### July Pet of the Month - Iuka Animal Clinic

Harley Rutledge is our July Pet. He is the much loved pet of Rhonda and Kirk Rutledge. Harley will be 4 years old in August and one of his favorite pastimes is playing with 17 month old Kaylin. She is Rhonda and Kirk's granddaughter. She and Harley spend many happy hours playing. Rhonda keeps her camera ready. Harley is a great protector of Kaylin.

What about that "once a Month" FLEA Pill? The name is Comfortis. It is a beef flavored chewable tablet. It starts to work in 30 minutes, lasts a month, is FDA approved, and can be given to dogs 14 weeks and older. Those of our clients who have used Comfortis have been very pleased. Come by or call us for more information.

## Letter to the Editor

### THANK YOU

At 3:00 p.m. on Saturday, July 19th, I awoke to the smell of smoke in my home. In panic, I dialed 911! Within five minutes, the Tishomingo Fourth District Fire Department was at my house, followed by the Paden Fire Department. Soon, a sheriff's car and the Tishomingo Police arrived. The firemen rapidly entered my home and attic. With their knowledge and experience, the fire was soon under control.

Many friends and neighbors gathered. One

neighbor brought me ice water and a cold cloth for my face. Another lady graciously handed her phone

to me. The police officer handed out water. Thank you to all who were concerned and to those who stopped to help me.

A light had shorted out, causing a flame in the ceiling and attic. When it was over, only minor damage had been done, thanks to the firemen. And, they all spoke to me with kindness and understanding afterwards. These men responded so quickly and worked so hard. I just want to thank them from the bottom of my heart and tell them that I appreciate everything they did to help me.

Vera White

Want to get your G.E.D. or brush up on your skills? Jeanette Wadkins will be coming to the Tishomingo Library to help. For date and time contact the Tishomingo Library at 438-7640.

### INSIGHT INTO EYESIGHT

#### Dr. Phillip Gray OPTOMETRIST

#### What's The Rush?

If you want an eye examination that will result in the best possible correction for your vision, don't go to an establishment where you'll be hurried in and out. Any optometrist worthy of the name will give you the time you deserve. His or her examination will be precise, patient, and understanding of your problems.

An eye exam is a scientific procedure and is never done quickly by a reputable eye doctor. Your eye doctor not only understands your eye problems, he or she also understands how important it is to have carefully prescribed lenses and comfortably fitting frames.

The English philosopher John Ruskin once wrote: "There is hardly anything in the world that some man cannot make a little worse and sell a little cheaper. People who consider price only are this man's lawful prey". Your eyes are too important not to give them the care that only a reputable eye doctor can provide.

### TCLC Resident Has "Make Memory" Request Fulfilled

During the month of June, 2008, Mr. Carlos Ingram, a 92 year-old resident at Tishomingo Community Living Center, had a "Make A Memory" request fulfilled. Each year, Mr. Ingram and his family members would make a trip to Wilson, Arkansas. It was there, in that town, that he met and married his wife, Shirley. There the two had a son, whom unfortunately died at a very young age. After the family moved to Tishomingo, MS, each year they would go to the town of Wilson and put flowers on their son's grave and Shirley's father's grave. They would also visit where they made their first homeplace. In the last few years, Mr. Ingram has had some health problems that

have kept him from the trip.

Mr. Ingram's "Make Memory" request was fulfilled when he got back to the town of Arkansas to visit the grave of his son and father and to see his first home. He was able to fulfill his big "Thank You" to the Tishomingo Community Living Center's "Make Memory" Program. Staff members at TCLC made this day special for Mr. Ingram.

