## Two Die in Wrecks Related to Ice

**Pamela McRae**  
Poor driving conditions caused by intermittent icy weather over the past week have led to numerous fender benders and at least two fatalities in Tishomingo County. Mississippi Highway Patrol Troop F responded to approximately 106 crashes/assistance calls Friday, February 20th, due to icy conditions. Specifically 28 crashes were reported on US 72 in the Corinth area.

Anna Hill

This 18-wheeler collided with pedestrians at the scene of a Friday afternoon accident on U.S. Highway 72 near the APAC plant. Two of the pedestrians were killed, and a child was hospitalized.

### Killed Friday

Two women are dead after an ice-related accident last Friday afternoon on Highway 72.

The Mississippi Highway Patrol is still investigating the crash east of Corinth in Tishomingo County, that claimed the lives of two people. Troop F responded to US 72, east of Corinth, near APAC, at approximately 1:30 p.m. Upon arriving at the scene, officers discovered two or three vehicles in the ditch due to icy conditions. During this time a good Samaritan had stopped to help with the vehicles that had crashed. Then, a semi-tractor/trailer, traveling eastbound, hit the same ice, jack-knived and rolled into a parked vehicle on the shoulder, and killed the pedestrians.

Two of the pedestrians were a mother and son from Belmont, Mississippi. They had already been in one of the minor crashes and had walked up to the roadway. The mother, Anahi Ramirez, 25, of Belmont, was transported to Magnolia Regional Medical Center in Corinth

and died from injuries sustained in the crash. Her son, a 9-year-old child, was taken to Magnolia Regional Medical Center in Corinth and later transferred to LeBonheur Children's Hospital in Memphis.

A good Samaritan, who stopped to assist with the crashes, was the third person struck. Anna D. Hill, 47, of Burnsville, died on the scene from injuries sustained in the crash.

### Serious Injuries Near Corinth

In a collision around noon Friday, two Iuka women sustained serious injuries in a wreck just outside Corinth on Highway 72.

Theresa "T.J." Stricklen, of Iuka, suffered several broken bones and lacerations in her legs when her eastbound vehicle was struck by a westbound vehicle

driven by Dawn Dexter Laster. Laster was ejected from her vehicle, according to reports. According to a friend, Laster is "sore and bruised, but otherwise okay - it is a miracle she's in one piece."

Stricklen is in the Regional Medical Center in Memphis, where she has undergone several surgical procedures and will likely face more leg surgeries.

## Tishomingo Career & Technical Center FFA Member Wins Premier Exhibitor at Dixie National Livestock Show

Tishomingo County Career and Technical Center FFA member Emily Sykes, of Iuka, was named the Premier Exhibitor in the beef category at the 2015 Dixie National Livestock Show. Exhibitors are awarded points based on a resume, interview, animal quality, and showmanship. Exhibitors' knowledge of the species he/she is exhibiting is measured through a written exam and skill-a-thon phase consisting of different stations relating to the species.

Sykes won the top honor in the beef division for which she was presented with a \$2,000 scholarship from the Dixie National Sale of Junior Cham-

pions Promotion Committee. Governor Phil Bryant and Commissioner of Agriculture, Cindy Hyde-Smith, presented the award to Sykes at the Dixie National Sale of Junior Champions 46th Annual Sale held on February 12th at the Mississippi Fairgrounds Trade Mart Building in Jackson, Mississippi.

Emily is the daughter of Barry and Angie Sykes of Iuka. She is a junior at Tishomingo County High School, a 2nd year student in the AEST program at the Tishomingo County Career and Technical Center, and an active member of the Tishomingo County Career and Technical Center FFA Chapter.

Agriculture Commissioner Cindy Hyde-Smith, left and Governor Phil Bryant presented Emily Sykes with the Premier Exhibitor Award.

turned tanker truck on 72 - this tanker filled with Coke syrup overturned last Thursday, impacting traffic all day and into the night as crews tried to right the truck.

