Record Cold Hits Mississippi

Officials Issue Warnings

A winter storm watch has been issued for Tishomingo County and the surrounding region for Wednesday and Thursday of this week, and predictions are for record cold temperatures throughout the weekend.

Accumulating snow, possibly 1-2 inches, is likely Wednesday night and Thursday, and bitterly cold temperatures will follow. Low temperatures will dip into the single digits, according to NOAA weather forecasts.

Emergency officials are urging area citizens to take precautionary actions, and provide protection for outside animals and tender plants.

Wind chills, especially will

be in the dangerous range, so dress warmly, with several layers, if you have to spend any time outside, and wear mittens or gloves and a hat. Most importantly, be sure to dress children warmly.

Protect your home from frozen or bursting pipes by leaving cabinet doors open to allow heat to reach pipes, and leave faucets going at a fast drip until thawing temperatures. In case pipes do burst, know where and how to turn the meter off.

Everyone is urged to be sure to check on neighbors, especially elderly people, to make sure they are warm enough.

School officials make a determination before 6 a.m. if

schools will be session, and if roads are safe enough for student transportation.

"We err on the side of caution, we don't want anyone to get hurt," said Superintendent Malcolm Kuykendall.

Channel 9/WTVA news and Fun91 will carried news of possible school closings, and the school mass communication system will be used to notify homes.

Remember, your correct phone number must be on record with the school to receive direct notification. Many homes have cancelled land lines and gone to cell phones, and may need to notify the district of the change, said Kuykendall.

Recent Investigations Going Slowly, says Sheriff

Investigations into two recent cases are going slowly, but still look promising, according to Tishomingo County Sheriff Glenn Whitlock.

Holt Murder

No arrests have been made in connection with the brutal beating murder of an elderly Burnsville man, but they have several good leads and have had a crime scene investigation unit in the county.

John Holt was found beaten to death in his own home the week before Christmas, but "it's just moving slowly," said Whit-

lock of the ongoing investigation.

Crosby Disappearance

Regarding the December 18th disappearance of Johnny Crosby, of Dennis, the sheriff has had several believable reports of sightings in Corinth, but still have not actually found the 67-year-old man who was last seen at his home near Tishomingo State Park.

If anyone has information regarding either of these investigations, they are asked to call the Tishomingo County Sheriff's Department at 423-7000.

Supervisors Reject All Jail Bids

The Tishomingo County Board of Supervisors rejected all the bids received on the proposed new jail in the last meeting of 2009.

The board met for its first official meeting Monday, and Fifth District Supervisor James McDowell took over as board president, replacing the First District's Brandon Grissom, who has served since the current board came in office two years ago. Nicky McRae is the board vice-president.

In an unadvertised December 30th meeting, the board reviewed the bids on the jail, and opted to reject them all until a pared-down plan is prepared by the architects. The current plan, included several alternates (such as a separate sheriff's department building, and a building for prisoners' conjugal visits) that could be removed from the bids, but even with all the alternates taken out, the bids all came in far above the expected \$4-5 million that the board said they expected.

Also in the December 30th meeting, the board decided that state-aid funded road work in Tishomingo County will be administered/engineered by Cook Coggins Engineering of Tupelo.

County-funded industrial development projects would be done by Dean McRae Engineering of Iuka, and state/MDA funded development projects would require a Request for Proposals (RFP). Emergency engineering needs in the individual districts would be determined by the choice of the respective supervisor.

In the January 4th meeting the board opened bids for several supply services and items for road work, garbage hauling, and county banking. In the afternoon they met in executive session to deal with personnel issues, said McDowell.

The board members will be in Jackson at the Mid-Winter State Supervisors Association conference next week.

Family, Friends, Firemen Honor Former Chief

Family and friends of the late Donnel W. "Duck" Timbes met together last Sunday to honor the long-time Burnsville Fire Chief in a memorial dedication ceremony.

"It was a great turnout," said Timbes' daughter Cindy Bonds, "especially since it was so cold."

Boy Scout Troop 75 performed a flag ceremony with the newly installed flag, which is part of the Timbes monument in Burnsville's Rainbow Park, near city hall and Timbes old fire station. At the bottom is a black marble monument.

Several of the area firemen who worked with Timbes in his more than 20 years as Burnsville's chief spoke in remembrance of him, including Midway Fire Chief Harry Bowman, Burnsville's Ricky Enlow, 911 Coordinator Jerry Bonds and current Fire Chief Rick-cy Cummings.

Burnsville Mayor David Nixon, Second District Supervisor Nicky McRae, and Mississippi First District Representative Lester "Bub-ba" Carpenter spoke, too.

Duck Timbes' daughter Ciji Marlin spoke on behalf of the family, who were presented with a memorial flag by the firemen with whom their daddy served.

The gathered assembly enjoyed refreshments in city hall afterwards.

Insight Into Eyesight

Dr. Phillip Gray OPTOMETRIST Polycarbonate Protection

A great boon to sports enthusiasts (and other eyeglass wearers, especially the young, rough-and-tumble set) are the polycarbonate materials. Back in the 50's and 60's, most lenses were made of glass. Then plastic became popular because it was lighter. However, polycarbonate is even lighter than plastic. As a matter of fact, it is 50% lighter than plastic and 20% thinner for the same correction. That means more comfort and style. In addition, it's a better ultraviolet (UV) protector and provides much greater impact resistance.