## Historic Waldorf-Astoria In Manhattan, Scene Of McAnally-Lawrence Wedding Ceremony

Melody McAnally and John Lawrence were married in a private ceremony at the historic Waldorf-Astoria in Manhattan, New York on December 21, 2007. The bride is the daughter of Annette McAnally and the late Stanley McAnally of Tishomingo. She is the granddaughter of Mr. and Mrs. Columbus McAnally and Mr. and Mrs. Calvin Choate, all of Tishomingo. The groom is the son of Mr. and Mrs. John Lawrence, Jr. of Memphis, Tennessee. He is the grandson of Mr. and Mrs. John Lawrence of Memphis, Tennessee, and Mr. and Mrs. Enoch Bethea of Bartlett, Tennessee.

The ceremony was at 10 o'clock in the morning in the Waldorf-Astoria's Silver Corridor. The bride wore a satin A-line gown with a strapless ruched bodice, a side draped skirt and a detail of pearl buttons going its full length. She carried a bouquet of red roses hand-tied with her father's

handkerchief.

In lieu of a rehearsal dinner, the couple saw a performance of *Romeo et Juliette* at the Metropolitan Opera House in Lincoln Center featuring Anna Netrebko and conducted by Placido Domingo. On the morning of their wedding the couple was met by friend and photographer Roy Adkins of Light & Glass Studios. After the ceremony, the bride and groom traveled by private car to historic New York locations for photographs. Their first stop for photographs was inside Grand Central Terminal, where John and Melody were surprised to find Christmas lights swirling all along the walls of the historic building as part of an annual Christmas show. The couple then traveled, among other places, to Washington Square, the New York Public Library, the Metropolitan Museum of Art, Central Park, and Times Square for more

photographs. All along the way, New Yorkers and other tourists shouted words of encouragement, clapped for them, and snapped photographs of the couple.

During their honeymoon in Manhattan, they attended a matinee performance of *Wicked* on Broadway. Also, their friends treated the couple by sending them to dinner at the world-famous French restaurant LeBernardin. The bride and groom spent the last day of their honeymoon exploring Christmas decorations in the shops on Fifth Avenue, ice skating in Bryant Park, and watching it snow in front of the Rockefeller Center Christmas Tree.

The couple arrived at their new home in Memphis, Tennessee on Christmas Eve. Melody is an attorney in the Memphis office of Butler, Snow, O'Mara, Stevens & Cannada, PLLC and John is executive director of the Memphis Airport Area Development Corporation.

## Snakes Alive Again!

I may have to take back that mothballs don't repel snakes! Looking out my back door thinking I might see a snake crawling....it was warm and just right for snakes and sure enough there crawled one about thirty feet from where I was and about five feet from the house heading under my utility trailer. I grabbed up my thirty inch extended reach gizmo and went after him. He or she was about 4 feet long or so. He disappeared under the trailer. These rat snakes kind of blend in to its surroundings, I didn't know where he went all of a sudden I saw him climbing up the four foot tailgate. I reached for him with my extended reach Gizmo and couldn't pull him off. He just held on!...I went under the shed, found a mothball came back and put it to his face. You should have seen him getting off that trailer tailgate and onto the ground! I kept touching the mothball to his head and he started striking at it!! Needless to say, that snake don't like mothballs! As hard as I tried to grasp that snake in my 30 inch long Gizmo I couldn't do it. The last I saw him he was slithering under my house and disappeared!! So draw your own conclusion about mothballs and snakes! I hope he comes out from under the house and crawls off into the Kudzu vines and stays out of my closet!!

## NEMCC Receives \$100,000 WIA Grant...

Northeast Mississippi Community College's Division of Workforce Training and Economic Development has received notification that it has been awarded a \$100,000 WIA Youth Grant from the Mississippi Partnership. The grant will target 18-21 year old, economically disadvantaged youth in Tippah and Tishomingo Counties. Northeast will be required to serve 30 individuals and these individuals will get a GED testing scholarship, \$250 GED Incentive, travel, meals, and child support services.

According to vice president of Workforce Training and Economic Development Nadara Cole, Pam Meeks will administer the program along with the Adult Basic Education program. This grant will further enhance the existing Adult Basic Education and GED Testing Program at Northeast.

