Iuka Man Drowns in Pond Saturday

by Pamela McRae

An Iuka man drowned Saturday in a boating accident on a local pond.

According to Tishomingo County Coroner Mack Wilemon, Robert Lynn Kettler, 46, drowned in Kitchens Pond, located between Woodall Mountain and Highway 72.

At 5:44 p.m., Saturday, May 8th, Kettler and two companions, a man and woman, were fishing on the large pond from a flat-bottomed boat, said Wilemon,

and during an attempt to free a snagged line, the boat started taking on water.

The three swam for shore, but somehow, a few feet from the bank, Kettler went down and never came back up, Wilemon said. His companions pulled him from the water, and he was taken to Iuka Hospital, but was pronounced dead.

Only the woman was wearing a life jacket, said Wilemon. There was not an autopsy ordered.

State Champs - Sarah Carmack and Alex Hampton with their state championship medals. They won the state mixed doubles competition Tuesday.

TCHS Tennis Players Win State Doubles Title

by Pamela McRae

TCHS tennis players Alex Hampton and Sarah Carmack have brought home the state title in mixed doubles.

After decisive victories over North Pike (6-3, 6-1), Newton County (6-3, 6-4), and Laurel (6-0, 6-2) in the finals, Alex and Sarah's combined skill and determination paid off.

"These players have worked hard all season, and they made all of us proud," said first year tennis coach Mark Maroon. "It's all about the kids, and they have supportive parents behind them. It makes all the difference."

The TC team has had a grueling tennis schedule since the season began March 1st. Through the season, they played 6 of the 8 schools that won at the class 3, 4, 5 and 6 levels.

They plan to keep the momentum going through next year's season, too, said Coach Maroon. Sarah is a junior, so she'll return to lead a strong team, he said.

"It was a great experience," said Carmack, who has been to the state semi-finals twice before in girls' double competition. "I was glad Alex got to be part of it his senior year."

Sarah is the daughter of

Jackie and Camille Beals.

"I've been waiting for this all of my life," said Hampton. "It was like a fairy-tale ending for my high school career."

That's no small feat for the 2010 valedictorian, who also has countless academic awards and a respectable senior basketball season on his achievement list. His parents are Sam and Tammie Hampton.

"This was Coach Maroon's first year, and he kind of fell into the job, but he has been a great motivator. We've been lucky to have him," praised Hampton.

The tennis title is not the first state title in Tishomingo County High School's history, said assistant principal Jackie Beals, who has been with the school since it opened in the early 1990s. Track and Field, and Power Lifting teams have also brought home the honors.

"Tennis has always been one of our strongest sports, and we've been in the finals several years," confirmed Beals.

This is the second time this school year a Tishomingo County team has brought back the state trophy - the Belmont girls basketball also were state champs in March.

Brave Voices Receive Gold Medal In Festival

On Friday, May 7th, the Tishomingo County High School Show Choir, the Brave Voices, traveled to Birmingham, Alabama, outside of Birmingham, for the FunMe Music Festival. School bands, orchestras, jazz ensembles, choirs, and show choirs participated in this adjudicated festival. The students performed while judged by two music professionals. Following their performance, the students participated in a clinic with one of the judges, and then they received their rating. The TCHS Brave Voices received a gold medal, the highest rating, for their performance that day. This was the first gold rating given to a show choir group. The students were complemented on their performance by the judges, and three solo awards were also given. Three members receiving solo awards were Nickie Broadway, Katelin Wallace, and Savanna Southward. After the festival, the students enjoyed a fun-filled day at the Alabama Adventure theme park. The Brave Voices are under the direction of Tara Castile.

The 2010-2011 Brave Voices of Tishomingo County High School will be selected on Thursday, May 13th. Auditions will be at the TCHS band hall from 4:00-6:00 p.m. Anyone who enjoys music, dance, and singing is eligible to audition. The Brave Voices represent TCHS at many community and regional activities and events. If you are interested in auditioning, you may pick up an information packet from the music teacher at your local school.

