs, County Officer Mike Higginbottom and Officer Raymond Vaughn.

## Dennis Couple Arrested On Drug Charges

According to Tishomingo County Sheriff Richard Dobbs a Dennis couple, Jerry W. Ables and his wife Ellaween Ables were arrested Thursday night September 26th. The suspects were charged with possession of marijuana, over a kilogram, with intent to sell. Ellaween Ables additionally was charged with conspiracy to sell marijuana.

The arrests were made when authorities executed a search warrant on their home between 9:00 p.m. and 10:00 p.m. Tishomingo County Sheriff Richard Dobbs said, "Seized in the raid were \$404.00 in cash, about 5 1/2 lbs. of marijuana and three firearms.

Mrs. Ables made an initial appearance Friday morning before Justice Court Judge Willie Joe Sparks, who set bond at \$25,000. No bond had been set for her husband late Friday.

Jerry W. Ables was arrested in July 1990 on charges of manufacturing marijuana, Dobbs said. He was sentenced to 15 years in prison but the term was suspended pending good behavior, court records show. If convicted this time the suspension would be revoked and he could face the full 15 year term in prison.

The Sheriff's Department was assisted in the raid by the Mississippi Bureau of Narcotics, North Mississippi Narcotics Division and the Tupelo Police Department SWAT Team and K-9 Unit.

## Gospel Singing

With the beginning of the school year and fewer seasonal manufacturing layoffs unemployment figures released Monday by the state employment Security Commission showed a drop in the jobless rate in Northeast Mississippi and throughout the state.

## NEMCC Homecoming Is Saturday

Final plans have been made for Northeast Mississippi Community College's forty-third annual homecoming activities scheduled for Saturday, according to Edna Drewry, secretary for alumni affairs.

A full day of activities is planned beginning at 10:00 a.m. with a rehearsal of the alumni band. The "Flashbacks" will hold two practices during the day and will perform at halftime of the homecoming game against East Mississippi Community College. Northeast band director Ricky Bishop will direct the band.

The seventh annual 5-K Tiger Trek, one of the Tupelo Running Club's Racing Series, is open to men and women of all ages. Beginning at 3:00 p.m., runners and walkers will assemble on the lawn of the Frank Haney Union.

"Trophies will be awarded to the first three male and female finishers

and to the 1st, 2nd, and 3rd finishers in each age division," Drewry explained. "All registered participants will receive a Tiger Trek T-shirt."

Alumni registration will begin at 3:00 p.m. in the Frank Haney Union.

Northeast's Associate Degree Nursing chapter will hold a chapter meeting and get-together at 3:00. Cheerleaders from 1980-1990 will also meet at 3:00.

Northeast's Phi Beta Lambda chapter will meet at 3:30 and Phi Theta Kappa Alumni will meet at 5:00.

Grilled hamburgers and hotdogs will be available on the Union lawn at 4:00. Entertainment will be provided by Northeast's pop group "Exposure" and their country western group "Campus Country."

The 1991 homecoming court will be presented in pregame ceremonies at 6:00 at Keenum Stadium. Kickoff for the game with East Mississippi is set for 6:30. After the game alumni and friends are invited to a reception in the Black and Gold Lounge of the Frank Haney Union.

For additional information about any of the activities, phone the Office of Alumni Affairs, (601)728-7751, extension 298.

## BOBBIE WHITE

## ASKS FOR SUPPORT

## IN CIRCUIT COURT

## CLERK RACE

I would like to give special thanks to all those who have worked so hard to make this campaign a success. But most of all I would like to thank you, the voters, for making our political system work, by attending the rallies and going to the polls and voting. I cannot express my gratitude to those of you who voted for me and gave me the opportunity to be in the run-off on October 8th for the position of Circuit Court Clerk. This goes to show that the average, hardworking, dedicated person does have a chance to be a part of our county government.

What will be the future of Tishomingo County ???

The Circuit Court Clerk's office is facing difficult times in the next four years. The state has mandated computerization and the county population has increased. Both indicate a potential increase in work load, this demands more efficient and better trained management or more staff must be hired.

I am the only candidate educated in computer science and experienced in computer operations. I was one of the key persons responsible for getting the computer system in the Chancery Court Clerk's Office operational. My knowledge of computers can save you, the taxpayer, many tax dollars in carrying out the state mandated computerization.

Experience does count. I have nearly twice the experience as my opponent in the Tishomingo County Court systems. I have experience in the Chancery Court Clerk's Office as Deputy Chancery Court Clerk, which included experience in the youth court system, also I have experience in the Circuit Court Clerk's Office as a freelance paralegal. I am the best qualified candidate for efficiently conducting the court related functions of this office.

My education and experience in accounting and business administration provides me with the capability to more efficiently manage this office's business and financial affairs. I have the education, skills and desire to bring your Circuit Clerk's Office into the '90s without added cost to you.

This coming Tuesday you, the voters of Tishomingo County, will hire your next Circuit Court Clerk. Before you cast your vote I ask that you please evaluate the qualifications of both candidates. Hire the best qualified person to work for you.

My appreciation goes out to all of you for making my dream a little closer to being a reality. With your help we can succeed. Lets work together to improve our county.

I hope that I have talked to each of you; but, if I have missed you, please accept my apology. I need your vote.

Please go to the polls October 8th and vote for Bobbie White for Circuit Court Clerk.

## Humane Society Rummage Sale Saturday

The Tishomingo County Humane Society will hold its second big rummage sale this Saturday, October 5, from 7:00 - 12:00 at BJR Feed Store on Business Highway 25 N. A wide variety of goods will be offered for sale.

Anyone wishing to donate items to be sold at this rummage sale may do so by calling 423-2974 and leaving a message on the answering machine. Someone from the Humane Society will be happy to pick up the items.

The Humane Society is displaying a booth at the Tishomingo County Fair this week. Everyone is invited to come by and see the representatives of the Society and to purchase a membership.

The Humane Society will hold its regular monthly meeting this Monday, October 7, at 7:00 p.m. at the Iuka Public Library. All interested persons and all members are encouraged to attend.

The Tishomingo County Humane Society, Inc. is a non-profit organization whose purpose is to promote the humane treatment of animals and to encourage pet owners to spay or neuter their pets, in order to reduce the number of unwanted dogs and cats that are unfortunately euthanized each year.

## Thank You From A. T. Marlar, Jr.

To all of Tishomingo County I would like to express a sincere thank you to everyone who considered me and to all who voted for me and supported my campaign for Tax Assessor and Collector.

My family and I met a lot of people who will always be special to us. It was nice to be able to spend time with old and new friends.

The Second Primary is October 8th, exercise your constitutional right and go vote.

Thank you and may God bless you,  
A. T. Marlar, Jr.

## Thank You

I, Arlie L. South, would once again like to thank the people of the second district for the vote I received in the first primary.

As I have already stated, I believe I can make the best decisions for the people of the second district and will manage your business in an honest way. I pledge to always keep the interests of all the people in mind.

I would like to encourage all my first primary supporters to return to the polls on October 8 and cast your vote for me once again. I also ask that my opponent's supporters carefully consider and support my bid for 2nd District Supervisor.

I am going to do my best to see as many voters as I can. If I fail to see you, take this as my personal plea for your vote. For good, honest leadership, vote Arlie L. South on October 8th. I will always be grateful.

## Gaylon G. Lovelace Asks For Support In Run-off

I Gaylon G. Lovelace would like to thank the voters of Tishomingo County again for their outstanding support in the first primary in my bid for Tax Assessor/Collector. I ask your continued support to those of you whose candidates did not make the runoff, those who still are undecided, and especially the candidates themselves who did not make the runoff.

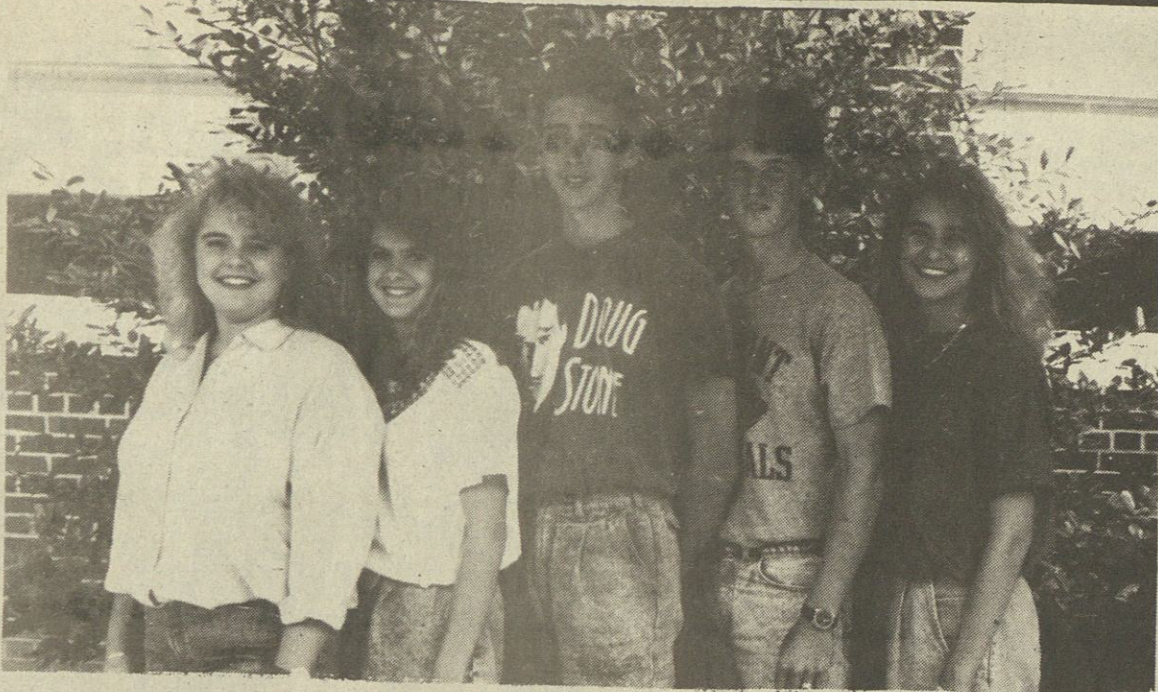

For this job, it takes a person who can work with and for the public and most importantly, a person with energetic drive and strictly professional motivation. I have dedicated my working life to this field. Now I am ready to take on the responsibility of this job. I am certified as a licensed Assessor by the Mississippi State Tax Commission. In addition, I have attended seminars in Jackson and other professional

meetings throughout the State pertaining to topics of taxation, revenue, and property valuations, while working in the Assessment office for the past eight years. If elected I will work directly with the public personally when at all possible.

I feel that I can offer you the people of Tishomingo County the personal attention, quality service, dependability and knowledge to smoothly and efficiently run this office. The voters of Tishomingo County will make their choice on October 8 by casting a ballot for the person that they feel will serve them best. I ask you to review my qualifications and vote for quality service and ability. I ask you to vote Gaylon G. Lovelace as your next Tax Assessor/Collector. Your support is greatly appreciated.

Thank You

NOW IT CAN BE TOLD  
(The Secret of fall Colors)

Few sights satisfy the soul of Mississippians like the brilliant colors splashed across our hardwood forests each fall. Refusing to slip quietly into winter, Nature marches out with great fanfare, trumpeting the bright oranges, purples and yellows of Sweetgum, blaring the gold and rusty browns of hickories and blowing sultry notes across the landscape in the deep scarlet of red oaks and black gums.

Ever wonder what determines what color tone is assigned to a particular tree? About how the color change is triggered? According to the experts the secret is in the sap. The chemical composition of each tree's sap provides "instructions" on what fall color its leaves should turn.

