Iuka Woman Killed In One-Vehicle Accident

An early morning, one-vehicle wreck near NASA's ASRM facility Friday, October 1, claimed the life of an Iuka woman and left two others injured.

Frankie R. Tigner, 25, Route 2, Box 663, Iuka, was a passenger in a 1993 Chevrolet pickup truck driven by Timothy M. Bonds, 24, Route 4, Box 178, Iuka, according to Tishomingo County Sheriff Johnny S. Nunley. One other passenger, Randy E. Tigner, 29, Frankie Tigner's husband, was also injured in the accident.

All three were thrown from the vehicle at the time of the wreck, which happened at approximately 1:00 a.m. Friday. Apparently Bonds, who was driving east on county road 321, lost control of the pickup and it left the road, Nunley stated.

Frankie Tigner was pronounced dead at the scene by Tishomingo County Coroner Dale White.

Bonds was airlifted and Randy Tigner was transported by ambulance to the North Mississippi Medical Center in Tupelo where, at press-time, both were listed in stable condition.

Fate Of ASRM Hinges On NASA's Decision

It will be up to NASA to decide what the fate of the Advanced Solid Rocket Motor Project will be after a joint House/Senate conference committee approved some scaled back funding Friday, October 1st.

The committee left a provision in the bill that requires NASA to come up with \$150 million from its own budget to go with the \$124.9 million the government contributes if it wishes to continue the project.

However, if NASA does not decide to continue the ASRM, it can terminate the project and put the Yellow Creek site to other use. More than \$2 billion has been spent on the ASRM project, to date and approximately 1,000 people are currently working at the facility. If NASA decides to cancel the ASRM project, it is likely that the site would be used in some phase of production of the redesigned solid rockets currently being built by Thiokol Corp. from Utah.

NASA has until November 15 to make its decision about the facility. The bill still must gain passage from the full House and Senate, as well as President Clinton. No opposition is expected at this point, reports indicated.

Belmont Man Sentenced In Murder Of Young Iuka Man

The second Belmont man convicted in the murder of Thomas Alan Byram, the Iuka man killed on the Natchez Trace Parkway in September of 1992, was sentenced Monday, October 4, in U.S. District Court.

Greg Dingler, 24, was sentenced to 17 years and six months in prison for his role in the beating death of Byram at the Pharr Mounds rest stop on the Natchez Trace. The sentence was handed down by U.S. District Court

Judge Neal Biggers.

The other man convicted in the case, Danny McGee, also of Belmont, was sentenced to 17 years and six months in July of this year. Both men were convicted of second degree murder.

Statements by Judge Biggers indicated that he was somewhat distressed that Dingler had shown no remorse for his part in the crime and the fact that he had shown no sympathy for the victim's family.

Christmas In The Park Plans Underway

The Park Committee is offering you an opportunity to help light up Mineral Springs Park this year and add your greetings and support to the project.

We will do all of the work for you. We will buy the lights, put them up and take them down. We will supply a 12 x 24 inches wood sign with your name on it, staked at the base of the tree. At the end of the season all of the lights and the sign will be your property to hopefully use again next year.

The lights will be Candy Cane around the tree. The size of the

tree will depend upon what is available to work with. We will do our best.

3 strings of lights (100 ea. string) & sign - \$20.00; 4 strings of lights (100 ea. string) & sign - \$25.00; 5 strings of lights (100 ea. string) & sign - \$30.00.

Please make checks payable to "Christmas in the Park" Send to: Judy Walker Rt. 4, Box 944, Iuka, MS 38852.

As soon as possible: It will take time to get this all together. Phone 423-3047. This offer is for everyone. If you have a business, if you want to honor or remember someone, or if you want to send your best wishes to all who view the park in all its glittering splendor.

Confiscated Cash Distributed

Mississippi Highway Patrolman Leslie Blaylock presented Tishomingo County Sheriff Johnny S. Nunley a check for \$13,155 on behalf of the State Department of Safety. The check was part of a settlement made from a confiscated suitcase of money recovered by Officer Blaylock in early 1990 during an arrest. A check for the equal amount was given to the Mississippi Highway Safety Patrol. According to Officer Blaylock, the money the Patrol received will be used to purchase equipment for the Highway Patrol. Sheriff Nunley said that the money his Department received will go toward the purchase of a new vehicle for use by the Sheriff's Department.

Indian Creek Golf Course & Recreation Facilities

Gaylon and Connie Jones of Iuka are offering a business park (approximately 44 acres); a recreation park to consist of six baseball and/or softball fields, six tennis courts and/or soccer-field (approx. 40 acres) and 244 acres of golf course land to the city of Iuka, free and clear, if the city will build and own the golf course, put in all utilities and construct roads for the projects.

The design and construction of the golf course would be performed by the Kevin Tucker Group of Nashville, a comprehensive consulting firm.

The design effort would also include the services of PGA, Master Professional William "Goose" Mungia who would manage the golf course. The proposed golf course will capitalize upon the natural beauty of the site while incorporating the vegetation and water of the area, according to a proposal for development by the Tucker group.

