Iuka's Newest Doctor Settling Into Comforts of Small Town Lifestyle

Dr. George Adam

by Pamela McRae

After three months in Iuka, Dr. George Adam is enjoying settling into the comforts of small town life.

Dr. Adam is the latest addition to Iuka healthcare landmark, The Segars Clinic, and is heading up the new Cherokee Family Medical Clinic in Cherokee, Alabama. He started this summer in his new position.

Dr. Adam, 31, lives near Mineral Springs Park in Iuka, but he tries to spend a lot of time with his clients in Cherokee, where he has attended most of the churches. He serves in the Segars Clinic in the mornings and then opens up the Cherokee clinic from 1 to 5 each afternoon. And much of the time he is not at those two places, he works in the Emergency Room or does rounds at Iuka Hospital.

He says he really likes the area and looks forward to getting to know people better, though he does have a lot of contact with his

patients and their families spending so much time at the hospital.

"It seems," he says, "if I haven't seen a person, I have usually already treated or met someone else in their family."

Since he is not only a general practitioner, but also has completed extensive studies in nephrology and internal medicine, his talents are especially appreciated at the hospital. Nephrology is the treatment of diseases of the kidneys.

His practice is picking up in Cherokee, he says. He only saw one patient a day when he started this summer, but now sees many more daily.

Different from Home

The rolling hills and woodlands of northeast Mississippi are major contrast to his previous home in New York City, and his native homeland of Syria, in the Middle East. The friendliness of the people is a contrast, too.

"The people are so nice," he said, "And they are so verbal in their appreciation."

He was in New York doing his residency work for the five years before he came to Iuka, and also has lived in Cleveland, Ohio and Lansing, Michigan since coming to the states after he finished his medical training in Syria in 1988.

Though not married, he does have two brothers here in the states, one in Chicago and one in New Orleans. Most of his large family is still in Syria. He is looking forward to visiting them for the first time in five years this December.

Town of Tishomingo Reduces Gas Rates

At the regular meeting of the mayor and board of aldermen on November 5, 1996, the board voted unanimously to reduce the natural gas rates from \$9.24 per thousand cubic feet to \$8.32 per thousand cubic feet. This savings will be reflected in your December 1996 billing.

We appreciate the citizens understanding and patience when it became necessary due to a lack of funds to raise rates. This was necessary to provide our customers with gas at the beginning of the term of office.

Our only alternative was to establish a line of credit for the purchase of gas and our payment on the gas bond indebtedness. The burden has been great for everyone; however, we have now paid both the line of credit and the bonded indebtedness which reduces our gas costs.

We are happy to announce this gas cost reduction to our customers and look forward to providing you with the quality service which you rightly deserve. Thanks for your perseverance during our previous gas crisis.

Community Service in Tishomingo to Feature Carter's Branch Choir

by Pamela McRae

The Tishomingo Chamber of Commerce is sponsoring a Community Thanksgiving Service on November 26th, the Tuesday night before Thanksgiving, for all church congregations and citizens in Tishomingo.

Our special speaker will be Tishomingo's own Rev. Robert Powell, and choirs and singers from each church will sing before a special presentation by the Carter's Branch Baptist Church Choir.

The service is open to all and will start at 7 p.m. at Tishomingo Baptist Church and there will be a cookie and coffee fellowship afterwards in the Tennis Building.

Holiday Issue

The Tishomingo County News is once again preparing its Christmas Greetings issue. If you would like an ad in this issue, contact Becky at 423-2211.

Also, we need Letters to Santa before December 21st.

State Signs Contract with Fluor-Daniel to Develop Strategic Plan for Bringing Industry to Yellow Creek

by Pamela McRae

After beginning negotiations in July of this year, the State has signed a contract with Fluor-Daniel and Associates for the development of both long- and short-term strategic development plans for the former Yellow Creek rocket facility in Tishomingo County.

According to a release from Mississippi Department of Economic and Community Development, Fluor-Daniel and Associates, based in Greenville, South Carolina, an international corporate site location economic development consulting firm signed a 180 day, \$525,000 contract with the Mississippi Major Economic Impact Authority, that will be approved by the Yellow Creek Regional

Project Board.

Fluor-Daniel will work with a team consisting of engineering firm Lockwood-Greene of Knoxville, North American Realty Advisory Services of Chicago, and Iuka engineering firm Dean McRae Engineering, Inc. to formulate a plan for strategically developing the 1,200-acre site, its 27 buildings and miscellaneous equipment that was partially constructed and then abandoned under federal TVA and NASA projects.

For the next six months Fluor-Daniel Project Manager Robert Pittman said his firm will utilize the expertise of the team members to investigate the assets of the site, target industries best suited to this area, and then market the property using the

international contacts of both Fluor-Daniel and North American Realty. Fluor-Daniel, with 38,000 employees and worth \$9 billion, is one of the leading site location consultants and helps communities around the world attract businesses, according to Pittman.

They start this week, with a trip to Mississippi State Wednesday to analyze data that the university has collected on the site, and then on to Yellow Creek to begin investigating the situation, Pittman reported.

Pittman said they would rely heavily on Dean McRae's knowledge of the site, with engineers that were involved in the design and construction of the current infrastructure of the site on both the Lockheed and Thiokol projects. Lockwood Greene also has extensive experience with the site, since they worked as a subcontractor to Thiokol, who was supposed to build a space shuttle nozzle-manufacturing facility.

Another study on the site, which has already had \$3 billion in federal money poured into it, is necessary because the site is now being targeted for private industry, rather than government use. Pittman said one of their priorities is to help the State place dependable private industry there that will provide good, high-paying jobs for now and in the future.

When questioned about current prospects that have expressed interest in the site, Pittman said there are some significant companies that have shown interest, and said they intend to find out how serious these prospects are and what their overall benefit will be to the area.

"We have a valuable piece of property here, that, if developed correctly, could be the location for companies whose employment levels together will exceed those projected by any of the former federal projects," said Jimmy Marlin, Yellow Creek Regional Project board Chairman. "The board felt it essential that we have a company with Fluor-Daniel's expertise to help us develop this asset to its greatest potential."

Tish. Co. Fine Arts Guild Presents Demonstration by Margaret Osburn Thursday Night

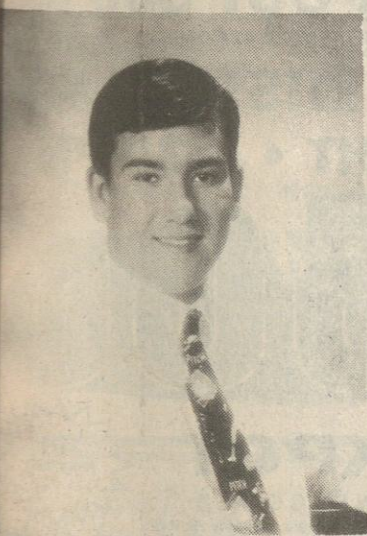

The Tishomingo County Fine Arts Guild will present an acrylic painting demonstration by Margaret Osburn on November 14th at the Tishomingo County Vocational Complex on Highway 25.

A member of the Savannah (Tn.) Art Guild, Osburn has studied at the Memphis Art Academy, Maryland College of Art and Design, and with various private art teachers. She works in various mediums including acrylic, oil, pen and ink, watercolor and collage. She has taught painting and drawing both in the U.S. and overseas.

Her work has been exhibited in various galleries in the U.S., Panama, Costa Rica and Jordan.

The public is invited to attend the demonstration, which will begin at 7 p.m. The Guild's monthly business meeting will start at 6:30 p.m.

Lambert Expected To Sign With Miss. State Today

by Pamela McRae

Tishomingo County High School baseball standout Ricky Lambert is expected to sign Thursday with SEC baseball powerhouse Mississippi State University.

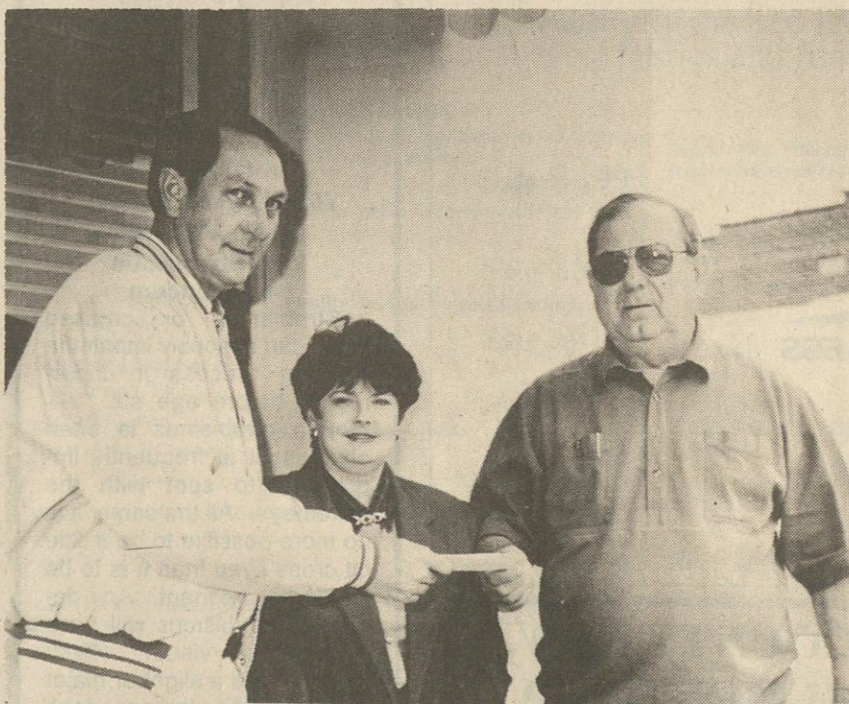

Lambert, a senior, said that State has expressed the most interest in him, among other contenders Ole Miss and Delta State University. Proximity to his Iuka home and State's excellent baseball program were other factors in his decision.