The amount of iron, magnesium, phosphorus or sodium in the tree, and the acidity of the chemicals in the leaves determines whether the tree turns amber, gold, red, orange, purple, or just fades from green to brown. For example, scarlet oaks, red maples, and sumacs have a slightly acidic sap which causes their leaves to turn bright red. On the other hand, the leaves of some varieties of ash, growing in areas where limestone (alkaline) is present, will turn a regal purplish-blue. Sweetgums can be spectacularly multi-colored or almost a solid purple, depending upon the soil they stand on.

What triggers the change? Popular myth credits Jack Frost with orchestrating the color transformation, but in reality, the thermometer has little to do with it. The answer lies in the shifting rhythm of day and night. As the days grow shorter and the nights longer, a chemical clock inside the trees starts up, releasing a hormone

which restricts the flow of sap to each leaf. As autumn progresses, the sap flow slows and chlorophyll, the chemical that gives leaves their green color in the spring and summer, disappears. The residual sap becomes more concentrated as it dries, creating the colors of fall.

In a way, the green hue of spring and summer masks the promised beauty of the fall leaf, as a child's black crayon covers the bright colors underneath on a scratch board art project. Then, when the green chlorophyll withdraws at a chemical signal, the brilliant beauty of the fall color is revealed.

Autumn leaves are not merely pretty. As leaves die and fall to earth, minerals that were taken up into the tree return to the soil. Mammals, insects, fungi and bacteria on the forest floor help decompose the leaves, releasing their nutrients to growing plants and trees, and adding organic material to the soil.

Even as this year's leaves fall, next spring's leaves are tightly wrapped in buds. When they unfurl next March and April they will replenish the air as they absorb carbon dioxide and "exhale" oxygen.

It's a far less dramatic event than with hardwoods, but Mississippi's pines also lose their three-year-old "leaves" or needles, in the fall. And each spring, tender green shoots grow at the end of the pine limbs in a cycle of renewal.

The renewal of fall's color reflects the renewal of our forests. Just as the trees prepare themselves for spring by putting forth buds, we foresters prepare the future generations by planting forests. And as our forests flourish, we will have ample forestland for recreation and timber needs, and plenty of opportunities to enjoy the glorious colors of autumn.

## Constitution Week

September 17-23

This year is a truly great year in the history of our nation. It is the 204th anniversary of the U.S. Constitution. It is also the 200th anniversary of the Bill of Rights. We know, although we often take for granted, that we live in the greatest nation on earth. But did you know that our government is the oldest existing government still in use today. When we consider the fact that many nations are hundreds of years older than America, this becomes even more important.

To commemorate Constitution Week, several schools in our county participated in many activities. The Luka Elementary School had a beautifully decorated bulletin board and discussed the Constitution and our government throughout the week.

At the Luka Middle School, many faculty members helped to make Constitution Week a great success. In addition to decorating the halls and foyer to honor the anniversary, the Social Studies students read Constitutional tributes each day. On Wednesday, many students and faculty wore the colors red, white, and blue to show off their patriotism. On Friday morning, students assembled for the raising of the flag ceremony. This was a beautiful and

meaningful ceremony.

At the Tishomingo County High School, the students really got involved. They donated money to purchase a state flag and a national flag that had flown over the capitol buildings to present to the school. They also had the certificates of authenticity framed to be presented. Bulletin boards, hall decorations, and daily spot announcements contributed to their awareness of the special week. Later during the year, they will participate in a tree planting

ceremony to commemorate the Bill of Rights.

Just over 200 years ago our founding Fathers created a government that is truly of the people, by the people, and for the people. We citizens have a duty to see that it remains strong, not only for ourselves but for our posterity as well. We do this by fulfilling our responsibilities, such as being informed, voting, serving on jury duty, etc. students/children are informed citizens. We must be also.

## Gatlinburg Chapel Scene Of Sizemore - Wilemon Nuptials

Dr. and Mrs. James Gary Sizemore of Tuscumbia, Alabama have announced the marriage of their daughter, Joy Carmel, to Mr. Jeffrey Wayne Wilemon, son of Mr. and Mrs.

Jerry Wayne Wilemon of Burnsville, Mississippi. The evening ceremony was performed at the wedding chapel in Gatlinburg, Tennessee on Saturday, September 21 at 6:00 p.m.

Grandparents of the bride are Mrs. Faye C. Thomason of Tuscumbia, Mr. Archie M. Thomason of Tupelo, and Mr. and Mrs. James L. Sizemore of Tuscumbia.

Grandparents of the groom are Mr. and Mrs. Orville Grimes of luka, Mrs. Minnie Wilemon and the late Mr. Sidney Wilemon of Burnsville.

Carmel is a 1986 graduate of Deshler High School in Tuscumbia. She received her B.S. degree in communications and business from the University of North Alabama. Carmel is a member of the Tri-Cities Cotillion and the Florence Jaycees. She is currently employed as an administrative assistant at American Shell Company in Cherokee, Alabama.

Jeff is a 1986 graduate of Burnsville High School in Burnsville, MS. He attended the University of Alabama and he is currently at the University of North Alabama where he is preparing for law school.

Carmel chose for her wedding a lovely creation fashioned of ivory bridal satin and silk venise lace embellished with iridescent sequins and pearls. The elaborately beaded bodice was designed with a cameo back touched with pearls and fitted sleeves inserted with matching lace. Bridal satin fashioned her skirt with a hi-low hemline outlined with matching lace.

A halo of silk roses and pearl sprays held her shoulder length veil of imported silk illusion.

The bride carried a bouquet of silk roses and pearl sprays designed around a handkerchief the bride's mother carried in her wedding.

After their bridal trip to Gatlinburg, Mr. and Mrs. Jeff Wilemon will be at home in Tuscumbia, Alabama.

"We are gratified to be affiliated with the Authority and the Council

region covered by the Tenn-Tom Tourism Association.

"Other plans for the future include a possible taskforce to look at ways the region may qualify as a series of national scenic byways, which can offer such board opportunities for tourism growth", she noted.

The Tenn-Tom Tourism Association Annual Meeting was held in conjunction with the Tennessee-Tombigbee Recreation and Tourism Conference at Pickwick Inn in Cooness, Tennessee, September 9-10, 1991. The conference was sponsored by the Tennessee-Tombigbee Waterway Development Authority and the Tennessee-Tombigbee Waterway Development Council in cooperation with the Tennessee Valley Authority and Appalachian Regional Commission. The Tennessee-Tombigbee Waterway Development Council serves as the umbrella organization for the new tourism association.

Ms. Denton said, will be to set in motion a marketing plan for the distribution and promotion of the Hunting and Fishing brochure, and for future brochures. In addition, they will examine possible co-op advertising opportunities and coverage of regional and national travel, boat and other outdoor trade shows.

A second committee will also be established, according to Ms. Denton, to review criteria for development of a comprehensive tourism promotion brochure for the entire

Even though the organization has only been in existence for a short period, cooperative action has already begun on several fronts, according to Ms. Denton. She displayed the initial draft of a regional fishing and hunting brochure which will be ready for distribution within weeks. This, she explained, is only the beginning of a regional cooperative effort that is designed to produce extensive benefits to the area's tourism efforts. A Tenn-Tom Tourism Association Marketing Committee is tasked with developing a strategy for this region. Its first act of business,

## First Annual Meeting Of Tourism Association

The newly organized Tenn-Tom Tourism Association got its First Annual Meeting off to a rousing start with over 40 paid members representing 16 counties in parts of two states served by the Tennessee-Tombigbee Waterway.

As a first act of official business, the membership elected officers and board members for the fledgling organization. According to Mike Oakley of Aliceville, Alabama, Chairman of the Nominating Committee, the slate of officers and board members presented for consideration were representative of the entire multi-state region. Ms. Carolyn Denton of Columbus, Mississippi, was elected President, and Judge Roy Kelly of Carrollton, Alabama, was elected Vice President. They served jointly for the past several months as co-chairmen for the new organization as it went through its early formative period. Mr. Bob Bain of Fulton, Mississippi, was named Secretary, and Ms. Jane Gross of Demopolis, Alabama, Treasurer.

Members of the Executive Committee, in addition to the Officers, are: State Representative Allen Layson of Pickens County, Alabama, representing the Tennessee-Tombigbee Waterway Development Authority; Elma Ellis of Pickensville, Alabama; and Ms. Terry Watkins of Starkville, Mississippi, representing those member counties not contiguous to the waterway.

Members of the Board are: Marengo County - Jane Gross; Greene County - Elaine Clark; Sumter County - Don Hopper; Pickens County - Roy Kelly, Mike Oakley, and Elma Ellis; Lowndes County - Morris Denton, Carolyn Denton, Jim Alexander and Camy Brown; Monroe County - Frank

## AN OPEN LETTER TO THE CITIZENS OF TISHOMINGO AND ALCORN COUNTIES

We would like to take this opportunity to express our feelings concerning Mr. Travis Little, Candidate for State Senator, representing Tishomingo and Alcorn Counties.

We have found Travis Little to be a man of honesty and integrity, a man who loves the Lord, his Church, his family, and his friends.

Travis Little is a respected leader in Northeast Mississippi, who is open to the concerns and feelings of others. With his knowledge, his education, and his ability, he will be able to represent the interest of the people.

He is the only candidate born and raised in Mississippi, and who has proven he can reduce government wastes, increase services, and hold down taxes.

We highly recommend our friend, Travis Little, in his candidacy for State Senator, representing Northeast Mississippi.

Respectfully Submitted,

## Methodist To Present Connie Shelton

The United Methodist Churches of the Iuka Parish will present Connie Shelton in concert Sunday, October 6, at 7:00 p.m. at Iuka United Methodist Church. Connie, who is the Church Relations Director for the United Methodist Hour of Mississippi, Inc. based out of Hattiesburg, MS, is a truly gifted musician and inspirational messenger of the gospel through song. Her ministry has touched thousands as she has traveled all over the state of Mississippi speaking and singing at retreats, Methodist men's clubs, women's groups, and in worship services. As Church Relations Director she participates on the weekly radio and television broadcasts of The United Methodist Hour, which can be

seen locally on WTVA, Channel 9 out of Tupelo on Sunday mornings at 7:00. Holding a B.S. degree in Radio, Television & Film, and a M.S. degree in Public Relations from the University of Southern Mississippi, Connie is a native of Picayune, MS and is married to J. Joseph Shelton, IV, a Hattiesburg attorney.

The churches that make up the Iuka Parish of United Methodist Churches include Burnsville, Campground, Harmony, Iuka, Mt. Everygreen, Patrick, Pleasant Hill, Rocky Springs, Snowdown, and Spring Hill United Methodist Churches. The pastors and the congregations of these churches invite everyone to come and enjoy this wonderful time of worship with Connie Shelton.

## October Designated As Crime Prevention Month

October is Crime Prevention Month, a time to highlight local crime prevention needs, concerns and activities.

"Polls show that the crime problem is in the forefront of concerns among Americans," said Herbert Terry, director of the Mississippi Department of Public Safety's Division of Public Safety Planning. "Traditionally, crime prevention has been thought of as a problem for the police. But it's everybody's problem and cooperation is necessary to improve the safety of neighborhoods and cities."

Crime Prevention Month was designated by the Crime Prevention Coalition, a national coalition of crime prevention programs. During October, the coalition is asking Americans to help stop crime and revitalize communities by participating in activities on three levels: protection of self and family, concern for neighbors and support of a stronger and healthier community by preventing conditions that lead to crime and drug abuse.

"Crime Prevention Month 1991 also celebrates partnerships because law enforcement alone cannot prevent crime," Terry said. "Partnerships involving concerned citizens, governmental agencies, schools, young people, religious organizations, businesses and civic groups are the foundations of successful crime prevention programs."

"In essence," he emphasized, "crime prevention is everyone's business."

