## Sheriff's Department Recovers Stolen Goods Taken In Local Break-ins

by: Angela Lambert

Several stolen recreational vehicles and related items were recovered recently by the Tishomingo County Sheriff's Office, landing two Burnsville men in jail, with the possibility of other arrests.

Tishomingo County Sheriff David Smith explained that Paul McKenzie, 22, and Allen Gallechio, 21, both of 9 Yellow Creek Ave., Burnsville, were arrested and charged Nov. 12 with burglary. Items recovered were a Yamaha Wave Runner, taken Nov. 4 from Tenn-Tom Boat Storage in North Crossroads; a KX-125 Kawasaki Motorcycle taken on Oct. 4 from Dale's Cycle Shop in Iuka; and two MongOOSE Mountain Bikes taken on Sept. 9, from Michelle Every of Eastport. Also recovered were 2 four-wheeler wheels.

Smith said that a subject called and told the sheriff's office that the men were attempting to sell the vehicles at a home in Alcorn County. Subjects were brought in for questioning, which later led to the arrests.

"The items were recovered from the woods near the two men's place of residence," Smith said. "We are questioning others at this time, and we expect to have other arrests in connection with the crime soon."

At presstime, McKenzie had been released on bond. Gallechio was still being held on \$10,000

bond.

Iuka resident Dale Edmondson, who had his motorcycle recovered by the authorities, said that he was grateful for the eagerness to help and the quick recovery of the item stolen from his business. "I appreciate them giving their attention to finding this item, even though it was not a really expensive item," Edmondson said. "They did a good job and I appreciate it."

Edmondson said his alarm

system had been hit by lightning and was out at the time when the burglars cut through the fence at his business. He said he has since repaired the system.

The burglars apparently cut through a fence when taking the Wave Runner at North Crossroads also.

### Warning From Sheriff Smith

With the holidays approaching, Sheriff Smith reminds everyone to be extra cautious about locking your homes and vehicles. Be on the lookout

for strange vehicles which might be cruising through your neighborhood. Take down tag numbers and contact the Sheriff's office if you see suspicious vehicles, the Sheriff urged.

Also with the hunting season getting underway, many hunters may be a bit careless about locking up four-wheelers and other hunting items. These items, left out, make easy targets for thieves. Be sure to take precautions to ensure that your property is well protected.

Recovered Items—Pictured with items recovered by the Tishomingo County Sheriff's Department are (from left) Investigator Steve Vatalaro, Sheriff David Smith and Chief Deputy Neil Edmondson.

## 255 Jobs Lost; H.I.S. Closing Belmont Plant

by Pamela McRae

More than 250 families have received unwelcome pre-holiday season news; H.I.S. is closing its blue jean manufacturing plant in Belmont, and sent home most employees last week.

Roland Kimberlin, President of the Henry I. Siegel Company, made the announcement in a release November 13th, stating, "In spite of all the efforts the company has made to increase its jeans sales, we have continued to lose market share to both private label jeans and designer name jeans. Consequently, a decision has been made to close the plant."

Kimberlin expressed his appreciation to employees and assured them they had performed well and had not failed.

"If you want to point fingers, you should point at your congressman who voted for NAFTA and made it impossible for domestic

## Pan Am Reunion & Benefit Fish Fry For Jamie Kirk Saturday

Everyone is welcome to attend a benefit fish fry in honor of Jamie Kirk on Saturday, November 22, at the Youth Center in Mineral Springs Park. This fish fry is being sponsored by the organizers of the Pan Am Reunion which will also be held at the Youth Center throughout the day.

The fish fry will be from 12:00 noon until 5:00 with carry-outs available. Catfish plates will be \$6.00 each with all proceeds going to Jamie Kirk. There will also be fresh pies and cakes available for purchase.

This will be an opportunity for Jamie's friends to help him and his family with some of the mounting medical expenses as they continue the battle against cancer.

The Pan Am reunion will be for all of those who want to keep the old landmark a vital part of Iuka's history. It will be a time for reminiscing and gathering with old friends.

Make your plans now to attend or just come by and pick up a plate of catfish for a good cause.

In another effort to raise money for Jamie, a 12 gauge shotgun will be given away Saturday at Western Auto in Iuka. James Mobley won the gun last week in a drawing at the Eastport Fire Department and is now taking \$1.00 donations. A lucky winner will be drawn on Saturday. All proceeds from this drawing will go to Jamie Kirk. Call Western Auto for more details or to make your donation.

**Pan Am Memories** - Most people in Iuka have their own special memories of the old Pan Am station and restaurant which once stood at the intersection of Hwy. 72 and 25. Curtis Seago, one of the organizers of the Pan Am Reunion which is planned for Saturday in Mineral Springs Park, proudly shows off a plaque honoring the "Pan Am Hall of Fame" which will be on display at the reunion. The plaque contains names of those most connected with the old landmark and there is no doubt that other names will be added following Saturday's gathering to reminisce about the "good ole days". Looking over the plaque and making plans to attend the reunion are Iuka Alderman Buddy James and County News publisher, Johnny Biggs.

**Farm Bureau Contest Winner**—Elizabeth Davidson, (left) 1st place winner of the Tishomingo County Farm Bureau Coloring Book Contest, has won the District Contest, which includes 7 counties. Her coloring book will now be entered in the state competition. Her prize for winning District is a \$25.00 check from Mississippi Farm Bureau Federation. The Tishomingo County Farm Bureau says Congratulations to Elizabeth. She is the daughter of Tom and Kathy Davidson and was in Ms. Byrd's 3rd grade class at Burnsville Elementary School at the time. Presenting the check is Elizabeth Perkins, (right) grand-daughter of Tishomingo County Farm Bureau Women's Chairman Kay Perkins.