"They have treated him right," said TCHS baseball Coach Jerry Long. "I think this is where he needs to go."

His parents, Billy and Loretta Lambert are as proud as his coach of the decision.

"He is not only a good player, but a good person," said Coach Long. "That makes it all the better, he deserves this."

Lambert was recruited on his strong underclass performances in hitting and pitching, since the 1997 season has not even begun. Coach Long says Lambert is one of the best hitters he has coached, with a batting average of .586.

TCHS Basketball Season Tickets Available Now

For the first time, fans of the Tishomingo County High School Braves and Lady Braves basketball teams can now purchase a package of season tickets, according to TCHS Athletic Director, Coach Herman Coats.

For \$35, fans can purchase season tickets good for all home games, including tournament action, from the school or Athletic Booster Club members. Tickets will be for a reserved section of seats behind the home bench, where ticketholders can best assist Coach Larry Johnson as he leads the Braves and Lady Braves through another exciting season! However, season ticket holders can set anywhere they prefer in the gym.

Pictured above is Athletic Booster Club member John Biggs buying the first season tickets from Coach Coats and treasurer of the Booster Club,

Local Artist Ruth Broadway's Works On Display at Iuka Library

Works by local artist Ruth Broadway are on exhibit at the Iuka Library throughout the month of November.

The works include paintings, portraits and early American pottery by this Iuka resident that started her full-time art career after retiring. Her education in the

arts include lessons in guitar, keyboard, fiddle and voice as well as extensive instruction under many noted painting instructors. She teaches art classes in her home workshop and visitors are welcome to see her home gallery by appointment.

On November 19th, Ms. Broadway will be demonstrating her painting ability in the library. A painting of a magnolia done by Ms. Broadway will be given away as a door prize at the Iuka Friends of the Library Lunch Break that day.

excess of frosted grass to carry their cattle well into the winter. Some also let their cattle glean row crop fields to utilize crop residues and frosted grass left in these fields. Where this is done, caution should be taken with cattle grazing plants of the sorghum family which have been frozen by frost. These include johnsongrass, sudangrass, sorghum-sudangrass hybrids, grain sorghum, silage sorghum, and sweet sorghum for syrup. When the cells of these plants are ruptured by frost, prussic acid may be released, which can be very toxic to cattle. After the plants are cured out, they can be safely consumed by cattle.

Distemper, Hepatitis, and Leptospirosis

Each of these dog diseases is easily prevented by making sure your dog's vaccinations are current. Veterinarians often give a single shot that contains vaccines for all three diseases.

Canine Distemper: This virus is widespread in the population. Up to 75% of protected dogs can develop this disease, and many especially puppies may die. Dogs should be vaccinated for CD when they are puppies. Dog with CD may have diarrhea, fever, respiratory disease, seizures, muscle twitches, and water discharge from the eyes and nose.

Hepatitis: Most adult dogs that develop infections can recover, but the disease in puppies is often fatal. Hepatitis is spread primarily through infected urine. The virus attacks organs throughout an unprotected body, producing fever, respiratory disease, diarrhea, and eye damage. Changes in the blood. Protection is provided by a vaccine containing a virus (designated CAV-2) similar to hepatitis.

Leptospirosis: Causes bacteria, can affect dogs of any age, damaging liver, kidneys, and other major organs. An infected dog can spread leptospira bacteria for months after it has been sick. Dogs and even humans can pick up the bacteria from infected dog's urine.

Please see your veterinarian for vaccinations on these diseases.

Safe Storage Of Unused Pesticides

Over the course of the growing season, purchases of fungicides, insecticides, and other pesticide products can represent a sizable expense for fruit and vegetable producers. Since left-over products can generally be carried over and used the following year, taking the time to store pesticide products in a safe manner makes good sense. Pesticide labels have

a section that covers proper storage practices for the specific product. Look for information about storage temperatures and other factors which may need to be taken into consideration in selection of the storage site.

All pesticides should be kept out of the reach of children, pets, livestock, and people unfamiliar with their intended purpose, in a locked storage area. Pesticides should not be stored with or near

feed, seed, clothing, or similar articles. When possible, formulations of wettable powder, dry flowable, or granular fungicides and insecticides should be stored separately from herbicides to avoid possible contamination which could lead to later crop injury. The storage area should be well-lighted and ventilated. Ideally, the storage room temperature should not fall below freezing. Products subject to "inversion" and similar breakdown as a result of freezing temperatures probably will not perform in a satisfactory manner the following gardening season if this occurs. In fact, crop injury may result from application of such pesticides.

Producers who may have larger pesticide storage areas should be alert for ceiling mois-

ture drips which may cause problems if granular, wettable powder or similar pesticide formulations are to be stored. Plastic sheeting should be used as a shield to provide drip protection, and products placed on pallets to protect from floor moisture.

Remember - pesticides are potentially dangerous materials, so be careful! You can never be too cautious when it comes to protecting yourself, your family, workers, customers, and the environment.

Why Strabismus Is A Concern

Strabismus or crossed eyes, can seriously impair the learning process if uncorrected before age six. Although strabismus is often obvious, it is frequently impossible to spot with the naked eye. All the same, it is no more possible to be a little bit cross-eyed than it is to be a little bit pregnant. Any degree of strabismus will have the same visual effect. Whether it is a slight or major deviation, the damage done to vision is the same.

Strabismus is damaging because the brain is constantly given an unacceptable visual message and that interferes with the development of visual skills. Use of the two eyes together (binocular vision) is impossible since they are both viewing different things. Never having the change to receive two similar messages, the brain is unable to learn to assemble a three dimensional image. Without this learned skill, the individual will never have normal depth perception.

Are You Accident Prone, Or What?

Do You or someone you know always seem to be hurting themselves? I can certainly answer yes to this question. It seems every time I visit my mother she has a new injury -- fortunately, not too serious thus far, but this has been going on as long as I can remember. A bruise here or there, a scrape, a cut, from stepping on a stick or mishandling a tool or slipping on a wet surface. Accidents just seem to happen to her.

Scientists who study these things think there are reasons that some people have more than their share of injuries. These reasons vary, of course, but often result from being preoccupied with other things and not paying attention to what we are doing at the time.

Paying attention may not help if you enjoy some of life's more risky sports or hobbies. Dangerous activities increase the chance of injury. Football players or skiers will probably end up with more injuries than golfers or gardeners.

Other activities that are not particularly risky can cause injuries, especially when the body is not prepared for them. The weekend warrior will not be in the best mental or physical shape for activities. He, or she may also take unnecessary chances.

Anything that produces stress can make people more vulnerable to injury. It contributes to preoccupation and inattention as well.

Kids usually have accidents for different reasons. Many times the environment is not as safe as it could be, such as when car seats or bicycle helmets are not provided, or when there aren't railings on a bunk bed or when medicines are left within the child's reach.

Some children fail to fully grasp the rules for safety in specific situations. Some young children are more aggressive, adventurous or active than others, and are therefore more prone to injury.

Adults are often injured while under the influence of alcohol or medications that affect

coordination and responsiveness. Many surveys indicate that alcohol is the leading factor in adult injuries.

This latter I know is not the cause with my mother; the only possible explanation of those given would be inattention. Most of us could improve on this and avoid some accidents.

It seems to be, however, that some accidents defy explanation. Some of us may just be unlucky.

We were lucky in this area last week, with the bad weather playing havoc in many areas around us. Tishomingo County Homemakers did quite well with their Holiday House in spite of the weather, and if you missed it because of, you missed some very creative ideas and beautifully handmade items. Midway Community Center was decked out in holiday finery, thanks in large part to Midway Club. The decorated Christmas trees, the fellowship and atmosphere were festive in spite of the dreary weather.

Local Pharmacist Earns Certification in Diabetes Care

Ben F. Burns, of Iuka, has received certification in diabetes patient care for pharmacists, after completion of a post-graduate training program sponsored by the University of Mississippi School of Pharmacy.

