THURSDAY, JUNE 9, 1994 NO. 1

**HIGHWAY 25 BYPASS OPENS** - Among the officials on hand for a brief ribbon cutting ceremony officially opening Mississippi Highway 25 Bypass in Iuka were (from left) Senator Travis Little, Representative Harvey Benderman (speaking), Tishomingo County Development Foundation Executive Director Mack L. Wadkins, District Maintenance Engineer Neal Peach and Northern District Highway Commissioner Zack Stewart.

## Heavy Traffic Bypasses Iuka On New Hwy. 25 4-Lane

Local and State dignitaries gathered at the entrance of the newly completed 4.6 mile stretch of Mississippi Highway 25 in Iuka Monday to officially open it for public use.

The new four-laned section will provide a bypass around Iuka and connect U.S. 72 with J.P. Coleman State Park Road.

Mack L. Wadkins, Executive Director of the Tishomingo County Development Foundation, served as Master of ceremonies at the ribbon cutting. He told those at the ceremony how important it is to vote in election's such as Tuesdays. He explained that one vote can make a difference such as it did with the 1987 Four-lane highway bill responsible for the construction of this highway. "The bill passed by one vote and the Governor's veto was overridden with the exact number of votes needed."

Among the other speakers at the event were 1st District Miss. Rep. Harvey Benderman who said that the by-pass will be a safety factor since it will divert heavy truck traffic away from the central business district.

State Senator Travis Little and Northern District Department of Transportation Commissioner Zack Stewart both commented about the potential economic development that can be achieved in the area, with this new stretch of highway opening up many new opportunities.

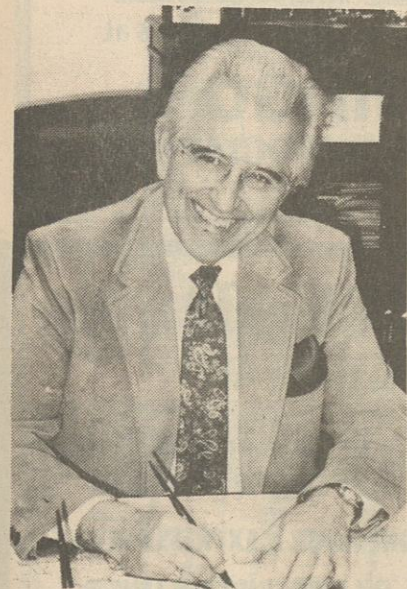

The construction of the 4-lane project was done by Hubbs Contractors of Camden, Tenn. with a total cost of \$8.2 million. The Major Economic Impact Authority division of the Mississippi Department of Community and Economic Development was responsible for the funding of the project.

## Iuka Voters To Elect Mayor Next Tuesday

Candidates J. R. Long and David Nichols will once again face-off Tuesday, June 14, in a court-ordered election for the office of mayor of the City of Iuka.

Citizens are urged to come out and vote during this special election since its outcome will determine if incumbent mayor David Nichols will remain in office or if candidate J. R. Long will take over as the city's chief executive.

The special election is being held after a jury decided recently that irregularities with absentee balloting procedures made it impossible to determine a clear winner in the June 8, 1993 general election. The jury voted to have a new election rather than, themselves, determining a winner.

Voting will begin Tuesday morning, June 14 at 7 a.m. at City Hall. Polls will close at 7 p.m. Anyone wishing to vote absentee may do so until noon Saturday, June 11 at City Hall. For more information on the election or absentee voting call 423-3781.

## Lawsuit To Be Filed Against City of Iuka

A suit against the City of Iuka, as well as against certain individual City officials is being brought by former city general maintenance superintendent Jerry McDaniel on grounds of wrongful discharge, according to McDaniel's lawyer Duncan "Bubba" Lott of Booneville.

A hearing was held April 11 to examine the evidence surrounding the firing of McDaniel. Lott, at that time, interviewed Mayor David Nichols, certain Iuka City Board members and city employees to determine if McDaniel was dismissed wrongfully. Lott, on behalf of McDaniel, asked that the Board take up the matter and based on evidence of the hearing, reverse their decision at its next board meeting. This topic was not mentioned at the regular board meeting therefore the next course of action is for McDaniel to file suit, according to Lott.

