Cleaning House

by Pamela McRae

The Tishomingo Police Department has been very busy in recent weeks, and Tuesday, they spent the afternoon disposing of seized evidence that has been filling up their storage area.

In addition to destroying boxes full of prescription pills, amphetamine ingredients, and all manner of paraphernalia to administer illegal drugs, Chief Mike Kemp and narcotics officer Tim Williamson poured out cases of beer and liquor that had been seized during recent arrests. Additionally, the department has seized a 1998 Chevrolet S-10 that they plan to sell by auction, pending approval of the town board of aldermen, and a 2000 Chevrolet S-10 that will be used by the Town of Tishomingo maintenance crew.

Kemp reported that they have made numerous citations for DUI, suspended driver's license, no insurance, no tag, possession of beer or whiskey, and he apolo-

gized for the inconvenience of the recent traffic stops and checkpoints, for which Tishomingo is becoming known.

"The Tishomingo Police will not be letting up on our fight against crime and drugs," he said. He praised the work of all his officers on their diligence.

Recent cases that have been processed through Tishomingo's City Court include:

Daniel Akers, Tishomingo, possession of cocaine
Stacy May, Savannah, Ten-

nessee, possession of cocaine & marijuana

Justin Sauls, Dennis, possession of controlled substance (prescription drugs)

Bonnie Alexander, Alabama, aiding and abetting an escapee

Johnathan Alexander, Alabama, aiding and abetting an escapee

Marcus Dawson, Belmont, possession of marijuana

Bobby Brewer, Savannah, possession of marijuana

Erin Powell, Tishomingo, possession of marijuana

Ricky Snow, Russellville, Alabama, possession of marijuana

Randall Taylor, Belmont, possession of marijuana

Tammy Burkhalter, Belmont, possession of controlled substance

Fairest of the Fair

Cynthia Allison was crowned Fairest of the Fair in the final group of the King and Queen of the Fair pageant Saturday night. She is the daughter of Nina Thorn of Iuka.

The 57th annual Tishomingo County Fair concluded a great week Saturday night. More than 6,000 people visited the fair, and they had super weather all week. Attendance at the rodeo Saturday night was outstanding.

Aldridge Gives One Last Push for Liquor Petition

by Pamela McRae

The one man crusade to legalize liquor and beer in Tishomingo County may be in its final days, if more voters fail to sign a petition soon.

Charles "Tubby" Aldridge, of Iuka, has been campaigning for legal liquor in the county for the past several months. He has circulated petitions, and made himself, and the petition for signing, available at parks, city halls, and parking lots throughout the county, but he is still a few short.

Aldridge must obtain 1,500 signatures of qualified voters to bring the issue to a county-wide referendum, according to state law.

So far, he is about 330 signatures short.

Monday morning, he said

he never talked to anyone who wouldn't vote for legalizing beer and liquor sales, but getting people to put their name on a petition is, apparently, another issue.

Aldridge said he will be at the Walmart parking lot by the courthouse this Saturday in a last attempt to get the necessary signatures.

"I've been working myself to death on this thing, with very little help," he said.

His argument for changing from a dry county is that we have all the bad things from drinking - trash and more DUIs than other surrounding counties - but all the tax revenue is going to Corinth, Alabama or Tennessee, where people drive to buy it.

"We are the wettest dry county anywhere," he has said.

Burnsville Holding Special Election for Alderman Tuesday

The town of Burnsville will hold a special election to fill a vacancy on their board of aldermen October 19th, and there are three qualified candidates, after a special circuit court hearing Tuesday.

Two candidates were initially qualified to run in the special election: Niesha Carpenter and Chris Lambert.

Another candidate, Stevie Johnson, was denied qualification, based on residency issues, according to officials.

But Tuesday afternoon, Judge Kenneth Coleman ruled that Johnson could run, after it was explained that the initial denial seemed to be based on hearsay, said Johnson. He has homestead exemption and an established home, and is registered to vote in

Burnsville, he explained.

The Supreme Court of Mississippi had to appoint a judge for the hearing, because all the local judges recused themselves because it concerned an election, and they are elected officials, said petitioning attorney Clay Cummings.

The election will be the first held at the new Burnsville city hall, at 38 Gross Avenue. The voting poll will be open on Saturday, October 16th from 8 a.m. until 12 noon for voters needing to vote absentee.

For more information, call City Hall at 427-9526.

The elected alderman will fill the spot that opened when Brad Forsythe relocated for a ministry job.

\$10,000 Giveaway

The TCHS Touchdown Club will be giving away \$10,000 dollars Friday night October 22nd following the North Pontotoc game.

Tickets are \$100 and only 200 tickets will be sold. Proceeds go directly to supporting the team. You can purchase your ticket by contacting any of the following or contact any Touchdown Club member: Marvin Horne 423-8284, Terry Rorie 660-3622, James Butler 423-8280, or Debbie Ezell 279-2706.

IES Fall Festival Saturday

The annual Iuka Elementary Fall Festival is this Saturday from 10 a.m. to 2 p.m.

There will be bouncy rides, games, a cakewalk, and fun food, and all proceeds go to the IES PTO. This is IES's one fundraiser for the year.

There will be a basket auction with tons of cool stuff from many merchants, and IES PTO members are selling \$5 chances on a prize of \$2,000 cash.

It's Election Time!! On October 19th Vote to Elect Niesha Carpenter Alderwoman of Burnsville

My family and I would like to thank you, the citizens of Burnsville, for the hospitality, kindness, and overwhelming support that you have shown us during this campaign. We have enjoyed visiting with many of you in your homes. We have tried to see as many of the citizens of Burnsville as possible. But for those of you that I have not yet met, I would like to take this opportunity to tell you about myself and my goals for Burnsville as your next alderwoman.

I am married to Bubba Carpenter and we have a seven-year-old son, Noah. We are active members of Harmony Hill Baptist Church in Burnsville, where I serve as an AWANA teacher.

I am a registered nurse and have been in the nursing field for the past 16 years. I love taking care of others, not only in my job, but in my community, as well. I am an active member of the Burnsville Chamber of Commerce, and currently serve as a board member. I am an active parent of the

Burnsville School, where I also serve as Reporter for the PTO.

I believe the following goals are essential for the future of Burnsville:

Jobs and Economic Development

I will work tirelessly to create incentives that attract both large and small businesses to our town while maintaining the vitality of our existing businesses. A growing community will increase the opportunities for our citizens, and be the backbone for our community.

Community Services and Organizations

I am a strong supporter of our school and the educational system. We must ensure that our children have the best resources and opportunities to compete and succeed in their future. I believe we must give our police and fire departments the necessary support and equipment needed to keep all the citizens of Burnsville safe. I believe our parks and community center must be maintained

and be family-oriented for our children and families to enjoy. **Stronger Working Relationship with Local and State Government**

Having a positive working relationship with our local and state please see **Carpenter**

Tishomingo Homecoming Ladies

October 21st was Tishomingo Middle School's annual homecoming. Tori Coco was crowned Homecoming Queen, and Madison Whitehead as Football Queen, under a beautiful blue sky. Above are the maids and queens, from left, Ashley Brockett, Emily Scruggs, Homecoming Queen Tori Coco, Brittany Cox, Sarabeth Bray, Football Queen Madison Whitehead, Madison Harris, Lauren Barnes, and Haley Cunningham. government will be an asset to the town of Burnsville. I believe in accountability. The people of Burnsville need to know what their local officials are doing and have the ability to respond.

Beautifying Burnsville

Thousands of people travel through Burnsville on our major Highway 72. Burnsville is in a prime location with the assets of rail, water and a major highway. It is time to make sure that Burnsville has what it takes to attract some of the Tier 3 and Tier 4 factories that will spin off from Toyota. While on the campaign trail, this has been one of the biggest concerns that the citizens of Burnsville have had. Once elected, I will evaluate the different options to ensure that our Highways are maintained as well as roads and ditches are safe and clean.

I hope that I have the opportunity to see you before the election. However, I know it will be impossible to see each person before the election. Please accept this as my humble plea for your vote and support on October 19th. I may be contacted at 662-284-6922. I welcome any questions or concerns that you may have.

White Cane Safety Observance

The Tishomingo County Schools Special Services Department is presenting two special events in county schools when students can learn more about blindness, and how blind people adapt to the world around them.

