## Bill Signed Allowing Change to Tish. Co. Water District Structure

Pamela McRae

Governor Phil Bryant has signed a bill that will allow for restructuring of a water district in the county with a recent survey of customer dissatisfaction.

HB 1680 will take responsibility for appointing board members of the Tishomingo County Water District (TCWD) away from the Tishomingo County Board of Supervisors, and allow elected board members that can dissolve the water district or make other business decisions with just a majority vote.

According to the Mississippi Legislature website, HB 1680 was signed by the governor last week. The election is to be the second Tuesday in November this fall, and every four years thereafter, with board members being elected at-large by all the meter-holders in the system. It does not outline any qualifications for board members, or outline the format for the election.

One board member said that none of the current TCWD board members knew about the local-and-private bill until it was on the governor's desk to be

signed.

### Background

In recent months, a few, but vocal number, of the 920 customers of the Tishomingo County Water District (TCWD), which generally covers rural and lake areas east and northeast of Iuka, have been dissatisfied with bills that have been higher than normal. The District board instituted a rate hike on both the minimum usage and the cost per additional gallons late last summer, after its supplier, the city of Iuka, doubled rates on water it sells to the TCWD. Water cus-

tomers have complained at public meetings of bills that were often more than doubled, even for households with just one or two users, due to leaks in the system that have become a significant issue with the increase cost for the Iuka-supplied water.

In response to the higher bills, TCWD customers have attended board meetings, spoken to Public Service Commissioner Brandon Presley at more than one town-hall style meetings, and urged the current TCWD board to do something about the reported high percentage of

water loss that board members claim is a major problem.

At the town hall meetings, Public Service Commissioner Presley has informed water district customers that he has no jurisdiction on management or rates of water districts (which are organized differently than rural water associations), and of which there are just 10 in the state. Presley explained that the District commissioners or board

## School Board Approves Re-Hiring of Most Teachers

Pamela McRae

The Tishomingo County School Board met Monday night and approved re-hire lists of certified personnel (teachers), and heard the superintendent's report of current financial issues in the District.

A complete list of re-hired and newly hired teachers will be posted in August.

Superintendent Christie White and Financial Director Beth White reported that the district is still on budget, and have taken many steps recently to keep the district "in the black" and stay out of the red. White said that the administration has been very conservative in their decisions, and that the difficult actions they have taken are helping.

"It looks better than we previously projected, and some

depends on the TVA (in lieu of money the county gets in June," said Holly.

The District took a huge step in recent weeks when it let go of all non-certified personnel in order to cut costs. They have confirmed that a limited number of those positions will be re-filled.

Holly told the board that Joel Robertson, her, and Beth White had met last week with Representative Bubba Carpenter, who delivered information on how much funding the district would get from the state, and referenced an email from Legislative leadership that the schools were "getting more than they had ever been given for education" this year.

Carpenter listened as Holly and White explained that regardless of what the legislators have been told, "much of that

money is not getting to Tishomingo County."

She explained that many of the legislative mandates like the "third grade reading gate," and teacher pay raises take up the money that the individual districts can actually use for things they need.

White pointed out that the District is getting about the same funding as in 2007, but with many more mandates and earmarks, as well as additional students and teachers to pay for.

At the board meeting, Holly reported that the District will have meetings to discuss several ways to deal with a recent attorney general decision that public employees can not be paid

## Allen Stepping Down as NEMCC President

At the regularly scheduled Board of Trustees meeting this month, Northeast Mississippi Community College president Dr. Johnny L. Allen asked for and received support from the Board to retire from service to the college effective June 30, 2015.

"The college is in top financial shape and have building projects going on, we all have to decide on a time to retire," said Jack Ramsey, of Iuka, Chairman of the Board of Trustees. "Now is a good time as any, and he chose to retire."

Allen, 60, was named the ninth president of Northeast in 2004. Previously he served as vice president of instruction and student services (2003-04), dean of instruction and vocational-technical director (1990-2003) and as an instructor of agriculture and natural science (1982-1990). He began his career in education as an agriculture education teacher at Alcorn Central High School

(1978-82).

Allen, one of only two alumnus of Northeast to serve as its president, led with an unmatched commitment to the students, faculty and staff of Northeast and to the fiscal credibility of the institution.

Under Allen's leadership, the college opened campuses in Corinth and New Albany and completed several construction and renovation projects on the Booneville campus, the highlight of which was the comprehensive student services center, T. Jack Ramsey Hall, named for the current Board chairman.

Allen has been married to the former Christi Cartwright of Booneville for 38 years. They have two children; Jessica Morris and John Jr. They are the proud grandparents of Laura Kate Morris.

The executive committee is starting to look at the process of selecting the next leader of Northeast, said Ramsey.

