Former Iuka & TCHS Baseball Legend Takes Helm for Tiger Baseball

Richy Harrelson was chosen as the twelfth headman of the Northeast Mississippi Community College baseball Tigers since the program was reinstated in 1961 following a brief hiatus. He replaces Kent Farris, who was recently promoted to athletic director over Northeast's nine sports teams.

"We're proud to have a person already within our ranks to step up and take the head position," said Northeast President Ricky Ford. "Richy has a strong commitment to our college and that was very important to us. He has the experience and knowledge to take us to an even higher level than we already are."

Harrelson takes over a squad that has been one of most prosperous in the state since the turn of the century. The Tigers have qualified for the postseason nine times in that span and is one year removed from hosting the Mississippi Association of Community and Junior Colleges (MACJC) State Tournament.

"I'm very humbled and honored," Harrelson said. "Northeast is a great place to be and I can't wait to get started. I'm looking forward to taking us as far as we can."

"What we're wanting to do is get on the dance floor every year. That's the goal is to get into the playoffs. If we can maintain that then we're going to have

great success here."

The Tigers have remained a consistent threat inside the rugged MACJC since Harrelson's arrival before the 2008 campaign. Northeast notched a 32-18 record that year and advanced to the National Junior College Athletic Association (NJCAA) Region 23 Tournament.

He returned to Booneville in 2012 after a three-year stint at the University of Southern Mississippi. Harrelson picked up where he left off prior to his temporary departure and guided the Tigers to a berth in the MACJC State Playoffs.

Northeast captured its first MACJC North Division championship since 1992 the next campaign with Harrelson in the dugout. The Tigers surpassed rival Northwest Mississippi Community College for the title and later won its first round postseason series at home.

Harrelson continued to help Northeast rewrite its history last season when it earned the right to host the MACJC State Tournament for the first time under its current format. Over 1,250 fans packed Harold T. White Field for seven games in three days during the double elimination event.

He has been part of 118 victories in five combined seasons on the bench with the Tigers. A total of 36 players have committed to play at NCAA Division I,

Richy Harrelson

II, III or NAIA institutions during that span as well.

Good fortune has followed him in all his endeavors either as a student-athlete or instructor. Harrelson initially received fame during his prep days at Iuka High School and Tishomingo County High School after consolidation, where he garnered the nickname "The Bazooka from Iuka."

His name appears in the Mississippi Baseball Record Book an incredible 23 times for his offensive and pitching prowess with the Chieftains and Braves. He still holds nine state records more than two decades after his graduation.

Harrelson has the most at bats (637), RBIs (262) and

hits (251) in the illustrious history of the Magnolia State. He also compiled the most games pitched (81), starts (71), wins (71) and complete games (56) over his five-year varsity career.

He participated in 242 contests and appeared in 232 consecutive games, both of which remain the top mark for aspiring players to reach. Harrelson lifted Iuka to the 1989 Mississippi High School Activities Association (MHSAA) Class 2A crown as its top hurler.

The Tishomingo County alumnus signed with the University of Mississippi (Ole Miss) and saw time at both third base and pitcher from 1993-96. The Rebels won two Mayor's Trophy matchups over rival Mississippi State University with Harrelson on their roster.

Harrelson was part of the 1995 club that won a then-school record 40 games and grabbed a bid to the NCAA Atlantic I Regional. Ole Miss finished on the verge of its first NCAA College World Series berth since 1972, but placed second behind host Florida State University.

Harrelson, *continued from front*

Rosenblatt Stadium as an athlete, Harrelson was not denied during his coaching stop in Hattiesburg. The Golden Eagles shattered expectations and punched their ticket to the NCAA College World Series by sweeping the University of Florida in the super regional round.

Southern Miss lost to perennial powers the University of Texas and the University of North Carolina in Omaha, Neb., but they returned to the post-season the following season with Harrelson in the first base coaches box by claiming the Conference USA Tournament championship.

Harrelson's initial stops as a coach were at Hillcrest Christian School and Lafayette County

High School. He led the Commodores to the 2006 MHSAA Class 4A title.

He also accepted the opportunity to compete in the prestigious Cape Cod League in Massachusetts during the summer of 1994 and spent one year as a professional in 1997.

"The number one thing that we're going to do with our guys is have fun," said Harrelson. "We want to try to create something within two years that these players will remember for 40 years. That's what it's all about is relationships."

