The Next Step In Diagnosing Heart Disease

Digital Diagnostic Imaging is a new service being offered at The Segars-Glynn Clinic in Iuka. When the results of a treadmill are positive or when a person is not able to walk a treadmill, the next step is nuclear scanning. By injecting a harmless radioactive material, the circulation to the heart can be evaluated. This would determine the presence of heart disease and if the disease can be treated medically or if surgery is required. A board certified cardiologist reads these tests the same day. Shown with the equipment which travels from Sheffield, Ala. are, Teresa South, R.N., Suzanne Cole (DDI), Dr. Kelly Segars, Dr. Margaret Glynn, Steve Vickery (DDI), and Wendy Littrell (DDI).

Tishomingo Animal Support Presents "Lucky" Who Is Looking For A "Forever" Home

Lucky was found at an elementary school in a very sad condition. A concerned teacher picked her up and Lucky found her way to a foster home in our county. Lucky is now a great looking, healthy dog. Lucky is great with other dogs, kids, and

cats. She is about one year old, crate trained and working on house training. She is vaccinated but still needs to be spayed.

To learn more about our organization or "Lucky" contact Jennifer Austin at 662-423-9599 or visit <http://jennsanimals.com>.

Our next meeting is May 22 at 6:30 p.m. at the Iuka Library. Everyone is welcome.

Protect Your Smile

Currently, five amateur sports require mouthguards during practice and competition: boxing, football, ice hockey, men's lacrosse and women's field hockey.

Many local school districts and state athletic organizations have their own policies regarding mouthguard use. With or without policies, anyone who participates in athletic activities should protect their smile with a high-quality, properly fitting mouthguard.

CARPE DIEM

One of the more common uses of the word *relay* is in reference to a race involving teams of contestants. Unlike a single participant race, relay teams strive for victory on two levels. As individuals, the members are expected to give it their best and then to "hand off" the responsibility to the next racer. The team, then, is successful in relation to how well the members perform their separate parts. A relay is a lesson in breaking down a challenge into manageable units, applying our talents, and then passing the task on when we are through. The concept is akin to the old adage that "life is hard by the yard, but by the inch it's a cinch." And fortunately, the relay of life can only be run one day at a time.

LEGAL ISSUES THAT HIT HOME

If you think the legal issues that most concern the average person revolve around traffic violations or personal injury, think again. According to a survey recently conducted by a legal resources website, the legal issue most likely to concern people involves a real estate matter. Twenty-one percent of the survey's respondents, who reported that they had been involved in a legal matter during the past year, indicated that it concerned real estate matters such as buying or selling property or a landlord-tenant dispute. Surprising to some, only a minority of matters involved litigation. Instead, issues mostly centered around legal arrangements, such as transferring title. Very often, disputes involved the return of earnest money after a transaction went bad.

With the real estate market in full swing these days, working with a legal professional that knows real estate can keep the hassles to a minimum. We are happy to share our knowledge with our clients. I handle a variety of legal matters, with an emphasis on cases involving personal injury, automobile accidents, wrongful death claims, and product liability. If we can further assist you, call our office to make an appointment.

HINT: According to the survey mentioned above, the second most likely issue to face the average person was family law (17%).

We moved into this house forty years ago. Since our first morning here, our Electric Power Association has been our sole source of power. We know the people there. Soft Contacts Great For Sports

It's wonderful to see so many people out there exercising and improving their health, especially those who have been inactive for years. Naturally, it's important for them to have a physical check-up before embarking on any rigorous program of exercise.

They must also consider which sport is right for them, according to their physical condition and lifestyle. And they should consider which equipment - footwear, clothing, etc. - will maximize their performance while minimizing the stress and chance of injury.

In the same way, someone resuming sports after an absence or taking it up for the first time, should consider switching to soft contact lenses. Eyeglasses can slip down, fog up, or fail to provide peripheral vision. Unlike hard contact lenses, soft lenses are so pliable that they're usually comfortable right from the start. There's no worry over lenses popping out - even during the most rugged activities.

Holcut Reunion...

The annual Holcut reunion will be the 4th Saturday of May at the Holcut Memorial Park.