In addition to making our communities safer, crime prevention is cost effective. Savings resulting from reduced crime rates are realized in taxes as well as personal costs, including insurance rates.

Neighborhood Watch programs have proven effective in many communities, but multiple watch programs within a city or township are more effective than isolated programs, according to Terry.

"It's important to keep up neigh-

borhood watch activities, even if crime diminishes," he said. "We certainly don't want criminal activities to begin again."

Crime Prevention Month is a good time to initiate positive steps to prevent illegal activity. Suggestions for activities include:

- cutting bushes near a house to improve visibility.
- adding lighting. Motion sensitive lights are a good idea.
- installing home and automobile alarm systems.

- posting emergency numbers and instructing family members on whom to call in case of an emergency.
- Acquainting family members with the police, fire department and other public servants.

## Rep. Wadkins Endorsed By M.A.E.

The Mississippi Association of Educators which represents more than 13,000 of the states educational employees has endorsed Rep. Mack L. Wadkins in his re-election bid for State Representative District 1.

Wadkins was also endorsed by the Mississippi Trucking Association according to Dean Cotton, Executive Director of the Mississippi Trucking Association. Wadkins was endorsed earlier by BIPEC (Mississippi Business & Industry Political Education Committee.)

M.P.E. (Mississippi Professional Educators) does not officially endorse candidates, however, Mr. Jerome W. Smith, Executive Director of M.P.E. made the following comments: "Educators, along with children and youth in the public schools of the State of Mississippi, are appreciative of the leadership role you played as State Representative in the passage of Education Reforms. These reforms are enabling the children and youth of Mississippi to have the best educational program that good, prudent men could possibly envision at this time."

You have been sensitive to the needs of Vocational-Technical Education, as well as all the educational activities for the children and youth of Mississippi preparing them for the 21st Century.

Thank you for your strong stand in making Mississippi teacher salaries more competitive with the contiguous states and improving our retirement system to be one of the best in the nation.

We appreciate the long hours that you have worked for children and youth, their teachers, and other school employees in every legislative session. Please let us know if we can help you as you continue to work to

meet the needs of our state."

Other endorsements include Mississippi Medical Assn., Miss. Optometrist Assn., and Miss. Highway contractors Assn.

Wadkins stated, "I am pleased to have the endorsement of these organizations for my re-election bid. These are organizations who have full-time employees who monitor the legislative process on a daily basis. They know how every member stands on every issue."

## A SPECIAL THANKS

To those that voted for me in the First Primary, words are inadequate to express my sincere appreciation and heartfelt thanks for your help. Now we must not let up until the job is finished. I need your continued help and the help of your friends to be successful on October 8.

Also, I would like to invite those that voted for other candidates to join me in this campaign to make the Second Primary successful.

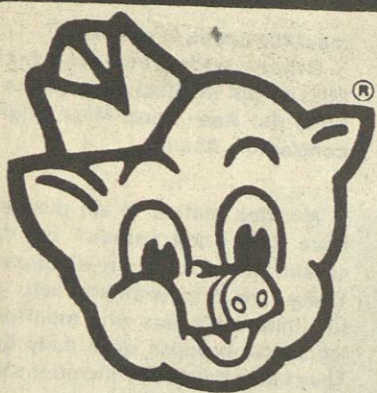

A vote for Johnny S. Nunley will be a vote for:

- ☒ Honest and fair law enforcement.
- ☒ Someone that cares about you as an individual.
- ☒ Someone that will answer all your calls when you need help.
- ☒ Someone that will stay tuned to the needs of the people.
- ☒ Someone that will cooperate with all law enforcement agencies, fire departments, the rescue squad, and other agencies.
- ☒ Someone that will listen to the people and respond to their concerns.
- ☒ Someone you can talk to in confidence.

Elect Johnny S. Nunley

With the people's help and God's help I will make you a good citizen!!

Also present was Kappa Kappa Iota National Third Vice President, Eudora Kemp of Booneville, Mississippi.

## Exercise Can Play Role In Lowering Cancer Risk

While a great deal of research has shown that staying fit may help fight heart disease, new research reports are indicating that physical fitness may also offer a defense against some forms of cancer. In presentations at the American Institute for Cancer Research's 1991 Research Conference in Washington, D.C. last week, several researchers reported on findings showing reduced cancer risk as the result of exercise programs.

A study by Dr. Ralph Paffenbarger, Jr., of Stanford University has found a lower incidence of colon cancer among alumni of Harvard University who reported being the most physically active. Like most human studies, not all dietary and other lifestyle factors were taken into account, yet this research suggested important directions for further studies. Dr. Paffenbarger reported the study indicated that for those

who exercised at moderate to high levels, and maintained that level of physical activity over a long period, the potential was there for a 25 to 50 percent decrease in colon cancer risk.

Dr. Leonard Cohen of the American Health Foundation in Valhalla, New York, reported his studies had also shown that exercise seemed to have a protective effect against certain cancers. In laboratory studies Dr. Cohen found that when the animals he studied were allowed to exercise, there were significantly lower numbers of tumors, despite the type of diet the animals were being fed. Most studies have found that high fat diets encourage tumor growth, and population studies find that countries with diets high in fat also have high rates of breast cancer.

Studies by Dr. Henry Thompson of the AMC Cancer Research Center in Denver found that there may be an exercise threshold which can offer a protective effect against cancer. His laboratory studies found that when animals were exercised vigorously for sustained periods there were significant reductions in the number of tumors.

While Dr. Thompson cautioned that his studies to date have only been with research animals in the laboratory, he expressed hope that there soon may be research which could give people patterns of exercise that might provide protection against cancer. He noted that this could offer help for those who find it difficult to switch to a low fat diet, the current advice for lowering risk for many cancers. He also indicated that such studies may find that exercise types and levels may be different from those currently recommended for general fitness.

The American Institute for Cancer Research's 1991 Research Conference brought together almost two hundred cancer researchers studying the

links between fat, calories, exercise and cancer. The Institute is the only national organization which focuses exclusively on the link between diet and cancer.

## Start The School Year With Good Study Habits

For some, studying is a pleasant experience. Some students have even called studying a fun experience. But for many, studying is a chore and No. 1 on the list of things to do -- later.

The beginning of a new school year is a good time for students in the last category to develop study habits that will enhance learning and make studying less of a chore.

Dr. Ann Jarratt, youth development specialist with the Mississippi Cooperative Extension Service, said concentration, organization and time management are necessary ingredients in a recipe for studying success.

"Without concentration, students may deceive themselves into thinking they are learning when, in fact, they are looking at the words or problems, but learning is not taking place," Jarratt said.

"Lack of concentration may be caused by a conflict between what one wants to be doing and what they feel they must do," she said. "If students are trying to read 'X' number of pages so they can go out on a date, chances are they are concentrating more on the date than on understanding and remembering what they are reading."

Jarratt's suggestion is to study as if there was a test at 7 p.m. instead of a date. "Plan study time when you are most alert, and organize your materials so everything you need is within arm's reach," she said. "Remove everything from the study area except what you are working on

at that moment."

Students should study at a desk or table in a quiet room in a comfortable straight-backed chair. Sitting in front of a TV is a bad choice, as is sitting on the bed where the student is much more likely to get sleepy. Good lighting also is important.

"Know what you will study first and about how much time you will spend on that subject," Jarratt said. "A good rule of thumb is a minimum of 30 minutes per subject -- more if you have special assignments or feel you're having trouble keeping up."

Other hints include developing, writing down and following a study schedule. Students should schedule study time for the hardest subjects when they are most rested and their mind is fresh.

Schedule a break after about 50 minutes of studying. About 10 minutes should rest mind and body.

Scan reading material for main points. Make up questions and re-read to find answers. Work problems. Try to express concepts or ideas in words that would help someone else understand.

Schedule time for recreation and

fun. Use vacant hours for study. Studying a subject an hour a day for five days is much more productive than studying a subject five hours on one day.

"If a student concentrates, tries these suggestions and still has trouble developing and keeping good study habits, they should make an appointment with the school counselor or psychologist for more in-depth help," Jarratt said. "If a particular subject gives them trouble, maybe a visit with the teacher will help."

## Stress Line

Dear Dr. Morris:

I am a 20 year old female who is an only child and adopted. My parents are fairly lenient with me, but my father tends to try to control my life. Being 20, I feel that it is my life and he should not try to dominate it. I've always done things to please him. I got a job, went to college and tried my best, but my best never seems to be good enough. I've tried to talk to him, but it never changes. I'm real tired of him never seeing that I am trying. What do I do? I love him, but

this control has to end.

response: It is the responsibility of each of us to find our own personal happiness. We accomplish this through making our own decisions.

There are basically two types of people: growers and controllers. You father appears to be a controller, and you are trying to grow. Growing means risking. We do not grow unless we risk. It may be time for you to move out and find your own living space in order to establish your own identity.

To go through life trying to please either of your parents would mean sacrificing your identity, and eventually your claim to your own personal happiness.

Also, be realistic about your expectations regarding your father. You may never be able to please him, meet his expectations, or achieve up to his standards, but you can win your own. Good luck.

Tips To Help You

## Fresh Homespun Pleasures

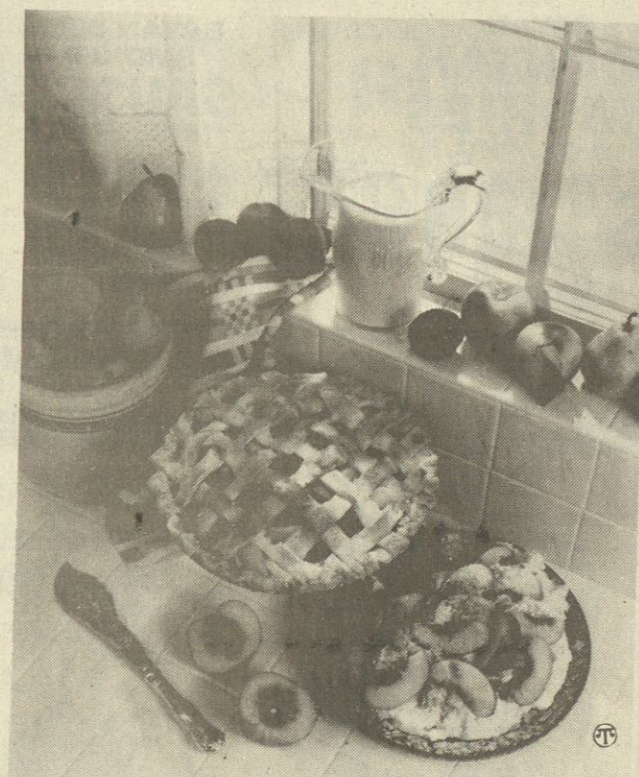

Great baking can be easy with the help of fresh California summer fruits. Fresh California peaches, plums and nectarines find their way to market in May through September with peaches in the market until October. Bartlett pear season is from mid-July into November. Select fruit that is full-colored for its variety and firm except for a slightly soft tip end—a good indication of ripeness.

Fruits can be ripened to the peak of eating perfection by putting them in a loosely closed paper bag at room temperature. Ripened fruits are best stored in the refrigerator until ready to eat—slightly chilled, juicy and delicious.

### FRUIT BASKET PIE

Pastry for double-crust 9-inch pie  
1/2 cup sugar  
1/3 cup flour  
1/2 teaspoon nutmeg  
1/2 cup half-and-half  
3 medium fresh California peaches, sliced (2 cups)  
5 medium fresh California plums, sliced (2 cups)  
3 medium fresh California nectarines, sliced (2 cups)  
2 medium fresh California Bartlett pears, sliced (2 cups)  
Milk  
Sugar

Line bottom of 9-inch pie plate with 2/3 the pastry. In bowl, combine sugar, flour, nutmeg and half-and-half; add fruit; toss thoroughly. Pour into pie shell. Cut remaining dough into strips; make lattice top. Brush pastry with milk; sprinkle with sugar. Bake in 425°F oven 45 to 50 minutes or until crust is golden brown and fruit is tender. 8 servings.

