Tobacco Budworm Devastating To County's Cotton Crop.....

Pictured above from left are cotton producers Tommy Moody, Joe Bostick, and County Agent Danny Owen holding typical cotton stalks in many of their fields. Mr. Moody works about 260 acres and Mr. Bostick farms about 660 acres of cotton. These plants were taken out of a 30 acre field which will probably not be harvested. In the middle of July, this same field had the potential for a bumper crop (700 lbs/acre plus). With an acre of cotton costing \$300-\$400 to produce, it will be difficult to recover from a zero yield. The county has about 1300 acres with a probable average yield of less than 250 lbs./acre. BREAK EVEN yield is around 500 lbs./acre so, as you can see, the tobacco budworm has been TRULY devastating this year.

TVA Commissions Federal Police Officers

TVA has commissioned 125 federal police officers to carry out law enforcement duties in a seven-state region after receiving the go-ahead from U.S. Attorney General Janet Reno.

The new officers were formerly TVA Public Safety Officers. The officers were commissioned in a ceremony at Norris Dam on Tuesday, September 12. Officer Larry N. Long and Commander Sidney G. Whitehurst, both of Iuka were among those commissioned.

The officers, who formerly had varying state and local law enforcement authority, now have uniform federal authority to protect and serve the public at TVA land and recreational facilities throughout the Tennessee Valley.

The 1994 Crime Control Bill authorized TVA to designate employees as federal law enforcement officers. Reno approved implementation of the statute last week.

"To select our TVA Police Officers we set high standards for eligibility," TVA Chairman Craven Crowell said. "We set physical requirements equal to any law enforcement organization in the country, and we required professional training that places the TVA Police among the elite of our country's federal law-enforcement officers."

Employees chosen for the TVA Police successfully completed a rigorous selection and training process, which included an 11-week law enforcement course at the Federal Law Enforcement Training Center.

In addition to providing for the protection of the public on TVA lands, the TVA Police are responsible for the protection of about 16,500 TVA employees. These employees are located in offices in Knoxville, Chattanooga and Muscle Shoals, Alabama, as well as at TVA recreation facilities, 11 coal plants, three nuclear plants, 29 hydroelectric dams, 13 Customer Service Centers and other locations throughout the Valley.

In addition to the new officers, TVA will continue to have Public Safety Officers to provide industrial security at TVA offices and facilities.

TVA is a federal corporation and one of the nation's largest electric-power producers. Its service area covers 80,000 square miles in Tennessee, and parts of Alabama, Georgia, Kentucky, Mississippi, North Carolina and Virginia.

Eric Clark, From Taylorsville, MS, Nominee For Secretary Of State was in Iuka recently campaigning. Mississippi's chances for success into the coming century depend, Clark believes, on building a strong economic development plan for our state. He will continue to seek new money and jobs for Mississippi's economy as Secretary of State - the first point of contact many businesses and industries have with Mississippi. While campaigning in Iuka, Mr. Clark presented a former colleague, Mack Loyd Wadkins a candidate card. Mr. Clark and Mr. Wadkins served twelve years together in the Mississippi House of Representatives.

COLORS CAN BE USED TO
CAMOUFLAGE

If you are self-conscious about your size and weight, you might want to give some thought to the help certain colors can give toward camouflaging size.

Darker shades of color and softened or muted tones tend to recede from the viewer's eye, therefore causing the figure to appear smaller. By contrast, light and bright colors attract the eye of the viewer and therefore in-

crease the apparent size of the wearer.

Cool colors such as blues, greens, teals and purples also tend to decrease the size of the figure. The person wanting to appear smaller and thinner should consider selecting cool colors, darker muted shades and colors with lower intensity.

If you like warm, intense colors you still can use them, just remember they are most becoming when used in small areas to accent or highlight an outfit. Highlight items or areas include scarves, jewelry, hankies,

a block of color or tie.

We can use all the colors we enjoy and those that help to meet certain goals if we use them wisely.

Help Stop The Spread Of Hepatitis A

Restaurants can help prevent a Memphis outbreak of hepatitis A from spilling into northwestern Mississippi by observing proper precautions, Mississippi public health officials encouraged today.

The Mississippi State Department of Health this week will recommend that restaurants in northwestern Mississippi adopt policies to stop bare-hand contact with cooked food. Properly using gloves or tongs can help stop the spread of hepatitis A.

PROTECT YOUR CAT FROM FELINE UROLOGICAL SYNDROME

If your previously fastidious cat suddenly begins urinating in the corner, or seems to be urinating much more frequently than usual, it may be suffering from feline urological syndrome, or FUS. FUS strikes 100,000 cats every year, and cats with the disease show such symptoms as bloody urine, frequent urination, licking at the anal area, straining to urinate and blockage of the urinary tract. Although FUS affects cats of either sex, male cats are more susceptible to blockage.

FUS is caused by the presence of mineral crystals (often called "sand") that irritate the lining of the urinary tract and may plug the urethra or form bladder stones. If the urinary tract is blocked, the kidneys cannot eliminate poisons from the body, and the bladder becomes very full because urine cannot be eliminated. If the cat is not treated in time, depression, weakness, loss of appetite, vomiting, pain and eventually death will result.

If the urinary tract is blocked, immediate veterinary care is required. We can usually empty the cat's bladder using a small catheter, or tube. In some cases, we may prescribe a special diet of Feline s/d. The nutritional characteristics in s/d help dissolve the crystals in the urinary tract. Sometimes, surgery is necessary to remove the blockage. A short stay in the hospital is usually necessary to make sure the cat is recovering without any problems.

Once your cat is home, it will need special care to prevent the recurrence of FUS. Be sure it has free access to clean, fresh water. Protect it from stress, such as extreme exertion or excitement, and hot or cold temperatures. Change the litter box daily. Some cats will not use it or will use it less if it is dirty. If you have more than one cat, you may need an extra litter box.

Diet and exercise play a large part in determining whether or not a cat will fall prey to FUS. High levels of magnesium in the diet, little exercise, obesity and low water consumption can all contribute to FUS. A nutritionally complete diet containing a reduced amount of magnesium helps prevent the formation of mineral crystals in the urine. One such diet is Hill's Feline c/d. Its formula helps reduce the amount of magnesium excreted in the urine and provides nutrients needed for tissue repair.