As part of the 2nd Annual White Cane Safety Observance, this Friday, October 15th, there will be a demonstration area at Tishomingo County High School from 9 a.m. to 2:30 p.m. including guide dog demonstrations, vision screening and representatives from Mississippi Library for the Blind and Visually Impaired, the Mis-

issippi Deafblind Project, and the Mississippi Organization of Parents of Blind Children. On October 30th, the demonstration will be at Belmont Middle School.

"Our purpose is to educate and familiarize the students on blindness, and get them to a point where they are more comfortable around a blind student or other blind persons," said Thomasina Brown.

TCHS has one deaf-blind student, Erica Long, 15, who faces challenges every day caused by her condition, which she has had since birth.

Students, and anyone

Erica Long and her helper Thomasina Brown work on negotiating the sidewalks and step of Iuka's downtown.

else interested, is invited to come out and learn more about the White Cane Safety Observance, from 9 a.m. to 2:30 p.m. this Friday.

1st Annual "Walk with Me" for Breast Cancer Awareness Oct. 30th

On October 30th at 9 a.m. in Jay Bird Park in downtown Iuka, there will be a tribute walk and balloon release in memory and in honor of our loved ones who have survived cancer or those who have lost the battle. We must keep fighting - together!

There will also be an auction at 12 noon that day at the Old Courthouse. All donations or contributions are appreciated. Any ladies' groups/churches/auxiliaries are invited to bring baked cakes/pies/goodies to be auctioned off. All proceeds go to the Susan G. Komen Race for the Cure. Please come out and support the cause!

Be on the lookout for

not only one pink potty but two pink potties going around town. They are raising a lot of money and a lot of eyebrows! Contact Teresa McGaughy at 423-9208 or Joyce Park at 423-9855 for more information.

Above all, the most important message is AWARENESS! The criteria

to receive a free mammogram are:

- age 40 and over (unless family history)
- resident of Tishomingo County
- no medical insurance

Contact Segars Clinic or Kathy Patrick of the Iuka Hospital for more information.

Pet of the Month: Brandy

CONGRATULATIONS to Brandi Alexander B. don!! She is our September Pet of the Month at Iuka Animal Clinic. This sweet girl belongs to Guy and Bettie B. don from Pickwick Dam Tennessee. She has been going on boat trips with them since she was 6 weeks old. She enjoys going for walks and just wants to be with her owners no matter what they are doing. She thinks she is supposed to eat whatever everyone else is eating. She found a bag of Tootsie Rolls recently and ate some during the night. Needless to say, she wound up with an upset tummy and her owners were on a trip. She called Dr. Perkins and he helped her what to do to help her. She has been coming to see Dr. Perkins all her life and she will be 11 year-old in December. Join Dr. Perkins and staff in congratulating Brandi as September Pet of the Month.

Halloween is almost here. Make sure to keep your pet out of the reach of your dog or cat. Any candy that causes stomach upset but chocolate can be toxic! Chocolate contains theobromine. This is a xanthine compound in the same family as caffeine. Symptoms include, hyperactivity, hyper irritability, increased heart rate, restlessness, increased urination, muscle tremors, vomiting and diarrhea. If you suspect your pet has ingested chocolate, contact your vet immediately! They can help you determine the proper treatment for your pet.

KITTENS! KITTENS! KITTENS! We have beautiful kittens to adopt. Come in today and pick out one for your family to enjoy. They will provide tons of fun and love for years to come.

Call Iuka Animal Clinic with any pet questions, no matter how big or small at 662-423-3470. To us PETS ARE FAMILY, TOO.

The following candidates have notified The Tishomingo County News of their candidate for this year's general election, November 2nd, 2010.

Which watershed do you live in?

Tishomingo County Soil & Water Conservation District along with the Bear Creek/Yellow Creek 319 Project, will be offering a Septic Tank Workshop October 26, 2010, 6:30 pm at the Tishomingo County Fairgrounds.

Improperly treated human waste is one of the main sources of contamination to surface waters. There are many tips and recommended practices that will not only help ensure proper treatment of household's septic waste, but save the homeowner money in the long run. The Tishomingo County SWCD along with the Bear Creek and Yellow Creek 319 Project, hopes to help citizens better understand their septic systems and how to care for them.

Those living in the Yellow Creek/ Bear Creek Watersheds will also receive a **\$100 voucher** to use with area Certified Septic Tank Systems Pumper.

Memories of Fairview

October 6th, 2010, was a beautiful day for wish grant for Ms. Eula Honeycutt of Tishomingo Community Living Center. Not only was it a beautiful day, but a day to visit Fairview Cemetery. A location that many pass by holds special significance for her with both her parents and brother buried there. She had not been to Fairview in years, and was more than delighted to visit. During the trip Ms. Honeycutt reminisced about her family, especially her brother. Even now, she says this trip "meant everything to me."

Cardinals 7-0 After Corinth Win

HAPPY FALL! The air is cooler, nine weeks tests are over (HOORAY!), and football fever is in the air! We hope everyone had a fantastic Fall Break and is fully energized for the new nine weeks.

The BHS Cardinal Football Team has had huge success in its 2010 season. The team held a record of 6 and prior to the Corinth game last week. I don't know the results of that one yet, but I am sure "The Boys of Fall" forth their best efforts. The Cardinal would like to recognize Senior Dustin Cole and Junior Jordan Powell for being honored recently in the *Daily Journal's* "Friday Night Heros" for their performances on the field. Congrats, guys, and good luck with the rest of our season.

The Cardinals play Riley at home Friday night. GO BIG RED!!

Everyone has enjoyed the "Spirit Days" this season as we have dressed up to represent each designated day. Tomorrow will be "Twin Day", so select a twin if you don't already have

one, and enjoy the day. We had a "Blast from the Past" last week. Well, almost everyone—way to be a REBEL, Nathaniel! And speaking of the Rebels...

Students, which Ole Miss mascot did you prefer: Rebel Land Shark, Rebel Black Bear, Hotty Toddy, or my favorite: Who Cares—I'm a Bulldog? Did your favorite win?

The BHS Cardinal Marching Band participated in the MHSAA State Marching Competition in Tupelo on Saturday. Although I do not know the results of this, I am positive that the Band's effort and dedication paid off. The Band would like to express appreciation to Mr. Griffin and Mrs. Christy for their constant determination in preparing them for competition. Belmont School is very

lucky to have someone of Mr. Griffin's caliber here.

2010-2011 yearbooks are now for sale! The yearbooks are being offered for \$35 (\$38 for Seniors) at Parent/Teacher Conference Day next Monday (no school that day for students!) This discount will only last for one day; however, the yearbooks will be sold after that time for \$40 until November 19, and if you wait until extra come in, they will be \$45. Seniors, don't forget to purchase your ads this week.

Parent/Teacher Conference Day will be held Monday from 1:00-7:00. Come and check up on your kids and become active in their education.

The Seniors will travel to Northeast on Friday to take part in Northeast Now! Time to think about the real world!

Congratulations, Students! You've made it through the first nine weeks. Now that the dreaded nine weeks test week is over, grab your textbooks and let the second nine weeks begin!

anless Beauty Review. We can't wait to see our guys' more feminine sides! Come out and enjoy the evening.

October 27 is the local Reading Fair. All 8th and 6th graders are required to enter.

Remember, it is very important to be at school. We'd like to have 100% attendance the rest of the month!

Have a wonderful week!

The Burnsville High School 1960 – 50th Reunion was Huge Success

Classmates came from Texas, Tennessee, Alabama, North Carolina, Alcorn and, of course, Tishomingo County to make our 50th reunion a smash. The Pickwick Resort staff went out of their way to accommodate our group and to insure that our needs were met in every way Friday night, October 8th. Classmates Dee Thomas and Abe South had special items prepared for the class. Dee read a poem she had written about the class. Abe had a placemat made for all with the 1960 class photo as the focus. There were 27 guests present, including 14 classmates and Mr. Alvia Blakney, our beloved teacher from 1956-1960. Mrs. Blakney was awarded the floral centerpiece in appreciation of her attention to our class. Travis Rushing, continuing Class President, made a huge contribution to the reunion's success. Over the years this class has become family-like every person present was appreciated. It is hoped those missing from our local area will attend the next annual dinner; date, time and place to be announced at a later date.

Several classmates and spouses spent the night at the resort meeting Saturday morning for breakfast before going our separate ways.

