## Christmas Parades & Events Planned Throughout County To Open Season

### The Magic of Christmas in Iuka Parade Friday

The magic of Christmas, in the form of many floats, bands, and other entries in the Iuka parade, will thrill children of all ages in Iuka this Friday night beginning at 6 p.m.

The 1997 Iuka Christmas parade will begin at Wal-Mart, head north on Battleground Drive, turn east on Quitman, and end up at Mineral Springs Park, where special activities are planned while the crowds wait for the parade to complete its route.

The lighting of the many decorations of Mineral Springs Park will take place about 5 p.m., and the First Freewill Baptist Church Choir will be singing.

Mr. & Mrs. Evans 1997 Grand Marshalls

Charles and Wanda Evans, beloved Iuka educators, have been honored by their community as Grand Marshalls of the 1997 Iuka Parade.

Mr. & Mrs. Evans came to Iuka in 1970 with their sons, Chris and John. Their lives have revolved around children, as shown by his career as principal of Iuka Elementary, and hers as an elementary school teacher.

Mr. Evans said, "We feel humbled and appreciative of this special honor."

"We are excited about the parade, and we delight in sharing the children's excitement," said Mrs. Evans.

Mr. Evans has served as Jaycee president, Boy Scout master, Sunday School teacher and Rotarian, attaining the status of Paul Harris Fellow.

Mrs. Evans, a lady both gentle and genteel, is a revered teacher, and her other interests are her church (Iuka Baptist), traveling, collecting and reading.

We salute these quiet heroes!

### A Small Town Christmas in Burnsville Next Monday

Burnsville residents will be celebrating the best of small town Christmases next Monday night, December 8th, with a big parade sponsored by the Burnsville Fire Department, the Town of Burnsville, and the Burnsville Area Chamber of Commerce.

Grand Marshall for the Burnsville parade will be long-time business owner, and former Chamber President Shirley Kennedy, of Shirley's Dolls. Kennedy was chosen Burnsville Citizen of the Year for 1996, and begins a new tradition in Burnsville, said organizer Lori

Johnson Lawson. From now on, serving as grand marshal will be one of the honors of being the citizen of the year.

The parade begins at 6:30 p.m. at the East Burnsville Shopping Plaza and ends at the Burnsville School. Master of ceremonies will be reigning Miss Alcorn County Courtney Compton. She and the judges will be located at the school, said Lawson.

So far, there are about 40 entries in the Burnsville parade, but Lawson said entries will be accepted until Sunday, December 7th.

### "Christmas is..." The 1997 Parade in Belmont Next Tuesday

Everyone is invited to imagine the best Christmas ever at the 1997 Belmont Christmas Parade, Tuesday, December 9th.

Christmas is... will be expressed in a multitude of ways with more than 35 entries already in the parade. The route for the parade will extend south along Highway 25, starting at Blake Moore's Texaco at 6 p.m., and ending at the Big Star.

The grand marshalls for the Belmont parade are Mr. & Mrs. A.J. Waddle. The Waddles were in the grocery business in Belmont for years and are active

in the First Baptist Church. Mr. Waddle also served as alderman for the city.

The master of ceremonies for Monday night will be Mr. Wayne Mitchell, publisher of the *Belmont Journal*.

The parade is sponsored and organized by the Belmont Promotional Association, and the Belmont Civitans.

Those interested can still enter the parade. Call Betty Dickinson at 454-7568, Wayne Mitchell at 454-7196, or Myra Pharr at 454-9787.

Adam Gray & Valerie Compton Named Mr. and Miss TCHS

The cream of the crop of TCHS students received recognition Tuesday, as The Brave Annual staff presented an awards program. The TCHS Hall of Fame, Class Favorites, and other student awards were announced, and special recognition was given to retiring principal Bob Haggard. The top students recognized were Mr. and Miss TCHS for 1997-98.

Valerie Compton received the honor of Miss TCHS 1997-98. She is the daughter of Jackie and Dorothy Compton and sister of Eric Compton. Her grandparents are Georgia Mae Compton, the late Oscar Ellis Compton, Florence Atkins, and the late Luther Atkins.

She has been on the Brave annual staff for three years, and served as co-editor one year. She is also involved at Iuka Apostolic Church, and works at Piggy Wiggly. She was selected TCHS Homecoming Queen in 1997, was elected TCHS Who's Who-Friendliest, and was named to the TCHS Hall of Fame.

Her other activities include Beta Club, SADD, Foreign Language Club Treasurer, FCA,

Band, Anchor, FBLA, and Theatrum Criticus.

Adam Gray was voted Mr. TCHS for 1997-98. He is the son of Dr. Phillip and Margaret Gray, and brother of Emily Gray. His grandparents are Mary Pharr of Belmont, and Ann Rogers, and the late James Rogers of Vernon, Alabama.

Adam is a member at Iuka Baptist Church and will complete requirements for the honor of Eagle Scout this month. He has been twice recognized in Who's Who Among American High School Students, was a three-year letterman in football, and a two year letterman in golf. He attended the Rotary International Youth Leadership Conference and has been published in a literary magazine.

Adam is also involved in FCA, Foreign Language Club, Student Council, FBLA, Beta, Theatrical Critics, Academic Team, and The Brave annual staff.