## Water Board, *continued from front*

members are appointed by the Tishomingo County Board of Supervisors on a rotating basis – just one rolls off and a new appointment made each year or so. So the water customers don't directly elect board members, as they do in rural water associations, says Presley. The only legal way for the current District board to change is for a unanimous vote of all the board members to dissolve, according to Presley.

So, unable to elect or vote out board members, and frustrated with how long it is taking TCWD to fix leaks in the aging system that allow the (now more expensive) water to leak at higher than acceptable rates, TCWD customers have been pressuring the Board of Supervisors.

At some of the meetings PSC Presley said to either talk to the Supervisors, or have your representative pass a law changing the governance of the system.

The County Board of Supervisors provided Rep. Bubba Carpenter with a unanimous resolution to present a local and private bill requesting the district board be elected instead of under their jurisdiction, said Carpenter.

With the change allowed in the newly passed law, a new board could vote to dissolve the cur-

rent system with just a majority vote of a quorum present.

Presley has said that one option is to have the city of Iuka take over the system, but that comes with its own set of issues.

"If we abandon the current system and let the City of Iuka take over the operation, running and management of it, we would have absolutely no voice in the running of the system because we can't vote for city officials," ex-

plained TCWD customer Harold Lomenick, who is against such action. Most of the system is far outside the city limits of Iuka.

"Furthermore, they have their hands full with what they have, and have the many of the same issues with their aging system; I don't think they are capable of taking over our system and doing any better than what we have," said Lomenick.

## Pets of the Month Traveling Through

CONGRATULATIONS to Monty, Winston, Murphy, & Porter Becton! These handsome fellows are our Pets Of The Week at Iuka Animal Clinic. This is what their owners (Sharon & Gary Becton) have to say about them: "We are from Roseville, California and are retired so we are traveling. My husband is retired from the military and I am a retired corrections officer from Folsom State Prison. We used to travel by Corvette & stay at the Marriott but now with our boys we travel by trailer so they can be with us. We bought the trailer last June and headed north & took in several states along the way. We are now heading east and are going as far as Maine. We are meeting up with friends and family along the way. The boys enjoy traveling with us. They each have nicknames: Monty (Baby Cakes), Winston (W), Murphy (Murph), Porter (Sweet Pea). They get plenty of exercise, enjoy going for

walks and sight-seeing. Monty & Murphy love to play ball and Winston will catch kibble in the air. Porter is very sweet & loving but is a bit solemn and introverted. Murphy also loves laps and isn't choosy about whose lap it is. He is also a sleepyhead. These guys are real joys and we love them very much. We highly recommend Dr. Perkins & staff and getting annuals for your pets!" Join Dr. Perkins & staff in congratulating Monty, Winston, Murphy, & Porter as

our Pets Of The Week.

April is Heartworm Awareness Month. It takes ONE bite from an infected mosquito to give your pet heartworms and can be deadly. This can easily be prevented using a monthly preventive or a single injection every 6 months.

Call Iuka Animal Clinic (Perkins & staff) @ 662-423-3470 for all your pet needs where 'Pets Are Family, Too'. Also check us out on Facebook.

## MS Teacher Awarded Program Academic Scholar From ASU

Risa Smith, special education teacher at Iuka Middle School and graduate student at Arkansas State University, was selected by her professors from the Specialist in Educational Leadership program to receive this year's Program Academic Scholar Award. Students are academic accomplishments through graduate studies. Each spring in April, these outstanding students are recognized at a Convocation of Scholars Ceremony held on the ASU campus in Jonesboro, Arkansas. It was an honor to be selected

for this award from such a large number of students from all over the United States.

Risa, her husband, Alan, and Josh and Laci McClung were in attendance for the event. Mr. McClung, principal of Iuka Elementary School, is Risa's mentor for the program. Dr. Mitch Hollifield, Risa's advisor and one of her professors from the program, was also in attendance for the ceremony.

Risa has both a bachelor's and a master's degree from the University of Mississippi. Risa is the mother of Veronica and Alli Claire Smith. Her parents are Mack Loyd and Jeanette Wadkins.

### Brewster Pitches First Pitch for Autism Awareness

As part of Autism Awareness Day last Thursday, Everett Brewster threw out the first pitch of the game during the Itawamba game.

He is pictured here with his brother, TC sophomore Wheeler Brewster, who plays for the Braves. It turns out that Everett is one of those pitchers who wind up and pitch faster than any photographer can actually capture on film!

Fans at the Braves game turned out in blue and white "Team E" shirts in support of Everett's family's campaign to have a service dog trained to help him.

## Spring Revival At Bethel

Bethel Missionary Baptist Church on Woodall Mountain Road will be having a Spring Revival April 20<sup>th</sup>-25<sup>th</sup> at 7 p.m. Bro. Steve Hart will be the guest evangelist. There will be special music nightly.

Homecoming services will be held on Sunday, April 26<sup>th</sup> at 10:30.