Completion of this course is

the first step toward becoming a certified diabetes educator (CDE), of which there are only two in the state of Mississippi.

The course is approved by NIPCO, the National Institute for Pharmacists Care Outcomes and better prepares pharmacists to care for diabetes patients.

Mr. Burns is a pharmacist at Rushing Drugs, in downtown Iuka.

ATTENTION TCHS Students and Parents

Report cards were issued last Thursday, Nov. 7, at the schools, and many TCHS students have found that they should take advantage of the tutoring programs that are now being offered on Monday's and Thursday's in math and English.

When talking with parents, it was discovered that many parents are not aware that these programs are being offered. Teachers in the math and English Departments are available every Monday and Thursday to tutor those students who need help in these areas. Parents, please encourage your students to take advantage of this opportunity to learn and to improve their grades.

New Restaurant In Tishomingo Had Grand Opening Friday

by Pamela McRae

To all those who have been mourning the loss of a good place to eat lunches in Tishomingo since Lucy's closed, you are in luck!

The Sportman's Cafe is now open from 11-2 daily for lunch and they will be opening for Friday night fish and gumbo dinners this week.

New owners Jeff and Charlotte McCain have made major changes to the interior, redecorating the place with a distinctive sporting theme, but retaining the comfort of a buffet serving line,

according to Charlotte McCain.

Jeff does all the cooking, she said, and has been working daily from 7 to 5 just preparing lunch items that include hearty country favorites, and some dishes with a Cajun flair.

With the cook's eye for perfection, aided by Charlotte's hospitality, and a comforting atmosphere, this sounds like a fine place to enjoy great food. Come out and try it!

The Sportman's Cafe is located at the intersection of Highway 25 and the Tishomingo State Park Road just south of Tishomingo.

Counce Mill Named One of America's Best Plants

Tenneco Packaging announced today that its Counce, TN., paper mill has been selected as one of "America's Best Plants" by Industry Week (IW) in the magazine's seventh annual search for the 10 most successful manufacturing organizations in America.

The Counce mill, which manufactures kraft linerboard, was chosen by a panel of IW editors from more than 170 nominated facilities and is the first paper mill in the country to earn this distinction. "The Counce employees have led our efforts to achieve world class status through their unfailing dedication and total commitment to their jobs," said Marion Holt, mill manager and vice president. "Industry Week's recognition of the mill's success is a tribute to every member of the Counce team."

Among the Counce mill's recent accomplishments: an \$8.0 million savings from improvements developed by teams and individual employees since 1992; the lowest energy costs in the mill's 35-year history despite a 362 percent increase in production; and, a 71 percent reduction in solid waste from 1993 levels.

"Counce has always been a leader within the Tenneco Packag-

ing family," said Paul T. Stecko, president and CEO, Tenneco Packaging. "With this honor, the mill is acknowledged as a leader in the industry."

Industry Week is the flagship publication of Penton Publishing and has been published for more than 24 years. Its main focus is to provide today's managers in industry with the resources and knowledge necessary to enable them to

Christmas Trees Growers Prepare For The Season

Mississippi Christmas trees have thrived under unusually good growing conditions this year, and the trees are ready to be harvested by spirited holiday enthusiasts.

Dr. Stephen Dicke, extension forestry specialist in Raymond, said Mississippi's trees have weathered well this year and are looking good. Growers are facing only a few problems, such as needlecast, in some areas of the state.

Starkville grower Jeffrey Krans said needlecast is a disease that causes needles to fall out and affects tree density. Needlecast is a problem for the Virginia pines every year, but this year's dry fall

helped lessen the disease.

Another problem growers must control each year is bark aphids. Grower Carolyn Swedenburg of Columbus said although these insects actually do not hurt the trees, they can be a problem for the customer when left uncontrolled. Untreated trees are a means for the unwanted aphids to hitch a ride into homes.

"Overall, this year has been better for us than the past couple of years," said grower Michael May of Chunky. "Growing conditions turned out well, especially the weather."

Mississippi's production of Christmas trees has slowly crept up in the past few years. An estimated 250,000 trees were pro-

tree prices to be more comparable this year because retailers will longer be able to sell the trees cheaply.

Consumers can expect to pay about \$4 to \$5 per foot for most species of trees including the Virginia pine, which is the most common. Dicke said some of the more exotic species such as the Leyland cypress will be a little more expensive, averaging about \$5 to \$6 per foot.

Swedenburg said she is especially excited about her Leyland cypress trees, which are relatively new in the South.

"These trees are not only good for Christmas decorating but are also attractive landscape trees for the yard," she said.

Free Workshop for Blended Families

A free workshop for blended families will be held on November 21, 1996 at the Alliance office the corner of Cass and Streets in Corinth.

There will be three different speakers at the 6-9 p.m. workshop. The topics will be of special interest to the "typical", blended families, a mix of step-parents, step-children, foster parents and children. To reserve a seat at the workshop please call 720-1072, or toll-free 1-888-720-1072. This workshop is being sponsored by the Flow Stems Family Support Program.

Volunteers are needed! Our organization is in need of volunteers, especially with the various children's activities we have planned during the approaching holidays. If you would be interested in spending a few hours working with our agency during this time, or at any time in the future, please give us a call at 720-1072, or toll-free 888-720-1072.

CO-OP LINE WORKERS SEE SCHOOL KIDS FROM A DIFFERENT PERSPECTIVE.

When co-op line workers are high atop utility poles, they can see a lot. And this time of year, they're on special alert for students who may have a problem. School buses that are stalled. Or any condition that

may be unsafe for school kids. Sure, our primary mission is to provide first-rate electric service. But we figure that if we can do other things to serve the community, you'll have even more reasons to look up to us.

Local Talent on The Radio

Some local folks are about getting famous!

On Monday and Friday mornings you can hear Frank Thomas describe interesting facts about the Natchez Trace on Public Radio of Mississippi, along with the beautiful music provided by his brother Eddie. Parts of their audio tape driving tour *Natchez Trace: A Road Through the Wilderness* are on at 7:19 a.m. on 89.5 FM. It has been very interesting!

And the local gospel group Distinction was featured this past week on the nationally syndicated gospel program *The Gospel Greats* on 106.3 FM last Sunday night. Host Paul Heil talked to both Marcia Holt and Stacy McKee of Distinction, based in Tishomingo, and played some of their songs. They spoke to him at the September National Quartet Convention. They sounded very professional and impressive.

School Board Now Trained

Our Tishomingo County School Board members attended an annual training seminar in Jackson last week. They are required to have six hours training every year, so now they are trained for at least another year!

Youth Produce Great Musical

Local Youth groups from Iuka - Baptist, New Prospect Baptist and Tishomingo Baptist put on an incredible, inspiring production last Sunday night in front of a packed house at Iuka Baptist. About 150 kids did a great job of singing upbeat Christian music in *The Name of Our God*. These kids are something to be really proud of, and they give us hope for the future of our county!

Revival at New Prospect

New Prospect Baptist Church had a great revival all last week, with a different pastor delivering inspiring an inspiring message on "brokenness" each night. Pastors featured were Doug Farris of New Salem, Dr. Billy Burge of Tishomingo, Ed Kennedy of New Liberty, Jim Manley of Iuka and Jack Maroon of First Baptist Belmont. They delivered excellent sermons, reportedly, and each had a different perspective that provided a very humbling, but inspirational experience to the big crowds that came each night.

At the Gospel Lighthouse Pentecostal Church in Tishomingo, they have been enjoying a most interesting series of Bible studies on Wednesday night lead by Bro. Randall Floyd, according to Joyce Carr. The classes are for new members, but many older members are learning anew the basics of their faith, like how to pray effectively.

Visiting Here and There

Mr. and Mrs. Jack Pennington have enjoyed a recent trip to Jackson and Braxton to visit with Mrs. Edna's sister's family, Jimmy and Nelda Johnson, and her brother and family, Mr. and Mrs. Jimmy Dale Coker. They later went to Madison to visit her daughter and family, Bro. Eddie and Dorothy Hamilton. Glad to have them all back safe and sound, and we appreciate our out-of-area

readers!

Visiting in the home of Johnny and Daisy Biggs this weekend were Kristie Jones, Kay and Mark Didcott, Griffin and Addison Didcott, all of Hueytown, Alabama. Kristie and Kay are daughters of the late Joann Daugherty of Iuka.

Anita McRae, of Tishomingo, is home after a three-week stay with her brother Don's family in Hammond, Louisiana, where she helped them by staying with Lyn's

mother during an extended hospital stay.

Many Lintons gathered at the park Sunday and had a good time. Hopes are for more next year.

Jimmy, Janet and Emily Frederick visited with Ms. Laura Frederick this past Friday afternoon. And Pete Frederick of Madison visited the Jimmy Frederick family, too.