The reunion will begin noon with an old fashioned bring-a-dish lunch. Come and enjoy visiting with friends, neighbors and classmates they remember Holcut.

Don't forget, Saturday May 24th.

Toxic Hazards

It is sometimes said that because cats are finicky eaters they are less easily poisoned than dogs. However, with their curiosity and fastidious grooming, intoxication is unfortunately, not uncommon. Several factors predispose cats to becoming ill once they have been exposed to even a small amount of a poisonous substance. These include their small body size, their ability to hide so that exposure is not immediately evident, and because they lack certain liver enzymes necessary to decontaminate certain chemicals. It is because of these factors that when cats become poisoned they are less likely to recover than dogs.

How can a cat become poisoned?

Cats can be poisoned via a number of routes. Contamination of the digestive system can result from the direct ingestion of a toxic substance, ingestion of poisoned prey, or from grooming contaminated fur. Some toxins can even be absorbed through the skin of the cat (particularly the paws), and a few can gain entry in inhalation.

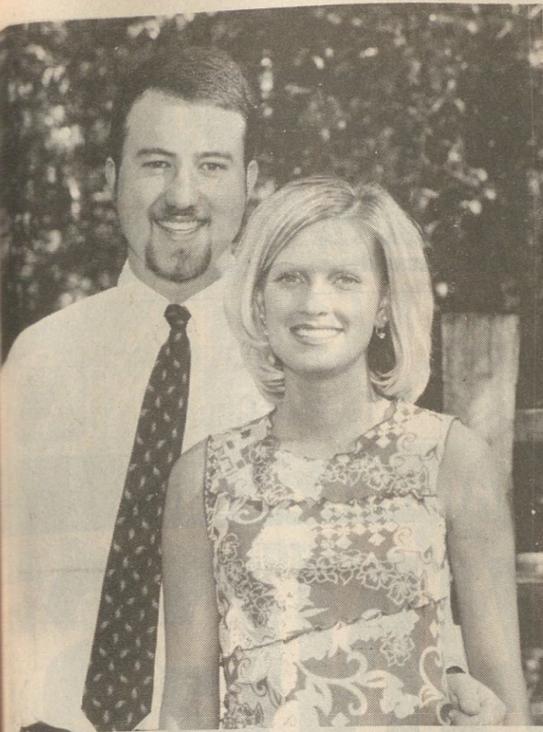

What clinical signs might warn me that my cat may have been poisoned?

The clinical signs are variable and will depend on the particular poison concerned. Many toxins produce gastrointestinal signs (vomiting and diarrhea), others produce neurological signs (tremors, incoordination, seizures, excitability, depression, or coma), respiratory signs (coughing, sneezing, difficulty breathing), skin signs (inflammation, swelling), liver failure (jaundice, vomiting) or kidney failure (increased drinking, inappetence and weight loss). Some toxins act on more than one body system, and can produce any combination of the above signs. It is important to remember that while most cases of intoxication will cause acute problems, chronic intoxication can also arise, and often prove more difficult to recognize and treat.

I think my cat has been poisoned, what should I do?

If you suspect your cat may have had access to a poisonous substance, it is important that it be taken to a veterinary hospital as soon as possible. If the cat is fractious it is usually best to wrap it in a towel and put it in a box to prevent it from hurting itself or you. This also prevents the cat from ingesting further contamination from its coat. It is NOT advisable to try to make the cat vomit since the cat may asphyxiate (choke) or vomit. It is best to call the veterinary practice and tell them that you are coming and give them time to prepare any treatment your cat may need.

Happy 6th Birthday Carson!
I love you, Daddy

You've made my life happier than I ever thought possible and I love you more than I could ever express. I'm thankful for the things we have and the happy things we do, but most of all I thank you to know how thankful I am to have such a special man to share my life with. When you tell me you love me and you hold me in your arms I feel like the luckiest woman in the world. We stand by each other whatever life sends our way and may we never stop growing as partners and friends. So few women have been as happy as I have been every hour since we married. I received God's greatest blessing on the day he gave me you. You fill my life with joy, promise, hope, love, and happiness. My life would be empty without you in it.

