> "fight" over the opportunity to be a chauffeur when the pilots, who fly in for physicals, are of celebrity status." Dr. Kelly added.

Cameron noted that he has been coming to Iuka for about 17 years for his commercial flight physicals. He is an accomplished pilot who flies small planes, jets, and helicopters.

Although his name is not recognizable to many of us average folks, Duncan Cameron is well known in the world of country/pop music. The group Sawyer Brown is known for such hits as Step That Step, Leona, I Did It For Love, Some Girls Do. and The Race is On. Duncan, who is very personable and who was very easy to talk to, said that Sawyer Brown had been on the road traveling by bus most of the last month. He was on his way to Flint, MI, by way of Iuka. He added that he was constantly traveling and Sawyer Brown had been especially busy this summer. They have just completed a new album that has three or four songs he thought were really good.

Duncan was very complimentary of Dr. Segars and his staff. He also said he is glad to have a place like Iuka to come and get his physicals quickly. He said getting into and out of doctors' offices in larger cities is not very convenient. He also added that he likes having someone pick him up and take him back to the airport.

"President George W. Bush kept his promise to give America's workers tax relief', Newt Newton, said Tishomingo County

The tax relief represents the largest tax cut in 20 years and according to this plan, Tishomingo taxpayers will continue to see a tax cut for the next 10 years. Additionally,

Tishomingo workers should notice larger paychecks because the government will be taking out less taxes.

The Department of the Treasury estimates that 735,000 checks will be mailed to taxpayers in Mississippi totaling \$310 million in refunds. Close to 92 million checks will be mailed nationwide between July 23 and September 30.

Home Economics Tips

WOMEN'S FASHIONS A Techno Mix Abounds

Fashion, like the economy, is cautious this season. But, also like the economy, it's full of interesting happenings. Suburban chic exists side-byside with daytime corsetry; skirts with ragged, almost savage, edges are tamed by pairing them with softly tailored jackets. Black is the color of record, but brown is around. Gray looks great. Then there is red, green and the whole spectrum of the

pink/plum/purple family.

The Jackie Kennedy exhibit at New York City's Metropolitan Museum of Art is making its presence known in the fashion world. Shift dresses, pants mated to turtlenecks and cardigan sweaters, and the equestrienne look all owe a fashion debt to the former First Lady. Horseplay fashions include riding breeches, sweaters patterned after jockey uniforms, hacking jackets, harness fastenings, mink jockey scarves, blanket plaid capes, quilted barn

CARPE DIEM

There are two aspects of our existence that can be blessings or curses, depending on how we handle them: our memories and our dreams. We can recall our past with warmth and affection, learning from the mistakes and cherishing the good times, or with regret we can try to relive our lives in a circle of frustration. Likewise, it is our choice as to how we approach our future. We can with hopeful anticipation plan for where we want to be, or we can allow anxiety and worry to impede our progress. As someone has said, the challenge is to cherish our yesterdays and dream our tomorrows but always to live our todays. Phillips and Dawson, P.A. Lawyers

jackets, horn buttons, tweeds and elbow patches.

When the hose brigade isn't riding to the rescue, the military is. It's a trend that began a season or two ago and just continues to grow. Eisenhower jackets, officer's coats, peacots, double-breasted coats, trench coats, tailcoat jackets, D-rings, brass butttons and Army-Navy surplus in fancy fabric camouflage (think olive drab in double-faced satin) all continue to re-up.

The corsetry influence shows up in jackets with whalebone stays and tops with hook-and-eye closures. In a similar vein are baby doll dresses with built-in bras and industrial zippers or satin boxing robes and Everlastinginspired satin skirts.

Those with a more conservative bent will welcome back an old favorite: the tuxedo, Tuxedo coats, tuxes with T-shirts, sleeveless tux jackets and leather-skirted tuxes are just a few of its reincarnations.

Leather and fur - real and fake - make an impact in vests, stoles and coats. Leather dresses look smart, as do jackets with one shoulder outlined in leather.

Tishomingo County 4-H Holds Annual Day Camp...

Earlier this month, Tishomingo County 4-H members gathered at the county fairgrounds for two days to participate in the annual natural resources day camp. The focus of the camp this year was using recycled items to create home and garden decorations. Some of the things made includes a first aid kit film canisters, using refrigerator magnets using pieces of wood, picture holders with wire and flower pots, windsocks with fabric and flower pots and plant pokes with wire and plastic canvas. The members were served lunch and then taken to J.P. Coleman State Park to explore the creek and the natural surroundings.