Friends wish Cheryl Patterson a warm welcome home after a recent business trip to Oklahoma.

Freddie Dobbs has had another birthday, but you can't even tell his age.

Eddie and Jane Woodruff from Eupora, Ms. were in Iuka visiting this weekend.

Johnny Randolph visited Arvilla Hayes this last week.

Get Well Wishes

Glad to report that Jamie Kirk, of Iuka, is home now after surgery last week in Jackson. According to family, everything is looking much better.

Neil Edmonson of Tishomingo, and of course, our chief deputy, is in Iuka Hospital in traction with back problems since last week, according to reports. We hope he gets to feeling better soon! We hope he was well enough to enjoy a surprise birthday party from his boss, David Smith on Monday.

Mrs. Mavious Pruitt of Iuka is feeling better after several trips to the hospital lately. She is at home now, to the relief of her family.

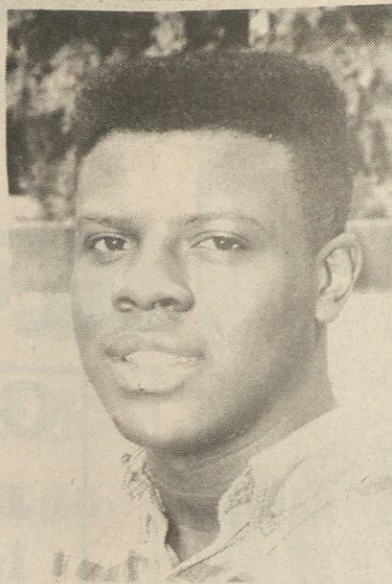

Ruth Blunt, of Tishomingo, is home after a stay in Iuka Hospital last week with pneumonia. Her and Leon are worn out, but we hope they will be back to normal soon.

All those who have been concerned, will be glad to hear that Corky (Carl) Smith is home in Iuka after surgery in Knoxville. His son, Sheriff David Smith, who accompanied his father and mother to Knoxville, said he is doing well, and is glad to be home. He just needs to heal a couple of weeks according to doctors.

Reader's Response Required!

We need your help with this new column! If you have an interesting news tidbit - maybe visitors from out-of-town, or some church news, please call it into the paper by Monday noon, and we will do our best to include it! Thanks! Call 423-2211.

Community College Transfer Day

Jeffrey Powell of Tishomingo had an opportunity to see for himself what The University of Mississippi has to offer during the first-ever Community College/Transfer Day on the Oxford campus October 26.

Students from across the state and around the nation attended a variety of events that gave them a preview of academic offerings and an introduction to Ole Miss campus life.

Following a greeting by Ole Miss Chancellor Robert C. Khayat, workshops and seminars about transferring to the University, student organizations, employment opportunities and living in Oxford were held. The afternoon's activities also included opportunities to meet academic deans and consult with academic advisors, as well as time

to enjoy free musical entertainment and refreshments in the Grove. The day's festivities culminated with the Ole Miss/Arkansas State football game held in Vaught-Hemingway Stadium.

Miracle Of Home Care

During the month of November Superior Home Health and Hospice in Iuka will join thousands of home care providers across the nation in launching a variety of special events to celebrate National Home Care Month and its theme, "The Miracle of Home Care...Uniting Caring and Technology."

The month will honor all the dedicated physicians, nurses, therapist, aides and social workers who provide high-quality health care and supportive services to patients in their homes.

In addition to recognizing our talented professionals, National Home Care Month will spotlight home care's unique ability to combine compassionate care with innovative technology.

"Thanks to the success of modern technology, yielding state-of-the-art medical equipment for the use in the home, and technicians who are trained to operate such equipment, and increasing number of people are able to leave institutions or avoid ever having to enter them, and Ann Walker, RN, Director of Superior of Home Health and Hospice." "Patients can be cared for and live

independently in the comfort of their homes, surrounded by the ones they love."

Home care is a service for recovering, disabled or chronically ill individuals. The care provided ranges from assistance with activities of daily living to advanced medical care in the home. Home care generally is appropriate for a person who requires care that cannot easily or effectively be provided solely by family or friends.

Superior Home Health and Hospice will be hosting a Open House on November 14, 1996 from 11 a.m. until 4:30 p.m. at the home office in Corinth at 3001 Highway 72 W. Superior Home Health and Hospice is a Division of Magnolia Regional Health Center.

Benefit Singing for N.E. Ms. Rehab

There will be a benefit singing for Northeast Mississippi Rehab of Tupelo Friday night, November 22 at 7 p.m. at Rowland Mills Church on Highway 365 So. in Burnsville.

Featured singers will be the Gospel Travelers of Belmont, Mink Family of Baldwyn, Sparks Family of Belmont and the Revelations. Everyone is welcome.

UNA Student Named To Who's Who

Thirty-five students from the University of North Alabama have been nominated to Who's Who Among Students in American Universities and Colleges.

Nominating committees from UNA chose these students based on academic achievement, service to the community, leadership in extracurricular activities and potential for continued success.

The student named this year from this area is: Amanda L. Roberts of Iuka, MS.

Messiah To Be Performed in Corinth

Corinth Symphony Orchestra featuring Northeast Mississippi Community College Choir, Corinth Symphony Community Choir, and soloist soprano Le-neena Holder will be performing Handel's *Messiah* on December 8th, at 2 p.m. Coliseum Civic Center. Tickets are \$15 for reserved seats, \$10 for adults and \$5 for students.

Tips For The Holiday - Mrs. Betty M. Fulwood, Home Economist for Tishomingo County will be the guest presenter at the Friends of the Iuka Library Lunch Break on Tuesday, November 19th at 12 noon. Mrs. Fulwood will be presenting some "Quick Tips for the Holiday Season". Mrs. Fulwood has been on the staff at the University of Mississippi and most recently taught Interior Design at Western Kentucky University of Bowling Green. She is a native of Lee County and now lives in Alcorn County. She divides her time as Home Economist between Alcorn and Tishomingo Counties.

Tishomingo News

By: Willard Strickland

This past week Mr. Bufford Harper passed away and was buried at Forked Oak Cemetery. This is Bro. Gene Tennyson's brother-in-law, and we send our sympathy to his wife Margie Harper.

We send get well wishes to Mrs. Edna Harris, she's in the hospital in Iuka, room 106. Hope she's not there long.

We're certainly thankful for all who supported the American Legion Auxiliary in their Veterans Day Poppy Sales. We do appreciate all the help you gave. And I appreciate my two granddaughters that help us to sell. They were Michelle Strickland and Katie Strickland, and to all the school children that was so good to buy a poppy.

Tonight (Thursday) November 14th the Tishomingo Homemakers Club are having their Thanksgiving month meeting at the library. We will be carrying a dish for our Thanksgiving meal. Please all members be there and anyone interested in becoming a member we welcome you.

Ronnie Cox of Belmont spent Sunday afternoon at his parents, Dennis and Willa Dean and Stevie.

John David Strickland came down to Henderson to homecoming this weekend from Cookeville, TN. He spent Saturday night with his parents, Jr. Gail, Michelle, and Michael.

Last week Mrs. Reba Johnson of Belmont and Joy Strickland visited with Mae Phillips.

Phillip Paden from California flew in here to visit with his grandmother Mrs. Hoyt Phillips and visited with his father Hoyt Paden of Scottsborough, AL., on his way down he spent part of his

vacation in Washington. Mae is always happy to see the grandchildren come her way to visit. Other visitors were children who came by to sing for her. They were: Craig and Clarissa Henderson, Megan and Ashley Nunley.

If you missed the Christmas decorations and trees at Midway Center last week you missed something for the day to be very stormy a great crowd turned out. Tishomingo was made happy to receive 2nd place in the tree decorations.

Little Dereck and Taylor Joshlyn visited our place on Monday night for his dad and mother to be away for a while. I once baby sit the boys now they're growing up and in school. But we John B. and I still love them and are always proud for them to come.

Elder and Mrs. Warren Kennedy on Monday of last week, visited the nursing home in Iuka with his cousin Lois Slack, and they visited while there with Mrs. Lizzie Durham and Mrs. Ottie Parrish.

On Friday Mr. and Mrs. Kennedy's son James Kennedy from Golden, spent the day and had lunch. On Saturday their son Rickey from Houston, MS, had lunch with them. On Sunday the Kennedy's and Mr. and Mrs. Charles Bailey went to Antioch Church near Corinth, MS.

On the first Sunday of this month Elder Kennedy filled his appointment at Savannah, TN. those to accompany them were their daughter and her husband,

Mr. and Mrs. Charles Bailey, also, Mr. and Mrs. Calvin Ozbirn and children. It was good to see Mr.

and Mrs. Houston Bragwell and Mrs. Mildred Holliman at church that Sunday. We had a good crowd.

Wednesday night supper guests of Edward and Shirley Ann Thorne and Opaline Crouse were Bobby Wayne Thorn and Eva Mae

Strickland.

