### Purchase Of Red Bay - Corinth Railroad Finalized

Negotiations to purchase a 41-mile section of railway between Red Bay, Alabama and Corinth, Mississippi, were finalized Wednesday, February 15, by a group of industrial and community leaders from Mississippi and Alabama.

Only two customers used the rail line, Sunshine Mills, a pet food producing company in Red Bay, Ala. and Westvaco, a timber buying company in Belmont. Norfolk Southern senior general attorney Robert Cooney said that the short line had been targeted for closure because of economic reasons. He credited the saving of the line to Belmont Mayor Bob Yarber and his committee to save the railway.

The purchase price of the railway was \$1.1 million. Funding for the purchase of the light density railroad line came from various sources including

\$550,000 from an Appalachian Regional Commission grant through The Tennessee Valley Authority, \$175,000 from Sunshine Mills, \$50,000 from Westvaco with the remaining amount contributed by Norfolk Southern.

The ARC Funding came from both Mississippi (\$300,000) and Alabama (\$250,000) so the legislatures from both states passed laws creating a two-state authority to oversee the railway's operation.

Included in the authority are Belmont Mayor Bob Yarber; Red Bay Mayor Billy Bolton; Tom Wood, Belmont; Eucellis Underwood, Red Bay; Leon Cook, Belmont & Allen Bostick, Red Bay.

Columbus and Greenville Railway has been contracted by the authority to operate the line. The line will be called the Redmont Railway Company.

## Soil Conservation News

Winter pastures are finally beginning to grow in spite of the recent very heavy rain and cold weather. Plan spring management programs to get full use of these very expensive crops as grazing or stored feed.

1. Cattle can be removed from ryegrass not needed for spring grazing by April 1 and still produce a good hay or haylage crop if adequately fertilized. Fields not yet topdressed can have 50+ lbs. of nitrogen applied by late March and still produce a good yield. Ryegrass produces highest quality if harvested when first seedheads appear, but should certainly be harvested by the time oldest seedheads are in the dough stage.

2. Late March to mid-April is an ideal time to fertilize bermudagrass and bahiagrass hay fields. Fertilize according to soil test recommendations. Where high rates of potash are needed, particularly on sandy soils, split applications should be made. Since potash does leach badly on many soils, the closer the potash can be applied to the time the plant needs it, the more efficiently it is used. This is very important on high producing hay fields as each ton of hay harvested removes about 30 lbs. of actual potash. (Apply 1/2 to 2/3 of the needed potash in the spring and the balance with the mid-summer top-dressing). Where high rates of nitrogen are applied and several hay harvests are made, these grasses need 1/2 to 3/4 lb. of actual potash for each 1 lb. actual nitrogen applied depending on soil type. Suggested fertilizer ratios are 4-1-2 or 3-1-3 or N-P-K. Where four cuttings are made and about 5 tons of hay is harvested, fields need 200+ lbs. actual nitrogen, 50-60 lbs. actual phosphate and 100-500 lbs. actual potash per acre over the growing season. Low potash, high nitrogen fertilization can cause stand reduction plus loss of vigor and yield on hay fields.

3. Fields coming out of row crops are ideal for establishing Tifton 44, Alicia or Coastal bermudagrass. Check to be sure

there are no perennial grasses (common bermuda or bahia) present before planting. The hybrid bermudagrasses have the genetic ability to produce a large tonnage of high quality forage.

4. Timely Tips: A. Keep grazing pressure on clover fields as lush spring growth occurs. B. Spread manure to allow more uniform grass growth and grazing pattern. C. Graze overseeded pastures heavily to fully utilize ryegrass. D. Leave borders, drains and adjustments strips in sod on spring crops. E. Weed control may substitute for fertilizer on very weedy fields. F. Keep close watch on grain wheat for leaf disease and aphids. G. Clean and recalibrate sprayers before applying all herbicides.

All programs and services of SCS are offered on a non-discriminatory basis, without regard to race, color, national origin, religion, sex, age, marital status or handicap.

## Home Economics Tips

By: Barbara F. Guinn, Extension Home Economist  
ADJUSTING TO A LOWER FAT DIET

It takes one or two months for a person to adjust to eating less salt. In the beginning, the person misses the salty taste of food and thinks that the food tastes "too bland." After some weeks, the person will begin to prefer this "bland" taste of food and will find salted foods are too salty.

Researchers are investigating how long it takes for people to adjust to eating foods that are lower in fat. It appears that our preference for high-fat foods is learned in childhood. Researchers want to know if we are capable of unlearning it, just as we can unlearn our preference for salty foods.

There is evidence to support the fact that motivated adults can decrease the fat content of the diet on a long term basis. In one major study, a significant number of women reduced their fat intake to 20 percent or less of

calories from fat.

Some of these women reported that they developed a dislike for fat and felt physically ill after eating high-fat foods. It isn't known if the adverse reaction to fat is a result of the women's negative attitudes towards fat as a food component, or is actually the result of a physiological response to a high fat intake after being on a low fat diet for a long time.

It might take as long as three months for an individual to adapt to a lower fat intake. This is a fairly long time, and it may mean that people will need to be patient and persistent in their attempts to become accustomed to eating less fat.

