Fumes From Propane Buffer Send Six Dollar General Employees To Hospital

by Angela Lambert

Carbon monoxide fumes created by a propane powered floor buffer sent six employees at Iuka's Dollar General Store to the hospital Monday afternoon.

According to Iuka Firefighter/EMR Lee Shields, a man who was hired to buff the floors at Dollar General Store in Iuka used a propane buffer inside the building. Apparently the building did not have sufficient ventilation and the doors were closed resulting in a high concentration of carbon monoxide collecting inside. Since this gas is odorless and colorless, employees in the store were not aware that it was in the air.

Iuka Firefighter/EMR Brandon Grissom said the employees reported that the man started buffing around 9 a.m. and left around 4 p.m. so the employees were exposed to the toxic fumes for most of the day.

"We suspected that it was carbon monoxide from the symptoms the victims reported," Shields said.

Some symptoms associated with carbon monoxide poisoning include burning eyes and nose, dizziness, nausea, headache and lips that turn cherry red in color.

Apparently the victims began passing out inside the store. Grissom said when IFD

firefighters took their CO (carbon monoxide) detectors within five feet of the store's doors, the level of carbon monoxide in the air was at 170 parts per million. In the back corner of the store it registered at 172 ppm.

Shields said the normal carbon dioxide levels are between 0 and 25. Anything over 25 is considered to be in the danger level.

Both Grissom and Shields agreed that the victims of the carbon monoxide poisoning were lucky to be alive.

"With levels this high, and the prolonged exposure, they could have died," Grissom said.

He said one of the victims, who was seven months pregnant, was taken to Tupelo's North Mississippi Medical Center's Women's Center and was kept overnight for observation. The others were taken to Iuka Hospital. Shields reported that at least two victims remained in the hospital overnight.

The Iuka Fire Department responded to the call at approximately 4:35 p.m. After the building was vacated, they spent over an hour setting up and running large positive pressure ventilators to get the fumes out as quickly as possible, according to the firefighters.

Sign-Up For Daily Call-Up Service For The County's Elderly Set For Thursday Night

by Angela Lambert

Tishomingo County Sheriff David Smith urges all the elderly or those who have loved ones who are older or disabled to come to the courtroom in the Tishomingo County Courthouse on Thursday, June 24, at 7 p.m. to sign up for the Sheriff's Department's "Are You O.K.?" daily call-up service.

"Are You O.K.?" is a free program which will soon be available through the Tishomingo County Sheriff's Department designed for older adults, disabled persons, shut-ins who live alone or anyone in the community who needs to be checked on daily.

This program is a computerized telephone calling system which will call each enrolled caller (known as a subscriber) at the same time each day.

If the subscriber answers the phone, he or she will hear a voice saying, "Good morning, are you okay?" If the subscriber does not answer, the computer will try again. The computer will notify a police dispatcher if there is no answer or if there is a busy signal several times in a row.

If a subscriber plans to be away from their residence during a holiday, vacation or any other time, he or she may call and have

the service stopped for that time period.

Each subscriber will be asked to choose a time they prefer in the morning between 7:30 and 10:30. The calls will be made in the same order each day.

Everyone who signs up for this service will be asked to fill out a short form with medical and other information needed in case of an emergency. Smith explained. This information will be kept totally confidential and would only be used by Sheriff's Department personnel in case of emergency.

Anyone who thinks he or she might be interested in signing up for the call-up program should come to the Courthouse Thursday night beginning at 7 p.m.

If you cannot come Thursday, you may call 423-7012 beginning Monday, June 28, or if you prefer, mail the following information to:

Old Tishomingo Traces

By: June Bullard

Thanks to Jewel McCoy Choate for her continuing story of "The Other Side of the Coin" as follows:

Memories Surrounding Our Days at Cross Roads.

In 1941 Wilson and the two older girls and I were still living in the little house next to Yellow Creek. Uncle John Curtis had Mr. Charlie Levin come over and rework the house and make it liveable for us. We spent many happy hours fishing, boating, swimming and just wading in the canal.

The saw mill crew was still in Kentucky. Aunt Ethel Curtis and Sis would help me with my children Barbara Sue and Martha Lou, now almost 4 and 2. They loved Sis so much.

The mill crew was made up of the Cutshall Brothers - Otis, Preacher, Tidy, Hafford and Clayton Earl, Wilson Choate, Charlie Carson, Vardaman Robinson, if I remember correctly. Also Mr. Otis' brother-in-law Mr. Loyd would help out. Mr. Loyd is all I heard him called. Mr. Otis was a fine man and an idol to many folks. One morning, according to Wilson, Hafford showed up late. Mr. Otis asked him if he had been drinking. "Not a drop, Otis," replied Hafford but Mr. Otis told him to go on home. Families and crew all lived together in a big rented house. They were short handed. Mr. Otis was not only boss of the whole crew, he was shepherd of the flock. Mr. Otis had quit his wild, wooly ways and was going to see that his brothers did also. Atlas Carson was chief cook and bottle washer. He not only cooked the food but kept the time clock. He would go to everyone in the morning singing a tune, "Rise and shine and get your 4 o'clock coffee. I know you are tired and sleepy too. I hate to call you but you got it to do." I have heard that story and also the cute little tune many times over the years.