His plans for the future include attending junior college, and a 4-year college, and after graduation he hopes to attend some type of professional school.

### Christmas Around the Block in Tishomingo

After several years in semi-retirement, the Tishomingo Christmas Parade is back, with bells on! Sponsored by the Tishomingo Chamber of Commerce, "Christmas Around the Block" will be this Saturday, December 6th beginning at 6 p.m.

According to organizer Debbie Belue, the more than 35 entrants will line up at the Tishomingo School campus and head toward Main Street (Highway 25) on Madison Street. The route will continue north on Main Street, and turn east again into town at the four-way stop.

The two grand marshalls for the Tishomingo parade are long-time Tishomingo educator and

Little League coach Erskin Thorne, and Fourth District Supervisor, and former businessman, David Sanders.

Vo-Tech Administrator Gary Taylor is serving as the master of ceremonies, and he and the judges will be set up at the City Hall. Also at City Hall will be a "Talking Christmas Tree," and after the parade, David Murrell will be taking photos of children with Santa Claus (bring your money for pictures).

Debbie Belue, the City Administration, and the Chamber deserve much credit for sprucing up the town's Christmas decorations, and organizing what promises to be a great parade.

## TCHS and Belmont Cheerleaders Win Regionals; Head to State Competition in Jackson Dec. 13

by Pamela McRae

Cheerleading squads from both Tishomingo County and Belmont High Schools took top honors in recent North Half MHSAA competitions, and are heading to Jackson for state competition

December 13th.

The football/basketball squad from Belmont, sponsored by Janie Brown won the North Regional for the Category C-Select Division for Districts I and II. That competition was in Tupelo on November

15th.

Also at the November regionals, the combined TCHS football and basketball squads, sponsored by Joyce Key, won first in the North Region for the Advanced Division.

The categories are determined by the difficulty and number of stunts the squads are required to do in their routine.

Both the Belmont and TCHS squads will compete in their respective divisions at the Mississippi High School Athletic Association's State Cheerleading Competition December 13th at Forest Hill High School, located in a suburb of Jackson.

TCHS Combines 2 Squads

TCHS combined the strengths of both their basketball and football cheering squads for this state competition.

The TCHS football squad attended a UCA (Universal Cheerleading Association) camp last summer, and three girls, Nikki Darwin, Selena House and Natalie Williams, were all selected UCA All-Star. All received the honor of performing in the Macy's Thanksgiving Day parade and cheering at the Citrus Bowl in Orlando, but only Nikki Darwin went.

The TCHS Basketball squad participated in an NCA (National Cheerleading Association) camp, and 8 of the 12 members were

nominated, as All-American Cheerleaders, with two, Jamie Gearren and Destiny Robertson making the final selection. Those two will be cheering in Disney World in Florida as part of that honor.

The rest of the squad includes seniors: Amy Colley and Mary Cooke, juniors April Bostick, Sara Strickland, Leslie Chambers, Kacie Newcomb, Salome Whitlock, Rebecca Freeman, and Mary Beard, sophomores Emilie Cooke, Cammy Kemp, Kristen Durham, Jessica Long, and Lindsey Phifer and freshmen Mollie Jourdan, Mandy Dobbs, Emily Smith, Jennifer Counce, and Rhianna Helton.

Belmont Working Hard to Improve for State

The Belmont squad of fourteen girls has been working hard strengthening their 2 1/2 minute dance and cheer routine that they choreographed themselves. With seven members that were nominated as All-American Cheerleaders at last summer's NCA Camp, they have a strong squad, but Brown says they know they only have one shot at State, and have been critiquing their own performance at the regional competition, and working to improve any weaknesses.

Three of the squad members (of seven nominated) were chosen as All-American cheerleaders,

senior Kassi Brown, junior Emily Montgomery, and freshman Anna Strickland. Brown and Montgomery are going to cheer at the Aloha Bowl in Hawaii on Christmas Day.

The remaining members of the squad are seniors Amber Hig-

ginbottom and Jessica Umphress, Juniors Chasity Glasgow and Jodie Harrison, sophomores Juliana Brown, Courtney Martin, Cathia Butler, Amy Deaton and Chondra Monroe, and freshmen Sabrina Johnson and Adrain Pharr.

TCHS Competition Squad: From back left, Nikki Darwin, Jennifer Counce, Mary Cooke, Mary Beard, Leslie Chambers, Emily Smith, Molly Jourdan. Next row: Amy Coley, Mandy Dobbs, Salome Whitlock, Natalie Williams, Jamie Gearren, Selena House, Rhianna Helton. Next row: Rebecca Freeman, Kristen Durham, Emilie Cooke, Sara Strickland, Kacie Newcomb, and front, Cammie Kemp, Lindsey Phifer, Jessica Long, Destiny Robertson, and April Bostick.

Belmont Cheerleaders: From back row, left to right, Emily Montgomery, Kassi Brown, Juliana Brown, Jodie Harrison, Amy Deaton, Chasity Glasgow, Courtney Martin, Amber Higginbottom, Jessica Umphress, Chondra Monroe, Sabrina Johnson, Adrain Pharr, Cathia Butler, and Anna Strickland.