If your cat is obese and has already had one bout with FUS, now might be a good time to put it on a weight reduction diet and exercise program. Test for obesity by placing your hands over your cat's rib cage. If the ribs are difficult to feel, or you can't feel the ribs at all, it's time for a diet. We will be happy to help work out a daily exercise plan and weight reduction diet for your cat's needs. With the proper diet and care, recurrence of FUS is preventable in 85 to 100 percent of all cases.

that restaurants in affected counties consider providing a newly licensed hepatitis vaccine to all food handlers they employ.

"We're not requiring employers to do anything, but we are making recommendations to prevent the spread of hepatitis A and to help restaurants cut the cost of liability," said State Health Officer Ed Thompson, MD, MPH. "This year, circumstances forced one Mississippi restaurant to reimburse out-of-state travelers for treatments."

Since January, MSDH epidemiologists have tracked 103 cases of hepatitis A in Mississippi, compared to only 77 cases reported in all of 1994.

Most 1995 cases originated in northern counties - Tunica, DeSoto, and Marshall - that border the Memphis area. Memphis public health workers have tracked more than 900 cases this year.

Hepatitis A, an infectious virus, can spread through foods handled by a person with the virus.

The microscopic virus spreads when food handlers don't thoroughly wash their hands after using the toilet or changing diapers. Thorough cooking kills the virus.

The disease usually causes weakness, followed by loss of appetite, nausea, diarrhea, and vomiting. Several days later, jaundice - a yellowing of the eyes and skin - and dark urine might appear.

Many infected people - especially children - have not symptoms but still can spread the disease.

Mild illnesses last from one to two weeks. In severe cases, recovery can take several months.

The Food and Drug Administration earlier this year licensed a long-lasting vaccine to protect people over age two from hepatitis A.

Until now, public health workers relied on the immune globulin shot, a blood byproduct that protected only if given within two weeks of exposure to hepatitis A.

The Mississippi State Department of Health tracks all hepatitis A cases, treating people who risked exposure. Three times this year, MSDH has conducted special immune globulin shot clinics after large groups of people risked exposure. Those three exposures occurred at casinos near Memphis.

"When we look at the epidemiology of these cases, we see that hepatitis A is a community problem, not a casino problem," Thompson said. "Casinos deal with large num-

bers of meals, high volume, and a high turnover rate; so it's not unusual that exposures would happen here. Our recommendations to have food handlers vaccinated cover all restaurants in northwest Mississippi."

The Mississippi State Department of Health is working toward providing the hepatitis A vaccine at cost through select county health departments, Thompson said. In the meantime, the state's Northwest Public Health District staff will host hepatitis A seminars for physicians, child care facilities, casinos, and restaurants.

Opaline Crouse was surprised to find this muskmelon growing alongside the road close to home in the Boggs Chapel community. The vines evidently up from the peellings and she had thrown there from store bought muskmelons. The pound muskmelon was the of three that the vines produced before being overtaken by the dry weather. It sure made some good eating!

STEP INTO THE LINEMAN'S SHOES!

If you made your living as a lineman, it goes without saying you'd want your work environment as safe as possible.

You can help make the lineman's job safe by putting a little common sense into action. For example:

- Don't hang birdhouses or basketball goals on electrical poles. The lineman will have great difficulty climbing around them, even though you think they're perfectly placed.
- Don't landscape around poles with flower boxes, birdhouses or anything else that might cause harm if a lineman were to fall.
- Don't hang signs on poles because the nails or staples could cause the lineman to slip if he has to climb.

Use a little common sense around utility poles; show your appreciation for those who work so hard to make sure you have reliable electric service. All it takes is stepping into the other guy's shoes for a few moments!

CUCUMBERS & TEABAGS?

Do you really need eye drops or washes, vitamin supplements, or non-prescription aids to keep your eyes clean and healthy? Nature can usually do this for us without having to resort to artificial means. The normal tearing and blinking reflex you were born with, for example, will lubricate and clean your eyes constantly.

What about red eyes? Sometimes your eyes may seem redder than normal. The membrane that covers the white of our eyes has tiny blood vessels. In some people's, they're more pronounced than in others. This can make the eyes look redder. So can exposure to smoke or air pollutants, drinking too much alcohol or even straining the eyes.

One homemade remedy for red eyes is a compress of wet teabags and cucumber slices. Although this compress probably won't injure your eyes, it has no known benefits. Also, it's a little conspicuous. Good nutrition and regular eye checkups are the best way to keep your eyes healthy.

Fourth row, from left, Frank Bayliss, Maude Smith (Mars), Churchy Adams, Blanche Ice, Bessie Bayliss (Patterson), and Elizabeth E. (Betty) Bayliss. Fifth row, from left, ladies not identified, Tom Adams, and Lou Anna Smith (Adams).

Happy Birthday To Charlie Smith

"I live on work, I wouldn't be here if I didn't keep working," says 99-year-old Charlie Smith who's determination to stay active and keep working is evident in his beautiful flowers and garden at his home in the Oldham Community near Iuka.

Mr. Charlie celebrated his 99th birthday Tuesday. He was born September 19, 1896 in the "section" house by the railroad at Oldham just a short distance from the house he shares now with his niece, Aline. His parents, James Thomas and Mary Ann Archer Smith, raised six children: Maude who married Houston Mars; Walter, who married Maude Hampton; Owen, who married Lou Mars; Lucille who married Paul Wadkins; Charlie; and Annie Lee, who married Clarence Haines.

On a recent visit with Mr. Charlie, he talked about his family, which means so much to him, and he also shared some stories from his service years — World War I, that is! He told of his enlistment in the Army in 1916, just one month before his 20th birthday. He said he and a boy from Corinth (the late John W. McCord) decided they would join the Army. Charlie Smith was taken in immediately but McCord had trouble entering because he didn't look 18 - his beard wasn't full yet! So the Army contacted McCord's mother, she said her son was 18 but she didn't want him to go. Unfortunately the Army didn't listen to his mother and took him anyway. The two young soldiers were separated, McCord went into the Medical Corp. Mr. Charlie said he ran into McCord 30 years later at an Armistice Day Parade in Corinth. It was a surprise reunion and a great day for the two men.

