Happy Halloween!

Little goblins, Allison Underwood and Nathan and Jacob Cutshall are anxiously waiting for Saturday night when they will participate in the many Halloween festivities going on throughout the area. Dressed in their bright costumes, they visited the seasonal arrangement in the yard of Wayne and Cathern Underwood on Eastport Road. The little trick-or-treaters added just the right touch for the beautiful Halloween display. Allison is the twenty-one-month-old daughter of Jeff and Gina Underwood. She is the granddaughter of Linda and Jerry Bonds and Wayne and Cathern Underwood. Nathan, 4, and Jacob, 1, are the sons of Jonathan and Cara Cutshall. Their grandparents are Linda and Jerry Bonds and Doug and Irene Cutshall, all of Iuka.

Help Elect Raymond E. Gist Jr. As Your Next District 3 Election Commissioner

Thank you, first of all for the words of encouragement and support I have received thus far during this campaign. I am finding out every day that a lot of the great citizens of our 3rd district would like to know more about my family and interests.

I am the son of Raymond E. Gist Sr. of Floral City, Florida and Sharon Johnson of Iuka. My grandparents are Ellen Gist and the late Olla Gist of Iuka and the late Charles and Frankie Steele of Dade City, Florida.

I married Sandra Grimes in 1989. Her parents are Steve and Shirley Grimes of Iuka; her grandparents are Orville and Gaye Grimes of Iuka, Minnie Bullard and the late Pony Edward Bullard of Burnsville. I have two sons at Iuka Middle School, Raymond Charles and David Edward.

I am a Christian and I've always enjoyed helping out with youth organizations whenever I have been able. In the past I have helped in the dugouts at baseball games, helped coaches in youth football, and one year served as youth football president when I was nominated for that position.

This year I have helped at the middle school as a game commentator and assisted 4-H at the fairgrounds. I have always been a firm believer in giving kids many extracurricular choices and recognition so that they might make successful choices as teens.

I spent most of the last decade in retail management. For four years I was a manager/asst. district mgr. for Dollar General Corp. until I injured my neck and back in October of 1998. Last year through acquaintance with another Election Commissioner, I had the chance to learn a lot about what an election commissioner does and this is when I first became interested in being an election commissioner.

Sherry Wingo Gwatney For 3rd District Election Commissioner

To the Voters of the 3rd District: I am Sherry Wingo Gwatney, and I have had the privilege of serving you as your Election Commissioner for the past 11 years. I want to thank you for the confidence you have shown in electing me to this office.

I am a lifelong resident of Iuka. I graduated from Iuka High School, and attended International Bible College in San Antonio, Texas. My husband, John, has been the pastor of Mission Lighthouse Church in Iuka for 18 years. Our children have all attended and graduated school here, and live and work in this area.

I have diligently worked to fulfill the duties of this office. I have attended the meetings of the commission as well as all seminars and training sessions throughout the state to be certified to conduct elections. I have worked to provide fair elections for everyone who runs for office, regardless of political party or affiliation. I have served for the past six years as the secretary of the county Election Commission.

I have spent the time necessary to fulfill all of the requirements of an Election Commissioner, such as: keeping the voter rolls purged of voters who are deceased, or

moved out of the county, training poll workers to hold elections, and complying with new federal or state laws concerning elections.

My fellow commissioners and I are members of the Election Commissioners Association of Mississippi (ECAM). In January 2003, I was elected by the commissioners across north Mississippi to serve on the Board of Directors of ECAM. In this capacity, I serve all of the Election Commissioners of Mississippi in keeping abreast of legislative initiatives and changes in laws affecting the election process.

I want to thank you for your vote and support to reelect Sherry Wingo Gwatney as Election Commissioner for the 3rd District on November 2, 2004.

I graduated from Tishomingo High School, and attended Northeast Miss. Jr. College.

I am the son of Ethel Luttrell and the late Luther Luttrell of Tishomingo County.

I am retired from Roadway Express Inc. after thirty years of service.

I served as Job Steward for the Teamsters Union in Memphis, Tenn. and Springfield Mo., which I feel gives me more than a passing knowledge of working with people and assuring that rules and procedures are followed.

I am now on the Tishomingo County Development Foundation, the Paden Community Center Board, the Holcut Museum Board, and other organizations. I am very interested in Tishomingo County and its people.

If I am elected Election Commissioner, I will do every-

kept their two-year undefeated streak alive with this win.

In Monday's game the Chieftains overcame fumbles, interceptions, and some questionable calls to win the game. The Falkner Eagles, who had

only one close loss this season, proved to be worthy adversaries on the defensive side. On offense the Eagles found themselves unable to move the

New Items On Display At The Old Tishomingo Co. Courthouse...

Each month the Tishomingo County Archives and History Museum displays new artifacts in the foyer. This exhibit allows frequent visitors to the museum a chance to see the newest additions prior to them being rerouted to their permanent location in the museum.

