## Clinton Re-elected President; Wicker, Cochran Remain In Washington

### Mike Mills Elected As State Supreme Court Judge - District 3

by Pamela McRae

Across the country, state and our own county, incumbents held their own in Tuesday's election.

Though Tishomingo County and Mississippi gave the majority of their votes toward Republican challenger Bob Dole, President Bill Clinton won re-election by about 49% of the popular vote and 361 of the possible 471 electoral votes.

In Tishomingo County, unofficial results from all 19 precincts gave Dole 2,749 votes for 45 percent, with Clinton close behind at 2,678 and about 44 percent. Independent Ross Perot earned 604 votes in the county giving him 9.97 percent of the vote, quite close to his stated goal of obtaining double digit percentages of the vote.

Mississippi First District Congressman Roger Wicker(R) easily won re-election to a second term as expected. Democratic challenger Henry Boyd, Jr. only earned 33 percent of the vote to Wicker's 65 percent. The other two candidates received less than one percent of the first district votes each.

In Tishomingo County, Wicker earned 64 percent of the vote with 4,053 in unofficial returns. Boyd received 33 percent with 2,084 votes.

The county also overwhelmingly re-elected Republican Thad Cochran to his fourth term, giving him 4,253 votes and 67 percent of their votes. His opposition, James W. "Bootie" Hunt got 1,896, or 30 percent of Tishomingo County votes.

In the election for Mississippi State Supreme Court, District 3 (northern) Position No. 3 seat Mike Mills retained his appointed seat for a full term over Judge Tommy Gardner. In the county, Mills received 57% of the vote

(3,481) to Gardner's 42% (2,576) in what was billed as Northeast Mississippi's most hotly contested race.

Tishomingo County Election Commissioners remained the same, with all incumbents retaining their positions for the next term.

In school board elections, Jeanette C. Mann won 57 percent of the vote to take the First District seat vacated by Earl Walker. Her opponent, Gregory Enlow won 42 percent of the vote.

In a close race in the Fifth District, incumbent Harold C. Sparks retained his school board seat with 38 percent of the vote against challengers Kim Wells with a close 33 percent, and Danny Brandon with 27 percent.

Overall, voter turnout in the county was about average at 45 to 55 percent, according to Election Commission Chairman David Rushing, with 6,695 voters coming to the polls.

### First Time Voters Make Decisions at Polls

by Pamela McRae

Many 18 and 19-year olds had their first opportunity to vote for the country's highest office on Tuesday and some interviewed said that the character issue thought to make such a difference in the minds of many national voters was "just people trying to find out bad stuff about him."

"Every person has flaws," stated Matt Witt, 19, of Iuka. He and his friends are students at Northeast and also said that the way their parents vote is not necessarily important to them either.

Other issues that they said

helped them make up their minds on their selection were the candidate's stands on the economy and education. Some were also concerned that Dole was going to do away with a lot of the education programs.

Clinton's "presence and confident look" was of major concern to Jason Freeman, 19, also of Iuka. He also liked the idea of Perot running and said we need a third party "to keep the other two in line," he said. "If that's possible."

They said that their instructors at Northeast stressed the importance of voting.

## Basketball Braves and Lady Braves Getting Ready For Another Exciting Season

### First Games Against Kossuth Next Tuesday; New Site Tourney All Next Week

by Pamela McRae

The Tishomingo County High School Braves and Lady Braves' basketball teams are working hard to prepare for their season debut next Tuesday night against teams from Kossuth.

The Lady Braves have a hard fight to follow, after a 27-10 season in 1995-96, not to mention finishing second in the division championship tournament after a loss to the Oxford Lady Chargers.

In preseason polls, the Lady Braves are ranked 12th in the state, according to Coach Larry Johnson. With four seniors starting, Coach Johnson has high hopes for the girls and is working hard to make sure they don't decide to stand on last year's laurels. All-stars Sylvia Powell and Christy Glidewell are back this year to lead the team.

"If they can keep their heads and get some depth off the bench, we can be decent," he said. "We are going to be a little light on the bench to start out with."

This summer the current Lady Braves lineup finished with a silver in the State Games after

Senatobia beat them in double overtime.

A few of the Lady Braves went to Kossuth's game against Faulkner Monday night to observe their first opponents of the year.