## Two Injured as Tanker Topples

**Pamela McRae**  
Emergency personnel and company officials worked for about 15 hours last Thursday to right a tanker truck that lost control and ended up on its side in the median of Highway 72.

According to reports, the tanker went off the road and ended laying down on the driver's side around 5 a.m. February 24th.

The driver reportedly suffered head injuries and was airlifted from the scene to North Mississippi Medical Center, and another occupant was taken to Iuka Hospital for treatment.

The cargo in the truck was reportedly Coca-Cola syrup. Coke had clean-up crews come out to assess the situation. They attempted to pump out the cargo before attempts began to right

the truck, but the cargo was too cold and thick to pump, according to reports.

Late in the day, recovery crews tried to use inflatables to raise the truck and tank up, but in the end, about 10 p.m., Bill Timbes used his equipment to pull it upright and tow it to Burnsville.

## Governor Bryant Sets Special Election Date for 1st Congressional District

Gov. Phil Bryant issued a Writ of Election this week, setting May 12 as the special election date to fill the seat left vacant in Mississippi's 1st Congressional District by the passing of U.S. Rep. Alan Nunnelee on Feb. 6.

"Alan Nunnelee served the people of Mississippi with integrity and distinction," Gov. Bryant said. "We will remember him and miss him long past this election."

The qualifying deadline for candidates is 5 p.m. on March 27.

If no candidate receives a majority of the votes cast in the special election, a runoff election will be held June 2.

## Means Caused Disturbance at Fulton Walmart

by Pamela McRae

Just a few days before the shootout that resulted in his death at the Iuka Walmart, Fulton officers dealt with a confused Howard Brent Means, Jr. at the Fulton Walmart.

According to Fulton Police Chief Reggie Johnson, officers from his department responded on Wednesday, February 11th, to a report of a disturbance at the service desk at the Fulton, Mississippi Walmart store. According to the report, Howard Brent Means, Jr. had come to the service desk at the store and was refusing to leave. Officers who responded reported that Means said "his father was trying to kill him," and he could not leave the store.

Based on their experience, it appeared that Means may have been "off his medication," said Johnson. As is commonly done in situations like this, said Johnson, an ambulance was called and Means agreed to be transported to behavioral health services at North Mississippi Medical Center in Tupelo.

Johnson said that Means was not threatening anyone during the incident.

### Iuka Investigation Continues

Just four days later, Means lead Iuka Police on a chase that ended up at the Walmart in Iuka. After a 20-minute standoff and several rounds of shooting, Means was shot and died, and two Iuka officers were injured by gunfire.

According to spokesman Warren Strain of the Mississippi Highway Patrol, the Mississippi Bureau of Investigation is completing its investigation of the February 15th shootout at the Iuka store. When complete, the report, including the autopsy, will be turned over to the district attorney for his review, and he will decide if any further actions will be pursued.

## One Dead, One Hospitalized After Monday Night Wreck

by Pamela McRae

Late Monday night, a wreck by Tishomingo County High School resulted in the death of one man and hospitalization of another passenger.

About 9:15 p.m. Monday night, a 1994 Nissan Pathfinder was westbound on Highway 72 when it apparently left the road on the north side, and rolled several times. The occupants Paul "Pee-Wee" Enlow, Jr., 44, of Iuka and Miles Williams, 32, of Iuka, were ejected from the vehicle.

Enlow died at the scene, and Williams was transported to the hospital for treatment. On Tuesday, it was reported he was in critical condition in the Regional Medical Center in Memphis.

The cause of the wreck is still under investigation by the Mississippi Highway Patrol.

## Friday Last Day to Qualify for 2015 Elections

Only three county officials, and third term State Senator J. P. Wilemon are running unopposed so far for the 2015 county and state elections.

Circuit Clerk Donna Dill, now in her fifth term, and second term Chancery Court Clerk Peyton Cummings, and County Coroner Mack Wilemon remain unopposed in the

county. Deadline for qualifying is Friday, February 27th.