When the Armistice was signed in 1918, Charlie Smith was in Toul, France. But with an excellent memory he noted that this did not end his military service. He was part of a U. S. Military Mission which went behind the German lines to assist the Red Cross and the Germans with a Russian prisoner of war camp in Germany. There were 40,000 Russian prisoners in the camp. The Germans could not feed them and they would not return them to Russia because Communism had started there, so the U. S. military personnel and the Red Cross had to help with the camp. The young soldier from Mississippi was a supply sergeant for the camp. He said many of the Russians were leased out to German farmers.

While with the detachment in Germany, Charlie Smith spent six weeks in a German Hospital. He said he was the only American in the hospital and still remembers his beautiful German nurse and how kind she was. She wanted very much to teach him to speak German but he said he saw no need for him to learn how to speak German! She said she had nursed many British soldiers but the young American was very different from them.

In the fall of 1919 he returned to the U. S. and was stationed in Louisville, Kentucky. He came home to Iuka in 1920.

The thriving gravel pit near Oldham gave him plenty of work until the outbreak of World War II. He was 45 at the time and narrowly missed getting to visit Germany again! During this war he worked in a plant in Memphis making B25 bombers. He later

returned to Iuka after the war and worked at an aluminum plant in Colbert County. When asked, when did you retire? he answers with a smile, "I haven't yet".

A birthday dinner was held at his church, Oldham Baptist, on Sunday in his honor. He still walks to the church when health and weather permits. Mr. Charlie is in good health except for a hearing problem which is the result of an injury from World War I - when asked if he receives compensation from the Army because of the injury, he replied, "I didn't report it!"

The "old soldier" smoked cigarettes for 50 years. He smiles as he says, I've been quit 40 years, and I still have my last pack as a souvenir. He tried chewing tobacco but decided that was a filthy habit and quit it too.

His advice to people is, "keep working and eat anything you like and plenty of it". He reports he doesn't eat much meat, just lots

of vegetables, and cereal and homemade jelly for breakfast.

As we started to leave we asked what is your advice to the young people of today and he replied, "stay morally clean".

Members of the news staff, Daisy, Charlotte and Becky, would like to say a special thanks to Mr. Charlie for letting us visit with him. It is always a delightful experience to visit this "gentleman" and absorb the history that can only be told by someone who experienced it.

Barnes - Hardin United In Marriage

The sanctuary of Tunica United Methodist Church in Tunica, MS was the setting for the ceremony uniting Betsy Dawn Barnes and Wm. Douglas Hardin, Jr., on Saturday, June 3, 1995 at two o'clock in the afternoon. Rev. W. Douglas Hardin, pastor of the church, and, father of the groom, officiated the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Billy W. Barnes of Burnsville and the granddaughter of Mrs. Daniel Childs of Burnsville, and the late Mr. Childs, and Mr. and Mrs. Hoyt Barnes of Iuka.

Mr. Hardin is the son of Rev. W. Douglas Hardin of Tunica and the late Bertha Thompson Hardin and the grandson of Mrs. J. O. Thompson of Hernando and the late Mr. Thompson and Mrs. Boyd Hardin of Horn Lake and the late Mr. Hardin.

Mrs. Ann Munson of Tunica, organist, provided a program of spiritual selections. Prior to the processional, Daniel B. Mathis, cousin of the bride sang "Holy Ground".

The bride entered the sanctuary to the organ arrangement of Trumpet Voluntary, escorted and given in marriage by her father. The bride's gown featured a guipure lace bodice with a V neckline and short caplet sleeves, with a soft tulle skirt sprinkled with flowerettes of lace and sequins that fell into a chapel train accented at the waist with a satin bow in back. Betsy carried a fresh cascading bouquet of white roses, lilies, and Stephanotis entwined with fern.

The bride's matron of honor was Mrs. Elizabeth Adams Morris of Texarkana, TX. The bridesmaids were Mrs. Regina Downs Bobo, Dallas, TX, Miss Jana Kathryn Hardin, Greenwood, MS, Miss Heather Creana Murray, Ridgeland, MS, Miss Mary Roxanne Turnage, Brandon, MS, and Mrs. Sherri Lynn Winpiger, Vicksburg, MS. Miss

Megan Renee Allred, Burnsville, MS served as flower girl.

The attendants wore floor length, front split, black crepe dresses with white primo satin pleated collar featuring a deep V in back and accented with pearl trim in front. They carried a longstem white rose surrounded by baby's breath and fern.

Mr. Thomas Owen Hardin, Tunica, MS., brother of the groom served as best man. Groomsmen included Mr. Brian Daniel Barnes, Burnsville, MS, Mr. Bryan Daniel Collier, Tupelo, MS, Mr. Charles Robert Godwin, St. Louis, MO, Mr. Murry Kirt Smith, Tupelo, MS, and Mr. Douglas Trey Terry, Little Rock, Ark. Mr. David Stuart Wright, Nashville, TN, cousin of the bride, served as ring bearer.

A congregational hymn, Praise to the Lord, the Almighty, was led by Rev. Hardin. As the couple lit the unity candle, Mr. Mathis sang, Make Us One, Father God, which was followed by the pronouncement of marriage, and, as they knelt at the conclusion of the ceremony, Mr. Mathis sang the prayer hymn, Savior Like a Shepherd Lead Us.

A reception honoring the couple was held immediately following the ceremony on the church lawn. The bride's table, adorned with white lace, held a three tiered wedding cake decorated with a variety of fresh flowers. The groom's table was topped with a two layered chocolate cake decorated with flowers. A table of fruit centered the lawn with a variety of appetizers. Miss Kara Grisham, Miss Amy Mathis, and Miss Melissa Briggs, cousin of the bride, attended the tables.

Directors of the wedding were Ms. Theresa Oglesby and Ms. Elizabeth Lewis of Senatobia.

After a wedding trip to the Virgin Islands, the couple is at home in Hernando, MS.