## County Agents Notes

By: Danny Owen, County Agent  
FREEZE PROTECTION

Managing the orchard floor in the early spring for freeze protection can be beneficial. This involves keeping the ground under the trees clean and weed-free during the danger period. Sod middles should be mowed as close to the ground as possible. On windy nights it won't make much difference. However, on nights when there is no wind and a clear sky, the temperature may range from 2-4 degrees warmer in clean orchards. This is because heat will be able to rise more from a firm, weed-free, and wet soil. If you suspect a freeze possibility, it would help to irrigate a couple of days prior to the freeze. Many peach crops could have been saved in the last few years if the temperature had been a couple of degrees warmer.

GROWERS MUST MEET FEB. 28TH CROP INSURANCE DEADLINE

Producers and landowners in Tishomingo County planning to participate in any government farm program in 1995 must meet the Feb. 28th deadline to purchase crop insurance.

Recently passed legislation means that buying crop insurance is no longer optional for most farmers. You must have coverage if you plan to participate in any USDA program, including price support or production adjustment programs; the conservation reserve program; or any Farmers Home Administration ownership, operating, or emergency loans. To be eligible for any of these programs, you must purchase at least the minimum catastrophic coverage. For more information don't hesitate to contact the CFSA office (old ASCS) or the Extension Office.

SPRING LIME  
Some producers in the county have recently received soil test results that call for applications of lime to correct soil pH. They have asked if they could apply lime this close to planting. Once applied, lime requires several months to react with the soil. Some of the finely-ground lime particles will quickly neutralize soil acidity when lime is applied. The treatment will immediately help; the full benefits won't be apparent until the next growing season. Lime is more effective in neutralizing soil pH when applied in the fall, but it can and should be applied as soon as possible if pH needs correcting.

## LOOKING BEHIND YOUR EYES

An examination on the back portion of your eyes can reveal a good deal about your health. Disorders that have nothing directly to do with eyesight often can be identified by this means. A hand-held instrument called an ophthalmoscope (a magnifier aided by a built-in bright light) is used in this painless test.

The backs of your eyes provide many clues. For example, if you have high blood pressure, changes noted in viewable vessels often can determine the severity of the problem.

Clues to circulatory disturbances (including arteriosclerosis) can be revealed from the appearance of cholesterol-containing particles in the vessels. There are characteristic changes in blood vessels which may point to complications of diabetes. Examination of the optic nerve can detect possible evidence of brain tumor.

If you are an adult, you should have the exam, especially if you have high blood pressure, diabetes, or suffer from headaches.

## BLOOD PROVIDES CLUES TO DISEASES

In medieval days it was believed that if a portion of blood was removed from a sick person, their health would be restored. Within the last century it was discovered that blood can provide important information about an animal's health. Today "blood letting" takes the form of taking a small amount of blood to be analyzed. Because blood bathes the cells of all tissues, it is useful in the diagnosis of infections, metabolic diseases, bleeding disorders, inflammatory diseases, some parasitic infections, and numerous organ diseases.

Blood can be tested as whole blood or just a component such as serum (the liquid portion of the blood) or platelets (used in clotting the blood). Many laboratories offer automated serum chemistry profiles that are capable of doing 20 different tests within one hour.

The next time your veterinarian takes a blood sample from your cat or dog, be thankful that medicine has progressed to the point that the blood is not discarded but is used in diagnosing diseases.

## Mrs. Willadeen Thorne Named Clubwoman of the Year

The GFC-MFWC, Twentieth Century Club of Iuka selected Willadeen Thorne Club Woman of the Year, for her 26 years of faithful service to the club.

Excellence. You can count on Willadeen Thorne to strive for excellence in anything she tries. She demands it of herself. Whether it is heading a committee for beautifying the walking park, working on a prize-winning scrapbook or selling 132 bags of pecans in the annual pecan sale, she puts her heart into her work. And she achieves success.

One of the keys to her success is the excellent support from Jack, her husband of forty-eight years. In fact, Jack has been so supportive that the club members have offered him "honorary membership" in the club.

Willadeen joined the Twentieth Century Club in 1968. In 1970, she was elected as recording

secretary and has served as an officer ever since. At present, she is serving as treasurer. She has served on all committees, and has been actively involved in all club projects.

Willadeen worked for the Agricultural Stabilization Conservation Service for thirty-seven years. She retired in 1983.

## Extension Service To Offer Weight-Off-Wisely Classes

Are you interested in losing one to two pounds of weight per week for 10 weeks? If so, you will want to join the Weight-Off-Wisely classes, which will be taught on Monday evenings at 5:00 p.m. at the North Crossroads Fire Department, beginning Monday, March 13, 5:00 p.m.

Weight-Off-Wisely is a ten week program designed to help men and women lose weight through diet and nutrition planning, sensible eating, modification of existing undesirable behavior, and exercise. This program should be used as a tool or stepping stone for individuals to attain successful weight loss. Successful weight loss means losing any weight (two

pounds or 20 pounds) and keeping it off. Success is not losing ten pounds during a program and then gaining that weight back within a year.

The first session requires about two hours of time, while the other sessions last somewhere between 1 and 2 hours. At each session there will be group interaction, a nutrition lesson and exercise. There will be a fee of \$5.00 to cover the cost of equipment for the ten weeks. These sessions will be offered through the Tishomingo County Cooperative Extension Service. If you have questions, call the office at 423-7016.

Was so proud to hear from Mrs. Edna Harris on Saturday night. She has had eye surgery in Tishomingo. Stayed a few days at Mrs. and Helens, before returning home. She's doing fine from her surgery.