Shirley Ann Thorne, Eva Mae Strickland, Louise Puckett and Michelle Strickland attended the Homemakers Club's Officer Training in Booneville on Friday morning.

Sardis Church News

When Mother Theresa received the Nobel Prize, she was asked, what can we do to promote world peace? She replied, "Go home and love your family." Proverbs 3:3; *Let not mercy and truth forsake thee: bind them about thy neck; write them upon the table of thine heart.*

Wednesday night: We studied I Thessalonians 2:8-11; Paul is explaining to the Thessalonians how much he loves them. A beautiful picture of Christian love.

Sunday morning: Bro. John read the devotional. It was taken from the Book of Jeremiah 3:12-15. "A Call To National Repentance." This is what is needed in America today. But things just get worse and worse.

Bondage: "The Threat to Redemption." Text: II Kings 17:13, 14, 18, 19; II Chronicles 36:15-18. The Northern Tribes and Judah have turned to idol gods and won't obey God anymore. Their disobedience has been their

downfall. Bro. Milton Phifer did a wonderful job teaching this. He makes it all seem so simple.

Bro. John sang that beautiful old Hymn: "Breathe On Me" Then he preached from several books. I called it a message of hope... Verse 23. If you continue in the faith grounded and settled, and be not moved from the hope of the Gospel, which ye have heard, and which was preached to ever creature which is under heaven; therefore I Paul am made a minister; taken from the Book of Colossians. Also read verse 5 references: I Timothy 1:1; I John 3:3, I Thessalonians 5:8, Galatians 5:5; Ephesians 4:4; Titus 2:13; I Peter 1:3. What is your Hope? Have you been saved by the blood of Christ? If you have then your hope is Jesus Christ. If you haven't been saved then you have no hope, and you will die in unbelief. Straighten that out as soon as you can.

Bro. John, Burton and I attended the mission meeting at

Oak Grove Church near Mantachie, Saturday morning. We all enjoyed it very much. It will be at Rowland Mills Church in December.

Herman was carried to the hospital Monday morning with pains in his chest. I haven't been able to talk to his doctor yet, I will know more about it tomorrow. Our sympathy goes out to Ecil

Warren's family of Vina, AL, his death last week. May God bless and keep you all in His love. His wife, Mary Sue Standridge, Herman's cousin, preceded him death.

Richie and Carolyn Wilmeth of Burnsville wish to announce the birth of their son, Tanner Brett.

Tanner was born Tuesday,

September 17, 1996 at 7:01 p.m. at Magnolia Regional Health Center in Corinth, MS. He arrived weighing 7 lbs. 5 oz. and was 21 inches long.

Tanner is the grandson of C.W. and Peggy Gray and Larry and Brenda Wilmeth, all of Burnsville.

lovely. The ladies have a decorated tree contest and there is no way I could ever judge these beautifully decorated Christmas trees. As always ladies you have out done yourself!

The Holiday season is upon us and I would like to wish good cheer to all!

Please be careful with Holiday decorations. Watch out for loose and damaged wires.

The Burnsville Homemakers are making up items for the area, if interested call any of the members. Shirley Grimes will be glad to fill you in with information at 423-5706.

Tishomingo County High School Band is selling cheese. Buy a brick of cheese and help the band. The price is \$7.00 Thank you for your support.

Burnsville Public Library will open November 27th, at 9:00 and close early. The library will be closed November 28th for Thanksgiving day.

The Burnsville Public Library will be closed December 24th and 25th for Christmas and January 1st for New Years. The library will also be closed to "bar code", this date will be announced later.

If you have not signed up to be in the Burnsville Christmas parade, you can do it now at City Hall, the Chamber or Public Library. Christmas Parade will be December 10th at Burnsville.

Burnsville Girl Scout troop 321 visited Tishomingo State Park on Saturday. Their day was spent

exploring nature, nature trails, cooking over an open fire, and singing Girl Scout songs. Thanks Sherry Moore for the information.

Basketball started at Burnsville Elementary School Friday night. Mike Inlow and his wife Cheri Inlow volunteered their time to set up free lessons for the Burnsville youth each year. Assisting Mike in coaching is Ron McNutt. Thanks to those who help make this a great success.

If you have not thought about your local fire fighters, please do so. These brave people volunteered and this means no pay to help fight fires and save lives. Support them by contributing to their fund raisers. Because they are not a profit organization and the funds are to protect each of us. What would happen if no one volunteered. So support your local fire fighters. Thank you, each and everyone for your time and efforts. May your season be a fire-

less one.

Don't forget to get your cheese from TCHS Band! Thanks.

Congratulations to April Burns, she received her silver award in Girl Scouts. This is the next to the highest award you can achieve. April has been a Girl Scout for eleven years. She is now working on her gold award. Her leader was Sherry Moore and assistant Donna Burns.

20th Century Club Selling Fruitcakes and Pecans Again!

You know that Christmas is just around the corner when the fruitcakes come in at the 20th Century Club! Well, they are here, along with big one-pound bags of pecan halves and you can buy them from any 20th Century Club member as long as they last! The fresh fruitcakes are \$8.50 each, and the pecans are \$6 for a one-pound bag of this year's crop.

The club has been selling fruitcakes for more than 16 years, said members Nancy Daugherty and Mildred Hill, pictured above with the goodies. The proceeds from this annual fundraiser go toward all the charitable projects the club sponsors, from supporting the cub scouts to providing eyeglasses for needy school children, Daugherty said.

You can purchase fruitcakes and pecans from any 20th Century Club member, from the *Tishomingo County News* office, House of Fashion, or The Style Shop. For more information call club president Nancy Beard at 423-5251, Nancy Daugherty at 423-9207, or Mildred Hill at 423-6520.

Letter To The Editor

The black lab that was hit in Burnsville over the tracks toward Northview Sunday, November 10th had a name and owners who loved him very much. Could the person that hit him not have seen he had on a collar?

He was roaming somewhere he shouldn't have been. Probably with the pack of dogs that terrorized him when we kept him tied, we tried keeping him tied, its hard when others don't feed their animals because they tend to learn when and where they can get food. In my life I remember hitting

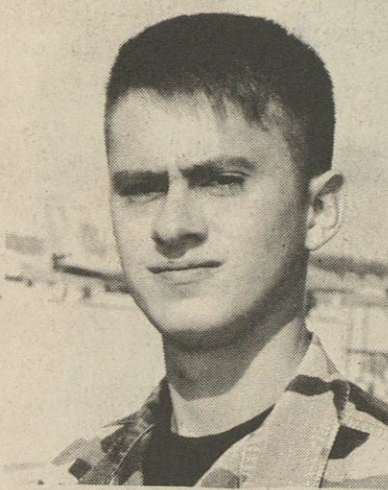

one animal I stopped to make sure this animal was alright. Does anybody do that anymore? I think there should be a leash law. But it should be for everybody.

I think if you are not taking care of the animal you have you don't need it. I think you (we) whoever should be fined for dogs running the streets.

We tried to keep ours tied but it wasn't fair to him with all the strays that ate his food and kept our garbage tore out.

Sunday after church my 10 yr. old daughter found him dead. But

Bonds is a metals technician assigned to the 18th Maintenance Squadron at Kadena Air Base, Okinawa City, Japan.

He is the son of Charles O. and Jennifer Bonds of Route 3, Iuka.

The airman is a 1992 graduate of Tishomingo County High School, Iuka.

Iuka Baptist Senior Adult Club To Meet

Friday, November 15th, 6:30 p.m., is the monthly meeting of the All-For-Christ Senior Adult Club at Iuka Baptist Church in Fellowship Hall.

This will be the club's Thanksgiving Dinner meeting and a good program is planned. A part of the program will be the members sharing some of their most memorable Thanksgivings. Since some of us go back to the World War II era, this should make for some interesting episodes.

The covered dish dinner will include turkey and dressing with all the trimmings - plus delicious casseroles, salads, and desserts. So, be sure to mark your calendar - and call up a friend and invite them as your guest.

We'll be seeing you!

Thank You

Counselor Attends ACT Workshop - Linda Barnett, counselor at Tishomingo County Vocational-Technical Center, recently attended an ACT workshop at Northeast Mississippi Community College. Designed to provide an opportunity for educators in Mississippi to stay current on the newest in assessments by the American College Testing Program (ACT), the workshop also allowed time for colleagues to network and to learn more about the use of ACT assessment programs in Mississippi. Hundreds of educators attended this workshop conducted at eight sites in the state by Dr. Joe Dell Brasel of ACT.

Jodie Fuller Graduates

Air Force Airman Jodie N. Fuller has graduated from basic military training at Lackland Air Force Base, San Antonio, TX.

During the six weeks of training, the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree through the Community College of the Air Force.