Members attending the camp were Dylan and Katelin Wallace, Marcy Ann Sykes, Samantha Lambert, Kyle Chambers, Mark Baldwin, Charles and David Gist, Morgan Turner, Rosemary Kinsley South, Sansone, Santana Martin, Erica and Nick Medley and Molly Wimbish. A special thanks goes to the following volunteers for the help they gave in making this Cornelia camp a success: Martin, Jenny Chambers, Medley, Mike Beverly Wallace, Helen Cox and Angie Sykes. 4-H Day Camp would not be possible without our volunteers. The camp was sponsored by Chevron, U.S.A. through a Community Pride Grant and Tishomingo County 4-H. For more information about 4-H and Community Service activities contact Mary Baldwin, Extension 4-H/Youth Agent at 423-7016 or by e-mail at mbaldwin@ext.msstate.edu.

Conservation Corner By James L. Cummins, Jr.

The arrival of the hunting season is accompanied by more activity in the outdoors. Along with an increase in outdoor activity comes an increase in encounters with reptiles. And when it comes to my favorite reptile- ole no-shoulders everybody has their own story.

However, my column this week is not about how close I was to being bitten (because I was trying to catch a cottonmouth) or about my Grandfather (Arnold) Herring, when he was bitten by a chicken snake as he was gathering eggs one morning. It is about a type snake that is very common this time of year. So whether you raise

cattle, just own some land with a pond or stream on it, or just like to carry your grandkids fishing, keep reading.

The two most common types of snakes we see around water in Mississippi are the diamondback water snake and the cottonmouth. In fact, both of these snakes are sometimes called "water moccasins." Many times these two snakes are mistaken for each other. Below, we'll discuss the diamondback water snake (Nerodia rhombifera).

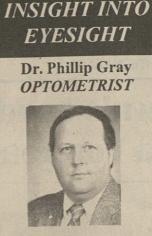

The diamondback water snake derives its name from the square to diamond-shaped dark bordered areas on its back. The border's dark lines are connected and constitute a chain-like configuration. For a non-poisonous snake, the diamondback water snake is very heavy bodied and can reach lengths of up to 63 inches. Males are slightly shorter than females.

Diamondback water snakes can be found in almost

any type of wet area from slow flowing streams, rivers and bayous to non-flowing bodies of water such as cypress swamps, ponds, lakes and reservoirs. In the southern portion of Mississippi, diamondbacks can be found any time of the year. However, in the Northern parts of our state, it must hibernate. Hibernation occurs in banks (not the money kind) and in muskrat or beaver lodges.

The diamondback water snake primarily feeds at night, but occasionally during the day, especially during the spring and fall. In summer, activity during the day is primarily limited to basking in the sun on banks, logs or overhanging tree limbs.

"Sneak Thief" Of Sight Glaucoma is the leading cause of blindness in the U.S., accounting for 11% of all cases. Further, it is estimated that between 1 and 2 million Americans have some degree of glaucoma.

Glaucoma is often called the "sneak thief of sight" because in its early stages, there are few noticeable symptoms. Many people have early glaucoma without knowing it. By the time they seek medical help, irreversible damage to the eye may have already occurred. So deceptive are the early symptoms that a person with glaucoma may be able to "pass" an eye chart screening the 20/20 vision.

An oversimplified explanation of glaucoma is an increased pressure of the fluid within the eyeball. If the pressure is not reduced, destroys · delicate it structures within the eye. A complete eye

examination by your optometrist will include a simple test of the fluid pressure. If the disease is detected early, chances are it can be controlled and blindness prevented.

A METER READER'S NIGHTMARE

For meter readers, dogs pose a dangerous threat. They don't know whether a barking dog is just being playful or if it aims to attack.

Our meter readers need access to your meter to make sure your electric bill is accurate. Keeping your dog confined or restrained will prevent it from chasing or attacking the meter reader and possibly causing serious injury.

Oral Cancer -Cut Your Risk

Did you know that dentists are on the front line of oral cancer detection? They often spot early changes in their patients' oral tissues that could indicate cancer.

More than 30,000 people are diagnosed with oral cancer in the United States each year, and 8,000 die from this disease annually. The greatest hope in cancer prevention and cure lies in early detection, which improves a patient's chances of survival markedly.