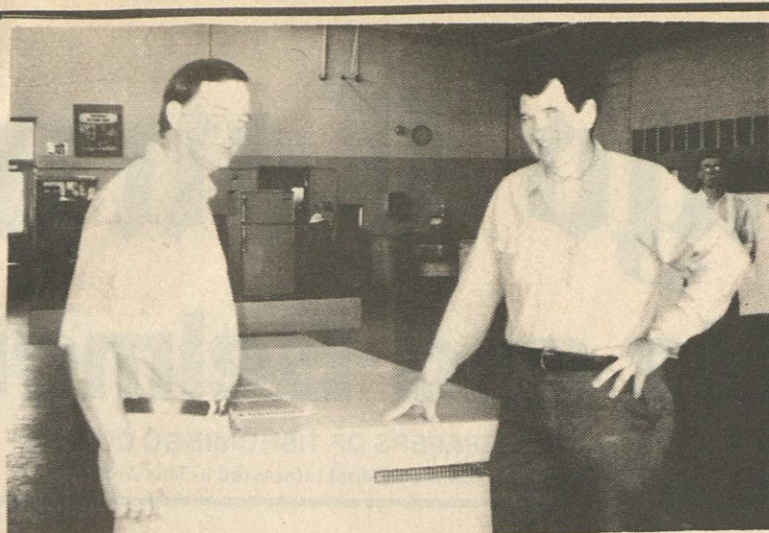

The suit will request reinstatement, back pay and compensation for mental pain and anguish.

### Home Economics Tips

By: Barbara F. Guinn, Extension Home Economist  
**MORE THAN A THIRST QUENCHER**

Water is second only to oxygen as life's most essential element. We need six to eight glasses of water daily to help ensure good health.

Water must be replaced frequently because we lose about two and a half quarts daily. In fact, it is necessary for almost every process of the human body. For example, water aids in digestion and circulation, and it helps maintain normal body temperature and healthy skin.

perature and healthy skin.

Your body's need for water increases in hot and dry climates and with physical activity. In these situations, it is a good idea to drink a few ounces of water every 15 to 30 minutes. Also, be sure to drink when you feel thirsty. Thirst is a cue that your body needs more fluid.

Food also provides water. Most fruits and vegetables are more than 80 percent water. And water makes up between 60 and 70 percent of meats and poultry.

Because that contain caffeine or alcohol are not considered good sources of water because they act as diuretics and speed the loss of fluid. If you do consume them, drink an equal amount of water.

\*Seltzer, unsweetened  
\*Club soda  
\*100 percent fruit juice  
\*Low-sodium vegetable juice  
\*Artificially sweetened, decaffeinated soft drinks.

Remember, water is an essential nutrient - just like vitamins and minerals. In fact, water is the most important nutrient of all. A healthy adult can survive without food for weeks, but just a few days without water.

### VACATION PLANS FOR YOUR PET

With vacation season approaching, many pet owners wish to take their pet along as they travel.

Planning and preparation in advance can help make the trip more enjoyable and safer for both pet and owner.

First of all, consider whether your pet is comfortable and happy when traveling. Some animals, like some people, function better in familiar surroundings. A car sick, unhappy animal can make a trip miserable for everyone.

If your pet doesn't like to travel, don't force the issue. Leave him or her at home.

Be considerate. Not all friends or relatives welcome pets. The same goes for hotels, motels, parks and campgrounds. An advance inquiry can help avoid a frustrating misunderstanding.

Following are some additional suggestions that may make traveling with your pet more fun and help avoid unfortunate situations.

1. Be sure your pet is in good health and up-to-date on all vaccinations and free of parasites before beginning any trip. A visit to your veterinarian a couple of weeks in advance will be worth while.

2. Have a health certificate available as well as rabies vaccination certificate, especially if traveling to Canada or Mexico.