Harrelson and his wife Hope have two children, Gage and Mary Cille. His dad and mom, Jerry and Lana, also live in Booneville and are avid supporters of Northeast.

King Twins Visit Iuka Red Hat Society

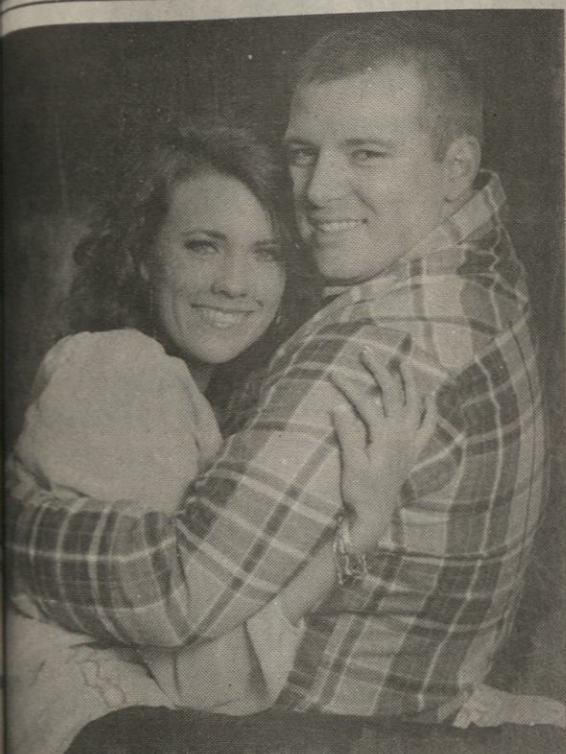

Jo Russell, center, with the King Twins

The Magnolia Red Hat Society was recently treated to a visit from Oxford's well known King Twins. Shown with the "Twins" is hostess Jo Russell, who arranged their visit. Other hostesses for the luncheon were Pat Nichols and Quay Switcher at the Homestead Restaurant on May 12th.

The "Twins" are authors, public speakers and recently - turned rappers. The delightful sisters, Margaret and Katherine entertained

the "red hatters" with stories and "rap songs" of their own creation. They have written three books: "Y'all Twins?" and "which is which?" These books capture their childhood and later life adventures. Their latest book "Our Josephine" is their story of their grandmother's caretaker in the pre-Civil rights time and their relationship with her.

Approximately twenty-five "Red Hatters" enjoyed their visit.

My Little Girl

By: Tim McGraw

Gotta hold on easy as I let you go.
Gonna tell you how much I love you.
Though you think you already know
I remember I thought you looked like
An angel wrapped in pink so soft and warm.
You've had me wrapped around your finger

Since the day you were born.
You're beautiful baby from the outside in
Chase your dreams but always know the road
That will lead you home again.
Go on, take this whole world, but
To me you know you'll always be...

My Little Girl

We couldn't be more proud of the
Beautiful person you have become.
Stay close to God, He's gonna do
Great things for you!

Love you more than you'll ever know Makayla Johnson.

Pet of the Month

CONGRATULATIONS to Jyp Frick! This sweetheart girl is our Dog Of The Month at Iuka Animal Clinic. This is what her owners (Jamie & Johna Frick) have to say about her: "My name is Jyp and I love to play with my big brother Jax. I like to sleep under his bed and stay by his side. My favorite food is anything I'm not supposed to have!" Join Dr. Perkins & staff in congratulating Jyp as our Dog Of The Month. DID YOU KNOW?? Only about 3 out of 10 puppies and kittens are able to find good loving homes. That means that the rest are euthanized or live their lives as strays dropped off fending for their lives. Call and schedule an appointment today with us to have your pet spayed or neutered so that you are not contributing to over-population. This also contributes to the overall health of your pet.

Call Iuka Animal Clinic (Dr. Jim Perkins & staff) @ 662-423-3470 for all your pet needs where 'Pets Are Family, Too'.