Fuller is the daughter of Elizabeth Jo Fuller of Hattiesburg; the granddaughter of the late Inez Helton and Raymond Gross of Iuka, and Clarence and Lenore Edwards Fuller of Causey, New Mexico.

She is a graduate of Sumrall High School.

Vivian Senter Passes Real Estate License Examination

Real Estate License Examinations were held October 14, 1996 in Jackson, Mississippi, for those persons desiring to enter the field of Real Estate Sales, rentals and other related real estate activities.

Twenty (20) individuals applied for the brokers license. Seventy nine (79) individuals applied for the salesperson's license. Seventy four (74) percent of those sitting for the brokers examination successfully completed the requirements and will now become licensed real estate brokers. Sixty nine (69) percent of those sitting for the salespersons examination successfully completed the requirements and will now be awarded the salespersons license.

The examination consists of 100 questions prepared by the

American College Testing Services (ACT) for real estate license law officials across the United States and Canada. Applicants are questioned concerning the Mississippi Real Estate Law and Rules and Regulations governing their activities in that vocation.

There are approximately 5,251 salespersons, 4,304 brokers and 1,355 real estate companies and corporations licensed by the Mississippi Real Estate Commission.

Commissioner Brian W. Pray, 1st Congressional District, Oxford, Mississippi, announces the following who have been issued licenses: Vivian Senter of Iuka received her Salespersons License.

NMMC Home Health Agency Celebrates 30 Years Of Service

Thirty years ago, North Mississippi Medical Center began preparing for the 21st century. Leaders of the 650-bed hospital, located in Tupelo, realized there was a growing need for medical care in the home and worked to fill that need for its patients.

Since its creation in 1966, NMMC Home Health Agency has expanded to include 12 branch offices offering specialized medical care in the convenience of the patient's home. The agency has offices located in Ackerman, Amory, Baldwyn, Booneville, Eupora, Fulton, Houston, New Albany, Pontotoc, Ripley, Starkville and Tupelo.

In 1995, the 575-member home health staff traveled approximately 4.6 million miles as they made a record 365,000 visits. In addition, NMMC Home Health Agency recently received an accreditation score of 97 percent with commendation from the Joint Commission on Accreditation of Healthcare Organizations.

"Our home health agency was founded on the premise of providing the highest quality continuum of care available, where the patient could move from the high-cost environment of acute hospital care to lower cost and more convenient acute care provided in the patient's home," said Laura Elliott, NMMC Home Health Agency director.

NMMC still works to fulfill and improve upon this premise. For example, NMMC Home

Health Agency nurse clinicians have developed and implemented a specialization program that prepares each registered nurse on staff to be a specialist rather than a generalist. These home care nurses are specialized in the areas of rehabilitation, wound, diabetes, pulmonary, cardiac, intravenous therapy, geriatric, pediatric and psychiatric care. This specialization allows NMMC Home Health Agency to make the most of each visit by matching a specially prepared nurse with the specific diagnosis.

"Because we are a hospital-based agency, we have the support needed to offer this range of specialized services. We provide in-depth and thorough care, and the length of time of each patient visit is individualized depending on the patient's needs," she said.

Another way NMMC Home Health Agency has striven to better serve its patients is through a home volunteer program. To date, it is the only program of its kind in the state and one of only two similar programs in the nation. NMMC Home Health Agency volunteers act as a liaison between the home-bound patients, their caregivers and the professional staff. Each volunteer completes an in-depth orientation before being assigned to a patient.

Their duties consist of such tasks as running errands/shopping, light household chores, meal preparation/delivery, providing companionship, reading to patients, writing letters for them and other tasks. The volunteers have no clinical duties. Volunteers are an integral part of the agency's multidisciplinary approach to patient care.

In addition to these home care services, NMMC Home Health Agency also offers a Hospice program. This specialized program of care emphasizes the management of pain and other symptoms (including psychological, emotional, social and spiritual needs) associated with terminal illness.

A few of the services available through Hospice are nursing care as often as necessary, family counseling, pastoral care for spiritual support, and bereavement care for up to 13 months following the patient's death. Members of the Hospice patient care team are chaplains, dietitians, pharmacists,

physicians, registered nurses, social workers, aides, therapists and volunteers.

Another service offered through all 12 offices is Lifeline, a 24-hour personal response system

to enable individuals to receive help any time of the day or night at the press of a button. Lifeline's personal help button signals caring professionals who will contact patients immediately to see how they may help them. If the Lifeline participant cannot answer, Lifeline sends help to that home at once.

After 30 years of service, NMMC Home Health Agency continues to be a leader in offering high-quality, cost-effective medical care to Mississippians.

For more information on NMMC Home Health Agency and Hospice services, call (601) 841-2499 or 1-800-626-3557.

Twenty-Six Students Inducted Into Honor Fraternity At NEMCC - Twenty-six students were inducted into Phi Theta Kappa honor fraternity at Northeast Mississippi Community College during the fall semester. Founded in 1918 Phi Theta Kappa is an international organization composed of 1100 chapters at colleges in the United States and Canada. Phi Theta Kappa's international headquarters are located in Jackson, Miss. The honor society seeks to foster the development of leadership and service, to provide an intellectual climate for the exchange of ideas, and to encourage the establishment of scholarships for advanced education. Approximately 48,000 new members are inducted each year. Phi Theta Kappa is recognized by the American Association of Community Colleges as the official honor society for two-year colleges. Recognized in recent years as one of the top ten chapters in the nation, the Iota Zeta chapter at Northeast is open to students enrolled, full-time, who maintain a 3.5 (B+) grade point average on a 4.0 scale. Tishomingo County students inducted were (l-r) Lisa Carter Lovelace of Belmont; Kendra Leane Moody, Belmont; Dianne Phifer Dean, Iuka; Kristy Berryman, Tishomingo; Carrie Ann Taylor, Belmont; Jessica Sanderson, Tishomingo; and Holly Sullivan of Belmont.

Report From Congress

By: U.S. Rep. Roger F. Wicker

Future Of Federal Role In Education Will Be Key Issue In New Congress

Last week I had an interesting discussion with a group of school board members and school administrators from north Mississippi. As you might expect, our conversation centered around the question of what role the federal government should play in setting education policy.

Both sides in the recent presidential debate offered sweeping education proposals, yet education has always been primarily a state and local matter. In fact, only six percent of funding for education programs comes from the federal government.

If the United States is to be successful in the global economy of the next century, we will need a more educated workforce. Competing with engineers from India, China, Japan, and Europe, for example, dictates that education policy be debated to some extent at the national level. However, the 10th Amendment to the Constitution states that powers not delegated to the federal government by the Constitution are reserved to the states. So, what role should the federal government have in education as we prepare for the year 2000 and beyond? That will certainly be one of the important questions under discussion when Congress convenes next January.

The American public commendably places education high on their list of concerns. In exit polling from the election last Tuesday, education ranked among the top three issues of importance, along with the economy and Medicare.

President Clinton's proposals included an expansion of the

Education.

Republicans talked about school choice options, increased competition, and opportunity scholarships at the primary and secondary levels.

Congress and the President should look long and hard before deciding to impose more education requirements and guidelines from Washington. In the immediate future, our goal should be to make sure the federal money appropriated for education goes to the students and the schools and not to the Washington education bureaucracy.

Local school boards and administrators know what works. They should have the flexibility to decide which policies and standards are best suited for their individual communities.

Mississippi School Board Member Recognition Week

Forty-eight school board members across the state will be recognized for 10 or more years of service Saturday, November 9 during the 25th Anniversary Annual Workshop & Seminar on School Law, a statewide conference sponsored by the Mississippi School Boards Association. Recognition of board members with longstanding service is a part of activities celebrating School Board Member Recognition Week in Mississippi, November 3-9. Governor Kirk Fordice proclaimed the week, in recognition of board member service and in celebration of the Mississippi School Boards Association's 25th Anniversary as a network of support for board members.

Board members who will be recognized are listed below: Harold Sparks, Tishomingo County, 16 years. Larry Bonds, Tishomingo County, 13 years.

As our state celebrates "School Board Member Recognition Week" November 3-9, I want to personally thank the board members of the Tishomingo County Public School District for the tremendous job they do. They are serious about educating children, going out of their way to personally promote our schools, even in their social and civic activities. Our district is fortunate to have school board members who care about children, teachers and everyone involved in the educational process.

The decisions of our board affect how schools will be operated, when they will operate, the programs that will be established, and the budget priorities that will be used in accomplishing the mission of our district. Without a strong, visionary board, children in the

Tishomingo County Public School District would not have access to the many opportunities which help make them competitive with their peers in the state and the nation. I am deeply grateful that we have citizens who are serious enough about this country's future that they would take on the enormous responsibility of serving on our school board.

Sincerely,
Carle Weeden, Superintendent
Tishomingo County Special
Municipal Separate School District

Marine Gunnery Sgt. Ronald W. Qualls, whose wife, Ingrid, is the daughter of Estes and Shirley Thompson of 170 Lightfoot Drive, Cherokee, AL., recently completed the Advanced Personnel Administration Course at Personnel Administration School, Marine Corps Service Support Schools, Camp Lejeune, N.C.