Vidette Readers, Staff Mourn Passing of Davis

by Pamela McRae

A man who has graced the pages of this publication many, many times in the past decade passed away Sunday.

Odle Davis, who brought us a scary serpent to the Tishomingo County News-Vidette photographic documentation, died in his home Sunday, May 9th. He was found Monday in his home.

"It's the end of an era," said Tommy Cadle, who has known Davis for several years ago a correspondence with Davis, on mostly snake-related issues. It began with a Cadle letter to the editor about the lack of snake pictures in the Vidette one summer in which he asked, "Where is Odle Davis? He is taking care of the snakes there?"

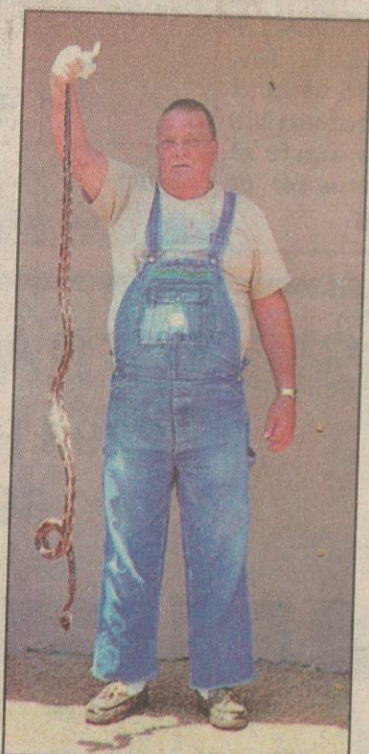

Cadle was scheduled to speak at the funeral Wednesday. Several times each summer he brought amazingly huge, but unfortunately dead snakes which the

staff at the Vidette would photograph, and then document on the pages for everyone - it is one of the things that give this small town, independent newspaper its character.

Davis not only helped manage the snake population in the Hubbard-Salem/Coleman Park community, but he inspired countless others to bring in their deceased snakes, owls, hawks, and other interesting objects in our world to the paper for our comment.

One of the last things Odle brought us was a cayenne pepper plant that was covered in red peppers. He'd pulled it up cleaning out his garden, and brought it to us. He was positive that it was surely the most productive pepper plant he had ever seen.

We spent an hour of newspaper time picking off all those peppers he left for us. Our editor made pepper sauce from the peppers, so Odle will be remembered

Governor Tours Flood Damage

Last week Lieutenant Governor Phil Bryant came to Tishomingo County to tour several areas damaged by the May 2nd floodwaters. Here, Second District Supervisor Nicky McRae, Bryant, Representative Lester Center and Burnsville Mayor David Nixon are at the now impassable County Road 300. Officials hope some state or federal funding to help repair dozens of roads torn apart by flood waters.

Tishomingo Opens New Medical Clinic

Tishomingo has opened a new full-time medical clinic that will see patients of all ages.

Mayor James Tenneyson announced that the clinic has opened this week in the office at 128 Natcher Street, and it will be open five days a week, from 8:30 to 5 p.m.

Providing services will be Jennifer Kemp, CFNP,

of Belmont, where she has provided health care services for more than 14 years. She will see all ages of patients, and will treat acute and chronic problems.

The clinic is a federally regulated clinic and provides medical care to people with insurance, Medicaid and Medicare, and also those without insurance,

with fees based on household income.

"This full time care center is something we have worked toward for a long time," said Tenneyson, on behalf of the Town of Tishomingo, who owns the building right across from Gatlin's Pharmacy.

Snakes on the Sidewalk, Under the Porch, Test Patience

I walked out the back door the other day and was just looking around, it was one of those days, the wind was blowing... I was just looking and there to my right on the sidewalk were two big black snakes. I couldn't tell if they were wrestling or what, anyway, they saw me and ran under the porch. That was a good thing because one of my first thoughts was how much it was going to cost to repair the hold I was going to blow in that brick sidewalk.