For this reason, it is the preferred lens for people who engage in athletics. Polycarbonate frames are also preferred if you regularly participate in sports that involve a projectile, such as racquetball, baseball or tennis, ask your optometrist about polycarbonate lenses and frames. Polycarbonate lenses come in clear or any of the multitude of tints available. They're worth the investment.

County-wide Effort Makes 09 Angel Tree Successful

Once again, EVERY child in Tishomingo County who qualified for Salvation Army Angel Tree was "adopted", and provided with clothes and toys for Christmas.

According to spokeswoman Janet Fulton, of Tishomingo County Families First Resource Center, 12 children in Tishomingo County received something for Christmas through the Angel Tree program administered through the Families First Center.

"Through the generosity of the people of Tishomingo County, every child who qualified had a wonderful Christmas," said Fulton. "Even though the economy was at its worst, the people of Tishomingo County once again stepped up to the plate and helped those in greatest need."

Many organizations and individuals were responsible for the success of the program.

Tishomingo County Junior Auxiliary and its members helped solicit funds from the community, as well as shopping for many of the children with those funds.

Two small churches made very generous donations to support the effort.

Many other churches and their members participated also, through donations and/or adoption of a child or children.

Teachers and other school staff members often see the need of children

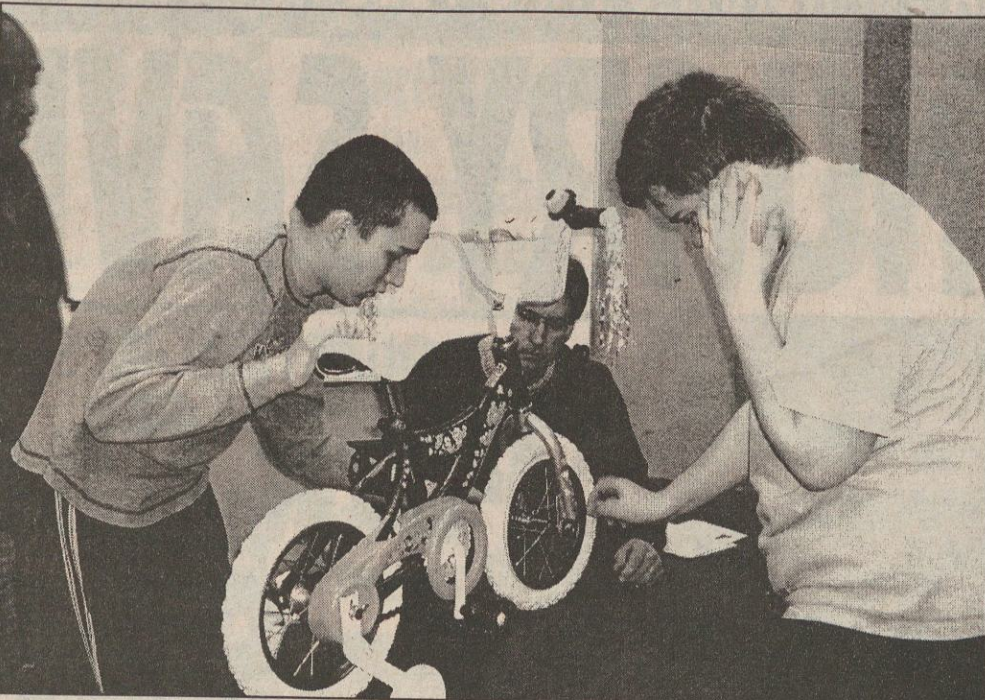

first-hand and always help provide for a child.

Individuals adopted one or more angels, while others chose to make a donation, some small, some large.

"Thanks to the Tishomingo County News and Fun91 radio for helping get the word out, and soliciting adoptions," said Fulton.

"This was a county-wide effort - from Belmont to Iuka and Burnsville to Tishomingo - concerned people got involved to help children."

"Tishomingo County is definitely not the richest county in the state, or country," said Fulton. "But it is by far the most generous! Thank you!"

Everyone got into the act - Tishomingo County High School students Colton Daugherty, left, and Zach Smith, right, with hand on tire, helped teachers Mark Maroon, center, and Shaune Holiday, far left, assemble a bicycle for an "angel." This group of guys assembled several bikes and Big Wheels for the Angel Tree effort. In addition, Mr. Maroon made sure all of the bicycles had properly aired tires. It did "take a village" to complete the Angel Tree program.

Childers Announces \$14,538 for Emergency Food & Shelter Programs in County

Washington, DC—Congressman Travis Childers (S-01) announced today that \$468,297 has been awarded to Mississippi's 1st Congressional District for the Emergency Food and Shelter (EFS) Program.

Tishomingo County is receiving \$14,538.

The EFS Program is a federal program administered by the U.S. Department of Homeland Security's Federal Emergency Management Agency (FEMA) "to supplement and expand ongoing efforts to provide shelter, food and supportive services" for the county's hungry, homeless, and people in economic crisis.

"This significant federal funding will provide much-needed relief to North Mississippi families struggling in today's tough times," Congressman Childers recently had the opportunity to visit local food banks in the district. EFS funds will allow these food banks to better serve more

constituents, helping hard-working North Mississippians put food on the table and make ends meet."

Additional jurisdictions in the First District may be selected at a later date by the EFS Program State Set-Aside Committee. EFS funds are used to help individuals and families with non-disaster, temporary emergency needs. Since its inception, the EFS Program has accounted for millions of additional meals and nights of shelter to the hungry and homeless most in need across the nation.