"Meeks did an excellent job writing and submitting this grant proposal," Cole said. "She is to be commended for going the extra mile to take the time to write and submit this grant. It will help allow our ABE/GED program to be one of the best in the state."

Additionally, the Mississippi Corridor Consortium (Northeast, East Mississippi Community College, Northwest Mississippi Community College) was awarded another youth grant

funded by the Mississippi Partnership. The total grant award is \$300,000 to be shared by the Consortium. This grant will help each college develop the drop out recovery model by providing short term training needed to become more employable. It is a youth grant targeted to 18 to 21 year olds and can enhance the Adult Basic Skills Classes and GED Programs throughout the region.

"We are excited and proud to receive these extra funds to allow our staff to take these programs to the next level by better serving the young adult population in our district," Cole said.

## INDEPENDENT AUDITORS' REPORT ON CENTRAL PURCHASING SYSTEM, INVENTORY CONTROL SYSTEM AND PURCHASE CLERK SCHEDULES (REQUIRED BY SECTION 31-7-115, MISS. CODE ANN. (1972))

Members of the Board of Supervisors  
Tishomingo County, Mississippi

We have made a study and evaluation of the central purchasing system and inventory control system of Tishomingo County, Mississippi, as of and for the year ended September 30, 2006. The study and evaluation included tests on compliance of the Purchase Clerk and Inventory Control Clerk and such other auditing procedures, as we considered necessary in the circumstances.

The Board of Supervisors of Tishomingo County, Mississippi, is responsible for establishing and maintaining a central purchasing system and inventory control system in accordance with Section 31-7-101 through 31-7-127, Miss. Code Ann. (1972). In addition, the Board of Supervisors is responsible for purchasing in accordance with the bid requirements of Section 31-7-13, Miss. Code Ann. (1972). The Board of Supervisors of Tishomingo County, Mississippi, has established centralized purchasing funds of the county and has established an inventory control system. The objective of the purchasing system is to provide reasonable, but not absolute, assurance that purchases are made in accordance with state law.

Because of inherent limitations in any central purchasing system and inventory control system, errors or irregularities may occur and not be detected. Also, projection of any evaluation of the future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

In our opinion, Tishomingo County, Mississippi, complied, in all material respects, with the requirements of the central purchasing, inventory and bid requirements.

The accompanying schedules of (1) purchases not made from the lowest bidder, (2) purchases made noncompetitively from a sole source and (3) purchases made noncompetitively from a sole source are presented in accordance with Section 31-7-115, Miss. Code Ann. (1972). The information contained on these schedules is based on procedures performed in connection with our aforementioned study and evaluation of the central purchasing system and, in our opinion, is fairly presented when considered in relation to the audit.

This report is intended for use in evaluating the central purchasing system and inventory control system of Tishomingo County, Mississippi, and is not intended to be and should not be relied upon for any other purpose. However, this report is a matter of public record and its distribution is not limited. Dicky H. Sparks, P.C. Certified Public Accountant January 18, 2008

## Aaron Bath Participates In ROTC Cadet Training Program

Aaron R. Bath

For most college students taking the summer off between their sophomore and junior years, life is usually filled with a summer job, time at the beach or a little extra time in front of their favorite video game.

For the son of an Iuka couple, this summer is quite a bit more strenuous. Aaron R. Bath, son of Kent and Allison Bath of County Road 989, Iuka, is an Air Force ROTC cadet going through a boot camp of sorts, during a more than three-week physical and mental challenge designed to prepare more than 2,300 cadets nationwide for eventual commissioning as a second lieutenant.

This is the first year that

cadets have converged to one single location for their training, with the most sweeping changes to the program in more than 60 years. For Bath, it's the toughest challenge he'll face during his ROTC stint. "The toughest part of this training is being on the move from 4 a.m. to 'lights out' at 9 p.m.," said Bath, who is a 2004 graduate of Tishomingo County High School. "Overall, my expectations for field training have been met and it is a tough and demanding program."