3. Be sure your pet wears complete identification with home address and phone number. The license tag should be worn at all times. Keep your pet on a leash to prevent loss of injury.

4. Take your pet's favorite toys and dishes. Dry food will be more convenient if your pet is used to it. Plan to feed the pet a meal at the end of the day, or when you reach your destination.

5. Plan to stop and allow your pet some exercise. Stopping every few hours or so is recommended.

6. Your pet needs fresh water during the journey also, especially if it is hot. As a rule of thumb, if you're thirsty, chances are your pet is too. (But don't allow too much fluid intake or your pet will have to become frequent.)

7. Cats will travel better if kept in a suitable carrying case.

8. NEVER leave your pet unattended in a parked car. Heatstroke can occur very quickly in a parked car.

9. A bath and grooming in advance may make the trip more pleasant for all.

Don't automatically eliminate your pet from your travel plans. Just plan in advance.

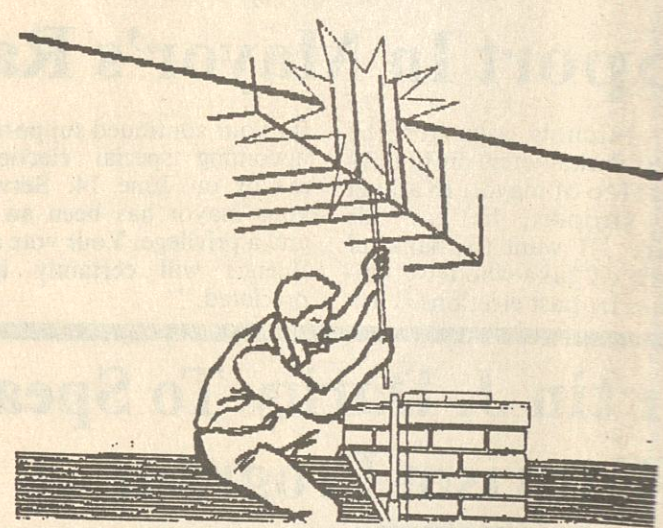

## SAFETY FIRST

### You Don't Want This Kind of Reception

Many antennas were victims of the recent ice storm. When reinstalling these, be sure to practice good safety measures. Antennas can be hard to handle, so be careful. If an antenna you're installing comes into contact with an electrical line overhead, you'll be off the air, permanently. Make certain that your antenna can't contact any lines nearby; or to be really safe, get professional assistance.

As you go about your task of cleaning-up after the storm, please observe safety. Remember, all lines should be respected and treated as if hot. Do not assume that any electrical wire is without power.

## Cherokee Resident Signs With Colorado Rockies

Art Waldrep a former pitcher at Cherokee High School, was notified Thursday, June 2, that he had been selected by the Colorado Rockies during the 18th round of baseball's annual amateur draft.

Waldrep is the son of Melinda and Arthur Waldrep of Cherokee, Ala. He is the grandson of Addie and the late Alvie Waldrep of Cherokee, Ala. and George and Martha Foster of Tuscumbia.

Waldrep was a three-sport standout athlete at Cherokee and received the school's all-around athlete award in 1989-90. He was an all-county and all-area selec-

After skipping the 1993 baseball season to play football at the University of North Alabama, Waldrep pitched for Union University in Jackson, Tenn. in the spring. It was his 90 mph fastball that caught the eye of the scouts.

The 22-year-old baseball player left Tuesday, June 7, for a mini-camp in Phoenix, AZ. Following two weeks there, Waldrep will report to the Rockies' single A team in Bend, Ore.

"The whole city of Cherokee is excited about him getting drafted because this is a baseball town," Cherokee Coach Richard Phillips said. "I wish him the best."

month or so he was told by the city superintendent to do certain jobs for the city which included paving citizens private driveways and even their ditches. This was the very same illegal activity that the Mayor had called man in his office for, approximately three months ago.

In addition to the above misuse of city materials and city workers, I have found private driveways that have been filled with white slag, a private yard that has been bush-hogged and other private properties that have been filled in with dirt and then spread by the city employees. Incidentally, I notified the State Auditor's office of these situations on Monday, June 6. I am awaiting his findings.