When the crew got home for dinner one day, Mr. Carson's beans rattled in the cooker. Mr. Otis asked Atlas if Hafford had divided his drink. "No, Otis, not a drop," replied Mr. Carson. I don't know if Hafford divided or not. Anyway Mr. Otis didn't raise his voice and told the crew to wait patiently until he could go into town and bring back lunch.

It was getting pretty hard for me to stay by myself so much with Wilson staying away from home while working at the mill. I was also expecting my third child Anna Jean. Uncle John had lots of friends including TVA men since he bought and sold land. My children were improving with their singing. Uncle John would call me to bring them and let his TVA men hear them sing. God

gave each of them talent in music and song which later led them into broadcasting, concerts, and singing in revivals, churches, funerals and weddings. People would give them change. Each one had their own cup

and would save their money for what they wanted.

We had never got to be near Wilson's own family. We had visited and they visited. Mr. Ed Hubbard one of their friends promised Wilson a good job taking care of a filling station and fixing cars. Also, a nice little place to live. We decided to move near his people half way between Tyrone and Marked Tree, Arkansas. Mr. Ed ate many meals and fellow shipped with us. Wilson was a very good mechanic and did quite well. We looked forward to our third baby girl who was 25 months and 5 days younger than the second one. She seemed to be a healthy baby for about 9 months and then she was over come with illness, one thing after another. Pear Harbor was bombed and war declared while we were in Arkansas. So much going on we decided we would be better off coming back to Mississippi. Wilson went to work in defense plant at Reynolds in Muscle Shoals, Alabama. So we came back to Uncle John's and had our first little house made over. Paul Reece was a good decorator and he painted and papered the house. We had some pretty new furniture. People were making new mattresses and we joined in. The Cutshalls moved to Florida.

Elton "Sis" Curtis had now grown up and married and Berlon Curtis was off to work. A lot of changes had taken place but we were still close, and they all bonded with our precious baby. We lived there quite a while and met many more nice people. Some time past and we lived near Scruggs Bridge. I heard a terrible explosion. I picked up my babies and went to check. A car had gone right

through the rails on the old bridge and come to rest by the canal. No one was near as it was Saturday afternoon and everyone gone to town. The first to arrive was Andrew and Mentia Bullard in a black pickup. I soon made friends with them which was to last for a lifetime. Others began stopping and soon help arrived. One young man had lost his life. One survived. It was a tragedy that still stands out in my memory.

We lived down there while Wilson was working in defense plant. One late Sunday afternoon it came a terrible storm. I had supper ready but we had to hurry and go down to Uncle John's house before it hit. It came a terrible storm and beat our house top into rubble and ruined most of our furniture. The saddest part was Aunt Ethel had two lady friends as company. The storm hit one side of their house and knocked all the windows out on that side. It made leaks that had never been in that tin top house. Their family, company and our family all survived in one big room and hall. People came in and helped us clean up the next day. Reynolds made up money for new roof. Our car had to be replaced and

transportation was hard. We decided once more to move back south of town and that was our last time to live at Cross Roads. We still kept close in touch with our friends there.

Wilson shared his memories of Bullard Cut Off School as he had grown up in that area. He had so many friends there. The Osborns, Gardners, Hudsons, Walkers, Bullards and many more. They had an older man for teacher and he would take naps after lunch and told kids not to bother him. One day he slept all afternoon until time to go home. They would check and he still slept on. They had a young lady teacher and she went out with one of the students Bilbo Bullard who happened to be Wilson's cousin. They forgot to come home in time for school one morning. Sad thing was his dad Uncle Jeff Bullard was on the school board. So it was decided she had to move on. They got Mrs. Mentia Bullard to finish out the term. Wilson was jumping for joy probably hoping she would help keep him out of trouble. He and a friend the late Bert Hudson had been fighting on way home and Bert always won. Wilson decided he would get his big sister to help him. Wilson and Lillie jumped on Bert with their dinner buckets and won the fight. From then on they were great friends. He also went to school with Gola Bullard (Dean) and his

cousins Pet Morris (Bullard) and her sister who later married Lake Hayes. One day they all sat down to eat their lunch and Howard Walker opened his bucket and he had Aunt Jane's bucket of lard. They all had a big laugh and divided their food with Howard. He had to carry his lunch bucket back so Aunt Jane could cook supper. It must have been a fun time at Bullard Cut Off School. The good thing was that later in life we would come in contact with most of them again. Wilson introduced me to Bert Hudson and he said, "Blow me down." We all had a laugh with a good friend.

There was a lot of response to the story that appeared two weeks ago about the Goode Family by Irene Barnes. Thanks to Mrs. Robert Davenport and Mrs. Corinne Tucker of Cherokee, Alabama for their positive comments and to Helen Gober of Iuka for her not-so-positive comments. I really enjoyed talking with all of you. I suppose I need the kicks as well as the pats lest I become bigheaded from all the praise regarding this column that I receive from so many people all over the country.