#### Sweet Potatoes: The South's Comfort Food

It's nearly Thanksgiving and you're starting to think about Thanksgiving dinner and what to serve and how to plan your time. The traditional turkey and dressing, perhaps? Along with potatoes and gravy and green beans and rolls and...? But such a spread isn't truly Southern if it doesn't include a pie or something made with Mississippi sweet potatoes.

Sweet potatoes in Mississippi are more than tradition - they're practically an institution when it comes to entertaining in the Magnolia State. As you already know, there are many different dishes you can make with sweet potatoes, from appetizers to dessert, so there's no reason not to make them part of your holiday feast.

You probably have your favorite family recipes for sweet potatoes, but if not, there are numerous ones to be found. The Mississippi Sweet Potato Council has a new and excellent brochure of which I have a few extra copies for the asking. There are entire cookbooks devoted to sweet potatoes, so I will concentrate on basics for buying, storing and preparing rather than recipes.

When buying, look for firm, well-shaped potatoes with bright, clean and smooth skin, avoiding those that are bruised or show signs of decay. Always keep sweet potatoes dry and never refrigerate except after cooking, as cold temperatures alter their taste and texture.

When stored in cool, well ventilated areas, above 55 degrees, sweet potatoes will maintain their quality for several weeks.

Unwashed potatoes keep better than washed and waxed ones.

Freshly-dug sweet potatoes are better if boiled and used in dishes that include fruits or syrups. The curing process makes the potatoes sweeter and improves the baking quality.

Canned sweet potato's are excellent in recipes calling for boiled or mashed potatoes. Frozen sweet potatoes are good for pies, puddings and souffles. Most sweet potato dishes freeze well, so you can save time and energy by making one dish to serve now, and another to freeze for later use.

An easy cooking method is to simply grease the skins of clean potatoes and bake them on a baking sheet at 350 to 400 degrees until soft, 30 minutes or longer, depending on the size of the potato. Equally easy is to cook

them in boiling water for about the same length of time as above, drain, then remove skins. The cooked potatoes may then be mashed, candied, glazed or used in any recipe calling for mashed potatoes.

Two methods recommended in the Vardaman Sweet Potatoes Cookbook, are to charbroil or french fry. For charcoal broiling, grease the sweet potato skins and wrap double-foil loosely around them. Cook in coals for about 45 minutes.

To French fry, slice medium-sized sweet potatoes into 3/8 inch strips or circles. Crisp in cold water for 1 to 2 minutes. Drain and fry in oil heated to 370 degrees F. Fry a few slices at a time in deep oil until golden brown turning occasionally. Remove and drain on paper towels. Sprinkle with salt or confectioner's sugar and serve hot.

Nutritionally, sweet potatoes are high in vitamin A and contribute vitamin C, iron, and fiber to the diet. They are similar in calorie value to white potatoes. Remember that calories can be increased significantly with additives like butter and sugar, but that you can reduce calories in your favorite recipes by using a lower measurement. For example: when the recipe calls for 1 cup of sugar, reduce the amount to 3/4 cup.

So, enjoy your favorite dishes made from sweet potatoes while they're in season - and try out some new ones. I've already decided on one for my Thanksgiving dinner that uses sweet potatoes and apples together - a recipe I found+ in the November Southern Living Magazine. They're plentiful, inexpensive, nutritious and delicious - and worthy of being called a Southern comfort food.

### LEGAL BRIEFS

By Michael D. Cooke  
Attorney at Law

#### Do You Have a Case?

If you have been in an accident, you must decide whether to make a claim. Here are some key factors to consider:

- **Fault.** Did a person or business do something wrong or fail to do something?
- **Damages.** Have you suffered monetary losses, such as lost income or medical bills?
- **Collecting your award.** Can the other party pay you if you win?

If you have been in an accident, deciding whether to make a claim is hard. But with a lawyer's help and by evaluating factors like fault, damages and collectibility, you can usually get a good idea if you have a strong claim.

**Trike-A-Thon for St. Jude** - The students at Iuka Baptist Day Care participated in the annual Trike-A-Thon St. Jude Hospital held Friday, November 14. The Day Care sends this thank you to those you contributed, helped in any way. We want to thank all of the generous citizens who sponsored a child in our Bring-a-Bike Day safety program. We don't know all of you, but we want you to know that with your help 30 children participated raising money for St. Jude Children's Research Hospital. This program helps combat two of the most pressing problems in America: bicycle accidents and childhood cancer. We hope that the basic bicycle safety habits stressed in this program will be remembered throughout the year. We know the research at St. Jude Hospital, America's leading center for the study of childhood cancer, will benefit stricken children everywhere. If through this program we prevent an accident and save a cancer-stricken child, your support will be rewarded in full.

### INSIGHT INTO EYESIGHT

Dr. Phillip Gray  
OPTOMETRIST

#### Do You Have A Cataract?

Cataracts can happen at any age, but they are found most often in people 55 or older. A cataract is a condition in which the normally clear lens of the eye becomes cloudy and opaque. They can vary from extremely small areas of cloudiness to large cloudy areas that cause a noticeable loss of vision.

If you have a cataract in one or both eyes and it is causing only minor problems, your eye doctor can prescribe changes in eyewear that will help you see more clearly. Some cataracts never progress to the point where they need to be removed. Others will eventually require surgery to remove them.

After cataract surgery they are several vision correction options, including glasses, contact lenses, and intraocular lenses. Intraocular lens implants are inserted into the eye at the time of surgery to serve as a "new" lens. This is, by far the most common procedure used today.