3 Jon Denver Tapp Kicks Extra Point and TCHS Wins 27-26 over Corinth

Photography by Charles

And It Was GOOD!

TCHS Braves Win 27-26 Over Corinth with a Jon Tapp PAT In Second Overtime.

Braves 27, Warriors 26 F/2OT
On Friday, September 15, 1995 the Braves of Tishomingo County traveled to Corinth, to do battle with the Warriors. The Braves entered competition with a record of (2-1), while the Warriors held a (1-1) mark. Corinth won the coin toss and choose to accept the ball.

The Warriors received the opening kickoff and began play at their own 35-yard line. The Brave's Defense came out ready to play and forced Corinth to punt after only three plays. The offense for the Braves also showed they were ready by moving up the field early. They broke into the Warrior's Red Zone twice in the opening quarter, but came up short. The score at the end of the first quarter was Braves 0, Warriors 0.

In the opening minutes of the second quarter the Warriors found the end zone on a quarter-back keeper. The extra-point attempt was no good. Not to be discouraged, the Braves then drove 65 yards to find their own end zone. This drive was capped off by a Casey James TD run, and a Jon Tapp extra-point. The Warriors then drove down to the Braves 6 yard line, but the Brave's D refused to allow them to score. They got possession back, thanks to a Brian Chambers interception. With a little less than four minutes left in the half, and over 50 yards to cover, the Braves were determined to score again. They did just that, thanks to a Casey James to Nathaniel Clark TD pass. The extra-point attempt was no good. This left the score Braves 13, Warriors 6 at the half.

The third quarter was filled with penalties and turnovers. In one sequence Corinth fumbled, Tishomingo County fumbled, and then Corinth fumbled again. All of this happened in three consecutive plays. The score remained the same after three quarters of play.

The fourth quarter saw the ball change possessions several times. This included two more Tishomingo County turnovers. The Brave's defense held off the Warrior's offense several more times. However, in the closing minutes, they yielded a Warrior touchdown and an extra-point. This deadlocked the game at 13-13 at the end of regulation.

The Warriors won the coin toss and deferred at the beginning of overtime. On the first play, Aaron Foster (9-17-0, 86 yds, 2 TD) connected with Jay Glover for a score. Jon Tapp added the PAT. Corinth, with a must score situation, ran three plays and put it in. The whole stadium grew silent. The extra-point would either force another overtime, or

seal a Braves win. The kick was up and it was good. The Warriors went first in the second OT. Corinth again put the ball into the end zone, though the PAT was missed. The Braves in the same must-score situation scored big on an Aaron Foster to Nathaniel Clark TD pass. The stadium again grew silent. Jon Tapp's kick went soaring into the air, and it was...GOOD! The Braves won, the Braves won! TC's side of the stadium exploded.

The Braves begin division play with a (3-1) record. They play the Conquistadors of Olive Branch, next Friday night at Tishomingo County.

Parents of this year's sophomores (last year's freshmen) should pick up the achievement test results from counselors during the open house. This will give you parents an opportunity to discuss your student's academic standing. See Mrs. Lambert or Mrs. Barnett on Open House night.

TCHS teachers are anxiously awaiting.

PLAN Test To Be Offered At TCHS

PLAN will be offered to interested ninth and tenth grade students again this year. The PLAN Program is offered by ACT and is an excellent tool to help students plan for the future.

PLAN measures basic academic development in the areas of English, Mathematics, Reading, and Science reasoning. Plan helps identify career interests and relates these to educational and training requirements. It measures knowledge of effective study skills and gives the students the opportunity to indicate areas of special concern in which they feel they need assistance. PLAN can also assist students in preparing for the ACT Assessment or other national college entrance testing programs that are completed by high school juniors and senior.

The PLAN test will be given on Tuesday, October 24th at 8:00 a.m. at TCHS. The cost is \$7.00 per student. To register, the student should bring the \$7.00 payment and his/her Social Security number to one of the counselors by Tuesday, October 10th.

TCHS Stops Corinth

By: Chris Coats

At Corinth, the TCHS Braves defeated the homestanding Warriors 27-26 in a double overtime thriller. The game was tied at 13 after four quarters of play, and at 20 after the first overtime.

The warriors got on the board first in the second quarter, but the Braves scored twice before halftime and took a 13-6 lead into the locker room at intermission. Casey James scored TCH's first touchdown and completed a pass to Nathaniel Clark for their second.

In overtime, the Braves won the coin toss and scored first when Aaron Foster hooked up with Jay Glover on the first play from the 10-yard line and Jon Tapp converted the extra point. Corinth then tied the game once more in scoring on its third play from scrimmage. In the second OT, the Warriors won the toss and scored quickly but missed the PAT. Foster calmly hit Clark for his second TD toss of the night, and Tapp converted the extra point for the win.

This win gives TCHS a 3-1 slate on the season. The Braves host Olive Branch Friday in their first district contest of the kickoff year. Kickoff is set for 7:30. I encourage you to come out and support your Braves.

Alex is the son of Tammy and Sam Hampton.

Facts About The BIBLE BY JOHN LEHTI

THE HARD LIFE OF THE MESSENGER

MESSENGERS IN BIBLICAL TIMES WERE IMPORTANT PERSONAGES. THEY CARRIED DICTATES OF KINGS, GENERALS, AND STATESMEN, WITH GREAT DISPATCH ALTHOUGH THEIRS WAS NOT A JOB TO BE SOUGHT AFTER. THEIR TRAVELS WERE HAZARDOUS, THEIR HOURS WERE LONG, AND VERY OFTEN THEIR WORK WENT UNAPPRECIATED. IN FACT, IF THEY HAPPENED TO BE BEARERS OF EVIL TIDINGS THEIR OWN LIVES COULD BE ENDANGERED DUE TO THE FACT THAT OFTEN THE RECIPIENTS OF THE BAD NEWS WOULD ORDER THE DEATH OF THE MESSENGER WHO BROUGHT SUCH UNPLEASANT TIDINGS. ALSO, IT WAS NOT UNCOMMON FOR GROUPS OF MEN TO IMPEDE THE PROGRESS OF A MESSENGER TO KEEP THE COMMUNICATIONS FROM BEING DELIVERED FOR POLITICAL REASONS. MORE THAN ONE HAPLESS COURIER FELL VICTIM TO A ROADSIDE AMBUSH RESULTING IN CONFIDENTIAL MISSIVES FALLING INTO THE WRONG HANDS.