One rumor has it that Mayor Nichols told the new city superintendent to fix whatever the people wanted as long as it would ensure him of a vote. If this is proven to be true, this city is in trouble and we need to correct it now.

While I'm mentioning Mr. McNeely, I would like to bring another fact to light. After working approximately two months Mr. McNeely left last Friday on a three week vacation. A member of the Board of Aldermen told me that this was arranged before Mr. McNeely was hired and the Mayor went along with it. Our regular city employees have to work a year for a weeks vacation and work two years to earn a two week vacation. I don't know of any employee that ever got three weeks. It seems to me that after getting rid of Mr. McDaniels that the rules were thrown out the window.

A lot of people have been calling or stopping me on the street and asking if it's true that Chief Amos Bates has been supporting David Nichols for Mayor. As most of you are aware, Chief Bates and Mayor Nichols have had problems for the last five years. The Mayor was heard making the comment that he felt a lot better about the election because he was pretty sure that he had Chief Bates back on his side! If the Chief is supporting Mayor Nichols, I wonder what, if anything, did the Mayor promise this man.

Five years ago Mayor Nichols promised a young man in this city a high paying job if the gentleman would help him get elected. But as soon as the Mayor won the election, that young man was tossed aside like day old coffee. I would strongly advise anyone that is ever promised something by Mayor Nichols, to think twice before they make a commitment.

By the way, does anyone remember seeing the Mayor during the ice storm? I mean other than the time that he came dressed to kill, to meet the Governor. Meanwhile nearly everyone else, including businessmen, were out on the

streets with trucks and chainsaws, helping to get our city back on it's feet.

One lie that is being spread around the city, is that if J.R. Long is elected Mayor, that will mean that the control of Iuka will be in the hands of some other people. Let's get serious folks. I believe if they wanted to be Mayor that they would put their name on the ballot just like anyone else. As for Mr. Long, I strongly believe that he has the intelligence, integrity and loyalty to make Iuka an outstanding Mayor. One statement that I heard Mr. Long make, was that if he were elected Mayor, that he would have an open door policy. An appointment won't be needed to see him, as is the case with the present Mayor.

I am a Democrat but this election has nothing to do with political parties. This election has to do with what's wrong with this city. On June 14th we can start anew by getting rid of the dissension in our city government. We can do this by electing J.R. Long for Mayor of the City of Iuka.

#### **Letter To The Editor**

On June 14th, (next Tuesday), it will be time once again, for the people in the city of Iuka to cast their vote for a Mayor.

I think a little light needs to be shed on the present situations existing in the city under the leadership of Mayor Nichols.

I have wondered countless times over the last 30 days as to what extent and how far Mayor Nichols would go to win this election. After talking with numerous citizens of this city, some of them being Mayor Nichols supporters, I think I have found the answers to my questions.

I assume, that by now, most everyone living in Iuka is aware of Mayor Nichols' witch hunt to get rid of city superintendent Jerry McDaniels. What you are probably not aware of is that the Iuka City Attorney was paid \$75.00 an hour, of your hard earned tax dollars, to try and stop Mr. McDaniels from drawing his unemployment benefits. The

firing of McDaniels seemed to be not only politically motivated but a personal vendetta as well.

One city employee was called in to Mayor Nichols office and was asked if he had taken some material to his residence. He replied that he had and that the material was waste material that was left over from a city project. The Mayor asked the man if Mr. McDaniels had any knowledge of his taking the material and the man replied that he did not. The man said that he wouldn't lie to save his job. As he started to leave Mayor Nichols office he was told by the Mayor not to mention the reason for his being there and not to disclose what their conversation was about. Days later, the same man was called back to the Mayor's office and asked the same questions. Again the man stated that Mr. McDaniels knew nothing of his wrong doing. Later on he was asked by the new city superintendent to change his story, just so that everyone could keep their job. Again he refused.