Serve two foods that require the same oven time - like baked fish and frozen French fries. You'll save energy costs and preparation time.

### In Memory Of "Outlaw Jackson" Choosing A Boarding Kennel

You'll enjoy your vacation and peace of mind more when you are certain that your pet is being well looked after. If you have a boarding kennel in which you have confidence, by all means stay with it. If you are unhappy with the one you are using or looking for a new one, you might consider the following advice.

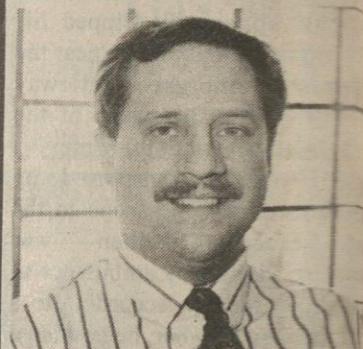

Check with people whose opinion you trust—friends who frequently board their pet, the breeder from whom you bought your animal. Then call the kennel you're interested in and make an appointment to look at their facilities. Nothing takes the place of an on-sight inspection.

Make sure the place is clean, the cages and pens secure and sizable. In the case of dogs, make sure that there is access to an exercise area out-of-doors. Also, talk to the manager and people who work there to try to gauge their attitude toward animals.

Finally, make sure that the kennel has a veterinarian on call, and that they require assurance that boarders have been immunized against infectious diseases.

### Your Dental Health

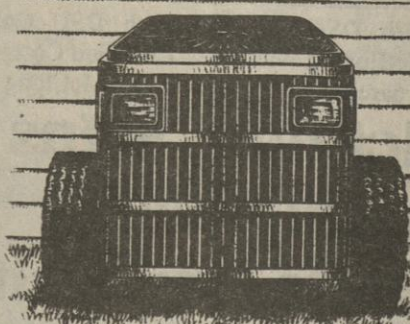

#### How Do I know if Dental Implants are right for me?

If you are considering implants, a thorough evaluation by your Dentist will help determine if you will be a good candidate. This evaluation includes a clinical examination and a complete dental and medical history to gather information about any medical and dental conditions that you have, such as diabetes, heart problems or any condition that interferes with normal healing. Be sure to tell the dentist about any allergies you have or prescription or over the counter medications that you take. If necessary, the dentist may request a consultation with a physician.

During the dental examination, the dentist will check the condition of your mouth, the supporting bone in your jaws and the way your upper and lower teeth fit together. The dentist may gather additional information by taking x-rays and making models (casts) of your teeth. This information will help your dentist determine if you are a good candidate for an implant and decide which implant to use and exactly where to place it. Look for more info on implants next week.

### BEFORE WINTER PUTS YOUR HEATING SYSTEM INTO OVERDRIVE, YOU MAY WANT TO GET A TUNE-UP

You know what a tune-up does for your car. It runs smoother, works more efficiently,

and is less likely to break down. An inspection and tune-up for your heating system can do the same thing. A heating system is a precision engineered machine just like your car. It needs periodic inspection, lubrication, and

cleaning. Its filters need to be replaced, belts checked, thermostats inspected and all vents cleared of obstructions. So, a visit by a qualified technician may be just the thing before those chilly winter nights. Call a heating system professional today for a tune-up. Or at least have it taken for a test drive.

Deepest sympathy goes to J.C. McMurray family. He passed away Friday night at the North Mississippi Medical Hospital in Tupelo. J.C. battled a long fight for better health. He was buried Sunday at Red Bay Memorial Gardens. He was a brother to Madrew Thorn and uncle to Gail Strickland.

Eva Mae Strickland, Opaline Crouse, Jannett Wadkins and Shirley Thorne were in Tupelo. Friday for Opalines doctor visit, she got a fair report. Afterwards they did some shopping and had lunch at Golden Corral before

returning home.

compartments: an office on the front, sleeping quarters in the middle, and the existing bathroom at the back. The room that previously held the office is now used as the Fire Chief's office and the break room.

The new arrangement has proven to be very satisfactory, as it puts firefighters but a step away from their apparatus, provides them with an adjoining bathroom, and gives them easy access to the outdoors. The office is easily located; when the bay doors are closed, entrance can be made through the door between the two lower-bay doors.

The fire department personnel put in many extra hours to build the structure themselves, and they are proud of the results. They have found that hard work and perseverance pay off in the long run.

## **FLASHPOINT**

**A WEEKLY LOOK AT THE IUKA FIRE DEPARTMENT**

On the 8th of November the Iuka Fire Department moved into a new office. For years it had occupied the front office on the left side of City Hall, sharing the space with the police department. Then, back in the summer, a

decision was made to move the fire department's office, and use the front office for the police department only. This move put the firefighters in the back of the upper bay, in a room that had been

used for storage.

While the department was not exactly pleased with their new location, they made the best of the situation by installing window, an air conditioner, a bed and a sink in the room. These additions, along with the desk, table, and refrigerator they already had, made the room more pleasant to work and live in. But these things couldn't solve some provoking problems. The restrooms and showers were located well away from the room, there was no nearby exit to the outside, the Engines 1 and 2 were too far away to get to quickly. Visitors to the fire department had difficulty locating the office, since it was effectively hidden behind the two older fire trucks.