## Snowdown Cleaning Day

Cemetery cleaning day will be April 25<sup>th</sup> this year. If you can help, please bring tools and be here at eight o'clock. All OLD flowers will be removed. Wind blew many flowers off the graves and we have no way of knowing where they belong. These flowers also be removed.

Come and check your graves and pick up any flowers that you want to keep before April 25<sup>th</sup>. In case of rain on April 25<sup>th</sup>, we will reschedule for May 2<sup>nd</sup>. Lunch will be served to all workers. Please help us make this day a success.

If you can contribute to the endowment fund for the cemetery, only the interest can be used, please send your contribution to Shirley Whitehurst, 79 CR 989, Iuka, MS. Cemetery Committee agreed to cut the cemetery maintenance times each year from interest on the endowment fund, thus allowing the endowment fund to grow, but we don't know how low interest rates are now, so it is not increasing much.

If you prefer your gift be used this year, just send it to Bobby G. Johnson and maybe we can cut it six months. Bobby's address is 26 Snowdown Road, Iuka.

Hope to see relatives of everyone who is buried at Snowdown Cemetery on April 25<sup>th</sup> or if we have that day, see you on May 2<sup>nd</sup>.

## Great Truths In Small Packages (part XXV)

Jude verse 8 says, "Likewise also these filthy dreamers defile the flesh, despise dominion, and speak evil of dignities." The word "dignities" is literally the word "glories", meaning that the filthy dreamers are even so bold as to speak against angels, with that idea being supported by Jude verse 9. That verse says, "Yet Michael the archangel, when contending with the devil he disputed about the body of Moses, durst not bring against him a railing accusation, but said, The Lord rebuke thee." The point is that these filthy dreamers count nothing sacred, not the human body, not God ordained dominion and not even God's angels. Michael is the only angel who is called "the archangel". Satan was called "the anointed cherub that covereth", according to Ezekiel 28:14, so he seems to

have had a higher position than Michael before his fall when he became Satan. At any rate, Michael did not consider his position as being that of rebuking the devil, even when the devil was wrong and no longer had a higher position than Michael. (By the way, the only angels named in the Bible are Gabriel, Michael and Lucifer, who became the devil.) Michael resorted to the authority Who is higher than all authority: the Lord, and asked that He rebuke Satan. So, it is not likely that we should run around "rebuking Satan", as some are supposedly doing. Yes, we have power over Satan in Christ, but it seems to be God's job to rebuke him!

We do not know anything about the dispute that Michael and Satan were having concerning the body of Moses, so there is no real need to speculate on the content of that argument. We do

know that God buried Moses body in the land of Moab, as is recorded in Deuteronomy 34:5-6. Yes I am aware of the non-canonical books that tell us more about Moses, Jesus' infancy and a host of other things. In fact, I have copies of most of these books in my library, such as the supposed lost books of the Bible; the Apocrypha; the Pseudepigrapha etc., but I put no stock in these, outside some historical value, for they do not agree with the 66 books of the Bible! Moreover, many of their stories are so far-fetched that a third grade child would see through them! So, we will leave it at that concerning Michael's contention with the devil!

Jude verse 10 says: "But these speak evil of the things which they know not: but what they know naturally, as brute beasts, in those things they corrupt themselves." It is not hard for any of us to "speak beyond our intelligence", at least to say something that lets others know that we are speaking of things we do not understand. Jude is saying that these filthy dreamers were good at criticizing people or positions

about which they were ignorant! Someone has said, "It is better to keep your mouth shut and be thought a fool, than to open it and erase all doubt." All of us could gain from that admonition! One of my professors told our class of ministerial students: "Sometimes the wisest thing you can say is: 'I do not know'." I have repeated those words many times in 53 years of ministry! The interesting thing about the filthy dreamers of whom Jude wrote is that they defiled themselves in the things they knew by nature. Jude said that these were the things that even brute beasts know. Even since our world became "smart enough" to teach that we came from monkeys, we have been seeing more defilement of the natural body. I wonder why? If we are little more than apes, then perhaps it does not matter what we do with the body, but if we are the creation of God, which I firmly believe, then it matters a great deal!

### LEGAL NOTICE TOWN OF TISHOMINGO NATURAL GAS SYSTEM

The local gas system for the Town of Tishomingo will be enforcing its "Dig" requirements in 2015. Since most natural gas accidents result from construction or excavation close to gas mains, it is important that anybody who does any digging, construction or excavation first call "811" to get your under-

ground utility lines marked for free. This helps prevent undesired consequences.

For home dwellers, natural gas is not dangerous unless it is "loose" in your home or business. Our gas operators put an odorant in the gas so you can detect if gas is leaking. This is for your protection. If you smell gas in your home or business, leave the premises and contact the Town of Tishomingo. The number to call is 662-438-6302 days or 662-279-6002 nights.