Our new display includes an original copy of S.B. no. 215, An Act to Incorporate the Town of Iuka in the County of

Tishomingo, dated 1872, printed by *Tishomingo Herald*. The document describes the center being the point where the street crosses the main track of the Memphis and Charleston railroad, east of the railroad square, and near the former site of the Iuka Springs Hotel. Other items of display include various original pieces of literature from the Iuka Normal Institute. These items were gifts from Annette Phillips of Corinth, Mississippi.

Also displayed are:

- A section of the *Vidette*,

dated November 12, 1943, which includes interesting sections including, The Home Front by the Regional Office of War Information; No More

Safety Razors Will Be Made for Civilian Use, However Blades Will Still Be Made; Motoring Between Winter and Summer Vacation Homes Is Out for the Duration; Heavy Liquor Taxes is Going to Put a Damper on a Lot of Foolish Spending, A Preview of What is Coming is Found in November Excise Upping the Cost of Drinks and Smokes; Notice to Tishomingo Wood Sellers: Firewood is Covered by the General Maximum Price Regulation. This newsletter was a gift from Pansy Blaylock.

• Travis Eugene Nelson's diploma from Pleasant Hill School dated 8 April 1938, signed by Clyde O. Bingham, Superintendent of Education. Donated by Pansy Blaylock. "Mr. Nelson, if you would like to have your diploma, please contact us at the museum."

• A schedule of movies playing "Playbill" at the Victory Theater in Burnsville during the week of 2-8 November 1947. This playbill was de-

signed to be bulk mailed to all box holders and rural routes.

A wedding display was featured during the months of August and September. A beautiful white wedding gown

from the 1920-30 era, hand-made by a lady from Belmont for her daughter, was purchased at the daughter's estate sale and loaned to the museum for the display. Included were cake toppers and greenery. An assortment of marriage certificates and licenses were also featured. The most talked about items in this exhibit was the invitation to a wedding in 1912 and a wedding program (spelled Programme).

Historical pieces are being returned home to Tishomingo County from many different town throughout Mississippi and several states.

Mrs. Jean Kimberly has been a generous giver to the museum. Several of her items were showcased in the foyer during the months of May-July. They all have found a very special home throughout the museum. Donations by Mrs. Kimberly include a black bowler hat, black top hat and brush (dated between 1872-1874) belonging to W.B. Ellis, Whitehall, brown bottle, Mexsana-a medicated powder, ice tongs, cast iron tea pot/kettle, wooden butter mold, kraut cutter/cabbage shredder, waffle iron, box camera, various yardsticks advertising area businesses, a meat saw, photographs and much more.

INSIGHT INTO EYESIGHT

Dr. Phillip Gray OPTOMETRIST

Consider Bifocals

If your vision isn't as good as you would like it to be, especially when looking at objects both close-up or at a distance, you may be able to benefit from wearing glasses or contact with bifocal lenses.

In examining your eye doctor perform a series of tests to find out how good your near vision is. This is the vision you use for reading or working with figures and other activities in which it is important to see close-up objects clearly. If your near vision needs correcting, a prescription will be made for the lower portion of your lens. Tests will then be made to see how accurate your distance vision is. If that should need correcting, a separate prescription will be made for the upper portion of your lens.

Whatever your vision problems may be, let your eye doctor prescribe the corrections you need to see well and comfortably again, no matter where you happen to be looking.

Legal Update
by **Ronald D. Michael Attorney at Law**

EXECUTOR DECISION

The person whom you name in your will to handle your property after your death is called an "executor." He or she must handle a long list of tasks prudently and promptly. Thus, the most important factor in naming an executor is trust. The person whom you choose should be honest, organized, and detailed-oriented. In many cases, people select a person who will inherit a substantial amount of property because a person with an interest in how your property is distributed is likely to do a conscientious job of managing your affairs after your death. He or she will also come equipped with knowledge of where your records are kept and an understanding of your wishes.

The executor is personally responsible for the proper handling and settlement of the estate, including payment on all taxes. For further information about matters involving your final wishes including wills, trust and probate, speak with an attorney who can answer your legal questions. For further information about today's topic or to discuss another legal matter, do not hesitate to contact our office.

Re-Elect Gary White 2nd District School Board Member

I may not be able to see all of you but I am honored and proud to represent you, the people of the second District of Tishomingo County. For you that may not know me, I am the husband of Sandy Watson White; father of three, Derenda, Jana, and Jenny; and grandfather of three, Ethan, Trenton, and Alexia. I am the youngest son of Rev. Talmadge and Mildred White.