In an effort to solve these problems, the department received permission to build a new structure to house their office and sleeping quarters. After some deliberation, it was decided that the best site for the office would be in the lower bay, attached onto an existing bathroom. This was accomplished by widening the right-lower-bay door so the fire truck in that area could be parked closer to the center of the bay, rendering enough room next to the wall to build an 8 ft. wide room. The room runs the length of the bay and is actually three separate

**In Loving Memory**

"Well isn't that special" is what she used to say and "nifty" in another word that we heard every day

Even though the bad times when everything looked so blue We could always turn to Emily and her smile to pull us through

We will never forget the many memories and times we have shared All the joy and laughter will overcome the pain we bear

Each moment in life so precious we have recently come to see We take it all for granted and not as it should be

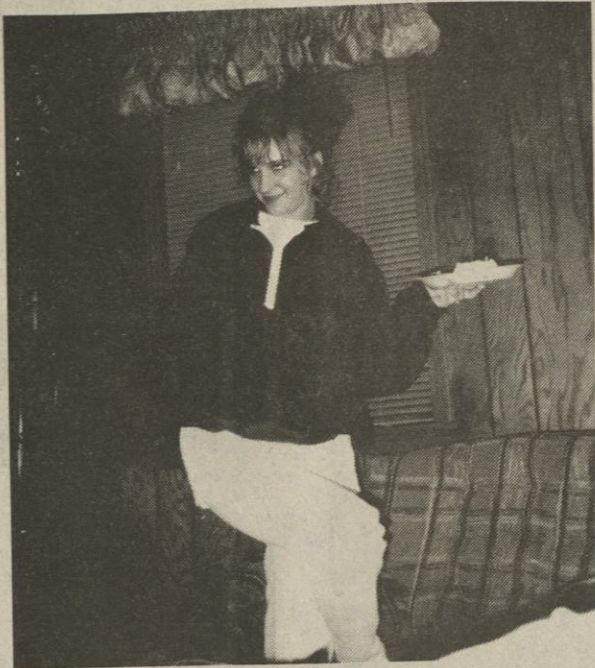

Always in our hearts she forever will remain Still the same 'ole Emily, happy-go-lucky without any pain

God has taken her away from us to a better place we know Wish we could have told her we love her, before she had to go

Today we cry our last cry we have done all we can do We never thought this could happen to someone as young as you

**A Gift From God**

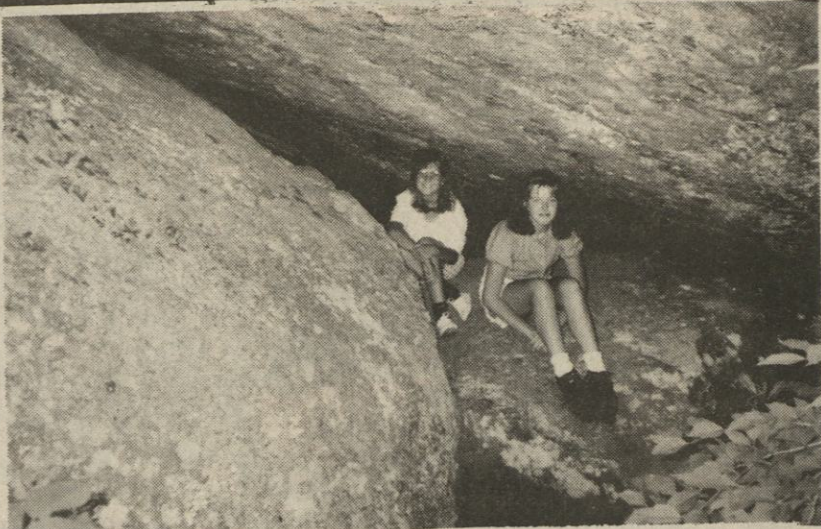

Emily Sharee Johnson

November 22, 1980 - September 29, 1997

When Emily was born I thought there had not been a more beautiful baby. As the few years went by my feelings never changed. Some thought she was a spoiled brat (which she may have been at times) but if I had it all to do over again she would probably be more spoiled.

As a gift from God, he decided to call her home on September 29, 1997 to be with Him. I believe in my heart no matter who she was with, where she was or what she was doing, it was her time to go home. Not only was she my precious daughter, but we were best friends.

I love you, Mom

Every once in a while God places two people together from birth to grow around each other. The influence of one affects the other greater than any other influence could. One learns from the other all in equal proportions. A blood bond provides for an indescribable connection. Emily Johnson was born four months and four days after I. Since that moment in time we were inseparable from one another. Now, on Earth, we are still inseparable, for Emily can never be pried from my heart. She is more happy today than she has ever been, and someday we will share that joy together forever.

I love you, Emily!

-Kim Monroe  
(cousin)

**In Loving Memory Of Emily Johnson**  
"A Fighting Chance"

Seven weeks today  
You went away.  
You left us so blue  
Not knowing what to do.  
"Pick up the pieces" they say.  
"And go on your way."  
They don't understand  
How I long to touch your hand.  
They don't seem to see  
How much you meant to me.  
I don't know how to deal with the hurt I feel.  
I don't want to believe that it is real.  
How could something so wrong be right?  
You were too young to know how to fight!  
Please, God help me to understand.  
Help me to see how she fit in your plan.  
If something bad must happen for good to be,  
Why take her when you could have taken me?  
My life I would have gladly give  
So she might have had a chance to live.

spent all she had but just got worse. The minute she touched Jesus she knew she was healed and so did Jesus. Her faith had made her whole. Read verse 34.

Early Sunday evening, Bro. John. Burton and myself went by the hospital to visit with Corrine a while. She didn't know when she would get to come home. Early this morning the temperature was 19 degrees. We can look for more later. Please fix everything so that

it don't freeze Sunday nights message was: Salvation of God. God will have to draw you before you can be saved. Be sure to answer when He calls. It is your decision. Psalm 62:1-7. Verse 1. Truly my soul waiteth upon God. For Him cometh Salvation.

