Tishomingo County Authorities Arrest Four In Connection With Break-In In Leedy Community

by Angela Lambert

Four suspects were arrested recently in connection with a break-in at a residence in the Leedy Community.

According to Tishomingo County Sheriff David Smith, the suspects included Rex Franks, Jr., 18, of 1402 Gene St., Savannah, Tenn.; Donald Franks, 40, of Apt. 36, Oak Hill Drive, Savannah; Anthony Paul Fuqua, a.k.a. Anthony Smith, 18, of Burnsville and James Michael "Sarge" Voyles, 37, of 31 County Road 296, Burnsville.

Sheriff Smith explained that the Sheriff's Department received a call on May 12 about a break-in at the residence of Johnny Huggins, on County Road 260 (also known as Leedy Road). Among the things stolen from the residence were a VCR, fishing gear, audio equipment including stereo, 600 watt amp, box speakers, etc. Also taken was the family Bible.

The officers received a description of a man and a vehicle seen leaving the residence which led them to Anthony Fuqua (Smith).

This suspect was arrested and has been charged with petit

larceny and contempt of court.

Further investigation, including information given in a statement by Fuqua, led to the arrest of Rex Franks, Jr. on charges of burglary and larceny and Donald Franks on charges of grand larceny. James "Sarge" Voyles was arrested on charges of DUI, Failure to Yield To An Emergency Vehicle, no driver's license and resisting arrest and was held for questioning concerning this crime, according to Chief Deputy Rodney Pannell.

Rex and Donald Franks and Anthony Fuqua (Smith) have all been extradited to Hardin County Tennessee where they are facing additional charges. Voyles has been transported to the Mississippi Department of Corrections for parole violations.

All merchandise taken from the Huggins' residence has been returned except for the family Bible, which officers believe was discarded by the suspects.

Law officers working on the case included Sheriff Smith, Deputy Pannell, Deputy John David Murphy, Deputy Ricky Inlow, Investigator Bobby Flynt and Burnsville Police Chief James Trimm.

TCEPA Increases Emphasis On Danger Tree Removal

Beginning June 1, 2000, Tishomingo County Electric Power Association is implementing additional efforts to cut trees that create a potential for outages by falling on power lines. Power outages are problems that cause inconvenience, discomfort, lost business revenues for consumers, and increased operating costs for the power association. The degree of problem can be compounded if the outage takes place outside of normal business hours. The outage is prolonged by the time required to notify stand-by crews and dispatch them to the source of the outage.

"We're discovering a large number of dead trees that were not identifiable during the fall and winter," said TCEPA Manager Robert Grisham. Disease, insects or low rainfall have caused a

significant kill of trees, particularly red oaks, that are adjacent to power lines.

Grisham states, "To minimize the costs of this effort, TCEPA will perform the work with existing crews. We presently have two full-time tree trimming crews. Construction crews will be assigned tree-cutting work to speed up the removal of these danger trees. Due to the urgency of this task, we won't be able to trim or cut trees affecting individual services, and will be doing limited debris removal. If you have trees or limbs that pose a danger to the electrical service to your home, there are a number of qualified contractors listed in the phone directory who can provide this service."

Should you have concerns regarding our cutting of these trees on your property, please call us at 423-3646 during business hours.

Nelson/Jordan/Hill Families Host Annual Reunion

James Jefferson Nelson was one of fourteen children born to Robert Sparks Nelson (November 15, 1826 - February 20, 1907) and Catherine Jane Blackledge Nelson (January 13, 1836-March 3, 1918).

Robert S. Nelson and Catherine J. (Blackledge) Nelson migrated to Franklin County,

Alabama in 1832, during a time when countians talked about the high cost of living and burning the midnight oil as a method of "keeping the wolf from the door".

The community where they settled was called "Nelsonville" in 1870 and since has been renamed Nauvoo and Old Nauvoo. many Nelson related families still live in the Franklin County area. James Jefferson Nelson was born April 24, 1862. He in later years, moved on to Tishomingo County, Mississippi where he married first Alice Catherine Jordan

(pronounced Jourdan) with whom he fathered thirteen children. Alice Catherine was born January 1, 1867 to James Monroe Jordan (August 26, 1844 - July 15, 1912) and Sarah C. (Gober) Jordan (July 25, 1842 - September 1, 1895).