According to Gaylon Jones, the Iuka City Board has been considering the proposal. Action is expected in the near future. "We believe that this is something that is needed in the Iuka area and we have been working on it for quite some time now. We hope to hear something from the Board soon," Jones said.

More details on the proposal and the city's action will be in a future edition of the News.

AFTERNOON CLASS -- left to right, Mike Graham, Joey Smith, and Russell Brazil.

Officers Elected

The Metal Trades Department at the Tishomingo County Vocational Center recently elected officers for the 1993-94 school year. Instructor Larry Brown states that candidates for office must be able to run all shop equipment, maintain at least a B average, show leadership ability, and have a good attitude. Students who were elected are as follows:

MORNING CLASS OFFICERS: President - Greg Booker, TCHS Senior and Vice-President - Bo Gist, TCHS Senior.

AFTERNOON CLASS OFFICERS: President - Joey Smith, TCHS Senior; Vice-President - Russell Brazil, BHS Senior; Secretary - Mike Graham, TCHS Senior.

After graduation next May, Russell Brazil plans to enter industry as a welder; Greg Booker, Joey Smith, and Mike Graham plan to continue Machine Shop training at Northeast Community College; and Bo Gist plans to attend Shoals Community College for further training in welding.

Mr. Brown believes that vocational training not only of-

fers students the opportunity to gain useful knowledge and develop skills, but it also creates interest which helps students stay in school.

Letter To The Editor

In Monday's Daily Journal there was an article concerning T.C.I. Cable Company. It was stated that T.C.I. had publicly announced that they would not pay any major network affiliate to carry their transmissions.

As most of you know already, people in Iuka and parts of Tishomingo County are on the TCI-Heritage Cable hook-up. It is, in my opinion, one of the worst systems in our area. I have spoken with a lot of people and it seems we have all noticed a few problems. WHNT-TV, (channel 19), out of Huntsville, Ala. always gives us lead reception at night. Some people have said that they can't even see the picture clearly. One week-end I called to complain about this channel being off the air and was told that it probably would stay off until Monday because no one wanted to come and climb the tower to fix it. WBBJ-TV out of Jackson, TN, which is channel 7, is another station which seems to go off the air or experience technical difficulty at the most inopportune times. W.T.V.A.-TV, (channel 9), in Tupelo is a great channel but as was stated the cable company doesn't want to pay them for carrying their programming. Something isn't right.

What would be the difference between a cable company picking up another stations signals and re-transmitting them without having to pay or me going out and buying a satellite with a decoder and picking up the same signals, (which I will add that I haven't done).

The main thing is that every cable system should carry at least two affiliates for each and every network in case one should fail.

And the one thing that irks me the most is when I was told by John Vaughn Jr., who works for T.C.I. Heritage Cable in Booneville, that the "market" in Iuka wasn't big enough to warrant us receiving pay-per-view events, such as sports.

I wonder if our "little ole market" all dropped cable at the same time if it would put a dent in T.C.I.'s pocket. Call the cable company and let them know how you feel. This is not meant to be a slap in the face to the installers and repairmen of TCI-Heritage Cable. Tishomingo County and Iuka belongs to the people.

Thank you,
Steve Rye

Notice:

Due to the cooler weather "Let's Jam" will be discontinued until spring. We would like to thank the park officials, musicians, and visitors for the restful evenings at the gazebo. See you next spring.

INSIGHT INTO EYESIGHT

DR. PHILLIP GRAY,
OPTOMETRIST

DESIGNER FRAMES

Today's modern eyewear is considered a fashion accessory. Therefore many clothes designers, such as Diane Von Furstenburg, Givenchy, Halston, to name but a few, often design, or more frequently, endorse certain frames. These endorsements often reveal the latest fashion trend, as do their wearing apparel, handbags, and other accessories.

Actually, most designers don't really design the frames per se. What they do is choose certain frames that they feel are attractive, and that they would like to wear.

Then, there are "signature" frames, such as Liz Claiborne, Bill Blass, and many others. These are frames selected by the endorsee to represent their reputation for style or prestige.

Fashion-savvy women and men want the most up-to-date looks and highest quality. They are willing to pay more for designer frames, since they know that the designers would never endorse run-of-the-mill frames of cheaper quality.

"Three R's" Of Brown-Bag Lunches

As parents are sending students off to school this year, many are packing lunches using a '90s version of the three R's: reuse, recycle and reduce.

The U.S. Department of Agriculture's Meal and Poultry Hotline has been getting many calls from people looking for advice on how to keep food safe and at the same time pay attention to environmental issues, like recycling.

For parents and students who want to "think green" when packing lunches, USDA has these three R Tips:

While brown bag lunches are classic, you might try an alternative: reusable insulated totes or lunch boxes. Be sure to include a small cold source like a freezable gel-pack because food poisoning bacteria multiply rapidly at room temperature. You can keep cold food safe in an insulated tote for a short time by simply including a cold drink or cold piece of fruit.

Another lunch time classic, the thermos, is already reusable. To help keep hot food safe, rinse the thermos with boiling water to warm the thermos just before filling. Be sure to bring the food to a rolling boil just before filling the thermos.