Kossuth beat Faulkner and played Ripley Tuesday, and then Nettleton on Saturday, all of these in the Kossuth tournament in progress this week.

Boys Team Young, but Working Hard

Coach Johnson will be leading the boy's team as well as the girls this year and said that the squad is young and inexperienced,

but is working very hard toward making the season a success.

Four seniors will be leading the boys, who will also open the season against Kossuth next Tuesday night beginning at 4.

Both Braves and Lady Braves will then be in the New Site Invitational Tournament the rest of next week. The first home game is November 19th against Corinth starting at 5 p.m.

## Home Economics Tips

By: Betty M. Fulwood

### Select Microwave-Safe Containers

Alcorn County Homemaker Volunteers have been quite busy lately, hosting the 9-county area council and doing fall maintenance on their intersection landscape project. Members in Tishomingo County are equally busy, with the upcoming "Holiday House" at Midway on November 7.

With these extra activities as well as the usual ones, their November program on "Time Management" is very appropriate. We are all beginning to fill our calendars and feel pressured as we move into the holiday season.

Technically speaking we really can't manage time, for the minute hand is out of control. We can only manage ourselves with respect to the clock!

Once we accept this concept we can begin to cope with the problem and find ways to prioritize our activities, use time more

efficiently and eliminate the unimportant.

Among tips for homemakers is an admonition to streamline those necessary household chores by learning new or different ways to accomplish them. Using machines and appliances is "old hat" to most of us, but we can often use them more efficiently than we usually do. The dishwasher, for example, can be used to wash things other than dishes, like the vent cover over the kitchen range.

The microwave oven is a lifesaver to many of us in getting meals on the table quickly. It can be a very handy, convenient appliance that can save time in the kitchen if used correctly. Cooking - even reheating - is different, however, than with a conventional oven, and often we make assumptions about use and utensils that are not safe.

The first step, of course, is to become familiar with your particular microwave. Read the owner's

manual for the basic information concerning its operation, cooking times and special features.

New utensils for microwave use are not always needed, as you can use many you already have. The trick is to learn which ones are safe, both from the standpoint of withstanding the high heat and transfer of contaminants to the food.

Glass and glass ceramic cookware are safe for heating, defrosting or cooking in the microwave. The type of glass is not important for reheating, but use only oven-proof glass for cooking. An acceptable glass does not become hot during cooking but the heat of the food may break glass that is not heat tempered.

A hint I picked up from Heloise for testing glass containers is to put a glass measuring cup of water next to an empty dish (never metal or metal-trimmed). Heat on full power for one minute, then check the temperature of the dish. If the dish is cool and water very warm, the dish can be used for microwaving. If the dish is hot and the water only lukewarm, do not use.

Avoid use of cold storage containers, like plastic freezer boxes. Margarine tubs and whipped topping bowls have not been approved for microwaves. High heat could cause chemicals to transfer into the food.

Waxed paper is safe, but other paper goods such as towels or plated have not been tested, so, if using these items, use only plain white paper goods.

Never use brown grocery bags and newspapers. These contain recycled materials and metals which could start a fire. They may also contain inks and dyes, not intended to come in contact with food.

It is fine to cover utensils with plastic wrap, but unless the wrap is heavy-duty, it could melt in contact with the hot foods. Follow package directions when heating microwavable foods with special browning or crisping devices, and never try to reuse these special devices. Also do not re-use trays and containers provided with microwave convenience products, as they have been designed for one-time use with that specific food only.

Remember, appliances and new products can help you manage yourself and spend your time better, but they can't think for you.

## Flu Season May Be On The Way

We know it as the flu, but may confuse its symptoms with the common cold. By any name, it makes us miserable.

Characterized by a sudden high-grade fever, muscle aches,

headaches, and a persistent cough, influenza usually occurs in epidemic proportions every 1-3 years, says Dr. Robert Collins, director of Mississippi State University's Longest Student Health Center.

While people sometimes mistake the flu for sinus problems or the common cold, Collins says it has specific symptoms and specific remedies. The illness and recovery can last for several weeks.