The ROTC field training course is divided into three phases: The first 11 days of the training is primarily devoted to classroom work, focusing on leadership, marching and problem-solving scenarios. Each group of about 30 cadets then move into a more intense, six-day training at the "Blue Thunder" camp, a tent city set up at Maxwell. There, the cadets learn hand-to-hand combat, land navigation, tactical communication, face leadership reaction obstacles and qualify at the small arms range on the 9 mm pistol.

For the first time, cadets

will wrap up their training with a six-day exercise at the Joint Forces Training Center at Hattiesburg, Miss., in an environment that gives them a safe look at what they might face if deployed to Iraq or Afghanistan. Reaction to roadside bombs, conducting convoy operations, learning small arms tactics and getting their first look at urban warfare situations are some of the challenges awaiting these cadets.

"While being here, I have learned the importance of time management, decision making, and situational awareness. These skills will help me to succeed in the Air Force as well as within my last two years of school." Bath is currently attending Mississippi State University, pursuing a degree in aerospace engineering. "I am working towards a pilot rating and plan to be commissioned in the summer of 2010."

These college students may not get the chance to hang out at the beach or play the latest video game this summer, but the experiences they take from their training here, could very easily save lives in the future.

## Local Pilot Club Members Attend District Convention

Five members of the Iuka Pilot Club joined more than 100 Pilot Members of the Mississippi at the MS District, Pilot International 20th Annual Convention recently held at the Summit Hotel and Summit Center in Tupelo. Governor Beth Riley, Pilot of Mississippi Pilot Spirit.

legs. The caption said something to the effect that getting old is not caring about what you look like in a swim suit but just being happy you are well enough to go swimming.

Senior citizens today do not need be the typical cartoon person sitting at home in front of a television wishing they could be back in the workforce. Sure the pace will be slower, and we cannot do all of the things we did when we were younger but we can face each day as a gift from God. Personally, I don't know how I ever had time to work. Each day takes care of itself with little planning on my part. One day garden. The next day, take it easy to allow those muscles to heal. Take a walk, even around your own block. It is amazing the things you notice when you get outside; a butterfly, a pretty little flower tucked away, something new in a neighbor's yard.

Try a new hobby, take a class, write a note, an article, a book. Keep a journal of the things you do each day. Leave it to your favorite grandchild.

I have two personal heroes. My Aunt Inez is 80 years old. She lives in the country alone now that her husband has passed on. She gardens with a passion. Now she frets that she cannot get her son to move things around as quickly as she would like. Each day will find her outside lavishing love on her flowers/shrubs/trees.

Last year she fell down her basement stairwell hurting her back. Even with this setback she was soon back outside digging and moving things around. Every time I go to visit her, I come away with plants.

My other hero is Aunt Irene. She is 90 and still going. She drives to the cemetery to care for her husband's grave, to Iuka

Baptist Church, to the doctor, to the library, and to the grocery store. She will not let the family members take care of her. Aunt Irene never had children but she has the love of many nieces and nephews here in Tishomingo County. Even though family members would like to help more, all respect her independent spirit and wait to be called should she need help or assistance.

I believe from seeing these two operate first hand

that we all should lift spirits up, and keep doing something we do as long as we are able to do it.

There is no happiness that tells us exactly how much pain we will have to deal with as we age. I'm sure that all senior citizens have some pain each day, but it is a secret to a better dwelling on the things left to us and the pain even when it is hard to do.

## OUT THERE By Tita B

Older American idols are showing up everywhere. Stories, cartoons, novels, as well as advertisement for fantastic get-a-ways and voyages are pitched at senior citizens these days.

Tom Selleck, born in 1945 in Detroit, Michigan, looks cool and sexy on the cover of the July 2008 issue of Cowboys & Indians. This man that we have seen in movies and on television looks none the worse for wear. His first television appearance was in The

Dating Game in 1965. Since then we have seen him on TV in Magnum, P.I., Friends, Boston Legal (as Candice Bergen's ex), and Las Vegas. His movies too have spanned 40 years and include Quigley Down Under, Jesse Stone: Sea Change and many other westerns. He was the first choice to play Indiana Jones in Raiders of the Lost Ark but the producers of Magnum would not release him from his contract.