I would like to state that I volunteered to do this column to help

INSIGHT INTO EYESIGHT

Dr. Phillip Gray
OPTOMETRIST

Two Types Of Glaucoma

In glaucoma, pressure created by fluid within the eye becomes abnormally high. In people over 40, glaucoma is the leading cause of blindness. There are two broad categories of glaucoma:

The most common is the open angle or chronic simple glaucoma. There is no way for you to recognize it until it's too late. One third of people with open angle glaucoma first seek help from a doctor when they are blind. The increased pressure does not cause any pain. It affects your side vision first and therefore you think you are still seeing well. That's why a regular eye examination is so important.

The second type of glaucoma is called narrow angle (or closed angle) glaucoma. This occurs primarily in adults who are farsighted. It comes on suddenly when the pressure in the eye goes to extremely high levels. These patients lose their vision and have significant pain, perhaps with nausea and vomiting. They usually end up in a doctor's office or hospital within 24 hours of an attack.

Your Dental Health

Pregnancy & Oral Health

The old wives' tale that a tooth is lost for every pregnancy is simply not true. While it is true that pregnancy may intensify some dental conditions, misconceptions continue to exist about some effects of a woman's pregnancy on her health.

As with everyone, tooth decay results from repeated acid attacks on the teeth. A pregnant woman would only be more susceptible to tooth decay if she increased her snacking on sugary-rich foods and did not maintain good oral hygiene.

Gingivitis (gum disease), however, may occur more frequently during pregnancy due to a rise in the body's hormone levels. These increased hormones exaggerate the way gum tissues react to the irritants in plaque, the sticky layer of bacteria that constantly forms on the teeth. A pregnant woman may prevent gingivitis by keeping her teeth clean with thorough brushing and flossing.

Eating a balanced diet during pregnancy is important for healthy gums. Also, since the baby's teeth begin to develop between the third and sixth month of pregnancy, it is important that the woman receive sufficient nutrients, especially vitamins A, C and D; protein; calcium; and phosphorus.

Calcium is not lost from the mother's teeth during pregnancy, as some have mistakenly believed. The developing baby's need for 400 milligrams of calcium per day is supplied by the mother's diet. If calcium in the mother's diet is inadequate, this mineral will be depleted from the mother's bones.

A woman should continue regular dental visits throughout her pregnancy, but the optimal time for elective treatment is from the fourth through sixth month of pregnancy.

Larry Strickland and family and Jeff Martin of Belmont and family all vacationed in Branson, Missouri last week. Due to the death of Mr. Freed Lindsey the Stricklands came home earlier for the funeral.

Mr. Freed Lindsey passed away and was buried on Wednesday at the Lindsey Cemetery. He was a life long friend of many thru this area since he made routes and pickup clothes on dry cleaning. The Lindsey family certainly have our sympathy.

Elder and Mrs. Warren Kennedy has had lots of company lately most of which are their children and families. they met at the Kennedy home Saturday was a week ago to work on a house Ricky Kennedy is building close by. On Sunday Mr. and Mrs. Kennedy and Mr. and Mrs. Charles Bailey and Booklyn Hamm the Bailey's granddaughter attended church at Antioch near Corinth.

This past Saturday they all gathered again. They were Mr. and Mrs. Charles Bailey and Anthony, Mr. and Mrs. Edwin Oliver, Mr. and Mrs. Calvin Ozbirn,

Daniel, Kristin, and Andrew, Mr. and Mrs. Bradley Hamm, Brooklyn and Jacob, Mr. and Mrs. Patrick Oliver and Cameron, also Ricky, Lynn, Stephen, Brandon and Tracy Kennedy which is the ones who they are building the house for.

Then on Sunday evening most of the family came back after church in the afternoon for a Father's Day get together.

Also Mr. and Mrs. James Kennedy and their grandson Hunter Kennedy came for the evening get together.

Friends From Holcut

By Jewell Choate

We had a most wonderful time at Friends from Holcut. We had a suprise birthday party, and guess what? We got to invite our own selves. Ms. Lynda Bolton called Sat. a.m. and ask if we could do her a favor and honor her mother for her upcoming birthday. I said why not we'll already be there. So on short notice it turned out real good just as if it had been planned.

We all arrived as planned on Saturday, June 12, at one p.m. After everyone ordered food and drink, we carried on as usual. We collected money for flowers, couldn't forget that. We passed around a beautiful card from Imogene B. McLoy thanking everyone for Memorial to her nephew Mr. Merle McNiel. And

now a beautiful big birthday card was passed for everyone to sign. Our honored guest Ms. Victoria Rutherford signed her own card, never suspecting a thing. Several ones made cracks and told her to be sure and put her name in big letters and she did just that. Everyone was talking as usual. Well in come the florist with beautiful boquet and she looked and remarked that has my childrens names on it. Everyone was just waiting. In walked her daughters, Lynda and Kelly Bolton with cake and ice cream. We all started singing Happy Birthday, and was she suprised. She later told me she was so shocked she couldn't say anything, but she did tell everyone she really did appreciate it. We

Cortney's Community Chats

By Cortney Compton

When maturity starts to grow, you can sense your concern for others outweighing your concern for yourself. How much of yourself do you give others? many of us, stop to chat with new and old friends throughout our day. We take the time to ask how our friends are doing. By giving of ourselves, we enrich our lives with unique friendships and everlasting happiness.