Praise The Lord The Crimson Days of Autumn

The crimson days of autumn
etched merrily in gold,
Unfold silently before me
to watch the world turn cold.
There's frost upon the meadow
where clover used to bloom,
And the scent of clove and cinnamon
permeates each room.
There's cider on the stove there,
and fresh-baked apple pie.
It's no wonder hearts beat faster
when autumn fills the sky!
It's a time for bobbing apples,
a time for shucking corn.
It's a time to gather walnuts
early in the morn.
It's a time we should be thankful
for God's goodness and His grace
When the crimson days of autumn
wear a jack-o-lantern face.

Card of Thanks

I would like to thank the relatives, friends and neighbors of my brother, C. C. (Lum) Cummings, for the food, flowers, prayers and sincere compassion bestowed upon us in our time of sorrow, also to the paramedics for the professional care given during his transportation to the hospital, the nurses and staff at the Iuka Hospital for their kind and thoughtful ways while he was a patient there.

I extend a special thanks to Dr. Scott Segars and his father Dr. Kelly Segars for their kind and professional treatment while he was in their care. I am very grateful for their dedication as I feel this gave him extra time to be with us.

My deepest gratitude to Cutshall Funeral Home for their kind and understanding way they conducted the services, a special thanks to our neighbor and friend, Rev. T. E. Davis for the comforting words he spoke in conducting the funeral service, and to all the motorists that pulled to the side of the road and stopped, showing their respect while the funeral procession was enroute from Iuka to Antioch Baptist Church in Burnsville. Living away from my home community for several years makes me realize without a doubt what a wonderful community we have to live in and call home.

Tishomingo County Electric Power Association Rewards Safe Job Performance

In an effort to reward safe work habits and practices, Tishomingo County Electric Power Association has adopted an awards program to recognize employees who complete their duties in a manner emphasizing safety. Employees L.C. Gilchrist and Dennis Anglin have performed their work since October, 1981 and October, 1979, respectively, without any reportable job accidents resulting in physical injury. According to the Manager Grisham, "These men have performed some very hazardous work under less than ideal circumstances in a physically demanding job without neglecting a commitment to safety. TCEPA wishes to commend these employees for a job well-done. The Association is committed to recognizing exemplary service."

A Day Out For Fun

First American National Bank's Crystal Circle Club made a trip to Lynchburg, Tennessee on Thursday, September 14th. The day started out with a light breakfast at the bank. We were on our way at 8:00, arriving in Lynchburg at 11:30 for a wonderful lunch at the Countryside Restaurant. We then toured the Jack Daniels' Distillery. After walking off our lunch it was time for refreshments. Good old ice cream at the Town Square, and a little shopping before our trip home. A great time was had by all. Patricia and I want to thank everyone for going, and we are looking forward to the next event.

Letter To The Editor

Twelve different medications daily? Some of them 3X daily? Even four or five different drugs for most senior citizens if taken month after month is excessive. But pharmaceutical companies compete constantly and mightily to sell preparations like steroids, tranquilizers, "heart pills", muscle relaxers, vasodilators, diuretics, antibiotics, and other expensive anti-this, and-for-that medicines.

Frequently, sickness side-effects produced by medications add to the woes of growing old. Yet, nursing homes, home health nursing alliances, and many doctors insist on maintaining strict schedules for pill taking. "Utilization review" doctors are hard-pressed to monthly review what is happening to so many "ware-housed" old people.

Are these harsh words?

Perhaps. But the over-sold, managed-competition, privatized, health situation for the aged, in which profit if fore-most rather than care, has to be dealt with by responsible law-makers who can change laws under which Medicare, Medicaid, and veterans' homes operate.

We should cheer the paradoxical when an aged old one gains dignity and life by refusing to continue a pile of pills--or even one--for one's mere survival.

At our age having to die--and sometimes how-to-die--is a central but suppressed problem. Or is it not?

DEBRA GRAY, CITY CLERK

Celebrating Constitution Week

Members of the Chief Tishomingo Chapter of DAR are shown with Mayor David Nichols as he signs a proclamation declaring the week of September 17-23 as Constitution Week. Shown with Mayor Nichols are Mrs. Mildred Hill, Ferrin Rainey, Donna Burcham, a student at Tishomingo County High School, Mrs. Margerite Nixon, Regent of the Chief Tishomingo Chapter of DAR.

Schools across the county will be celebrating Constitution Week in a variety of ways. Students at TCHS will celebrate with a special song written by Donna Burcham, banners, public service announcements, special bulletin boards, and a red-white-blue day. Students at Iuka Middle School will begin each day of the week with the pledge to the flag and the singing of the National anthem. Students at Iuka Elementary School have prepared a mock city scape of Philadelphia and will study the writers of the Constitution.

TCHS students also participated in a local chapter meeting of DAR. Donna Burcham performed her original song. Aaron Foster and Ferrin Rainey presented a follow-up presentation on a project they started last year. Ben Rudolphi, Blake Holly, Hugh Keeton and Nathaniel Clark presented a video they had prepared. Amy Patton and Christy Brumley were also on program.

Everybody across our county is urged to make the effort to take an active part in the celebration of Constitution Week that is going on across our country this week.

