### \$1,044,000 In Marijuana Seized

by Pamela McRae

More than a million dollars in cultivated marijuana plants were seized by the Tishomingo County Sheriff's Department Monday.

With the assistance of the Mississippi Bureau of Narcotics, the sheriff's department found and pulled 1,045 plants in remote, but undisclosed, areas of the county, according to Sheriff David Smith.

Street value was estimated by MBN officers at about \$1,000 per plant, and the seized plants were from 4 to 10 feet tall.

Several other fields are still under surveillance, Smith said.

"We could use a four- to five-day mission," he said of the two-day mission, which utilized Bureau helicopters for air surveillance. "We have only just scratched the surface."

No arrests have been made, said Smith, who said the way they currently investigate such operations has its flaws.

"Since we are assisted by the air support of the Bureau, we have to do it according to their regulations," Smith said, who also said limited manpower is sometimes a problem in such cases.

"We have to try to keep the plants from getting on the street, so we don't always have the time or men to sit and watch the different fields to see who is

cultivating them after they are identified by air. At least we are keeping some off the street," Smith said.

Such was the case with a large seizure last summer, in which no arrests have been made to date.

If anyone has any information

about this or other cases of marijuana cultivation, they are encouraged to call the sheriff's department at 423-6185.

The Alcorn County Sheriff's Department and Sheriff Jimmy Taylor were also very helpful in this operation, donating trucks and men to the effort.

### Special Celebration & Recognition Of Law Enforcement Officers

Sunday, July 13, 1997, 11:00 A.M., Harmony United Methodist Church on Harmony Road in Iuka, Mississippi will hold special worship services in honor and recognition of all area law enforcement officers. These special services will lift up the name of One called to "serve and protect" - Jesus Christ - as the church honors and recognizes law enforcement officers for all they do in the ministry of "serving and protecting."

The service is designed to offer law enforcement officers a special time of peace and recognition for their work as they worship. Rev. Vance, the pastor of the Harmony UMC, served nearly ten years in law enforcement prior to becoming a minister. During that time he became well aware of the dangers, the emotions, the stress, and the family strain that law enforcement officers face each day. He is preparing a special sermon message for the occasion.

The time of celebration and recognition will continue following the worship service. A special "dinner-on-the-grounds" luncheon will be held in honor of law enforcement personnel. The church will provide "take-out"

plates for officers who cannot attend because of their work schedules.

The church will also have a list of "prayer partners" for officers to select from. These prayer partners will convenant to pray for each officer and their protection and guidance and for the needs of their families. These prayer partners will always be available to the officers for special prayer requests as needed.

Visitors are welcome and invited to attend this special service.

#### Grief Recovery Support Groups for Adults & Children

Bereavement/Grief Recovery groups for both adults and children will begin on July 29th. Each group will meet on Tuesday nights for 5 weeks, from July 29th through August 26.

The children's group will be held at the Iuka Library on Main Street from 5-7 p.m. and is suited for children ages 5 to 15.

The group for adults will be held at the same time at Cutshall Funeral Home on Pearl Street, located just a block away from the Iuka Library.

Anyone who has suffered the loss of a loved one is encouraged to attend these free sessions. If an entire family would like to attend, the children can be dropped off at the library for that group while the parents attend the adult group.

These groups are being sponsored by Flower Stems Family Support Program, a division of Sunnybrook Children's Home. For more information, please call 720-1072 or toll-free, 1-888-720-1072.

### Boil Warning Issued After Sat. Water Line Break In Dennis

by Pamela McRae

About 30 households and much of Tishomingo State Park were affected by a break in a water line in Dennis Saturday morning of the busy 4th of July weekend.

The Dennis Water Association issued a boil order, asking people to boil their drinking water, as a precaution, until results are received from the State Health Department later this week.

Eugene Butler, operator for the Dennis Water Association, said he got his first call about 4 a.m. Saturday morning, July 5th.

As many as 100 people camping in Tishomingo State Park and more than 30 homes along Highland Road (County Road 87) to the water tower near Highway 30 were without water from early morning until about 1:30 p.m., Butler said.

"Thankfully we had no one in the group camp, and the part of the park near the lake still had water," said Tishomingo State Park Manager Bill Brecken. "But we did have some complaints."

Apparently the break occurred behind the park at Dennis, near the railroad tracks, Butler reported.

### Massengill to Play In All-Star Softball Games

### Challenges Of The End Of The Century: New City Administrations Sworn In

by Pamela McRae

The municipal officials that will lead the cities in our county into the next millennium were all sworn in this week.

#### Burnsville

Mayor Bobby H. Johnson took his fourth consecutive oath of office Monday night at the Burnsville City Hall. Tishomingo County Circuit Court Clerk Donna Henry Dill swore in Johnson and the board.

Johnson has led Burnsville through its impressive growth of recent years, and gives much credit for the growth to the industry recruitment efforts of his office. He and the new board will have their hands full with several utility improvement projects in

work, and the challenges of a growing Burnsville.