### OATMEAL COOKIE FRUIT PIE

Oatmeal Cookie Pie Shell or use a prepared Cookie Crumb Crust Pie Shell  
4-1/2 cups TOTAL of fresh California peaches, nectarines, plums or Bartlett pears\*  
2 tablespoons brown sugar (packed)  
1 teaspoon vanilla extract

Fill pie shell with ice cream; freeze until firm. Just before serving, toss fruit with sugar and vanilla extract; arrange over top of pie. 6 to 8 servings.

thoroughly. Press evenly into 9-inch pie plate. Bake in 375°F oven 10 minutes or until lightly browned. Remove from oven; press evenly with back of spoon. Cool on rack.

\*Note: Fruits may be used alone or mixed. Dip fruit into a lemon juice and water mixture to prevent browning.

For further enjoyment of all four fresh California Summer Fruits\*, we have a colorful new 40-page cookbook Recipes For Success. The recipes capture the best of fresh California peaches, plums, nectarines and Bartlett pears. Recipes For Success cookbook is available by sending 50¢ per book for postage and handling to: Recipes For Success, Dept. NA, Post Office Box 255627, Sacramento, CA 95865.

## RIBBON CUTTING....

Winston Whitfield cuts the ribbon on the new Superior Home Health/Hospice office in Iuka. The office is located at 117 E. Eastport St. Those helping to celebrate the opening were: left to right: D.W. McKee, Supervisor 3rd District; Frank Williams, Supervisor 1st District; Shirley Menshy, Martha Segars, President of Chamber of Commerce; Mack Loyd Watkins, State Representative; Barbara Lollar, Director of Nursing; Winston Whitfield, Adm. of Magnolia Hospital; Kathy Roe, RN; Jack Ramsey, First American National Bank; Regina Stanphill, RN; Peter Higgins, Director of External Operations; Rebecca Lancaster, Office Manager of Corinth SHHH; and Bob Barrett, Assistant Administrator of Magnolia Hospital.

### Superior Home Health/Hospice

A new office in Iuka brings the convenience of proximity to patients served by the regional home health and hospice agency.

Superior Home Health/Hospice opened a new office here this week. The new location will make the care of nurses, speech therapist, physical therapists, occupational therapists and home health aides more easily available to Tishomingo County residents.

"We are pleased to offer home health and hospice services from a local office in Iuka," said June Peters, director of the agency. "Our experience has been that patients and their families or caregivers are better served with local staff providing more direct care. It is also more convenient for the medical community to have nurses in close proximity readily available to their patients."

"We have an excellent team of nurses, home health aides, physical, speech and occupational therapists and social services to ensure optimum quality care to the patients in Tishomingo County."

"We appreciate the warm welcome we've received from business and other professionals here and are excited about being a part of this growing community," said Peters.

Superior Home Health/Hospice is a division of Magnolia Hospital in Corinth. During its 12-year history, the goals of this service agency have been to provide good continuity of care from the hospital setting to the

home.

Home care allows the patient to remain at home while receiving quality, professional health care. The services may include skilled nursing, physical therapy, medical social services, speech therapy and home health aides in the home. Medicare, Medicaid and many commercial and private insurance plans contain benefits for care in the home.

Historically home care was delivered to the elderly populations. Recently trends indicate home care being delivered to children and young adults.

The goal of Superior Home Health/Hospice is to provide quality health care services under the authorization of the patient's personal physician to homebound patients whose continued health needs can best be met at home.

Treatments provided by the agency range from diabetic and medication teaching, wound care, and catheter care to management of IV therapy and parenteral nutrition. As we move into the 1990's, more intensive, highly technical services will be provided.

A broad range of home care services can be individualized based upon the patient's condition and the abilities of the patient and caregiver to participate in the care. Also included in home services are medical supplies such as underpads and diapers, wound dressing supplies, catheters, and ostomy supplies.

Improving the quality of life for terminally ill patients is the goal of Superior Hospice. Care for terminally ill patients has been rendered by

Superior Home Health staff members for many years. In 1990, the agency received certification to provide hospice services to patients who meet the criteria for this special program.

Hospice strives to meet all the patient's need -- physical, emotional, social and spiritual. The program is structured with the whole family in mind. Hospice employs a team approach, involving the attending physician, the hospice medical director, patient care coordinator, social worker, chaplain, and other home care staff members. Specially trained volunteers work closely with the patient. Bereavement services are provided by the social worker and chaplain.

Superior Home Health/Hospice serves patients in Alcorn, Tippah, Prentiss and Tishomingo Counties in Mississippi and Hardin and McNairy Counties in Tennessee. While nationwide home care is growing at over 20 percent each year, Superior Home Health/Hospice has surpassed this growth rate during the last year. Approximately 350 patients in six counties are presently being served by Superior Home Health/Hospice.

## NOTICE:

# TO THE VOTERS OF TISHOMINGO COUNTY

FROM:

## SHERIFF RICHARD DOBBS

Four years ago, as I was campaigning for the office of Sheriff, you told me you wanted a man who would enforce the law on ALL people and not just a select few. I, Richard Dobbs, have enforced the law on ALL people who have broken the law.

Four years ago, you told me you wanted a man who would "clean up" drugs in our county. I have worked hard and put in long hours to work on "cleaning up" drugs in Tishomingo County. The record speaks for itself with arrests in 174 drug cases and 91 of these being felony cases. And, at the present time, there are on-going investigations into drugs. Tishomingo County has gone from being Number One in murders to being Number one or two in Drug eradication in the entire State of Mississippi!

Four years ago, you told me you wanted a Sheriff who would take time to investigate burglaries. There have been 65 felony indictments for burglary or breaking-and-entering. There have been hundreds of thousands of dollars worth of stolen merchandise, recovered and returned to the rightful owners. This includes stolen vehicles as well as household merchandise.

Four years ago, you told me you wanted me to be tough on drunk drivers. There have been 361 arrests for DUI's. The public jail docket reveals the following arrests:

16 Bootlegging of beer

361 DUI's

94 Possession of whiskey

31 Concealed weapons

37 Reckless driving

16 Malicious Mischief

9 Petit Larceny

174 Drug cases

4 Arson

63 Grand Larceny

7 Bootlegging of whiskey

252 Possession of beer

510 Warrants served, including bad check warrants

145 Assaults

67 Disturbances

32 Disorderly conduct

65 Burglary

10 Embezzlement

13 Sexual crimes

Tishomingo Countians, I have worked hard as your Sheriff and I can say I have brought honor and dignity to the Sheriff's Office and to Tishomingo County. I want to thank the Voters for giving me the honor to serve you as your Sheriff. I would like to ask you to let me continue to work for you.

There is no possible way for me to come to each house and business. I have to do the job you elected me to do at the same time. So take this as my personal plea for your vote for Richard Dobbs on October 8th.

Tishomingo Countians, keep me on the job and I won't ever let you down.

I NEED YOUR VOTE, I NEED YOUR SUPPORT, BUT MOST OF ALL I NEED YOUR PRAYERS.

Thank you,  
Richard Dobbs

# BEFORE YOU VOTE ASK YOURSELF THESE QUESTIONS.

Who is Jo Ann Biggers? Why have we never heard her name until this election? Will we hear the same from her in the next four years as we have heard in the past? Where is all the money coming from for her campaign? Who will she be indebted to after the election is over? Why is her name never connected with any of the community events? Why do we not read of her accomplishments in Alcorn County as far as civic and government affairs are concerned? If there is so much interest in the education of our children, why have we never read of her accomplishments as a teacher as we have other teachers who have been selected teachers of the year, star teachers, and who have set up programs to benefit our children? Where are all the industries that have come here as a result of the efforts put forth on her part? What has she done for the economic development of this area? Where has she been?

Friends, we are very concerned about the decision of some of the voters in the first primary. We all complain about the rising cost of health care, the lack of jobs in this area, and the inefficiency of our law enforcement. But yet it seems we are willing to sacrifice and compromise the chance to improve on all those situations for temporary fulfillment. For the sake of our community, we implore you to reconsider your decision and vote for Travis Little. He has already proven to us how hard he is willing to work for our future.

## Mississippi Waterfowl Stamps

The Mississippi Department of Wildlife, Fisheries and Parks begins the long-awaited sale of expired Mississippi Waterfowl Stamps on October 8.

"We have received over 700 written inquiries and numerous phone calls from collectors regarding the stamps," said Jim Walker, waterfowl stamp coordinator. "Because the stamps will be sold on a first-come, first-serve basis, we are attempting to notify as many Mississippians as possible."

The sale will end when the supply is depleted. Money received for orders unable to be filled will be returned to the purchaser. All sales go toward Mississippi's waterfowl enhancement efforts.

Only 2,500 complete sets of individual stamps (1976-1990) will be offered. Each set will include the 1976 processing card in its entirety. All stamps are mint and uncirculated.

Beginning with the 1991 issue, all

stamps will be destroyed 6 months after the June 30 expiration date, Walker said.

The sale begins at 8:30 a.m. October 8 at the Jackson office of MDWFP, 2906 N. State St., 3rd floor.

Cash, money order or cashier's check only will be accepted. Cost is \$100.00 per set, with a limit of 10 sets per person.

Mail orders, money order or cashier's check only, will be processed in the order in which they are received by the MDWFP. No order postmarked before October 7 will be processed. Stamps will be returned to the purchaser by certified mail.

To purchase by mail, submit to: Waterfowl Stamp Program, MDWFP, P.O. Box 451, Jackson, MS 39205-0451. Add \$4.00 for shipping and handling.

## Pharmacy & Your Health

### Exercise-Induced Asthma and Athletics

More than 10 million Americans or about four percent of the U.S. population have asthma. According to a recent article in *Pharmacy Times*, one in ten persons with asthma suffers from a condition referred to as exercise-induced asthma (EIA). EIA can affect an otherwise healthy individual, resulting in serious breathing problems. This can be troublesome for highly active individuals, including athletes - amateur and professional.

EIA is a health problem that is receiving a lot of attention because it affects one of our most vital functions - breathing. Typically, after three to eight minutes of vigorous exercise, EIA causes the air passages leading to the lungs to constrict. Constriction may be mild or severe. Severe constriction of air passages interferes with the normal exchange of oxygen and carbon dioxide in the lungs.

Several prescription medicines are available for those who suffer from EIA. Physicians who treat EIA may prescribe *theophylline*, *albuterol*, or *terbutaline*. These medicines work by relaxing the smooth muscle surrounding air passages leading to the lungs. Through the use of one or more of these medicines, the person with a history of EIA may be able to participate in the same activities as does the person who does not have EIA.

#### Smith Reunion A Success

The families of the late Rev. Henry and Katie Smith met at the Youth Center in the Spring Park in Iuka on Saturday, September 28th for their reunion.

Lunch was spread at the noon hour. Everyone enjoyed a delicious meal then all gathered around the piano with playing and singing. Ileen Smith Dodds was doing the playing, everyone enjoyed the playing and singing.

Everyone missed our loved one Mrs. Eula Price, who has passed away since last year. Sure hope the ones were there, will be able to meet next year at this time. We missed each one who couldn't attend. Maybe next time.