Please let me dispel some rumors I have heard. Your school tax base is at 39 mills, this comes out of the county tax base. This has not changed during my term and I will assure you that I will fight to keep school taxes at this level if re-elected. The tax level (39 mills) is among the lowest in the state and if you check our adjoining counties you will see that they are at 50 + mills. This should prove that we can manage your money wisely. I believe that everyone has a voice in the schools because you the tax payers make these fine schools as great as they are. Let me focus on the positive accomplishments in our district. I am very proud to be a part of a school district that is second to none. I, too, have a child in this school system and have had two graduates from TCHS. We are one of the top ranked schools in the state, academically, out of 150 + school district state wide. Thanks to the faculty, staff, parents, and our children, we have achieved a level 5 accreditation throughout the county, to get a comparison please check the counties next to us. We have to show progress to maintain this academic level. When I was first elected to the board we had a drop out rate of 25%, I have fought to reduce it. I told the superintendent this was unacceptable and challenged him to reduce it. Today it is at about 5% to 7%, thanks to the efforts of our school staff and our children we are putting a diploma in 93% of our children's hands. To continue this progress, we need to keep working together. We were able to re-employed all of our staff and

add a couple additional personnel. This means that our classroom size will stay at about 18 children per classroom. This was due to managing your money wisely. We have a new field house at the high school campus, adding bleachers to the gym, new carpet in the classrooms, and security cameras on the parking lot (parking lot cameras are being looked at for all campuses). Please check at the surrounding school districts to compare the things that I have shared with you. You will find that we truly are in great shape. My platform has been proven and continues as follows; to keep classroom size low in numbers to have more individual attention for the student, keep your taxes low, reduce or completely do away with classroom fees, and continue upgrades of existing buildings. All of this affects you and most importantly our children.

Let me tell you about a few things we did to improve your schools:

- For the last three years we have been putting back money because the state has been threatening to cut our budget. They did not do this until this year and over \$600,000.00 was cut from our budget. We are ready with some extra money; I think you the tax payer should be proud of the fact that we were able to absorb this cut. The teacher's had \$300.00 cut from there classroom fund, we were able to replace that and add \$50.00.
- We have purchased 25 + buses during my term of office and installed 2 way radios on all buses county wide for emergencies all of these communicate to all school and central office.
- We have reinstated middle school baseball and softball so we will be offering this in the middle schools throughout the county. I would like to thank the parents for their help on this matter.

"Tishomingo Co. High School"
• As an added benefit to the money you now have a new

field house at the TCHS high school.

- I have fought to add bleachers to the new gym at the high school and we are working on this.
- New carpet for the classrooms
- Cameras for the parking lots.
- "Burnsville School Completed Projects" (\$491,000 spent already)
- New air condition in the school
- New drop ceiling in the whole school along with this new lighting
- Refinished the new gym floor and also the old gym floor
- Major drainage project at the school
- New water fountains
- New windows in the K-1 building
- Air-condition the new gym.
- Remodeled restrooms.
- "Soon to be Projects" (\$450,000 more put back to spend on these)
- Close the breeze way in between K1 building.
- Portable stage for the gym
- Remodel the old agg building
- New roof for the old gym (have awarded bids)
- Second serving line in lunch room
- New awnings to connect all exterior buildings (have awarded bids)
- Cameras for the parking lots

I would challenge anyone that is running for this office to please establish a clear platform, to keep the children first, and to dispel personal reasons. If you want to see continued progress in your school system, re-elect Gary White, who will do the right thing for your children and this district. Those of you who know me know that I am a solid citizen who fights for what is right and fair for our district. I believe in giving to your community, so our children will benefit from my contribution. Thanks in advance for your support, it will be greatly appreciated.

I am asking for your vote of confidence on November 2nd. We need to work together to keep our schools at the present level, "the best".

Let A Doctor Describe It...

The mother is put to sleep, the doctor runs his hand inside the womb, gets the baby's feet, pulls

Dusti Dale Dickerson And Fred Bradley Gonce United In Marriage July 31st, 2004

Dusti Dale Dickerson and Fred Bradley Gonce were united in marriage on July 31st, 2004 at 7:30 p.m. at the home of the bride in Buna, TX.

The double ring poolside ceremony was officiated by Mrs. Ratcaliss, Justice of the Peace. The pool was decorated with floating candles. The fence area was decorated with white tulle, bows and clear lights. There were also bubble machines going during the ceremony.

The guest table was covered with a purple tablecloth and decorated with precious moment figurines and pictures of the couple.

The bride is the daughter of Mike and Kathy Berry of Buna, TX. She is the granddaughter of George and Alice Kidwell and Judd and Sara Loftin.

The groom is the son of Fred and Charlotte Gonce of Woodland Park, CO. and formerly of Stevenson. He is the grandson of Mrs. Ella C. Gonce and the late L.W. Gonce of Stevenson and Mrs. Elaine Long and the late J.C. Long of Iuka.

Presented by her parents and escorted by her stepfather, the bride wore a floor length white satin gown with spaghetti straps. The bodice was accented with baby pearls and placed down the back. It fell into a chapel length train. She wore a pearl tiara in her hair and carried a bouquet of artificial white roses. Miss Lauren Elizabeth Berry, sister of the bride,

served as maid of honor. She wore a short floral lavender dress and white sandals. She carried an artificial white rose.

Fred Gonce, father of the groom, served as best man. The groom and best man wore jeans, white shirts and navy blue blazers with boots. The groom wore a lavender tie.

Both mothers were in attendance and presented with a single red rose by the groom. The mother of the bride wore lavender capri pants with a floral lavender top. The mother of the groom wore a pink sundress with palm trees on it. The mothers were given purple candles to light their family's side candle for the couple's unity

candle.