Not only is this city employee still on the job, but in the last

The next game was two teams undefeated

in the winner's bracket with USA showing too much experience for the young team Ramsey's winning 20-2. Redd's and Dooley's went head-to-head in one of the best games of the tournament with both teams showing plenty of offense, defense, and power, but Redd's came out on top 20-17 in a game that could have went either way. Then Fire and Ice took on Tombigbee, with Tombigbee winning 15-4. Southern Tree came back as the heat rose to 90° and up to take on Corinth Truck Parts in a losing battle 12-4. By then the temperature was really HOT! Redd's and USA went head-to-head in the final's of the winner's bracket, with both teams showing plenty of defense, with Redd's coming out on top 9-6. Corinth took on Ramsey's in the loser's bracket with Corinth winning 13-1. Dooley's then took on Tombigbee, winning 21-6. The next game was full of action with Dooley's coming out on top of Corinth 14-12. Then Dooley's eliminated USA from the tournament to play Redd's in the final game.

As it should be, the last was the best with both team's showing plenty of offense and power. Both teams hit the limit of home runs. 10 for both teams. Some of them were some of the longest home runs ever hit at the Iuka field. Going down to the last out of the game, Redd's won the game 19-18, to win the tournament.

I would like to thank all the teams for making this the best Heritage Day Tournament yet. I would also like to give special thanks to Gerome West, Greg Higginbottom, Don Butler,

Johnny Stockton, Bud Brooks, Bo Kay and Larry McDowell for their help in calling the ball games, and to JoAnn Barrett, Betty Walls and Debbie Dooley for helping to keep score. And thanks to the baseball league for letting us use the bathroom facilities and water faucets. Once again, a special thanks to everyone. softball fever....CAT-CH IT!!!

## Letter To The Editor

I have a statement to make regarding statements by our congressional politicians and anyone who has criticizing remarks to make about our state prisons. On more than one occasion, I have heard candidates refer to our prisoners as lazy. I have also heard them complain about televisions, weight benches and air conditioned cells. Well, I don't know what prison was being referred to, but I can guarantee that it wasn't all of them. Maybe our county jails were being referred to, where our prisoners have televisions and are free to go out and play basketball and lift weights.

Now it's my turn to speak. I have a relative who is in prison, and I know what they go through, and it sure is not watching Days of Our Lives and lifting weights in an air conditioned building. Last summer, in a prison in South Alabama, my prisoned relative worked every day, 6 days a week, 10 hours a day, in a 3 foot deep ditch digging with a shovel. The temperature was 105-120 degrees every day. He did not so much as have a cap or hat to keep the sun off of his head, or a rag to wipe his sweat. Maybe he got a drink of water once every hour or so, just enough to wet his tongue. They were fed three meals a day, the food being almost inedible. They are restricted to visitors once a week, and they can call home once or twice a week. If they don't have supportive family, then they don't have money to buy an occasional candy bar or coke. At Christmas, they can get packages, the contents are limited. They are allowed to receive one pair of tennis shoes per year. If their shoes wear out, they can buy a new pair from the prison for \$75.00, but they are only getting a \$20.00 pair of shoes. They can buy a Bic disposable razor once a week for .75 cents, they are .97 cents for five at any store.

All of their rights were taken away from them when they were convicted of whatever crime they committed, and their suffering began the day they were put behind bars. Why do you people want to keep condemning them? They are paying for their crimes. What else do you want? Why don't we put them to work in the heat and bring them in to a building just as hot? Why don't we take their blankets in the winter, so they will be cold? Why don't we limit them to one meal a day? We sure wouldn't want to over feed them. And why do we

want to stop trying to educate them? Lack of education is one of the biggest problems in our nation today. Don't you think that if they were put in, that it will have a positive effect on how they maintain their life outside of prison?

Go to one of the state prisons and see what you find. I'll bet you won't find them watching Days of Our Lives or lifting weights, playing ball all day or doing as they please. They will be working harder than most people reading this have worked in their entire life.

I think people need to consider everything before making crucial statements about our prisoners. Unless you have first hand knowledge of what actually goes on in the prisons or how the prisoners are treated, then you have no idea of what it is like and you need to just keep your remarks to yourself. I am tired of listening to politicians and people in general gripe and complain about the air conditioned cells and televisions.