To avoid this wintertime illness, Collins recommends:

**Getting a flu shot.** Shots create an immunity that lasts from 6-8 months. "Side effects of the vaccine include minor aching at the site of injection and a low-grade fever that affects less than 5 percent of recipients," Collins says.

**Avoiding crowds.** Shopping malls, basketball games and other indoor events make exposure to the virus more likely.

**Focusing on healthy habits.** Eat right, get plenty of sleep and exercise, and avoid stress.

If you do get the flu virus, lots of rest should be at the top of the treatment list. Also, drink plenty of fluids and take acetaminophen (Tylenol is one brand name). Doctors may also prescribe other medicines.

### Why Do Puppies Require A Number Of Shots?

A nursing puppy receives antibodies from its mother's milk (called maternal antibodies) that protect it from disease during the first months of its life. Unfortunately, these antibodies can also keep a vaccine from being effective.

These maternal antibodies gradually decrease during the first few months of the puppy's life. That's why puppies are given a series of vaccinations until they are 16 weeks of age or older. That way, if maternal antibodies interfere with early vaccinations, later doses will still stimulate the puppy to produce its own antibodies to the disease.

Please see your veterinarian about puppy vaccinations.

### Retina Tells A Story

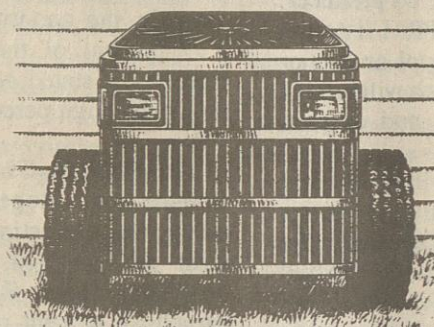

One of the nicest things about the retina is that it is very easy for your eye doctor to examine it. In the course of the routine eye examination, he will dilate your pupil and look inside your eye, directly at your retina. The retina is the only place in the whole body where living blood vessels are visible for direct examination. Therefore, your eye doctor can look at your retina and see how well your circulatory system is working.

One of these conditions is arteriosclerosis, often referred to as "hardening of the arteries." This term is misleading since arteries do not become hard but merely clogged with fatty deposits and are less elastic, providing narrower passageways for the blood flow. The overall effect of arteriosclerosis is less efficient circulation of the blood. If arteriosclerosis is discovered during an eye examination, the patient will be informed and referred to his or her family physician. This is just one other good reason for regular eye examinations.

**Contestants In Mississippi Nursing Home Pageant** - Mr. Haskel Borden and Ms. Marie Thorne represented Tishomingo Manor at the annual Mississippi Nursing Home pageant at the Silver Star Casino in Philadelphia, MS October 7-8. Miss Mississippi, Kari Litton, was emcee of the pageant. Fifty-nine nursing homes from across the state were represented. On Friday, October 4th, the residents and staff held a send-off party for the two contestants. The festivities were enjoyed by all.

## BEFORE WINTER PUTS YOUR HEATING SYSTEM INTO OVERDRIVE YOU MAY WANT TO GET A TUNE-UP

You know what a tune-up does for your car. It runs smoother, works more efficiently,

and is less likely to break down. An inspection and tune-up for your heating system can do the same thing. A heating system is a precision engineered machine, just like your car. It needs periodic inspection, lubrication, and

cleaning. Filters need to be replaced, belts checked, thermostats inspected, all vents cleared of obstructions. So, a visit by a qualified technician may be just what you need before those chilly winter nights. Call a heating system professional today for a tune-up. Or at least have it taken for a test drive.

**Dedicated To Mama, Mrs. Viola Barrett**

In a little town called Paden, in a house that's set apart,  
There dwells a little lady, I love with all my heart.  
Poor in worldly treasures, no chance of earthly gain.  
But rich in love and honor, no reason to complain.

Mama was only 20 the day that I was born,  
We kind of grew together in our humble little home,  
With Daddy watching over us we were truly blessed.  
Even as a child I knew they were the very best.

As I grew into my teens my Mom was always there.  
I might not have made it without her love and care.

I told her all my secrets and she dried all my tears.  
She was Mom and my best friend through all these tender years.

As I grew into Womanhood her advice was good and strong.  
Her speech was filled with love and care, no way could I go wrong.  
Now years have passed and she's grown old  
And I'm much older too,  
But she's the regal lady, the one I always knew.