Following the ceremony, the guests were treated to an outdoor BBQ with all the trimmings. The tables were decorated with white tablecloths and bows with purple balloons. They were then served cake and punch.

The bride's cake was a 3 tier white basket weave iced cake with purple flowers. The cake top was a clear glass heart with a bride and groom inside. The groom's cake was a single layer chocolate cake decorated with strawberries. The bride and groom shared a champagne toast.

On the eve of the wedding, the groom's family hosted a dinner at a local seafood restaurant for the couple and their families. The bride's family was not in attendance.

Holcut Friends Meet October 2nd, 2004

On October 2, 2004, a group of Holcut Friends met at Jack's for lunch and fun time.

Those present were: Bethany Clauch, Irene Nunley, Vernon Grimes, Ella Mary Helton, Edith Bullard, Roy Johnson, Victoria Rutherford, Deloris McAnally and Ila Trimm.

Edith Bullard conducted our business session and poem reading. Irene Nunley was snapping pictures of the group.

Some of our friends were unable to attend because of sickness. Roxie Yow, a broken hip; Jewell Choate, in the hospital; Imogene McCoy, not feeling well that day; Edith (Starkey) Smith, had fallen at home and broke two ribs; and the Belue girls (Pauline, Irene and Maxine) were with their brother, Billy, who is not well.

We always miss all of you

that can't come, whatever the reason. Now Tucker, Jo and Vickie, where were you three? You have always been there.

The 1937 class had 5 members to graduate. Three members are still living and the three were there. Vernon Grimes, Irene (Bridges) Nunley, Ila (Tucker) Trimm, Freeman Lambert and Hettie Hester are deceased.

We saw Dollie (Cobb) Thorton in Jack's that day. Dollie was a basketball player from Paden. She played against some of us girls from Holcut.

Since our last meeting

Edith Bullard has fallen (in her yard) and broke a rib and sprained an ankle.

Ila's homebaked tea cakes were enjoyed by all.

Our reporter (Jewell Choate) was not at the meeting

that day, and Ila Trimm was asked to report for her.

Hall of Terror At Saltillo Methodist Church Oct. 28 & 30

Saltillo First United Methodist Church will stage "Hall of Terror" on Wednesday, Oct. 27th, 7:30-9:00, for the church family, and Thursday, Oct. 28th from 6:30-9:00 and Saturday, Oct. 30th from 7:00 - 10:30 for the public.

The Hall of Terror is a very graphic drama. It depicts what could happen if terrorists struck in North Mississippi. In the Hall of Terror one can see how students are going through life seemingly with no worries until their world collapses when terrorists strike! Saltillo High School is blown away by terrorists and they must determine where their destiny lies.

It is not being used as a scare tactic. But it does depict the reality of judgment after death, therefore the church strongly recommends that younger children do not go through the Hall of Terror due to the graphic nature of the drama. There will be a nursery and a room for those who do not wish to view the drama.

From Tupelo take Highway 45 north, take the Saltillo exit, take 145 south, take next right on Old Highway 45 (just past Fred's Dollar Store), on Old Highway 45 go less than a mile, church is on the left. Phone 869-2956 for more details.

Dr. Bobby E. Brown is our Executive Administrator.

MAP, Inc. provides services in twenty-one counties broken down into six regions. Tishomingo County is a part of Region V with four Head Start sites in the county.

1. Belmont Head Start is presently located on the Belmont school campus. We are hoping to be at a new location before this school year ends. Forty children are served here.

2. Burnsville Head Start is located at 24 Washington St. across from the Burnsville Elementary School. Fifty-four children attend this center.

3. Iuka Head Start is located at 1939 Ronnie King Drive near the Iuka Elementary School. Fifty-five children are served at this site.

4. Tishomingo Blended Services is located in the Tishomingo Elementary Building. Twenty children are served here.

Alcorn, Prentiss, Tippah, Itawamba, and Union counties make up the remainder of Region V. Our Regional Office is located in Booneville, MS. Mrs. Gwen Gentry is our Regional Manager.

Children enrolled in Head Start receive a variety of services.

- Dental and Health screenings as well as Speech and Hearing screenings. Follow up is conducted if necessary.
- Mental Health observations are conducted for possible behavioral problems and Teachers are given guidance as needed.
- Two meals and a snack are provided each day according to USDA guidelines.
- Educational Assessments are performed on each child

twice each school year. Progress reports are sent home to parents with the result of the assessment.

All educational assessments and curriculums are fashioned by Education Specialists with parent input.

• Two home visits are conducted per year and parent conferences as needed.

• One big field trip per year is sponsored by MAP and if parents wish to sponsor other trips, that is acceptable.

• One (1) birthday cake is made each month for the classrooms celebrating birthdays of all children for the month.

Parent Participation is strongly urged in Head Start. We want you to feel confident in leaving your child (ren) with us. Parent meetings are conducted monthly with the date and time selected by the parent group at the time of Reorganization when we also elect officers and sub-committee members.

Parents decide if we will have a fund raiser and what type.

Parents and Community Persons are elected to serve on the County Council which is comprised of all the Head Start Centers in the county.