Both House of Representatives incumbents that represent Tishomingo County, Bubba Carpenter and Donnie Bell face opposition. Lisa Benderman Wigginton, former public school administrator from Corinth is running against Lester "Bubba" Carpen-

ter. Wigginton's father, Harvey Benderman was a State Representative in this district, according to a Facebook post.

Rep. Donnie Bell (R - Fulton), has a popular Democratic challenger in Aaron Loden. Itawamba County Tax Collector Aaron Loden, a county-wide elected Democrat, has filed his qualifying

papers against Bell. Rep. Bell was elected in 2011 as a Democrat, but switched parties shortly thereafter to become a Republican. Loden is very popular in Itawamba County, which is home to the majority of the district. Loden was first elected as Tax Assessor in 2003 with over 60% of the vote.

### Meet Alaina Grace Gass

Diagnosed with Hemophagocytic lymphohistiocytosis, a life-threatening autoimmune disease on her 11th birthday, Alaina Grace Gass is forced to live a restricted life.

Beyond various rounds of chemotherapy, she has undergone a bone marrow transplant and is currently residing at St. Jude Children's Research Hospital where she must live in the Target House for an accumulative of 100 days from the transplant date.

"Alaina's story will have a happy ending. One where she will go to college and perhaps, one day, write about her experiences. The hardship she faces, is a temporary one. Yet never a hardship anyone expects to face at the

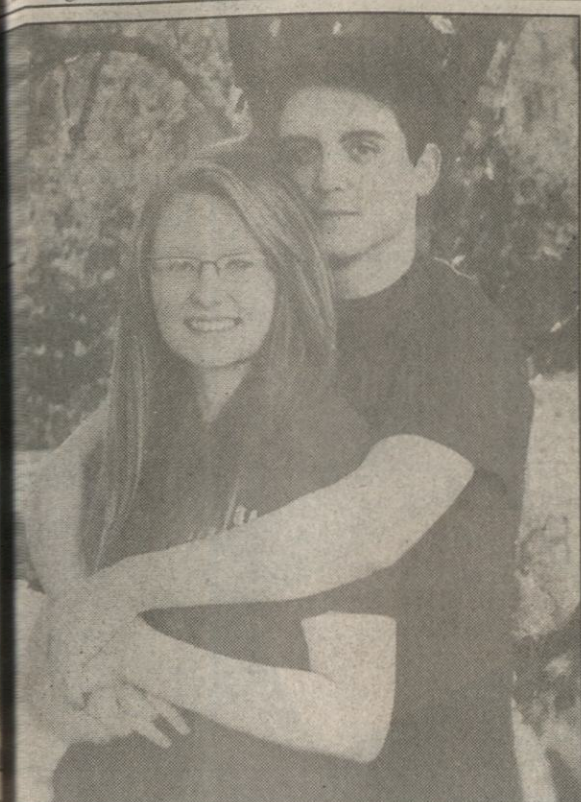

tender age of 11," said Katie Melvin as she pondered her daughter's bravery and humility. "Her strength epitomizes our own humility, for the greater good of person-hood. This little girl survives and she survives in us all."

## King Twins Visit Iuka Pilot Club

The Iuka Pilot Club was recently treated to a visit from Oxford's well-known King Twins: authors, public speakers, and recently-turned rappers. The delightful sisters, Margaret and Katherine, entertained club members with stories and "rap songs" of their own creation. They recorded their infamous escapades

in 1950s Oxford in their first two books: Y'all Twins? (2012) and Which is Which? (2013). Their adventures have been well-known ever since they climbed on back of William Faulkner's wooden buggy as little girls and have even caught the attention of the film industry. Their third book, Our Josephine tells not only their own stories but also tales of their grandmother's caretaker, Josephine Sanders. "This book takes place pre-Civil Rights," Katherine said. "Things were boiling over then. We were at the cusp of an explosive time."

Margaret explains how she and her sister didn't fully understand the way things were and how they were changing at the time. "Josephine had to walk behind us on the sidewalks and we would look behind us constantly asking her to join us up front," Margaret said.