The Tishomingo American Legion Post 144 and Aux. met last Thursday night at Tishomingo's New Coffee and Deli Shoppe for a regular meeting

present were 16 members and speaker Howard Hudson from Baldwin Post. We all enjoyed a delicious meal. Next meeting will be honoring Birthday club. That will be March 16th at the restaurant in Tishomingo.

Tishomingo friends were sad to learn today that Charles Stormont has passed away. Charles was buried in Tishomingo area and attended his schooling in Tishomingo. His family and relatives have our sympathy.

I Love You  
Mamma Amy

**In Memory of Sue Ann Luttrell**

Today I think of how long, we have  
already been without you -

It seems so strange that it  
could possibly be two years,

Mother, I don't know how we have  
ever managed without you -

But I realize that the Lord  
would not have took you,  
if He were in doubt.

But still Mother, there is times that  
there is no one that can fix or solve  
the problems, that you once had to -

You always had a way to take all the hurt and pain away;  
A "Mother's" love what more could a person ask for?

I sit and look at pictures from the past of our birthdays,  
and our Christmas's together, how you strived to make each one  
right!  
And how you stood so strong, and never let anyone know just how  
felt, if only we knew -

Mother, you left with so many things; for me to ask, and for me to  
I just never had any idea, that your time was so near -

Not only did I lose a "Mother", but a "Best Friend" as well.....

I will always cherish each and every day that we had together,  
and hope that you would still be proud of me, if you were still here  
today...

I WILL ALWAYS LOVE AND MISS YOU,  
YOUR DAUGHTER,  
TINA

### Do You Know?

Who was the first African-American Mayor in Alaska?

Who first explored the depths of Mammoth Cave?

What was the first mystery novel by a African-American?

Who was the first African-American Woman Sheriff?

Who was the first African-American Millionaire?

Who was the first hero of World War II?

Who was the first jockey to win the Kentucky Derby three times?

Throughout history hundreds of inventors and pioneers of African Origin have made their indelible mark on the world. But as more and more African contributions found their way into merging European civilization, few would be mention in the annals of Western history. The concept of creativity is not a Western Phenomenon but a human one.

The creativity of African people was evident before they were brought to the North American continent. European explorers were in awe over the advancement of African civilizations, they returned home with wondrous stories of a black-skinned people who were more advanced in their knowledge of Astronomy, Navigation, Mathematics, Architecture, Literature, and Agriculture than anyone they had ever encountered.

The first noted European historian and Philosopher

Herodotus, a Greek, remarked in the fifth century B.C. that Africa was the greatest civilization in human history.

Think on these: The African American Inventions - Dry-Cleaning Process, Corn & Cotton Planter, Sugar Refiner, Toggle Harpoon, Sail Control, Shoe design, Wagon design, portable Infantry Shield, Life saving Apparatus, Electric Lamp, Library Table, Range, Fire Escape ladder, Dough Kneader, Printing Press design, Hand Stamp, Biscuit Cutter, Fire extinguisher, Railway Signal, Telephone Transmitter, Guitar Design, Velocipede Design, Motor Design. The list continues into hundreds and hundred of inventions. I shall share more information on Inventions & Modifications.

The University of North Alabama's Student Financial Services will offer free, personal assistance with 1995-96 financial aid applications for UNA students and prospective student through a series of workshops.

"We are hoping that people in our service area who will be going through the financial aid application process for 1995-96 will take advantage of this service," states Dr. Joe Weaver, Director of Student Financial Services.

The workshops will be held during March in the University Center and are open to the general public. Personal consultations will also be available following each workshop.

Workshops are scheduled on Tuesday, March 7, in the Performance Center, Monday, March 13, Banquet Hall A and Thursday, March 16, Room 207. Each workshop will be held at 6 p.m.

"We hope that the times and locations of our workshops and consultations encourage students to seek assistance. We see the same errors over and over and want to offer our help to avoid these problems. Our goal is to make applying for financial aid faster, easier, and a bit more pleasant", said Weaver.

The workshops will focus on avoiding the most troublesome items on the Free Application for Federal Student Aid (FAFSA) form. Presentations will last about 30 minutes and will include visual aids and a question-answer session.

Following the workshop presentations, personal consultations will be available. There will be trained, experienced financial aid professionals available to check 1995-96 FAFSA's for accuracy. In order to take advantage of the personal consultation, the following forms are required: 1995-96 FAFSA with sections A, B, C and H completed and signed, 1994 federal income tax returns which are completed and signed and verification of 1994 untaxed income, if applicable.

1995-96 FAFSA forms are available upon request from UNA Student Financial Services, located in Bibb Graves, Room 206. For more information about the workshops and consultations, call Student Financial Services at (205)760-4278.

Everyone is anxious for our Community Center to be completed and ready for use. Calls have been coming in already from people wanting to rent it for events coming up this summer. The men are working diligently on weekends, and some evenings. The heating and cooling system is being installed today (Tuesday) by Southern Air Comfort of Burnsville. 16 tables and 10 new lights were purchased last week. This week another fund-raiser is in progress. Orders for Krispy Kream Donuts are being taken and will be delivered tomorrow. They are delicious! Thanks to everyone who supports our efforts in this project.