Parents and Community Persons are also elected to serve on the Policy Council and State Board which meets monthly in Jackson, MS to work closely with Dr. Brown and other staff.

Please visit your local Head Start center this month or any time or you may contact the centers at:

TCHS Smoke Signals by Callie Daniel

"It takes courage to grow up and become who you really are."
e.e. cummings

I have lived a life of 17 years. To me that is a long time, but it's nothing compared to what my parent or grandparents have lived. I've experienced a lot. However my parents have experienced more. My parents have experienced their fair share but my grandparents have experienced even more. We all grow up, we don't grow down. Pessimistically, the moment we are born we start to die. Optimistically, each moment from birth is a new beginning and we should cherish all of them. Growing as a person takes a lifetime. We had better take the time we have and live it to the fullest. We can't just sit back and let life blow by us. Time has no speed limit and it always travels faster than we want it too. We must pursue the things in life that give us joy, fulfillment, and make us the happiest people we can be. It might take work. As a matter of fact, I guarantee it will. If we truly want to grow up and have abundant lives we must never back down from a challenge. Goal accomplished, dream obtained, and purpose in life fulfilled, we will be a better people for it.

The TCHS football team lost to Amory on October 15th and Satillo on October 22nd. They will be playing their last game this Friday in Hatley on October 29th.

Congratulations to the TCHS Lady Braves Slow Pitch Softball team! They finished a great season and did an amazing job in the state playoffs. Congratulations to

the senior girls Ashley Inlow, Caroline Walker, Whitney Bowling and Brittany Bell on their years of dedicated service to their team.

Ms. Key holds tutoring in her room from 3-4 p.m., Monday through Thursday if anyone needs help with their

studies.

Tishomingo County Development Foundation October Meeting

The Tishomingo County Development Foundation Board of Directors held its October monthly meeting at Iuka City Hall. Board Vice Chairman John R. White moderated the meeting.

Board members and others were given an update on Northeast Mississippi Community College workforce training efforts in Tishomingo County.

Workforce training is the number one need of business and industry in Mississippi.

Only 20% of workers in the USA have the skills necessary for 21st century jobs. Eighty percent (80%) of all jobs require some type of postsecondary education.

Board members heard a report on the status of the Pickwick Lake proposal. A letter of intent has been given to Pickwick Pines Resort and negotiations are ongoing.

The Annual Meeting Committee reported that Congressman Roger Wicker has agreed to speak at the annual meeting on November 4, 2004. Crows' Neck is not available that evening so the location of the

annual meeting has been changed to Tishomingo County High School. The time of the annual meeting is 7:00 P. M. The Annual Meeting Committee is continuing to finalize plans. A slate of officers will be presented at the annual meeting.

Board members heard a report on an upcoming workshop entitled "Extraordinary Results in Ordinary Communities" sponsored by the McLean Institute for Community Development at the University of Mississippi. The workshop will be held on Monday, October 25, 2004, from 8:30 A. M. to 5:00 P. M. at the Advanced Education Center in Tupelo. Five rural communities from all across the USA were selected

as case studies. Representatives from these five communities will give presentations on their local economic development efforts. The workshop is free and ten seats are reserved for representatives from Tishomingo County.

The next foundation board meeting will be the annual meeting on November 4, 2004.

HALLOWEEN HAPPENINGS

This enthusiastic team from Alliantech Systems had a *marvelous* time last year as they dressed in costumes and handed out candy to area children in Jay Bird Park at the Trunk-R-Treat event.

Halloween, which began more than 2,500 years ago, has become a celebrated fall event for children. Today, Halloween is a time to dress up in costume to get candy and enjoy the fall season instead of a time to "trick" or recognize goblins.

Many Halloween activities that promote treating—and not tricking—have been planned for area children. Cities, businesses, nursing facilities, civic organizations, and churches have all joined together to make this Halloween a "good" time for children.

Planned activities include: Trunk R Treat in Iuka

All youngsters and their families are cordially invited to come out to Jay Bird Park in downtown Iuka on Saturday night, Oct. 30, from 6-8 p.m. to enjoy Trunk R Treat. This year's event is being sponsored by the City of Iuka and the Pilot Club of Iuka. They invite everyone to come out and join and/or watch the activities. All businesses, organizations, churches, and individuals are invited to take part.

Trunk R Treat is an activity designed as a one-stop alternative to Trick or Treating while

keeping kids off the streets and in a safe environment during a specific time frame.

Activities this year will include receiving candy, costume contests for children and adults and families/and or groups. A pumpkin painting/carving contest will also be held. Best decorated trunks will be recognized.

All cars/trucks must be set up on Front Street before 6:00 p.m. *A box to accept toiletries for our soldiers will also be set up in front of Iuka City Hall.*

To participate in Trunk R Treat, call Magnolia Real Estate at 423-9001 to reserve your space. The guidelines for participation include: 1. All candies must be purchased. 2. All candies must be individually wrapped. 3. No vendors are allowed.

Everyone is cordially invited to come out and enjoy the fun and fellowship.

Trunk R Treat in Burnsville

All youngsters and their families are invited to come out to the Baseball Park in Burnsville on Saturday, Oct.