Their children were: (1) Jessie Lee Nelson (September 27, 1884 - August 29, 1912); married I.H. Harvey. (2) Essie M. Nelson (May 22, 1887 - January 4, 1966); married Perry T. Hill. Note: Perry T. and Hester Hill (second wife of James Jefferson Nelson were brother and sister). (3) Sarah G. Nelson (March 9, 1888 - February

24, 1912). (4) Oscar O'Neil Nelson (June 8, 1889 - October 15, 1963); married Mae Ramsey. (5) James Omer Nelson (September 2, 1891 - May 21, 1957); married Altye Callicott. (6) Charles O. Nelson (January 18, 1894 - January 26, 1894). (7) Elie M. Nelson (February 20, 1895 - February 28, 1895). (8) Marshall "Mark" Price Nelson (January 28, 1896 - September 21, 1974); married Autie Cleo Timbes. (9) Eula Odell Nelson (September 22, 1898 - March 20, 1939); married John Solomon. (10) David Eugene Nelson (October 9, 1901 - August 25, 1943); married Letha Velma Greene. (11) Stella Alma Nelson (July 15, 1904 - January 11, 1981); married Milford Alton Rutledge. (12) John Thomas "Tom" Nelson (April 21, 1907 - May 30, 1985); married Laura "Kirksey" Coleman. (13) Cayce "Ione" Nelson, born January 16,

1911; married Morris Glasgow.

Alice Catherine Nelson died February 15, 1917 and is buried in the Rutledge Salem Cemetery. Her father James Monroe Jordan, served in the 4th Alabama Cavalry, was Probate Judge in Franklin County, Alabama for several years, was a teacher, tax collector/assessor, and a farmer. Judge Jordan and his wife, Sarah reared ten children of their own, and six or eight of his sister's (Mrs. Nelson), children after the death of their parents. There were some 15 children in the Jordan house at one time.

On July 24, 1912, J.J. Nelson married Hester Hill in Tishomingo County, Mississippi. Hester was born April, 29, 1880 to Mike Cager "Micajah" Hill (March 12,

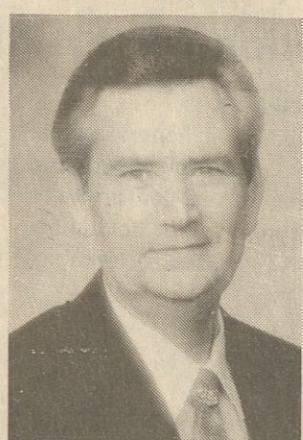

1839 - July 11, 1912) and Isabella Jane (Dean) Hill (February 7, 1849 - November 12, 1916). To this union five children were born: (1) Horace "Delton" Nelson (April 23, 1913 - October 24, 1989); married Frances Corine Bell. (2) Noonan D. Nelson (July 11, 1914 - May 17, 1994); married Nadine Lamberth. (3) Ruby Nelson, born August 19, 1916; married Donald L. "Buck" Davis. (4) Evelyn Nelson, born May 17, 1920; married J.L. Owens. (5) James Tulon Nelson (January 11, 1923 - August 31, 1987); married Doris Graham Haines.

Mike Hill was a Private in the 26th Mississippi Infantry. He and his wife, Isabel, (also called Isabella), had twelve children: Martha Ella Hill (Gray), George Lewis Hill, Mary E. Hill (Lowery), Nathan Hill, James Cole Hill, John W. Hill, Charley C. Hill, Hester Hill (Nelson), Walter N. Hill, Perry T. Hill, Kizzie Ann Hill (Smith), and Tinnie Hill (Vinson).

J.J. also served his country in World War II (no other information available at this time) and died June 29, 1928 in Tishomingo County, Mississippi. He is buried in the Rutledge Salem Cemetery. Hester Hill Nelson died August 30, 1965 and is buried in the Spring Hill Cemetery.

On September 27, 1997, 36 family members (from both marriages) gathered together in Holcut, to begin their first annual family reunion. In 1998, the group moved to the old Midway School House for their 2nd Saturday in July reunion to be held each year.

Margarine was invented in the 1860's by Hippolyte Mege-Mouries, a French chemist.

Cortney's Community Chats

By Cortney Compton

It's nice to be important in this world, but more important to be nice! My grandma always encouraged me to treat others the way I wanted to be treated. When I was a little girl that was hard to understand when others would hurt my feelings! Now I realize we all have our own personal faults. We should always love our enemies, but discourage their

actions. They are only human, and make mistakes too. I hope you will always treat others the way you want to be treated. This world is filled with so much hate already. The love you share with others could make all the difference in the world. Remember, it's nice to be important in this world but more important to be nice!