I have had visitors since Thursday of last week until Tuesday morning. Nancy and Melvin Fullerton, my daughter and her husband of Waco, Texas. Others who came by to visit them

# Twice THINK

In The Aftermath Of The February 1994 Ice Storm Lies A Potential Disaster:

# W I L D F I R E !

Woodlands surrounding many homes and communities are full of highly flammable debris—uprooted trees, broken limbs and treetops, needles and leaves—the result of the worst disaster ever to hit these parts. And it may not be over!

One careless act—an unattended pile of

burning leaves, a tossed cigarette—just one small spark is all it will take to set off a searing hot, intense wildfire that would threaten our property, our homes . . . even our lives!

Please, THINK TWICE before you do any outdoor burning. You could end up burning a lot more than you planned.

## THINK TWICE Before You Burn!

## Facts About The BIBLE BY JOHN LEHTI

### HOW JESUS VIEWED SELF-RIGHTEOUSNESS

JESUS STERNLY REBUKED SELF-RIGHTEOUSNESS WHENEVER HE CAME UPON IT. THE BOASTFUL PHARISEE WHO THANKED GOD FOR MAKING HIM BETTER THAN "COMMON MEN" WAS A CASE IN POINT. ACTUALLY, THE SINNING PUBLICAN WHO ASKED FOR MERCY WAS MORE BLESSED IN GOD'S SIGHT THAN THE PHARISEE. (LUKE 18:13) LIKE THE PUBLICAN, THE HUMBLE, SELF-EFFACING PETITIONER FOR GOD'S GRACE RECEIVES A GREATER REWARD THAN THE SELF-IMPORTANT PHARISEES OF THE WORLD.

## In Memory

This is a story that I'd like to share, of a man named Jim, So honest, so fair.

A very strong man with calloused hands.

Who worked cutting timber all over this land.

Yes, he was honest as the days are long, he'd never intentionally do No-one no wrong.

There are those who had done wrong to him, did it get him down? Not good oh' Jim.

As I look back and remember him, it makes my life not look so dim.

Even though from this world he's gone,

Always in my heart he'll linger on.

I thank you God for the time you have given, with your angel Jim

Who now lives in Heaven.

Help me Lord to walk the right way, so I can be with Jim again someday!

## A Letter of Tribute to the Memory of Martha Old

Although we only had the privilege of knowing Martha a short while, during that time, she became a very special person in our lives. She touched our lives and our hearts in so very many different ways, they are countless immeasurable. Neither myself nor my family would trade our brief time with Martha for the world. When the world continued to slam doors in our faces, she opened them for us. Those who never had the privilege of knowing her missed the opportunity of a lifetime. If only I could give the world a glimpse of Martha, who she was, what she believed in, what she stood for, it would be of the greatest benefit. For the world needs many, many more of her rare and special kind. Although we deeply miss her, she will live on in our hearts forever. To those whom she left behind, we know your loss is devastating. You have our deepest sympathy.

With immense respect,  
The Simmons Family

Proverbs 20:1. Wine is a mocker, strong drink is raging; and whosoever is deceived there by is not wise. Also read Ephesians 5:18; Luke 1:15. Also read these scriptures and find out what happened to these men and a whole city because of strong drink. Noah, Genesis 9:20, 21; Lot, Genesis 19:30-38; Nabal 1. Samuel 25:36; Elah, 1. Kings 18:8-10; Ben-Hadad 1. Kings 20:16-21; Ephraim, Isaiah 28:7; Belshazzar, Daniel 5; Nineveh, Nahum 1:10. Drunkenness is a sin and causes more sin to those who get drunk. Leave it alone. this is just a sample of what the Bible says.

Subject of Bro. John's sermon Sunday morning was: "A Demonstration of God's Love and Grace". Hosea 11:1-4. Verse 4. I drew them with cords of a man, with bands of love; and I was to them as they that take off the yoke of their jaws, and I laid meat unto them. Read John 3:16. How God loved us!

Sunday subject was: "in His Presence". Luke 15:1-10. Verse 10: Likewise I say unto you, there is joy in the presence of the angels of God over one sinner that repenteth. Read Acts 27:35; 1 Corinthians 1:29, 30; Ephesians 2:8, 9, and lots, lots more.

Sunday afternoon Bro. John Burton and Phelma attended the 60th wedding anniversary of Phelma's cousin, Mr. and Mrs. C.D. Kent of Red Bay.

Help us pray for Corrine Phifer that she might soon be well. She is having a bad time

with high blood pressure.

This Monday morning seems like Springtime, the sun is shining and the birds are just singing everywhere. Temperature in the 40's and climbing. Makes me think of Genesis 11:31; And God saw everything that He had made and, behold, it was very good.

Patricia (Reno) Huff, daughter of Louise Reno and the late

Howard Reno of Atlanta, Ga. Niece of Herman and Willard Reno, Christena Gattis and Helen Booker of Tishomingo and Elnora Singleton of Kentucky. She composed this herself. Sent in by Ova Reno.

My day seems dark as night.  
My heart seems heavy with fright.  
Loneliness seems all around me.  
What is the purpose of this life?

Dear God, why have you let my  
Life comes so low?  
My prayers beg you for help.  
My eyes cry for you each night.  
Where can I find you?

I knock, but nothing opens.  
I seek, but I have not found you.  
I thirst for your living waters.  
When will you lighten my load?

Your answer seems to be:  
My Dear Child,  
My love is all around you.  
My help is within you,  
Allow my comfort to strengthen you.