32nd Annual Archie Lee Memorial Dulcimer Festival

The 32nd Annual Archie Lee Memorial Dulcimer Festival will be held on Saturday, October 16th, 2010, at the Loochapola Lodge. Players will begin gathering at the park on or about the 11th for informal jams and fellowship. This leads to the famous pot luck dinner on Friday night with a jam session to follow. On Saturday, the program will begin at 12 noon and last throughout the afternoon. The festival is sponsored by the Ala-Sippi Dulcimer Association. Musicians from the local area and several surrounding states will be creating those great dulcet tunes. Musicians will be available to answer questions and demonstrate the dulcimer. Arts and Crafts vendors will have various types of handmade items for sale. Food Concessions will be available throughout the afternoon.

Note - If you have handcrafted items that you would like to sell, display, and/or demonstrate, please call the park office to make arrangements at (662) 438-6914.

Iuka Baseball Inc. Fall Meeting...

Iuka Baseball will hold its annual Fall Meeting on Sunday, October 17th at 2 p.m. at the Tishomingo County Electric Power Association. Spring Hill UMC To Host Men's Club...

On Thursday, October 14th at 6 p.m., Spring Hill UMC will be hosting the Methodist Men's Club meeting. Following the meal, there will be special singing by Deep South, a gospel group from north Alabama.

Bro. J.B. Burns and congregation invite you to attend.

Annual Halloween Carnival At Coleman Park Fire Department

The Coleman Park Fire Department will be having their annual Halloween Carnival on Saturday, October 23rd, beginning at 6:30 p.m.

We'll have Bingo, a cake-walk, hayrides, kid's games, raffle tickets on \$100.00. You don't have to be present to win. All kinds of refreshments, treats, etc. All games will be 25¢.

Please come bring your family for a night of good clean fun and help support our fire department.

Book Sale/Yard Sale At Iuka Public Library

Friends of the Iuka Library are hard at work getting things organized for their sale/yard sale to be held Saturday, October 16th, 9 a.m. to 2 p.m. with a special ONLY preview sale to be held on Friday, October 15th, from 4 to 6 p.m.

Ask the EXPERTS and they will tell you that the most effective way to raise funds for your organization is to contact people one on one and push them to donate money. The same experts laugh off little projects like cookbooks, yard sales and book sales as ineffective ways to raise money, and they point out that the efforts that go into these little projects are greater than the (monetary) return.

I guess that's why the group calls itself FRIENDS of the Iuka Library. It takes more effort to do something like a book sale/yard sale that gives you a way to support your local library at the same time that it offers you tremendous savings on hardbacks, paperbacks, reference and children's books, videos, and yard sale items. That's the kind of things you can find. Join them on Friday, October 15th, 4-6 p.m. (you can pay your \$5 years membership at the door) or if you choose not to join but want in on some GREAT BARGAINS, join the Friends sale on Saturday, October 16th from 9 a.m. till 2 p.m. Mark your calendars now to be sure to tell all your friends.

Pictured are Board members of the Friends of the Iuka Library preparing for the Book Sale/Yard Sale.

Highpointers Make Their Mark on Woodall Mountain

Pamela McRae

The Highpointers came to Tishomingo County last weekend, and they left their mark on top of Woodall Mountain.

And their mark weighed about four tons.

In fact, it was a huge stone brought all the way from near Cullman, Alabama, and placed on top of Woodall Mountain to memorialize the Highpointers' 2010 Convention, which took place last Thursday through Saturday, culminating in Saturday's group climb to the top of Mississippi's highest peak.

The Highpointers are a club of about 3,000 members whose goal is to climb the highest point of each state - Woodall Mountain's 66 feet a minor, but necessary, accomplishment in the conquest of every state's highest point.

Each year the group has a convention in a different region, and this year's meet in Woodall included about 50 climbers. They ranged in age from one to 91 years old, and were all very nice to the local folks who attended Woodall with them. *Disclaimer - some of us drove to the top, since we knew we would be late! we had a baby with us.* Everyone received a certificate documenting their achievement,

along with some watermelon that was quite tasty in the 90 degree sun of Saturday at 11 a.m.

The Highpointers honored the Brown family, since Mrs. Betty Jourdan Brown is the official owner of the land that includes Woodall Mountain. Mrs. Betty's and her husband Bob's health were not up to mountain ascents on Saturday, but Bob-O (Robert L. Brown III) and Debbie Brown, and family, were present to receive a gift of thanks from the Highpointers and see the unveiling of the new monument, the 8,200-pound boulder with a large bronze plaque telling some of the history of Woodall Mountain.

The rock was placed a week before the event. After its trip from the Cullman area on a low-boy trailer, explained Bob-O Brown, Third District Supervisor Danny Ryan and his crew, and Olen Parsons and his hoist, helped place the huge stone.

Tourism Event

The event was a large draw of tourists from all over, especially for Iuka, exclaimed Mary Ann Grant, of the Tishomingo County Tourism Council. Some came from as close as Alabama, Tennessee, and Louisiana, but Virginia, Pennsylvania, Colorado,

California, Arkansas, Massachusetts, New Jersey, Arizona, Texas, Washington, and Oklahoma were all represented, as well. There was even a girl from China, and two sisters and a brother from the Netherlands, who had all climbed Woodall in years past.

Since the goal of the Highpointers is to ascend every highest point, their name tags reflected their current status in that progress. Van Schie, of the Netherlands, who was present on Saturday, was the first non-American person to climb all 48 as part of his Highpointer involvement.

The achievement is so important to some of them, that there was a small ceremony in which some of the ashes of a former member were scattered atop the monument, in accordance with his wishes to have his ashes scattered on all the highest peaks - a procedure that is understandably taking a few years.

The Highpointers were treated to some special hospitality by the American Legion Post of Iuka, who fed about 150 of them a pancake breakfast Saturday morning. Due to a lack of suitable facilities locally, the headquarters for the convention were at the Holiday Inn in Sheffield.

photos P. McRae

Highpointer Event - From top - the group gathered for a picture around the new monument. Liddy Sjaak, Van Schie, and their sister came all the way from the Netherlands for the Mississippi Highpointers Convention. Climbers take photos of their GPS unit on the elevation benchmark that marks Woodall Mountain as the highest point. Bottom photo, Brown and Jourdan family attends, from left, Clinton, Deidre, and Darby Brown of Starkville, MS; Debbie and Bob-o Brown of Iuka; Robert Brown of Sarasota, FL; Jane Jourdan Rhea of Iuka; Bo, Rebecca and Ellie Rhea of Memphis; and B. What's New at the Rescue Squad - Free Admission

Come and see what's new at your local Tishomingo County Rescue Squad. We have Joe Rickman and the Howard Ellis band at our building. The band will be playing this Thursday night on October 14th, 2010, at 7 p.m. We invite you to come out to hear this wonderful band, even if you can't stay the entire time, just come and check us out! You won't be disappointed. There is NO DOOR admission! We have great music and lots of dancing, fantastic food and wholesome fellowship on these magical Thursday nights. Bring your kids, grandkids or just anyone who loves good "ole" slap down country/gospel music! We (TCRS) have recently started giving a couple of free door prizes - no purchase necessary! This is really fun, we enjoy doing this for our local community. Good luck, you may be the winner this week, but you have to come to see if you are that winner!

You may bring a dish of your choice, if you so desire. We DO NOT charge a door admission NOR do we charge for the fantastic food - However, any donations or generous contributions you can bestow, will be greatly appreciated! Bundle up and come on down for a marvelous night of music, food, fun and a great time. We are located behind the courthouse in Iuka, Mississippi, and next door to Wal-Mart of Iuka.

Thank you for your time and support of your local Tishomingo County Rescue Squad. When you help us out, you are helping others out, we are a non-profit organization. We do depend upon donations to keep our Squad running efficiently and up to date on the latest training. We are all volunteers in the Rescue Squad and would like to extend an invitation to you to join the Rescue Squad if you are interested. Please stop at the Squad building to pick up an application or see one of the officers.

See you on October 14th, 2010....Any questions, please call: 423-9109, 438-6555 or 423-3271.

Thank you again for your support!

County Health Department Flu Clinic October 27th

The Tishomingo County Health Department will hold a special flu clinic on Wednesday, October 27, 2010, from 8 a.m. until 4:00 p.m. at the Tishomingo County Health Department. During this time, health department staff will focus solely on providing seasonal flu vaccinations so that all residents can complete the process quickly and efficiently.

Flu vaccinations for adults are \$20. Those six months through 18 years can receive flu vaccinations for \$10. This year, there is a new vaccine for senior adults 65 and older designed to boost immunity and provide increased protection against influenza infection. The senior adult vaccine is

\$50 but is covered by Medicare Part B. Medicare and Medicaid recipients are asked to bring their cards with them to their county health department.