Home Economics Tips

Shopping With Children

Shopping Is Hard For Kids!
*Plan trips after meals/naps, if you can.

*Allow time to get ready.
*Tell your children before leaving: Where you are going, What you will be doing, and What they can have.

*Loosen or remove coats on arrival.
*Take crackers or fruit for a snack.

*Bring a favorite toy.
*Have a child look for things on your shopping list - cereal, soap or tape.

Keep In Mind, It Is Hard To:

*Stay in one position,
*Sit in a cart with legs dangling,
*Walk while holding mom or dad's hand.
Take time to rest. It helps!
If your Child Has A Temper

Tantrum:
*Never threaten to leave your child.

Keep your cool; don't spank. Help him/her calm down.
*Sometimes it's best to go home.

Never leave a child alone in a car. Never walk away, even for a moment, from a child in a shopping cart.

INSIGHT INTO EYESIGHT

Dr. Phillip Gray OPTOMETRIST

Ancient Eyeglasses

Eyeglasses have been around for at least a thousand years. Indeed, there is evidence that the ancient Egyptians and Assyrians used some sort of magnifying lenses to improve their vision.

No single individual can be identified as the inventor of eyeglasses. By the tenth century, glasses turned up simultaneously in such distant and unrelated places as Europe and China. When Marco Polo made his journey to the East, he observed that the Chinese used specially ground lenses to read fine print and unground colored crystals to protect their eyes from the sun's glare.

In Europe, during the Middle Ages, monks were just about the only beneficiaries of improved sight through glasses. As the literate elite in an age of mass illiteracy, these men were among the few who needed to have perfect vision. This does not mean that others did not have eye problems, of course they did. It simply means that their visual needs were not great enough to justify the use of glasses.

A Word About General Health Care

Vaccines help protect your dog from infectious diseases, but other aspects of your pet's health are especially important, especially nutrition and parasite control.

Your veterinarian is your partner in insuring the best preventive care for your canine companion and friend. See your veterinarian on a routine basis to keep your dog's vaccinations up to date, and follow his or her advice.

Your veterinarian can also keep you informed about new developments for providing a long, healthy life for your pet.

See you veterinarian for any questions you may have concerning your pet or concerning vaccinations for your pet.

GFWC-MFWC Twentieth Century Club News

The Twentieth Century Club met in the lovely home of Hostess Mildred Hill on May 11 to plan their Spring Social and other spring activities and to learn more about the General Federated Women's Clubs' International Affairs Project Smile.

The club was led in the Pledge of Allegiance to the American Flag by Mildred Hill. She then read "May You Have" and "The Road of Life" for the devotional.

Secretary Fredda Sanderson called the roll with members, Nancy Daugherty, Jo Farrow, Mildred Hill, Jewell Kitchens, Joy Kitchens, Libby Murtagh, Marguerite Nixon, Zenobia Oaks, Jo Russell, Fredda Sanderson, Willadeen Thorne, and Maxine Wade responding with the name of a European country. Secretary Sanderson then read the minutes

from the previous meeting and they were approved as read.

Treasurer Willadeen Thorne then gave the financial report. In other reports, President Jo Farrow reported that our club had done well at the MFWC State Convention placing in four categories and receiving six certificates; Zenobia Oaks reported that the beautification of the Tishomingo County Walking Park had gone well with the club planting Stella D'Oro Daylilies in the beds (the club is grateful for the contributions to the project from McBride's Garden Center); the May judging committee for the Yard of the Month reported that they had selected the yard of James Adkins and Mr. and Mrs. David Williams of 702 Gann Street; Fredda Sanderson reported that the Library Easter Egg Hunt had been well-attended and was a

success; and, President Farrow reported that Mayor Nichols had signed a proclamation proclaiming Federation Day, April 24, 2000.

In unfinished business, Jo Russell announced that the Spring Social will be held at the Magnolia Restaurant on May 25. She requested that each member write something about themselves that no one else knows and also some funny club-related incident.

In new business, the art judging committee was selected for the Iuka Elementary School Art Contest on May 18; the H.L. Shook Scholarship and the Edna Earl Tapp Scholarship were to be awarded at Awards Day at TCHS on May 12; the club voted to furnish the refreshments for the Summer Reading Program's Awards Day; and, the club decided how many pecans to buy for the pecan sale this winter.

After the business session, Program Leader Joy Kitchens, explained how to find material for a club-related program and showed a videotape about the GFWC-sponsored Operation Smile where doctors, nurses and

other volunteers go to underdeveloped countries and improve the quality of life for children born with facial defects by offering free corrective surgery.