Allow my love to melt your pride,  
Expose your weaknesses, and  
Build your resolve to grow.  
This life you live is to build your

Spirit and share the love  
I have given you.

Open yourself up to your hurts,  
Experience them--  
Let them wash over you,  
And they will become like  
The living waters of strength

Never forget My love for you  
Is found in the Gift of Life

**McKee Awarded Scholarship--** Terry McKee of Tishomingo was recently awarded a \$500 scholarship check and a plaque by Ford Motor Credit Company. Wade Oaks of Booneville, dealer services supervisor of Ford Motor Credit's north Mississippi office in Tupelo, made the presentations at a luncheon held on the Northeast

Mississippi Community College campus in Booneville. McKee was the winner of Ford Motor Credit's "Credit Drives America" poster/essay contest. The contest is the result of Ford Credit's commitment to conduct public awareness campaigns to educate and inform young people of the importance of building a good credit reputation. Alternate win-

ners in the contest were Christy Brown of Rienzi, Brent Burcham of Booneville and Luciana Patterson of Corinth. McKee, a business major, is a full-time student and a full-time employee of Caterpillar in Corinth. Pictured with McKee are (l-r) Northeast President Joe M. Childers, McKee; Jan Finney of Tupelo, FMC wholesale clerk; and Oaks.

HELPFUL HINTS ABOUT  
SPEAKING IN PUBLIC

There are certain public situations where you are asked to make a presentation of some sort. This might include introducing a speaker or asking for funds. This article contains a few hints on the best way to make presentations in a variety of situations.

**Acceptance & Appreciation** - At some time in your life you will receive honors or gifts. It is important that you thank the person or organization giving the honors or gifts and make a few nice comments. This includes written

thanks as well as verbal thanks.

When an award is made to you, keep it simple and sincere. For example: "I thank each of you for giving me this great honor." "It is difficult to express how deeply I appreciate your dedicating this building to my family."

**Appeals For Funds or Actions** - School or community activities often require you to make an appeal for funds or actions from the public. Whether it is a talk or a letter, you must include both a statement of your cause and a request for the reader/listener to help the cause. Some examples are:

"Our band supports each of our athletic teams and is always a source of pride to our school. Long hours of practice ensure

our band is one of the best in the state; however, it takes your support to help pay for our badly needed uniforms."

**Announcements** - Group activities often require a letter or statement announcing what is going to happen and where. This announcement must include the purpose of the occasion and a request that the reader participate in it.

**Welcome Addresses** - When you take a leadership role, often you may be called upon to welcome guests and members to various organizations or to gatherings of all kinds. You should make the greeting on behalf of everyone involved and make the person feel warmly welcomed. Examples include:

"As student council president, I know I speak for the entire student body when I welcome you to Eastern High School. Your reputation as a community leader has made you a respected and often quoted speaker. It is a great honor to meet you and we are all looking forward to learning more about you."

**Introductions** - Sometimes you will be asked to introduce a speaker. You should be brief, giving only the speaker's background, qualifications and his or her name. Your purpose is to introduce the speaker in such a way that the audience is interested in hearing him or her. For example:

"Through dedication and perseverance, Pamela Groober fought for recognition as a local government reformer. Her recent acceptance of the Governor's Award has not tempered her efforts to cause changes for community members."

**Thanking Your Speaker** - At the conclusion of a speech given by a guest speaker, you may be called on to thank the speaker. An example of this is:

"I'm sure I speak for everyone here when I express our deepest appreciation for your talking to us today. Thank you."

**Closing Remarks** - When adjourning a meeting, you should thank the participants or audience for their cooperation and interest. Be sure to keep these remarks short as people will be ready to leave.

**Congratulatory Messages** - A congratulatory message has three elements. It offers congratulations to the person or persons while giving praise and best wishes for success. An example is:

"Please accept my warmest congratulations on your recent promotion. Your accomplishments have made a tremendous difference to us and we know you will continue to succeed."

These are just some of the type of speeches you may be asked to present in a public situation. Some of these can be used in more private situations such as when your friend wins an award, or when you receive a gift from a friend.

The 4-H Public Speaking Project gives 4-H members the chance to learn more about making these types of presentations. Local 4-H members will be showing off their speaking

skills on February 27, during the County 4-H Public Speaking Contest. If you are interested in learning more about the 4-H Public Speaking Project contact me at the County Extension Office at 423-7016.

Contestants will be judged on scholastic achievement-leadership, appearance, and poise-personality. There is no swimsuit competition. Talent may be presented at the option of the participant or an oral essay on the subject of "What's Right About America."

Miss Jackie Konzal is being sponsored by Helen Tidwell and Iuka Guaranty Bank.

### Lady Braves Outlast Lady Warriors

By: Chris Coats

At Oxford, the Lady Braves picked up a 53-48 win over the Corinth Lady Warriors in the opening round of the Division 1-4A Tournament. The Braves did not fare as well as their season ended at 12-17 with a 62-57 loss to the Warriors.

Christy Glidewell led the Lady Braves with 22 points. Blake Holly led the Braves with 24 and Nick Brock added 19.