Residents may also obtain seasonal flu vaccinations from any county health department Monday through Friday, from private providers and from some retail pharmacies.

For more information about flu clinics, the public can call the Tishomingo County Health Department at 662-423-6100. To learn more about flu, pneumonia, or vaccine availability, visit the Mississippi State Department of Health's website at www.HealthyMS.com

Iuka Daycare Changing Locations

Due to circumstances beyond our control, Iuka Baptist Day Care, located on Eastport Street, will be closing in the next few weeks.

However, we will be reopening at our new location, at 619 Constitution Drive in Iuka by the first or second week in November. An exact date will be announced later this month.

We will be reopening as "Forever Friends Day Care" with the same staff that you have known and trusted with your children and grandchildren for over twenty-five years; nothing will change except the name and location. Also, at this new location we will be taking children starting at 6 weeks old.

If your child is already registered to attend day care at Iuka Baptist Day Care, that registration will not change, just the location. We are now accepting applications for immediate openings for your child to start the first of November at our new location for children from 6 weeks up to 3 years of age and will continue as usual taking applications for 3 & 4 year olds. For more information, you may call us at 662-423-6827.

"O for the touch of a vanished hand And the sound of a voice that is still."

On behalf of my mother, Laverne "Polly" Hargett, my sister Cathy McQueen, my brother Randy Passmore and our many other family members, I would like to express our sincere humbleness and deepest gratitude for the tremendous outpouring of love and compassion we have received over the loss of our beloved son/brother/brother-in-law/uncle/nephew and cousin, Cliff Passmore. Cliff was loved very much in our family and in our community as witnessed by the diversity of the many, many people who attended his visitation and funeral. He especially cared for the youth in our community and was known to offer words of encouragement and pats on the back every time he saw them. Cliff will be missed tremendously by us all and will forever be in our hearts.

With heartfelt thanks and gratitude.
Polly, Randy, Brad, Cathy and families
Special thanks go to: Bro. John Bray, Bro. Jeff Smith and Bro. Frankie Smith; Brooks and Lisa Davis and the employees of Brooks Grocery; Misty Busby, Trina Curry and Joyce Park of Hairport; Oldham Baptist Church, Iuka Baptist Church and Cutshall Funeral Home; Dr. Eddie Britton, Mr. Jackie Beals, Mrs. Beth James, Coach Steve Carter, the football team and all the other students who loved Cliff at TCHS; and pallbearers: Drew Dawson, Steven Atkins, Bryan McQueen II, Clint Busby, Blake Burcham, Adam White, Trey Parsons and Brandon Stout. Please forgive me if I have left anyone out.
We are very grateful to you all.
Sincerely, William B. "Red" Passmore

DEFENDANTS

SUMMONS BY PUBLICATION

THE STATE OF MISSISSIPPI
TO: ALL UNKNOWN HEIRS OF WILMA HARRISON
WHOSE STREET AND POST OFFICE ADDRESS IS UNKNOWN
AFTER DILIGENT SEARCH AND INQUIRY.

You have been made a Defendant in the suit filed in the Chancery Court of Tishomingo County, Mississippi, by NANCY HIGHT, Petitioner, seeking to CONFIRM A TAX REAL ESTATE AND TITLE BY ADVERSE POSSESSION. Defendants other than you in this action are DON HARRISON, BENNY HARRISON AND ALL UNKNOWN HEIRS OF GRADY BINGHAM.

You are required to mail or hand-deliver a written answer to the Complaint filed against you in this action to, Danny Hight, Attorney for the Plaintiff, whose address is 2703 CR 402, Mississippi 38834.

Your response must be mailed or delivered not later than 30 days after the 7th day of October, 2010, which is the date of publication of this summons. If your response is not submitted, a judgment by default will be entered against you for the money or other relief demanded in this Complaint.

You must also file the original of your response with the Clerk of the Court within a reasonable time afterward.

Issued under my hand and seal of said Court, this 14th day of September, 2010.

CHANCERY CLERK
TISHOMINGO COUNTY, MISSISSIPPI

BY: G. Underwood
DEPUTY CLERK

STATE OF MISSISSIPPI COUNTY OF PONTOTOC SUBSTITUTED TRUSTEE'S NOTICE OF SALE

WHEREAS, Randy L. Andrews executed a Deed of Trust for James Johnstone, Trustee for the benefit of the First National Bank of Pontotoc, Mississippi, dated May 28, 2008, and recorded in the Office of the Chancery Clerk of Tishomingo County, Mississippi; and

WHEREAS, on the 6th day of January, 2009 the undersigned was appointed as Substituted Trustee in connection with the Deed of Trust which appointment is recorded in the Office of the Chancery Clerk of Tishomingo County, Mississippi; and

WHEREAS, default has been made in the payment of the debt secured by the Deed of Trust mentioned hereinabove as recorded in Inst. No. 2008002785; and

WHEREAS, the holder of the note and deed of trust requested the undersigned Substituted Trustee so to do, I will on the 14th day of October, 2010 offer for sale at public outcry and sell the legal hours of 11:00 o'clock A.M. and 4:00 o'clock P. M. at the County Courthouse of Tishomingo, at Iuka, Mississippi, to the highest and best bidder, the following described land, partly lying and being situated in Tishomingo County, Mississippi, more particularly described as follows, to-wit:

The land and all improvements thereon described as: Part of the Southwest Quarter of Section 4, Township 10 North, Range 10 East, described as follows: Beginning at the corner of said quarter section and run thence South with the East line 25 feet to the South side of Pleasant Hill Road; thence West with the South side of said road 436 feet; thence run a direction with a wire fence 357 feet to a steel stake for the beginning; thence run South with said wire fence 147 feet; thence run East 147 feet to a stake; thence run North 147 feet to a stake; thence run West 147 feet to the point of beginning; 0.50 acre, more or less.

ALSO: Part of the Southwest Quarter of Section 4, Township 10 North, Range 10 East, described as beginning at the Northeast corner of said quarter section and run thence South with the East boundary line 25 feet to the South side of the Pleasant Hill Road; thence run the South side of said road 210 feet; thence run South 2 minutes East 210 feet to an iron stake; thence run West 54 feet to the point of beginning; thence run West 147 feet to a stake; thence run South with said wire fence 147 feet to a stake; thence run East 147 feet to a stake; thence run North 147 feet to the beginning.

I will convey only such title as is vested in me as Substituted Trustee.

Witness my signature on this the 14th day of September, 2010.

Notice of Public Auction

Yellow Creek Port Industrial Park TVA TRACT NO. XYECR-17

The Tennessee Valley Authority (TVA) proposes to sell at public auction a tract of land containing approximately 35.478 acres located in the Yellow Creek Port Industrial Park in Tishomingo County, Mississippi (TVA Tract No. XYECR-17). The land will be sold to the qualified bidder offering the highest bid for cash (checks accepted).

Use of the land will be restricted to industrial purposes only. In addition, the successful bidder shall have invested, or will be required within three (3) years of the date of transfer to invest or cause to be invested, a minimum of \$22,500,000 on the land in support of industrial purposes, and shall have created, or will be required within three (3) years of the date of transfer to create or cause to be created, at least 65 jobs stemming from the operations on the land.

The auction will be held at the Tishomingo County Courthouse on November 10, 2010, at 10:00 a.m. CST.

In order to qualify to bid, TVA must receive from each prospective bidder no later than midnight on November 3, 2010, (1) a letter of intent to bid, (2) credentials, satisfactory to TVA in its sole discretion, evidencing the ability of the prospective bidder to close the sale and to meet the minimum investment requirement, (3) a 1- to 2-page overview summarizing, with sufficient details, the prospective bidder's implementation plan for meeting the minimum investment and job creation requirements, and (4) a summary of the prospective bidder's history of past performance, if any, of similar minimum investment and job creation requirements on other parcels of land. The letter of intent to bid, credentials, overview of implementation plan, and summary of past performance history

must be sent by United States certified mail or by a recognized overnight courier service that provides a receipt of delivery. Prospective bidders who fail to qualify will be notified prior to the auction.