Dentists receive training in the detection of cancerous lesions in dental school. Seeing a patient on a regular basis allows them to spot changes early. Dentists can easily tell which of their patients are smokers, and often see oral problems that are a direct result of smoking.

A high percentage of oral cancer patients share common characteristics. Twice as many men as women are diagnosed with oral cancer, and most are 50 and older. Oral cancer is directly linked to tobacco use, and excessive alcohol consumption can promote malignancy.

You can help protect yourself from oral cancer by living a tobacco-free lifestyle, maintaining a balanced diet, using good oral hygiene, performing regular oral selfexamination and visiting your dentist regularly. Now Taking New

Burnsville Happenings **By: Donna Burns**

I hope everyone had a great weekend. Mine was wonderful, nothing like cooking out with the kids. The only problem was Saturday started off kind of wet. Tryouts for the little league Football teams was Saturday morning at the Tish. Co. High School. We swam to the football field and signed in and then met at the gym for the tryouts. The boys loved the wet field better. But the parents were happier inside. It was a fine turn out. So we are going to have what looks like a very fine group of teams

Fighting For You Is What We Do

Conservation Corner

By James L. Cummins, Jr.

The second annual Mississippi Fish and Wildlife Expo will be held on August 24-26 at the Forrest County Multi Purpose Center in Hattiesburg, Mississippi. For three days anglers, hunters and outdoor enthusiasts can get the information latest and equipment on their favorite outdoor activity. The Mississippi Fish and Wildlife Expo is hosted by Wildlife Mississippi.

Leila C. Wynn, President of Wildlife Mississippi, stated "We are expecting a crowd of more than 12,000 people to attend for the wide array of outdoor equipment, supplies and services, all at the right prices. The whole family can have a great time. It's a real bargain. Proceeds from the Expo will go to conservation projects throughout Mississippi."

The Expo will feature approximately 100 exhibitors selling hunting gear, tree stands, game calls, boats, fishing supplies, wildlife art and books, outdoor apparel, ladies gifts, game calls, guided trips, kids exhibits and much more. Government conservation agencies will be on hand to answer your most difficult questions about conservation.

According to Wynn, the Expo will definitely be bigger and better than the 2000 Expo. "It will have a totally new look. Everyone who loves fishing, hunting, camping, wildlife viewing or just being outdoors will find something of interest at the Expo," continues Wynn.

One of the top attractions will be the Virginia Whitetail Collection. It was founded twelve years ago and has grown to one of the largest traveling collections of trophy whitetail deer, wild turkey, and black bear in existence today. According to Doug Rithmire, Show Coordinator for the Georgia Wildlife Federation, "The Virginia Whitetail Collection is one of the best collections of deer available."

Due to popular demand. Vandeventer, Terry a professional herpetologist, will be back at the Expo each day with his live snakes. Vandeventer has hunted and studied reptiles throughout the world. His snake demonstrations are seen by over 70,000 people annually. He will discuss their life histories, habits and their effects on people, good and bad.

At the Expo, Michael Musgrave, a member of the Mississippi Falconers Association will demonstrate falconry. If you desire to learn more about the sport of falconry, Michael will be happy to "talk hawks" with you.

This year there will be several new exhibitors that will interest the many ladies and kids. Fine gifts and decorative accessories will be available. Blowguns will again be obtainable for the young and young at heart. And the Mississippi Department of Wildlife, Fisheries and Parks will provide the B-B gun shooting gallery. Then again, maybe it should be adult entertainment!

Show Hours are: August 24, Friday, 3 p.m. - 9 p.m.; August 25, Saturday, 10 a.m.- 8 p.m..; August 26, Sunday, 12 p.m. - 5 p.m.. Admission is: Under Six - free; six to twelve -\$4.00; Adults - \$6.00. Anyone bringing a can good to the Expo for Wildlife Mississippi's "Hunt Against Hunger" program can receive \$1.00 off of the admission price (limit one per attendee). All can goods will be donated to needy families. uncle Johnnie Hearne near Mynot, Ala. who is one among the landmarks of the South is now nearing the grave, from reports he can't ever reach recover as he is four and 1/2