Constitution Week Projects

During Constitution Week, 1995, Mrs. Shelia Thorne (history teacher at TCHS) challenged students to develop an outstanding project for the school and community. Then the projects were judged. Unknowningly Ferrin Rainey and Aaron Foster developed similar projects. This project involved naming the streets, loops, and parking lots on the campus of Tishomingo County High School. Ferrin made her project more specific by naming all the inclusive areas at TCHS. Mrs. Thorne asked Aaron and Ferrin to take this project to Mr. Haggard to see if it would be approved by the Administration. Mr. Haggard was impressed and asked Ferrin and Aaron to approach the civic and community leaders to assist the students financially in acquiring funds for signs that would be a permanent fixture for years to come. Ferrin and Aaron are eager to get the signs placed on the campus of Tishomingo County High School. Ferrin has already presented the project to one of the many prestigious organizations in the community. Both students will be meeting with all of the organizations in the community during the next few months. Aaron has drawn a rough draft of the TCHS campus. The main thoroughfare in front of the school would be named Constitution Drive, the Courtyard between the buildings will be called Citizen's Way; the four student parking lots will be named Democratic Place, Independence Way, Republican Place, and Veteran's Way. The football parking lot will be named The Union. The circle in front of the Tri-State Consortium will be called Congressional Loop. The street between the school and the football field will be called American Way.

By completing this project, Aaron Foster and Ferrin Rainey, members of the graduating class of 1996, along with community support will leave important markers on the campus of TCHS that will bring pride and integrity in the hearts of students, parents, teachers and visitors.

Aaron Foster is the son of Lance and Sandra Foster. Ferrin Rainey is the daughter of Billy and Myra Rainey.

If you would like to help with this project, please contact Ferrin Rainey (427-8457), Aaron Foster (423-6885), or you can reach them at Tishomingo County High School (423-7300).

The mother's love is like God's love. He loves us not because we are loveable, but because it is His nature to love, and because we are His people.

Herein is love, not that we loved God, but that He loved us, and sent His Son to be the propitiation for our sins. Beloved, if God so loved us, we ought also to love one another. 1st John 4:10, 11.

"Self Worth". Was the title of our Sunday School lesson. Test;

Genesis 1:26-31 Verse 31, And God saw everything that He had made, and behold, it was very good, and the evening was the sixth day. This is God's explanation of creation, and I accept it just as it is written. "Central Truth". Each person is of highest value because he bears the image and likeness of God, (not Monkeys).

Devotional; source of our sufficiency. 2nd Corinthians 3:4-6. Verse 5, not that we are sufficient

of ourselves; but our sufficiency is of God. AMEN!!

The subject of Bro. John's sermon Sunday morning was: "What is it to be in the arms of the Savior? Psalms 98:1-9. Verse 1, O sing unto the Lord a new song; for He hath done marvellous things: His right hand, and His Holy arm, hath gotten Him the victory. Read Deuteronomy 33:3, 4:34, The protection of His love. John 3:16, Hebrews 9:27, Man's inescapable appointment. Hebrews 13:5, Under His protection. We can just say it means everything good. God shows His love to us, can you show yours to Him?

The subject of Bro. John's sermon Sunday night was: "The Manifest things of God". Definition of Manifest; Many and varied, numerous. Text: Luke 18:24-30, Verse 30, Who shall not receive manifold more in this present time, and the world to come. Read verse 29 first. Read Psalms 104:24, 1st Peter 4:10. My sister, Jean Elkins of Lombard, Illinois is doing better over her operation.

Phelma Stockton celebrated her 84th birthday Sunday, Sept 16th. Several of her kin was there, also her son, Bro. John and Burton. She received several presents and enjoyed it very much.

Mrs. Ocene Kenaum had moved from the Mt. Gilead road to the housing project in Iuka. She says she likes it very much.

Helen Booker's daughter, Judy Wilson from Florida, had returned home after spending several weeks with her mother while she recuperated from a knee replacement.

The chestnuts will soon be to hard to eat. They are free if anyone wants to come pick them up. Wear thick shoes and gloves.

Friends From Holcut

Friends from Holcut met on Saturday, September 9, for a get-together and to say goodbye to our long time friend and classmate Edith Starkey Smith. Edith usually comes for a month every year for reunions and visits with families and friends. Take care Edith till next year.

We were supposed to meet at 5 p.m. but seems some got the time mixed up. We may need to make up some money and buy L.D. and Lucille a time keeper, but so glad they came we will settle for that.

We got two more of the Belues with us, Sidney and Mary Annice which made four this time and Maxine was absent. We sure missed her and all the others who missed. Seemed Huston got in the hog business. Hope he didn't make Colene help him. We were glad to have Illa Trim and Ava Hill back with us. Illa helps to keep us all going. We missed Gerald and Syble, and Bob and Ava but maybe they were involved in the benefit singing if so we will forgive them. Weldon and Bethany come occasionally so we won't forget them I guess. They know we won't. Gene and Olla are missing too much. We may need to go check on them. Montez Bingham make it and we are so glad. Other than those mentioned we had Edith Bullard and Roy Johnson he is a regular now, also Earnestine Bullard. Victoria,

Roxie, Imogene and Jewell didn't know about Hearl and Deloris. Imogene and I had to find a ride because you guys didn't show up. Ha! We all are, drank and talked and someone said we were sad so Illa Trim read a real good reading made into a poem, also some new pictures showed up. We had a barrel of fun.

Carlyn C. Williams showed up for a short visit to say hello and goodbye it seems she had other plans. Good luck Carlyn. Don't know how we made it without Paulene B. Waddle she sure cheers us up and Irene comes all the way from Booneville so these Holcut people sure stick together. They even shared their memory books with us. Can you imagine that. They were a must in our school days. After I kept missing connections so much I had to transfer to Iuka and I was so sad and still am, ha. I lost my memory book as well as some other things, but I did learn to love Iuka and made lots of new friends from Holcut to Iuka. If anyone has something to share please bring it. Believe it or not I saw pictures this time I had never seen before, so who knows what all we have missed, but just to share our roots and memories makes us all glad.

We welcome anyone left out who would like to come. I think Maxine and Cotton Wade will make it soon so sorry she had to break her hip. Heard she was doing just fine. She is too young

to lose out. Hurry up Maxine. Goodbye for now till next time. Jewell McCoy Choate

Jack H. Woodward, et al. vs. NOR-AM Chemical Company
No. 94-0780-CB-C

U.S. WORKERS WITH ON-THE-JOB EXPOSURE TO FUNDAL®

and Their Spouses, Children, Other Relatives and Legal Representatives and PRICE v. CIBA-GEIGY, Civ. No. 94-0647-CB-S (S.D. Ala. 1995), SETTLEMENT CLASS MEMBERS

FUNDAL® WAS A COMMERCIAL AGRICULTURAL PESTICIDE WHICH WAS MARKETING IN THE U.S. BY NOR-AM CHEMICAL COMPANY. FUNDAL® WAS NOT MARKETING FOR RESIDENTIAL OR HOME GARDENING USE.