"We loved her so."

The Twins vividly remember Josephine having to explain the state of race relations in the 1950s to the girls, even though Josephine was only 16 herself. "I remember walking up to the colored fountain," Margaret said. "I thought I might get color-

ful flavored water. It never occurred to me then that that was segregation."

A copy of Our Josephine has been donated to the Iuka Library and will be available for checking out soon.

The first baseball games of the year coming up quickly. The first one is a classic away game this weekend, February 27-28. The next is an away game against Kossuth on March 3rd. Good luck to all our TC baseball players!

Tennis season is also in full swing. Their first match is also February 27th and is a classic held at Corinth. Their next is home against Moore-

ville on March 3rd. Good luck to all our tennis players!!!

Drama is working very hard in their spring production, High School Musical! I encourage everyone to come out and see this amazing play on opening night, which is March 26th!!! If you can't make it, there will be two more showings. One on March 28th and another on March 29th.

I would like to congratulate the TCHS Academic team for doing so well at their competition at Mississippi College. The quiz bowl team won first place in their division!!! The members of this team

are Connor McRae, Jacob South, Veronica Shea, and Abby Lomenick. They also had three students received scholarships!!! These students are Connor McRae, who received a \$4,000 scholarship, Abby Ozmint, who received a \$2,000 scholarship, and Abby Lomenick, who received a \$2,000 scholarship. Congratulations to everyone who took part in this competition!!!

The Academic Team also has an upcoming bridge competition, and I would like to wish them all good luck!

If you have yet to buy a yearbook, please do so quickly! Especially if you are a senior! This school year is dwindling and I'm sure everyone has made some wonderful memories. If you want a way to look back and remember your times at TC, please see Mrs Taylor in the library and purchase your yearbook for \$60.

## LOOK WHAT A FARM BUREAU MEMBERSHIP CAN DO FOR YOU

A Farm Bureau membership is a valuable investment. Since 1922, Farm Bureau has served effectively as a united Voice for Agriculture and the state's rural population, while providing an array of educational and economic services available only to its membership.

For a Farm Bureau membership to provide its full potential, the member must take advantage of the programs and services offered. Many are free, while others are provided at tremendous savings or at extremely competitive costs.

Simply becoming a member activates some benefits, while others require some initiative by the member. To gain the maximum potential of a Farm Bureau membership, the members should examine all that is available, ask questions, and then take advantage of those with the most benefit to that member.

## Rep. Randy P. Boyd Honored at Appreciation Luncheon

Supporters of Mississippi State Hospital (MSH) and Hudspeth Regional Center recently hosted an appreciation luncheon for the state's legislators at First Baptist Church in Jackson. Representative Randy P. Boyd, District 19, Itawamba, Lee and Tishomingo Counties, was one of the attendees. The legislative appreciation event is an annual program hosted by Friends of MSH and Friends of Hudspeth Center. The volunteer organi-

zations are dedicated to raising funds and awareness for their respective programs and those Mississippians served through them. Employees, volunteers, advocates and other members of the Friends groups hosted the event in order to thank lawmakers for their work in the legislature and for their continued support of the Mississippi Department of Mental Health. MSH, a program of the Mississippi Department of Mental Health, was founded

in 1855 and facilitates improvement in the quality of life for Mississippians who are in need of mental health, chemical dependency or nursing home services by rehabilitating to the least restrictive environment utilizing a range of psychiatric and medical services that reflect the accepted standard of care and are in compliance with statutory and regulatory guidelines. The hospital is accredited by the Joint Commission.

## American Legion Post 15 To Establish Auxiliary

Post 15 for years has not had a woman auxiliary; at least no one has ever remembered one being associated with Iuka's American Legion Post. Since the Post has grown over the years to its present size, one hundred and forty (140) members, the leadership of the Post has decided, "now is the time!" to establish one.