We still share our secrets and our love for one another,  
And I thank God for the lady He gave me for my Mother.

I believe there will come a day when God calls Mamma home,  
And she'll move to her mansion somewhere near the throne.  
And maybe on the streets of gold or by the crystal sea,  
When it comes my time to go she'll be waiting there for me.

Love,  
Your Daughter, Juanita Barrett Massey

### Tenneco Opens Environmental Education Trail for Area Students

On Thursday, October 10th, Tenneco Packaging opened the Sandy Creek Environmental Education Trail for use by area schools and other interested groups with an inaugural tour by Iuka Elementary second graders in Becky McNeely's class.

The trail is south of Counce, Tennessee on the Mississippi - Tennessee state line in the Sandy Creek Wildlife Restoration area. This demonstration area has been designated by the company to show how a well-managed forest can produce both wood products and abundant wildlife populations. A well-designed road system, diversity of forest stands, numerous wildlife food plots, and a large population of deer and turkey are hallmarks of this unique area.

The Environmental Education Trail has been design to enable school classes and other groups an opportunity to study forestry, wildlife, tree identification and soils. The quarter-mile trail starts on a hardwood ridge and progresses through a stream bottom and a pine plantation to a wildlife food demonstration area.

There are six study stations with signs that teach the students about the forest.

An amphitheater seating approximately 35 students is located on a hillside overlooking the hardwood bottom. Twenty-six signs identifying trees along the trail have detailed information about the tree with pictures of the leaves and fruit.

The second grade class taught by Mrs. Becky McNeely from Iuka Elementary was invited to be the first school group to tour the trail. McNeely was chosen as Mississippi's Outstanding Project Learning Tree Educator for 1995, and she uses environmental education activities as a teaching tool almost every day in her classroom.

The trail and all improvements were designed and constructed by Wildlife and Forest Management Assistance Program personnel employed by the Woodlands group of Tenneco Packaging.

Groups interested in using the trail should contact the Woodland office at Counce, Tennessee by calling 901-689-1452.

### Mission of Mercy

One week last June, a medical mission team called Mission of Mercy set up make shift clinics in very primitive conditions, in two mountain villages just outside of Coban, Guatemala. The team consisted of medical professionals, ministers, and laymen from MS, TN, and AL. The team originates from First Baptist Church VanCleave, VanCleave, MS. Approximately 4,500 people were treated for anemia and intestinal parasites, and 500 teeth were pulled. Thousands of dollars in donated medicines were given away, and many people were helped by minor surgery. The Gospel was shared and bible schools were held for the children. Many lives were changed! The goal is to meet spiritual needs as well as physical needs, and to let the people see God's love thru the Mission of Mercy. A special thank you goes out to Tishomingo County for all the donations of medicines, food, and eye glasses and especially the prayers.

### The Perfect Prince Is A Royal Delight!

The Tishomingo County Arts Council will present Birmingham Children's Theatre's Wee Folks Series, "The Perfect Prince", to students in grades K-1 on November 12, 1996. Two performances will be held in the Tishomingo Middle School Gym. Students from Belmont, Burnsville, Iuka, and Tishomingo will enjoy this delightful program. Written by BCT veteran Jean Pierce, this production, part of BCT's New Plays Project, is a musical adventure for children in preschool through first grade. Directed by Randy Marsh, this interactive play is based on an age-old Swedish folk tale.

A terrible storm rocks the Queen's ship. In an effort to save their children, the Queen and her cook tuck their sons into a seaworthy trunk. A fisherman rescues the babies and raises them as her own. Years later, when they are grown, the young men are found and reunited with the King. How will the King know which one is the true Prince? The Wise Woman of the Wander Wilk puts the boys to the test to uncover which is of noble heritage. The children will help solve the fun-filled, enriching mystery of "The Perfect Prince".

The talented cast includes actors Beth Kitchin, Steve DesMarteau, Lewis Munn Armstrong, Raymond Smith and Jean Pierce. The Tishomingo County Arts Council and the Tishomingo County school Board present arts programs for the students' enjoyment throughout the year. Each grade will have two programs per year to enjoy. Previous programs this year have been the Northeast Community College Choral group for grades 5-8; and the Puppet Arts Theatre's "The Fisherman and His Wife" for grades 1-4.