Burnsville aldermen who took the oath Monday were Truman South and David Nixon (both starting fourth terms), and new aldermen Danny Peters, James E. Monroe, and Darryl Gaines.

The first meeting of the new administration was Tuesday night at 7.

#### Iuka

At a mid-morning ceremony Monday at Iuka City Hall, Mayor David Nichols and his all-new board took the oath of office from Circuit Clerk Donna Henry Dill.

Nichols, beginning his third term, said he anticipated the opportunity to work with the fine,

decent people the people of Iuka elected.

"With a good board like this one we can get a lot done," Nichols said.

Aldermen Scotty Skinner, Buddy James, Beth Davis, George Long and Jackie Bryant all expressed their gratitude and appreciation for the confidence placed in them by the people of Iuka.

"Now we have the big task of proving the people right who supported us," said first-time office holder George Long.

"We are on the verge of great things happening in Iuka," said Jackie Bryant. He stated a goal of getting some more jobs in the local area, so that our children and their children have the opportunity to work close to home at jobs where they will earn more than minimum wage.

The mayor and board met for a short meeting afterwards (see story on page 11).

#### Tishomingo

First-time Mayor James Tennyson took the oath of office about 9 a.m. Monday, with a small audience attending the ceremony at Tishomingo City Hall.

Tennyson, a businessman in Tishomingo and Iuka, appealed to voters to choose him to lead the small town into the next century and take actions to keep Tishomingo on the map; a major challenge since many feel the anticipated widening of Highway 25 in the coming years could bypass the town of about 200 voters.

Incumbent board members Sue Cain, Jimmy Burns and Mike Hale and newly-elected alderwomen Margaret Underwood and Bertha Tidwell were all sworn in by Tishomingo's own Donna Henry Dill.

The first meeting of the new administration was Monday night (see story on page 11).

#### Belmont

Experience counts in Belmont, at least when it comes to elected officials.

Fifth District Supervisor Leon Cook swore in the all-incumbent city board in a ceremony Monday night at City Hall.

Bob Yarber, in his third term now as mayor, will again lead the board composed of all incumbent aldermen, many serving more than two terms. Taking the oath Monday were J.P. Wilemon, Bobby Joe Wilemon, Greg Pharr, Steve Ratliff, and Hugh Nichols.

#### Paden

Paden's ceremony for newly-elected officials was Tuesday night at Paden City Hall. Fourth District Supervisor David Sanders swore in incumbent Mayor Hugh Bates, and the new board.

New board members are Glenn Cunningham, Vicki Blythe, Chris Cass, and incumbents H.V. Luttrell, and Lela McClung.

The class will be from 8:30 a.m. to 2:30 p.m. and everyone needs to bring a complete address, social security number and birthdate to receive proper credit for the class.

### Egg Safety And Ice Cream

June Dairy Month is past but, to me, July is ice cream month - especially for the home-made kind. Apparently other folks think so too, for we had good response to the "ice cream reception" in the Alcorn County Extension Office last week. The Jacinto July celebration usually has homemade ice cream, as I recall, though I did not get to participate this year. Perhaps you are making some for your 4th of July week-end.

Good as it is, we need to remember food safety when mixing that concoction of eggs, milk, sugar and flavoring for

freezing. Summer temperatures that make iced foods such a treat also contribute to faster growth of bacteria that cause food-borne illnesses.

Raw eggs have attracted food safety concerns in recent years and have been blamed for an increasing number of cases of illness. The good news is that proper storing, handling and cooking of eggs can prevent it happening.

According to the Poultry Division of USDA's Agricultural Marketing Service, most egg-borne illnesses are a result of leaving eggs out at room

temperature, pooling eggs and incomplete cooking.

Pooling eggs occurs most often in food service establishments where many eggs are cracked into one bowl for later use, and the bowl left out at room temperature for a long period of time. So if bacteria was present in one of the eggs it would have time to grow and multiply and contaminate the whole batch.

Although pooling occurs most in food service, consumers should be aware of risks associated with cracking several eggs into one bowl and be careful to keep them cold until cooking and then cook thoroughly.

At the store, always choose Grade A and AA eggs with clean, uncracked shells. But only refrigerated eggs - never those sitting out at room temperature. If the carton has a "Use by Date" printed on it, be sure it has not passed.

Take the eggs directly home after purchase, don't leave them in a hot car while you do other errands. At home, put eggs into a 40 degree refrigerator as soon as possible. Leave them in the original carton and place it in a colder section of the refrigerator, not on the door.

When handling eggs, wash hands, utensils, equipment and work areas with hot, soapy water before and after they come in contact with eggs and raw egg rich foods. Avoid keeping eggs out of the refrigerator for more than two hours, including time for preparation and serving.

Many of our favorite recipes - like homemade ice cream, mayonnaise and others - contain raw eggs and should not be considered safe. A similar recipe that incorporates a step where the eggs are cooked is better from the standpoint of safety.