Everytime you give of

yourself, you receive so much more in return. You are happier, friendlier, and encouraging! So concern yourself about others. There you will find the hidden treasure within yourself waiting to be shared with everyone you meet!

Remember, it is the heart that always makes a man rich. He is rich according to what he is, not according to what he has.

National Award Winner Ashley Hoja

The United States Achievement Academy announced today that Ashley Hoja from Poplar Bluff, MO has been named a United States National Award Winner in Science.

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes fewer than 10% of all American high school students.

Ashley Hoja, who attends Poplar Bluff High School was nominated for this national award by Nancy Peterson, a teacher at the school.

Ashley will appear in the United States Achievement Academy Official Yearbook, which is published nationally.

"Recognizing and supporting our youth is more important than ever before in America's history. Certainly, United States Achievement Academy winners should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of the United States Achievement Academy.

The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors, and other qualified sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability, and recommendation from a teacher or director.

Ashley Hoja is the daughter of Mike and Cindy Hoja and Jim and Suzann Plumb from Poplar Bluff, MO. The grandparents are Alex and Ulrika Hoja of Poplar Bluff, MO and Jerry and Sue Parson of Burnsville, MS.

Midway Volunteer Homemakers Meet In Bonds Home

The Midway Volunteer Homemaker's met on June 10th at the home of Burke Bonds. She gave the club members a tour of her beautiful yard. There were 100's of different kinds of plants in full bloom. There was also a butterfly garden in bloom. Burke and her husband Rudolph work many long hours to keep their yard so beautiful. The members were then invited into Burke's home for the club meeting.

Sybil Hodge called roll and took each member's volunteer hours. Eve Moore led opening prayer. Burke read the Devotional 1st Peter: 20, 25. Burke gave the thought for the month: No one would have remembered the Good Samaritan if he'd had good intentions. By Martha Thatcher. Evelyn Tucker read a poem about the American flag and our country and the brave young men and

women who died to keep it free.

Business report. Cleaning up the yard for our Folk Art day camp June 29 at 9 a.m. at Midway. Montez Bryant gave a report on Falling. Falls are a serious problem. Falls are the leading cause of fatal and non-fatal injuries in people 65 and older in the United States. Falls can happen anytime and anywhere to people age 65 and older occur in the home during everyday activities. You can fall walking across a cluttered living room floor, in a slippery bathroom or while standing on a stool reaching into a cupboard. The most common serious injuries, spine fractures and hip fractures. The cost of falls among older people is enormous of high death toll. Safety precautions for your home. Provide enough light to see steps clearly, keep stairs free from clutter. Keep a night light on in the bathroom, use bathroom rugs with nonskid backing. Place a rubber mat or non-skid strips on the bathtub/shower floor. Leave the bathroom door unlocked so it can be opened from both sides. Avoid climbing and reaching to high shelves. Arrange storage at counter level. Remove low tables, footrest and other items from the pathway. Before leaving your bed, sit on the edge for a time to make sure you are not dizzy.

The Hostess for June was Burke Bonds and Evelyn Tucker. And they served the group chicken salad in a taco shell, potato salad, saw dust salad and fruit salad in a watermelon basket, lemonade, ice tea, coffee and Homemade Vanilla Ice cream.

Those present were Burke Bonds, Evelyn Tucker, Sybil Hodge, Montez Bryant, and Lucille Jowers, Eve Moore, Dorothy Hester, Kay Bryant and Cindy Nelson. Missed were Faye Howie, Jewel Starkey, Roxie Yow and Cornelia Martin.

Important dates. June 17th Dairy food contest at 6:30 p.m. Folk Art day camp June 29th.

The next meeting is July 8th, a picnic in the park, at Tishomingo State park 6 p.m. We invite anyone to join us at this time to become a new member.

Missions Of Mercy Guatemala '99

It's that time again, team preparation and final plans for this years mission trip. Local team missionaries include Jesse, Sue and Lydia Massey and Ronny, TJ, Wesley, and Christina Stricklen. God has sent out 42 servants from all over the nation to minister medically and spiritually in the mountains of Guatemala.

Why does anyone give up their summer vacation to serve in a third world country? Because Jesus did and he commands us to go also! Many in Tishomingo County want to be a part of this mission, some special needs are prayer above all, and old eye glasses. Also this year we have a need for small bars of soap and old luggage (very large) that does not have to be returned. Please leave any of these items at Dr. Kitchen's office or call 423-6451 for them to be picked up.

I love each of you and thank you for your prayers.