scores in age. (Since I began my communication, I learn that old uncle Johnnic is dead. He was 90 years, 5 months and 16 days old, had lived in the Methodist church 65 years. Should we all live to such an old age and could such be said of us, as was Uncle Johnnie, our lives would be an example for others as well as our own children). I will take time here to say that during the years of 1844, 45, 46 there was a colony of 76 families settled Rock Creek and Chanalowery Creek (over in Ala.) and now only five persons are the only ones who are alive of the old heads, James Brown who is 90 years old, John Hearn 90, Chesley Pounders 86, Mrs. Pounders 85, and Mrs. Bettie Crowell near 100. I saw Mr. James Brown and Mr. John Hearn together after they were 90 each and they were shaving each other and telling about olden times; they lived 51 years as close neighbors without a single cross word or contention. Could all men live this way, our grand jury would have nothing to do next July. Those three old fathers have all

lived temperate all their lives and not doubt they have observed that command, "Honor thy father and thy mother, that thy days may be long on earth."

hard this summer on their classrooms. There was a rearrangement of classrooms which has worked out really well. The new schedule in the fifth and sixth grades, a modified block, is working out wonderfully.

The SCA is already in full swing. The group meets on Tuesdays for grades 5 & 6 and on Thursdays for grades 7 & 8. All students in grades 5-8 are

welcome to attend the meetings. Josh Lambert was the guest speaker/entertainer at the first meeting. He is a wonderful young man and we are very proud of him. We also appreciate Brother Ed Kennedy for his work with this group.

Our sports groups have also been working very hard. The football players and cheer leaders are gearing up for a banner season. The first home game will be September 18th. We hope everyone will come out and support our students and our athletic program. The Booster Club has put a great deal of time in on renovating the football field and it looks great. Grades 5-8 track teams are also beginning to practice their cross country skills. There are a lot of new and innovative programs being added to our school this year, both academic and extracurricular.

We would like to thank the following people for the support they have given to our school and community. Mrs. Pat Jones for her excellent leadership and free spirit. Brenda Kramer and Lisa Blakney for the great job they did this summer. Mr. Gary White for representing us on the school board. We would like to thank Janet Cummings and the Class of 1960 who donated books to our library.

UM Student Broadcasters Win Professional Awards

Breaking into a career without experience is tough, but some students at The University of Mississippi (UM) may be ahead in the game thanks to their recent showing in professional competition.

UM broadcast journalism students won 22 gold and silver awards at the summer meeting of the Mississippi Association of Broadcasters. The students work for the university's radio station WUMS 92.1 (Rebel Radio).

"Our students beat out professionals at commercially licensed stations, so these awards mean a lot," said Melanie Stone, radio station manager and an assistant professor of journalism. "Ole Miss is producing the next generation of broadcasters."

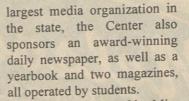

The student-run radio station is one of only two college radio stations in the state to be fully licensed by the Federal Communications Commission. The students produce news, daily shows and commercials, as well as generate revenue through advertising sales. Most college radio stations operate as nonprofit enterprises.

"We try to give students a broad view of the whole picture

rather than in just one area of broadcasting," Stone said. "They are well rounded in broadcasting experience."

As a result of the awards, a Mississippi Gulf Coast radio station has extended an offer for Ole Miss students to participate in an internship program. Because the radio station is a member of the media conglomerate Clear Channel Communications, its proposal could open a broad range of new doors for UM students, Stone said.

WUMS is only one segment of UM's Student Media Center. The second

Sardis Church News By: Louise White Family

We at Sardis extend a welcoming hand to all who wish to come together in the name of the Lord Jesus. We've been blessed with another week of life and the opportunity that goes with it of spreading God's Word and enjoying good fellowship with one another.

VERSE OF THE WEEK: "Thy word have I hid in mine heart, that I might not sin against thee."

Psalm 119:11

Our lesson was on being an effective servant of God. (Jeremiah 38:1, 2, 21-24, 27-30). God is speaking to Jeremiah, and God's Word is about himself. gospel's indictment concerning sin. So they reject it. (v 21-25).

Jehoiakim burned the scroll in an attempt to destroy the word of God. Your response to God's Word will not destroy it. Jeremiah was to write another scroll to replace the one destroyed and since the words were God's, nothing would be omitted. (v 27-32).

Christians are to be lightgivers to our world, when God shines in our hearts we have something to give out to others. We have light to give because we have been where the Light shines.

September 2 will be Homecoming Sunday. We invite everyone to come and share in this afternoon of fellowship. We will have dinner on the ground with singing following. Any groups or individuals that love to sing praise to the Lord are invited.