During the seven-week course, senior non-commissioned officers like Qualls learned office management procedures and administrative policies. Qualls also studied the computer systems used for personnel administration throughout the Marine Corps.

The 1981 graduate of Deshler High School of Tusculum, AL., joined the Marine Corps in July 1981.

Unemployment In Tishomingo County Dropped

According to Jimmy Rowland, Manager of the Mississippi State Employment Service, unemployment in Tishomingo county dropped to its lowest point of the year in mid-September, 6.7 percent. This compares to 10.6 percent in August and 6.5 percent in September, 1995.

The civilian labor force for the county numbered 10,250; 390 less than August and 110 less than September one year ago. Approximately 9,560 Tishomingo county residents held jobs in mid-September while 690 were unemployed.

Manufacturing jobs in the county numbered 3,810; 20 more than August but 50 less than September of last year. Nonmanufacturing jobs numbered 3,240; 30 more than August but 90 less than September, 1995.

GEMS Class of IMS Studies About The Olympics

The GEMS class of the Iuka Middle School recently completed a thematic study about the Olympics. Students learned the history of the ancient Olympics as well as the modern Olympics. Students designed souvenirs that would be appropriate for sale in an Olympic Souvenir Gift Shop. Students selected an Olympic symbol for their own Mini-Olympics. The symbol on the front of the T-shirts shown in the picture was designed by Freda Riddell. The students painted their T-shirt to be worn during their Mini-Olympics. Each student selected a different country to represent in the Mini-Olympics, and they painted their country's flag on the back. The students developed creative ways to perform various events in the Mini-Olympics. Gold, Silver, and Bronze Medals were awarded to winners in each event.

Teacher of the GEMS class is Cindy Pharr. Students of the GEMS class are: Tiffany Davis, Kevin Goss, Mary McKee, Justin Rutland, Robert Thornburg, Lily

McBride, David Nelson, Williams, Alan Cutshall, Daniel, Randy Dillard, Grasmans, Seth Howie, Chetan Basma, Abdalla, Kennedy, Tyler Murphy, Park, Freda Riddell, Carly Shannon Smith, Gina Corey Williams, Stephany Stephanie Archer, Cody John Barnett, Austin Bullard, Daniel, Chase House, Johnson, Jessica Nichols, Robinson, Jacob Whitlock, Arnold, Ashley Brents, Bullard, Jean Campanaro, Cobb, C.J. Kirk Moore Named DAR Good Citizen

Kirk Moore has been selected by his senior class as the DAR Good Citizen. The award, sponsored by the Chief Tishomingo Chapter of the Daughters of the American Revolution, is based upon contribution to the community, leadership, responsibility, and social conduct.

Kirk, the son of Mr. and Mrs. John B. Moore, is a senior at Belmont High School. He has been a member of FCA, SADD, FBLA, Spanish Club, and Beta Club. He has participated in football, baseball and golf at BHS. Kirk is an active member of the First Baptist Church at Belmont. He enjoys golfing and hunting.

call, they will head you in the right direction. Folks, let's make this one the biggest and the best! Has anybody let Santa know when our parade is gonna be?

Then we have our Christmas drawing. Will it be the shotgun or the TV? (I'm really not suppose to know, but I think it's the TV.) Anyway, we'll find out right after Thanksgiving.

We also have the Lions Club Christmas party working. Guess all you Lions better show up at the next meeting to find out when and where. I don't know that either.

We received a very nice letter from DG Jean Duncan telling us how much she enjoyed her visit with us October 15th. It was certainly our pleasure to have her with us.

OK, now, our next meeting will be Tuesday, November 19th. 7:00 p.m., Country Cupboard. Yes, we would appreciate you Lions taking one hour out of your busy schedule and worldly travels, and spend it with us! It's alright to stay in your sick-bed, but let us know that's where you are. Woopes, Lion Bobby Riley roared

- gotta go.

Post-Script: Does anybody know if Santa Claus has caught up with the Thanksgiving turkey yet?

Jump To A Better CD. You Can't Lose!

Raise this CD's rate 2, 3, or 4 times.
Plus, you'll earn an extra .10% APY* when you open a new checking account.

A 24 month CD at 6.00% APY* (or 6.10% APY*)
allows you to jump your rate 2 times!

A 36 month CD at 6.25% APY* (or 6.35% APY*)
allows you to jump your rate 3 times!

A 48 month CD at 6.50% APY* (or 6.60% APY*)
allows you to jump your rate 4 times!

A Peoples Bank "You Can't Lose" CD lets you increase the APY almost anytime. Just tell us to "jump" and we'll get you started earning a higher rate. For instance, if you have a two-year "You Can't Lose" CD, and we raise our APY on our regular two-year CDs, you may raise your rate, too, by using one of your "jumps". Plus your new rate will be based on the

original term, not the remaining term!

And, when you open a new checking account with funds from outside The Peoples Bank & Trust Company, and you get a "You Can't Lose" CD at the same time, we'll add an extra .10% to the APY of your CD. Come by any of our offices and get a "You Can't Lose" CD or IRA. It's so simple, you can't lose.

*The minimum amount to open a checking account is \$600. The annual percentage yield for the You Can't Lose CD is accurate as of November 1, 1996. The rate may change after the CD is opened but will change only at your request. Minimum deposit amount is \$500; maximum is \$250,000. These CDs may be automatically renewable at the prevailing rate of the CD's term at the time of renewal. Offer available on personal and commercial CDs only. No public funds allowed. A substantial interest penalty required for early withdrawal. Offer good for a limited time.

IES Students Help DAR

Commemorate Constitution Week.

Ms. Teresa Lomenick's students at IES presented a program to commemorate "Constitution Week" at the October DAR meeting.

The students presented a "rap" as a part of a patriotic medley which was written by Judy Leonard, the music teacher at IES and TCHS.

Approximately 22 students completed a large display in class about the Preamble, the writing, and the signing of the Constitution.

Students also presented poems about the Constitution. The program ended with a bell-ringing ceremony with the students commemoratively signing the Constitution.

Iuka Lions Club News

We had a good meeting November 5th. Our meeting was called to order by President, Lion Ned Boston, Lion Don Cowell gave our invocation, Lion Jerry Lambert led our pledge to the Flag, Lion J.R. Long read the minutes from the last meeting (he remembered to bring the brief case, but no paper), and then it was on to big discussions.

Christmas is coming up soon and there are lots of activities

being planned. For one, the Christmas Parade is to be on Friday evening, December 6th. Now, you watch your local newspaper for time and route. If you would like to participate in the parade, a float, a marching band, a scout troop, a group in cute Christmas costumes, could be a Church group, a civic club, or a group of friends, walking or riding, whatever, give Lion Ned Boston or Lion Toney Mobley a

Facts About The BIBLE BY JOHN LEHTI

AMOS, THE PROPHET

THE NAME AMOS MEANS A BURDEN, OR A BURDEN BEARER. THIS PROPHET FROM TEKOA, IN THE TERRITORY OF JUDAH, WAS A MAN OF HUMBLE BIRTH. AS A HERDSMAN, HE DOUBTLESS SPENT MUCH OF HIS LIFE IN THE WILDERNESS THAT EXTENDED FROM THE VILLAGE OF TEKOA ALL THE WAY TO THE DEAD SEA. WHEN NOT ENGAGED AS A HERDSMAN, HE FOUND OTHER EMPLOYMENT AS A DRESSER OF SYCAMOR TREES, PRUNING THE FOLIAGE AND PICKING ITS FRUIT FOR PACKING. (AMOS 1:1; 7:14, 15) FROM THE KNOWLEDGE THAT AMOS DISPLAYS WITH DISTANT PLACES AND EVENTS, IT IS EVIDENT THAT HE WAS USED TO HARD WORK, IN MANY CATEGORIES, SUCH AS DRIVING SHEEP AND CARRYING HIDES AND WOOL AS FAR AS DISTANT EGYPT AND DAMASCUS. ODDLY ENOUGH, ALTHOUGH A MAN OF JUDAH, HE WAS CALLED UPON TO PROPHECY IN THE NORTHERN KINGDOM OF ISRAEL! HE APPEARED AT BETHEL WHERE THE TEMPLE HAD WITHIN IT ONE OF THE GOLDEN CALVES SET UP BY JEROBOAM (AMOS 8:14). AMOS SPOKE WITH SUCH BOLDNESS AGAINST THE SINS OF THE KING AND THE PEOPLE THAT HE IMMEDIATELY MADE A GREAT NAME FOR HIMSELF.....

THIS DEVOTIONAL & DIRECTORY IS MADE POSSIBLE BY THESE BUSINESSES WHO ENCOURAGE ALL OF US TO ATTEND WORSHIP SERVICES.