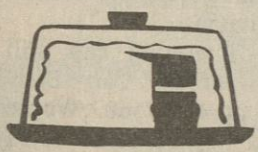

**Cub Scouts Learn About Soil Erosion** - Burnsville Cub Scouts Pack 120, Webelos 1 and 2, enjoyed a visit with Charlotte Daniels from the Conservation Office. The scouts learned about soil erosion and how to help prevent pollution in our rivers, lakes and streams. Thanks Mrs. Daniels for taking time out of your busy schedule to help these boys advance in scouting. Pictured, front, Jesse Long, Billy Osborn, Jesse Greer, Ronnie McNutt, Mrs. Daniels. Back row, Dax Glover and Billy Tucker.

**Cub Scouts Celebrate Halloween** - Burnsville Cub Scouts Pack 120 had a Halloween pack meeting in October. The Scouts enjoyed the Pinata (especially when it busted) and making S'Mores around the campfire. Thanks to Michelle Osborn, Monica Aday and Bridget Long for their great job of decorating and planning.

## Recipe of the Week!

This recipe is a favorite around the News office. It was passed on to us by Becky Parsons, a wonderful cook with the knack of just throwing cakes together.

We hope you enjoy it!  
**FRUIT COCKTAIL CAKE**  
1 box yellow cake mix with pudding in the recipe  
1/2 cup Crisco Oil  
4 eggs  
1 can fruit cocktail with syrup

1/2 can Eagle Brand milk  
Mix well then bake til done as recipe on box indicates.

Pour 1/2 can Eagle Brand milk and 1 can of cream of coconut over cake. Let cool.  
Top with Dream Whip (or Cool Whip) and coconut. Refrigerate.

Cake is much better if you bake it 1 or 2 days in advance and keep in refrigerator.

If you have a favorite recipe you want to share with our readers, send to P. O. Box 70, Iuka, Mississippi. Please put your name and any interesting history you have on the recipe.

## Report From Congress

By: U.S. Rep. Roger F. Wicker

### Wicker Says Iraq Weapons Pose Threat To U.S.

The recent crisis in Iraq may have seemed far removed from Thanksgiving holiday dinner table across the country last week. It is likely many Americans view Saddam Hussein's dispute with United Nations weapons inspectors as a potential threat only to his Middle East neighbors but not to American lives or U.S. vital interests.

Iraq may be half a world away, but all Americans should be aware that this danger could hit very close to home if Saddam is allowed to have his way on this weapons inspector issue.

The sobering fact is that Iraq's possession of biological and chemical weapons, and perhaps components for a nuclear weapons, poses a worldwide threat worthy of the diplomatic and military actions which have produced a temporary agreement.

After the Persian Gulf War ended, Iraq admitted it had enough botulinum toxin to wipe out the earth's population several times over. Its supply of anthrax, the most toxic nerve agent known to science, is believed to be more than 2200 gallons. That is enough to kill one billion people. Saddam's refusal to let UN inspection teams continue their search for these and other weapons of mass destruction was not taken lightly, nor should it be.

If Iraq is allowed to thumb its nose at the international community, Saddam will be strengthened and perhaps encouraged to further threaten his neighbors and the stability of the entire region.

The stakes are high and not just for the countries within range

or Iraqi artillery shells. A lone terrorist, armed with a small amount of these deadly nerve agents, could bring this danger to any country in the world — even to Main Street, USA. This scenario has already been played out in Japan where terrorists used nerve gas to kill 12 people and injure 5,000 more on a Tokyo subway. Saddam's toxins are much more deadly.

While a diplomatic settlement has enabled weapons inspectors to get back to work, I am sure the

persuasive power of two U.S. aircraft carrier battle groups now in the Persian Gulf also played a role. The rapid military response to the crisis sent a message to Saddam that we meant business.

Threats such as this one are the reason Congress has increased military spending for three years in a row, including a \$3.3 billion hike for Fiscal Year 1998. The added funding will speed production of a new aircraft carrier, a nuclear attack submarine, eight advanced Air Force fighter aircraft, and increased research and development of "smart weapons" for the 21st century. These improvements will help ensure our ability to respond to a crisis in the Middle East or anywhere else our vital interests are threatened.

## INSIGHT INTO EYESIGHT

Dr. Phillip Gray  
OPTOMETRIST

### Preparing For Bifocals

You might think that wearing bifocal lenses would entail difficulty because there are two corrections in the lens. Don't underestimate your brain's adaptability. It just takes a short period of time to get used to them. The eyeglasses naturally, have to be properly fitted so they are centered in front of your eyes. The rest is up to you. You'll appreciate using one pair of glasses instead of two.

Your eyes will move up, as they always do to use the vision correction in the upper part of the lens.

Walking up or down stairs may be a problem in the very beginning. You have to look down to see where you are going. You may find it easier to use the upper part of your lens. All you have to do is bend your chin down a bit. The same goes for when you're stepping off a curb. It just takes a little practice.

### Choosing An Executor

An executor is the person named in your will to administer your estate. An executor has many duties, including making sure your debts are paid and your property is distributed according to your will.