Here is a recipe for frozen custard ice cream that is both safe and good: 6 eggs, 2 cups milk, 3/4 cup sugar; 2 to 3 tablespoons honey; 1/4 teaspoon salt; 2 cups whipping cream; 1 tablespoon vanilla.

In saucepan, beat together eggs, milk, sugar, honey and salt. Cook over low heat, stirring constantly, until mixture is thick enough to coat a metal spoon with a thin film and reaches at least 160

### Discrimination Against People with Disabilities

Many employers are subject to the Americans with Disabilities Act (ADA), the federal law to help end job discrimination against people with disabilities and make public places more accessible to them.

Among other things, the ADA prevents employers from discriminating against people with disabilities in all job areas, including hiring, promotion, and salary. It also requires employers to make reasonable efforts to accommodate disabled workers, unless doing so creates an "undue burden."

People with disabilities who believe they have been discriminated against can seek legal help to enforce their rights under the ADA.

## WE GET OUR POWER FROM YOU.

Your electric cooperative is a special organization. Instead of out-of-town stockholders, we're owned by the people we serve. Instead of sending money out of town, we return profits to the community. Most important, our consumers are our source of power and direction. You see, we're not just your

Cool quickly by setting pan in cold water and stirring for a few minutes. Cover and refrigerate until thoroughly chilled. When ready to freeze, pour chilled custard, whipping cream and vanilla into 1-gallon ice cream freezer can. Freeze according to manufacturer's directions using 6 parts ice to 1 part rock salt.

Variations may be had by reducing the vanilla and stirring in three large ripe bananas, mashed, or by adding 2 cups sweetened crushed fresh strawberries or 1 1/2 lb pitted pureed dark sweet fresh cherries or plums when partially frozen.

### BellSouth Announces \$100,000 Chamber Grant Program

BellSouth announced today that it will fund a \$100,000 grant program designed to stimulate the development or strengthen the presence of small businesses in towns and communities throughout its nine-state region.

As part of the company's new campaign, "Nobody Knows a Neighbor Like a Neighbor," BellSouth's Chamber Grant Program invites local and community Chambers of Commerce to apply for one of ten \$10,000 grants to be awarded this fall.

"BellSouth has long recognized the crucial role Chambers of Commerce play in the growth and success of small businesses in our region," said Jerry Hollingsworth, Regional Director - Corporate and

### On Plastic Lenses

There was a time when plastic denoted anything that was cheap, inferior and artificial. When it comes to today's eyeglass lenses, nothing could be further from the mark. Modern plastics have created superior lenses.

First of all, the material used to make these lenses is optically just as good as hardened glass. It is also many times more impact resistant and far safer to wear. Even if a strong enough blow causes breakage, the pieces are not sharp and have little penetrating force.

Plastic lenses are also considerably lighter than glass which makes them ideal for larger or thicker lenses and they do not fog up as readily. Perhaps the only drawback to using plastic lenses is that they are a little more susceptible to getting scratched. Therefore you have to be somewhat more careful and conscious about how you handle them. Plastic lenses make a lot of sense when it comes to eyeglasses.

Community Affairs. "We've structured this program to recognize and reward chambers for their efforts along these lines. And we believe our commitment to this project is indicative of our desire to support the good work they do."

All recognized Chambers of Commerce in areas served by BellSouth in Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee are eligible to nominate their small business-focused program for one of the \$10,000 grants. One grant will be awarded in each of BellSouth's nine states, and the tenth will be awarded to a Chamber of Commerce in the region at large.

Winning programs can include any of the following applications: expansion or upgrade of technology supporting a chamber operation; programs to attract or retain small businesses; enhancement of an existing, successful small business chamber program; funding a multi-media presentation that showcases chamber areas and/or promotes small business; aiding minority/women small business development; or establishing an information and resource bureau that assists individuals starting new businesses. A chamber could also combine any of the above in its application.

The grant program emphasizes BellSouth's commitment to the communities in which it operates," Hollingsworth noted. "It also highlights the company's long-standing involvement with Chambers of Commerce throughout the region."

Application packages will be distributed to Chambers of Commerce within the next few weeks. The deadline for applications is Monday, August 11; winners will be announced the week of October 13. Chambers of Commerce that have not received a package by mid-July and would like to can contact Jerry

Hollingsworth at BellSouth (601) 841-8356.

BellSouth is a \$19 billion telecommunications service company. It provides wireline, telecommunications, advertising and publishing and other information services to more than 27 million customers in countries worldwide. Seizures

Seizures are the most common neurological disorder affecting dogs, but they are quite rare in cats. Although there are many causes for seizures, the seizure disorder most often diagnosed in dogs is inherited epilepsy. Seizures, if they occur, typically begin between the ages of 9 and 18 months.

Seizures occur as a result of random, transient discharge of nerve activity in the brain and can be caused by infections, birth defects, tumors, or metabolic diseases (low blood sugar, for example) that influence brain function.