By: Ova Reno

Dear Mother—You know that nothing can ever change what we have always been and will always be to each other. (Franklin Roosevelt) copies Proverbs 31:28 Her children rise up, and call her blessed; her husband also, and he praiseth her. Did you see my mistake last week? I hope all my readers noticed it. Sarah was Abraham's wife, not Isaac's, Rebecca was Isaac's wife. She left her home and family to marry a man she had never met, but God had plans and they were carried out.

Central Truth, Rejoice in the blessings of God's forgiveness

Lesson: A Friend of God is justified by faith. Text: Romans 4:1-9, 22-24. What is Faith? Now faith is the substance of things hoped for, the evidence of things not seen. Ephesians 2:8. The old Testament tells of their faith and how they were saved. Study the Word of God to understand Jesus, read 1 John 1:1-3, Just read on. Bro. John sang "He Touched Me" a beautiful song. Then he took his message from Mark 5:25-34. Jesus heals woman that had an issue of blood for twelve years, she thought if she could reach Jesus He would heal her. Verse 28. She had suffered many things and

## NMMC Begins New Program For Older Adults...

North Mississippi Medical Center's Behavioral Health Center now offers a day treatment program as an alternative to hospitalization for individuals 55 years of age or older.

Elder Link supports individuals who are suffering emotional or psychological difficulties through short-term intense and structured counseling sessions and can serve as an alternative to, or transition from, an inpatient setting.

The sessions are conducted during the day, allowing patients to go home at night and be with their families or friends. "It is our goal to assist each patient in achieving and maintaining a more independent, self-reliant lifestyle," said Mike Kerlin, NMMC Behavioral Health Center director.

In order to provide complete care for older patients, Elder Link concentrates on what the person needs when establishing treatment plans. Participants in the program may participate in individual and group sessions, recreation and music therapy, nutrition counseling, stress management and coping skills. In addition, physical, occupational and speech therapy are available on an as-

needed basis.

The NMMC Behavioral Health Center also operates an inpatient geriatric unit, which assist older adults who may need 24 hour medical monitoring or structured treatment services.

Free assessments are offered

at the NMMC Behavioral Health Center.

For more information on Elder Link or other mental health issues, call the NMMC Behavioral Health Center at (601)841-3161 or Nurse Link at 1-800-882-6274.

### First Methodist Church, Muscle Shoals, AL Scene Of Drake - Beaty Wedding

A beautiful marriage was solemnized on the afternoon of October 19th at First Methodist Church, Muscle Shoals, AL when Angela Kay Drake became the bride of Patrick Joseph Beaty of Florence, AL with Rev. Glenn Parkin officiating at the double ring ceremony.

Fern with white gladioli and white roses with candelabrum on each side of the alter formed the decorations.

The bride is the daughter of Mr. and Mrs. Thomas Austin Drake, Jr. of Muscle Shoals, AL. The groom is the son of Mr. and Mrs. Steve McCurry of Memphis, TN. Her grandparents are Mrs. Thelma and the late Mr. Lambert Furness of Ft. Smith, Ark. and Mrs. Frank Elizabeth and the late Mr. Thomas Austin Drake of Iuka.

The groom's grandparents are the late Mr. and Mrs. James Gould, Corinth, MS and Mrs. Lela Beaty, Ripley, MS.

Given in marriage by her father, the bride was robed in a white satin gown featuring a sweetheart neckline, Queen Victoria sleeves, fitted bodice ending to a full skirt with train edged in scalloped beaded lace. Her veil was attached to a band of seed pearls with side fluffs. She

carried a bouquet of white bride roses in the center nestled a small bud made from her paternal great-grandmother, Mrs. Rubye W. Campbell's wedding dress.

Honor attendant was Michelle Kent. Bridesmaids were Leslie Foster and Kim Mears, each carrying a long steam white rose from each falling white satin and silver ribbon.

Mr. Beaty was attended by Mr. Ira Wood as best man. Groomsmen were Thomas Austin Drake III and John Benjamin Drake, brothers of the bride.

Ushers were Jason Childers and Tracy Hunt. Haley Collett was the flower girl and Blake Borden, ringbearer. Tonya Drake and Michelle Drake were candlelighters.

Mrs. Sue McCully, organist, played the wedding march and during the ceremony softly and sweetly played "I Love You Truly".

Following the ceremony a reception was held in the church fellowship hall.

After a wedding trip to Gatlinburg, Tennessee, the newlyweds are at home in Florence, AL.

## GFWC-MFWC Twentieth Century Club News

The club met in the Iuka Public Library on November 13 to learn about international affairs and make plans for our holiday activities. Jewell Kitchens was hostess and Sue Turner was program leader.

President Nancy Beard called the meeting to order and led the club in the pledge of allegiance to the American flag. Mildred Hill read the Club Collect for the devotional. Then Secretary Willadeen Throne read the minutes from the previous meeting and called the roll. Members responded by naming heads of governments from around the world. Members attending were: Nancy Beard, Nancy Daugherty, Mildred Hill, Jewell Kitchens, Joy Kitchens, Marguerite Nixon, Zenobia Oaks, Fredda Sanderson, Willadeen Thorne, Sue Turner and Maxine Wade.

The club then voted to accept several new members and invite

them to our next meeting. Then Nancy Daugherty reported that we have eight club scout dens we are sponsoring this year.

At that time, our guest speaker, Bill Stahl, arrived and he

gave us an account, both humorous and touching, of his experiences with his exchange student, Marcus Hinsche, from Dessau, Germany (formerly East Germany). He told of their negotiations on household duties, phone privileges and over who was going to get the newspaper first. He said Marcus had earned his American high school diploma and gotten his driver's license while he was here. He was an honor student and even won an award for writing the best essay on why we celebrate Veteran's Day.