### Horse Salve Eases Arthritis Pain

LOUISVILLE, KY -- An ingredient derived from hot peppers that decreases inflammation in racehorse's legs, has now been approved by government researchers for human use. The ingredient has been formulated into a product called ARTH-Rx. ARTH-Rx comes in a strength designed for humans. Researchers are excited and say the formula can relieve arthritis pain for millions.

Developed by the Phillips Gulf Corporation, ARTH-Rx is a breakthrough in the treatment of painful disorders ranging from minor aches and pains to more serious conditions such as arthritis, bursitis, rheumatism, tendonitis, backache and more.

Although the mechanism by which ARTH-Rx works to relieve pain is not totally clear, scientists suggest that pain is relieved because ARTH-Rx intercepts the messenger substance that sends pain signals to the brain.

ARTH-Rx is available in a convenient roll-on applicator without a prescription. According to a spokesperson for the company, due to the overwhelming demand for ARTH-Rx, supplies are sometimes limited. ARTH-Rx can also be ordered by calling 1-800-729-8446. © 1996 PGC. ### Sardis Church News

By: Ova Reno

A sweater is a garment worn by a child when his mother feels chilly. My daughter was born in the fall and I can remember my mother unwrapping her and then wrapping her back up. She would be holding her.

**Central Truth of Lesson:** Forgiveness come only through substitutionary sacrifice.

**Devotional:** "One Died For All." Galatians 3:13,14; verse 14. That the blessing of Abraham might come on the Gentiles, through Jesus Christ; that we might receive the promise of the Spirit through faith.

**Lesson:** "Sacrifice, The Cost Of Redemption." Text; Hebrews 9:15, verse 12. Neither by the blood of goats and calves, but by His own blood He entered in once into the holy place, having obtained eternal redemption for us.

Bro. John said; "He Touched Me." A most beautiful song. Then he read from the Book of Acts 20:17-20. "Humility." verse 19. Serving the Lord with all humility of mind, and with many tears, and temptations, which befell me by the lying in wait of the Jews. Read it all and also these references and get a blessing. Ephesians 4:2; Philippians 2:3; Colossians 2:18,23; I Peter 5:5,6; Matthew 33:2.

Sunday night he took his message from II John 4:7-11, verse 9. In this was manifested the love of God toward us, because that God sent His only begotten Son; into the world, that we might live through Him. This is proof of God's love. Verse 10; Herein is love, not that we loved God, but that He loved us, and sent His Son to be the propitiation for our sins.

Don't forget our Wednesday night Bible study. Beginning at 6 p.m.

Many thanks to the lady that let me use her telephone Saturday morning to call some one to bring

be gas for my pick-up. Many thanks to Mr. Bill Davis of the Midway Truck Stop for bringing me the gas and helping me start back up again. I was taking my lawn mower to the shop to get it fixed. As long as we have nice people like these two, makes me think we have a better world than we thought.

I guess everybody knows by now that we had a lot of ice Sunday morning and some Monday morning. I guess it is about time. I can remember having a ice storm around Thanksgiving.

Be sure your pets have a good place to stay and keep them some fresh water put out.

# Jump To A Better CD. You Can't Lose!

Raise this CD's rate 2, 3, or 4 times.  
Plus, you'll earn an extra .10% APY\* when you open a new checking account.

A 24 month CD at 6.00% APY\* (or 6.10% APY\*)  
allows you to jump your rate 2 times!

A 36 month CD at 6.25% APY\* (or 6.35% APY\*)  
allows you to jump your rate 3 times!

A 48 month CD at 6.50% APY\* (or 6.60% APY\*)  
allows you to jump your rate 4 times!

A Peoples Bank "You Can't Lose" CD lets you increase the APY almost any-time. Just tell us to "jump" and we'll get you started earning a higher rate. For instance, if you have a two-year "You Can't Lose" CD, and we raise our APY on our regular two-year CDs, you may raise your rate, too, by using one of your "jumps". Plus your new rate will be based on the

original term, not the remaining term!