2 Local Athletes Complete Ironman 70.3

Shane Carman and Tommy Bonds completed the Inaugural Ironman Chattanooga 70.3 Triathlon Sunday May 17, 2015 along with over 2200 professional and age group athletes. The 70.3 triathlon consist of a 1.2mi swim followed by a 56mi bike ride and a 13.1mi run. The Chattanooga course was a challenging short 1/4mi upriver swim followed by nearly 1mi downriver in a choppy and cool 71* Tennessee River. The athletes then set out on a 56mi bike ride that took riders 11mi south of Chattanooga offering spectacular views of Lookout Mountain before beginning a rolling 34mi loop in Georgia and returning back into Chattanooga for the run transition. The 56mi bike course had approximately 2400 feet of elevation gain. After completing the swim and bike the runners then set out on a 13.1mi run which offered a chance to see the Scenic

City as runners completed 2 loops through downtown Chattanooga. Total elevation gain for the run was around 800 feet but was very tough due to the short but steep elevation changes experienced on the course.

Shane completed the course in 6:38:10 finishing 229th in the 40-44yo division and 1592nd overall out of 2213 athletes. He was really proud of his bike split of 18.35mph average. Going into the race he expected to ride around 17mph. Shane stated "Since swimming is my weakest event, my strategy was just to complete the swim in the allotted 1 hour 10 minute time period in order to continue the race. I felt as if I was strong enough on the bike to pick up some valuable time since I'm not a strong runner. Once I started the run it was all about gritting my teeth, ignoring the pain, and to just keep going. There were a few words that continued

going through my mind that truly helped me get through it all. As Tammie Crocker encourages all the kids at sporting events, I would tell myself "you got dis".

Tommy completed the course in 5:21:30 finishing 76th in the 40-44yo division and 463rd overall (top 20%). Tommy's strategy going in was to survive the swim with a decent finish time below 50min, then pass as many as possible on the bike and run which are his stronger 2 legs of the race. Tommy stated, "I was able to pass 1395 other athletes on the bike and run averaging 21mph on the bike and a run pace of 8:06/mi. My bike was right where I wanted it to be finishing the 56mi ride in 2hrs 40min but my run was a little slower than normal. I experienced crippling calf cramps in the swim due to the cold water which carried over into the other events making my transition from swim to bike a slow 8mins

Shane Carman and Tommy Bonds

50sec due to the inability to walk and the need to rub out the muscles. I also had a very close call biking accident at the mile 45 nutrition station resulting in a

bruised quadriceps muscle that caused some pain on the remainder of the bike and the run." Tommy used a quote very fitting to this event and one that

we should all remember. "No matter what accomplishments you achieve, somebody helped you." - Althea Gibson

Children's Book Author Donates to The Little Church

Sue Carlton Swinson, Lubbock, Texas has donated 50 copies of her children's books to help The Little Church in downtown Iuka, Mississippi. Her beautifully illustrated books normally sell for \$16.95 at Amazon. As a gift to the people of our community, Sue donated each copy and that they be sold for \$10 each with all of the money going directly to restore and paint The Little Church.

A few years back, Sue Swinson came to Iuka to see her aunt, Billie Burke, whom she had never met. During that time, Billie Burke took her to The Little Church in downtown Iuka and told her the story of how in 1985 citizens of Iuka purchased the church from the Episcopal Diocese while it was in the process of being disassembled for a move to Water Valley, Mississippi which was its church to a torn-down building in 1984. Billie went on to tell her niece of the church's award winning restoration and its nomination and placement on the National Register of Historic Places.

Sue got wind of the church that Iuka Heritage, Inc. maintains. The church, was trying to raise funds to get a paint job on the church and they contacted the non-profit with the book selling. "The Little Church inspired my spirit deeply," Sue says. "When you enter it seems to whisper history and the world away."

Mrs. Swinson is a teacher and librarian, who also taught children's Sunday School for 17 years, tutored reading, taught piano and produced school plays and programs over the years. She knows how to communicate with children and is fulfilling a lifelong dream of publishing stories that communicate with and capture the attention of young, impressionable readers.

Sue is exacting in her storytelling and places an equal emphasis on having superb illustrations in her colorful books. She works with Linda Shaw, an illustrator from Ohio, and these two ladies consistently publish high-quality books that are destined to entertain and adorn childhood memories throughout many a lifetime.

Mrs. Swinson states that she has donated books to other causes in the past, but never this many copies. "These books are strictly a donation to you, the people of Iuka," she says, "I love that Little Church!" When board members of Iuka Heritage, Inc. expressed their appreciation for her generosity, Mrs. Swinson replied, "If my feisty Aunt Billie can see to it that this special place is not destroyed, I am honored to participate in its restoration."