Because the executor's role is so important, be careful when choosing one. There are no set rules for who you must choose. Some people choose a friend or their estate's main beneficiary. Others choose a lawyer or other professional. Whoever you choose, make sure that person is well organized, trustworthy and familiar with your family situation.

Your will should also name an alternate executor in case the first person is not available to serve.

## FLASHPOINT

A WEEKLY LOOK AT THE IUKA FIRE DEPARTMENT

Thanksgiving is, among other things, a time to express gratitude to those for whom we are grateful. The Iuka Fire Department would like to take this opportunity to say thanks to a few people.

"Thank you" to Mayor David Nichols, the former Board of Aldermen, and the current Board of Aldermen for your support and cooperation in helping us to attain a class 7 Insurance Rating. We could not have done it without your help.

"Thank You" to Don McNeely and the city workers who helped us to build our new office and sleeping quarters. We appreciate your assistance.

"Thank You" to Purchasing Agent Jerry Long for the excellent job you did getting bids on the material for the building project.

"Thank You" to all of our Volunteer Firemen for the great job you do.

"Thank You" to the people who, after the fire at City Hall, did not criticize and point fingers, but had kind words of encouragement and support.

"Thank You" to the Tishomingo County News for printing this article every week.

"Thank You" to the citizens of Iuka. Because of your carefulness and attention to fire safety, there have been relatively few fire calls in recent months.

"Thank You" to God for your guidance and protection in a career that can be dangerous at

times.  
"Thank You" Iuka for allowing us to serve you. May you have a happy Thanksgiving.

### Fundraiser At Hardee's

On Saturday, December 6, 1977, the Iuka Apostolic Church Youth Department will be having a fund-raiser at Hardee's Restaurant between the hours of 10 a.m. and 2 p.m. All we need is your cash register receipts deposited in a special box provided, and 20% of the total will be used for our community projects for Christmas. Help us help others. Thanks.

### Pet Gifts

The holidays are here...no question about it! Just try to find a good parking place at the mall. And you're still agonizing over that yet to be completed Gift list.

Not to make your life more difficult, BUT odds are you haven't thought much about what the dog or cat might want for Christmas.

The fact is...pet owners will spend hundreds of thousands of dollars in just a few weeks for presents for their pets...Why? Because most of us consider our pets part of the family and there's no way we're going to leave them out of all the holiday fun and excitement.

First: Where can you find gifts for your pet?

- Pet Stores - it's the first place to look for variety.
- Pet Specialty Shops - Usually located in big shopping malls.
- Department Stores - Many of them have a pet department.
- Pet Gift Catalogs - Everything from modest to very expensive.

Second: What to buy for your pet?

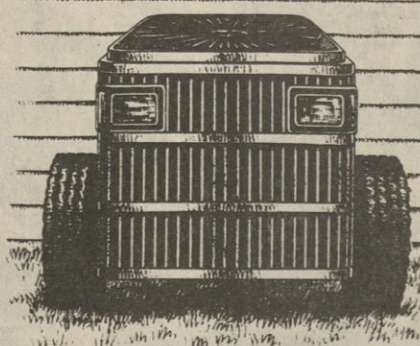

- Bark bars, stuffed stockings, treats.
- Pet cutter wear, knit sweaters custom jackets.
- Personalized food dishes, a new pet bed, or some satin sheets.
- New collars, leashes, toys, or catnip.
- Third: What NOT to buy for your pet?
- Things you wouldn't buy for a child/small objects that can be swallowed. Sharp or pointed objects.
- Bones...real bones.
- Things with strings.

Many stores also have pet portrait studios open for the holidays. Having your photo taken with the family pet can be a great way to preserve the holiday spirit.

## BEFORE WINTER PUTS YOUR HEATING SYSTEM INTO OVERDRIVE, YOU MAY WANT TO GET A TUNE-UP

You know what a tune-up does for your car. It runs smoother, works more efficiently, and is less likely to break down. An inspection and tune-up for your heating system can do the same thing. A heating system is a precision engineered machine just like your car. It needs periodic inspection, lubrication, and

cleaning. Its filters need to be replaced, belts checked, thermostats inspected and all vents cleared of obstructions. So, a visit by a qualified technician may be just the thing before those chilly winter nights. Call a heating system professional today for a tune-up. Or at least have it taken for a test drive.

### Organically Approved Fungicides For Home Gardeners

Interested in giving organic disease control a try in your vegetable garden next season? Many gardeners question the effectiveness of this approach to handling diseases which annually cause vegetable production problems. Organic disease control really does work and provides satisfactory protection from many vegetable diseases which commonly occur in Tishomingo County each season. This approach is based on sanitation, cultural, physical, and biological disease management procedures, as well as application of organically approved fungicides. Alternatives to synthetic (non-organic) fungicides such as maneb, mancozeb, benomyl, and chlorothalonil for control of vegetable diseases include such materials as sulfur and copper containing fungicides. Spraying or dusting with sulfur is an old remedy that still works on rusts, powdery mildews, and leaf spots on tomato, and other vegetable crops. Mix finely ground sulfur with water at the rate of 3 ounces per 3 gallons of water, or dust in an even coat over plant surfaces. Be aware that sulfur is easily removed from plants during rain frequent application may be needed to provide an adequate level of disease protection. One of the most popular organically approved fungicides is Bordeaux Mixture. This fungicide can be "homemade" and is effective for a number of common fungus and bacterial blights and leaf spots of vegetable crops. It's also