Plastic food storage containers are ideal for cold foods such as salads or cottage cheese. Only reheat foods in a microwave if the container is labeled "microwave safe."

Small plastic containers also can be used and reused for lunch-sized portions of crunchy snacks or desserts like gelatin and pudding.

You can reuse most heavy-duty plastic storage bags for dry products, like pretzels, chips or wrapped food. Never reuse them if they previously held meat, poultry or fish because bacteria from these foods can cause serious illness. Likewise, don't reuse plastic bags that hold produce, such as fruits and vegetables.

Reusable plastic drink boxes for fruit juice are available. A thorough cleaning at night and they are ready for school the next day. Or, try fruit juice in recyclable aluminum cans.

An unexpected item starting to turn up in some lunches packed by the waste wary in cloth

napkins. Just keep them clean, and they're ready to go.

Finally, families interested in "reducing" shouldn't forget to cut back on fat, sodium and cholesterol. Switch to low-fat meats, poultry and cheese. Choose tuna packed in water instead of oil. Try salt-free pretzels or crackers for crunchy snacks and serve desserts that include low-fat pudding or yogurt with fruit.

Former Burnsville Resident Receives Humanitarian Award

Brenda Jourdan Blanks, the daughter of Mr. and Mrs. Curtis Jourdan was recently honored by the Mississippi Association of Professionals in Corrections with the prestigious Humanitarian Award. Ms. Blanks, a former Burnsville resident, is a charter member of this eleven year old association, which has over three hundred members from corrections and other criminal justice fields.

The association, which provides training and updates its members on the latest advances and current philosophies employed in corrections, honors an individual each year that shows through their actions that they put the interest and feelings of their fellow man before their own.

Ms. Blanks has worked with

the "Challenger League" since its inception and currently holds the office of secretary with the league. The challenger program provides an opportunity for children with disabilities to play baseball and softball each summer "just like the other kids." The Challenger League has grown through Brenda and friends solicitation of participants and sponsors. This year's team, among other duties, coordinated the ceremonies for Challenger Jamboree.

In addition to her work with the Challenger League, Brenda serves on the board of the Home/School Association for Richard's School and as a hospitality chairman for the school. She spends considerable hours on behalf of the Muscular Dystrophy Association and actively participates in the annual telethon.

For this outstanding service to her community and the children in it, Ms. Blanks was presented with a plaque honoring her as this year's Humanitarian Award recipient.

DAR Meeting Held--Among those participating in the September meeting of the Daughter's of the American Revolution, held at the Iuka Library, were (from left to right) Mrs. Martha Dobbins, Regent; Robin Glover; Ferrin Rainey; Bridget Wilbanks; Mildred Hill, vice regent.

Special Guests Participate In DAR Meeting

Another new and exciting DAR year began for the Chief Tishomingo Chapter of the NSDAR at their September meeting. This meeting was held at the Iuka Public Library at 2:00 on Sunday, September 12. The meeting opened with Regent Dobbins giving the DAR ritual. Assisting in the ritual were Chaplain Fredda Sanderson, Kristie Berryman, Amy Walker, Misty Osborn, and Ferrin Rainey. Kristie, Amy, and Misty are juniors at TCHS. They participated by reciting the Pledge of the flag, the Preamble to the Constitution, and the American's Creed. The chapter is always delighted to have someone to add to the ritual by singing the "Star Spangled Banner." Ferrin Rainey, a sophomore at TCHS, gave a beautiful rendition of this patriotic favorite. All of these young ladies are actively involved in various clubs and organizations at TCHS. Kristie is the daughter of Mr. and Mrs. Donald Berryman. Amy's parents are Mr. and Mrs. Ricky Walker. Misty's parents are Rhonda Green and Steve Osborn, and Ferrin is the daughter of Mr. and Mrs. Billy Rainey. Regent Dobbins read the President General's message. Barbara Sweeney gave the National Defense report. Reports were given by the various of-

Pledge of Allegiance, and other symbols of patriotism to add emphasis to the text of the program. These young ladies did an excellent job, this program will be written up for competition as one of the Best Programs for this DAR year.

Robin is the daughter of Mr. and Mrs. Bobby Glover. Brigitte Wilbanks is the daughter of Mr. and Mrs. Danny Wilbanks. Both of these young ladies are actively involved at Tishomingo County High School. Both are juniors, members of the band, Beta, FBLA, and other organizations.

After the program, delicious refreshments were served. A number of guests and members were present to enjoy the kick-off of the new year.

Our organization meets monthly at the Iuka Public Library on the second Sunday. If you are interested in becoming a member, please attend one of the meetings.

Letter To The Editor

In response to the alledged accusation perpetrated, and sworn to by my estranged wife, Suzanne Lowe, to her attorney, I am chemically dependent and am continuing treatment and support, necessary for recovery as for any illness. Any drug addiction, is compulsive and is not controlled by will-power.

At no time did my addiction cause any inhuman, or cruel actions to anyone including my estranged wife. Anyone who has a loved one that is chemically dependent, alcoholic/addict please attend support groups as AA and Al-Anon regularly together. Your loved one deserves your support. And, you are affected by (his illness.) Therefore you need help. Would the anonymous person who sent the legal notice clipping of the divorce ad, be so kind to send me a clipping of this. I'll appreciate it.