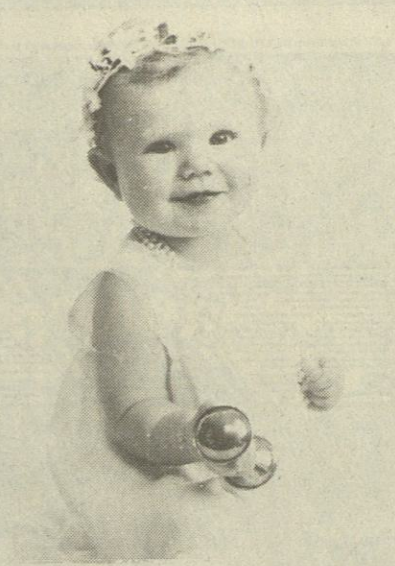

### Lady Chargers Stop Lady Braves

By: Chris Coats

At Oxford, the host Lady Chargers ended the Lady Braves' quest for a second consecutive Division 1-4A Championship with a hard-fought 63-49 win.

The Lady Braves were led by Courtney Barnes with 16, Kristy Pendergrast 11, and Jessica Holder 10.

This completes the 1994-95 basketball season for the TCHS Braves and Lady Braves. I would like to commend both teams on their seasons. The Braves and Lady Braves both have four returning starters for the '95-96 campaign, so come expecting to see some great basketball from both of these squads next season.

Jennifer LeAnn Woodis will be one year old on February 28th. Her parents are Thomas and Becky Woodis of Cherokee. Grandparents are Jimmy and Patsy Brown, Mrs. Roe Woodis and the late Stanley Woodis all of Cherokee. Her great-grandparents are Mrs. Belle Logan and the late Pat Logan, the late Mr. and Mrs. Tom Woodis and the late Mr. and Mrs. Roy Blackburn all of Cherokee. Mrs. Rebecca Brown and the late Johnny Brown of Russellville.

### Golden Medical Clinic Welcomes Practitioner

Steve Senter, M.D., and Jack Senter, M.D., are pleased to announce the association of Jennifer Brown, a family nurse practitioner, with Golden Family Medical Clinic.

Brown, who resides in Red Bay, Ala., is a recent graduate of the nurse practitioner program at the University of Alabama at Huntsville. She joined the clinic's staff on Jan. 30.

"I am really enjoying my work here," Brown said. "Golden Family Medical Clinic is an ideal setting for my special interests in preventive medicine and patient education."

Nurse practitioners work under the guidance of a preceptor - a physician who is available to answer questions, review patient charts and be "on call" for any emergency situation. Nurse practitioners can obtain patient histories, perform physical examinations, treat/manage acute care and chronic illnesses, order and interpret diagnostic studies, prescribe some medications, order therapeutic treatments, consult with other health care providers, and refer patients to specialists. Steve Senter, M.D., will serve as Brown's preceptor.

Prior to receiving her master of science in nursing, Brown received a bachelor of science in nursing from the University of North Alabama in Florence. Her work experience includes working as a registered nurse at Red Bay Hospital.

Brown is the daughter of John and Jane Williams of Red Bay.

## Da' Garbage Haul II

The U.S. Army Corps of Engineers at Bay Springs Lake will be holding their 4th Annual Shoreline Cleanup Saturday, March 11, 1995.

During previous years the same clubs have continued to show their support. This will be the fourth year for Bay Springs to have a volunteer cleanup, and we would like to gain your support too. We have a large area to cover and we need a lot of help to complete the job. Come on out and join in to help keep Bay Springs Lake a scenic place for everyone to visit.

Volunteers for this event

should meet at the West Damsite Picnic Area at 8:00 a.m. Garbage bags will be provided. After a brief orientation the cleanup will commence. It will continue until 2:00 p.m.

Everyone should return to the West Damsite Picnic Area at noon. A hotdog roast will be held there to honor all cleanup volunteers.

Anyone needing more information about the cleanup should contact Lisa Thorn, Jason Haynes or Stan Cannon at the Bay Springs Resource Office Monday thru Friday from 7:30 a.m. until 4:00 p.m. at (601)454-3481.

## Letters to the Editor

### Letter To The Editor

Dear Mr. Biggs:

This is in response to Mr. Jr. McKee's letter to the editor wherein he stated that he has been informed that the reason that I was against alcohol in our parks was because I have an interest in several clubs and stores where beer is being sold. I would like to say that if Mr. McKee has any respect for the truth then he should check out the facts before making such false accusations.

If Mr. McKee had inquired he would have found that I have never owned one dollar interest in any business that sells alcoholic beverages.

Sincerely yours,  
Senator Travis Little

### Letter To The Editor

Our Christian principles and convictions are to precious to be compromised.

According to scripture we are taught that people of God should not partake of strong drink. We are to abstain from using alcoholic drink, except by medical prescription.

Our nations approval of its sale is against the word of God. Government approval of its sale does not take the sting from its use.

"Wine is a mocker, strong drink is raging: and whosoever is deceived thereby is not wise." It mocks because it promises joy and brings sorrow. It makes a man rage, act like a fool, and talk twice as big as he is. So it deceives him.

Strong drink is a destroyer of character, lives, reputation, homes and nations. It is of the devil and causes men to kill, destroy, and brings sorrow and crying.

Six judgments of woe are still pronounced upon all who follow strong drink (partaking or selling): These are woe, sorrow, contentions, babblings, wounds without cause, and redness of the eyes. 1 Cor. 6:10.