Thanks for being a wonderful husband, father, and best friend.

Rabies Clinics Planned For Tishomingo County

Public health officials would like to remind pet owners that pets need their vaccinations, too. On Saturday, May 17, 2003, pet owners in Tishomingo County can get their dogs and cats vaccinated against rabies at several locations:

10 a.m. - North Crossroads Fire Department

11:30 a.m. - Berea Community, Old Bent and Dent Store.

Licensed veterinarians will administer the rabies vaccine for \$5 for each dog or cat. For safety, all animals must be on a leash or in a pet carrier. Mississippi state law requires the rabies vaccination to be given by a licensed veterinarian to all dogs and cats over three months of age, again at one year of age, and at least every three years thereafter.

The Mississippi State De-

partment of Health, the Mississippi Veterinary Medical Association, and the Mississippi Board of Animal Health are working together to encourage rabies vaccination of as many dogs and cats as possible in order to prevent spread of the disease.

The rabies virus continues to be identified in domestic and wild animals in the states that border Mississippi. According to health officials, 1965 was the last time rabies was identified in a Mississippi land animal such as a dog, cat, raccoon or fox; but, Mississippi continues to see at least two rabid bats on an annual basis - evidence that rabies is present in the state.

Tishomingo County residents seeking more information about animal rabies clinics can call Health Info toll-free at 1-800-489-7670 or log onto the Health Department's website at www.health.ms.gov.

U.S. Department Of Agriculture Farm Service Agency Consolidated Farm & Rural Development Act Authorizes Designation Of Tish. County To Receive FSA Disaster Loan Applications

Emergency loans for farmers, ranchers, and operators are available through the Tishomingo County Office of the Farm Service Agency, Harold Mills, FSA Farm Loan Manager, said today.

Mr. Mills said this authority is pursuant to President Bush's declaration on April 14, 2003, of a major disaster in Tennessee, caused by severe storms and flooding that occurred from February 14 through February 26, 2003. As a result of this disaster, Tishomingo County as a contiguous county in Mississippi is named as an area eligible for Federal Disaster assistance pursuant to Section 321 (a) of the Consolidated Farm and Rural Development Act.

Applications for assistance in the disaster-stricken county will be accepted by FSA through December 14, 2003, on EM Disaster Designation 4456, Amendment #1.

Farmers qualifying for emergency loans may borrow up to 100 percent of their actual production loss or the amount needed to restore their operation to its pre-disaster condition, whichever is less. The new emergency loan and outstanding principal balance of any existing emergency loan owed by the applicant or any individual member of an entity cannot exceed \$500,000.00.

FSA emergency loans cover losses from designated disasters and are made to qualified farmers who cannot obtain credit from other lenders in the local area.

Iuka Dixie Girls Softball Fun-Day 2003

Hayley Price

your fingers! Saturday than at the ballpark? Oh, and did we mention there will be tattoos (temporary) and T-shirts for sale, and then there is the HOME RUN DERBY. Just how macho are you? Contestants will vie for the title of Home Run King, hitting the ball from a pitching machine chugging at 45 miles per hour...and if that's not fast