Thank you,
Sincerely,
Dennis Gary Lowe

friendships.

As a 4-H member, you can learn to work with each other in developing programs that will benefit the group as a whole and the individual. Being a member of a 4-H club may mean for the first time your ideas are being accepted as important when plans are made.

You may get your first taste of responsibility by planning a group activity. An adult or older teen may give you undivided attention as you carry out project activities. You will begin to see more of the world around you and think of ways to improve it.

The 4-H club can open doors in the community to help you plan a career. Through 4-H, you may begin to see that you can do things, that you have abilities others appreciate. This can be the kind of start you need to continually accept challenges.

You will develop skills that might help you earn \$20,000 a year rather than \$10,000 a year you might have made otherwise.

Parents and 4-Hers may have more opportunities to communicate since the 4-H program involves parents too. 4-H gives you the opportunity to be taken seriously by your parents and seen as capable of assuming responsibility.

Clubs have one or more adult volunteer leaders helping 4-Hers carry out projects of their interest. Most 4-H clubs meet once a month. Their program consists of educational and fun activities planned and conducted by the members. The club members have opportunities to take part in 4-H learning activities on and above the county level. If you are interested in developing your leadership skills and being a part of a group educational organization, contact the Tishomingo County extension office at 423-7016.

County Celebrates National 4-H Week

In Tishomingo County some 600 4-H members and volunteers are planning special activities and events in observance of National 4-H Week, October 3 through 9.

Mary Baldwin, Extension 4-H/Youth Agent for Tishomingo County said some of the activities planned for Tishomingo County include displays set up at the Iuka Public Library and the Burnsville Public Library. A drawing will be held at the Iuka Public Library on October 29 for two adult season tickets to the Tishomingo Performing Arts Council events and for a coin set donated by Iuka Guaranty Bank.

"In celebrating National 4-H Week, we recognize that 4-H is truly a people development program," said Baldwin. "4-H helps young people develop skills that will be useful in the real world. It helps them discover their strengths and weaknesses, and exposes them to activities in a variety of fields."

"Most importantly, 4-H members learn and have fun doing it," Baldwin said. "Families can add to the fun by learning and growing together."

Learning doesn't stop with the 4-H member and family. Volunteer leaders learn new skills while sharing their expertise with young people.

"Through a network of volunteer leaders, state land-grant universities, state and local governments, and the U.S. Department of Agriculture, 4-H has been able to stimulate youth to develop life skills," Baldwin said.

In Tishomingo County some 75 adult volunteer leaders work with 30 4-H clubs through the Cooperative Extension Service at Mississippi State University.

Programs are conducted in

3,150 counties nationwide for 5.4 million young people enrolled in 4-H.

4-H is open to all young people ages 8-18 years old. For more information call the Tishomingo County Extension service at 423-7016.

The Braves Marching Band of Tishomingo County High School won the Greenhill Marching Band Festival in Greenhill, Alabama, on October 2, 1993. Representing the school and county with pride, the Braves brought home Superior ratings and "3" trophies to add to their collection.

At the festival, there were 26 school bands classified in 4 divisions. The Marching Braves, the only Mississippi Band in attendance, competed in a field of 11, following schools as large as Bradshaw, Coffee and Phil Campbell.

Charly Whitehead, Drum Major, was rated Superior for his excellent presentation and conducting skills. The 14 member Brass Line received Superior ratings for their choreography, synchronization and crowd appeal. The 62 member Band earned a number "1", Superior rating for their marching technique, playing ability and overall effect.

The Braves presented a 7 minute show with a "Mo-Town" medley. Director Bob Bruce chose Supreme's medley for the winning number, followed by Mary, RESPECT, and

closing with the Percy Sledge hit, When a Man Loves a Woman.

Mr. Bruce is to be commended for his commitment to TCHS and the band program. It is his desire for each child to succeed, to

reach inside themselves and achieve whatever it is they want! This is why it is so vital that the band program receives the support of not only the students, but also the faculty, School Board

and the parents. This is the third year Mr. Bruce and the Braves have attended the Greenhill Festival. All three years have been Superior!

Braves' Football

By Adam Rudolphi

On Friday, October 1, Tishomingo County matched up against the Corinth Warriors at Corinth for the Braves sixth game of the season. The Braves lost 18-13 to give them a 1-5 record for the season. The Braves owned the first quarter once again, but their control at the game slipped away as the game progressed. The Braves almost scored in the last few minutes of the fourth quarter but lost the ball as well as their chances of winning. Aaron Foster completed 9 out of 12 passes for 98 yards. Jason Slack had 36 receiving yards; Scott Marlin had 31 receiving yards;

and Earl Pierce had 20 receiving yards. Scott Dilworth was the Braves' leading rusher, collecting 68 yards. Scott Marlin had 41 yards, and Jason Slack had 29 yards. Jamal Mitchell and Rico Sweeny picked off two passes to give Mitchell three interceptions and Sweeny his first. Mitchell has had an interception in his past 3 games. Scott Marlin was back in action after a neck injury last week, although his playing time was limited.