In reference to the letter last week I am a Southern Baptist Pastor and I am blessed to have fellowship with other Southern Baptist Pastors. I do not know of any Southern Baptist Pastors in our county who lie, cheat, steal, gamble, drink, or "minister to the ladies".

It is a shame some feel they have to slander the good name of others to try to gain what will destroy many lives in Tishomingo County.

"Whatsoever a man soweth that shall he also reap" Gal. 6:7.

### Letter To The Editor

Citizens Of Tishomingo County,

The past several weeks Mr. McKee has been voicing his opinion about the alcohol issue. In one aspect those of you who believe that allowing alcohol in our county will bring more development into our county are right. We will be busy expanding our cemeteries and will have to

add more funeral homes or the ones in the area will have to expand its facilities to accommodate everyone. Is this what the citizens of Tishomingo want for our children? I wish people would understand that allowing alcohol into our county will not only increase the dangers on our highways but will provide a greater temptation to our youth. I am not naive enough to believe that our youth are not already tempted but why make it easier for them. When things are a challenge then you have to decide whether or not is worth it. I hope and pray that we keep it a challenge for the youth of this county and all youth until the Lord's return! As far as the issue on the rally on alcohol. The rally was open for the public, anyone whether for or against was invited to attend and voice your opinion. I believe it is a person's right to express his/her opinion, no matter whether or not anyone else agrees with it. However, you should not shove it down someone's throat! I have expressed my concern for our county and for our youth, now it is time for the rest of us to search our hearts and decide what is best for the future. I pray we make the right one! May God bless us all.

### Letter To The Editor

The following is to answer some of the questions in Christy Grissom's letter in last weeks paper. I have also included in this letter a brief commentary on what I have been taught to believe a preacher is really suppose to be. It appears that either a few people did not read my letter which she was referring to closely or don't understand the meaning of the verb form can. Webster's definition of can is to know how to, to have the right to, is likely to, or to be permitted to.

If I had written they are, then according to Webster, it would be occurring. If you have seen what I have and been made aware of such situations you would see that the statement is true.

My letters are not my opinion but the facts and the truth. I had to bunch all together because there is only one major Baptist denomination in Tishomingo County. The reason I am connecting the Baptist Association with the alcohol issue is because they are the major opposition in this issue. Some of the Baptist preachers are the main ones spreading rumors about the issue. If the preachers are doing their job, then they shouldn't have to worry about their congregation drinking or gambling anyway. It is no sin to drink alcohol. It is a sin for one to over consume it and become drunk and harm themselves and those around them. The facts shows, The Association needs to work on cleaning itself up first before getting involved in any non-religious issue.

The Baptist congregation itself cannot deny my statement because they, like myself, have had direct experience with some problem preachers. I want to thank the multitude of citizens who said they have enjoyed

reading my letters and have expressed thanks to me for having the wisdom in making the citizens of Tishomingo County stop and think about what is actually occurring here in the county.

I am not going to be two-faced or act cowardly about any issue. I will tell it like it is. I mean what I say and say what I mean.

### COMMENTARY:

I was taught that a preacher was a person called by God to preach and teach His word. When one takes the calling, they are to sacrifice many things. They are the ones that all people, both Christians and sinners, are suppose to look up to for guidance and support. Being tempted by sin is part of a preacher's test of faith and everyday obstacle that he must face, but a true preacher will turn away from sin when he is tempted. If the preacher doesn't turn away, this can be confusing for someone who is lost and trying to straighten themselves out. They may get the idea that if a preacher can do it then why should I change my ways, or they may get confused if a preacher is doing something which the lost one had been taught was a sin or was wrong.

I have been taught that all sins are equal in the eyes of God, from what we call illegal crimes to our so-called little sins of lying, cheating, and yes even smoking (because of the damaging effect on the users body and those around the user).

We have all heard the phrase "they are just humans to", this is merely an excuse or a way for a preacher to live as they wish, to cover up their sins to others, or clear their consciences. They are still humans and subject to sin but a true preacher will watch him/herself because they know they are supposed to be setting an example for all others to follow.

I would like to read other's comments on this subject matter. I know there are some true preachers, but many needs to either get out or start acting as a preacher should.

### Letter To The Editor

I'm thankful for Jr. McKee's letters to the editor. I'm thankful because I hope he's trying reverse psychology on the good people of Tishomingo County. I'm hoping he's trying to anger all who believe that if it is wrong then it is wrong regardless of the economic impact on an area.

I'm hoping he has folks thinking of all the corruption that comes about from letting "legal" evil elements into our County. I'm hoping he has folks thinking of how these worldly materials can even more greatly influence all of us as well as our children and our grandchildren. I'm hoping he's trying to make us realize how much better to be poor and righteous than rich and worldly. (Even though nothing is wrong with rich and righteous.)

I'm really hoping Jr. is trying to do this to really wake up the good folks of Tishomingo County, because I know Jr. was raised in Tishomingo County and influenced by people who believe in good things-good morals-and who will not sacrifice right for economic development.

But who would have thought that two men raised with Southern Baptist influence would have the moral philosophy that

they have (meaning Bill Clinton and Al Gore). Does that mean that somewhere our teaching has failed? If so, now is the time to again teach what is right and what is wrong; and that right is right and wrong is wrong regardless of the Economic Impact.

Sincerely,  
Jim Perkins

P.S. May I suggest a good reference book to decide what is right and what is wrong - The Bible.