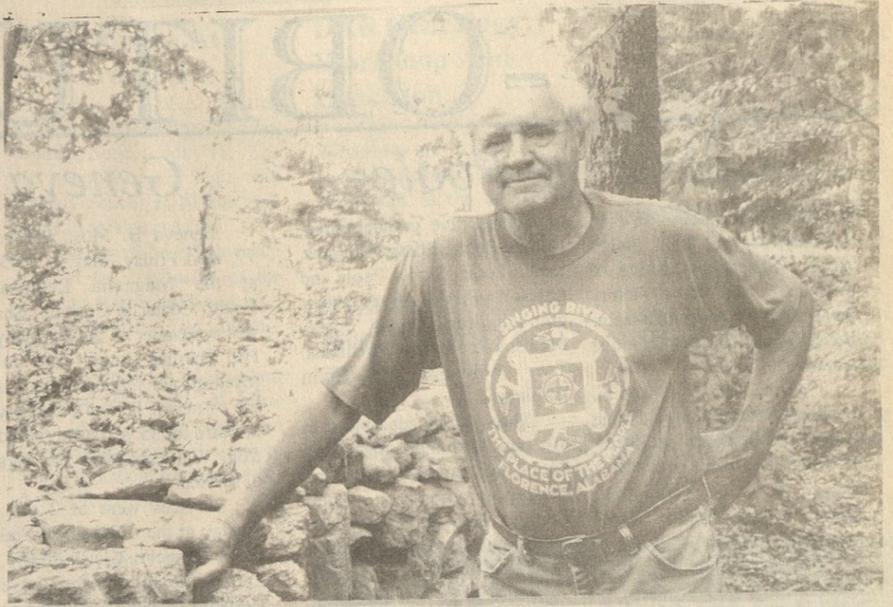

enough we can crank it up more! Test your skill and patience on Field #3 from 12:30 until 1:45. Five bucks will get you five swings and bragging rights as the Home Run King. All proceeds will benefit the Iuka Dixie Girls Softball League. And back by popular demand will be Expert Tees from Florence, Alabama. Bring

your batting helmets, ball bags and anything air brushable (customize your canvas lawn chair!) to the field from 10:00 until 5:00. Also, now's the time to order your personalized car magnets. Baseball and Softball shaped magnets can be personalized with your child's name and number. Show your Braves Pride, show your Dixie Girls Style, or have any other name you'd like imprinted for all the world to see. Order your magnets on Saturday.

At this time we'd also like to thank our team sponsors and advertising supporters. Without your support 240 girls wouldn't have a place to play, a place to grow and a place to learn. It's not just about playing ball; it's about making new friends, learning to win as well as lose and taking pride in yourself, your team and your league. It's great to be an Iuka Dixie Girl, come out and support the youth of our community. Join in the fun on Fun Day this Saturday. See you there!

Tishomingo 1st Grade Honors Our Troops & Our Great Country

The first grade class of Tishomingo is presenting a program in honor of our troops and our great country. "First Grade Salutes America" will be performed on Thursday, May 15, 2003 at 6:30 p.m. in the new gymnasium at Tishomingo Middle School.

Tom Hendrix, author of *If the Legends Fade*, stands by the stone wall he is building alongside the Natchez Trace Parkway just south of the Tennessee/Alabama state line. This wall commemorates his great-great-grandmother, Te-lah-nay, the only Indian woman known to have returned to her homeland alone and on foot. Mister Hendrix will be the guest speaker at the Friends lunch break on Tuesday.

Voices from the Misty Past

In the Northwest corner of Alabama, a few miles south of the Alabama/Tennessee state line, there is a commemorative stonewall bordering the Natchez Trace Parkway. It was built (and is being built) by the guest speaker at the Friends' lunch break on Tuesday, May 20 at 12 noon. His name is Tom Hendrix, builder and author of *If the Legends Fade*.

Tom's book is based on fact. It's the story of a Yuchi Indian girl named Te-lah-nay, which means "Woman with the Dancing Eyes." She was born 'above the shoulderbone' in the valley of the Tennessee River in the 1800s and was forcibly taken from her home when her tribe was removed to the Indian Nations in Oklahoma.

The Yuchi people called the Tennessee River the "Singing River" because they believed that the river con-

tained a young woman who sang beautiful songs. When Te-lah-nay reached Oklahoma, the rivers and streams there were silent, and she knew she must return to her homeland and the Singing River.

If the *Legends Fade*, who will tell the story? Te-lah-nay had a recurring dream where her grandmother beckoned to her from a hill overlooking the Singing River. Alone and on foot, this young girl, 'a daughter of the Sun' undertook the arduous journey to return home.

Tom has been working on the commemorative stone wall for 13 years. Charlie Two Moons, a spiritual person, walked the length of the wall and told Tom, "When they come, some will ask, 'Why does it bend, and why is it higher and wider in some places than in others?' Tell them it is like (Te-lah-nay's)

journey, and their journey through life—it is never straight."