Lam - Cummings To Exchange Vows June 26th

Mr. Sang Lam and Mrs. Long Vuong of Corinth announce the forthcoming marriage of their daughter Tu Lam Peyton Cummings, son of Mr. and Mrs. Ricky Cummings of Burnsville.

The bride-elect is the granddaughter of the late Mr. Bo Vuong and Mrs. Lien Quach and the late Mr. Huy Lam and Mrs. Tran of Ho Chi Minh City, Vietnam.

The prospective groom is the grandson of the late Mr. and Mrs. Lester Wilkins, the late Mr. and Mrs. Arlie Cummings, and Memphis Cummings, all of Burnsville.

A graduate of Alcorn Central,

the bride-elect received a Bachelor of Science in biology from the University of Mississippi. She is currently attending Southern College of Optometry in Memphis.

The prospective bridegroom is a graduate of Tishomingo County. Earning a degree in Business Administration from the University of Mississippi, he is currently employed as a manager with Quartet in Booneville.

The couple will exchange vows at 1:00 p.m. on June 26 at Poplar Springs Free Will Baptist Church in Iuka. A reception will follow in the fellowship hall of the church. All friends and family are invited to attend.

UDC Met At Iuka Library

The John Marshall Stone Chapter #394 of the United Daughters of the Confederacy met at the Iuka Library at four o'clock May 18, 1999.

Mrs. Mary Ellen Ahlstrom, President, officiated. The Pledge of Allegiance, Salutes to the MS and Confederate Flags, Ritual and The Lord's Prayer were said in

unison. The Scripture and Prayer were led by Miss Ruth Wynn. The minutes of the April meeting and roll call were read by Mrs. Jeanie McKee.

The Treasurer, Mrs. Marquita Mathis, gave her report. Mrs. Vicky Durham reported the Real Great Great Granddaughters Club dues need to be paid. Several members of our chapter belong to this organization.

Mrs. Ahlstrom attended three more meetings as Division By Laws Chairman: District Two in Clarksdale, District Four in McComb and District Five in Biloxi. The meeting in Biloxi was held in the Old Confederate Hospital Building on the Beauvoir grounds. A tour of the museum and the archives department was conducted. They have started a library upstairs. Members were allowed the special treat of viewing old books, papers and documents. The tour included the grounds and through the house.

Mrs. Ahlstrom gave Committee Chairman Mrs. Durham, Correct Use of the Confederate Flag; Mrs. Wanda Walker, Music of the Confederacy; Miss Wynn, Legislation; and Mrs. McKee, Patriotic Activities, report sheets to complete for the activities of the chapter for this year.

Mrs. Ahlstrom presented the program, "The United Daughters of the Confederacy". She is a very knowledgeable twenty year member of the UDC. During her many years of dedication and devotion, our president has held many offices and attended numerous national, state and local meetings. She explained the conception and history of the UDC. The organization has undergone changes as must anything that continues to stand the test of time.

The UDC Magazine is the official magazine of our organization. Products and services advertised do not carry UDC endorsements. Articles are the personal views of the author and should not be taken as statements of the UDC. Each month features a different state. The August issue this year will be

the MS issue.

As with any topic that exists, the Internet provides a wealth of knowledge about the Confederacy and the United Daughters. However, many of these sites are also the opinion of the author and often only contain a small grain of fact surrounded by a great deal of biased information.

The hostess was Mrs. Ahlstrom serving a delightful array of snacks. The door prize was won by Mrs. Mathis.

The next meeting will be September 21, 1999. The hostess will be Mrs. Jeanie McKee. The UDC meets the third Tuesday each month except June, July and August.

Sardis Church News By: Ova Reno

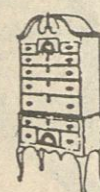

Bro. and Mrs. Fulton Lindsey were our guest speakers Sunday night. They ran films and talked about the prisons he had been in over seas. His wife ran the pictures. It was very interesting. He said if we thought our prisons were bad, he just wished we could see some of those. It was almost ten o'clock p.m. when I got home. I enjoyed every minute of it. If you would like to receive his newsletter call me and I will give the address to you. My name is in the Tishomingo phone book.

I think everyone enjoyed fathers day. Especially Bro. John and Burton, their children carried them out to lunch Sunday. Bro. Jerry and Sue are enjoying a visit from a

granddaughter. She is a very pretty little girl. Sunday's devotional: "Awaiting Deliverance" Romans 8:18-23. Seven eternal results of deliverance from sin (V. 18). For I reckon that the sufferings of this present time are not worthy to be compared with the glory which shall be revealed in us. (V. 19) For the earnest expectation of the creature waitest for the manifestation of the Son's of God. Here it refers to the whole creation. Read the rest and run references. The awaiting is for the redemption of the body.

Creation. "The world we enjoy. Central truth for this lesson. Rejoice in all that God has made us Stewarts of."