Next time, before you make a crude statement, go to one of our state prisons and just see for yourself what really goes on.

An upset listener

## Letter To The Editor

We wish to thank your Junior American Legion team for being a part of the humbling tribute that was paid to our son, Sam Floyd, on Thursday, June 2, at the New Albany Sportsplex, Legion Field.

The players and the fans were able to break through the obstacle of unfamiliar people in an unfamiliar place and show compassion and respect to the tribute being made to our son. We wish to thank them from the bottom of our hearts for their kindness in honoring the memory of Sam. We just wanted Tishomingo County to be proud of your young people and the Christian attitude and respect they so freely gave.

May God bless you all.

## A Portrait Of A Good Man

When we came to Iuka in 1971 we met a man, a "GOOD MAN", that gave us confidence in mankind. He is a man who does his own thinking and makes his own decisions based on what is best for the situation. He is an honest and caring man. He is a man who is well educated but can still talk to anyone on their level with completed understanding. We have never heard him talk down to anyone.

He is a devoted husband and father who in all circumstances always protected his precious family. He is a praying man and it was those prayer times that got him and his family through the accidental death of one of his daughters. He raised his children in church and taught them the importance of prayer. We have seen him through good times and times of sorrow. He was always "A GOOD MAN".

He is always available for city functions, volunteering for all kinds of activities. He was Superintendent of Education for Tishomingo County Schools for many years, he taught in our school system, he was a coach in our school system and he was an officer at a local bank for many years. He knows the city of Iuka, very well and also knows the needs you and we have as citizens. He knows how city government works and how to get things done through the proper channels. He is a "people person" and knows how to conduct the city business without confusion.

The "GOOD MAN" is running for the office of Mayor in Iuka.

This "GOOD MAN" is our friend J.R. Long. A vote for Mr. Long would be a vote for a sincere, honorable, and trustworthy Mayor.

Bro. Jerry & Betty Swimmer

## Letter To The Editor

What kind of Mayor does Iuka need???

Is it someone who never stays in the Mayor's office, but yet draws a salary (the taxpayer's money)?

Is it someone who has NO MERCY, but willing to fire a person right on the spot - without any justification or reason - never giving the person an opportunity to prove himself innocent? THIS IS INJUSTICE, in my opinion.

Is it someone who does not have a personal interest at heart

for the people - but has a GREED EGO problem - only interested in HIS PRESTIGE AND IMPROVEMENT!!!! Will butter the election now, but when the election comes over - YOU ARE A NOBODY! Wait and see if I'm telling you the truth.

Is it a Mayor who would have done the firing of a city employee only minutes after it was announced that the city employee's father had just died? NO! That is exactly what your Mayor did, along with an Alderman woman and two of the Aldermen. IUKA NEEDS TO WAKE UP! THAT WAS TERRIBLE. McDaniel was never guilty of anything - it was the word of the Mayor and the Aldermen, and an Alderman. What do you think of city employees that would fire a man on the spot? What do you think of city employees and to the Daniel family. You just want to be treated this way in no one should be treated in this manner.

TAKE A GOOD LOOK AT THE ABOVE PLEASE, PLEASE VOTE FOR A PERSON WHO HAS ANY OF THE ABOVE TRAITS.

IUKA SIMPLY DOES NOT NEED A PERSON LIKE THIS A VERY CONCERNED TAXPAYER OF IUKA

## Local Talent At Six Flags

Mt. Vernon Baptist Church Youth went to Atlanta, Georgia this past weekend (June 3 & 4) on a trip to see the Atlanta Braves play the Los Angeles Dodgers and to visit Six Flags. On Sunday, we arrived bright and early at the gate to Six Flags and were greeted by a hometown man - Keith Broadway. He invited us to see his show later in the afternoon. Several of our youth attended the show, and what a terrific show it was! Keith has five other young people who are great job. He is going to be a bright star someday soon. If we are ever in Six Flags, go to the "Crystal Pistol" and see the show "Now That's Country". We went to talk to Keith, and he was hello to family and friends. Those who attended the show were: David and Annette Brantley, Terry and Courtney Starnes, Denise Wright, and Charlie Bridges. We are proud of Keith!