And, when you open a new checking account with funds from outside The Peoples Bank & Trust Company, and you get a "You Can't Lose" CD at the same time, we'll add an extra .10% to the APY of your CD. Come by any of our offices and get a "You Can't Lose" CD or IRA. It's so simple, you can't lose.

## Bring-A-Bike Day Trike-A-Thon To Fight Childhood Cancer

St. Jude Children's Research Hospital's *Bring-A-Bike Day* safety program will be conducted at Iuka Baptist Day Care on November 11-15 to encourage safe riding behavior among children and to raise money to fight childhood cancer.

"Bicycle accidents are a major problem with American children," said Patricia Gray, director of the center. According to the National Safety Council, there are an estimated 1,000 fatal accidents

and 40,000 injuries a year involving bicycles and cars. *Bring-A-Bike Day* aims at making children aware of bike safety at an early age through the use of safety stories and special coloring sheets. By asking the children to show these safety messages to their parents, we are exposing these youngsters to good habits.

The storytelling and coloring periods will be followed by *Bring-A-Bike Day* on November 15th when the children will put into

practice the lessons learned. "It's like a final exam, with the children practicing on a supervised course we have laid out."

Parents of children at Iuka Baptist Day Care will be seeking pledges for St. Jude Hospital during this program. St. Jude Hospital is the leading center for the study of childhood cancer which, next to accidents, is the leading killer of children.

For further information, please contact Patricia or Sherry at 423-6827.

### Dawson-Stolworth Shower

A lovely wedding shower was given last Sunday for Miss Jenny Stolworth and Shane Dawson, who will be getting married the day after Thanksgiving at Tishomingo Baptist. She received many useful and beautiful items for their new apartment in Tusculumbia. It was nice for many of the ladies to get to know her, she is a lovely young woman. Shane is the son of Kim and Teresa Dawson, and Jenny is from Margerum, Alabama. We also enjoyed meet-

ing her mother, Gloria and her grandmother, who gave the couple a beautiful handmade quilt.

## Letter To The Editor

Dear Editor,

I have just come home from shopping in Iuka, stopping by Fred's to get my husband's advil.

Going out the door an alarm went off. Naive me, I thought what was that, sounded more like a smoke alarm.

Going on to the car not thinking any more of it, as it didn't concern me, so I thought...shortly a sales girl came out saying: "Lady I have to check your bag." "For what." I say. She explained the alarm had gone off.

So going back inside the store with me trailing behind to get my bag checked. She checked my bag even going through and opening my other things, to see if I had a stolen object hidden.

There were people standing around thinking I was a thief. I was crying and pleading my case.

Please for those who saw and heard this. I do not steal, haven't ever taken anything that wasn't mine. Believe me this hurts and strictly ruined my day. Yes, it could happen to you especially at

Fred's.

The teen-ager who checked me out at the register did not erase the code mark causing all this embarrassment. And also, the one who checked my bag so vividly.

I saw this same thing happen at Corinth in Fred's. This time it was a child. Wonder what this will do to the child in later life.

I know there are shop lifters out there. But I believe more honest people who do not need to be treated so badly.]

I am going to my attorney about this. This has made me sick! To be falsely accused is surely against the law. The lady probably, the assistant manager says, "They did not accuse me or she'd call the police." But their actions is enough accusation for me.

Customers be sure the code mark is erased (or) you could be the next victim.

An Honest Citizen,  
Dot Gober

## Tishomingo News

By: Willard Strickland

Deepest sympathy goes to the family of Mrs. Bertie Hutcheson. She passed away last week and was buried at the Burns Cemetery near Maud, AL.

Sympathy is extended to the Paul Moore's family too. He was buried today, Monday.

We are very proud that Halloween night went off good. Was nice that all the young people in our area acted nice, as far as we know.

Guest here last week were: Bro. Richard Rodgers, Willie Thorn, trick-or-treaters, Mrs. Tenna Joshlyn, Derick and Taylor, & Eva Mae Strickland, Mrs. Donna Hollis, Katelyn, Irwin & a nephew, Mrs. Judy George, Frankie and Angel Humphry of Booneville, Doyle and Paula Amber, Devin and Seth George. These were close friends trick-or-treating with their little ones. And we were so proud to see them all.