hydrated lime. The lime should be mixed with a pint of water to make a "milk of lime" suspension. The copper sulfate should also be dissolved in a pint of water. The latter process may take several minutes. Before mixing the lime and copper components of the mixture, one additional step (but a very important one!) must be carried out. Each container of these materials should be strained through a cheesecloth filter. If cheesecloth isn't available, use cloth of a similar loose weave. The filtering is necessary to remove small pieces of lime or copper sulfate that won't dissolve; otherwise, you'll find these tiny pieces in the end of your garden sprayer tip, clogging up the works. The filtered copper sulfate solution is added to a one-gallon container, followed by addition of the filtered lime solution. Enough water (about 3 quarts) is then added to the container to bring the total volume up to one-gallon. For best results, use your Bordeaux Mixture the same day of preparation and keep the sprayer agitated. Bordeaux mixture may be used to control early and late blight on tomatoes and Irish potatoes. On leafy greens, this fungicide controls most of the leaf spots that commonly occur on mustard and turnips. We have a nice new publication or Organic Pest Control. If you would like a copy, call us at the 423-7016.

## TCHS Student Organization Raises Money to Support March of Dimes

A Tishomingo County High School student organization recently showed its volunteer spirit by raising \$375.00 in support of the North Mississippi Division of the March of Dimes.

During the month of October, the local chapter of Future Business Leaders of America (FBLA) at Tishomingo County High School sold paper pumpkins in celebration of October as March of Dimes Campaign for Healthier Babies Month. This project, part of a nationwide project sponsored annually by FBLA and its

collegiate arm, Phi Beta Lambda, was also used as a Wrap-Around event for the Tishomingo County FBLA's WalkAmerica team for 1997. Along with the pumpkin sales, the students raised even more money individually for the March of Dimes for a grand total of \$961.24.

Pumpkins were sold to students and teachers as Spook-O-Grams along with some candy and a message from the sender throughout October.

FBLA and Phi Beta Lambda have proven excellence in raising money for the March of Dimes

through Project HELP. Other ways they assist the March of Dimes in addition to Walk America is through WonderWalks.

### Clarification

In regards to a November 13th article in this publication, some clarification has been requested.

In the November 4th regular meeting of the Iuka Board of Aldermen, the board voted to install a stop sign at the intersection of Ash Street and Mockingbird Lane for a 90-day trial period.

At a special meeting the next week (November 11), however, the mayor and board had been presented with a petition signed by about 30 residents opposing the stop sign. According to the unadopted minutes from the November 11 meeting, the Board agreed to put a hold on placing the stop sign at the intersection until someone with the State Highway Department could look at the site and make a recommendation.

There is no stop sign at the site at presstime.

**Proud to Have Queenie Home** - Queenie, an 18-month-old pointer that recently spent 15 days in the bottom of an abandoned well, was welcomed home by (from left,) trainer David Durham, and owners Alan and Charles Black.

### A Holiday Homecoming

## "Queenie" Comes Home After Fifteen Days in 65-Foot Well

by Pamela McRae

Ah, Thanksgiving, the time where we joyfully stuff ourselves so full of turkey, dressing and the like that we can hardly walk.

A bird dog named Queenie in Tishomingo got a couple cans of Alpo and about a pound of dry food for Thanksgiving. But she's awfully thankful for it, after her recent 15-day "fast" she spent in the bottom of a 65-foot hole.

On November 9th, the 18-month-old pointer was out practicing for quail season with her trainer, David Durham. She was doing fine, Durham recalled, and then she ran into a honeysuckle thicket, and he didn't see her again that day.

Or for the two weeks afterward.

Queenie's owner, Charles Black, joined Durham in the search, and they were soon joined by all the surrounding neighbors, the mail carrier, the substitute mail carrier, and eventually even Coach Black's science class students from Tishomingo Middle School.

What followed were many days of searching the area, and evenings of calling neighbors and sitting by the phone waiting for news that someone had seen Queenie, said Black.

A break in the search finally came when Durham asked his grandfather, Ed Durham, 93, if he remembered if there may be a well on the property in east Tishomingo where Queenie was last seen. Mr. Durham saved the day when he remembered that there was indeed a very old well on the site, and showed it to David on a map.

In the middle of his school day last Monday, November 24th, Coach Black was notified by Durham that a rescue team was meeting at the well site as soon as Black finished up his bus route. When Black arrived, several people, including Larry Hill, Billy Middleton, David Durham, Herman Durham, James Cosby and DeAnna Hill were there and ready to save Queenie with a pet shipping crate hooked onto a pulley and a pickup truck.

Queenie couldn't really be seen from the top of the hole, explained Durham. She had dug out all around the bottom of the well, making herself a hiding place that eventually helped her be rescued.

The rescuers lowered a dog shipping crate, with a bowl of food in it, down into the hole, and Queenie eagerly went after the food. If it hadn't been for the hiding place she made, there wouldn't have been room for her and the crate in the hole, Durham explained.