Alcorn Central put a halt to the B-teams 3 game winning streak Monday night to give the B-team

a 3-1 record.

This week the Braves travel to Cherokee, AL for their seventh game of the season. Kickoff time is at 7:30.

Edward Byrom Attends Tournament

Edward Byrom the son of Eddie and Michelle Byrom and grandson of Harmon and Edith Byrom attended the National Taekwondo tournament in Birmingham, Alabama and brought home a first place trophy.

We are very proud of him. In 7 weeks he will be testing for his black belt in Taekwondo Karate. We wish him luck.

Taekwondo is not only a sport it teaches self discipline and control.

I want to thank our instructor Jimmy Charuhas for his outstanding teaching abilities and guidance. He really does care for his students of all ages from 5 to 50 the classes are on Monday and Thursday from 5:30 till.

Edward Has Done It Again!

Everytime we elect a new president Edward Byrom writes him and gives his opinion on some changes he thinks should be made. This time he received a letter from President Bill Clinton. I encourage every child to write. Edward has letters from President Reagan and President

Bush.

Edward is the son of Eddie and Michelle Byrom of Iuka and the grandson of Dr. Harmon and Edith Byrom also of Iuka.

It does not take much for a child to write and give their opinions on the running of our country and the letters the children receive are read and answered by the President. Lets face it the children of today are the backbone of our country tomorrow. You would be surprised at some of the ideas these children have. So let the children speak.

Thank you,

Michelle Byrom

PRESIDENTS RESPONSE

Thank you for writing with your thoughts and concerns. I apologize for the delay in responding, but the volume of mail I've received has been overwhelming.

I am honored by the outpouring of support and interest in my programs and challenged by the many pieces of constructive criticism received. While I haven't been able to respond to every issue raised, your ideas and opinions mean a great deal to me. I welcome the opportunity to hear from you again.

A nationally recognized health system is also your neighbor

A quick glance at the cover of the September 27 edition of U.S. News & World Report underscores a rather obvious point: healthcare reform is on the minds of just about everyone these days. Take the time to thumb through this magazine, however, and you might be surprised to find an article featuring North Mississippi Health Services' leadership role in healthcare reform—one of only four national systems highlighted for their efforts.

To quote the U.S. News article, NMHS is "luring talented doctors to the countryside to provide primary care to an underserved population." In other words, we've been working to provide improved access to quality healthcare for everyone in the north Mississippi and west Alabama region. It's a commitment we made years ago, and one we're still living up to today.

We're pleased to have been featured in this national news magazine, and we're proud of the work we've done to improve the quality and accessibility of healthcare—all the while holding down costs. We're particularly proud of our record of keeping our price increases nearly two-thirds less than the national average for the past few years, an accomplishment which goes a long way toward ensuring quality care, at the lowest cost, for everyone.

We're also proud of our Family Medical Clinic network, which has been solving, quite successfully, what U.S. News and World Report dubbed "the biggest medical problem in rural areas": convenient access to care. These 17 Family Medical Clinics, with more opening soon, are providing much-needed primary care to thousands of families who might otherwise be forced to travel to larger cities.

In short, North Mississippi Health Services has been doing its part to improve our country's healthcare system for years—long before "healthcare reform" became household words. For more information about how North Mississippi Health Services is leading our region and the nation in healthcare reform, call us at 1-800-THE-DESK (1-800-843-3375).

Sardis Church News

By: Ova Reno

There will be weeping and wailing and gnashing of teeth in hell. Matthew 8:12, 24:51. Are you going there? It is your choice. Galatians 6:7. Be not deceived; God is not mocked: for whatsoever a man soweth, that shall he also reap.

"Deceit In The Church". A deceitful lifestyle brings tragic consequences. Our Sunday school lesson was about Annias and Saphira, his wife, their names mean grace and beauty, but it did

not fit their conduct. They were disciples of Christ and members of the Apostolic Church of which no man could belong unless he had a real experience of salvation. This we have to conclude because the church was hated and persecuted. Read it to find out what they did and what happened to them. Devotional: "Practicing Righteousness". I John 3:7-10. This is very good.

Sunday morning Bro. John preached on "Where There is no Christ". 1 Corinthians 15:12-19. Doesn't this title make cold chills go all over you? Well, it should because Jesus Christ is our only hope in this world and the one to come. Verse 19: If in this life only we have hope in Christ, we are of all men most miserable. Read it all also 1 Timothy 1:1. Because of a mean old virus I missed Church Sunday and Sunday night. Thanks to Burton for sending me Bro. John's subject.

The pictures I made at the Sardis Reunion wasn't any good. I think it was the flash.

More of "Little Things". Little eyes are always brightest, little hands will clutch the tightest, at our heart-strings if we linger for awhile. Little favors are the dearest, and the friends that do them nearest, when dread trouble looms in melancholy style. Verse 3 next week.

Facts About The BIBLE BY JOHN LEHTI

TO MAKE A LIVING—PICK UP STICKS!