He was also a member of the track team. Marcus learned how to bake cornbread and carried some cornmeal back home in his backpack. Stahl said he was sad when he left because in the nine months he had been there he had become family.

After the program, President Beard reported that the club had bought glasses for a first grader. Then the club voted to select two children from the Angel Tree and to buy Christmas gifts for them.

The club voted to decorate the western gate at Mineral Springs

Park before the Christmas Parade on December 5. Then committees were selected to judge outside Christmas decorations in our Christmas Under The Stars project.

The club voted to send a donation to Mississippi State Hospital to go toward buying Christmas gifts for the patients. Then they discussed plans for the Christmas Social on December 18 at a local restaurant.

After the business session, hostess Jewell Kitchens served a delicious coconut cake with mixed nuts and coke. The white elephant door prize was won by Nancy Daugherty. The next meeting will be at the Iuka Public Library on December 4 with Joy Kitchens as hostess and Willadeen Thorne as program leader.

### Basketball Cheerleaders Leading Braves Spirit This Season—

TCHS's basketball cheerleaders are working to build spirit among students and fans. The cheerleaders and basketball players want and need the support of our community. Students are being asked to support the Braves with good clean cheers and respectful actions for their team as well as others. Everytime a Brave steps on the floor, field, track, etc. they deserve to be praised instead of put down. After all, nobody wants to lose. Let's build a Brave spirit that will be remembered by all other schools we visit. Let's help our cheerleaders as they build the Brave Spirit. Pictured front: Captains - Amy Colley, Mary Cooke. ### I Fought The Lawn And The Lawn Won

If your lawn hasn't lived up to expectations this season, don't despair. There's still time to determine what may have gone wrong, and problem diagnosis is the first step in setting up a good lawn maintenance program. Remember, your lawn doesn't have to win every season!

One of the most common practices leading to disease is the excessive use of nitrogen fertilizer. This leads to lush growth of grass that is readily attacked by the brown patch fungus. Mowing practices also can lead to problems. don't let susceptible turf varieties get too tall and thick between mowing, as this creates a favorable environment for disease. Mow lawns regularly at a recommended mowing height.

Thatch accumulation could also have promoted disease problems. Thatch is a layer of partially decomposed leaves, stems, and roots at the soil surface. This layer builds up over a period of years and decreases the vigor of grass by restricting the movement of air, water, and fertilizers into the soil. Under heavy thatch conditions, the roots are generally shallow which brings about increased damage from

drought. Brown patch and other diseases are generally much more severe in lawns with heavy thatch.

Watering practices frequently play a part in turf grass disease development. Watering late in the afternoon allows the grass to remain wet for long periods of time and

creates the moist conditions needed for brown patch infection to occur. If possible water on weekends or at times when you can start early enough in the day for grass to dry down.

At this point in the season, if you haven't made a fertilizer winterizing application, it's still not too late to do so. A fertilizer containing the proper amounts of phosphorous and potassium will increase turf hardness and allow grass to break dormancy next spring in better condition to ward off diseases and other pests.

For additional information about turf winterizing, brown patch, other diseases or turf, and general guidelines on setting up a program for a winning lawn, check with us at the County Extension Office.

### WHEAT PLANTING

When selecting wheat varieties check with the 1997 MAFES Information Bulletin 228 and pay close attention to disease

resistant varieties. Plant on well-drained soils using 20 to 22 seed per foot on 6-8 inch drills. Late planted wheat, or wheat planted behind corn or sorghum will probably need about 30 lbs. of nitrogen either preplant or early sidedress.

### Forages

With the latest killing frosts in the county, our bermudagrass is in a dormant stage. Grazing on this will be good for a short time but will deteriorate rapidly with rainy weather. Many people have found

that using electric fences and allowing cattle to glean row crop fields is a sound practice. Use caution in gleaming plants in the sorghum family immediately after frost because of the possibility of prussic acid poisoning. There should be no problem after the plants have dried.

### Private Pesticide Applicator

### Training

There will be a training session for private pesticide applicators on Monday night, December 1, 1997, at 7:00 p.m. at the Tishomingo County Courthouse Conference Room. If you have a disability which would interfere with your opportunity to participate in this program contact me within seven (7) days before the date of the program.

### Christmas In The Park

The lights go on in Mineral Springs Park on December 5th.

This is an event that began years ago under the direction of Buddy James and R.K. Thorne with the help of volunteers who lit up the park.

This year Monotech of MS is helping by constructing & donating 24 metal Christmas tree frames that will be lit and placed on each side of the main sidewalk. These trees can be lit by individuals who would like to put 4 strands of lights on them and a sign of their choice at the base of the tree.

There are many areas in the park that need decorated and put aglow.

If you would like to help by doing your own decorating or donating lights and other decorations, please call Judy Walker at 423-3047 or Vicky Durham at 423-9571. Extension cords are also needed, also after the parade you can still put decorations in the park.