• When a dog has a seizure There may be a brief (10 seconds) aura just before the actual seizure. The dog may stare straight ahead and appear not to be aware of its surroundings.

• The dog will slump to the floor and begin to shake dramatically.

The entire body is involved. Salivation, urination, and defecation may occur during the seizure. The entire episode usually lasts 60 to 90 seconds or less. The dog's behavior may appear unusual during the recovery phase. It may eat, drink ravenously. It may appear disoriented or blind several minutes after the seizure. Recovery is usually complete.

If you dog has a seizure:

• DO NOT attempt to hold your dog. Simply place it on the floor or ground where it won't get hurt.

• DO NOT attempt to open the dog's mouth. Dogs will not swallow their tongue, and you could get bitten while trying to help.

• DO NOT attempt to stop the seizure with oral medication. A dog cannot swallow during a seizure.

• A single seizure is not a medical emergency. Multiple seizures in one day do constitute an emergency and must be treated by a veterinarian.

Long-term treatment is indicated for many epileptic dogs. Phenobarbital is the most common, most effective, and least expensive drug available. Treatment is usually for life.

### What Are Veneers?

Veneering is an exciting cosmetic technique that will improve the appearance of your teeth. Veneers are custom-made shells that are affixed directly to the tooth. They are specially prepared to make your teeth look natural. The materials used to make veneers include acrylic, composites resins and porcelain. Those materials are selected for their durability, stain resistance and natural appearance.

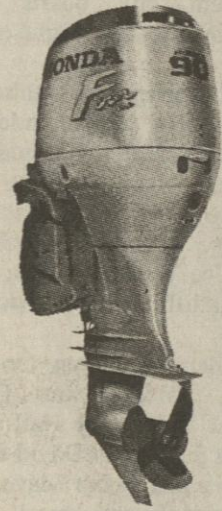

Veneers might be appropriate for you if your teeth are permanently stained or discolored, or if small gaps between the teeth detract for your appearance.

Veneers also provide dramatic improvement in appearance to teeth that are poorly shaped or slightly out of alignment. With veneering, your smile can be quickly, comfortably and beautifully transformed.

## A Special Day For Edward & Virginia Davis

July 5, 1997 was a very special day for Edward and Virginia Davis. It was their 50th Wedding Anniversary.

The whole family took the two to Gatlinburg, TN. They all stayed at the Ober View Chalet and had a wonderful time.

The trip lasted 5 days and to get the entire family together was such a surprise for the two.

The family consist of three sons, Eddie, Jerry and Mike. Their wives, Linda, Sherry and Jane. Seven grandchildren, Kerry, Lori, Kelly, Shelly, Jenny, Susan and Chris; two great-grandchildren, Josh and Stephen. Lorie's husband Michael and Kerry's soon to be bride Tabitha.

Charles Swimmer made a family picture of the 19 family members for this special occasion. Lots of presents from family and friends have been received and past memories shared.

The two were happy then and still happy now. We love them both.

## Parson's Reunion 1908-1997 50 Were Present

The Parson's have gathered together for another wonderful time at the old Parson's Cemetery, just North of Holcut, MS. The Parson's have gathered there for 89 years. The 2nd Sunday in June has always been a special time in our heart as we visit and see family and friends that we haven't seen since the year before, and some longer. This is a wonderful tradition that we carry on for Molly and Charles Parsons and so very proud to do it. As we will carry on in the future. It won't take long for the 100th year to be here.

So, for 1997 year, we have gathered together for another wonderful time at the old Parson's Cemetery for a *Jovous* time. We thought the weather looked a little wet. But the good Lord blessed us again to give us the time to get reacquainted and to meet some family members for the first time. Then we all gathered together our food and spread it about. Wayne Smith gave a wonderful blessing over the food and we had a wonderful fellowship among us. As I looked about seeing and hearing old stories being told, and some jokes, and a lot of laughter. I noticed that Mr. D.L. Parson's who is 79 years old was the oldest member there and running a close second was Mr. Arlon Parsons who was 77 years old. But Mr. D.L. Parson's won that race. D.L. Parsons was born on April 26, 1918 and is married to Leona Parsons for 59 years. They have 2 daughters, Verie Moore, and Helen Whittemore, all of Rienzi, MS. Mr. Parsons grandparents are buried at the cemetery.

Mr. D.L. Parson's is the son of James Wesley (J.W.) and Sally (Holder) Parsons. But, among the youngest goes to little Anna Kaitlin Spears born August 20, 1996, daughter of Tracie and Tommy Spears of Corinth, she also has a big brother named Will. Grandparents are Sandra and Larry Richardson of Corinth, Bonnie and William Spears of Corinth, Danny and Carol Hudson of Iuka. Great-grandmother is Louise White of Iuka.

As I was checking to see who

had came the furthest Vida Ree "Parsons" Nichols said she came all the way from New York City - But - to find out she was all the way from Tishomingo. "Talk about traveling" Ha! But Joyce Hale from McComb, MS had traveled the farthest, also Judy and her son Lance Pepper came from Brookhaven, MS. Charles and Jesse Coker came from Liberty, MS.