Last Wednesday Mrs. Francis Kennedy and Clara Black spent the day in Sheffield, AL. with Mr. and Mrs. Malcom Holly. They really did enjoy the day. Neither of the Hollies are to well and we pray for them.

Mr. Ronnie Cox of Belmont spent the day with his parents Mr. and Mrs. Dennis Cox and Stevie on Sunday.

Proud to see Miss Jimmie Lee Sparks feeling some better and out again.

Don't forget to go by the old Midway School building today Thursday November 7th and view the beginning of Christmas decorations the pretty trees that the Homemakers Club will have there.

Reports are that Mr. Clifford Sappington had surgery last week in Birmingham and came home Sunday doing much better. We send get well wishes his way and hope he's soon fine.

Mrs. Ora Mae Berryman spent the weekend in Memphis with Mr. and Mrs. Dale Berryman and daughter. She is always so pleased to get to spend time with the little one.

This past weekend, Babe Cornelius and Judy spent the

weekend in Memphis with the rest of the family. They celebrated Babe's birthday. She turned 81 on Halloween, but certainly does not look it or act it!

Babe just recently flew out to Las Vegas and spent a few days with her son, Tim, and his new baby boy. It was the first time she had made the trip alone, but she made it just fine and had a great time.

### Crow's Neck 2nd Annual Fall Fling Lots of Fun For All

grand finale of the evening.

Door prizes were given away every half hour. Winners were Tanya Newsom, Ray Jackson, and Jake Rice. Mike Cannon, Kathy Nunley and Gail Broad all won chance drawings.

The best pumpkins of the night belonged to Channing Walker (1st), Kaleb Walker (2nd), and Cory Gist (3rd).

The best costumes of the night were worn by Tanya Newsom (1st place), Ryan Schroder (2nd) and Jalissa Welch (3rd).

Crow's Neck would like to thank everyone who donated to this year's event. Without the support of our local businesses we could not host such an event for our community to enjoy. ## Facts About The BIBLE BY JOHN LEHTI

### FALSE PROPHETS!

MORE THAN ONCE THE BIBLE WARNS, "BEWARE OF FALSE PROPHETS!" (MATT. 7:15). AGAIN WE NOTE, IN THE BOOK OF JEREMIAH, THAT THE LORD SAID, "...THE PROPHETS PROPHESY LIES IN MY NAME." (CHAP. 14:14) THESE ADMONITIONS, AND MANY MORE LIKE THEM, WERE GIVEN IN EARNEST INSTRUCTION TO THE PEOPLE! YET THEY OFTEN DID NOT HEED THE ADVICE OF THE WISE MEN. THEREFORE, IT WAS NOT UNUSUAL FOR A RAGGED BEGGAR TO WANDER INTO A VILLAGE OR TOWN, PROCLAIMING THAT HE HAD JUST COME OUT OF A FAST IN THE WILDERNESS AND WAS SPEAKING WITH THE LORDS VOICE! HAVING CONVINCED A FEW OF THE MORE SIMPLE-MINDED ONES THAT HE WAS INDEED A MESSENGER FROM THE LORD, IT WAS NO BIG DEAL FOR THE BEGGAR TO START FREE-LOADING LIVING OFF THE BEST THAT THE POOR VILLAGERS COULD SCROUNGE OUT OF THEIR MEAGRE LARDERS!

## Sr. Dolores Partsch, CSJ

SHSM's New Pastoral/Social Services Minister In Iuka

"The people of Iuka have been very welcoming," said Sr. Dolores. My predecessor, Sr. Sandy DeMann, laid a lot of good groundwork here. She was much liked and respected in this community. And I already love it here," she continued. "I was born and raised a farm girl, so I have a real love for the natural beauty of this area, and I have always found that rural people are just wonderful to work with."

In her 43rd year of religious life, Sr. Dolores will bring an impressive background to her new job, which she began on August 1. Her degrees are a B.S. in education

from Carlow College in Pittsburgh, a Master of Administration degree from St. John College in Cleveland, and a M.A. in Pastoral Ministry from St. Mary's University, in Winona, Minnesota. Sr. Dolores also holds Certification in Spiritual Direction from the Focus on Leadership Institution in Denver, Colorado. She has 15 years of experience as an elementary school principal and 13 years of teaching experience. Sr. Dolores has been a Pastoral Associate for ten years.