After the program, Hostess Mildred Hill served a bountiful and delicious buffet with coke or coffee.

The white elephant door prize was won by Jo Farrow.

Introducing Fenton Glass at Cozy Corner

Countersign Commemorating our 95th Year!

Fenton Art Glass • 1905 - 2000

Back in 1905, when my grandfather, Frank L. Fenton, and great-uncle John founded the Fenton Art Glass Company, their passion for creating beautiful art glass became a reality. Adventurous "glass pioneers," they were always experimenting with new decorative techniques or unusual glass formulas. Today, that same pioneering spirit and joy of creating glass artistry is shared by the Fenton family and our "extended" family of talented and dedicated employees. Please join us as we celebrate our 95th year.

Letter To The Editor

To All The Concerned Citizens Of The City Of Iuka
And The Citizens Of The Proposed Area Of Annexation

In the beginning, when the annexation was first brought to the public's attention it was proposed to include 300 homes and 600 people. It was later noted and changed to only affect 100 homes and 300 people. This is not true. It will affect every home and every person residing within the City Limits of Iuka. The reason being - COST.

In response to an article written and published by Angela Lambert in the Tishomingo County News (May 25) "Iuka City Leaders met with opposition over Annexation".

The concerned citizens of the proposed annexation voiced their concerns about the cost of the annexation vs. the amount of tax dollars to be collected. When the people of the proposed annexation asked the Board of Aldermen about the cost, the Board stated "They have not even looked in to the cost". The Board also stated "They planned to annex the area and figure out how much it would cost the City of Iuka, later". This is a matter not be taken lightly, for it affects everyone, not just those involved in the annexed area.

As the people of Iuka know, the City borders on the line of adequate Fire Protection for the citizens of the City of Iuka at the present time. According to Alderman Beth Davis; The city will be up for a new fire protection rating this year "2000". What will happen when the city annex's the proposed area and adds 100-300 more homes, citizens and not to mention the vast area of acreage? Will the city have to raise taxes to pay for a new Fire House, Fire Trucks and personnel to man this station? Will insurance cost be raised for ALL involved?

As for Police protection - We have adequate protection, furnished by the County, who is doing a fine job of serving and protecting our family and property. We have no complaints.

As for lower Water Bills - the City has already taken over Pleasant Hill Water Association and most of the residents have not seen these lower water bills. To the contrary, some residents stated at the meeting that they actually have had an increase in their bills. It was suggested at the meeting by Alderman Buddy James that one of the reasons for the proposed area of annexation was the fact that the people of this area already had City Water and Gas. Yet it was also noted that the City is in

the business to sell Gas and Water and the people of this area are buying this product/service. It would appear that the City is already making money from the people south of the City Limits, without any further cost to the residents who currently live within the City Limits.

As for Sewage - This was a major concern for the residents at the meeting. It was brought to the attention of the Board of Aldermen that if the City should decide to annex this proposed area - They would have to install City Sewage to every household. The State Certified Sewage system currently in place for the residents of Woodall Mountain Estates would be condemned and have to be filled in. How much would this cost the citizens already residing within the City Limits? How long would it take to complete the process? Would there be a cost to each and every household within the proposed area of annexation?

There are some residents in the proposed area of annexation that have their own wells for water. "These wells would have to be filled in," as stated by Mayor David Nichols. Septic Tanks would also need to be filled. The area in question is very diversified. It contains Residential, Commercial and Agricultural lands. How will zoning affect the residents? One area of particular concern is the Fun Land Race Track - Golf Range. This is obviously commercial property as well as residential. The owners of the property live near by, they also lease land to the Tombigbee Hunting Club, which is considered agricultural land. What will happen to the Hunting Club?

Part of the proposed area is Woodall Mountain Estates, this area in particular is being considered because of the tax base, according to Alderman George Long. It is still a new and growing community and many of the residents stated at the meeting

that if they had wanted to reside within the City Limits they would have purchased property/homes within this area. The other residents have lived in the proposed area for many years and some have several acres of farm/hunting land. They also stated that they have no desire to be annexed into the City limits.

We all know that the newly elected Chief of Police - Randy Stringer has a home within the

area in question. It is also noted that he currently rents a home within the City Limits. One can't help but wonder if the annexation of this area is a resolve for this "conflict of interest".

The Board of Aldermen stated at the meeting that they just wanted to "Hear how the residents of this proposed area of annexation felt and that if the people DID NOT want it, then they would not ANNEX". There were two petitions submitted to the board containing approximately 75 names or the equivalent of 3/4 of the majority of the people to be affected. These petitions state that the People of the Proposed Area of Annexation - Do Not Want to be annexed.