Though she was skin and bones when she came out, said Black, she was in good health. If she hadn't been in top physical shape before her "fall," it would have been much worse, veterinarian Rocky Hughes told Black.

A week after her rescue, Queenie was in fine spirits, and her ribs were just barely visible. She's enjoying a big bowl of food every day, and private quarters at Durham's house. Her owner and trainer feel sure it won't be long until Queenie will be able to start working again, and she doesn't appear traumatized from the

experience.

The well, ironically on land owned by Charles' mother, Clara Black, was filled within 24 hours of Queenie's rescue.

Queenie probably doesn't realize it, but she had a really good Thanksgiving, and her owners and friends are very relieved to have her back. Both Durham and Black expressed appreciation to everyone who helped look for and rescue Queenie.

### Open Wells A Real Hazard

by Pamela McRae

Open wells are something no one thinks about much, until something like this happens, but they are a real hazard in a rural county like Tishomingo, said one Department of Wildlife official.

"If you think about it, every old homeplace in this county had a well," said Department of Wildlife Conservation Officer Royce Howie. "A lot of those homeplaces just grew up (with brush), or were abandoned, so the wells may still be open."

There are a large number of hunters, especially, out in the woods and fields of the county around this time of year, and Howie urged caution.

Anyone who sees an open, unmarked, or unfilled well is urged to call a Department of Wildlife official, your county supervisor, or the property owner, so they can take action to fill or mark the well, because the next time it may not be a dog that falls in a well.

## Tishomingo Baptist Church Receives Award for Evangelism

by Pamela McRae

Southern Baptist Theological Seminary recently recognized a Tishomingo County church as one of the most effective evangelistic churches in the Southern Baptist Convention.

November 17th, Dr. Billy Burge, pastor at Tishomingo Baptist Church, and other representatives of the church traveled to historic Southern Seminary in Louisville, Kentucky where they recited an award not only their effectiveness in evangelism, but in retaining and discipling those reached. The award was for the year ending 1995.

About 70 churches from all over the nation were represented at the conference, according to Grady Sutton, Assistant to the Dean of the Billy Graham School of Missions, Evangelism and Growth. They each received a certificate from Dean Thom S. Rainer, and participated in a conference, "Closing the Back Door," which offered insights and information about nurturing and keeping new members.

Out of 40,000 churches in the Southern Baptist Convention, 1,700 met the qualifications for the study on which the award was based, explained Sutton.

To qualify the churches had to have at least 26 baptisms in

1995, and also have a ratio of at least 20 regular members for each baptized person.

About 350 churches of the 1,700 responded and participated in an extensive survey. Seventy of those sent representatives to the conference.

Also studied and surveyed in other phases of the same study, explained Sutton, were about 800 churches of other denominations, which provided a control element for the survey.

"When Tishomingo Baptist

Church realized that we were not a reservoir with a limited amount of resources, but a channel attached to the Unlimited Divine Resource. . . . God did what only He can do, Give light in darkness and exchange death for life," said Dr. Burge of the church's recent success.

Though the time period of the study roughly coincides with the first year of Burge's term as pastor at Tishomingo, he is the first to say that the whole church deserves the credit for the award.

**Receiving Evangelism Award** - Members of Tishomingo Baptist recently attended a conference in Louisville where the church received an award for being one of the top evangelistic churches in the convention. ## FSA Loans Available For Local Farmers

"The Farm Service Agency (FSA) has loan funds to help socially disadvantaged beginning farmers, including minorities, buy land for farming or to operate farms in Alcorn County, Mississippi," David Warrington, State Executive Director, said today.

Under this program enacted by Congress, socially disadvantaged are Women, Hispanics, Native Americans, African American, Asians and Pacific Islanders.

"FSA tries to find beginning farmers who are interested in farming and can qualify for an FSA farm ownership loan. The agency can sell or lease to those who are eligible a farm held in its inventory or make a loan for purchase of land on the open

market," Harold Mills,

Agriculture Credit Manager, said. FSA can also provide other loan assistance, including operating loans, and advice, if needed, to help the beginning farmer get started.

"People who think they may be eligible, whether they already are in farming or would like to become farmers, are urged to contact the FSA county office in their area," David Warrington, State Executive Director, said.

Saffron, which is used as a yellow dye and as a spice for food, comes from the dried stigma of crocus plants. The Latin word for saffron is crocus.

## Facts About The BIBLE

### HEAVE OFFERINGS

A MOST IMPORTANT PART OF THE ANCIENT ISRAELITES' WORSHIP OF GOD WAS THE SACRIFICIAL OFFERING TO THE LORD. THE HEAVE OFFERING (THAT IS, THE PART TAKEN AWAY FROM A LARGER MASS AND SET ASIDE FOR JEHOVAH) SUCH AS THE RIGHT SHOULDER OF A LAMB BECAME, WHEN THE SACRIFICIAL CEREMONIES WERE OVER, THE PERQUISITE OF THE PRIEST CONDUCTING THE CEREMONY AND WAS EATEN BY HIM IN THE PRECINCTS OF THE SANCTUARY (NUM. 18:9-10; C.F. LEV. 6:16). ONCE HAVING LEARNED THIS, WE CAN UNDERSTAND THE DOUBLE SIGNIFICANCE TO CERTAIN ACTS RELATED IN THE SCRIPTURES. SAMUEL, THE PROPHET, WHEN HE INVITED SAUL TO EAT WITH HIM AND OTHERS AT A "HIGH PLACE" (A SHRINE OF WORSHIP) AND, AT SAMUEL'S DIRECTION, THE COOK SERVED SAUL THE SHOULDER OF MEAT, SIGNIFYING SAUL'S IMPORTANCE TO THE OTHER GUESTS, WHO DIDN'T KNOW THEN THAT HE WOULD SOON BE THE FIRST KING OF ISRAEL! (1 SAM. 9:15-24)