Later that afternoon, Travis Childers came by to visit and talk about saving America. We walked out on that same porch. I moved a cushion on the couch and there one of them was again, maybe four feet long and still mad about something.

No hoe in sight, and the snake between me and the shotgun!

Travis, who was a good ways off by then, said he didn't think it was a bad one, and then he reconsidered. I made some moves trying to scare it, without success. Finally, the thing crawled off and went right back under the deck in that big bunch of ivy that I used to think was so pretty, which won't be there after tomorrow.

Remember the picture of the van on the front page last week. Bill Timbes said it was full of snakes, and one was big as an alligator. I think I know that snake. We ran over him five or six years ago and ruined a tire. Nancy wanted to go back and shoot it, but I was afraid we would run out of shells.

Watch for Snakes
by Tommy Cadell

Some friends of mine seen him on that road, so, he even has a name - Carl.

An update on the mantown Lake County seminar, the first 500 trans will receive a copy of the deed to Pickwick showing that TVA owns it and not them. Watch for more.

Ornament Features McDonald Home

The Iuka United Methodist Women's organization has announced the 2010 edition of their collectible ornament series, featuring the T. M. McDonald Home.

The hand-made stained-glass ornaments will feature the handsome old home of the T.M. McDonald family, which stood where the Iuka Middle School gym now stands.

Each ornament is hand-tinted and kiln-fired by North Carolina artist Tina Steenerson. They are edged in copper.

The house was built by Colonel Lawrence Moore who had moved to Iuka from Eastport. Col. Moore's daughter, Mrs. Lyle, was the grandmother of Mrs. Lyle Merrill McDonald, a prominent Iuka historian, journalist, and reporter for the Commercial Appeal.

During the battle of Iuka and Eastport it served as headquarters for Confederate General Sterling Price.

Later, it became the headquarters of Union General Rosecrans. It was while Rosecrans was stationed in the house that the Union soldiers built a stockade behind the house for Confederate prisoners. Confederate Captain Jim Doun, on the night before his execution, created a stampede among the horses and made a miraculous escape to rejoin his regiment.

After the deaths of Mr. and Mrs. McDonald, this splendid house fell into disrepair. The property was conveniently located for the expansion of the city school system, and consequently, the house was destroyed in the early 1960s. The present gymnasium was erected in 1962-63.

Get Yours

The ornaments are available for \$20 each, and will be here in about 2

weeks. Order yours now, by contacting the Iuka United Methodist Church, or sending in your request to Iuka UMW, Attention Debbie Brown, 101 Eastport Street, Iuka, 38852. Make checks payable to Iuka Methodist Women, and be sure to include your name, address, phone number and the quantity of ornaments ordered with your payment.

All the proceeds benefit the many charitable endeavors and scholarships to which the Iuka United Methodist Women contribute.

Dr. Robertson on Health Early Detection Key in Colorectal Cancer

Colorectal cancer affects the large bowel and rectum and can be fatal if not detected early in the process. For this reason, screening by your doctor is important. If cancer is found early it is curable. The typical patient who should be screened for colorectal cancer are adults ages 50-75. If your parents or any of siblings had colon cancer, you would need to start screening at age 50, like everyone else, or 10 years before your relative was diagnosed with colorectal cancer. For example, if your father was diagnosed at age 57, you would start screening at age 47. If your father was 67 when he was diagnosed, you would start at age 50.

There are several different ways to screen for colon cancer that your doctor can help arrange for you. They start with simple stool cards that check for blood in your stool, which can be a sign of bleeding - and therefore a cause for concern.

Because several other conditions besides colorec-

tal cancer can cause these stool cards to show blood, the very best test for screening for colorectal cancer is a colonoscopy. In this common procedure, the patient is given medicine to make him or her very sleepy, and then the doctor inserts a tiny camera into the colon. This allows the doctor to actually see inside of the colon and take biopsies of anything that looks abnormal.