Those attending were Hubert and Ileen Dodds of Booneville; Veatrice Smith Bullar and Mattie Faye Vernice Smith Coffman of Corinth; Evette Smith of Waterloo, AL; Voletta Smith, Waterloo, AL; Virginia Smith, Corinth; Ayal and Irene Morris, Cherokee, AL; Ruby Norman and Adam Cherokee, AL; Peggie and Billie Huffman of Memphis; Viola Simmons, Corinth; Hayland Sylvius Smith Pannell, Tulson, AZ; Brad, Vickie and Chelsia Blyth, Paden; Broc Hannon, Paden; Maxwell and Jewell Smith, Harber Burton, Ona Smith Burton, Bud and Stella Smith Pannell, Burton; Bob and Sandra Pannell, Iuka; Angie, Michael and Mark Barnett, Iuka; Beulah Smith Yarbrough, Iuka; Lorane Smith Martin, Corinth; Terry and Sandra Kittler & Ashely, Burton; Robbie Kittler, Burton; Tony and Cindy Clemet, Corinth; Hollie Bray of Corinth.

Everyone had such a nice time. If it is the Lords will, wish everyone can be back next year.

Mrs. Vatrice Bullard got the prize for being the oldest. Ashley Kittler got the prize for the youngest.

#### Sardis Church News

Romans 12:1. I beseech you therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service. Please read the rest of the chapter.

If you are sick or in pain, read Psalm 91.

Our attendance Sunday was good, we had five visitors. We are very thankful for everyone that come, especially the children. They are our future.

Phelma Stockton's sister, Mrs. Willard Waits is very seriously ill. She needs our prayers.

Our sympathy goes out to Donna Lambert and son's, in the death of their husband and father. She is

Millard and Inez White's daughter. They need our prayers.

Ova Reno and daughter, Jean Johnson from Corinth, made a business trip to Savannah, TN Saturday.

Bro. John and Burton Stockton, Gene and Donna Hall, Joel and Joshua attended the 25th wedding anniversary of Leland and Gail Timmons at Barton Baptist Church at Barton, AL Sunday afternoon.

Some lady left her table cloth at Sardis Homecoming day, we are keeping it for her.

Seventh verse of: Take time to do good and I said, "I am grieved and sorry, you are surely in need of care but I cannot stop and give it; you must hasten on elsewhere." at the words a shadow swept over his blue-veined brow, "Some one will feed and cloth you, dear, I am too busy now. Let's see what happens next!"

#### First Meeting Of Teachers Sorority

Kappa Kappa Iota teachers sorority held the first meeting of the year at the Iuka Library conference room on September 17 at 2:00 p.m. The meeting was called to order by the president, Marquerite Nixon and treasurer's and secretary's reports were heard. A report of the National Convention was also received. This was held in Albuquerque, New Mexico, the last week of June. Two

members attended from the Tishomingo Conclave.

The sorority was pleased to welcome student Carra Kent who gave an interesting account of her experiences in Washington as a member of a group learning more about the legislative process.

The president announced the annual fall workshop was to be held in Meridian on September 28. Plans were made to attend.

Hostesses Effie Lois Aldridge and Mary Williams served a dessert plate to members mentioned above and to Willie Mae Robinson, Quay Rushing and Christine Mercer.

#### Junior Auxiliary At Work!

Soon the mornings will be cold...and many school children will not have coats unless we help. WILL YOU HELP THE TISHOMINGO COUNTY JUNIOR AUXILIARY WITH A COAT DRIVE? Boxes to receive donated coats will be placed in each school and in each branch of the First American Bank, from October 1 until October 8. The Junior Auxiliary will collect, clean, and make minor repairs so they can be used again.

These coats will be distributed on October 19, 1991 from 10:00 A.M. until 3:00 p.m. if you have a child in need of such a coat, please bring that child to either the Iuka Baptist Church or Calvary Baptist Church in Belmont to find a coat that will fit his or her need.

#### Miss Frederick To Become Bride Of Matthew Buck

Mr. and Mrs. Tommy W. Frederick of Iuka are proud to announce the engagement and forthcoming marriage of their daughter, Lisa, to

## BRAVES BEAT SALTILLO

A game that was almost a runaway for the Braves turned out to be a barn burner in the second half. Saltillo led by senior quarterback Greg McKissick fell short of a comeback win. Tishomingo County was boosted by the great running of Shaune Holiday who scored five first half touchdowns. He also had a 55 yard scoring run erased by a clipping penalty. A knee injury in the first drive of the third quarter sidelined Holiday for the rest of the game.

Saltillo received the opening kickoff and put together a 65 yard drive for a touchdown. McKissick ran in for the score. A 2 point conversion made the score 8-0 with 8:37 to play in the first quarter. Thirty seconds later the Braves were on the scoreboard with a 53 yard touchdown run by Holiday. The PAT was no good and Saltillo led 8-6.

The visitors next possession started at their own 28 yard line. McKissick completed a pass of 20 yards but the receiver fumbled when he was hit by Richie Harrelson and the Braves recovered at the 48 of Saltillo. Eight plays later Holiday scored again giving the Braves a 12-8 lead. The conversion try was no good. Late in the quarter Saltillo was forced to punt. The Braves drove in for the score with Holiday doing the honors. This time Kevin Senter scored a 2 point conversion giving the Braves a 20-8 advantage.

In the second quarter Saltillo was forced to punt again and the Braves had a 69 yard drive for a touchdown and once again Holiday crossed the goal line. The PAT failed but the Braves held a 26-8 lead with 9:21 to play in the first half.

Then Saltillo put together a 9 play drive. McKissick hit Heath Bailey with a 35 yard pass to set up a score. McKissick then scored on a quarter back keeper. The try for a 2 point conversion was no good leaving the score at 26-14. Saltillo pulled an on-side kick and recovered the ball at the Brave 45. Then Jimmy Richie scored for Saltillo. The PAT was good and the lead was cut to 26-21. The Braves quickly answered. After being charged with a 5 yard penalty the

Braves offense came up with a big play. Ronald Jones connected with Kyle Hawkins on a 55 yard pass play to set up a touchdown. On the next play Holiday carried it in from the one. His fifth touchdown made the score 32-21. The PAT was no good.

In the third quarter Tishomingo County received the kickoff. After losing a yard on the first play Holiday had perhaps his best run of the night. He broke several tackles enroute to a 56 yard touchdown only to have it call back on a clipping penalty. A couple of plays later Holiday went down with a knee injury. He would watch the rest of the game from the sidelines. Neither team was able to score in the third quarter.

Saltillo put themselves in good field positions with an interception at the Braves 45. Nine plays later Bernard Young carried the ball in for a touchdown. The PAT was good and the score was 32-28. The Braves were forced to punt. Then Saltillo turned the ball over on downs and the Braves held on for the win. Tishomingo now 3-0. The Braves will host Falkner this week.

## IUKA JUNIOR HIGH SWEEPS BURNSVILLE 7TH GRADE

Iuka Quarterback Blake Holly led the Chieftains to a 26-0 win over the seventh graders from Burnsville. Holly ran for three touchdowns and passed for another in the win at Iuka last Thursday.

The Chieftains opened up the scoring when Holly raced for a touchdown on a quarterback keeper. Then Holly hit Aaron Butler with a pass for a 2 point conversion and a 8-0 Iuka lead.

Burnsville moved the ball but fumbled. Iuka again moved in for the score. This time Holly passed to Kasey Kirk for the touchdown. The 2 point try failed and the Chieftains held a 14-0 advantage.

The Mustangs next possession ended with a fumble.

In the second half Blake Holly added two more touchdowns with good blocking from his offensive line for a final score of 26-0.

## 8TH GRADE

The Iuka eight graders came from

behind in the final three minutes to beat the Mustangs 8-6 at Iuka last Thursday.

Burnsville took control early driving for a score. Daniel Crum tossed a touchdown pass to Anthony Young. The try for a 2 point conversion failed and the Mustangs had a 6-0 advantage. This was the only score of the first half.

In the second half both teams turned the ball over on downs and the 6-0 Mustang lead held up until the final few minutes of the game.

The Chieftain offense finally got going and Kevin Robinette broke a long run. The ball was deep in Mustang territory and Robinette carried again and found the end zone for the touchdown.

Then Aaron Foster fired a pass to Jon Tapp for the 2 point conversion and an 8-6 Chieftain lead. There was 2:18 left to play in the game.

Burnsville could not move the ball and elected to punt. Iuka fumbled giving Burnsville the ball in Chieftain territory. But a turnover killed the chance for the Mustangs. The final score was 8-6.

## SEC FOOTBALL

Ole Miss is now 4-1 after defeating Arkansas. The Rebels will play at Kentucky this Saturday. Kentucky is 2-1 coming off a win over Kent.

Mississippi State is 3-2 after falling to Florida. The Bulldogs are open this week.

#13 Florida plays at L.S.U. The Gators are 3-1 and the Tigers are 1-2. #20 Alabama will host U.T. Chattanooga and is 3-1 after whipping Vandy. Vandy is 1-3 and visits Duke.

#4 Tennessee beat Auburn and is open this week. The Tigers host Southern Mississippi and are ranked #16 this week. Georgia beat Fullton State and plays Clemson this week.

## OUTSIDE THE SEC...

#1 Florida St. demolished Michigan and will play #10 Syracuse.

UNA will host Newberry. Arkansas plays T.C.U.

The voters are hard to figure out. Colorado and Georgia Tech are still in the top 25 with records of 2-2. Ole Miss is 4-1 and should be ranked. I wish I had a vote.

## Class Room Elections

Mrs. McClung's 4th grade class held elections in their classroom Tuesday, September 17, 1991. The students campaigned hard for the offices of President, Vice President, Secretary and reporter. Emily Cooke won President, Lindsey Phifer won Vice president, Amber Dawson won secretary and Lori Skinner, reporter.

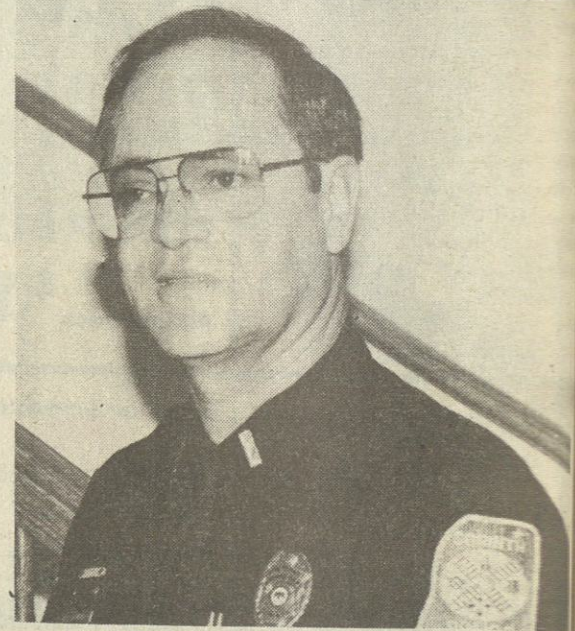

The students learned about how elections are held. The class officers treated the class to a treat last Friday.

# A MESSAGE TO THE PEOPLE FROM LARRY BRINKLEY

LT. LARRY BRINKLEY

I would like to thank each and every voter and supporter in Alcorn and Tishomingo counties for your kindness and support. I will cherish this forever.

By the vote of you, the people, I have been removed for the race for State Senator. I respect your decision with love and understanding. Maybe I do make a better police officer than I would a State Senator.

For the benefit of those who voted for and supported me as well as everyone else I feel I must make the following statements. From the beginning I wasn't totally satisfied with either candidate (JoAnn Biggers or Travis Little), but now one of these two people will be our State Senator beginning in 1992. I have spent considerable time both before and after the first primary researching the background of both candidates. My friends, if there is one thing I know it's that I have the knowledge in my near 20 years of experience to run a thorough investigation. So you will know I am truthful here's the basic information I began my investigation with:

Name: JoAnn Abernathy, aka JoAnn Biggers  
Born: State of Tennessee  
D.O.B.: 04-11-41  
Occupation: School Teacher  
Married: Ben Taylor Smith  
Children: One daughter born 1961  
Status of Marriage: Divorced  
2nd Marriage  
Married: Honorable Judge Neal Biggers  
Children: None Born of this Marriage  
Status of Marriage: Divorced

Name Travis L. Little  
Born: State of Mississippi  
D.O.B.: 11-24-42  
Occupation: Business Man/District 2 Supervisor  
Married: Doris Hall  
Children: 3 — one boy, two girls  
Status of Marriage: Married 30 Years

I talked with people who knew Ms. Biggers, including both her former husbands. I talked with people who knew Mr. Little, including his wife and children. I will keep the main part of my investigation private because I believe it is the right thing to do.