AS IN EVERY PERIOD THROUGHOUT THE WORLD'S HISTORY, THE POOR AND NEEDY OUTNUMBERED THE WEALTHY AND MIDDLECLASS IN BIBLICAL TIMES—ESPECIALLY IN THE CITIES! THOSE WITHOUT A FAMILY BUSINESS, OR SOME SMALL PLOT OF LAND ON WHICH TO GROW FOOD, WERE HARD PUT TO EKE OUT AN EXISTENCE! ONE MEAGER METHOD BY WHICH A POOR MAN COULD MANAGE TO SUBSIST, WAS GATHERING TWIGGS FOR FIREWOOD. IN A PLACE LIKE JERUSALEM IT WAS AT A PREMIUM FOR NONE COULD BE FOUND IN THE CITY AND THE OUTLYING AREAS BOASTED OF VERY LITTLE MORE! EVERY STICK AND TWIG THAT LAY ON THE FLOOR OF THE KIDRON VALLEY, EVERY FALLEN BRANCH FROM THE OLIVE TREES ON THE MOUNT ABOVE, WAS POUNCED UPON. THE WOOD-GATHERERS SPENT LONG, BACK-BREAKING HOURS AT THIS TASK, FINALLY TO CARRY THEIR HEAVY BUNDLES IN A WEARY CLIMB UP THE HILL TO THE CITY, DURING THE DAWNTWILIGHT AT THE END OF DAY—THERE, TO BARGAIN WITH SOME ANXIOUS HOUSEWIFE NEEDFUL OF WOOD TO COOK THE EVENING MEAL, OR TO WARM THE HOUSE AGAINST A CHILLY NIGHT!

PERHAPS THE OLIVE GROVES WERE THE BEST PLACES FOR WOOD GATHERING, ALTHOUGH IT DID MEAN A LONG TRUDGE DOWN INTO THE KIDRON VALLEY AND A HARD CLIMB UP THE MOUNT OF OLIVES TO GET THERE! BUT, WHEN THE TREES WERE PRUNED, ALL FALLEN TWIGS BELONGED TO THE WOOD-GATHERERS, FOR THIS CAME UNDER THE MOSAIC LAW OF GLEANING, AS STATED IN DEUT. 24:19-21. LIFE WAS HARD FOR THE POOR BUT AT LEAST THESE LAWS GAVE THEM SOME HELP!

NEXT WEEK: THE KING WHO CAUSED AN EARTHQUAKE!

Child Safety Stressed During October...

October is Child Health Month and the Mississippi Chapter of the American Academy of Pediatrics is promoting prevention by stressing child safety.

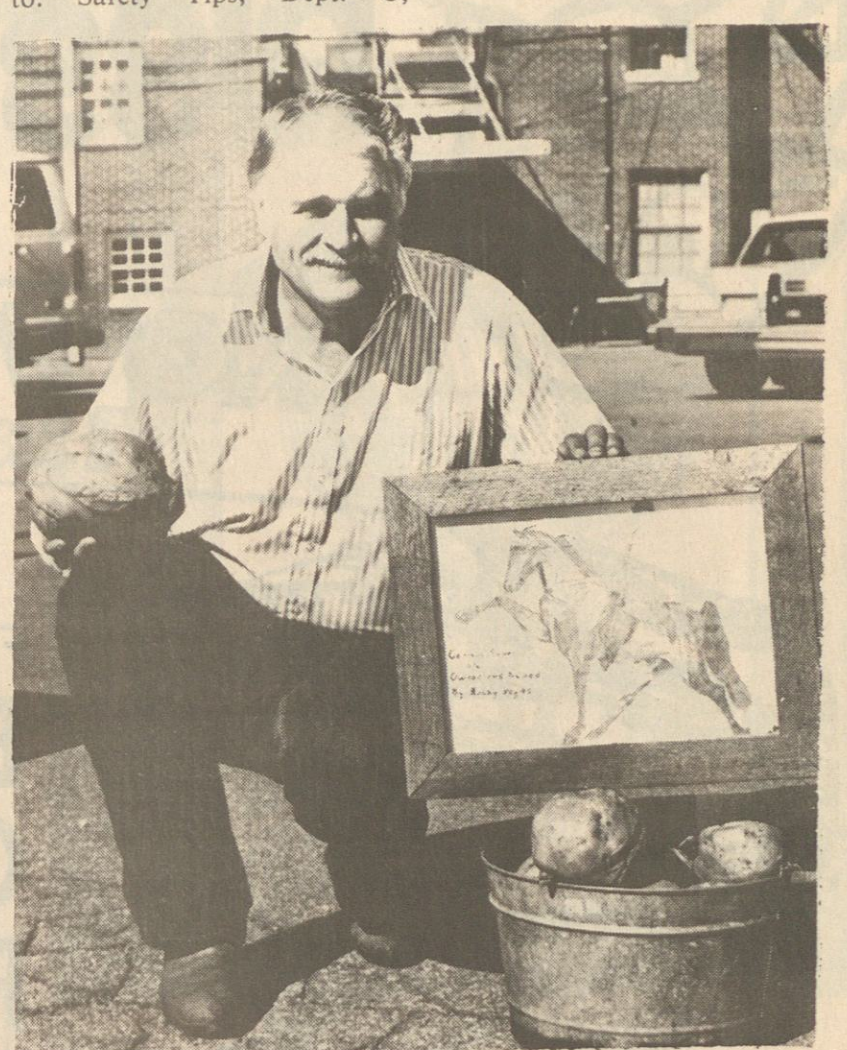

Injuries have been the leading cause of death in children, adolescents and young adults for nearly 40 years. This year, one out of every four children in the U.S. will suffer an injury serious enough to require medical attention.

