The Ceremony...

A graduation ceremony is a cultural tradition termed as a rite of passage. What's that? It is a ritual or ceremony that marks one stage of a person's life to another. Marriage is the most commonly known and observed today.

The graduation ceremony dates back to the 12th century. Some feel it began with scholastic monks with their ceremonies in robes and has evolved to fit the society in which it is celebrated ever since.

Bell Educare Scholarships Awarded

Recipients of the Bell Educare Scholarships at TCHS are: Harrison Brown, Payton Brown, Kaycee Bullard, Bailey Bullock, Alanna Burns, Lynette Cameron, Adrienne Carter, Cari Davis, Charles Dean, Cody Fielding, Justin Hall, Alex Hampton, Jordan Harrell, Lee Harrell, Rhonda Hill, Lynda

Hilliker, Jacy Hopkins, Samantha Lambert, Shatara Lockridge, Elizabeth Long, Destiny Martinez, Katelynn McGee, Tiffany Meyerding, Julie Norvell, Ryan Ozment, Carlee Puckett, Brent Robinson, Alex Smith, Sarah Spoon, Marcey Sykes, Tabi Talley, Courtney Tigner, LeAnne Vogel, Pazlee Walker, Jonathan Whirley, James Williams, and Jamey Wilson.

The Diploma...

Original diplomas were made of sheepskin. This is where the slang "hang your sheepskin on the wall" came from. It was a phrase to represent showing your education.

Diplomas were made from paper-thin sheepskin, hand-written, rolled and tied with a ribbon until 100 years ago. A lot of documents were done on animal skins because paper-making was difficult. They changed to parchment, which was more practical, when the paper

making techniques improved. It wasn't until the turn of the century that diplomas stopped being rolled up, but given out in leather binders. Rumor is because rolled up diplomas were hard to frame.

#### Valedictorian...

The Valedictorian is the person who is considered the student with the highest academic standing. This may be determined by honor or by a voting of the student body or in some other fashion, depending on the school's customs.

The Valedictorian delivers a speech known as the "valediction" to his/her fellow classmates on behalf of them. It usually is a speech that expresses the ups and downs they've all gone through, and provides a youthful insight of a hopeful future.

#### The Music...

"Pomp and Circumstance" was composed by Sir Edward Elgar (June 2nd, 1857 - February 23rd, 1934) and first performed on October 19th, 1901 in Liverpool, England.

Because so much American culture stems from our British roots, it is assumed that this is the reason the song became the standard music for graduation ceremonies. It was passed down to us from English schools and universities.

Congratulations Josh!  
You passed a great milestone

### How Are Tassels Worn?

For High School  
graduation, and some  
college graduations if a  
Bachelor's Degree, the  
tassels are first worn on the  
right, and then flipped to the  
left upon receiving the  
diploma or degree.

When do you flip?  
Normally, there is someone  
there to signal you. Some  
schools prefer to have the  
student flip right after the  
handshake, upon receipt of  
the degree. Others want  
them to flip their tassels just  
before walking off stage. It  
all depends on your school's  
tradition or rules.

The exception: If you  
are getting a Master's  
Degree, then the tassel starts  
on the left and is flipped to  
the right.

Also, the rule is that  
women keep their

graduation hats on at all  
times. The men are allowed  
to take the hats off during  
the singing of the National  
Anthem only.

Congratulations on your Graduation!  
We are very proud of you, and know  
you will succeed in whatever you  
do with your future.

Love,

Daddy, Momma, Mason & Emily

### The Class Ring...

The first class ring was developed in 1835 for West Point U.S. Academy. In the early 1900's, class rings came into fashion.

The first class rings were crude and were only a shank with a symbol (usually of the class pin which preceded the class ring by a few years) attached to the bezel of the ring. They quickly became popular and soon stones were added and more intricate dies allowing for greater details got developed.

Today, class rings remain a popular tradition for high school and colleges. Class rings are seen as a combination of showing school pride while being an outward symbol of the diploma (but much easier to display).

Although tradition holds that a class ring is worn on the right hand, on the third finger, a class ring can be worn on any finger and sometimes on a chain around the neck.

**TISHOMINGO COUNTIAN EARN'S NEMCC ALUMNI SCHOLARSHIP**

Janey Lee Wilson of Iuka will attend Northeast Mississippi Community College this fall benefiting from a scholarship awarded to him by the school's Alumni Association.

A graduate of Tishomingo County High School, Wilson is the son of Michael and Shelia Wilson and plans on majoring in pre-medicine.

Wilson plans on attending the University of Mississippi after graduation from Northeast and wants to eventually become a surgeon.

"I grew up with congenital scoliosis and bilateral hearing loss and we spent a lot of time dealing with my medical issues," said Wilson. "That is part of the reason why I chose to become a surgeon and I plan on using this scholarship to further my education to get one step closer to fulfilling my dreams. I do not know exactly what kind of surgeon I want to be yet but I know I want to be one so I can help other people with medical problems one day."

Northeast's alumni association awards a one-semester tuition scholarship to a student who attends high school in one of each of its five supporting counties (Alcorn, Pontotoc, Tippah, Tishomingo and Union) and Lee County. The recipients must be high school seniors attending Northeast for the full term. Awards are based on academic achievement, leadership ability, outstanding character, personal qualities, and financial need.