The Board will meet again on Tuesday, June 6 to vote. Please make plans to attend. This will affect everyone residing within the City Limits as well as those within the area proposed.

Sincerely,
The People of the proposed annexation.
S. Barnett

Letter To The Editor

On March 7, 2000 the five city aldermen, Beth Davis, Buddy James, Scotty Skinner, Jackie Bryant, and George Long, all voted to amend the city zoning ordinance so that "automotive vehicles and trailers of any kind without current license, inspection sticker and without being in operative condition shall not be parked or stored on any zoned property other than in a completely enclosed building."

The city began to work to encourage individuals to clean up the junk yards and untaged vehicles. There was a lot of progress made, and the folks who did this are to be commended.

It is my understanding that at the next city board meeting on June 6, 7:00 p.m. at city hall a motion will be entertained to abolish the regulation against unlicensed vehicles.

The town already looks so much better we want to encourage the aldermen to leave the ordinance alone and have the board use their example and influence to continue to improve Iuka's appearance. Please let your aldermen know by phone or mail how you feel on this subject. Everyone is invited and encouraged to attend the board meeting Tuesday night, June 6, 7:00 p.m. Iuka City Hall.

Read-to-Me Program At Iuka Library

Grandmother Debbie Hudson knows the importance of reading to her grandson Jacob Bobjak, son of John and Stephanie Bobjak of Iuka. She realizes that it is never too early to start reading to your children or grandchildren. Even babies can begin to turn the pages of a cloth or cardboard book while sitting in the warm comfort of a lap. Infants, toddlers, or preschoolers can become successful readers by being read to. Experts agree that the most important thing a parent can do is read to their children at a very young age.

The Iuka Public Library will sponsor a Read-to-Me Program for preschool children this summer to encourage parents to read to their children. Parents, grandparents, older brothers and sisters, baby sitters and other caregivers can share the fun of reading with the children.

The program will be held in conjunction with the regular Summer Library program. Children wishing to participate should visit the library on Wednesday, June 7th to register.

Guidelines for the program are:

1. Preschool children must have 15 books read aloud to them to earn a reading certificate, a prize at the Awards Party and a Wacky Pack Kids Meal coupon from the Sonic Drive-In.
2. For 30 books read aloud, participants will receive a reading certificate, a free coupon from the Sonic Drive-In for a wacky Pack Kids Meal and a prize at the Awards Party. They will also be eligible for a drawing for a grand prize.
3. Read-to-Me participants are invited to the Summer Library Program Awards Party on Wednesday, June 28 at 10 a.m. to enjoy the storytelling by William McMullin.

The Read-to-Me program is sponsored by the Iuka Public Library, the Mississippi Library Commission, Friends of the Iuka Library, Sonic Drive-In, First American National Bank, Dr. Margaret Glynn, and the 20th Century Club. For more information contact the Iuka Library at 423-6300.

Jones Dance Theatre will present "Baby Take A Bow" under the direction of Rhonda Dill on Saturday, June 3, beginning at 7 p.m. at Tishomingo County High School Auditorium. The public is invited. Admission is FREE.

Lighthouse Academy Of Iuka New Student Registration

Lighthouse Academy of Iuka will begin accepting applications for fall enrollment this Thursday, June 1, from 8:00 a.m. until 7:00 p.m. Interested applicants will need to bring the following items: Kindergarten - 4 years old / Kindergarten - 5 - birth certificate and immunization certificate of compliance; Grades 1 through 9 - final report card; Grades 10 through 12 - final report card of each year of high school or a copy of credits received during high school.

Lighthouse Christian Academy is a non-profit outreach ministry of Mission Lighthouse Church in Iuka. LCA was established in 1997 with two goals in mind: first, to evangelize the gospel of Jesus Christ to every student and their families; second, to help each student establish a solid academic foundation along with Biblical training within a Christian environment.

LCA is being successful in both areas by offering a daily Bible class in every grade which promotes positive traits such as love, trust, honesty, character, and integrity. These classes help build self-confidence as well as self-esteem. It is a great joy in watching a student open up to Christ and begin a new outlook on life. Their personality and their grades improve drastically.

LCA is not a school of "trouble" students. In fact, the majority of our students are average and above average. However, we have been successful with helping those who have experienced some hardships along the way. LCA has three advantages most schools cannot or do not offer: Daily Bible classes, the A Beka Curriculum, and one-on-one training.