Psalms 104: 1-5. Fivefold greatness of God. God greatness declared. Bless the Lord, oh my soul. O Lord my God, thou are very great: thou art clothed with honor and majesty. David is talking of God. He knew alot about God. As much or more as anyone else you know that is alot of our trouble, we don't know God as we should. He laid the foundation of the earth, that it should not be removed. Read the rest 10.13-15, 19, 24, 30-34. With the kind permission of Mt. Glory Church, James Barrett will be Baptized at 2:30 p.m. by Bro. John Stockon. His mother and aunt has joined by letter. You are welcome to attend.

Thanks From The White Family

I would like to say thanks to a community that I have lived in all of my life but never realized how fortunate I was. My daughter Derenda was in a severe automobile accident recently in my hometown of Burnsville. The way the people pitched in and helped when this happened makes me proud to be a part of this community. We always take so much for granted. I believe that God made sure that an EMT and Doctor Tucker was on the scene as soon as the wreck happened, for these two a special thanks because without the combined effort from these two and many others my baby would not be with us today thanks to everyone. What I understand is the EMT was the first on the scene, I would like to thank him but no one knows his name. I would like to ask you to take time to tell your kids or grandkids or any kid that you are close to that you love them because you never know what God has in store for them. Our love ones are very special to us no matter who they may be, sometimes with the world going by so fast we don't take time to tell them that we love them. Please take time to thank God that you have them and please tell your loved ones that you love them and if you have to choke down your pride I guarantee you will feel better, life is too short.

Thanks, Gary White and Family, and Danny Works

Thank You

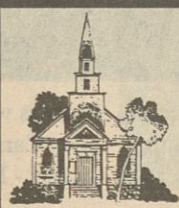

A special thanks goes to all the friends and family of Mr. Dan Wayne Riddle for all the visits, prayers, food, and flowers.

Our deepest gratitude to Bro. Horace McCombs, Bro. Ricky Johnson, and Elder Gene Brimingham. Thank you doctors and nurses at Vanderbilt Medical Center.

Thanks for the beautiful singing by Tanya Riddle Morgan and Danny Murphy.

Thanks to the pallbearers and McMillian Funeral Home. Thanks Kitty Parmar and Christy Tims and Home Health.

Tishomingo Homemaker Volunteers Club

June Meeting

"No one would have remembered the Good Samaritan if he'd only had good intentions." This was the thought of the month read by Ms Eva Mae Strickland, president of the Tishomingo Homemaker Volunteers club, when the club met at her home on Thursday night, June 10.

Ms. Katie Strickland gave a good devotion, reading a poem, "Diary Of A Bible", and Ms. Shirley Thorne led in prayer. Katie also read a poem, "I Am Your Flag", in observance of Flag Day, June 14.

Katie led the group in the pledge to the flag.

Shirley read the minutes of the previous meeting and did the roll call.

Eva Mae reminded the club members about the Dairy Contest on June 17 at the Midway Com-

munity Center and encouraged everyone to attend.

Eva Mae also reminded the club members about the Tishomingo County Homemaker Volunteers Outing on July 10 at the Pickwick Landing Restaurant and encouraged everyone to attend.

Mrs. Jeannette Thorne gave an informative report on "Doctor's Guides to natural Remedies". You can heal a burn by soaking the burn in whole milk or applying a milk-soaked bath cloth to the burn for fifteen minutes every two to six hours and then rinsing the skin afterwards. You can stop an attack of food poisoning by eating several slices of bread but be sure to eat the bread plain and without any butter or jelly applied to the bread.

Eva Mae gave an interesting program on "Don't Let A Fall Be

Your Last Trip". Falls are the leading cause of injuries in people age 65 and over. Other risk factors for falls, besides age, include osteoporosis, stroke, Alzheimer's disease, Parkinson's disease, cancer that affects bones, vision loss, and side effects of medicines. You can make your home safer by removing throw rugs and cords from the floor and keeping clutter off of the floor and stairs, cleaning up spills immediately after they happen, avoiding climbing and reaching to high shelves, wearing low-wheel shoes, and keeping a night light on in the bedroom and bathroom.

The meeting was adjourned with Mrs. Sabrina Welch reading the creed, and everyone enjoyed a potluck meal.

The door prize was won by Mrs. Opaline Crouse.

Also present, not already mentioned, was Ms Louise Puckett. We were glad to have "Little Ms" Jalisia Welch in our midst, as well as her little brother, Jeffery. We were also glad to have Opaline visiting with us again.

We are all looking forward to next month when our annual outing will be at Homer's in Iuka on July 8.

Harmony Club

The Harmony Homemaker's Volunteer Club met in the home of Marquita Mathis on June 21, 1999 with twelve members and one visitor present.

The President, Olivia Jones, called the meeting to order giving

the thought for the month by Margaret Thatcher, "No one would have remembered the Good Samaritan if he'd only had good intentions."

The devotional was given by the hostess, "Staying Charged Up With Lois tucker leading the prayer. Olivia Jones read a very interesting article on "Emergency Phone Numbers."

Roll call and minutes of last meeting was given by the Secretary, Vada H. Kay.

Educational note on Food Safety given by Helen Vaughn.