Jamie Lee Curtis at 50,

in a bright red dress, adorns the cover of the July/August More magazine. Her trials and tribulations have always been publicized and magnified for the public's consumption. She was a star by age 20. Throughout the years there have always been reports of alcohol and drug abuse. How did she get here looking so great? I'm sure we will see her through her 60's, 70's, and most likely her 80's too, still looking terrific. I know, I know, she has had cosmetic surgery along with being wealthy, but vitality and the love of life still shines through.

Just this week, I read a Hagar The Horrible cartoon by Chris Brown, where Hagar is pondering life asking, "At what age do you become too old to know better?" Indeed.

I seem to make as many faux pas as I did when I was 20. Maybe we never become old enough to know better.

Jim Davis had Garfield thinking about the many physical changes brought on by old age. Quoting Garfield, "In the minus column there's loss of memory, loss of hair, acquisition of nose and ear hair, liver spots, wrinkles, achy joints and saggy skin."

I also saw a cartoon in one of the service magazines showing an old wrinkled couple on the beach. He has a pot belly. She weighed a lot and had cellulite on her

## Army 10-Mile Marathon

Sgt. Jason Vaughn

When the unthinkable happens to America's military families and a loved one is taken by war, illness, accident, or suicide, there's an organization uniquely designed to meet their needs. The Tragedy Assistance Program for Survivors (TAPS), a caring community of families that have suffered similar losses, is waiting to walk alongside newly bereaved.

TAPS is America's online resource for all who are grieving the death of a loved one serving in the military. Since 1994, TAPS has provided comfort and support 24 hours a day, 7 days a week. Its comprehensive services include a national network of peer-based support, case assistance, crisis intervention, and grief and bereavement resources. To date, TAPS has assisted more than 25,000 surviving family members, casualties, and caregivers. All services are provided by TAPS at no charge to the bereaved families and are made possible by the generosity of donors.

An annual TAPS fundraiser is its 10-mile marathon. The TAPS community of volunteers and family members are working to remember and honor the ultimate sacrifice made by our men and women in uniform. "Run and Remember" Our Fallen is the slogan for the marathon. Through TAPS services, the legacy of fallen is honored, and steps to remind younger generations of the values have made the U.S. the best nation in the world. Remember that some of us are here to protect our country, and we must honor the legacy and cushion the blow that falls upon us and our family left behind. The TAPS program brings compassion into action and help and support.

Sgt. Jason Vaughn, Tishomingo County's fallen warrior, will be memorialized by family members running in his honor in Washington, D.C. on October 5th. Those who are not able to run are encouraged to be in Washington, D.C. to support the runners and cheer on those who are honoring their fallen ones. Anyone wishing to support the Army 10-Mile Marathon in Jason's memory can go to <http://www.taps.org> and click on the 10 miler icon on the right side of the screen. Type in the name of whom you wish to support in Jason's memory (Karisha Devlin, sister; Logan Vaughn, brother; or RaNae Vaughn, mother) and follow the rest of the instructions. Donations may also be emailed to the Vaughn family at 58 County Road 187, Iuka. Checks need to be made out to TAPS. Any donation, however small you think it may be, will be appreciated. All donations go entirely to TAPS.

Please light a candle in memory of my son, Sgt. Jason W. Vaughn, by visiting <http://jason-vaughn.memoryof.com>.

## Harmony Club Picnic...

On July 21st, 2008 the Harmony Homemaker Volunteers held their yearly July Picnic at the Iuka Library at 6 p.m. There were 23 people attending.

Sarah Weaver, Vice President, called the meeting to order. She welcomed everyone especially our visitors. She asked Mr. Steele to bless our food with a prayer. We had plenty of food.

Several brought their family and some brought friends. We especially welcomed Ms. Vada Kay, who lives at the Carrington Inn and one of our oldest members. Vada, we love you. We had several out sick.