Jerry and Sue Parsons came and brought a picture album of some pictures that were made 2 years ago and some where made a long time back. Everyone really enjoyed looking at those. Jane Hollingsworth of Midway was looking at a picture and thought it was her. But, to her surprises it was a picture of her mother Vida Nichols when she was about 9 years old. Talk about memories. Everyone could see how everyone had changed over the years. Jerry had taken pictures of this day, and I'm sure you will want to be there next year to see them. So be sure to mark your calendar to come and join us in the fun at the old Parson's Cemetery down below Sardis Baptist Church.

Even though we no longer live there. There is a peace and serenity about the place that can take you back 50 years. It puts you at home again, like growing up as a child on your front porch having all the time to visit with your neighbors and chat about ole times.

Those going home were: Lanelle Young, Amanda Young, Brandon Young, Denise Wilson, Sam Wilson, Patrick Wilson, Vida Nichols all of Tishomingo; Jane Hollingsworth of Midway; Faye Curtis, Iuka; Lopez (Curly) Marl of Iuka; Sadie Mathis of Corinth; Charles & Jesse Coker of Liberty; Joyce Hale of McComb; Judy and Lance Pepper of Brookhaven; Louise White, Iuka; Linda Alstadt, Iuka; Melissa Posey and Nathan Posey, Iuka; Majell George, Iuka; D.L. and Leona Parsons of Rienzi; Tracie, Will and Anna Spears of Corinth.

Harold and Barb and Tracy

Felks of Iuka; Denise Medley, Iuka; Varnell Wadkins, Iuka; Dwight and Justin Wadkins, Iuka; Ileana Smith, Ruby & Erica and Katie Crider of Iuka; Sandra Richardson, Corinth; Theresa Hyneman, Arlon Parsons, Iuka; Buster and Helen Whittemore of Rienzi; Verie Moore, Rienzi; Wayne Smith, Iuka; Doris Barnes, Iuka; Kathy and Dennis Dillard, Iuka; Jerry and Sue Parsons, Burnsville; Peggy and Jason Drinkard, Iuka.

See Ya'll Again  
Next Year

Just as everyone had there belongings loaded up and food put away - just taking in the company of everyone, it started to sprinkle and we said our good-byes for another year.

Who say's we don't receive blessings.

## Burnsville Happenings

By: Donna Burns

I hope everyone is having a great summer! I have not seen many vegetable stands. I would imagine that was due to the large amounts of rain. I hope we have some late gardens.

I hope Bobby and Debbie Johnson's daughter and grandchild are doing well. The little girl was very early and our prayers are with her and her family. God bless and keep you all.

April Burns represented Tishomingo County in Washington D.C. June 28th July 5th for Tishomingo County 4-H. She won the right to represent our county through 4-H record books, and citizenships work in our county. Great going April! She is a member of Rainbow 4-H.

Other youth representing 4-H on the Awareness team are Stephany Newcomb, Justin Wilkins and Jarrod Dawson.

Congratulations to Brent Bonds for participating in Mississippi governors School. He is a member of Rainbow 4-H.

The Rainbow 4-H Club will have a program for the public today at 10:00 a.m. at the Burnsville Public Library. Come and enjoy Charlotte Daniel's program from the Soil and Water Conservation.

The Public library would like to thank Rainbow 4-H Club for helping with the pre-schoolers teddy bear picnic and the Summer Reading Program.

The Knight Reunion will be July 13th at the American Legion Building in Corinth at 12:00 or 12:30 a.m. until. Bring a covered dish and enjoy the family news and events.

School starts August 11th, boy, was that a short summer.

Thanks to Jonathan Burns, our 6 year old dragon/dino for making the Summer Reading Fantasies come to life.

We are now trained at the Burnsville Public Library for Internet. It is a great asset for our town.

## H.I. Wilson Family Gathering

## Iuka Lions Club News

We had our meeting July 1st, just like we said we would. And enjoyed it, just like we thought we would. And just for the record, Lion J.R. Long, 1st VP, had to call the Director meeting to order, because Lion Toney Mobley, President, was LATE. He did get

there in time to dismiss the directors and call the regular meeting to order.

Lion J.R. Long gave the invocation, Lion Jerry Lambert led our pledge to the Flag, Lion J.R. Long read the minutes, "cause Secretary, Lion Don Cowell was

out-of-pocket. Lion Ned Boston, our new treasurer, gave his report. By then it was time to recess for "food". Boy, we had a good supper served by Norma and crew.

The Lions Club says Thank You to Lion Bill McKinney for replacing the screws in the Lions Plaque, even tho they were a little bit crooked. He's our Lion Tammer, you know, he's suppose to keep everything, including members, in some kind of order.

Lion Toney read the letter received from D.G. Jean Duncan extending an invitation to the convention, September 25-28, in Syracuse. Now, I ain't gonna get that far from home.