The point I'd like to make is as follows: those of you who know anything about Larry Brinkley know that I have never sold myself or my vote and I am certainly not starting now. I just want what is best for all of us. Looking at the person who has the most experience and knowledge in government, the one that would be the most effective for us in the State Legislature, the one in my opinion that my investigation reveals stands head and shoulders above the other would be Mr. Travis Little. That is why I am willfully endorsing Travis Little for State Senate.

Friends, Travis Little has talked about the issues close to the people. I believe as the Bible teaches that we are to stand-up for what's right. This is why I am asking all of you who voted for and supported me to vote for and support Travis Little. I have judged both candidates individually, not by someone else. I ask you do the same.

Sincerely,

*Lt. Larry Brinkley*

# THANK YOU

Tishomingo County Citizens for your vote of confidence in the First Primary. I need your continued support October 8th in this very important runoff. If you're one of the many registered voters who didn't get the opportunity to vote September 17th, please join our campaign and vote October 8th. Also, I want to welcome my friend, Mr. Irb Bendjamine and all of his supporters in helping in this very important election. Please help elect an administrative person for an administrative position.

We Can and We Will make a difference!!  
Thanks Again...

## ASCS Farm News

### GRAZING RESTRICTIONS LIFTED

The Agricultural Stabilization and Conservation Service OPENED the official grazing period October 1, 1991 for acreage conservation reserve (ACR), or land designated as conserving use (CU) for payment under the 1991 acreage reduction programs.

Farm program participants are now authorized to graze their ACR and CU acreage.

The acreage reduction programs prohibit farmers from grazing ACR or CU for payment land during the 5-month nongrazing period set by the State ASC committee. The nongrazing period in Tishomingo County runs from May to September 30.

Under the 1991 programs, 968 acres of Tishomingo County cropland were diverted from production to the ACR and CU for payment. These acres have since been planted to cover crops such as grasses, legumes, small grains or put into approved conservation practices.

Now that grazing restrictions have been lifted, farmers should not overgraze the acreage so as to maintain sufficient cover to prevent wind and water erosion. Farm program participants are also required to carry out adequate control measures on idled cropland to prevent weeds, rodent and insects.

To maintain farm program benefits, producers must comply with grazing and conservation regulations as

stipulated in the program contract. Those who fail to do so will be out of compliance and could lose payments and other farm program benefits.

MULTIPLE COMMUNITY BOUNDARIES SET FOR ASC COMMITTEE ELECTIONS

On August 15, the Tishomingo County Agricultural Stabilization and Conservation Committee Reviewed and set community boundaries for the ASCS community committee elections to be held between November 22 and December 2. This is one of the first steps in administering the annual ASC committee elections.

In compliance with changes required by the Food Security Act of 1985 the ASC committee set boundaries around ASC local administrative areas (LAA) that help provide farmers with effective farm program administration through local representation.

Tishomingo County is divided into 3 local administrative areas. Only LAA number 2 will have an election.

A list of ASC communities, a boundary map, and the number of farms within each community are available to the public at the Tishomingo County ASCS Office. The ASC communities in Tishomingo County are as follows:

Midway, South Iuka, South Burlington, Paden Communities.

Other events concerning the upcoming election will be announced as they occur. Participation in ASC elections is open to all eligible farmers regardless of race, color, religion, national origin, age, sex, marital status, or handicap.

## Thank You

My heartfelt thanks to Dale White, Chris Bonds for rescuing me and transporting me to Memphis, to Dr. Ben Kitchens and staff in emergency room at Tishomingo Co. Hospital and to all my friends at Eastport for their help and support. God bless you!

## Thank You

Dear Fellow Mississippians:

I wish to thank you for your prayers and your support in my recent campaign for Lieutenant Governor. During the months of the campaign I was fortunate to travel our great state meeting and talking with many of you while making new friends. I shall always be grateful to all of you for helping us to deliver our message and for the many kindnesses that were shown to me and my family during this campaign. I believe that because of your efforts we have made a difference for our state. I look forward to working with you in the future for a better Mississippi.

Sincerely yours,  
Ken Harper

## "You Will Know Them By Their Fruits"

"You will know them by their fruits. Do men gather grapes from thornbushes or figs from thistles? Even so, every good tree bears good fruit, but a bad tree bears bad fruit." (Matt. 7:16-17)

America has been called a "Christian" nation. It is true that the Bible has made inestimable contributions to American culture. And America is the best country in the world. But to call America a "Christian" nation is going too far.

First, America is shackled with hypocrisy. The "war on drugs" conspicuously overlooks the sale of booze, the number one drug problem. Some say "prohibition didn't work," but the bottom line is the same - there is not enough righteous indignation in the land to stamp out vice.

The answer to the AIDS problem is to pass out condoms and syringes. Why won't folks stand up and say that sexual perversion and drug abuse are wrong and SINFUL? They are hypocrites, that's why. People who won't stand against wrong will always have dilemmas - major dilemmas.

Also, most people have no idea of where to turn for guidance in life. Even churches have denied and belittled the Bible to the point that faith based on God's word (Rom. 10:17) is not even a consideration for millions. Historian Will Durant, himself a skeptic, said that if other ancient characters had been subjected to the harsh scrutiny applied to Jesus they would have disappeared centuries ago.

Who will show that the Bible is so fallacious? The problem is not the Bible, but rather the lack of application. The liberators are so busy extolling disrespect for authority that they often overlook their defiance of God Himself. Or do they? Either way, their virtues and promises will not compare with the ones offered by the Lord.

But nations do not believe. Faith exists in individual hearts. Men and women, boys and girls repent. God calls all people everywhere to these things. And He commands them to be baptized for remission of sins. (Acts 2:38) The obedient are added to the church, the called out body of the saved. (Acts 2:47)

"...Bear fruits worthy of repentance..." (Matt. 3:8-12)

"Straight Ahead Through The Years"

Soldiers Memorialized On Anniversary

By: Christian Evans

A memorial ceremony was held on the morning of September 19th to mark the 129th anniversary of the Battle of Iuka. It was held at the Confederate Trench in Shady Grove Cemetery where 263 of the battle's confederate dead were laid to rest. The group attending the ceremony consisted of students from the PEEP Class at Iuka Middle School who worked on a cleaning and restoration project with the trench last spring. Also in attendance were representatives of the Iuka Chamber of Commerce, the Tishomingo County Courthouse Museum, and period reenactors who took part in the ceremony. Fresh cut flowers were donated by Mr. and Mrs. Wayne Oaks.

A short speech was made to mark the occasion by Christian Evans. The students, with teacher Edna Murrah and Chamber of Commerce representative Bette Nelson watched Confederate reenactor Jon Riley standing at attention while Jenny Stalsworth, dressed in beautiful antebellum attire, placed a basket of fresh golden flowers at the head of the trench.

It was a brief yet fitting memorial to honor those who fought in the Battle of Iuka, the bloodiest little battle of the Civil War.

Pictured are back row: Mrs. Edna Murrah and Mrs. Bette Nelson. Front row starting from the left: Ben Rudolph, Blake Holly, Jill Scott, Tiffany Cutshall, Leah Bates, Anna Brant, Derek Dexter, Amanda Mullins, Jon Riley and Jenny Stalsworth.

In Memorial - Soldier Jon Riley looks on as Miss Stalsworth places the bouquet.

pting to lead his forces down the Fulton Road when Rosecrans attempted to cut him off from the Southwest.

Price suffered heavy casualties, yet still managed to take his men south in order to divert the Union Forces from the Memphis & Charleston Rail Line that runs through the town. The rail line here has switched hands several times thus far in the war. Grant is hoping to keep the line secure and eventually take the key city of Corinth to the West. The Federal Troops advanced in order to capture 9 Confederate Cannons. The rebels abandoned them in their hastened departure.

The cannons have been turned toward the city where a barrage of shots have been fired causing an undetermined amount of damage. Reports by local sources indicate that several homes sustained holes in their roofs.

Reports also indicate that General Little of Maryland, was killed. Confederate soldiers buried him at the home used as his headquarters. Little and the other casualties numbered between 1,000 and 1,500 dead or wounded.

Many homes, churches and hotels here are being used as hospitals. The Blythe Hotel was burned by Union forces as well as some of the homes during the ordeal today.

Unconfirmed reports indicate General Grant was conspicuously absent from the battle. He is rumored to have been drunk at the time of the battle at a railroad station only eight miles away in Burnsville. Grant arrived after the battle in a vain relief effort. Grant claims he did not hear the battle due to "wind direction".

This battle appears to have been a northern victory. From an objective standpoint, the thirteen regiments and one infantry company fought a battle that can only be classified as a draw.

Thinking about this, I put on my Confederate Uniform and went to my neighbors, the Oaks, who helped me fill a flower basket. I then met Mrs. Edna Murrah at the Iuka Elementary School and went to pick up the new Middle School PEEP Class that helped in a cleanup project of the Confederate Trench in Shady Grove Cemetery, which was our final destination.

We were met there by Mrs. Bette Nelson from the Chamber of Commerce who also serves on the Iuka Preservation Commission set up by the Mayor in 1989. They are attempting to place a marble marker on the trench when a pedestal is built to support the slab. Jon Riley and Jenny Stalsworth also met us there. Jon served as Honor Guard for the ceremony in a Confederate Uniform while Miss Stalsworth, who was also in period antebellum clothing, was given the honor of placing the basket of golden flowers to memorialize the unknown 263 soldiers buried in the trench. We unfurled the Stars and Bars, then gathered near brick lined trench to begin the ceremony.

I made a brief statement about the purpose of marking the day. Afterward, I asked all to bow their heads and led them in the Lord's Prayer. Then the flowers were placed. Mrs. Margaret June Riley made pictures of the event. It was still a bit chilly as we rolled up the flag and headed for the cars, yet I had a warm feeling for what we had just done.

Iuka Chamber Of Commerce Speaker

Guy B. Nerren, economic development consultant from Huntsville, Alabama, spoke to a membership meeting of the Iuka Chamber of

Commerce on September 19. Nerren, who retired recently from the staff of the Huntsville chamber, is assisting the Iuka Chamber in organizing and executing an active program of work to help the area take full advantage of the opportunities as a result of the ASRM facility here.

Nerren emphasized the necessity to create a partnership between the public and private sectors if we are to be successful. "The City and County cannot do it alone," he said. "The business community must provide the support and initiative to be sure that things are done to be ready for industry."

He emphasized that if the Iuka Chamber is to be successful, involvement from the top leadership of the community must be evident to visitors and newcomers. "Bank presidents, property owners and the movers and shakers must be willing to give their time and financial support if we are to be successful," Nerren said.

"We have a window of opportunity open to us now, but that window will

not stay open. We must act now if we are to take full advantage of our opportunities," he said. He suggested that in addition to the long-range planning that must be done, we should select projects that are attainable in a reasonable short period of time that newcomers can see and be convinced that Iuka does care and we are committed to community improvement. "In talking with chamber members, several attainable goals were suggested, including improvements to Jay Bird Park, supporting Heritage Day, more Christmas activities, beautification and industrial appreciation," Nerren said.

Nerren concluded by emphasizing that if we are successful, we must demonstrate that all of the communities in Tishomingo are working together to provide an environment where families will want to live. "It is essential that we work together in improving the educational, shopping, residential, cultural, religious and social atmosphere if we expect to attract more people to live in our area," he said.