We always have given to the library but this time we are only giving one scholarship. You may wish to do a gift in memory of someone or to honor a special person. In other words we need your financial support. Our special project is the playground.

The time for registration and visitation has been changed this year. We are going to begin at 4 p.m. and the banquet will start at 6 instead of 6:30 as it has been in time past. The deadline for reservations in June 30th. To qualify for door prizes you must have your paid reservation in by the 30th. You know how much we enjoy the special time when we

can hardly wait to see what we have been given. Merchants, be on the lookout for one of our members to visit with you about donating a door prize. This is the highlight of our meeting.

The meal will again be catered by Shewbart's of Alabama. Remember how good it has been for the last two years and what a good time we had visiting with our friends and classmates. Looking forward to seeing you there!

The price of the meal is \$7.00 and will consist of smoked chicken, barbequed chicken or pork, slaw, baked beans, bread dessert and tea.

## Facts About The BIBLE BY JOHN LEHTI

### THE GIDEONS

A HOTEL ROOM...  
...A PRISON CELL...  
...MILITARY INDUCTION CENTER...  
...AN AIRPLANE!

WHAT DO THESE DIFFERENT PLACES ALL HAVE IN COMMON?  
...WHY A GIDEON BIBLE, OF COURSE!

IN 1908, AT THE SUPERIOR HOTEL, IRON MOUNTAIN, MONTANA, THE FIRST GIDEON BIBLE WAS GIVEN AWAY. SINCE THEN, GIDEONS INTERNATIONAL HAS PLACED THROUGHOUT THE WORLD 211 MILLION BIBLES FOR THE TRAVELER TO READ!

WHY DO THESE DEDICATED MEN, ALL VOLUNTEERS, CALL THEMSELVES GIDEONS? IN JUDGES 6:12, THE BIBLICAL GIDEON WAS CALLED UPON BY AN ANGEL OF THE LORD. TODAY'S GIDEONS BELIEVE THEY HAVE BEEN CALLED TO DISTRIBUTE THE WORD OF THE LORD AS IT IS FOUND IN THE BIBLE!

Winner  
Jana Carolyn Sims

The United States Achievement Academy announced today that Jana Carolyn Sims has been named a United States National Award winner in Business Education.

This award is a prestigious honor very few students can every hope to attain. In fact, the

Academy recognizes less than 10% of all American high school students.

Jana Sims, who attends Tishomingo County Magnet High School was nominated for this National Award by Mrs. Lana Harrelson, a Business Education teacher at the school.

Jana will appear in the United States Achievement Academy Official Yearbook, published nationally.

"Recognizing and supporting our youth is more important than ever before in America's history. Certainly United States Achievement Academy award winners should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of the United States Achievement Academy.

The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and ap-

titude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability, and recommendation from a teacher or director.

Jana is the daughter of Jesse and Janice Sims. The grandparents are J.L. and Hestine Sims of Booneville, Mississippi and Doyle and Mary Sue Byram of Southaven, Mississippi.

### Presidential Correspondence--

"I wrote to President Bill Clinton a few months ago because we were studying about the presidents in Mrs. Robinson 5th grade class and I like studying and learning about the presidents," said Samantha Michael (pictured).

"I decided to write to President Clinton to see if he would answer my letter and I was curious about what he would write to an eleven year old girl if he did answer."

Following are the letters:

Dear President Clinton,  
How are you? My name is Samantha Michael, I am 11 years old. I live in Iuka, Mississippi. I'm in the 5th grade at Iuka Middle School and I love to study about the presidents. Right now I'm doing a book report on Abraham Lincoln. My brother Mark Anthony Lambert is 19 and is now a student at Northeast Mississippi Community College. He was the FBLA State President for Mississippi last year.