We also received a Thank You note from Lion John Wagener, White Cane Chairman, Mississippi Lions Sight Foundation, for the donation from you through us for the sight impaired. That's just one of the things you help support with your donations. And we, the Lions Club, Thank You again.

Now, everybody was at our last meeting except Lion Jerry Boyd and Lion Don Cowell. We expect to see them at our next

meeting Tuesday, July 15th, 7:00 PM, at - now listen up - Lions, Ned Boston's house. We're gonna Cook out and Lion Toney is bringing Ice Cream. Bring your wife - Please. With them there, we're bound to have a "good meeting".

Oh, yes, I understand the sun came out, and Lion Bobby Riley found his frog.

Well, the Lion roared, I gotta go. Sure enjoyed visiting with you. Now you stay well and happy, go hug somebody.

## Tishomingo County Retired Teachers Meet

The Tishomingo County Retired Teachers met on June 13, 1997 at the Sportsman Cafe in Tishomingo, MS. The devotion was given by Bro. Truitt Brown, Minister of Youth and music at the Tishomingo Baptist Church.

After lunch, a business meeting was held in the conference room of the Tishomingo Bank of MS. Our guest, Bro. Truitt Brown, shared several of his happy memories of teachers and events as an elementary student. Bro. Brown spoke on problems of our youth today. He compared the problems, behavior, attitudes and discipline of our youth years ago with those of today. Bro. Brown stressed the importance of working with our youth and teaching and reinforcing absolute truth. He stated also that to cope with the problems of today, our young people must have a sense of what is right and what is wrong.

Bro. Brown's message was very informative and appreciated.

## Old Board Takes Sheriff's Bill for \$17,520 Under Advisement

by Pamela McRae

A request for payment from the sheriff's department for a \$17,520 bill for doing the city's police dispatching was taken under advisement at the last regular meeting of the old Board of Aldermen of Iuka last Tuesday night.

The Sheriff's Department took over dispatching responsibilities last year, at the request of the city for an amount of \$1,800 a month. At the end of April \$13,920 was still owed, and Deputy Steve Vatalaro, representing the sheriff, was at the meeting to request payment in person.

Mayor Nichols said that the city attorney recommended not paying the bill until a written agreement was finalized.

Apparently, at the time of the service switchover, the sheriff's department agreed to furnish a written document that would clearly identify the responsibilities of the city and the county dispatch service, who now does the dispatching for the Iuka Police Department. Such an agreement has not yet been received, said Nichols.

Currently, persons wishing to contact Iuka City officers must go through the dispatching desk at the sheriff's office. This does allow for more centralized law enforcement dispatching, supporters have said.

The issue will be raised at the next board meeting.

The board authorized a budget revision of \$18,000 to the street project. The budget was exhausted, but not the money for recent street improvements, explained Nichols. This will cover

the work that has been done to date, and allow for striping of downtown and other miscellaneous work.

The sale of some surplus equipment was authorized: a lime machine was sold to the City of Burnsville for \$2,500 and a sewer machine was sold to the Town of Tishomingo for \$2,500.

The board granted a \$500 request in support of the Junior American Legion baseball program.

In other business:

The legal services contract for the sewer project were awarded to Mike Cooke.

The city adopted the State Uniform Assessment Schedule for personal property assessment.

Invoices for the EPS site development project at the Iuka Industrial Park were approved, including \$8,695 to Jack Griffith and Associates, \$10,523.63 to Dean McRae Engineering, and \$104,086.05 to Trax Company.

### Appointments Made at First Meeting of New Iuka Board

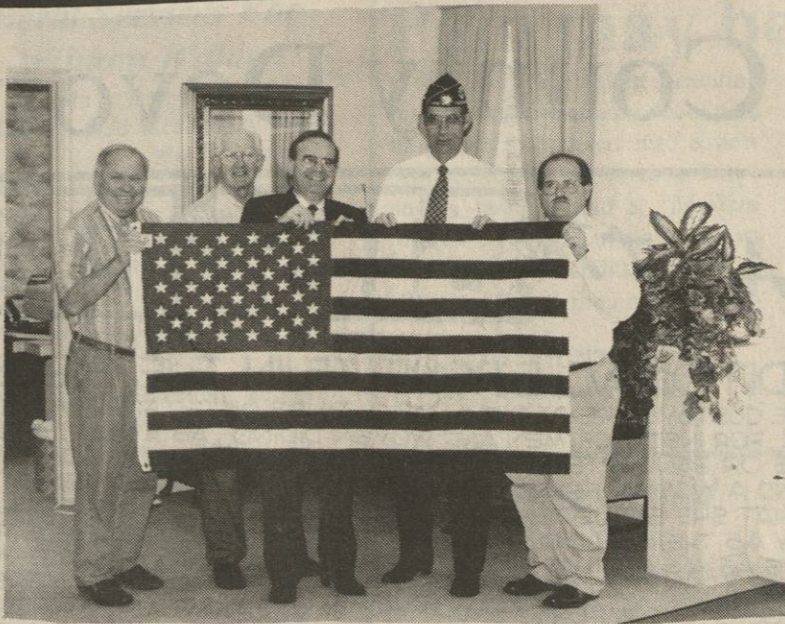

The first official meeting of the new board of aldermen of Iuka with Mayor David Nichols was right after the swearing in ceremony Monday morning.