Olivia Jones read an article on "Don't Fall For Telephone Lines," also one from AARP on Y2K.

Tishomingo County Vocational Center "Serving the Students of Tishomingo County"

In existence since 1968, the Tishomingo County Vocational Technical Center serves high school students and adults by preparing them with skills and knowledge to enter into, or advance in, their chosen occupations. Students have the opportunity to receive "hands on" training in nine different trade areas. The Vocational Center serves approximately 250 high school students each year, and has trained countless former students now gainfully employed in their area of

training. Mr. Gary Taylor, Vocational Director, states, "Nothing is more satisfying than to see our former students succeeding in their careers and knowing that the knowledge and skills they received at the center contributed to that success. We have an excellent staff, skilled in their areas of expertise, who work hard at helping the young people they serve. If I could 'sum up' the relationship our faculty and staff have with the students, it would be this: I have never had a student say to me after

attending the Vocational Center that he or she wished they hadn't attended. I have had several say they wish they had attended more years than they did."

Classes at the Center are designed not only to teach marketable skills, but also to serve as pre-requisites to many areas of post secondary study. Upon graduation, approximately 28% of our students continue their studies in a college setting. Northeast Mississippi Community College alone offers continued

studies in all the areas taught at the Vocational Technical Center. Graduates of these programs usually have little trouble finding employment that is satisfying as well as rewarding. There are former students from the Vocational Center employed within the Tishomingo County area as doctors, lawyers, engineers, nurses, teachers, and in many other professions that require extensive college study. These former students stand as reminders that anyone can benefit from vocational and

technical training.

On May 27th, the Vocational Center held our 26th Annual Awards Banquet, honoring the 1998-99 Outstanding Students and Outstanding Club Members for each area. Area businesses contributed over \$3,200 in scholarship funds in Vocational students interested in continuing their education. We dedicate this page to those students who distinguished themselves in their studies this year.

National Award Winner
JayeAnna Harper

The United States Achievement Academy announced today that JayeAnna Harper from Tishomingo, MS had been named a United States National Award Winner in science.

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes fewer than 10% of all American high school students.

JayeAnna, who attends Tishomingo Middle School, was nominated for this national award by Charles Black, a teacher and coach at the school.

JayeAnna will appear in the United States Achievement Academy Official Yearbook, which is published nationally.

"Recognizing and supporting our youth is more important than ever before in America's history. Certainly, United States Achievement Academy winners should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of the United States Achievement Academy.

The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors, and other qualified sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability, and recommendation from a teacher or director.

JayeAnna is the daughter of Beverly Harper and the late J.E. Harper from Tishomingo, MS. The grandparents are Cornie Parrish and the late Joe Parrish of Tishomingo and the late Rev. and Mrs. Odus Harper of Tishomingo.

The number of children per woman has decreased from 3.6 in 1960 to 2.0 today.

Burnsville Happenings

By: Donna Burns

Happy Thursday! I hope everyone had a great week. Mine was great!

VBS or Vacation Bible School was great last week at Burnsville. The First Baptist Church of Burnsville had their Bible School on a Saturday and the turn out was great, the crafts were fun and also educational.

Burnsville Church of Christ had their VBS last week and Brother Steve said if they had 120 turn out for VBS he would kiss a goat, yes my friends a goat! Well,

he was goat bound from the start because on Monday night they had 95. And on Wednesday night they had 125. A whopping 5 to spare. Pucker up and say goat, Brother Steve. Ice cream was served on Friday night. The theme was Great Bible Characters of the Bible. Thanks to all who came and all who worked to make these VBS a success that they are. And thanks to the parents, VBS is important and your help and participation is appreciated.

Happy birthday, Mr. Chase!

Over The Rainbow. Rainbow 4-H in review is by Joseph Burns. When school started we had a back to school drive for clothes for the needy. December, we had food, toys, and clothing for the needy. We adopt the Burnsville Library; help with National Library Week, the summer reading program, and do community service programs. Our Community Pride Grant this year

went to build a butterfly garden at the public library and do a weeklong day camp for the area. Those helping with the camp were wood working 4-H, Entomology 4-H and Boy Scouts Troop 75 and Cub Scouts Pack 75 and Girl Scouts of Melissa Lambert's and Pam Mackey. The project of Rainbow's has been an on going project to do with nature, recycling, an resource awareness for at least 9 years. In the past it included even Rainbow park. Today we work on educating the public on environmental issue and answers with workable answers and nature study projects such as the butterfly garden at the public

library and free day camps for the public, with other groups helping it show a unity of community to achieve a common goal that of environmental education and awareness. Thanks to all the people who help with these programs, some are the Corp. of Eng. Danny Owen, Mary Baldwin, the Burnsville Fire Fighters, and a lot of others. Thank you all. Rainbow will be working on some other projects with our area at its interest. That's my Over the Rainbow report for now, have a safe summer.

After Christmas Pack 75 and Troop 75 boy Scouts along with Rainbow 4-H attended the T-Rex and Russian hockey game it was great. Maybe we can do it again this year.