The American Academy of Pediatrics is working to reduce childhood injuries. Together we can place solutions before problems. Here are a few safety precautions to start with.

GIVE YOUR HOME A SAFETY CHECK. Use smoke detectors. Turn down the water heater to 120 degrees. Use window guards and stairway gates. Never leave children alone in the tub. Store poisonous cleaners, chemicals, matches, lighters and small objects out of reach. Use childproof caps on medicines. Don't use baby walkers. Know how to access emergency services. Learn CPR. If you have a gun, keep it unloaded and locked away.

HELP YOUR CHILDREN TO BE SAFER. Buy bike helmets and insist they wear them. Children up to age 4 should be in safety seats when in vehicles. All others should wear safety belts. Install a 4-foot-high, 4 sided fence with a self-latching gate if you own a pool or hot tub. Inspect playgrounds for hazards such as concrete or hard dirt surfacing

under climbing equipment. For more information, send a stamped self-addressed envelope to: Safety Tips, Dept. C, American Academy of Pediatrics, P.O. Box 927, Elk Grove Village, IL 60009-0927.

BOBBY VOYLES of Golden has grown a beautiful crop of large sweet potatoes this year. Some of the beauties weighed in at over 4 lbs. each. Besides gardening, Bobby enjoys working with walking horses. Another of his hobbies is drawing walking and racking horses, like the one pictured here.

The top five collectors were (from left to right) Greg Brose, Patricia South, Anna Johnson, and Tommy Whitaker. Not pictured - Adam Kline. FBLA would like to thank these members on a job well done, and also extend warm gratitude to all those who participated. Thank you for supporting such a worthy cause.

Revival At Iuka Apostolic Church

The Apostolic Church of Jesus Christ will host a four day revival beginning Wednesday, October 6 and will continue until Sunday, October 10. Services will start each night at 7 p.m. The visiting evangelist will be Rev. Art Sprinkle.

IN THE CHANCERY COURT OF TISHOMINGO COUNTY, MISSISSIPPI
THE MATTER OF THE
CONSERVATORSHIP OF
RUBY SMITH 11,270
DECREE TERMINATING CONSERVATORSHIP AND RESTORING COMPETENCY

THIS CAUSE came on to be heard on the 18th day of February, 1993, on the Petition to Restore Competency and Remove Conservator filed herein by Don Robinson, Co-Conservator of the person of Ruby Smith and her next friend, and upon the Answer and Counter claim filed herein by Carl A. Smith, Co-conservator of the person of Ruby Smith. The parties were present and represented by their respective counsel, Richard D. Bowen of luka, Mississippi, for Petitioner, and Phil R. Hinton of Corinth, Mississippi, for Respondent. The Court, upon hearing the testimony and considering all evidence produced at trial, does hereby find as follows:

I. The Court has jurisdiction of the parties and the subject matter of this proceeding.

II. By Order of this Court dated September 21, 1990, a conservatorship was established for Ruby Smith. By the terms of the aforesaid Order, Ruby Smith was judged to be incompetent to manage herself and her affairs in consequence of hypertension, diabetes, prior stroke and an emotional instability with impaired judgment. Carl A. Smith and Don Robinson were appointed as Co-Conservators of the person of Ruby Smith, and Richard O. Clark was appointed as Conservator of the Estate.

III. Richard O. Clark, as Conservator of the Estate of Ruby Smith, took no property into his possession belonging to the conservatorship estate and has not entered upon the execution of his duties, and has filed no inventory or accounting concerning the estate.

IV. Based upon all of the testimony and other evidence introduced at the trial of this cause, the Court finds that Ruby Smith is now competent to manage her own affairs, and that this Court should now enter its Order restoring her competency and dissolving the conservatorship. In making this finding, the Court is relying particularly upon the testimony through deposition of Dr. Jeffrey Lee, and this Court's observation of Ruby Smith, her demeanor and her responses to questions propounded to her on both on direct and cross-examination.

IT IS THEREFORE ORDERED, ADJUDGED AND DECREED that Ruby Smith is restored to her competency to manage herself and any of her affairs, and that she is now legally capable of performing any act or deed or undertaking any obligation which she could have done prior to September 21, 1990. The Conservatorship thus established by that Order of this

Court dated September 21, 1990, is hereby dissolved and terminated, and the Conservators appointed thereunder are hereby discharged.

SO ORDERED, ADJUDGED AND DECREED this the 17th day of March, 1993.

NASA's Tri-State Education Initiative Consortium Begins In-Depth Geography Studies

NASA's Tri-State Education Initiative Consortium began a year-long series of in-depth studies, a. Geography Institute, on September 19.