### Letter To The Editor

This is in response to the article submitted by Jr. McKee in last week's edition.

If the school has violated the bylaws of the school system by not charging for the use of the building, the opponents of this issue are overwhelmingly in the majority and I think would be delighted to donate the money to pay for it. Therefore, it would be futile to bring a judgment against the Baptist Association. Furthermore, you should not be condemning the Baptist Association for what they stand for and Brother Doug Christy should be commended for his efforts against this issue.

So what if the beginning of this issue came from Don Wilemon. He has just as much right to oppose it as you do to endorse it. Besides, the vote held recently did not decide if Don Wilemon would help it out of Lee County or move to a dry county." This is not the issue. The Issue is what happens in Tishomingo County here and now.

You are correct, Mr. McKee, in that alcohol is already here. However, responsible individuals have to support the dictates of their heart. Each person is responsible for his or her actions. Many citizens feel that revenue from this proposal, if enacted, would not go the way we would like. It is felt by many that crime and violence would increase; thus, there goes the revenue for more policemen and equipment, that would not otherwise be needed.

People who are against the issue are not ignorant. They are not blinded by anything. They know what is best for society. Money is not always the best answer. The reason that there are opponents to the sale of alcohol in this county is because they are not sheltered and know all too well that it exists and have had their eyes opened to what it can do.

Mr. McKee, you have taken it upon yourself to speak for all parents that they do not teach their children right from wrong and what is good or bad for them. Perhaps you know of parents that did not teach their children, and I am sure that there are many, but you cannot and do not speak for the parents that teach their children right from wrong.

I, too, have lived in some of the largest cities in the United States. Admittedly, their economy is better. However, sometimes "progress is not progress at all. I am utterly thrilled to live in this county. If one does not want to live in a dry county, why can't one move to a wet one? This county being dry does not make it backward. I am for growth and expansion of our county, but I have to draw the line as to how it grows and expands. You seem to think that voting against alcohol is denying

its existence -- wake up! It could be that citizens are against this because they know it exist and they do not want it to be more prevalent than it already is.

The citizens who have written letters to this paper opposing alcohol have only stated their opinions or what they know. An individual has the right and freedom to express judgment and common sense, just as you do. You cannot know all the reasons people are against it. I am sure most citizens have read your letters, but as to the legalization of alcohol being important in the growth and development of this "garden spot of the world", it could possibly be the downfall of this "garden spot".

It could be, Mr. McKee, the downfall of a member of my family or yours.

### Letter To The Editor

I understand the concern of wanting a place in Tishomingo County where we can get extra revenue, but I know it can be done without alcohol. We must again look at the cost if we bring it in to our home-town.

What if we as Christians do nothing? It is so, much easier to pretend that what goes on in the world around us is not our concern.

"The only thing necessary for the triumph of evil is for good men and women to do nothing," more true than in the decisions of our officials.

James says the same truth this way: "Anyone, then, who knows the good he ought to do and doesn't do it, sins."

Clinches may be trite, but often they are true. In the wide range of social and moral issues that confronts us (Family, hunger, alcohol, and drug abuse etc...) Christians are truly "either part of the problem or we can be part of the solution."

I myself don't believe God will let any kind of resort prosper, because he does not condone it at all.

I also believe that the bashing of the Baptist Assoc. should be laid to rest. Putting someone down for their good moral beliefs won't accomplish anything. Tact is not some people's long suit, but should be.

"And God is able to make all grace abound toward you; that ye, always having all sufficiency in all things, may abound to every good work." (2 Cor. 9:8)

God said "He would supply our needs" so, why can't we as a County and Christians just believe that. It is a known fact that alcohol affects society. It makes normally gentle human beings monsters and causes them to do things they wouldn't normally do. This matter affects the church, and it is a especially critical issue for our youth. "Every great movement of God can be traced to a kneeling figure," and unless we do this then I am sure alcohol will arrive in Tishomingo County.

Some people use the saying "well even Jesus drank wine" sure that's what it was called, but the big difference that it was not fermented, and no one will ever convince me that it was. The one concern of the devil is to keep the saints from praying, and our children high on drugs and alcohol. He fears nothing from prayerless work, prayerless saints. He laughs at our toil, he mocks at our wisdom, but he trembles when we pray! If we want to keep this thing out of

luka "prayer is a instrument, not for getting will done in heaven, but getting God's will done here, th.

We must be self control alert. Our enemy, the prowls around like a roach looking for someone to It could be our town children, or even our Country.

We must over look our children, the Lord tarry's they will be future, and they will be future holds for them. Al in luka, but it's not again why make it easier

When you are tempted withdraw from the battle ember the promises that overcome the world; and is in us is greater than He in the world. When you the battling is really worth effort - remember that are you making a difference today's world, but you look forward to you beautiful of all words, done, good and faithful (Matt. 25:21).

People will not always appreciate our efforts; the heavenly Father knows all it, and He will reward us stand up for what is right shouldn't feel discouraged fight on bravely, looking Jesus...Who for the joy set before Him endured the Remember, "He that over shall inherit all things" 21:7).

"God will do nothing prayer...The greatest anyone can do for God and is to pray...You can do than pray after you have pray until you have prayed.

We need to open our eyes this sin sick world and works of satan, but we also to see the beauties that only could have created and kept in there beauty and let destroy what God has with alcohol and gambling because we truly are a nation and to God be the glory