The city board voted to keep City Clerk Benny Gray and to appoint Nick Phillips as the new City Attorney.

Taken under advisement were the positions of election commissioners, zoning commissioners, and Tuesday night there was a working session to interview applicants for City Judge.

The next regular meeting is expected to be in August, Nichols said.

### Flags Donated To American Legion of Tishomingo

Representatives of the Woodmen of the World donated American flags to the American Legion Post 144 for their display in Tishomingo on July 4th weekend. Pictured above, from left, are Woodmen Wimp Caldwell, Hershal Morgan, and Mike Hopkins presenting the flags to American Legion Post 144 Commander John B. Strickland, Jr. and Tishomingo Chamber of Commerce President Gary Walker.

## Fourth Celebration In Tishomingo A Success

by Pamela McRae

Tishomingo folks celebrated the Independence Day holiday weekend in grand style, as usual, with record numbers turning out for the Alumni Reunion and the Street Dance.

The grand finale of the evening Saturday was the outstanding fireworks display organized by the ever-enthusiastic Jimmy Cornelius. The fireworks were shot off from the gin yard parking lot and thrilled all those gathered along Main Street to watch the 9:30 show.

Though no organizations have provided funding for fireworks in Tishomingo for the last few years, it is always such a delight and surprise to have such outstanding displays provided, as far as I know, solely by Jimmy Cornelius. We all owe a lot to him, and his efforts to make holidays in Tishomingo memorable!

### A Cool Street Dance!

For the first time in years, we finally had some cool weather for the street dance! Apparently everyone approved, because the streets were full of folks of all ages! The band, Sierra, really "rocked", and the usual ones

provided entertainment dancing for the rest of us too embarrassed to get out and shake our stuff. Thanks to all the businesses and individuals who donated money to pay for the band!

The Homemakers did an outstanding job providing refreshments, and reported making more than \$260

### Old Glory Flies Over Tishomingo!

A lovely touch to the look of the town this weekend were American flags flying in the wind from poles on Main Street. Thanks to the American Legion members and the Auxiliary! They also placed flags on the more than 70 graves of veterans in the Tishomingo Cemetery. Thanks also to the Woodmen of the World, who donated the flags to the American Legion. We look forward to seeing them again next year, and adding more to the display.

Just think how those flags affected all those who drove down Highway 25 in town this weekend! They will remember Tishomingo and the lovely little town with all the American flags - not a bad image to linger in the minds of visitors!

## Record Numbers Attend 49th Tishomingo Alumni Reunion

by Pamela McRae

At least 169 people were served at the 49th Annual Tishomingo Alumni Reunion, said Alumni Association Secretary Margaret Underwood. This was more than ever, she said, and there are high hopes for even more to attend next year, which will be the 50th annual reunion.

President Donald Hopkins presided over the festivities that this year honored classes ending with a "2" or a "7". All the representatives that spoke from these classes expressed how proud they were that Tishomingo High School was a large part of their formative years.

Candler Fay Stormont, representing the class of 1942, most eloquently expressed how his classmates may not have

become famous doctors, statesmen, entertainers or scientists, but that each one did much to improve their own part of this world, and that the world was a better place for their being there.

He also thanked the many teachers who were so dedicated to the success of their students, "even though we tried our best to make it hard on them."

New officers for the next year are President Kirby G. McRae (Class of 1976), Vice President Donna Henry Dill (Class of 1974), Secretary Margaret Underwood (Class of 1961), and Treasurer Barbara McRae Oaks (Class of 1964).

## Lena Mitchell Awarded Master of Arts Degree In Journalism.....

Iuka resident Lena Mitchell has been awarded the Master of Arts degree in Journalism and Public Affairs from the School of Communication at American University in Washington, D.C.

Mitchell was selected winner of the Phillips Award as outstanding graduate student in print journalism for 1997. The award is sponsored by the Phillips Publishing Co. of Potomac, Md. and includes a \$1,000 cash award. She completed her studies with a 3.79 grade point average.

"A selection committee composed of people both inside and outside the School of Communication chose Lena as the winner," said Sanford J. Unger, dean of the school. "Through her essay she communicated a dedication to the highest standards of a free and responsible press. Her professionalism, academic performance, and other achievements during her graduate study at American University were also factors in the decision."

Mitchell also had several journalistic accomplishments outside the university during the past year. She was a freelance writer for the *Almanac of the Unselected*, a reference book that describes the work of congressional committees in formulating members in the House and Senate Agriculture committees who draft and guide bills through Congress.