Please step up and purchase these outstanding children's books and help preserve a sacred part of our community history. The books make excellent gifts for the small children in your family. And you might also consider purchasing copies to donate to the Friends of the Iuka Library who are always in need of quality children's books for the many library-related programs they support.

You can purchase Mrs. Swinson's books in Iuka for \$10.00 each at Opal Lovelace's Shop on Eastport Street (look for the yellow doors), at Pray Pottery on Fulton Street, at The Hairport on Battleground Heights and at the Iuka Public Library on Main Street. If you have trouble finding a copy email iukaheritage@gmail.com - all the purchase price goes directly to paint and maintain The Little Church - visit www.TheLittleChurch.org

Great Truths In Small Packages (part XXX)

While we are living on earth as Christians, we have a job to do for the kingdom of God; it is the job of seeking to bring others to Christ and helping fellow believers. Jude verses 22-23 say, "And of some have compassion, making a difference; and others save with fear, pulling them out of the fire; hating even the garment spotted by the flesh." These are not the easiest verses in Jude to understand, but at least we can understand that we are to have compassion on others. The likely group of people needing mercy here are those who have been af-

fectured by wrong teaching of apostates (those who have rejected truth after having first claimed to believe it). Perhaps some who had heard the false teaching of apostates had not yet embraced those teachings, so they could possibly be rescued by the compassionate believer who had his feet securely planted in truth! (It seems to me that Hebrews 6:1-9 shows both those who have embraced apostasy and those who are real believers, with verses 1-8 being the apostates, and verse 9 being the true believers.)

Jude verse 23 indi-

cates that there were some who may not have gone as far as the actual apostates, thus they might be rescued by those who were firm in the faith. The true believer is admonished to be fearful, lest he be swayed by the false teaching that was being embraced, at least to some degree, by those who had heard the teaching of the apostates. To rescue these would be equivalent to "pulling them out of the fire", like a last-ditch effort on the part of the true believers. Jude admonished those truly saved to hate even the "garment spotted by the flesh". This is evidently a symbolic use of the word "garments", to show that everything that had been tainted by the ungodly lifestyle and teaching of the apostates and their students was to be hated. II Peter 2:19-22 also gives a

picture of the apostates who promised liberty to their hearers, yet were themselves bound by the chains of their own sins. Dear friends, God has never tolerated sin, not in the lives of believers or unbelievers, so those who say they are saved and thus at liberty to do whatever they please are deluded concerning what the Bible teaches about sin and the stains it leaves! Nobody, and I do mean nobody, has a right to commit any sin, much less to live a lifestyle of sinful actions! When people love sin, they do not love Christ, at least not to the degree that they are willing to give up sin for His name's sake!

V.B.S. at Highland

Highland Baptist Church will have a "one day" Vacation Bible School on May 30th for pre-school through 6th grade children. The program begins with registration at 9:30 am, ending with a program at 3:30 pm. A cook-out to follow the program. Our theme is "Journey Off The Map" and the VBS Scripture is taken from Isaiah 30:21: "And whenever you turn to the right, the left, your ears will hear this command behind you: 'This is the way. Walk in it.'" Journey Off The Map VBS program will help teach your kids that obeying God can lead them beyond the expected. So join us and prepare to listen for God's direction on a journey that is unknown to us, but known by Him. The church is located 1/2 mile north of the Tishomingo Park entrance at 140 County Road 87 in Denning. So please bring your children out for the VBS program and feel free to join us for the program and cook-out the end of the day. For more information contact Gattis at 662-279-4286 or Bro. Memorial Day Services to be Held at Shiloh National Military Park

Shiloh, TN – Shiloh National Military Park will be hosting the traditional Memorial Day observance ceremony at 11:00 a.m., on Monday, May 25th, 2015, at the Shiloh National Cemetery. This time honored service, one of the oldest in West Tennessee, will be reflective of past ceremonies with large scale active participation of local citizens.

"We invite everyone to attend the Memorial Day service and to reflect upon the price paid by our armed forces, both past and present, to secure the blessings of freedom and liberty for us all. Let us also remember the families of these national heroes, who likewise have made great sacrifices for our country," stated Park Superintendent Dale Wilkerson.

This year's service will be preceded by the Savannah Dixieland Band, who will perform musical selections starting at 10:30 a.m. inside the gates of the Cemetery. The public is invited to arrive early and enjoy the patriotic music presented by these local musicians.