Te-lah-nay's great-great-grandson inherited this marvelous story and carries on her powerful tradition. His name is Tom Hendrix, builder of the wall, writer of the book and guest speaker at the Friends of the Iuka Library lunch break on Tuesday.

This is more than just a talk and a book signing. The flutist David Walton will accompany Tom Hendrix's presentation of this inspiring story of the only Indian woman known to have returned to her homeland alone and on foot.

You don't have to be a member of the Friends group to attend; so, join us at the Iuka Public Library for lunch (only \$2.00) at 12 noon on Tuesday, May 20. This promises to be both an interesting and inspiring hour.

Letter To The Editor...

To the person who laced raw chicken with antifreeze in the neighborhood near Mineral Springs Park:

It worked. Our Giant Schnauzer, Mollie, was put to sleep on Tuesday, May 6, after fighting for life at the Animal Medical Center for nine days. She was poisoned on Sunday, April 27. Dr. Gina Welton and her staff did everything in their power to save her, but her kidneys eventually shut down for good.

Mollie lived in our house and was a wonderful friend and companion to our son, Alex. She went outside only to use the bathroom or when we were outside, too. She was not allowed to run freely throughout the neighborhood. When we went for a walk, she was on a leash.

Mollie may or may not have been the target of the poisoner. It doesn't really matter. It doesn't really matter that

Mollie was a valuable dog and that we'll have to travel hundreds of miles and pay up to a thousand dollars to replace her. The vet bill doesn't even matter. What matters is a little boy who can't understand why his dog got sick and who still thinks she's coming home.

You may be thrilled to be rid of the gorgeous black Giant who lived near you, but you didn't see the tears this family cried while their beloved dog suffered and you didn't have to answer a 4-year-old boy's questions about where his dog is now. You didn't see that little boy kneeling on the floor next to the cage at the vet, begging Mollie to get up, praying for her, telling her she would be all right. We wanted to keep the concept of death away from our son as long as possible, but because of your selfish act of cruelty, he's had to face it at a very young age. Thanks a lot. Sardis Church News

By: Louise White Family

We at Sardis extend a welcoming hand to all who wish to come together in the name of the Lord Jesus. We've been blessed with another week of life and the opportunity that goes with it of spreading God's Word and enjoying good fellowship with one another.

VERSE OF THE WEEK: "He that keepeth his commandments dwelleth in him, and he in him. And hereby we know that he abideth in us, by the Spirit which he hath given us" (1 John 3:24).

Our lesson was from 1 John 3:19-24. Most of us at

one time will question relationship with God even reality of our faith. This is about having confidence from God's Spirit. John says us a real relationship with Christ is love in the heart. Love is a stronger evidence than a faithful church ritual and we had several visitors with a vast knowledge of Scripture.

Our transformation with Christ and our change attitude toward others gives that joyful assurance.

We had such a joyful time at church Sunday. Children sang beautifully and we had several visitors. There were four baptisms. What a day for the Lord!

Special singers will be Spirit Led, and others. Everyone is invited.

You Are Cordially Invited To Attend Homecoming At Christ Gospel

Homecoming at Christ Gospel Church of Jacinto will be May 18th. Morning service begins at 9:45, with lunch to follow. After lunch a service with the Sloan Family.

Come out for good fellowship expecting a blessing from God. Rev. Bobby Lytle and congregation hope to see you there!

Thank You

The Curtis Butler family wishes to express our appreciation for the outpouring of love and support given to us during Curtis' short illness and at the time of his death.

To Dr. Flannery; the doctors, nurses and emergency room staff at Corinth Magnolia Hospital; the doctors, nurses, and workers at the treatment center; and also the Iuka Ambulance personnel; we thank you for your many kindnesses.

Thanks to: Bro. Tommy Jennings for all his visits, prayers and his comforting words; Greg Woodruff for the beautiful singing (songs of our choice); Cutshall Funeral Home for the excellent service; and the MS Highway Safety Patrol for providing the impressive Honor Guard Ceremony and presenting us with the American Flag.

A special thanks to each of you who have honored Curtis' memory with donations to: churches, Gideons International, LeBonheur Children's Medical Center Foundation, and other charities. Thank you also for the (oh, so many) beautiful floral offerings, the food, cards, calls, e-mails, visits and prayers.