AND NOW SAMUEL SETS THE SUCCULENT SHOULDER SECTION, USUALLY SERVED TO HIGH PRIESTS, BEFORE THE AMAZED SAUL...

## Decking the Halls on Tishomingo's Main Street

Thanks to the hard work and generosity of many groups and individuals, Downtown Tishomingo has a new holiday look, just in time for the parade this weekend.

The Chamber of Commerce, and especially parade chairman Debbie Belue and Mrs. Cricket Denson, worked hard to provide lovely new Christmas trees for the sidewalks. Cooperation between the Chamber of Commerce and the Town of Tishomingo mayor, board of aldermen, and city workers has resulted in a new set of Christmas banners waving brightly from all the light poles through town.

Pictured above with one of the new trees, and one of the new banners in the background, are, from left, Alderman Mike Hale, City Clerk Karen Kennedy, Utilities Clerk Debbie Nunley, Chamber member Cricket Denson and Chamber of Commerce President Gary Walker.

## Paul Whitlock Joins Membership Of American Angus Association

Paul Whitlock, Iuka, Mississippi, is a new member of the American Angus Association, reports Dick Spader, executive vice president of the national organization with headquarters in St. Joseph, Missouri.

The American Angus Association, with over 31,000 active adult and junior members, is the largest beef cattle registry association in the world. Its computerized records include detailed information on over 12 million registered Angus.

The Association records ancestral information and keeps records of production on individual animals for its members. These permanent records help members select and mate the best animals in the herds to produce high quality, efficient breeding cattle which are then recorded with the American Angus Association. Most of these registered Angus are used by the U.S. Farmers and ranchers who raise high quality beef for U.S. consumption.

## Governor Proclaims Drunk & Drugged Driving Prevention Month....

Gov. Kirk Fordice has proclaimed December as Drunk and Drugged Driving Prevention Month in Mississippi.

Noting that "motor vehicle crashes kill more than 800 people and injure hundreds more every year in Mississippi, alcohol-related crashes account for approximately 40 percent of those deaths and injuries and the December holiday season is traditionally one of the most deadly times of the year for alcohol-impaired driving," Fordice called upon "all citizens, government agencies, business leaders, hospitals and public and private institutions to promote awareness of the impaired driving problem."

He also urged support of "programs and policies to reduce the incidence of impaired driving, to promote safer and healthier behaviors regarding the use of alcohol and other drugs and to provide opportunities for all to participate in 'Take a Stand Against Impaired Driving' this December holiday season and throughout the year. I further ask all motorists to drive with their vehicle headlights on throughout the day, Friday, December 19, as a memorial for the victims of impaired driving and as a reminder of the dangers of drunk and drugged driving."

Public Safety Commissioner Jim Ingram noted that impaired driving is Mississippi's most serious roadway safety problem. "It's extremely important," he said, "to never drive after consuming alcoholic beverages or other mind-altering drugs, never to ride with an impaired driver and never permit a relative or friend to drive after drinking. In addition to facing death or serious injuries in a motor vehicle crash, an impaired

## Friends Show Support for Jamie Kirk

On behalf of the many people who, through their help with recent fundraiser, made it possible, organizers presented Jamie Kirk with a check for \$5,776 to help with his recent medical expenses. Some of the many who pitched in to help the Kirks are pictured with Jamie and his wife Debra. From left, Linda Norman, Debra Kirk, Tony Mobley, Jamie Kirk, and Curtis Seago.

driver should be aware that he or she could face hefty fines, time in jail and possible the cancellation of motor vehicle insurance or a substantial increase in insurance premiums."

Ron Sennett, executive director, Mississippi Division of Public Safety Planning, said that "if a holiday party involves alcoholic beverages, it's extremely important to designate one or more persons, who will not be drinking at the party, to drive others home. Also, I urge all motorists who see a suspected drunk driver to report this immediately to the nearest law enforcement agency or to the Mississippi Highway Safety Patrol. For those who have cellular phones, the patrol may be reached at \*47. This could save the life of the impaired driver or other motorists on the roadway."

To help ensure the safety of Mississippi motorists, the Division of Public Safety Planning is continuing a public information and education "Campaign Safe and Sober" aimed at increasing the use of motor vehicle safety belts and child protective devices and decreasing the involvement of alcoholic beverages in motor vehicle crashes.