30, from 5-8 p.m. to enjoy Trunk R Treat. This Harvest Night Trunk R Treat is sponsored by Harmony Hill Baptist Church and the City of Burnsville.

The Harvest Night Trunk R Treat is designed to provide the community with a "one-stop fun spot with a safe environment filled with activities, games, and fellowship for the "children" of all ages!!!!"

There will be free refreshments and all businesses, organizations, churches, and individuals are urged to take part.

To participate, call Lori Lawson or Lisa Williams at 427-9002 or Eleshia Dailey at 427-9526.

Guidelines include: 1. All candies must be purchased and must be individually wrapped.

No vendors are allowed, and trunks must be set up by 4:45.

Activities will include contests for Best Decorated Pumpkin, Most Original Trunk, and Best Dressed Trunk, and hourly doorprizes. Games will include 5-man tug of war, a free throw contest, three-legged race plus many more.

Treat or Treating at Tishomingo Community Living Center

Everyone is invited to the Living Center as they open their doors for trick or treaters from 5-7 p.m. Saturday, Oct. 30. Come by and see us for goodies and treats.

Trick or Treating at Tishomingo Manor

Tishomingo Manor will be hosting Trick-or-Treating on Saturday, Oct. 30, from 5-7 p.m. in the front lobby. All residents are looking forward to seeing all the ghosts and goblins and little creatures. There will be candy for all.

Holy Wing Is Here

Holy Wing, sponsored by Magnolia Baptist Church, is going on this Friday, October 29, 2004. Starting at 6:00 p.m., we will be having food, games,

hayride, and prizes.

It will be located at Bro. Howard Stanford's in the Rutledge Salem Community.

Come out for fun and fellowship. For more information, call 423-9379 or 423-3613.

thing possible to see that the voting procedures are carried out according to the rules and regulations set down by the Mississippi Election Commission in Jackson in a fair and impartial manner.

As I travel around the county, it is surprising to me how many people are not registered to vote, and how many people that are registered to vote do not exercise that privilege. A lot of good men have fought and died that we may have this privilege. Please get out and vote, if you do not feel that you can vote for me, then vote for one of my worthy opponents, BUT PLEASE VOTE.

I would like to wish my opponents the best of luck, and I would like to challenge them, for us all to take our campaign signs down after the election, our county is too beautiful to be cluttered with political signs after their purpose has been served.

Thank you very much, May God Bless

year, after talking with social security/disability, I made the decision to run for this office. I went out in about a weeks time to get my signatures needed to get on the ballot and met a lot of wonderful people. I'm still seeing them everyday.

This county is full of great people and if elected I will serve them with honesty and integrity. I can't say enough about how well I have been treated these past weeks by the people of the 3rd district. I hope I can see everyone if time allows; however, if I fail to see all of you I ask that you consider me, Raymond E. Gist Jr., Democratic candidate for 3rd District Election Commissioner on November 2nd.

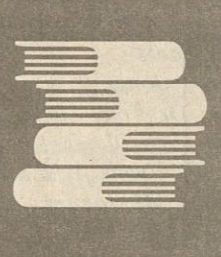

Thank You and God Bless.

VOTE TUESDAY NOVEMBER 2

Re-elect David Rushing your Fourth District Election Commissioner for Tishomingo County. The other commissioners and I have strived to have honest and fair elections, giving everyone the right to cast their ballot for their candidate.

WHAT'S
SO
D*#!
FUNNY
ABOUT

Senators Charles Schumer, Dianne Feinstein, John Kerry and Ted Kennedy leave the Senate chamber on March 2, 2004, giggling after casting a day-long series of anti-gun votes.

BANNING YOUR GUNS?!

That's what this bunch just voted to do.

Right before they posed for the camera.

They voted to ban semiautomatic shotguns like your duck gun.
And they voted to ban semi-auto rifles like the one you use for plinking.

And they voted to ban deer hunting rifle ammo.

and they voted to shut down gun shows.

and they voted to blame the gun industry for the acts of criminals.

Are these the people you want to put in charge of your rights?

Iuka Elementary School 4th Grade Classes Visit Red Rock Corn Maze In Tuscumbia, AL

On Friday, October 15th, the fourth grade classes at Iuka Elementary School went on a field trip to the Red Rock Corn Maze in Tuscumbia, AL. The students had a great time as they went through the fifteen stopping points of the maze by working in cooperative groups to answer questions about plants. In addition to the maze the students toured the farm on a hay ride, visited a pumpkin patch and chose a pumpkin to take home. The classes enjoyed a picnic lunch and had sack races in the afternoon. 4th grade teachers, Patsy Casabella, Lori Wahlstrom, Susan King, Risa Smith, and Kim Wilmuth would like to say a special thank you to all of the parents who went along on the trip. The ten acre cornfield maze is located on the Walter McWilliams farm at 2042 Red Rock Road in Tuscumbia. It is a great place in our community for field trips and family outings. Pictured above is Mrs. Casabella's class as they stand beside one of the entrances to the maze.