After looking at the biopsies, the doctor can tell if the abnormality is cancer, a precancerous polyp, or nothing to worry about.

Make an appointment with your doctor to further discuss colorectal cancer screening.

If you need a colonoscopy, the physicians at Iuka Medical Clinic can refer you to a gastroenterologist for this procedure.

Floyd Reunion Held May 1st

Joyce Long had a nice family reunion Saturday, May 1st. Despite the bad weather, 34 people were present, which was the smallest group we've ever had, but it was a good visit with everyone there. J. C. Floyd was unable to attend due to health problems. Of course, the bad weather didn't help either. Didn't hear from Smith even though I tried to get through to his cell, but failed. Johnny was unable to attend as he had been in the hospital and just wasn't

able to get around. Lost one of our cousins, Freeman Floyd, this year. We are so sorry about that. We had lots of good food and good conversation. Thank everyone for being there. Some of you mentioned discontinuing the reunions since most of our older generation is unable to attend. I, for one, am in that older group now and the responsibility is getting to be too much. Please let me hear from you on this matter. Thanks. My phone # is 438-7468, Tishomingo.

If Tomorrow Never Comes

Elaine Long (Mama) on Mother's Day

If I know it would be the last time that I'd see you fall asleep,
I would hug you in more tightly and pray the Lord your soul to keep.
If I knew it would be the last time I'd see you walk out the door,
I would give you a hug and kiss and call you back for more.
If I knew it would be the last time I'd hear your voice so happy and gay,
I'd remember each action and word, so I could remember them day by day.
If I knew it would be the last time, I would spare a minute or two
To stop and say I love you, instead of assuming you know I do.
If I knew it would be the last time, I would be there to share your day.
Well, I'm sure you'll have so many more, so I'll just let this one slip away.
For surely there's a way to make up for an oversight,
And we always get a second chance to make everything right.
There will always be another day to say our I love you's,
And certainly there's another chance to say our anything I can do's.
But just in case I might be wrong and today is all I get,
I'd like to say how much I love you and pray you'll never forget.
Tomorrow is not promised to anyone, young or old alike.
And today may be the last chance I get to hold you tight.
So today I'll hold you close, and whisper in your ear.
I'll tell you that I love you and I'll always hold you dear.
I'll take time to say I'm sorry, please forgive me, or it's okay.
And if tomorrow never comes, I'll have no regrets about today.....

Insight Into Eyesight

At Risk From UV
Long-term exposure to the sun may cause damage to your eyes, including cataract formation and possibly some retinal disorders. Therefore, ultraviolet (UV)-protecting glasses are recommended, especially for those at high risk. Who are people in this high risk category?

People who have had cataract surgery (the eye lens is removed, exposing the retina). Those who spend most of the day outdoors or who work near snow, water or sand (they reflect more UV into the eyes). People who live at high altitudes (there's a 15% increase in UV for every 3,000 feet of altitude). People who live in the southern United States.

The new requirement for those at high risk is the FDA-approved UV-protecting contact lenses. There's an advantage to these because you are filtering out UV all the time - even on cloudy days when you might not normally wear your tinted sunglasses.

Wanda S. Keele Receives Doctor of Theology Degree

Provision Ministry would like to congratulate Wanda S. Keele upon receiving the degree of Doctor of Theology, (Th.D.) from Tabernacle Bible College and Seminary, Tampa, Florida, April 2, 2010.

Dr. Keele believes III John verse 2, "Beloved, I wish above all things that you may prosper and be in health, even as thy soul prospereth."

One of the best healers of our natural body is the word of God. I am reminded of a tricycle—three wheels—prosperity, health, and knowledge of God from His word (Bible).

This philosophy has kept me for the past thirty (30) years. I choose to believe the word of God! It is very effective. "Thank God," states Dr. Keele, Th.D.