AN OPEN LETTER

TO THE CITIZENS OF TISHOMINGO AND ALCORN COUNTIES

We would like to take this opportunity to express our feelings concerning Mr. Travis Little, candidate for State Senator, representing Tishomingo and Alcorn Counties.

We have found Travis Little to be a man of honesty and integrity, a man who loves the Lord, his church, his family, and his friends.

Travis Little is a respected leader in Northeast Mississippi, who is open to the concerns and feelings of others. With his knowledge, his education, and his ability, he will be able to represent the interest of the people.

He is the only candidate born and raised in Mississippi, and who has proven he can reduce government wastes, increase services, and hold down taxes.

We highly recommend our friend, Travis Little, in his candidacy for State Senator, representing Northeast Mississippi.

Respectfully Submitted,

Rev. Harris Counce, Jr.

### County High School Met September 23

Tishomingo County High School met Monday, September 23, 1991 in the cafeteria to finalize the organizational of the PTO. The large group of concerned parents and teachers were welcomed by Mrs. Teresa Dawson.

Mrs. Dawson and a committee of parents and teachers had met throughout the summer to get input on organizing a PTA or PTO group. The final decisions were made at the meeting September 23rd to organize a PTO. The introduction of the faculty were made by the assistant principal Mr. Mullins. New officers were elected. The PTO for this year will be headed by Mr. Glenn Harris, President; Mr. Anthony Lambert, Vice President; Mrs. Carolyn Dilworth, Secretary; Mr. Cliff Daniels, Treasurer and Mrs. Alice Long, Reporter. There were also committees nominated to chair the membership drive, projects, constitutions and bylaws, programs and surveys.

The dues for joining PTO is \$5.00 per person or \$8.00 a family. Parents! Please get involved in your local PTO and child's school. The next meeting will be Tuesday, November 5, 1991, at 7:00 p.m. in the high school cafeteria. There will be babysitting available. Sponsored by the Beta Club.

### Lewis Grizzard To Perform At Ole Miss

Lewis Grizzard will bring his distinctive brand of humorous storytelling - which has made his syndicated column so popular and his books best sellers - to The University of Mississippi's Fulton Chapel on Friday, October 11.

The Georgia native's 8 p.m. performance, which is sponsored by the Student Programming Board, will kick off a weekend of activities surrounding the Ole Miss-University of Georgia football game.

Grizzard - who describes himself as "an American by birth and a Southerner by the Grace of God" - combines sometimes outrageous humor and bittersweet stories of yesterday in his writing and performances. The Orlando Sentinel said he has "...a deft hand for reducing everyday occurrences into uproarious nuggets of prose." Grizzard doesn't have a formal theme for the performance; as he puts it, he usually just "wings it," calling his show "The Crazy Man Cometh."

His honors include the 1989 Communicator of the Year by the Sales & Marketing Executives International, UPI's Award of Excellence in 1978 and '84, The AP Newswriting Award, and Sportswriter of the Year in 1977.

Grizzard's syndicated column appears in over 450 newspapers. His

latest book, "If I Ever Get Back to Georgia, I'm Gonna Nail My Feet to the Ground," is his eighth consecutive book to hit The New York Times' best seller list.

He has also been a guest on such television shows as "The Tonight Show with Johnny Carson," "Good Morning America," and "The Today Show" and was a guest star on "Designing Women."

Tickets for Grizzard's performance are \$10 for Ole Miss students, faculty and staff and \$19.50 for all others. They are available at the Central Ticket Office in the Ole Miss Union. Tickets may be purchased, using VISA and Mastercard, by calling (601)232-7411. They will also be sold at the door, subject to availability.

### Tutorial Classes Offered At Iuka Middle School

The Iuka Middle School will be offering tutorial classes for grades 5-8. The classes will be held on Thursday afternoon from 3:30 until 5:00. These classes will be offered to those students who are in need of special help in math, English, reading, science, and social studies. Instructors for the classes will be certified teachers at the Iuka Middle School.

Parents will need to sign a permission form and make provisions to pick their child up at 5:00 p.m.

### Participants Exchange Ideas Of Opportunities Of Tenn-Tom Waterway

A full complement of speakers and participants spent the better part of two days exchanging ideas across the broad spectrum of recreation and tourism opportunities along the multi-state Tennessee-Tombigbee Waterway Corridor.

Over 75 professionals and interested entrepreneurs, representing over 47 communities from at least four states, participated in the meeting at Pickwick Lodge sponsored by the Tennessee-Tombigbee Waterway Development Authority and the Tennessee-Tombigbee Waterway Development Council in cooperation with Tennessee Valley Authority and Appalachian Regional Commission. Also assisting was the Hardin County Chamber of Commerce Economic Development Program, Savannah, Tennessee.

A highlight of the meeting was a speech on the new national rural

initiative as presented by one of the authors of the concept, Glenn Weaver of the University of Missouri. He said he expects the new effort with result in establishing a strong national policy on tourism with heavy emphasis on rural America. Mr. Weaver expects that funding for demonstration programs will be provided through a number of agencies, including most of the federal and state arms that are usually related to agribusiness development. He also forecast the establishment of tourism development areas, similar to national recreation areas, with special emphasis on rural economically deprived areas.

Afterwards, Mr. Donald G. Waldon, Administrator of the Tennessee-Tombigbee Waterway Development Authority and President of the Tenn-Tom Council, pointed out that the Council and the newly formed Tenn-Tom Tourism Association are ideally established for implementing many of the goals of the rural tourism initiative. He pointed out that this is the third Tenn-Tom Conference on

recreation and tourism opportunities; and that each preceding conference has resulted in significant cooperative steps in recreation and tourism development throughout the Tenn-Tom Corridor.

Dr. Martin Darity, on intergovernmental agency loan from the Small Business Administration to head the Alabama Advantage for Retirees Program set the stage for the entire conference by projecting ahead to people the wishes and needs of the average tourist/recreationist of the year 2000. He assured listeners that over the next two decades businesses will exist in a "mailbox" economy with every transaction handled by mail or computer. He called tourism the "recession-proof" industry of the 21st Century.

Bill Owens, Senior Vice President of Economic Research Associates (ERA), further confirmed Dr. Darity as he led a frank and spirited discussion of tourism in the Tenn-Tom Corridor. Earlier this year, Mr. Owens led a study team sponsored by the Tenn-Tom Waterway Council to assess opportunities for tourism development in the Tenn-Tom region. ERA, a well respected Washington, D.C., area firm specializing in tourism development, includes, among its clients, Marriott, Six Flags, the U.S. Travel and Tourism Administration and the States of Georgia, Maryland, West Virginia and Indiana.

Mr. Owens presided over a full panel discussion of such specific issues as Development of Regional Attractions, Activities and Accommodations; Campgrounds as a Source for Revenues and Local Jobs; Marina Development and Related Amenities; Capitalizing on Organized Sports, Fishing and Hunting; Development and Marketing of New and Existing Attractions.

Members of the panel included: Mr. Tom Davidson, Principal and Chief Executive Officer of Davidson Peterson Associates, York, Maine; Dr. Douglas Blom, Publisher, Heartland Boating, Martin, Tennessee; Ms. Sue Draper, Executive Director, Land

Between the Lakes Association, Golden Pond, Kentucky; and Ms. Barbara Staff, Executive Director, Historic Rugby Association, Rugby, Tennessee.

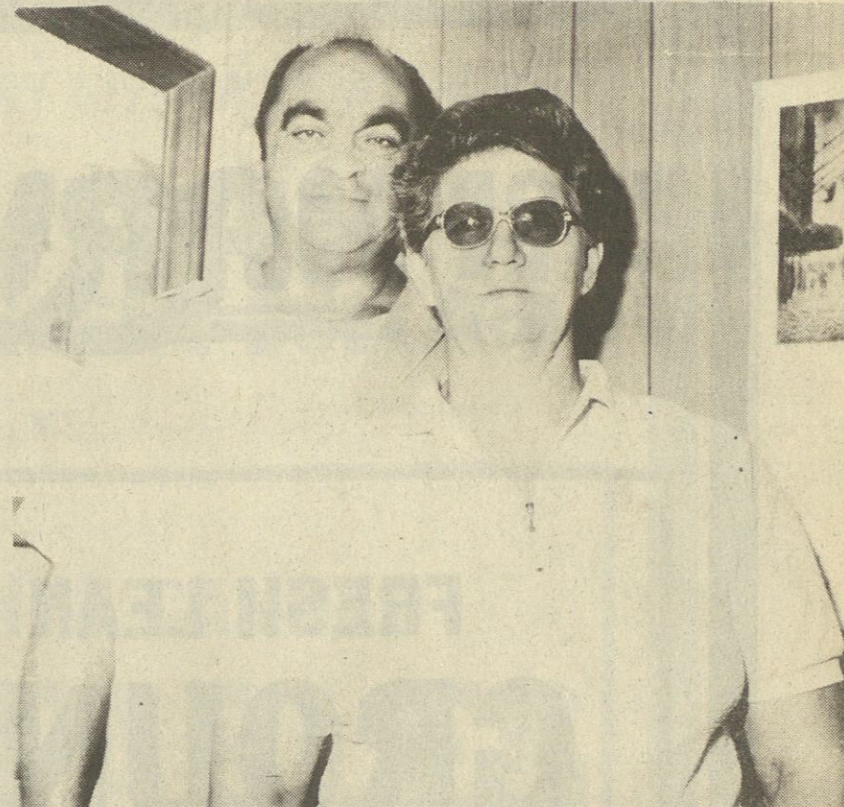

Leading off the second seminar was a discussion on developing tourism through regional cooperation, moderated by Gordon Nichols who serves on the staff of Lt. Governor Brereton Jones of Kentucky, and is the Lt. Governor's representative on the Board of the Tennessee-Tombigbee Waterway Development Authority. Ray Kisiah, Sr., head of Asheville, North Carolina's award winning Parks and Recreation program, talked about the success of the Mountain Outdoor Recreation Alliance of North Carolina. He noted the importance of cooperation on the local and regional level between tourism officials and parks and recreation professionals to total program development.

Ms. Carolyn Denton, Director, Columbus-Lowndes, Mississippi, Convention and Visitors Bureau, commented on the successful formation of the Tenn-Tom Tourism Association, which held its first annual meeting immediately prior to the start of the conference. Ms. Denton, who has been instrumental in organizing the group, was elected President at the Meeting. As part of her presentation, she displayed their new brochure entitled "City Sidewalks and Country Roads", which, while produced by the Columbus-Lowndes Convention & Visitors Bureau, crosses not only county lines, but also state lines. She observed that tourists have not interest or concern with such legal boundaries but are affected by the total tourism experience, regardless of state or county.

Ms. Sherry Elmes, Director of Sales, Touch Information, Inc., Chattanooga, Tennessee, explained the function of the East Tennessee Tourism Council and its varied activities.

"Marketing Tourism on a Shoestring Budget" was a topic that drew rapt audience attention. Sylvia Higginbotham, Higginbotham Communications, Columbus, Mississippi, led off by discussing ways to capture the attention of magazine and travel writers. A well-known travel writer herself, Ms. Higginbotham explained how travel writer tours are set up and what approaches to take when writers visit your attraction. Ms. Brenda Thomas of Red Boiling Springs, Tennessee, gave the group insight into how to use innovations to develop a totally unknown property, without benefit of budget, into a tourist destination - a magical feat she has performed for Red Boiling Springs.

A panel on ways to identify and package unique tourism oppor-

tunities was chaired by Gale Trussell, TVA Tourism Coordinator. Mr. Trussell cited several unusual, but potentially successful, "Packages", including site-specific photo opportunity tours, "selling a sunset or sunrise", and "nature" watch.