Barnett Apothecary To Provide Critical On-Site Diabetes Screenings In November

As diabetes continues to spread at an alarming pace, Barnett Apothecary is offering an important screening to help identify people who may have or be at risk for the disease. Pharmacists and diabetes screeners will be on hand to educate consumers and help them better manage or prevent the onset of diabetes.

According to the American Diabetes Association approximately 5.4 million Americans with diabetes are unaware that they have the disease. What's more, according to an article published in the January 2004 edition of the Journal of the American Medical Association, more than half of diabetics are obese and a high percentage also have high blood pressure. These factors may lead to complications. The good news is that diabetes can be controlled through diet and exercise.

While more than 1 million Americans are diagnosed each year with diabetes, many find out too late. To help its patients better understand diabetes and how to prevent and manage the disease, Barnett Apothecary will offer two types of screenings:

- **Glucose Screenings** - Glucose screenings measure an individual's blood sugar level. Results can be used to identify patients with diabetes or who are at risk of diabetes, monitor adequacy of diabetic control, and evaluate how the body is converting and breaking down foods. The screening process takes about six minutes.
- **Hemoglobin A1c** - This screening measures how much sugar is covering your

red blood cells. Because red blood cells live for 90-120 days, this test tells how well-controlled blood sugar has been for the past 3-4 months. A finger stick blood sample is taken and measured, and within a few minutes the results are available.

"One of the most important services I can offer my patients is a simple test to screen for diabetes," said Steve Barnett, Pharmacist. "Our pharmacy wants to identify those at risk for diabetes and encourage them to visit their physician. We want to teach consumers that nearly half the time, diabetes can be prevented through simple changes in diet and exercise."

The screenings will take place November 6th from 9:00 until 1:00 at Barnett Apothecary, located at 606 Battleground Dr. Patients should call 662-423-9994 to set up an appointment or schedule an appointment in-person during their next visit to the pharmacy. Pharmacists will be available to answer patients questions.

Barnett Apothecary has some answers to commonly asked questions about diabetes screenings:

How does the screening work?

A patient's glucose level is determined by putting one drop of blood on to a test strip using a simple finger stick. A glucometer then reads the test strip and issues results immediately. Any patient tested that has a fasting glucose level over 200 will receive a second test to obtain his or her hemoglobin A1c levels. Another drop of blood is required for the HbA1c test. This drop of blood is put into an HbA1c test cassette and placed into the analyzer. The analyzer will run for 6 minutes. Will the screening tell me if I have diabetes?

No, the screening will not diagnose diabetes. It will help to indicate whether your blood levels indicate you may be at risk for diabetes. We encourage our patients to take their results to their local healthcare provider.

How long is the screening?

The screening takes about ten minutes. However, the screening technician will also

talk with you about your results and provide general education on diabetes.

How much does the screening cost?

The screening is free of charge.

Are appointments necessary?

It is recommended that all

patients make appointments. Pharmacies will accommodate walk-ins when/if an open time slot is available. This policy prevents patients from waiting in line and gives all participants the opportunity to receive complete interpretation of their results.

Museum Has Openings For Student Workers...

The Tishomingo County Archives and History Museum is seeking students to serve in the following capacities:

- Museum Assistant - The secret is out: the real reason most people get involved in museums is to "get their hands on the stuff!" Here's your chance to learn from the pros how to plan, inventory, and construct new exhibits and research the collections of the Tishomingo County Historical & Genealogical Society. This position would require a minimum of 4 hours per week and would be an excellent position for a history buff with basic computer skills and some familiarity with inventory control.
- Program Assistant - Bringing education programs to our museum is an important goal of the Society. We need a person to research, develop and implement monthly and annual programs which involve other student volunteers. This is a regular volunteer opportunity, or you can be on-call to help as needed.

If you would like to be involved in a fulfilling project and be a part of an exciting staff - using your skills, talents, and expertise to help fulfill the mission of the Society, the Old Tishomingo County Courthouse may be the place for you! We are proud of the quality work done by our steadfast volunteer corps and can utilize you on-site or off-site.

Training and training materials will be provided by the Society. A record will be kept of your volunteer service. Active volunteers are eligible for a discount in the gift shop and are invited to participate in volunteer appreciation programs. For more information, please visit the courthouse in person, telephone us during the day at 423-3500 or at night at 423-2543.

Flu Shot Info...

Why is our vaccine made in the UK and not the US?

The major pharmaceutical companies in the US provided almost 90% of the nations flu vaccine at one time. They did this despite a very low profit margin for the product. Basically, they were doing us a favor. In the late 80's a man from North Carolina who had received the vaccine got the flu.

The strain he caught was

one of the strains in that years vaccine made by a US company. What did he do? He sued and he won. He was awarded almost \$5 million! After that case was appealed and lost, most US pharmaceutical companies stopped making the vaccine. The liability outweighed the profit margin. Since UK and Canadian laws prohibit such frivolous lawsuits UK and Canadian companies began selling the vaccine in the US.

By the way...the lawyer that represented the man in the flu shot lawsuit was a young ambulance chaser by the name of John Edwards.