If this sounds like an environment in which you would like your son or daughter to be in, please call or come by for more information. Financial assistance is provided. Special financing available for only one more week. LCA

Sardis Church News By: Louise White Family

We at Sardis extend a welcoming hand to all who wish to come together in the name of the Lord Jesus. We've been blessed with another week of life and the opportunity that goes with it of spreading God's word and enjoying good fellowship with one another.

Verse of the week: "How much better is it to get wisdom than gold! and to get understanding rather to be chosen than silver!" (Proverbs 16:16)

Years ago a lowly Jewish orphan girl was raised by her cousin and was unlikely to become much. However, she had remarkable beauty which won her a spot among the many women who longed to catch the king's eye. When she learned of the wicked scheme an adversary had planned which would eliminate the nation of Israel she made a decision to try to save her people even if it meant death to herself. You see, the people had been under Babylonian captivity for many years and when they had the chance to return to the city of God, many chose to go to another foreign land instead of returning to Jerusalem after Babylon was conquered

by Persia. Their devotion to the Lord had faded, and they were no longer following the practices of the law handed down to Moses. But as God had already instituted a plan for Esther, she became Queen of Persia even though she was a Jew, because the King was unaware of it. Marriage to a Jew was strictly forbidden in the Persian empire but God placed Esther in the right place for this to happen. Esther asked the Jewish people to fast and pray for three days. Mordecai, her cousin encouraged her to expose the evil plot against her people to the King and she did. The King then took measures needed to save the Jews. God will place a challenge before you and it may be extremely difficult to complete, but to turn away means spiritual defeat. Esther had no idea she would be given such a huge responsibility. God could have chosen someone else, but He chose her. As we confront situations in life, we should remember these come directly from God and we should seek to accomplish His will in every instance. God has chosen us to take part in the work of His

kingdom and the goal He has in mind for you will always be for your good and His glory.

We had several visitors which added to our Sunday worship and we hope to see you next week. Brother John sang a special song, "Face to Face" which was a blessing. We missed those unable to attend and each of you are in our prayers.

On a personal note, we senior citizens at the Tishomingo State Park Lodge went to the Mall of Corinth for the Spring Fling which is an event held each year for the senior citizens of this area. We thank the sponsors for donating their products, money and time for this special event. It is nice to be appreciated in this way and we enjoyed every minute of it as we do everything that is planned for us.

I would like to remind everyone in our family about the Parsons Reunion held each year on the second Sunday in June. I look forward to seeing everyone there.

To The Family Of Marie

It's so hard in times like these.
To be all you think you can be.
You gave all your heart could give.
And you wonder if it's enough
God knows and understands.
How hard it is to let someone go
Who's close to you

But he always said he would never put more on you than you could bear.

Just remember now, she's going to a better place.
Yes letting go is hard to do.

Take it from me, I'm just now letting my mother go of whom I lost 3 years ago. I pray she's in a better place. I believe the hardest thing is, living on this earth the way it has become.

How wonderful Heaven must be, if I ever make it there. I'll just ask Marie...

Love,
Terri Dillard

Zack's Devotional Corner

"You only have I known of all the families of the earth: therefore I will punish you for all your iniquities. Can two walk together, except they be agreed?" (Amos 3:2, 3).

Israel had a special relationship with God. She had blessings and privileges that no other nation enjoyed. God had worked miracles on her behalf. He had brought her up out of Egypt and taken care of her in the wilderness. Finally he had brought her to the land of Canaan. She had the tabernacle, the priesthood, the prophets, the old Testament scriptures. In spite of these blessings, Israel had turned her back on the ways of the Lord.

"Therefore" God said that He would bring judgment on her. She who had enjoyed special blessings would now have to endure special judgments. Much had been given and much was now required.

The same principles apply today. Those who have been blessed to know the Lord have great responsibilities.

How is it with you? Do you desire to walk with the Lord? then you must "agree" with Him as how you are to live.

Natural Gas System

The local gas system will be enforcing its "Dig" requirements in 2000. Since most natural gas accidents result from construction or excavation close to gas mains, it is important that anybody who does digging or construction or excavation first contact gas operators who will mark all adjacent gas mains.

For home dwellers, natural gas is not dangerous unless it is "loose" in your home or business. Gas people put an odorant into the gas so that you can detect if gas is leaking. This is for your protection. If you smell gas in your home or business, leave the premises and call from a neighbor's home. The number to call is Day 438-6302 or 438-6402, night 438-8100.