Consolidated Farm and Rural Development Act Authorizes Designation of Tishomingo County To Receive FSA Disaster Loan Applications.

Emergency loans for farmers, ranchers, and operators are available through the Tishomingo County Office of the Farm Service Agency, Harold Mills, FSA Agriculture Credit Manager, said today.

Mr. Mills said this authority is pursuant to Secretary Glickman's declaration on October 8, 1996, of a major disaster in Mississippi, caused by an ice storm and a week long freeze that occurred from March 7 through March 13, 1996. As a result of this major disaster, Tishomingo County, as a contiguous county in Mississippi, is named as an area eligible for Federal Disaster assistance pursuant to Section 321(a) of the Consolidated

Farm and Rural Development Act. Applications for assistance in the disaster-stricken county will be accepted by FSA through June 9, 1997.

Farmers qualifying for emergency loans may borrow up to 80 percent of their actual production loss, or the amount needed to restore their operation to its pre-disaster condition, whichever is less. The new emergency loan and the outstanding principal balance of any existing emergency loan and the outstanding principal balance of any existing emergency loan owed by the applicant or an individual member of an entity cannot exceed \$500.00.

FSA Emergency Loans cover

losses from designated disasters and are made to qualified farmers who cannot obtain necessary credit from other lenders in the local area.

A person should drink at least two quarts of water per day.

Letter To The Editor

There was an article in the Daily Journal that informed the public about the upcoming city elections and the primaries in May of 1997. It went on to explain how important these elections are and how much the outcome could effect the voters in a city. It also stated that now is the time that people should start thinking about running for public office and even planning their campaign strategy.

I hope that a lot of people, who have never run for office before, will reconsider and make next year one of the biggest political ballots that we have ever had. It is definitely time for a change of city officials. I apologize to no one when I say that I think the people of Iuka, come election day, should wipe the slate clean and start anew. There has been entirely too much arguing and bickering among the present board and the mayor.

As for Police Chief Amos Bates, I have explained to the voters in my last two editorials why I feel we need a change. Even after those last two articles appeared in the newspaper, it looks as though he's determined to do things his way, with no regard whatsoever as to how his actions might effect the citizens of Iuka. Just like I had predicted, last Monday night (11-5-95), one of the old squad cars shut down and

had to be towed in by wrecker. This happened around 10:15 p.m. It cut our police protection in half because both officers were riding in the same car. The next night one of the officers was given another car to drive and it had approximately 140,000 or more on the odometer. Where was the new police car and why wasn't it used?

Surely some of you people can pick up a phone and call the chief or even the mayor. Ask them about what I've told you. Better still, ask the police officers on night duty. I can't even get the truth at a city board meeting so I sure as heck couldn't get it over the phone.

Again I urge all of you, to either run for office or pick out someone you can trust and get them to run. We can make Iuka an even better place to live if we all stick together.

If you have any questions or complaints concerning the City of Iuka, please feel free to write or call me and I will do my best to check it out and give you an answer. The one thing you will get is the truth! All calls or correspondence will be kept strictly confidential.

Sincerely,
Steve Rye

TRUSTEE'S NOTICE OF SALE

WHEREAS, Henry Hess and wife April Hess executed a Deed of Trust to D. Rook Moore, III, Trustee for the benefit of Autoplace, Inc., which Deed of Trust is recorded in Trust Deed Book No. 206 at page 156-159 in the Office of the Chancery Clerk of Tishomingo County, Mississippi; and, WHEREAS, default having been made in the terms and conditions of said Deed of Trust and the entire debt secured thereby having been declared to be due and payable in accordance with the terms of said Deed of Trust, and the holder of said indebtedness, Autoplace, Inc., having requested the undersigned Trustee to execute the trust and sell the land in accordance with the Deed of Trust.

NOW, THEREFORE, I, D. Rook Moore, III, Trustee, under the provisions of and by the virtue of the authority conferred upon me in said Deed of Trust, will, on the 26th day of November, 1996, offer for sale at public outcry and sell, within legal hours, between the hours of 11:00 a.m. and 4:00 p.m. on the front steps of the Tishomingo County Courthouse, Iuka, Mississippi, for cash, to the highest and best bidder, the following described land in Tishomingo County, Mississippi, to wit:

Part of the Northeast Quarter of the Southwest Quarter of Section 27, Township 6 South, Range 10 East, more particularly described as follows:

Beginning at the Southwest corner of the Northeast Quarter of the southwest Quarter of said Section 27, and run North approximately 315 feet to the South boundary of Rock Creek Road. Then run Easterly with said road to a point that is centered between 2 pine saplings on the South side of said road which point is approximately 735 feet Easterly from the West line of said Northeast Quarter of the Southwest Quarter of said Section; Then run in an Easterly direction along Rock Creek Road 336 feet to the point of beginning. Then run South 1 degree 50 minutes to a wire fence; thence run North 69 degrees 5 minutes East 124 feet along wire fence to the South boundary of Rock Creek Road; Then run in a Westerly direction along the South boundary of Rock Creek Road 174.10 feet back to the point of beginning.

Part of the Northeast Quarter of the Southwest Quarter of Section 27, Township 6 South, Range 10 East, described as follows: beginning at the Southwest corner of the Northeast Quarter of the Southwest Quarter of Section 27, Township 6 South, Range 10 East and run North 315 feet more or less to the South boundary of Tishomingo Co. "BALLOT LANGUAGE FOR PROPOSED INITIATIVE MEASURE,

SERIAL NUMBER 8

State law permits citizens to propose amendments to the Mississippi Constitution through the initiative process. Before the sponsors of an initiative begin their petition drives, the Secretary of State's office is required to publish the ballot title and ballot summary of the proposed initiative in a newspaper of newspapers of general circulation throughout the state. References: Section 273, Mississippi Constitution of 1890. Miss. Code Ann. Sections 23-17-1 through 23-17-61. The earliest election at which this proposed initiative may be voted upon is the November 3, 1998 General Election.

BALLOT TITLE

Shall persons other than dentist be licensed by a board of dentistry to fit and make dentures for the public?

BALLOT SUMMARY

This initiative would: amend the Constitution to allow persons other than licensed dentist to examine patients, and fit, make and sell dentures directly to the public; create a board of dentistry, consisting of five members appointed by the governor, which would regulate the practice of dentistry, issue licenses, determine qualifications of applicants for licensure and make and enforce rules; and would mandate a ninety day, 100% money back warranty on dentures furnished by denturists."

Miracle Of Home Care

During the month of November Superior Home Health and Hospice in Iuka will join thousands of home care providers across the nation in launching a variety of special events to celebrate National Home Care Month and its theme, "The Miracle of Home Care...Uniting Caring and Technology."

The month will honor all the dedicated physicians, nurses, therapist, aides and social workers who provide high-quality health care and supportive services to patients in their homes.

In addition to recognizing our

talented professionals, National Home Care Month will spotlight home care's unique ability to combine compassionate care with innovative technology.

"Thanks to the success of modern technology, yielding state-of-the-art medical equipment for the use in the home, and technicians who are trained to operate such equipment, and increasing number of people are able to leave institutions or avoid ever having to enter them, and Ann Walker, RN, Director of Superior of Home Health and Hospice." "Patients can be cared for and live independently in the comfort of their homes, surrounded by the ones they love."

Home care is a service for recovering, disabled or chronically

ill individuals. The care provided ranges from assistance with activities of daily living to advanced medical care in the home. Home care generally is appropriate for a person who requires care that cannot easily or effectively be provided solely by family or friends.

Superior Home Health and Hospice will be hosting a Open House on November 14, 1996 from 11 a.m. until 4:30 p.m. at the home office in Corinth at 3001 Highway 72 W. Superior Home Health and Hospice is a Division of Magnolia Regional Health Center.

Seminar On "Understanding Migraines"

Millions of Americans suffer from the pain of migraine headaches. North Mississippi Medical Center and Glaxo Wellcome, Inc. are offering a seminar to help area residents prevent and manage this condition.

The seminar, "Understanding Migraines," will be presented by Mark Fletcher, M.D., NMMC neurologist with Tupelo Neurology Clinic. The event will be held at 6:30 p.m. November 19th at the NMMC Wellness Center, 1030 S. Madison St., Tupelo.

"One to two percent of all Americans suffer from migraines. The severity of this condition ranges from person to person, but there are ways to prevent the on-set of migraines and ways to manage the pain associated with them," Dr. Fletcher said.

The seminar will provide information on the signs and symptoms of migraines; how migraines are triggered; and available treatment programs for migraines.

"Not all migraines have to be incapacitating or make you lose a day because of pain and other symptoms. We now know more about the underlying causes of migraines and can help sufferers manage this condition and eventually improve their quality of life," Dr. Fletcher said.

For more information on the event, which is free and open to the public, call 1-800-THE DESK (1-800-843-3375).