I live near the ASRM project and I was wondering what your opinion was on it. The ASRM has helped us to get a bigger and better high school and better roads and made our town grow (for instance) my neighbors are from California Mr. Fuller is a retired engineer of Aerojet he worked on the ASRM program, there have been many nice people who have moved here and may have to move away. A lot of people around here including my mom work for at ASRM-NASA. If it is closes there will be a lot of money wasted and a lot of people out of work.

Why did you want to become a president? What is the hardest part of being a president?

If you would please right back, I know you are a busy person, but I sure would love to receive a letter from you.

Try to get our soldiers back soon I know a lot of families would like for their fathers or sons to be home for Christmas.

Sincerely,  
Samantha Michael

Dear Samantha:

Thank you for writing with your kind words of encouragement.

I believe that young people are the future of our country. That is why so many of my proposals are designed to build a better nation for your generation. We must improve education for all students.

ts. We must also protect our environment and ensure that our communities are safe.

Without your help, I cannot make all of the changes that America needs. You can preserve the environment in many ways -- by participating in recycling programs and by picking up litter. You can volunteer to serve food in shelters for the homeless, you can tutor kids who are having trouble in school, or you can become a friend to a child who is less fortunate than you are. The most important thing you can do for our country is to work hard in the classroom and prepare yourself for the time when your generation will be leading America. Become involved in your community, and together we can make a difference.

I challenge you to take personal responsibility for your future and for the future of America.

Sincerely,  
Bill Clinton

ORDINANCE REGULATING THE ERECTION AND OCCUPATION OF MOBILE HOMES

WHEREAS, the Board of Alderman of the Town of Tishomingo find that certain regulations should be adopted for the erection and occupation of mobile homes in order to preserve and promote the public health, safety and general welfare of the inhabitants of the Town of Tishomingo and the public generally, and to encourage and facilitate the growth and the expansion of the Town of Tishomingo.

WHEREAS, the Board of Alderman further find that an ordinance should be adopted regarding the erection and occupation of mobile homes for the immediate and temporary preservation of the public peace, health and safety of the inhabitants of the Town of Tishomingo and to the general public and that such ordinance should be made effective immediately upon its passage.

WHEREAS, the Board of Alderman find that the Ordinance Regulating The Erection And Occupation of Mobile Homes should be made in order to lessen the congestion in the streets, promote health and the general welfare, provide adequate light and air, prevent the overcrowding of land, avoid undue concentration of population, and facilitate the provision of transportation, water, sewage, schools, parks, and other public requirements. **Genesco Workers May Qualify For Benefits**

Mississippi workers who were laid off from Genesco, Inc., locations in Fulton and Iuka may be able to draw extra unemployment benefits and services.

Genesco Inc. workers in Fulton and Iuka who were engaged in employment related to the production of boots and shoes may be eligible for these benefits, according to Charles Ballard, director of unemployment insurance for Mississippi Employment Security Commission. "Workers who were laid off either temporarily or permanently or had hours reduced since February 16, 1993 have been approved for Trade Act benefits," he said. These workers are covered in Trade Act Petitions approved on May 17, 1994.

If you think you might be eligible for these benefits, contact the nearest claims center office of the Mississippi Employment Security Commission.

The federal Trade Act provides additional weeks of unemployment benefits to people who have exhausted regular benefits. As much as 26 more weeks of benefits may be provided for an individual to complete an approved training course.

Companies become eligible to participate in the Trade Act program by filing a petition to the U.S. Department of Labor. They must provide evidence that an increase in foreign imports has adversely affected the demand for their products or services, causing them to lay off workers.

In all, we sold twenty-eight gallons of orange sherbert and several dozen cookies. Our building fund fund raiser was a success, bringing in more than we expected. We would especially like to thank the following businesses: Cutshall's Funeral Home, for the tent; Sonic, for donating the cups, spoons, and napkins; and Wal-Mart for allowing us to sell raffle tickets at their store. The Berkley rod and Quantum reel was won by Mr. Rodney Pannell. We appreciate everyone who bought tickets and who supported us in our fund raising activities. Thank you very much for your support!!