MINIMUM ACCEPTABLE BID
\$42,042.00

The Notice of Public Auction ("Notice") specifically describes the land to be sold. The land will be sold pursuant to the special terms and conditions, covenants, restrictions, reservations, exceptions, and/or limitations specifically set forth in the Notice and as may be announced on the day of the auction. Also, the land will be sold subject to an existing permanent industrial easement dated July 3, 1974, of record in Deed Book B77, page 48, and the first amendment to said permanent industrial easement dated September 16, 2010, of record as Instrument No. 2010003364, both filed in the office of the Chancery Court Clerk of Tishomingo County, Mississippi. TVA will reserve the right to reject any and all bids.

A copy of the Notice can be obtained from the TVA website at <http://www.tva.gov/surplus/realstate.htm>. For more detailed information regarding the sale and bid requirements, to inspect the land, or to submit bid qualifications, contact:

CITY OF IUKA FLOOD DAMAGE PREVENTION ORDINANCE

ARTICLE 1. STATUTORY AUTHORIZATION, FINDINGS OF FACT, PURPOSE, AND OBJECTIVES.

SECTION A. STATUTORY AUTHORIZATION.

The Legislature of the State of Mississippi has in Title 17, Chapter 1, Mississippi Code of 1972 Annotated delegated the responsibility to local government units to adopt regulations designed to promote the public health, safety, and general welfare of its citizenry. Therefore, the Board of Aldermen of the City of Iuka does hereby adopt the following floodplain management regulations.

SECTION B. FINDINGS OF FACT.

- The City of Iuka is subject to periodic inundation, which results in loss of life and property, health and safety hazards, disruption of commerce and governmental services, extraordinary public expenditures for flood protection and relief, and impairment of the tax base, all of which adversely affect the public health, safety and general welfare.
- These flood losses are caused by the cumulative effect of obstructions, both inside and outside the identified Special Flood Hazard Areas, causing increases in flood heights and velocities and by the occupancy in flood hazard areas by uses vulnerable to floods or hazardous to other lands which are inadequately elevated, floodproofed, or otherwise unprotected from flood damages.

SECTION C. STATEMENT OF PURPOSE

It is the purpose of this ordinance to promote the public health, safety, and general welfare and to minimize public and private losses due to flood conditions in specific areas by provisions designed to:

- Restrict or prohibit uses which are dangerous to health, safety, and property due to water or erosion hazards, which result in damaging increases in erosion or in flood heights or velocities;
- Require that uses vulnerable to floods, including facilities which serve such uses, be protected against flood damage at the time of initial construction;
- Control the alteration of natural floodplains, stream channels, and natural protective barriers which are involved in the accommodation of flood waters;
- Control filling, grading, dredging, and other development which may increase erosion or flood damage, and;
- Prevent or regulate the construction of flood barriers which will unnaturally divert floodwaters or which may increase flood hazards to other lands.

SECTION D. OBJECTIVES.

The objectives of this ordinance are:

- To protect human life and health;
- To minimize expenditure of public money for costly flood control projects;
- To minimize the need for rescue and relief efforts associated with flooding and generally undertaken at the expense of the general public;
- To minimize prolonged business interruptions;
- To minimize damage to public facilities and utilities such as water and gas mains, electric, telephone and sewer lines, streets and bridges located in floodplains;
- To help maintain a stable tax base by providing for the sound use and development of flood prone areas in such a manner as to minimize flood blight areas, and;
- To ensure that potential homebuyers are notified that property is in a floodprone area.

SECTION E. METHODS OF REDUCING FLOOD LOSSES

In order to accomplish its purposes, this ordinance includes methods and provisions for:

- Restricting or prohibiting uses which are dangerous to health, safety, and property due to water or erosion hazards, or which result in damaging increases in erosion or in flood heights or velocities;
- Requiring that uses vulnerable to floods, including facilities which serve such uses, be protected against flood damage at the time of initial construction;
- Controlling the alteration of natural floodplains, stream channels, and natural protective barriers, which help accommodate or channel flood waters;
- Controlling filling, grading, dredging, and other development which may increase flood damage, and;
- Preventing or regulating the construction of flood barriers that will unnaturally divert floodwaters or may increase flood hazards in other areas.

ARTICLE 2. DEFINITIONS

Unless specifically defined below, words or phrases used in this ordinance shall be interpreted so as to give them the meaning they have in common usage and to give this ordinance its most reasonable application.

A Zone is the Area of Special Flood Hazard without base flood elevations determined.

A1 - A30 and AE zone is the Area of Special Flood Hazard with base flood elevations determined.

Accessory structure (Appurtenant structure) means a structure, which is located on the same parcel of property as the principal structure and the use of which is incidental to the use of the principal structure. Accessory structures should constitute a minimal initial investment, may not be used for human habitation, and be designed to have minimal flood damage potential. Examples of accessory structures are detached garages, carports, storage sheds, pole barns, and hay sheds.

Addition (to an existing building) means any walled and roofed expansion to the perimeter or height of a building.

Any addition shall be considered new construction. If the addition is more than 50% of the market value of the structure, then the addition and the existing structure are now new construction.

Appeal means a request for a review of the Floodplain Administrator's interpretation of any provision of this ordinance or a request for a variance.

AR/A1 - A30, AR/AE, AR/AH, AR/AO, and AR/A zones are SFHAs that result from the certification of a previously accredited flood protection system or levee that is in the process of being restored to provide a one percent chance or greater level of flood protection. After restoration is complete, these areas will still experience residual flooding from other flooding sources.

A99 zone is that part of the SFHA inundated by the one percent chance flood to be protected from the one percent chance flood by a Federal flood protection system or levee under construction, no base flood elevations are determined.

Area of special flood hazard is the land in the floodplain within a community subject to a one percent or greater chance of flooding in any given year. This area is also referred to as the Special Flood Hazard Area (SFHA).

B and X zones (shaded) are areas of 0.2 percent chance flood that are outside of the SFHA subject to the one percent chance flood with average depths of less than one foot, or with contributing drainage area less than one square mile, and areas protected by certified levees from the base flood.

Base flood means the flood having a one percent chance of being equaled or exceeded in any given year (also called the "one percent chance flood").

Base Flood Elevation (BFE) is the elevation shown in the Flood Insurance Study (FIS) for Zones AE, AH, A1-30, AR, AR/A, AR/AE, AR/A1-A30, AR/AH, AR/AO, V1-V30, and VE that indicates the water surface elevation resulting from a flood that has a one percent or greater chance of being equaled or exceeded in any given year.

Basement means any portion of a building having its floor sub-grade (below ground level) on all sides.

Building See Structure.

C and X zones (unshaded) are areas determined to be outside the 0.2 percent chance floodplain.

Community is a political entity and/or its authorized agents or representatives that have the authority to adopt and enforce floodplain ordinances for the area under its jurisdiction.

Community Floodplain Management Map means any map produced by the community utilizing best available base flood elevation and floodway data that is from a federal, state, or other accepted technical source.

Community Rating System (CRS) is a program developed by the Federal Insurance Administration to provide incentives for those communities in the Regular Program that have gone beyond the minimum floodplain management requirements to develop extra measures to provide protection from flooding.

Community Flood Hazard Area (CFHA) is an area that has been determined by the Floodplain Administrator (or other delegated, designated, or qualified community official) from available technical studies, historical information, and other available and reliable sources, which may be subject to periodic inundation by floodwaters that can adversely affect the public health, safety and general welfare. This includes areas downstream from dams.

Critical facility (also called critical action) means facilities for which the effects of even a slight chance of flooding would be too great. The minimum floodplain of concern for critical facilities is the 0.2 percent chance flood level. Critical facilities include, but are not limited to: facilities critical to the health and safety of the public such as: emergency operations centers; designated public shelters; schools; nursing homes; hospitals; police, fire and emergency response installations; vital data storage centers; power generation and water and other utilities (including related infrastructure such as principal points of utility systems) and installations which produce, use or store hazardous materials or hazardous waste (as defined under the Clean Water Act and other Federal statutes and regulations). Such facilities and access to such facilities will be constructed outside the one percent chance Special Flood Hazard Area or elevated/protected to or above the 0.2 percent chance flood level.

D zone is an area in which the flood hazard is undetermined.

Dam is any artificial barrier, including appurtenant works, constructed to impound or divert water, wastewater, liquid bome materials, or solids that may flow if saturated. All structures necessary to maintain the water level in an impoundment or to divert a stream from its course will be considered a dam.

Development means any man-made change to improved or unimproved real estate, including, but not limited to, buildings or other structures, mining, dredging, filling, grading, paving, excavating, drilling operations, or storage of materials or equipment.

Elevated building means for insurance purposes, a non-basement building which has its lowest elevated floor raised above ground level by foundation walls, shear walls, posts, pilings, columns, or piers.