Billie Holland gave out recipes.

## GOD'S ANSWERS IS DEATH THE PENALTY FOR SIN?

Deut. 30: 15, 19...life and good, and death and evil...life and death, blessing and cursing; therefore choose life, that both thou and thy seed may live. Rom. 5: 21 That as sin hath reigned unto death, even so might grace reign...unto eternal life. Rom. 6:23 The wages of sin is death; but the gift of God is eternal life Rom. 8:13 If ye live after the flesh, ye shall die: but if ye through the Spirit do mortify the deeds of the body, ye shall live.

Ps. 22: 29 None can keep alive his own soul. Ps. 30: 3 Thou hast brought up my soul from the grave; thou hast kept me alive. Ps. 33:18, 19...eye of the LORD is upon them that fear him...to deliver their soul from death, and to keep them alive. Is. 55:3...hear, and your soul shall live. ## The Food Depot 1701 Paul Edmondson Drive 423-2437 or 423-2694

This past weekend we shared another great time with the Volunteers and Recipients of the Food Depot. I thought recertification went very

good and thanks to everyone that participated. Serving some of the communities food needs is a duty and responsibility that we all take very seriously. This

past weekend, we served just over 650 boxes of food. I can not say enough about how proud of the good people that volunteer their time, energy, and their money for such a needed Ministry.

This week we especially would like to give thanks to the Mt. Evergreen Methodist Church Adult Sunday School class; the New Salem Baptist Adult Sunday school class; and B&G Equipment, Inc. for all that they contributed and their continued support of the Food Depot.

As always we give a

huge amount of credit and appreciation to the workers that make this labor of love work for our community.

This coming week we will have our annual inspection by the USDA. We all will be working hard to have everything ready. This week, I would like to show a photo of some of the

volunteer workers as we packed the boxes this past Friday night. We welcome anybody to help just call us at the numbers above.

To register for the first time, call one of the numbers posted above for information.

The Food Depot Ministry would like to make a presentation about this food ministry to your church, work place, your business group, or social organization. Please contact us at the numbers above for an appointment. Come share this gift of God's grace with us.

## Sardis Church News

By: Louise White Family

We at Sardis extend a welcoming hand to all who wish to come together in the name of the Lord Jesus. We've been blessed with another week of life and the opportunity that goes with it of spreading God's Word and enjoying good fellowship with one another. We are located at the end of CR 169 and we encourage you to visit with us anytime.

### VERSE OF THE WEEK:

"Woe to the rebellious children, saith the Lord, that take counsel, but not of me; and that cover with a covering, but not of my spirit, that they may add sin to sin". (Isaiah 30: 1).

In this lesson we learn that many would rather be blind spiritually than acknowledge the truth. We should never shut out eyes to the truths of God's Word. Isaiah 29: 10-12; Isaiah 30: 1,2,8-13.

## TISHOMINGO COUNTY AREA PROPERTIES FOR SALE

Now is a good time to buy. Housing inventory levels in many markets are high and interest rates are at historic lows. Contrary to perceptions, conventional mortgages are widely available at favorable interest rates for the bulk of homebuyers. Buyers with good credit and a realistic view of what they can afford should have no difficulty obtaining mortgage approvals.

WHEREAS, the Board of Commissioners of the Tishomingo County Water District, Inc., Tishomingo, County, Mississippi (the "Board" of the "District"), acting for and on behalf of the District, hereby finds, determines, adjudicates and declares as follows:

3. The Board has employed Dean McRae Engineering, Inc., Iuka, Mississippi, a competent engineering firm, to study the System, determine the nature and extent of the improvements, betterments and extensions necessary thereto (hereinafter referred to as the "Project"), and make an estimate of the cost thereof.
4. Said engineers have determined the nature and extent of the Project and have made an estimate of the cost thereof, based on such estimate, the estimated costs are in the aggregate amount of Three Hundred Fifty Thousand Dollars (\$350,000).