Mitchell also wrote a story profiling Tony Mauro, *USA Today's* reporter covering the Supreme Court. The story was published on the university's Internet newspaper. While working on that story accompanied Mauro during the Supreme Court argument for a lawsuit brought by an Alabama death row inmate cleared of charges after 10 years of incarceration.

After finishing an internship writing articles for the Spring 1997 edition of *Co-op America Quarterly* magazine, Mitchell was hired by the nonprofit environmental and social responsibility organization to complete the writing assignments for the summer edition of the magazine and three feature articles for the 1998 *National Green Pages* (TM).

Other honors Mitchell received include being selected by her seminar professor to attend the National Institute for Computer-Assisted Reporting in Nashville,

Lena Mitchell

Tenn., in March 1997. She was also one of 25 experienced reporters selected by the National conference of Editorial Writers' Foundation to attend an expense-paid seminar on editorial writing at the Freedom Forum's First Amendment Center at Vanderbilt University, Nashville, Tenn., in May 1997.

Prior to entering graduate school, Mitchell worked as a news reporter for the *TimesDaily* in Florence, AL, covering police and public safety issues. She also worked previously as a general assignment reporter for the *Daily Corinthian* in Corinth, Miss.

Mitchell resides in Iuka, and is the daughter of the late Jordan (Notch) and Elizabeth Mitchell.

## Plan for History of Tishomingo Agricultural High School Presented

by Pamela McRae

At the July 5th banquet of the Tishomingo High School Alumni, Mr. Billy Nettles presented his plans for a history of the Tishomingo Agricultural High School.

Tishomingo Alumni Billy Nettles, whose father was a superintendent and principal at the Agricultural High School that operated in the early part of this century, gave everyone an update on a project to compile and publish a two-part history of the old boarding school.

Tishomingo County Agricultural High School operated from 1919 to 1933 on the present site, and was recognized by Nettles as the foundation for many of the principles of excellence in education that are present to this day at the Tishomingo school.

Nettles, who lives in Starkville, is assisted in the project by Hal Southward, and

many others. Southward, of Tishomingo, is the local contact for the project, as well as the collector of numerous pictures that will be including in the histories.

Nettles appealed for help in providing pictures and narratives for the project, asking anyone who attended or has pictures of the old school to contact him or Southward. They also need funding for the project, to keep the cost of the books affordable.

The first part of the history will be a pictorial one and the second part of the history will be a narrative (written) history, for which several submissions have already been received. Nettles has himself traveled to interview some former students and the stories he has heard are very interesting!

This is an opportunity to preserve some important Tishomingo history and we hope that anyone who can, will help out however they can!

### Iuka Teacher, Becky McNeely, Honored As Learning Tree 1997 Outstanding Educator

You might say that Becky McNeely sees the forest for the trees.

One of five educators nationwide honored as a Project Learning Tree Outstanding Educator for 1997, the Iuka Elementary School teacher exemplifies excellence in environmental education.

An award-winning education program of the American Forest Foundation, Project Learning Tree (PLT) teaches students how to make wise decisions about the environment. Designed for educators of students in preschool through twelfth grade, PLT activities emphasize critical thinking and skills-building. McNeely's outstanding commitment to environmental education demonstrated through her innovative use of the PLT activities earned her the Outstanding Educator distinction.

In McNeely's hands, PLT has had a great impact on the curriculum of the Tishomingo County School District. She is currently working with Superintendent Dr. Carl Weeden on developing a curriculum targeted to each grade level that incorporates PLT activities.

In recognition of her designation as Outstanding Project Learning Tree Educator, McNeely will participate in the World Forestry Center's Summer International Educator's Institute in Portland, Oregon from July 26

through August 1. Educators from all over the globe will convene for a week of experiencing first-hand the role of forests in our lives. The Institute will give McNeely new knowledge and skills to offer Iuka Elementary's second grade students in the fall.

Since its inception in 1973, Project Learning Tree has emerged as one of the country's leading and most widely-used environmental education programs and has served more than 20 million elementary and secondary students worldwide. The American Forest Foundation's mission is to encourage long-term stewardship of natural resources.

### Prepared Childbirth Education & Newborn Care Classes

Having a baby is a very common experience - yet not everyone commonly knows what is involved. A great deal of the apprehension, concern, and stress associated with having a baby would be relieved through proper understanding of pregnancy, labor and delivery, and care of the newborn.

Beginning July 14, 1997, the Iuka Hospital will offer Prepared Childbirth Education. Classes will

meet on Monday nights from 7:00 - 9:00 p.m. for six (6) consecutive weeks. Prepared Childbirth is a six-week course taught by Theresa Stricklen, a registered nurse certified in childbirth education. The course covers: pregnancy, labor and birth, coping techniques, pain medication, infant feeding options, parenting and newborn care. Conditioning, relaxation and breathing techniques are taught and practiced as part of this class.

Please call Iuka Hospital (423-6051) for further details.