Elevation Certificate is a FEMA form used as a certified statement that verifies a building's elevation information.

Emergency Program means the first phase under which a community participates in the NFIP. It is intended to provide a first layer amount of insurance coverage for all insurable buildings in that community before the effective date of the initial FIRM.

Enclosure below the Lowest Floor see "Lowest Floor."

Encroachment means the advance or infringement of uses, plant growth, fill, excavation, buildings, structures or development into a floodplain, which may impede or alter the flow capacity of a floodplain.

Executive Order 11988 (Floodplain Management) this order requires that no federally assisted activities be conducted in or have the potential to affect identified Special Flood Hazard Areas, unless there is no practicable alternative.

Existing Construction means structures for which the "start of construction" commenced before the date of the FIRM or before January 1, 1975, for FIRMs effective before that date. Existing construction may also be referred to as existing structures.

Existing manufactured home park or subdivision means a manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including at a minimum the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed before the effective date of the floodplain management regulations adopted by a community.

Expansion to an existing manufactured home park or subdivision includes the preparation of additional sites by the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads).

Fill means a deposit of earthen materials placed by artificial means.

Five-Hundred Year Flood means the flood that has a 0.2 percent chance of being equaled or exceeded in any year. Areas subject to the 0.2 percent chance flood have a moderate risk of flooding.

Flood or flooding means a general and temporary condition of partial or complete inundation

of normally dry land areas from:

- The overflow of inland or tidal waters.
- The unusual and rapid accumulation or runoff of surface waters from any source.
- Mudslides which are proximately caused by flooding and are akin to a river of liquid and flowing mud on the surfaces of normally dry land areas, as when earth is carried by a current of water and deposited along the path of the current.
- The collapse or subsidence of land along the shore of a lake or other body of water as a result of erosion or undermining caused by waves or currents of water exceeding anticipated cyclical levels or suddenly caused by an unusually high water level in a natural body of water, accompanied by a severe storm, or by an unanticipated force of nature, such as flash flood or an abnormal tidal surge, or by some similarly unusual and unforeseeable event which results in flooding.

Flood (insurance definition) means a general and temporary condition of partial or complete inundation of two or more acres of normally dry land areas or of two or more properties (e.g. a building and a public street) from (1) overflow of inland or tidal waters (2) unusual and rapid accumulation or runoff of surface waters (3) mudflows caused by flooding.

Flood Boundary and Floodway Map (FBFM) means the official map on which the Federal Emergency Management Agency (FEMA) or Federal Insurance Administration (FIA) has delineated the areas of flood hazards and regulatory floodway.

Flood Hazard Boundary Map (FHBM) means an official map of a community, issued by FEMA, where the boundaries of the areas of special flood hazard have been identified as Zone A.

Flood Insurance Rate Map (FIRM) means an official map of a community, on which FEMA has delineated both the areas of special flood hazard and the risk premium zones applicable to the community.

Flood Insurance Study (FIS) is the document which provides an examination, evaluation, and determination of flood hazards and, if appropriate, corresponding water surface elevations, or an examination, evaluation, and determination of mudslide and/or flood-related erosion hazards.

Floodplain means any land area susceptible to being inundated by flood waters from any source.

Floodplain management means the operation of an overall program of corrective and preventive measures for reducing flood damage and preserving and enhancing, where possible, natural resources in the floodplain, including but not limited to emergency preparedness plans, flood control works, floodplain management regulations, and open space plans.

Floodplain Administrator is the individual appointed to administer and enforce the floodplain management regulations.

Floodplain management regulations means this ordinance and other zoning ordinances, subdivision regulations, building codes, health regulations, special purpose ordinances, and other applications of police power which control development in flood-prone areas. This term describes federal, state, or local regulations in any combination thereof, which provide standards for preventing and reducing flood loss and damage.

Floodproofing means any combination of structural and nonstructural additions, changes, or adjustments to structures, which reduce or eliminate flood damages to real estate or improved real estate property, water, and sanitary facilities, structures, and their contents. A Flood Emergency Operation Plan and an Inspection and Maintenance Plan must be provided by the design professional for the building. Only non-residential buildings in A Zones can be floodproofed. Structures shall be floodproofed with a minimum of one foot of freeboard in relation to the base flood elevation.

Floodproofing Certificate is an official FEMA form used to certify compliance for non-residential structures in A Zones as an alternative to elevating buildings to or above the base flood elevation.

Floodway See Regulatory Floodway.

Floodway fringe means that area of the special flood hazard area on either side of the regulatory floodway.

Flood Protection Elevation is the base flood elevation plus 18" of freeboard. In areas where no base flood elevations exist from any authoritative source, the flood protection elevation can be historical flood elevations or base flood elevations determined and/or approved by the floodplain administrator.

Freeboard means a factor of safety, usually expressed in feet above the BFE, which is applied for the purposes of floodplain management. Communities are encouraged to adopt at least a one-foot freeboard to account for the one-foot rise built into the concept of designating a floodway, where floodways have not been designated.

Functionally dependent use means a use that cannot perform its intended purpose unless it is located or carried out in close proximity to water. The term includes only docking facilities, port facilities that are necessary for the loading and unloading of cargo or passengers, ship building and ship repair facilities and seafood offloading facilities. The term does not include long-term storage, manufacture, processing functions, sales, administrative functions, or service facilities.

Hardship (as related to variances of this ordinance) means the exceptional difficulty that would result from a failure to grant the requested variance. The City of Iuka requires that the variance is exceptional, unusual, and peculiar to the property involved. Mere economic or financial hardship alone is NOT exceptional. Inconvenience, aesthetic considerations, physical handicaps, personal preferences, or the disapproval of one's neighbors likewise cannot, as a rule, qualify as an exceptional hardship. All of these problems can be resolved through other means without granting a variance, even if the alternative is more expensive, or requires the property owner to build elsewhere or put the parcel to a different use than originally intended.

Hazard potential means the possible adverse incremental consequences that result from the release of water or stored contents due to failure of a dam or mis-operation of a dam or appurtenances. The hazard potential classification of a dam does not reflect in any way on the current condition of a dam and its appurtenant structures (e.g. safety, structural integrity, and flood routing capacity).

High hazard dam means a class of dam in which failure may cause loss of life, serious damage to residential, industrial, or commercial buildings; or damage to, or disruption of, important public utilities or transportation facilities such as major highways or railroads. Dams which meet the statutory thresholds for regulation that are proposed for construction in established or proposed residential, commercial, or industrial areas will be assigned this classification, unless the applicant provides convincing evidence to the contrary. A development permit is required for a structure and any associated fill downstream from a dam at any location where flooding can be reasonably anticipated from principal or emergency spillway discharges, or from overtopping and failure of the dam.

Highest adjacent grade means the highest natural elevation of the ground surface, prior to construction, next to the proposed walls of a building.

Historic Structure means any structure that is:

- Listed individually in the National Register of Historic Places (a listing maintained by the Department of Interior) or preliminarily determined by the Secretary of the Interior as meeting the requirements for individual listing on the National Register;
- Certified or preliminarily determined by the Secretary of the Interior as contributing to the historical significance of a registered historic or a district preliminarily determined by the Secretary to qualify as a registered historic district;
- Individually listed on the State of Mississippi inventory of historic structures; or,
- Individually listed on a local inventory historic places in communities with historic preservation programs that have been certified by an approved state program as determined by the Secretary of the Interior.

Hydrologic and hydraulic engineering analyses means the analyses performed by a professional engineer, registered in the state of Mississippi, in accordance with standard engineering practices as accepted by FEMA, used to determine flood elevations and/or floodway boundaries.

Increased Cost of Compliance (ICC) coverage means under the standard flood insurance policy the cost to repair a substantially flood damaged building that exceeds the minimal repair cost and that is required to bring a substantially damaged building into compliance with the local flood damage prevention ordinance. Acceptable mitigation measures are floodproofing (nonresidential), relocation, elevation, demolition, or any combination thereof. All renewal and new policies with effective dates on or after June 1, 1997, include ICC coverage.

Letter of Map Change (LOMC) is an official FEMA determination, by letter, to amend or revise effective Flood Insurance Rate Maps, Flood Boundary and Floodway Maps, and Flood Insurance Studies. LOMC's are broken down into the following categories:

Letter of Map Amendment (LOMA)

An amendment based on technical data showing that a property was incorrectly included in a designated SFHA, was not elevated by fill (only by a natural grade elevation), and will not be inundated by the one percent chance flood. A LOMA amends the current effective FIRM and establishes that a specific property is not located in a SFHA.