IMS Chieftains Tri-County Championship

ball against the stingy Iuka defense that has allowed only 6 points over the last two seasons.

In the first quarter, the Chiefs moved the ball on the ground early before throwing

an interception down inside the 20-yard line. After stopping the Eagles, the Chiefs then went to their ground game again.

At the beginning of the second quarter, Tyler Pritchard ran the ball into the end zone to give the Chiefs a 6-0 lead. On

their next possession, the Chiefs added another score by Pritchard and a 2-point conversion by Matt Davis to go up 14-0. Chieftain Cody Duncan intercepted an Eagle pass just before halftime, and it looked like the Chiefs might score

again. However, penalties and the clock kept the half-time score at 14-0.

In the third quarter, the Chieftains got on the board early with a successful scoring drive with Lee Griffin taking the ball into the endzone. Matt Davis scored another 2-point conversion, and the Chieftains went ahead 22-0. A couple of fumbles killed the Chieftains during the rest of the third quarter.

In the fourth quarter, the Chiefs took the ball back down to the Falkner 12-yard line where IMS's Steven Atkins was pulled out of bounds on a facemask penalty. The Chiefs were pushed back to the 30-yard line on penalties against them, but they were able to use up the ticking clock to win 22-0.

The Falkner game was the Chieftains' closest contest since a 14-0 win over Booneville last season. During their fantastic 7th and 8th grade years, these Chieftains have scored over 548 points and have held their opponents to an impressive "only 6" points scored against them.

IMS Coaches Shannon Edmondson and Andy Deaton

said they are very proud of these guys, and they hope that they will continue to play together throughout their high school careers. Team members include: Billy Duke-9, Lee Griffin-10, Steven Atkins-14, Tyler Pritchard-21, Matthew Davis-22, Michael Mitchell-23, Daniel Coker-24, Cody Duncan-31, Jacob Chatham-53, Tristan Tigner-54, Jesse Grisham-56, Raymond C. “Remembering a Real Superman”

by Christian Evans

“Superman Dies” was printed in large black letters heading a section of the morning paper. The “Superman” in the piece was actor Christopher Reeves. He will forever be remembered not only for playing the role of the man of steel on screen but for showing the world that within a paralyzed body lived the soul of a true “Man of Steel”.

He started acting in theatre. The dashing young man worked his way to Broadway. Reeves’ charm and charisma was recognized as he tried to break into the big time on the silver screen. His breakthrough portrayal as mild-mannered Clark Kent hid the secret identity of Superman. Reeves had other roles, winning awards and critical acclaim. Yet, this breakthrough in the Superman films would mirror his life.

Reeves’ was an adventurous spirit with many hobbies. From mountain climbing to flying jet planes, sports and varied interests filled the free time of the busy actor. He loved horses and competed in equestrian events. In 1995 at one of these events, Christopher Reeves was thrown from his horse. The fall paralyzed his body below the neck. The previous mild-mannered man, like his onscreen Clark Kent character, took on a new role as Christopher Reeves, crusader for the physically challenged.

Struggling to life in the days shortly after the accident, Reeves’ breathing was aided with a machine to help him breath more normally. He

endured rigorous physical therapy daily. Reeves contemplated suicide but was guided through his faith to set goals. He wanted to breath on his own again, work as an actor, director and other projects but above all, he wanted to walk under his own power again.

Reeves took to the airwaves to give a face and voice to disabilities. Reeves focused on his “abilities”. He was able to work with world-renowned specialists in spinal cord injury and worked on every lead and every option in reaching his goals.

We watched as Reeves rolled on stage at the 1996 Democratic National Convention. That night we heard the voice of an admired and respected actor challenge us to help in supporting research funding and government involvement in finding cures through modern technology and science.

Reeves stayed in the limelight pushing his cause from talk shows like Larry King to Oprah. He won awards for his portrait of a man who witnessed a crime in the remake of “Rear Window.” He directed a number of projects. All this while working tirelessly with doctors and therapists daily.

His progress with experimental treatments was followed closely by the media. Reeves’ smile and labored voice was seen and heard around the world. In the Halls of Congress to the far corners of the world, this man became a constant figure pushing for

himself, but for all who suffered as he did.

Reeves devoted the rest of his life battling to fulfill his destiny and walk again. Recently, Reeves’ health began failing. He struggled with various health problems until his heart succumbed to the strain. The man of steel, who had melted our hearts and made us feel his strength, passed away of heart failure earlier this

month.

I personally admired Christopher Reeves as an actor but more so for his convictions, his determination and for his optimism. I have struggled with Reeves. Now, he has emerged from a cocoon, a paralyzed shell, his spirit sores with the butterflies. Christopher Reeves is now a guardian angel whose efforts continue to work for his goal, a cure. At the end of one

of his Superman movies, he told Lois Lane “Goodnight” and flew off into the night. To me, this gentle spirit showed us how the frailty of man, one who had it all, fame, wealth, talent, a charmed life, can still seemingly loose everything. He never lost his faith, hope and optimism. For this Christopher Reeves will always be my hero. A real SUPERMAN.

Time may be a great healer, but it's a lousy beautician.