U.S. WORKERS WITH ON-THE-JOB EXPOSURE TO FUNDAL® MAY BE ELIGIBLE FOR FREE MEDICAL MONITORING AND/OR CASH PAYMENTS UNDER THIS PROPOSED LEGAL SETTLEMENT.

PRICE SETTLEMENT CLASS MEMBERS ARE ALL U.S. WORKERS WITH ON-THE-JOB EXPOSURE TO GALECRON® (INCLUDING GALECRON® AND FUNDAL®) WHO DID NOT EXCLUDE THEMSELVES FROM THE PRICE SETTLEMENT. PRICE SETTLEMENT CLASS MEMBERS MAY BE ELIGIBLE FOR CASH SUPPLEMENTS UNDER THIS PROPOSED LEGAL SETTLEMENT.

PLEASE READ THIS NOTICE CAREFULLY. YOU MAY BELONG TO A CLASS OF PEOPLE COVERED BY A PROPOSED SETTLEMENT OF A LEGAL ACTION ("WOODWARD SETTLEMENT"). THE WOODWARD SETTLEMENT MAY AFFECT YOUR LEGAL RIGHTS. FOR MORE INFORMATION CALL 1-800-211-6913

By Order of the Court, a class action has been conditionally certified for settlement purposes. On January 9, 1996, a fairness hearing will be held at the Courthouse, United States District Court, Southern District of Alabama, 113 St. Joseph Street, Mobile, Alabama, 36602, at 9 a.m. Central Time, so the Court can determine if the class action should be finally certified and if the Woodward Settlement, as summarized in this Notice, should be approved as fair, reasonable and adequate. Although participation in this settlement is voluntary, all Woodward Settlement Class Members who do not timely exclude themselves from the lawsuit will be bound by the Woodward Settlement if it is approved.

I. DEFINITION OF CLASS

Under the Woodward Settlement, Fundal® is defined as chlordimeform or any chlordimeform-containing product, either manufactured, formulated, packaged, distributed or sold by or on behalf of NOR-AM Chemical Company ("NOR-AM") or related parties, regardless of the trade name of the product; or any metabolite of Fundal®, including the substances known as 4-COT or 5-CAT. Galecron® has the same meaning as it did in the Price v. Ciba-Geigy Corp., Civ. No. 94-0647-CB-S (S.D. Ala. 1995), Settlement ("Price Settlement"), and is thus defined as chlordimeform or any chlordimeform-containing product, either manufactured, formulated, packaged, distributed or sold by or on behalf of Ciba-Geigy Corporation or related parties, regardless of the trade name of the product; or any metabolite of Galecron®, including the substances known as 4-COT or 5-CAT.

The Woodward Settlement Class is defined as:

(1) All persons who fall into one of the following categories, and who reside in the United States as of the date of filing of the Class Action Complaint, who have been exposed in the United States to Fundal® only, but not to Fundal® and Galecron® or to Galecron® only ("NOR-AM Exposed Persons");

a. **Formulators:** An individual (whether or not employed by NOR-AM Chemical Company) who in the course of his or her employment was exposed to Fundal® while at a plant or site which was involved in mixing, blending, packaging, handling or otherwise formulating pesticides which contained, in whole or in part, Fundal®.

b. **Applicators:** An individual (whether or not employed by NOR-AM Chemical Company) who in the course of his or her employment, was exposed to Fundal® while involved in the application of pesticides which contained, in whole or in part, Fundal®, including, without limitation, aerial and land applicators, flagmen, mixers, blenders, loaders and other individuals who handled such pesticide prior to or during the application process; or

c. **Other Covered Workers:** (i) An individual employed by NOR-AM Chemical Company who, in the course of his or her employment, was exposed to Fundal® in the course of his or her employment; or (ii) An individual who worked at Empak, Inc. in Deer Park, Texas and/or Micro Chemical in Louisiana and who was exposed to Fundal® in the course of his or her employment; or (iii) an individual who worked in a testing or research laboratory and who was exposed to Fundal® in the course of his or her employment; or

(2) The spouses, parents, children, other relatives, or legal representatives of the NOR-AM Exposed Persons described above.

(3) All members of the Price Settlement Class. The Price Settlement Class means all members of the settlement class certified by the court in Price v. Ciba-Geigy Corp., Civ. No. 94-0647-CB-S (S.D. Ala. 1995), excluding persons determined by the court to be opt-outs of that class. That settlement class thus includes persons residing in the United States who in the course of their employment were exposed to Galecron® or to Galecron® and Fundal® ("Ciba Exposed Persons"); and the spouses, parents, children, other relatives, or legal representatives of the Ciba Exposed Persons described above.

(Collectively "Woodward Settlement Class Members"). Note: If you are an NOR-AM Exposed Person or a Ciba Exposed Person, you are a Woodward Settlement Class Member whether or not you have been diagnosed with an illness. Spouses, parents, children, other relatives, and legal representatives are Woodward Settlement Class Members but the claims they are settling are limited to those arising from a NOR-AM Exposed Person or Ciba Exposed Person's exposure.

II. IMPORTANT MEDICAL NOTICE To NOR-AM Exposed Persons and Ciba Exposed Persons (as defined above):

You may have an increased risk of developing bladder cancer if you had on-the-job exposure to Fundal® and/or Galecron®. Workers exposed to Fundal® and/or Galecron® should participate in a medical monitoring program because early detection of bladder cancer can result in more effective treatment.

If you had on-the-job exposure to Fundal® and/or Galecron®, it is recommended that you or your doctor call 1-800-211-6913 to learn how you can obtain further medical information or enroll in medical monitoring.

III. PROPOSED SETTLEMENT

The Woodward Settlement provides for the establishment by NOR-AM of two funds to provide medical benefits and compensation to eligible Woodward Settlement Class Members or their legal representatives. This settlement is intended, where applicable, to work as a complement to the Price Settlement.