Letter of Map Revision (LOMR)

A revision based on technical data that, usually due to manmade changes, shows changes to flood zones, flood elevations, floodplain and floodway delineations, and planimetric features. One common type of LOMR, a LOMR-F, is a determination concerning whether a structure or parcel has been elevated by fill above the BFE and is, therefore, excluded from the SFHA.

Conditional Letter of Map Revision (CLOMR)

A formal review and comment by FEMA as to whether a proposed project complies with the minimum NFIP floodplain management criteria. A CLOMR does not revise effective Flood Insurance Rate Maps, Flood Boundary and Floodway Maps, or Flood Insurance Studies.

Levee means a man-made structure; usually an earthen embankment designed and constructed in accordance with sound engineering practices to contain, control, or divert the flow of water so as to provide protection from temporary flooding.

Levee system means a flood protection system which consists of a levee, or levees, and associated structures, such as closure and drainage devices, which are constructed and operated in accordance with sound engineering practices. For a levee system to be recognized, the following criteria must be met. All closure devices or mechanical systems for internal drainage, whether manual or automatic, must be operated in accordance with an officially adopted operation manual (a copy of which must be provided to FEMA by the operator when levee or drainage system recognition is being sought or revised). All operations must be under the jurisdiction of a Federal or State agency, an agency created by Federal or State law, or an agency of a community participating in the NFIP.

Low hazard dam means a class of dam in which failure would at the most result in damage to agricultural land, farm buildings (excluding residences), or minor roads.

Lowest adjacent grade means the elevation of the sidewalk, patio, deck support, or basement entryway immediately next to the structure and after the completion of construction. It does not include earth that is placed for aesthetic or landscape reasons around a foundation wall. It does include natural ground or properly compacted fill that comprises a component of a building's foundation system.

Lowest floor means the lowest floor of the lowest enclosed area (including basement). An unfinished or flood resistant enclosure, used solely for parking of vehicles, building access, or storage, in an area other than a basement, is not considered a building's lowest floor, provided that such enclosure is not built so as to render the structure in violation of the non-elevation provisions of this code.

Manufactured home (Mobile Home) means a structure, transportable in one or more sections, which is built on a permanent chassis and designed to be used with or without a permanent foundation when attached to the required utilities. The term manufactured home does not include a "recreational vehicle."

Manufactured home park or subdivision means a parcel (or contiguous parcels) of land divided into two or more manufactured home lots for rent or sale.

Map Amendment means a change to an effective NFIP map that results in the exclusion from the SFHA or an individual structure or a legally described parcel of land that has been inadvertently included in the SFHA (i.e., no alterations of topography have occurred since the date of the first NFIP map that showed the structure or parcel to be within the SFHA).

Map Panel Number means the four-digit number followed by a letter suffix assigned by FEMA on a FBHM, FBFM, or FIRM. The first four digits represent the map panel, and the letter suffix represents the number of times the map panel has been revised.

Market value means the property value (as agreed between a willing buyer and seller), excluding the value of land as established by what the local real estate market will bear. Market value can be established by independent certified appraisal; replacement cost depreciated by age of building (Actual Cash Value); or adjusted assessed values.

Mean Sea Level means, for the purposes of the National Flood Insurance Program, the National Geodetic Vertical Datum (NGVD) of 1929, North American Vertical Datum (NAVD) of 1988, or other datum, to which base flood elevations shown on a community's Flood Insurance

Rate Map (FIRM) are referenced.

National Flood Insurance Program (NFIP) is the federal program that makes flood insurance available to owners of property in participating communities nationwide through the cooperative efforts of the Federal Government and the private insurance industry.

National Geodetic Vertical Datum (NGVD) means a vertical control, corrected in 1929, used as a reference for establishing varying elevations within the floodplain.

New Construction means a structure or an addition to an existing structure for which the start of construction commenced on or after the effective date of a floodplain management regulation adopted by a community and any subsequent improvements to such structure or the addition.

New manufactured home park or subdivision means a manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed on or after the effective date of floodplain regulations adopted by a community.

Non-Residential means, but is not limited to; small business concerns, churches, schools, farm buildings (including grain bins and silos), poolhouses, clubhouses, recreational buildings, mercantile structures, agricultural and industrial structures, warehouses, and hotels and motels with normal room rentals for less than 6 months duration.

North American Vertical Datum (NAVD) of 1988 means a vertical control, corrected in 1988, used as a reference for establishing varying elevations within the floodplain.

Obstruction means, but is not limited to, any dam, wall, wharf, embankment, levee, dike, pile, abutment, protection, excavation, channel construction, bridge, culvert, building, wire, fence, rock, gravel, refuse, fill, structure, vegetation or other material in, along, across or projecting into any watercourse which may alter, impede, retard or change the direction and/or velocity of the flow of water, or due to its location, its propensity to snare or collect debris carried by the flow of water, or its likelihood of being carried downstream.

One Percent Flood (aka 100-Year Flood) is the flood that has a one percent chance of being equaled or exceeded in any given year. Any flood zone that begins with the letter A or V is subject to inundation by the one percent chance flood. Over the life of a 30-year loan, there is a 26-percent chance of experiencing such a flood within the SFHA.

Participating Community is any community that voluntarily elects to participate in the NFIP by adopting and enforcing floodplain management regulations that are consistent with the standards of the NFIP.

Post-FIRM Construction means new construction and substantial improvements for which start of construction occurred after December 31, 1974, or on or after the effective date of the initial FIRM of the community, whichever is later.

Pre-FIRM Construction means new construction and substantial improvements for which start of construction occurred on or before December 31, 1974, or before the effective date of the initial FIRM of the community, whichever is later.

Probation is a means of FEMA formally notifying participating communities of the first of the two NFIP sanctions due to their failure to correct violations and deficiencies in the administration and enforcement of the local floodplain management regulations.

Public safety and nuisance means anything which is injurious to the safety or health of an entire community or neighborhood, or any considerable number of persons, or unlawfully obstructs the free passage or use, in the customary manner, of any navigable lake, or river, bay, stream, canal, or basin.

Recreational vehicle means a vehicle that is:

- Licensed and titled as an RV or park model (not a permanent residence);
- Built on a single chassis;
- 400 square feet or less when measured at the largest horizontal projection;
- Has no attached deck, porch, or shed;
- Has quick-disconnect sewage, water, and electrical connectors;
- Designed to be self-propelled or permanently towable by a light duty truck, and;
- Designed primarily not for use as a permanent dwelling but as temporary living quarters for recreational, camping, travel, or seasonal use.

Regular Program means the second phase of the community's participation in the NFIP in which second layer coverage is available based upon risk premium rates only after FEMA has completed a risk study for the community.

Regulatory floodway means the channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation more than one foot.

Repair means the reconstruction or renewal of any part of an existing building for which the start of construction commenced on or after the effective date of a floodplain management regulation adopted by a community and all such regulations effective at the time of permitting must be met.

Repetitive Loss means flood-related damages sustained by a structure on two separate occasions during a 10-year period for which the cost of repairs at the time of each such flood event, on the average, equals or exceeds 25 percent of the market value of the structure before the damage occurred.

Repetitive Loss Property is any insurable building for which two or more claims of more than \$1,000 were paid by the National Flood Insurance Program (NFIP) within any rolling 10-year period, since 1978. At least two of the claims must be more than ten days apart but, within ten years of each other. A RLP property may or may not be currently insured by the NFIP.

Section 1316 means that section of the National Flood Insurance Act of 1968, as amended, which states that no new flood insurance coverage shall be provided for any property that FEMA finds has been declared by a duly constituted state or local zoning authority or other authorized public body to be in violation of state or local laws, regulations, or ordinances that are intended to discourage or otherwise restrict land development or occupancy in flood-prone areas.

Severe Repetitive Loss Structure means any insured property that has met at least one of the following paid flood loss criteria since 1978, regardless of ownership:

- Four or more separate claim payments of more than \$5,000 each (including building and contents payments); or
- Two or more separate claim payments (building payments only) where the total of the payments exceeds the current market value of the property.

In either case, two of the claim payments must have occurred within ten years of each other. Multiple losses at the same location within ten days of each other are counted as one loss, with the payment amounts added together.

Significant hazard dam means a dam assigned the significant hazard potential classification where failure may cause damage to main roads, minor railroads, or cause interruption of use, or service of relatively important public utilities.