During the holidays, motorists who drive under the influence (DUI) of alcohol or other drugs and fail to use vehicle occupant devices such as safety belts will face expanded law enforcement efforts, particularly by members of the Sobriety Trained Officers Representing Mississippi (STORM). This Public Safety Planning - sponsored organization of nearly 200 officers had brought together those who specialize in apprehending drunken drivers, provided them with additional training and vastly increased statewide cooperation in enforcing Mississippi's DUI and occupant protection laws.

"These officers are determined to do everything in their power to make our state's roadways safer, and they have a stern warning to motorist who

might consider driving after drinking: "Don't get caught in the STORM," Sennett said. "To be more specific, don't even think about driving after drinking or failing to use your vehicle's occupant protection devices."

If you seem to be experiencing these symptoms often, why not give yourself a gift during this holiday season and seek

## Cortney's Community Chats By Cortney Compton

'Tis the season to be jolly! It's Christmas time. Can you believe it's already here? Time just keeps on passing me by. What does the month of December remind you of? It reminds me of bright lights, caroling, lots of presents, and the most important thing, Baby Jesus.

Let's not forget the tree! Or the special decorations that make it your Christmas tree! Egg nog, mistle toe, and even Christmas cards really complete this wonderful holiday. December is also the month full of events from singing Christmas trees to community parades!! I've even heard that Santa Claus may appear in our parade to shout Ho! Ho! Ho! wishing everyone around a Merry Christmas, so you better watch out! better not pout! You better be good! I'm telling you why! Santa Claus is coming to town.

So, little kids, make your list out today, because Christmas is only a few days away! I just can't wait!! If you want to wish someone a Merry Christmas, but

don't have alot to pay, take the time to sign a Christmas card and brighten someones day!

This week begins the month of December; but soon, it will come to an end! So, I guess that happy ending all depends on you, my friend!

### Letters to Santa

Once again, the Tishomingo County News announces that it has made a special arrangement with the post office at the North Pole and will receive any letters to Santa at our address.

As a part of the special arrangement, we will gladly forward them on to Mr. Claus. But he has asked us to print them in our paper prior to sending them because he, of course, receives *The Vidette*, and reads it as soon as he gets it every week.

All area children, preschools and daycares, are invited to submit short letters to Santa Claus at Box 70, Iuka, Mississippi, 38852.

### Poinsettias Accent The Holiday Season

The United States has not been the same during the holidays since Ambassador Joel Poinsett brought a plant back from Mexico in 1825. Poinsettias have become a tradition, and some new gorgeous varieties will be showing up this year.

Pepride is a new variety that has caught my eye. Its dark green leaves and deep red bracts are shaped like oak leaves. Freedom is

a dark red variety with dark green leaves. It is awfully hard to find a prettier poinsettia than this one.

Silver Star is another poinsettia that has garnered my attention. This variety has dark red bracts but a variegated foliage of silver and green. I also like the Sonora Jingle Bells, which has dark red bracts with white flecks, giving it a peppermint look.

Monet is my favorite pink variety. Unless you prefer red, this may be the most beautiful poinsettia ever developed. The bracts are pink with drifts of a darker pink or burgundy, giving it a painted look. Marble Star is another great pink variety with a creamy white variegation that gives it a marble look.

One myth that has hung around for years is that poinsettias are poisonous. Research at Ohio State University has proven conclusively that the poinsettia plant and its juices are not poisonous.

Poinsettias can hold their color way past Christmas if you shop wisely. The colorful part of a poinsettia are actually modified leaves known as bracts. The true flowers are the small yellow buttons in the centers of the bracts. Look for plants with fully mature, thoroughly colored and expanded bracts, and small green flower buds.

Select plants with dark green foliage down to the soil line. This indicates a healthy root system. Reject plants with damaged or discolored foliage and select symmetrical plants in porporation

to their containers. As a rule of thumb, poinsettias should be 2 1/2 times bigger than their pots. In other words, a 15- to 18- inch-tall plant looks best in a 6-inch container.

Durable plants promise weeks of enjoyment. Look for strong, stiff stems, good leaf and bract retention, and no signs of wilting, breaking or drooping. Carefully inspect packaged poinsettias before purchasing them. Poinsettias left in sleeves for an extended period of time may become unhealthy.

Transport poinsettias carefully. Strong winds or short term exposure to temperatures below 40 degrees can permanently damage the plants. Use plant sleeves or large shopping bags for added protection in cold weather.

During the holidays, use the poinsettia for decorative effects. When possible, place the plant in the sunniest exposure in your home. A window that faces south, east or west is better than one facing north. Don't let the bracts touch the cold window panes, since freezing outdoor temperatures can cause damage.

Your poinsettia was greenhouse grown at day temperatures of 70 to 72 degrees and night temperatures of about 60 degrees. Your plant will last longer if you provide similar temperatures.

Two problems most often encountered with poinsettias center around watering. With the busy holiday season, forgetting to water can be disastrous for a

poinsettia.

Examine the soil. When the surface is dry to touch, water until it runs freely from the drainage hole in the container. The second major problem is from decorative wraps that trap water and suffocate the plant. Be sure to pour out any water.

Mississippi growers produce more than a quarter million poinsettias named after ambassadors, so you can enjoy beautiful, healthy poinsettias holiday season.