The total package of benefits potentially available to a NOR-AM Exposed Person is the same as the total package of benefits potentially available to a Ciba Exposed Person. Thus, Woodward Settlement Class Members may be eligible for the same benefits whether they were occupationally exposed to Fundal® only, or to Fundal® and Galecron®, or to Galecron® only.

(1) **The NOR-AM Medical Monitoring and Treatment Fund ("The NOR-AM MMT Fund").** If the Woodward Settlement is approved, NOR-AM will make an initial deposit of \$3,500,000 into the NOR-AM MMT Fund, and will thereafter make additional deposits on an as-needed basis. There is no limit to the amount of money NOR-AM can be required to contribute over the life of the NOR-AM MMT Fund, which will last a minimum of 20 years.

NOR-AM Exposed Persons will be entitled to participate in the NOR-AM medical monitoring and treatment program; Ciba Exposed Persons may receive medical monitoring and treatment benefits only through the Price Settlement. The NOR-AM medical monitoring and treatment program and the medical monitoring and treatment program provided through the Price Settlement are identical. The NOR-AM MMT Fund will pay for a medical monitoring program designed to detect at an early stage the form of bladder cancer alleged to be associated with exposure to Fundal®, specifically, primary urothelial carcinomas of the urinary collecting system, i.e., renal pelvis, ureter, bladder and urethra. The NOR-AM MMT Fund also will pay for all medically necessary treatment for NOR-AM Exposed Persons.

(2) **The NOR-AM Disease Compensation and Administration Fund ("The NOR-AM DCA Fund").** If the Woodward Settlement is approved, NOR-AM will also make an initial deposit of \$21,000,000 into the NOR-AM DCA Fund, up to a required maximum of \$30,000,000. The NOR-AM DCA Fund will make cash payments of up to \$626,500 on behalf of a NOR-AM Exposed Person who, after exposure to Fundal® only, has developed or in the future develops the form of bladder cancer alleged to be associated with Fundal®. In addition, the NOR-AM DCA Fund will make cash payments amounting to 40% of the amounts scheduled for and paid as compensatory payments pursuant to the Price Settlement, up to \$179,000, on behalf of a Ciba Exposed Person who, after exposure to Fundal® and Galecron® or to Galecron® only, has developed or in the future develops the form of bladder cancer alleged to be associated with Fundal® and Galecron®. The NOR-AM DCA Fund will also pay for administrative costs and class counsel's and administrative class counsel's attorney fees, costs and expenses

as determined by the Court. The total attorney fee award to be requested will not exceed 20% of the benefit conferred upon the class. The benefits of the NOR-AM DCA Fund will continue as long as the NOR-AM MMT Fund continues, or until the NOR-AM DCA Fund is exhausted. If the NOR-AM DCA Fund is exhausted, NOR-AM may continue paying for compensable claims. If NOR-AM does not continue to pay for these compensable claims, Woodward Settlement Class Members will be able to opt-out of the NOR-AM DCA Fund and pursue any legal claims they may have, except for claims for medical monitoring, medical treatment, fear of illness or cancer, or increased risk of illness or cancer.

(3) **Other Conditions.** The Stipulation of Settlement presently provides for medical monitoring, treatment and compensation payments for certain medical conditions set forth in this Notice. In the event, however, that a Court-approved Epidemiology Panel determines to a reasonable medical certainty that any other medical condition is caused by Fundal® or Galecron® exposure, that condition will be deemed a compensable claim, and will be eligible for medical monitoring (if feasible), medical treatment, and cash payments.

(4) **Release.** Woodward Settlement Class Members who do not exclude themselves from the Woodward Settlement Class release all past, present and future claims (i) relating to the covered medical conditions listed above; and (ii) relating to a Woodward Settlement Class Member's exposure to Fundal® or Galecron®, including all claims alleging that any other cancers, personal injuries or risks are caused by exposure to Fundal® or Galecron®.

IV. CLASS REPRESENTATIVES AND CLASS COUNSEL

The Court has designated the following Woodward Settlement Class Members, Jack H. Woodward, Alta Woodward, Tom Lofton, Cindy Lofton and Rita Snow, as class representatives to represent all Woodward Settlement Class Members. The Court has also designated as Class Counsel the following individuals: Timothy E. Eble, S.C. Middlebrooks III, and David R. Donaldson.

V. RIGHTS AND OPTIONS OF WOODWARD SETTLEMENT CLASS MEMBERS

If you are a Woodward Settlement Class Member, you have the following options:

(1) You may do nothing and remain a Woodward Settlement Class Member. If you choose to take no action, your interests as a member of the Woodward Settlement Class will be represented by the Class Representatives and Class Counsel at no cost to you.

(2) You may remain a Woodward Settlement Class Member and either represent yourself or hire your own attorney to represent you at your own cost.

(3) You may remain a Woodward Settlement Class Member and object to the settlement.

(4) If you choose to remain a Woodward Settlement Class Member (under options 1, 2 or 3 above), you may receive the benefits afforded by this settlement within six months of the Court's Order directing this Notice.

(5) You may request exclusion from this settlement.

DEADLINES FOR ABOVE OPTIONS. The deadline for filing an Entry of Appearance if you choose to represent yourself or retain an attorney; for filing objections to this settlement; for filing a Notice of Intent to Appear at the fairness hearing; or for filing a request to be excluded from the Woodward Settlement Class is **DECEMBER 1, 1995**. TO LEARN MORE INFORMATION ABOUT HOW TO FILE ANY OF THE ABOVE ITEMS, PLEASE CALL 1-800-211-6913 or WRITE TO: Woodward Class Action, P.O. Box 974, Charleston, SC 29402.

VI. PROOF OF CLAIM PROCEDURE

In order for any Woodward Settlement Class Member to receive any of the benefits of this settlement, he or she must comply with the proof of claim procedure. To learn how you may receive benefits under this settlement or to obtain a Proof of Claim Form for medical monitoring, medical treatment or disease compensation, call 1-800-211-6913 or write to Woodward Class Action, Post Office Box 974, Charleston, SC 29402.