Special flood hazard area (SFHA) means that portion of the floodplain subject to inundation by the base flood and/or flood-related erosion hazards as shown on a FBHM or FIRM as Zone A, AE, A1 - A30, AH, AO, AR, AR/A1-A30, AR/AE, AR/AO, AR/AH, AR/A, A99, V, VE, or V1-V30.

Start of construction (for other than new construction or substantial improvements under the Coastal Barrier Resources Act P. L. 97-348), includes substantial improvement, and means the date the building permit was issued, provided the actual start of construction, repair, reconstruction, or improvement was within 180 days of the permit date. The actual start means the first placement of permanent construction of a building (including a manufactured home) on a site, such as the pouring of slabs or footings, installation of piles, construction of columns, or any work beyond the stage of excavation or placement of a manufactured home on a foundation. Permanent construction does not include land preparation, such as clearing, grading and filling; nor does it include the installation of streets and/or walkways; nor does it include excavation for a basement, footings, piers or foundations or the erection of temporary forms; nor does it include the installation on the property of accessory buildings, such as garages or sheds not occupied as dwelling units or not part of the main building. For substantial improvement, the actual start of construction means the first alteration of any wall, ceiling, floor, or other structural part of a building, whether or not that alteration affects the external dimensions of the building.

Structure, for floodplain management purposes, means a walled and roofed building, including a gas or liquid storage tank that is principally above ground, as well as a manufactured home.

Structure, for insurance purposes, means a building with two or more outside rigid walls and a fully secured roof, that is affixed to a permanent site; a manufactured home built on a permanent chassis, transported to its site in one or more sections, and affixed to a permanent foundation; or a travel trailer without wheels, built on a chassis and affixed to a permanent foundation, that is regulated under the community's floodplain management and building ordinances or laws. The term does not include recreational vehicle or a park trailer or other similar vehicle, except as described in the last part of this definition, or a gas, or a liquid storage tank.

Subrogation means an action brought by FEMA when flood damages have occurred, a flood insurance claim has been paid, and

Any work undertaken prior to submission of the certification shall be at the permit holder's risk. The Floodplain Administrator shall review the lowest floor & floodproofing elevation survey data submitted. The permit holder immediately and prior to further progressive

b) Access to the enclosed area shall be minimum necessary to allow for parking

Require that all new subdivision proposals and other proposed developments (including proposals for manufactured home parks and subdivisions) greater than the five lots or five acres, whichever is lesser, include within such proposals base flood elevation data;

The Floodplain Administrator shall obtain, review, and reasonably utilize any base flood elevation and floodway data available from a federal, state, or other source in order to administer the provisions of Article 5. When such data is available, standards of Article 5, Section B, shall apply. If data is not available from Article 5, Section C (1) or outside sources, then the following provisions shall apply.

IN THE ESTATE OF BARBARA KIDDY, DECEASED

RESPONDENTS**SUMMONS BY PUBLICATION**

THE STATE OF MISSISSIPPI
COUNTY OF TISHOMINGO

TO: THE UNKNOWN HEIRS AT LAW OF
BARBARA KIDDY, DECEASED

You have been made a defendant in the Petition to Determine Heirship filed in this Court by BOBBY KIDDY, Individually and on behalf of BOBBY KIDDY seeking to determine the heirs at law of BARBARA KIDDY, Deceased. Respondents other than you in this action are any unknown heirs-at law of BARBARA KIDDY, Deceased.

You are summoned to appear before the Honorable Chancery Judge of Tishomingo County, Mississippi, on the 25th day of October, 2010, in the Courthouse of Tishomingo County at luka, Mississippi, to show cause, if any you can, why BOBBY KIDDY AND STACEY KIDDY, should not be declared to be the sole heirs-at-law of BARBARA KIDDY, Deceased, wherein you are made a defendant, and why such other relief as prayed for should not be granted.

You are further notified that your failure to appear in Court on the day and time herein set forth will result in a judgment against you for the money or other relief demanded in the Petition.

You are not required to file an answer or other pleading but you may do so if you desire.

Issued under my hand and the seal of said Court, this the 14th day of October, 2010.

LEGAL NOTICE**TRUSTEE'S NOTICE OF LAND SALE**

On November 29th, 2007 TIMMY A. ROBERTS and RENEE C. WILLIAMS executed a Purchase Money Deed of Trust to Connie B. Johnson, Trustee which is recorded as Instrument Number 2008000241 in the Chancery Clerk's Office of Tishomingo County, Mississippi securing a note to EDDIE C. BOATWRIGHT and PHILIP G. BOATWRIGHT.

Debtor defaulted and legal holder accelerated the note and requested foreclosure.

As Trustee, in legal hours, at the east door of the Tishomingo County Courthouse in luka, Mississippi on October 11th, 2010 I will sell to the highest cash bidder at public outcry the following described property in Tishomingo County, Mississippi:

Commencing at an axle found at the Southwest corner of the Southwest Quarter of Section 34, Township 4 South, Range 10 East, Tishomingo County, Mississippi. Thence run North 00 degrees 37 minutes 18 seconds East along the West line of said Quarter, and the East line of Evelyn Tucker 2395.25 feet to a steel post found on the Southwest corner of Walter Puckett as recorded in Deed Book No. 226 Page 342-343; Thence run South 89 degrees 43 minutes 23 seconds East 337.72 feet along Puckett's South line to an iron pin set for the POINT OF BEGINNING. Thence continue along Puckett's South line South 89 degrees 43 minutes 23 seconds East 300.00 feet to an iron pin set; thence run South 00 degrees 37 minutes 18 seconds West 1539.31 feet to an iron pin set in the center of County Road No. 142; thence run along the centerline of County Road No. 142 the following: South 83 degrees 37 minutes 54 seconds West 33.99 feet, South 87 degrees 55 minutes 52 seconds West 73.06 feet, North 88 degrees 29 minutes 25 seconds West 84.36 feet, North 86 degrees 20 minutes 45 seconds West 109.09 feet to an iron pin set; thence leaving the center of said road run North 00 degrees 37 minutes 18 seconds East 1537.99 feet to the POINT OF BEGINNING. Containing 10.63 acres. (SUBJECT TO 0.14 acres on the South side of property, lying in the right-of-way of County Road No. 142).

Together with and subject to covenants, easements and restrictions of record.

Purchaser shall pay his bid in cash at sale. I will convey only such title as is vested in me as Trustee.

Witness my signature this 10th day of September, 2010.

SUBSTITUTED TRUSTEE'S NOTICE OF SALE

WHEREAS, on March 6, 2007, James W Simister and Jennifer J. J. Simister (signed Jennifer J. Simister) executed a certain deed of trust to First American Title, Trustee for the benefit of Mortgage Electronic Registration Systems, Inc., which deed of trust is of record in the office of the Chancery Clerk of Tishomingo County, State of Mississippi in Book 368 at Page 183; and

WHEREAS, said Deed of Trust was subsequently assigned to PHH Mortgage Corporation, by instrument dated September 7, 2010 and recorded in Instrument No. 2010003183 of the aforesaid Chancery Clerk's office; and

WHEREAS, PHH Mortgage Corporation, has heretofore substituted J. Gary Massey as Trustee by instrument dated September 17, 2010 and recorded in the aforesaid Chancery Clerk's Office in Instrument No. 2010003286; and

WHEREAS, default having been made in the terms and conditions of said deed of trust and the entire debt secured thereby having been declared to be due and payable in accordance with the terms of said deed of trust, PHH Mortgage Corporation, the legal holder of said indebtedness, having requested the undersigned Substituted Trustee to execute the trust and sell said land and property in accordance with the terms of said deed of trust and for the purpose of raising the sums due thereunder, together with attorney's fees, trustee's fees and expense of sale.

NOW, THEREFORE, I, J. Gary Massey, Substituted Trustee in said deed of trust, will on October 28, 2010 offer for sale at public outcry and sell within legal hours (being between the hours of 11:00 a.m. and 4:00 p.m.), at the East Door of the County Courthouse of Tishomingo County, located at luka, Mississippi, to the highest and best bidder for cash the following described property situated in Tishomingo County, State of Mississippi, to-wit:

Lot 230 of Pickwick Pines Resort, Phase V, as per plat on file in the Chancery Court Clerk's Office of Tishomingo County, Mississippi

I WILL CONVEY only such title as vested in me as Substituted Trustee.

WITNESS MY SIGNATURE on this 4th day of October, 2010.