Founded in 1919, The American Legion Auxiliary has nearly 1 million members from all walks of life. The Auxiliary administers hundreds of volunteer programs, gives tens of thousands of hours to its communities and to veterans, and raises millions of dollars to support its own programs, as well as other worthwhile charities familiar to Americans. It is all accomplished with volunteers.

While originally organized to assist The American Legion, the Auxiliary has achieved its own unique identity while working side-by-side with the veterans who belong to The American Legion. Like the Legion, the Auxiliary's interests have broadened to encompass the entire community. The American Legion Auxiliary is the world's largest women's patriotic service organization. Through its nearly 10,500 units located in every state and some foreign countries, the Auxiliary embodies the spirit of America that has prevailed through war and peace. Along with The American Legion, it solidly stands behind America and her ideals.

## House Turns Focus to Budget Matters

### Week of February 16, 2015 Summary

This week, members of the House turned their focus toward budget matters, with both the Appropriations and Ways and Means committees very active. The Appropriations Committee deals with spending the state's money and is charged with designing the Fiscal Year (FY) 2016 State Budget, which begins July 1. The Ways and Means Committee focuses on sources of state revenue. This committee crafts bills used as vehicles to fund the government. Early projections suggest the budget for FY2016 will be close to \$6 billion.

The Ways and Means Committee passed several bills out of committee and onto the House floor, including:

--House Bill 38 (HB38) authorizes the issuance of bonds to provide funds for the Small Municipalities and Limited Population Counties Fund. This allows counties under populations of 30,000 and cities under populations of 10,000 to apply for grants with the Mississippi Development Authority (MDA) of up to \$250,000 a piece.

--House Bill 155 (HB155) increases the historic property income tax credit from \$60,000 to \$100,000 and extends the time taxpayers may be eligible to receive it through 2030.

--House Bill 216 (HB216) freezes the assessed valuation of a person's home (ages 65 or older or totally disabled) as long as they live in that house and do not increase the value of the home through renovations.

On the House floor Wednesday and Thursday, House members first addressed Special Funds Appropriations bills and then moved to tackle General Funds Appropriations bills. Special Funds are amounts set aside in separate accounts in the State Treasury for specific spending purposes. This money is typically generated from fees and licensing expenses collected by agencies, and also includes federal funds available to agencies. General Funds are state revenues that are not restricted to specific spending purposes. General fund money is, for the most part, collected through taxation of individuals and businesses.

The amounts appropriated to each agency were determined based on agency needs, not what the agency already had in its coffers. The deadline to address these bills is February 25 at midnight.

During the presentation of the first Special Funds bill, an amendment was adopted to authorize a pay raise for employees of state agencies who have not had a pay raise since 2011. This amendment, which was also adopted for each additional appropriation bill, allows agencies to provide the raises, within their authorized budgets, up to five percent. Adoption of this amendment does not increase expenditures from the General Fund, and it will apply to all state agencies, not just those funded through Special Funds.

## Warm Appreciation for a Job Well Done

The TCEPA employees were surprised Thursday afternoon by the employees of First American National Bank serving hot homemade soups and sandwiches to the staff and crews. Often times we forget that when the weather is worse, the crews of TCEPA are right out in the middle of it, having to brave the cold, dark and hazardous conditions to restore our power. With over 1200 miles of power lines to maintain and 'run' and almost 9000 homes and businesses affected by the strong bitter blast, it's not always an easy or quick fix; especially when the freezing winds weigh down trees and power lines in the most isolated of areas. The staff of First American recognizes the extraordinary efforts and dedication of our utility workers and for this we say "Thank you, well done!"

CONGRATULATIONS to Maggie Moore! This beautiful girl is our Cat Of The Month at Iuka Animal Clinic. This is what her owner Lori Moore has to say about her: "Her favorite things to do are eat, sleep, & bird watch. She also enjoys playing with her toys-especially the laser light." Join Dr. Perkins & staff in congratulating Maggie as our Cat Of The Month.

Dental disease can cause other health problems in pets just like it does in humans. It can also be very painful and pets have a hard time eating like they should. Call us and schedule a dental for your pet today to promote better health and well being.