## Facts About The BIBLE BY JOHN LEHTI

### THE OPPRESSOR FROM MIDIAN!

TRADITIONALLY, THE MIDIANITES WERE ENEMIES OF THE ISRAELITES, ALTHOUGH THE FATHER-IN-LAW OF MOSES WAS HIMSELF, A MIDIANITE (EX. 3:1)! BAD FEELINGS PROBABLY EXISTED FROM THE TIME WHEN MIDIAN, A SON OF ABRAHAM BY KETURAH AND THE PROGENITOR OF THE FUTURE TRIBE OF MIDIAN, WAS SENT AWAY WITH GIFTS INTO THE WILDERNESS, TO FEND FOR HIMSELF (GEN. 25:1-6). THEN AGAIN, IT WAS MIDIANITE MERCHANTS, WHO WERE WITH A CARAVAN OF ISHMAELITES, COMING FROM GILEAD, WHO BOUGHT JOSEPH FROM HIS BROTHERS AND CARRIED HIM TO EGYPT WHERE HE WAS SOLD INTO SLAVERY (GEN. 37:25, 28, 36). IT WAS THE MIDIANITES, JOINED WITH THE MOABITES, WHO HIRED BALAAM TO CURSE ISRAEL AND SEDUCE THE PEOPLE INTO IDOLATRY AND LICENTIOUSNESS (NUM. 22:4, 6; CH. 25). CONSEQUENTLY, THE ISRAELITES WERE DIRECTED TO MAKE WAR ON THEM, KILLING THEIR FIVE KINGS (NUM. 31) AND SO, BY THE TIME OF THE PERIOD OF JUDGES, AS WAS STATED ABOVE, THEY HAD BECOME TRADITIONAL ENEMIES! AT THIS TIME, THE MIDIANITES, NOW IN CONJUNCTION WITH THE AMALEKITES, ENTERED CANAAN, WITH ALL THEIR CATTLE AND TENTS AND ALL THEIR OTHER WORLDLY POSSESSIONS, MUCH LIKE A SWARM OF INVADING LOCUSTS, AND WITH THEIR MULTITUDES, PROCEEDED EVERYWHERE TO APPROPRIATE THE BEST GRAZING FOR THEIR HERDS, THE BEST CROPS FOR THEIR PEOPLE, TO THE EXTENT OF REDUCING TO THE GREATEST DISTRESS THE PEOPLE WHO HAD ACTUALLY SOWN THE CROPS AND TILLED THE SOIL AND TENDED THE LAND - THE ISRAELITES!! THIS OPPRESSION LASTED SEVEN YEARS, EACH YEAR BECOMING WORSE THAN THE LAST! FINALLY, GOD RAISED UP GIDEON TO DELIVER THE PEOPLE FROM THEIR FOREIGN OPPRESSORS - BUT ONLY AFTER THEY HAD SHOWN THAT THEY WERE TRULY REPENTANT FOR HAVING STRAYED AWAY FROM GOD'S WAY OF LIFE - A DECISIVE BATTLE WAS FOUGHT IN THE PLAIN OF JEZREEL, RESULTING IN COMPLETE VICTORY FOR ISRAEL AND, THE BIBLE STATES, THE LAND HAD PEACE AND REST FOR THE NEXT FORTY YEARS. (JUDGES 8:28)

## Report From Congress

By: U.S. Rep. Roger F. Wicker

### Wicker Praises Congress' Education Report Card

An ambitious package of education initiatives was on the legislative agenda when the House of Representatives reconvened in September from its summer break. That work has been completed and the report card is a good one, reflecting the passage of several bills to strengthen classroom instruction and reduce the influence of the federal education bureaucracy.

These measures give local and state school officials more authority to make decisions and implement effective programs from kindergarten through high school. This legislative package is in addition to tax incentives already enacted which offer

parents and students significant tax breaks to make higher education more affordable.

Among the initiatives: \*A resolution urging the Department of Education to send at least 90 percent of federal education dollars directly to the classroom. Analysis done by an education research group in 1995 showed only about 60 cents of the total education dollar goes to regular classroom instruction. On a 310-99 vote, members of Congress in both parties sent a message that trend should be changed.

\*The Reading Excellence Act which provides funds for research and more teacher training to help improve K-12 reading instruction.

\*Authorization of funding to

allow states to create public charter schools where innovative and more specialized programs have proved to be successful.

\*The Pass A+ Education Savings Accounts Act which permits parents to save \$2,500 a year and make withdrawals for a wide range of K-12 education expenses.

\*Prevention of the use of any funds to develop President Clinton's national testing initiative. Congress will now have the ultimate authority over any decision to move ahead with new

national testing plans. I share the bipartisan concerns raised about the need for costly new standards, which would inevitably lead to the development of a national curriculum run by Washington bureaucrats. Our legislation directs the National Academy of Sciences to study whether existing state tests are adequate to monitor student achievements.

During the past three years, Congress has changed the way the federal government looks at education. There is less focus on Washington-based solutions. The effort has been to strengthen the hand of local and state education officials, increase parental involvement, and concentrate on more effective classroom instruction. This package of bills approved by Congress in the "fall semester" of 1997 continues that commitment.

## "Notice" Residents of the City of Iuka Leaf Vacuum Available

In order to discourage burning leaves, the City of Iuka has a leaf vacuum, which is immediately available for use. To utilize this service, city residents are asked to rake leaves to the street side and call 423-9879. City crews will vacuum leaves at no cost.

Doctors say prolonged exposure to noises over 90 decibels can lead to hearing loss. A typical rock concert is about 100 decibels, a jet engine 800 feet away around 110.

**TCHS Employer Of The Week**—This week's employer of the week is Lynch's Farms. Pictured above are Heath Lynch, Co-op student, and Danny Lynch, owner of Lynch's Farms. Lynch's Farms of Iuka has been in business for approximately thirty years. Heath has grown up in the business. In recent years, Heath has begun to manage and oversee the business. When Heath graduates, he will operate the farm on a full time basis. Lynch's Farms sells hay and corn to the public. In addition to this, they raise cattle and grow soybeans. Heath is a senior at TCHS and a Cooperative Education Student. He is the son of Mr. Danny Lynch and Mrs. Joan Lynch of Iuka. Mrs. Cynthia Winters, TCHS Cooperative Education Coordinator, would like to express appreciation to Lynch's Farms for their participation in the program.