May God bless each of you for helping us get through the loss of our dear loved one (Curtis).

Keep us in your prayers.

Tishomingo Comm. Living Center Moves To Private Suites

Residents of Tishomingo Community Living Center are enjoying more spacious accommodations as a result of the homes' move to all private suites.

"We have the room, so why not use it?" said Pam Lovelace, administrator of the nursing home. "Being in the old [Iuka] hospital building allows us many advantages when it comes to space."

The switch from semi-

private to private suite will allow plenty of room for amenities such as microwaves and mini-refrigerators, rocking chairs or recliners.

"The residents have been very positive about the change," said social service director Pam Gray. "I noticed a

playpen set up in one resident's room. Her great-granddaughter was having the best time playing in there. That just wouldn't

have been possible, space-wise, with two residents in a room."

The nursing home is encouraging residents and family members to utilize the private suites to their maximum potential by bringing "comfort items" from home. "If a resident wants to sleep in their own bed, they can bring it. We want residents to decorate and live in a way in which they are comfortable."

Tishomingo Community Living Center, located at 1410 Quitman Street in Iuka, offers skilled nursing, long-term care and rehabilitation services including speech, occupational and physical therapy.

Christians:

**Pray For God's
Will To Be Done!**

There are so many prayer chains, tantras, mantras, prayer circles, prayer wheels, going around that I simply cannot agree with in my heart. Even such references to prayer are not Christian!

A tantra is a Hindu or Buddhist mystical writing; a mantra is also Hindu; a prayer wheel is a revolving drum used by Tibetan Buddhists in counting prayers. These heathen words and practices have crept into our society through the New Age movement and we, as Christians, have to be so careful not to get on that bandwagon accidentally!

I have been asked to pray for the troops in Afghanistan, pray for the war in Iraq, pray for our enemies to be confused, etc., and I am sure those who asked have good intentions and good motives. But I can only pray for God's will to be done in all these matters, otherwise I may be standing in His way.

He has taught us to pray "Thy kingdom come, thy will be done on earth as it is in heaven." It may not be his will for us to be fighting in Afghanistan or goading Saddam Hussein and picking a fight in Iraq. Are we ready to lose, if that is God's will? Are our motives pure or are they filled with self-interest? Are we too proud to admit that maybe we have done too much bristling in front of the rest of

the world? Are we prepared to fight alone, without the aid of allies? Are the reasons all for

'good'?

These are tough questions. More than one of friend's children, children from my life are "over there." I am deeply grateful for the freedoms we enjoy in our wonderful country. I have seen the fields of graves, and many other evidences of the great cost of war. These are very sobering. And war may be the instrument God will use to tear down the governments in preparation for His kingdom. The lease of power God gave to the Gentile nations described in the book of Daniel is over and

chapter 12 verse one says: "there shall be a time of trouble such as was not since there was a nation." We are living in that time of trouble. We need to be on our knees asking God to show us the way we should go to accomplish His purposes, not on our knees asking God to bless our plans against our fellow-men.

Prayer is a great privilege. Let us use it wisely, reverently, and in accordance with the rules God sets down in the Bible. It is an awesome thing that the Creator of the Universe

invites us to communicate with Him! God is holy. Let us take care to honor Him by desiring and asking for His will in all things.

Foreign Exchange
Program Seeking
Host Families For
School Year
2003-2004**

Pacific Intercultural Exchange (P.I.E.) is seeking host

families for high school foreign exchange students in your area for the 2003-2004 school year. There is no such thing as a typical host family! Whether you are a single parent, retired, have small children, teens, or no children, you can have a great experience hosting an international teen.

The natural parents of these students are waiting for the call to hear your family has chosen their son or daughter to be part of your family. You can start today building a relationship that can last a lifetime.

Students are between the ages of 15 and 18, come from many different countries, speak English, have their own spending money and health insurance. Host families provide a loving home, meals, and a place to sleep. Host families are not paid but may claim a \$50.00 per month charitable contribution on their income tax.