Have a great weekend.

Y2K READINESS DISCLOSURE
PURSUANT TO PUBLIC LAW
105-271

The year 2000 computer problem, or Y2K as it is commonly known, is an issue that almost all businesses face as we near the Year 2000. Tishomingo County Electric Power Association is no exception. We are preparing for Y2K by taking a positive approach to analyzing, modifying, and testing critical computer applications and devices that are controlled by computer chips or processors that may be affected.

Tishomingo County Electric Power Association has developed a plan to address this problem. We have conducted an inventory of automated systems, including computer hardware, computer software, communication systems, embedded chips and key service vendors. The critical components identified through this process either have been or will be remediated in time for the new millennium. In addition, we have also requested certification of readiness from our vendors to determine the status of critical systems and we are requiring that current and future purchases be compliant. TVA as our power supplier has and continues to implement a comprehensive Y2K review and remediation plan. Finally, TVA and Tishomingo County Electric Power Association are in the process of developing a contingency plan so that we can resume normal operations in the event of a system failure.

We believe our distribution facilities will be capable of operating without significant interruption caused by the transition into the next century.

Thank you for your interest and support of Tishomingo County Electric Power Association.

Tops Collected For Charity— Mrs. Mariann Beals's seventh grade English class, along with Mrs. Jane Robinson's fifth grade history class, collected pop tops from aluminum cans during the last semester of school. The drive coincided with the classes' Civil War unit. A goal of 265,000 (the approximate number of fallen Confederate soldiers) was surpassed. The flip tops were presented on May 11 at Iuka Middle School. This gave the student body a chance to visualize the astonishing number of Confederate dead. John Barnett played Taps, Civil War re-enactors from the 48th Tennessee stood at attention throughout the presentation. Students collecting the most flip tops in each grade earned \$20. They were Sidney Sanders and Clint Whitfield. Thank you to the many parents, grandparents, churches and businesses who donated the tops. Money from the recycled tops went to The Ronald McDonald House.

Blood Glucose Monitor Winner—The Segars Clinic participated in Iuka's Heritage Day festivities again this year. As a contribution to the community, a free blood glucose monitor was given away. The winner was Shirley Grimes (center) of Burnsville. She is shown with Segars Clinic employees Teresa South RNRVT and Kim Strickland MLT.

Y2K? Y 2 Care: Protecting Your Finances from Year 2000 Scam Artists

"I got a call from a man who said he represented my bank. He said they're having trouble preparing for the Year 2000 and that I need to transfer my money to a special account until the bank can comply with the Year 2000 requirements. I hung up when he asked me for personal information. Did I do the right thing?"

"I got a call from a woman who said she needed my credit card number to verify that the card would work after January 1, 2000. Is this a scam?"

Yes! The confusion surrounding Y2K provides one more opportunity for scam artists to take advantage of consumers.

Protect Yourself. Never give out personal information - including your bank account or credit card numbers - over the phone or online unless you're familiar with the business and have initiated the contact. Scam artists have a way with words. Don't fall for lines from strangers telling you how to "verify" their identity. Scam artists can use your personal information to commit fraud against you.

Be on the alert for unauthorized charges to your credit card. If you haven't authorized a change, don't pay it dispute it. Follow your credit card issuer's procedures for disputing a charge. If you notice unauthorized debits to your checking or savings account, contact your financial institution immediately.

immediately.

The Y2K problem... the Y2K glitch... the millennium bug. Whatever you call it, it's the inability of some computers and computerized systems to correctly recognize dates after 1999. Many products have microchips that have been programmed to process only the last two digits of a year on the assumption that the first two would be 1 and 9. As a result 98 is read as 1998, and 00 could be read as 1900 instead of 2000.

Financial institutions are

taking steps to ensure their computer systems are ready to process transactions properly as of January 1, 2000. In fact, they are required to be Y2K compliant before the century date change. Federal regulators have a comprehensive Y2K program underway that include examination of federally insured depository institutions, including banks, thrifts and credit unions. And the Federal Reserve has arranged for printing additional currency in 1999 so that extra cash is available to bank customers.

Have questions? Call your financial institution. Ask your financial service provider about its plans to deal with Y2K. If you're not comfortable with the response, consider doing business elsewhere.

Ask your provider about contingency plans for system failures. If you don't normally

maintain financial records, you may want to consider doing so in preparation for the Year 2000. That way you'll have proof if something happens the computerized records. At a minimum, keep a six-month paper trail - three months before and after the date change - on significant transactions, such as mortgages, stocks and insurance.

Make sure your deposit receipts and periodic statements are accurate. Report discrepancies to your institution. Keep canceled checks, bank statements and check registers as proof of payment for at least several months before and after the date change. If you bank by computer, download your transaction records and store them on a backup disk. You also may want to print out downloaded records in case backup disks are contaminated with Y2K problems.

Keep credit card receipts for

purchases and cash advances made on or around January 1, 2000. Compare them against your billing statements. Report discrepancies to your card issuer.