## H.I.S. Closes Plant

continued from front

apparel companies to survive," said Kimberlin.

Kimberlin stated in the release that he would apply to the State and Federal government for extended benefits on behalf of employees under the Trade Readjustment Act, and further commented he would work closely with local officials to try and find an appropriate employer for the manufacturing building in Belmont.

Development officials are already taking steps to find a new industry for the building, said

Mack Loyd Wadkins, Executive Director of the Tishomingo County Development Foundation. Local management and Wadkins were taking measurements of building and noting its assets in order to put it on the available facility list, said Wadkins.

Originally a Blue Bell plant and taken over in 1989 by H.I.S., the facility is best suited to apparel manufacturing, but could be for alternative operations, said Wadkins.

At its peak, H.I.S. employed about 450, but they currently employed about 255, Wadkins.

## TCDF Annual Banquet At Crow's Neck

The annual Tishomingo County Development Foundation banquet was held on Thursday, November 13 at Crow's Neck Environmental Center. Ron Polk, keynote speaker, entertained the audience with his "tales of baseball and emphasized the importance of being a team player in all walks of life.

The annual report was given by Charlotte Orick, TCDF Chairman. She pointed out the necessity of working harmoniously with agencies that are affiliated with TCDF such as, T.V.A., Northeast Miss., Industrial Development Association, Miss. Dept. of

Economic and Commerce Development, Tishomingo Board of Supervisors, Mayors and Boards of Aldermen, Yellow Creek Port Authority, Chambers of Commerce, and Tri-State Commerce Park. Ms. Orick also stated that planned expansions of local industries will create 135 new jobs in the near future, and four new industries will provide 334 jobs when completed. Another point of interest Ms. Orick mentioned was that the per capita income had increased from \$8,884.00 in 1990 to the current rate of \$14,937.00 in 1997.

She also mentioned the \$50,000.00 grant for repairing the

old Tishomingo County Courthouse. The Miss. Department of Archives and History provide \$40,000.00 of the grant, and Tishomingo County provided \$10,000.00.

During the meeting, an election of officers was held. Elected were: Richard Clark, Third District; Johnny Biggs, First District; Alvia Blakney, Second District; and Ted Day, Fourth District.

Entertainment during the banquet was provided by Debbie Kirk. A delicious meal was prepared by the Crow's Neck staff.

## "Christmas At Crow's Neck" Scheduled December 6th

"Christmas at Crow's Neck," an old-fashioned evening of carols, stories, and holiday cuisine is scheduled at Crow's Neck Environmental Center at Paden at 7 p.m. on Saturday, December 6.

Tickets for this festive event are \$15 and can be purchased by calling Crow's Neck at (601)438-6751, James Williams at Northeast Mississippi Community College (601)720-7249, or Wayne Sullivan at Itawamba Community College (601)862-3101.

Guests will be greeted with traditional music and hors d'oeuvres followed by a reader's theater entitled "Appalachian Christmas" performed by Dr. Laurie McBride of Booneville. A buffet dinner of smoked turkey breast; holiday garnished ham; a vegetable medley of buttered corn, English peas, carrots, broccoli, and cauliflower; sweet potato casserole; rolls, pineapple upside down cake; and banana pudding will be served in the dining room at 7 p.m.

Northeast Mississippi Community College's 24-member Chorale will entertain with both

new and old carols during the meal.

Northeast's apparel marketing majors are decorating for the event and hotel and restaurant management majors are preparing the appetizers.

Crow's Neck Environmental Education Center, located on a 530-acre peninsula on the 6600 acre Bay Springs Lake in northeastern Mississippi, was designed to serve the educational needs of a wide variety of user groups. The center is accessible from State Highways 25 and 30 and the Natchez Trace. Operated as a non-profit educational institution with residential facilities for 112 and non-resident facilities for 200, the Center is managed by the North Mississippi Environmental Education Consortium made up of representatives from the University of Mississippi, Mississippi State University, Itawamba Community College, Northeast Mississippi Community College and the Tombigbee River Valley Water Management District.

## Iuka Library Dedicates Children's Reading Area

Carousel Rides, clowns, magic, and fun are part of the dedication activities planned at the Iuka Public Library, Saturday, November 22 at 9 a.m. Plans for a children's area that would delight and encourage children to come to the library began in November of 1996.

Fredda Sanderson, librarian attended a "Reading Readiness Grant" workshop in Tupelo conducted by the Mississippi Library Commission. She learned that 22 libraries in the State of Mississippi would be the recipient of one of the \$5,000 grants. Since the dedications of the library addition a theme has been envisioned for the children's area. With this in mind, the first objective in the grant was to enhance the appearance of the children's area for preschool children and their parents. Through a memorial donation in memory of Mrs. Beth Stahl the library has received a two-horse

carousel to be the focal point of the children's area. Mrs. Lila Ham, local artist, has painted a charming circus mural on the wall. She has donated many hours creating a circus parade that both delights and charms the children when they visit the library.

The activities will begin at 9 a.m. with the ribbon cutting and unveiling of the memorial donation. At 9:30 Non-Cents Magical Productions with Mr. Steve Thomas of Oxford will perform entertaining kids of all ages with lots of comedy and fun. The Bank of Mississippi has donated a bicycle that will be given away. All children from preschool age through 4th grade can register. The library has planned lots of fun and entertainment for the children. The Friends of the Library will host the event. They will serve refreshments and give away balloons. Don't miss the fun and a special day of activities at the Iuka Public Library.