Vaughn Grisham, Director, McClain Institute, University of Mississippi, excited the group about the many opportunities the unique culture and heritage of the area affords. He offered the Center for Southern Culture, located at the University of Mississippi, as a nationally recognized resource. It is the only such center in the country.

Dillsboro, North Carolina, Town Clerk, Herbert Nolan, provided insight into development of a small town downtown business district into a shopping destination attraction for tourists.

Dr. Margaret Wyde, Director, Advanced Living Systems Division, and Vice President, Institute for Technology Development, Oxford, Mississippi, presented a segment on targeting the mature market for tourism growth. She noted that not only are the over 50 age group the fastest growing population segment, but they also have the most discretionary money and the leisure time to spend it.

The importance of recreation, tourism and cultural pursuits to industrial development peaked interests as Dr. Jorja Turnipseed and Dr. Charles Campbell of Mississippi

State University explained the results of their recent investigation for the Bureau of Education Research. The team, headed by Dr. Turnipseed, found that the availability of leisure time activities rated very high in importance to over 60 percent of industry decision-makers interviewed.

The afternoon session was devoted to a Bed and Breakfast Workshop hosted by the Appalachian Regional Commission. It was the first of several B&B workshops that ARC plans to conduct around Appalachia in the coming years. Mr. John Paul Brammell, ARC Tourism Program Manager, and Tom Chestnut, Auburn University Extension Service, Auburn, Alabama, conducted the workshop which was attended by about 40 potential and active bed and breakfast operators. Mr. Tom Potts, Clemson University, S.C. Extension Service, a noted authority in B & B development, led the session. Also participating were B&B operators, Mr. J.L. Aldridge, Generals Quarters, Corinth, Mississippi; Mr. and Mrs. James Lyons, Coventry House, Birmingham, Alabama, and Mr. John Ross, Ross Bed & Breakfast, Savannah, Tennessee.

The first successful electric elevator was installed in the Demarest Building in New York City in 1889.

## A MESSAGE FROM CORINTH MAYOR - E.S. BISHOP

During the past few weeks, a number of persons who are interested in functional city and county governments, have inquired through the Mayor's Office as to the leadership exhibited by the Chairman of the Alcorn County Board of Supervisors in cooperating with the city in developing initiatives for Corinth and Alcorn County, which would assure progress in governmental interaction, human relations, and in industrial development.

Without reservations, the City Administration has been pleased to point to the fact that the Chairman of the Alcorn County Board of Supervisors, Travis Little, has been one of the most cooperative and imaginative officers serving the Board of Supervisors during the past decade.

The growing demands of our communities for changes in our industrial thrust and development, in recreational opportunities, in education, and in other human services, all have demanded intelligent interaction between governmental entities, such as the Alcorn County Board of Supervisors and the Mayor and Board of Aldermen of the City of Corinth.

As Chairman of the Board of Supervisors, Mr. Little provided the initiative and the leadership to work with both his board and the Mayor and Board of Aldermen of the City of Corinth, in developing plans for both the expansion and modernization of the local airport at Kossuth.

He also provided the leadership in structuring interlocal agreements, which would legalize the pooling of funds to invest in the airport project. Not only has he shown vision in this governmental interaction, but he has been interested in improving recreational activities, and is currently working in an effort to secure additional land for the Corinth-Alcorn County Public Parks and Recreational Program.

The two entities have currently joined hands in providing an access road and utilities at the Industrial Park, and as a result, two new industries are now in operation, and are providing jobs for Corinthians and Alcorn Countians.

The above documentation is only a partial accounting of Mr. Little's cooperation and concern for the people of Alcorn County and Corinth.

The facts above are evidence that Mr. Little will provide the same quality of leadership for the people of Mississippi as a Member of the Senate of the State of Mississippi.

*Edward S. Bishop, Sr.*

Edward S. Bishop, Mayor

## AREN'T YOU TIRED OF BEING MISLED?

Ladies and Gentlemen:

Throughout the campaign for State Senate District IV in Alcorn and Tishomingo counties, those who oppose Travis Little have chosen to campaign against his family, not on his qualifications or the real issues affecting all of us.

Have you heard anyone say Travis Little was not the best qualified candidate, that he was not the only experienced candidate, that he did not have an outstanding record as public official? The answer is no.

We believe it's time to forget the rumors and take a look at the candidate. Travis Little is a family man, married for over 30 years with three children. Travis Little has proven he can cut government waste, hold down taxes, reduce spending and create new jobs. Travis Little has proven he can work well with others. Corinth Mayor E.S. Bishop says and we quote "Travis Little has been one of the most cooperative and imaginative officers to serve the Board of Supervisors in the past decade."

Remember, it's easy to make promises. We don't ask that you believe empty promises. We ask that you look at the facts and what Travis Little has been able to accomplish.

Before you vote on October 8, 1991, ask yourself WHY have those who oppose Travis Little had to resort to mud slinging and why they have not talked about their ability and track record.

We ask that you join with us and send a message to those who oppose progress and good government.

some individuals, the blood cells that are normally round change to a sickle shape. This can block the normal flow of blood through the vessels, thus depriving the body of oxygen.

During September MSDH will seek to make the public aware that, while sickle cell disease is not curable, early identification and proper treatment can improve the quality of life and can keep it from becoming life-threatening.

Children born with sickle cell disease experience episodes of pain in the stomach, joints, and chest and shortness of breath. They may have infections, sores that fail to heal properly, and jaundice.

An inherited trait, sickle cell disease passes from generation to generation through the blood. When both parents carry the gene, they have a 25 percent chance with each pregnancy that their child will have sickle cell disease.

While babies born in Mississippi are now screened at birth, many adults don't know that they are carriers of the sickle cell trait. A simple blood test at a doctor's office, a community health center, or a county health department can determine if parents are carriers. These couples can then make informed decisions about childbearing.

### NEMCC To Host ACT Workshop

Northeast Mississippi Community College will host an ACT (American College Test) preparation workshop Tuesday, October 15, at 5 p.m. in the Holiday Hall Auditorium.

Designed to better prepare students for the ACT, English, math, science, reading, reasoning, and test-taking strategies will be addressed during the three and one-half hour presentation.

Seating for the workshop is limited. To insure enrollment, pre-register by calling the Northeast Office of Continuing Education at 728-7751, extension 296. The pre-registration fee is \$15. Walk-on registration is scheduled at 4:30 p.m. the day of the workshop, and the fee is \$20. All materials are provided.

For more information contact the NEMCC Office of Continuing Education at 728-7751, extension 296.

### Defense Funding Bill Includes \$5.4 Billion For Mississippi

A U.S. Senate panel has approved a bill providing \$5.4 billion for Department of Defense programs and activities in Mississippi, U.S. Senator Thad Cochran (R-Miss.) said Thursday.

Senator Cochran, a member of the Defense Appropriations subcommittee, said the level of Fiscal Year 1992 defense spending in Mississippi is higher than last year.

"Defense spending contributes substantially to the economy of the Mississippi," Cochran said following the panel's meeting.

"Our action today means more jobs for Mississippi," he added.

Among the major items of interest in the Fiscal Year 1992 bill are the following:

Guided Missile Destroyers - \$4.1 billion for five ships. Ingalls Shipbuilding Company at Pascagoula is one of two shipyards that builds these ships:

C-130 Aircraft - The bill contains more than \$1 billion for a total of 30 aircraft, which are manufactured in part at the Lockheed plant in Meridian, and

Mark 48 ADCAP Torpedo - \$295.5 million for 108 torpedoes. Hughes Aircraft Mississippi, at Forest, is one of two producers of these modern

torpedoes.

Funding for Air Force and Navy pilot training programs, research activities, and the Mississippi National Guard was also approved, Cochran said.

The bill also contains language directing the Air Force to maintain the hurricane reconnaissance fleet at Keesler Air Force base in Biloxi, as well as language prohibiting the Navy

from precluding U.S. shipyards from building diesel submarines for allies. Ingalls Shipbuilding officials have expressed interest in such shipbuilding activities with U.S. allies, Cochran noted.

The full Senate is expected to consider the \$270 billion bill to fund the nation's defense systems early next week.

#### FOREST FOR OUR FUTURE

Every city street in America lined with trees by the year 2000? Campaign promises of "a tree in every yard?"

These notions may appear a little extreme, yet they may one day come true as man begins to pay increasing attention to the way trees (or lack of them) affects the world's climate. Forests are already closely linked to the popular issues of "greenhouse effect" and "global climate change." Deforestation in Central South America and in several other key nations are purported to be one of the potential causes of these disturbing trends. But through reforestation, trees will become part of the solution.

Experts on the greenhouse effect say that a build-up of greenhouse gases, such as carbon dioxide and other heat-trapping gases produced by burning of fossil fuels, will increasingly trap heat from the sun's rays in the atmosphere, gradually raising temperatures. The hypothesis further predicts that an accom-

panying slow increase in temperature may cause slight melting of the polar ice caps, resulting in such dramatic global changes as rising sea levels and the resulting loss of shoreline and coastal wetlands.

In addition, there may be a northward migration of the earth's vegetation as once-temperate climates warm, allowing tropical and temperate species to flourish further north.

The greenhouse effect is increased, according to some scientists, by deforestation via the "slash and burn" method - currently being utilized on a widespread basis in the tropical rainforests to convert forest land to agricultural uses. Forest clearing on this scale adds large quantities of carbon dioxide to the atmosphere.

Although few scientists dispute the likelihood that increased concentrations of greenhouse gases will result in rising temperatures, the big question is how much of a rise will occur, and when. Some have cited evidence of dramatic temperature increases of up to one degree Fahrenheit since the turn of the century. Other scientists report actual decreases in temperature during the same period of rural areas, raising the possibility that temperature increases will be restricted to urban "heat islands."

Some experts theorize that the greenhouse effect can be offset or delayed if more of the atmosphere's carbon dioxide can be consumed or converted. They point out that trees are nature's most efficient converters of carbon dioxide to oxygen.

Forests act as giant carbon dioxide converters and storers. Scientists calculate that for every ton of wood a forest grows, it removes 1.47 tons of carbon dioxide from the atmosphere and replaces it with 1.07 tons of oxygen.

A tree's ability to convert carbon dioxide to oxygen largely depends on that tree's age and health. A young, vibrant forest is a veritable oxygen factory. But as the forest ages, the conversion ratio slows and eventually reverses itself. As older trees begin to die, they release stored carbon

dioxide.

Even individual trees can make a potential contribution, particularly in an urban setting. Planting more trees in cities can help reduce the "heat island" effect by producing shade, thus dropping both the temperature and cooling costs.

In Mississippi we have an outstanding reforestation and forest management record. Our private forest landowners plant an average of about 60 million seedlings per year, covering tens of thousands of acres. These future forests can consume up to one-quarter million tons of carbon dioxide per year.

If other states and countries will practice sound forest management and follow our example of regenerating forests the earth's ability to consume carbon dioxide will be tremendously increased. The large green carbon dioxide sponge provided by those forests could provide short-term relief while scientists continue their efforts to fully understand the interactions between greenhouse gases and their efforts to fully understand the interactions between greenhouse gases and global climate change.

If you want to help ReLeaf Mississippi this winter by planting some trees, let me hear from you. I can help.

### Over 41,000 Babies Screened With Sickle Cell Disease

Mississippi hospitals screened over 41,000 babies last year for sickle cell disease. The more than 70 babies found to have the blood disorder got early treatment that could save them from long hospitalizations, acute illness, and even death.

This screening, a part of the Mississippi State Department of Health's Genetic Program, also includes diagnosis, counseling, and follow-up of the babies and their families. MSDH offers help at free genetic satellite clinics in nine areas of the state, available on a referred basis. The clinics served more than 1,000 patients last year.