Twenty-four teachers from parts of Alabama, Mississippi and Tennessee, the three states which comprise the Tri-State Education Initiative region, met at the Crow's Neck Environmental Center in Paden, Miss., to learn more about geography and its relationship to our own communities through global studies.

Dr. Tom Sever, NASA's only archaeologist, was the keynote speaker. Sever discussed NASA's role in using satellite imagery to make archaeological discoveries worldwide and to change conceptions of world history. Examples of satellite imagery and other state-of-the-art technologies were shared with the group for future curriculum development for teachers and students.

Also speaking that day were Dr. Julie Elbert of the University of Southern Mississippi's geography department in Hattiesburg and Dr. James Binko with the education department at Towson University of Baltimore, Md.

FUTURE PLANS FOR THE GEOGRAPHY INSTITUTE

The group will meet monthly at the Tri-State Learning Center in Iuka throughout the 1993-94 school year to network information and ideas. They will also be able to attend presentations from noted speaker which include Dr. Howard Johnson of Jacksonville State University, Fla.; Dr. William Strong of the University of North Alabama, Florence; Dr. Jess McKee of the University Southern Mississippi; Dr. Sidney Jumper of the University of Tennessee, Knoxville; and J. Joe Ferguson of the National Geographic Society, Washington D.C.

A geography competition and awards day featuring Gil Grosvenor, president and chairman of National Geographic, will highlight Geography Awareness Week set for Nov. 15-19. Over 1,600 students and teachers are expected to attend that day. The Geography Institute will conclude with a two-day workshop at the Crow's Neck Environmental Center.

Teachers who attend this year-long series will become certified by the National Geography Society and will in turn hold similar series of studies for other educators.

TRI-STATE EDUCATION INITIATIVE

Under the leadership of NASA's John C. Stennis Space Center, a national demonstration program—the Tri-State Education Initiative (TSEI)—was implemented in 1991. The TSEI is a cooperative effort between NASA and state, local and other federal agencies to work toward accomplishment of the National Education Goals.

The TSEI encompasses an area within a 50-mile (80-kilometer) radius of Iuka, to include parts of Alabama, Mississippi and Tennessee. The initiative advocates total community involvement in the education system and programs that are appropriate for people of all age groups.

TRI-STATE EDUCATION INITIATIVE CONSORTIUM

The Tri-State Education Consortium is an association of 30 school districts, kindergarten through grade 12, organized to work cooperatively to enhance and broaden the capabilities of their respective education systems within the tri-state area. Representation on the consortium and its nine-member executive board is provided by each of the 30 superintendents. The TSEI currently serves 232 schools; 5,600 teachers; 102,000 students; and a population of 550,000 local residents.

For additional information about the Geography Institute or the Tri-State Education Initiative, call (601)423-9071 or 423-7345.

Timberline

By: Brendix Glasgow
County Forester
Record Timber Income
Recorded Last Year

Mississippi had another record year for timber harvests in 1992, when more than \$810 million worth of forest products were delivered to sawmills and wood yards.

According to figures from the Mississippi Forestry Commission and the Extension Service, the total value of the state's timber harvest was \$810,282,332, making timber the state's second most valuable agricultural com-

modity.

Private landowners' slice of the timber revenue pie was valued at \$516 million, while the logging and transportation segment of the industry earned some \$294 million.

Both the amount of products harvested and their value surged upward in 1992. The strongest volume increases were in hardwood sawlogs, up 27 percent, and pine poles, up 35 percent over previous highs.

The pine sawlog harvest increased seven percent and the value was up 8 percent. But the value of hardwood sawlogs increased by 47 percent, reflecting dramatic price increases for this product.

The volume of pine pulpwood harvested increased by 3 percent, while hardwood pulpwood showed a 12 percent increase. The value of both commodities was up, indicating a sellers market for pulpwood throughout the state.

Stumpage prices, the amount paid to landowners for their forest products, were up significantly in most areas of the state. Pine sawtimber prices soared upward by as many as 23 percent, while hardwood sawtimber prices ranged from 10 to 19 percent higher.

Pine pulpwood prices increased by a whopping 48 percent, while hardwood prices jumped by as much as 79 percent.

The greatest competition among buyers for pulpwood was in central and north Mississippi.

According to forestry officials, the dramatic price increases for forest products can be attributed to several factors. One, the competition among buyers, is increasing due to market demands. This was especially true in central and north Mississippi. Opening of the Tenn-Tom Waterway has accelerated this trend, strongly influencing pulpwood prices.

Wet weather in the state for much of 1992 also drove up timber prices, as did the rebuilding boom that resulted from Hurricane Andrew. Also, in late 1992, uncertainty about the lumber supply from the Northwest

due to the Spotted Owl controversy, spurred lumber prices.

Severance tax collection on the state's timber harvest was 9.2 percent higher than the previous year, at \$3.9 million.

Twenty (20) percent of the tax revenue is returned to the counties where the timber was harvested. The remaining 80 percent is used to fund the state's Forest Resource Development Fund which provides incentive money for landowners to plant and improve timber stands.