Parish evangelization will be one of Sr. Dolores' primary concerns in Iuka, along with social services work, especially in literacy.

This was a change of pace since they usually have a troop of girls with them at camp. They enjoyed folk dancing, doing the "Macarena" and singing campfire songs. They also attended workshops that included crafts, ceremonies and scavenger hunts. Don't worry leaders, I won't tell anyone that you all snore! Pictured front - Jamie Laird, Elaine McNutt. ## NOTICE TO THE PUBLIC

Notice is hereby given that the Tennessee Valley Regional Housing Authority proposes to change the method for selecting applicants for housing assistance in both its public housing and rental assistance programs. Federal preferences will be eliminated and will no longer be used to give priority to families on our waiting lists for housing assistance. In the future, our selection procedures for public housing will be directed toward housing families with a broad range of incomes in all Housing Authority developments. To achieve this goal, we will begin to select families from our waiting lists based on their income, and if two or more families have the same incomes, date and time of their application will determine the order of selection. For the rental assistance (Section 8) program, only the date and time of application will be used to determine the order for selecting applicants from the waiting list. Interested persons are invited to submit their comments concerning this proposed change to TVRHA, P. O. Box 1329, Corinth, MS 38834, not later than November 20, 1996.

## TCHS Cross Country Runners Finish 8th and 12th in State

By Chris Coats

Though plagued by injuries throughout the season, both Tishomingo County Cross Country teams have finished their seasons with respectable showings in the Class 4A state cross-country meet at Choctaw Trails in Clinton last Saturday.

The Braves tied for 8th (with Quitman High School) out of 25 teams, led by Blake Holly with a time of 18:44.

The Lady Braves finished 12th out of 22 teams, lead by Amy Colley with a time of 16:14.

Pearl won both the boys and girls' state titles.

In the October 23rd Division 4A meet in New Hope, Holly placed ninth with 18:08, and Justin Wilkins finished in 18:10 to claim tenth place. They placed third in overall division action.

Amy Barnes paced the Lady

Braves to their fourth place division finish with a time of 15:46 for 2 miles. The field consisted of about 60 runners in both the boys and girls' races.

The Braves finished fifth in the state last season, while the Lady Braves were thirteenth.

Both teams worked hard all year long and had another fine season. Congratulations Coach Coats and the cross-country team on a job well done!

## NRCS Provides Farmers, Landowners With Assistance

By: Christy Griffin

The Natural Resources Conservation Service is the federal agency that works with landowners on private lands to conserve natural resources.

Nearly three-fourths of the technical assistance provided by the agency goes to helping farmers and landowners develop conservation systems uniquely suited to their land and individual ways of doing business. The agency also provides assistance to rural and ur-

ban communities to reduce erosion, conserve and protect water, and solve other resource problems.

The nation's 3,000 conservation districts - one in every county - are the heart of the conservation delivery system. These units of local government, organized by citizens under state law, operate on the premise for soil and water conservation. They also augment the work of NRCS's conservationist with district programs and with their own technical and support staff.

The strength of NRCS is in its workforce. Most of its employees serve in USDA's network of local, county-based offices. The rest are at state, regional and national offices, providing technology, policy and administrative support.

NRCS employees have the technical expertise and field experience to help land users solve their natural resource challenges and maintain and improve their economic viability. Employees are highly skilled in many scientific and technical specialties, including soil science, soil conservation, agronomy, biology, range conserva-

tion, forestry, engineering, geology, hydrology cultural resources and economics.

For more information on Natural Resources Conservation Service or help with a soil conservation problem. Call 423-6272.

## Blood Drive

Your blood donation is needed at the upcoming Iuka Community Blood Drive. The blood drive is Thursday, November 7, from 2:00 p.m. to 7:00 p.m. at Iuka Hospital.

"We are stocking the blood supply for the upcoming holidays," said Tish Kelley spokesperson for United Blood Services. "How well we rise to meet these challenges depends greatly on upcoming blood drives like Iuka Community."

All blood types are needed to build Northeast Mississippi's and Northwest Alabama's blood supply to its normally generous level. At least 75 units of blood must be collected each day to meet the needs of local hospitals.

Please plan now to drop by the blood drive and give the gift of life!