Following the National Cemetery service, there will be a Memorial Service held at the largest of the Confederate mass burial sites to recognize the military service of Confederate soldiers engaged in the Battle of Shiloh. The location of this ceremony will be adjacent to park auto tour stop #13, with services beginning thirty minutes following the conclusion of the National Cemetery service.

Visitors are invited to bring lawn chairs and blankets to provide comfortable seating during the ceremonies. For further information concerning the schedule of activities and events being conducted at Shiloh Battlefield throughout the Memorial Day weekend, please contact the park at 731-689-5696, or visit the park's website at www.nps.gov/shil, or find us on Facebook at www.facebook.com/shilohnmp.

PUBLIC SAFETY EDUCATIONAL ANNOUNCEMENT FROM CITY OF IUKA

LOOK FOR PIPELINE MARKERS

To determine if there are pipelines in the area where excavation is planned, look for pipeline markers at nearby roads, railroads and fences. Don't try to guess the route or location of the pipeline from where the markers are placed. Call the pipeline company toll free at the telephone number shown on the marker at least 72 hours before you dig. They will send a representative to mark the exact location, route and depth of the pipeline at no charge.

Taking the time to Call Before You Dig protects your safety by preventing serious accidents and injuries. It also helps prevent disruption of services and possible delay of your project. What to do if you are digging and disturb a pipeline. Even if you cause what seems to be only minor damage to the pipeline, notify the pipeline company immediately. A gouge, scrape, dent or crease to the pipe or coating may cause a future leak or leak. It is imperative that the pipeline owner inspect and repair any damage to the line.

BUSCAR LOS MARCADORES DE DUCTOS

Para determinar si existen ductos en la zona donde se ha planeado una excavación, busque los marcadores de ductos en carreteras, caminos y vallas ferroviarias cercanas. No trate de adivinar la trayectoria o ubicación de los ductos a partir de la localización de los marcadores. Llame gratis a la compañía operadora de ductos al número telefónico que aparece en el marcador a lo menos 72 horas antes de excavar. Ellos enviarán un representante quien señalará la ubicación exacta, la trayectoria y profundidad del ducto sin cargo alguno. O llame al sistema One Call (Una Llamada) de su área a los números que aparecen en esta página. Así cuando usted cause lo que parecería ser solo un daño menor al ducto, notifique inmediatamente a la compañía operadora de ductos. Cualquier incisión, rasguadura, abolladura o pliegue que se ocasiona al ducto o al revestimiento puede provocar una futura rotura de fuga. Es imprescindible que el propietario de ductos inspeccione y repare cualquier daño a la misma. O llame a su Centro de Una Llamada (One-Call Center) en su área a los números que están en esta página.

IF YOU HIT THE PIPELINE

Take whatever steps necessary to protect the public in the event of a pipeline emergency. The following suggestions are offered as a guide: Secure the area around the leak to a safe distance. This could include the evacuation of people from homes, businesses, schools, and other locations, as well as the location of hazardous materials to control access to the emergency site and similar precautions.

If the pipeline leak is burning, try to prevent the spread of fire but do not attempt to extinguish it. Burning petroleum products will not explode. If the fire is extinguished, gas or vapor will collect and could explode when reignited by secondary fires.

SI USTED ES UN OFICIAL DE SEGURIDAD PUBLICA

Usted sabe que debe tomar las medidas necesarias para proteger al público en caso de una emergencia relacionada a un ducto. Le ofrecemos las siguientes sugerencias con gusto: Asegure el área alrededor de la fuga hasta una distancia segura. Esto podría incluir la evacuación de la gente de los hogares, los negocios, las escuelas, y otros lugares similares, la ubicación de barreras para controlar el acceso a la zona de emergencia y otras precauciones similares.

Si la fuga del ducto no está en llamas, tome las medidas necesarias para evitar la combustión. Esto incluye prohibir fumar, desviar el tránsito y cortar las fuentes de electricidad. Si la fuga del ducto está en llamas, trate de prevenir la propagación del fuego pero no trate de extinguirlo. Los productos del petróleo en combustión no explotan. Si se extingue el fuego, puede haber una acumulación de gas o vapor y estos pueden explotar si un fuego secundario causara su combustión.

PIPELINE COMPANY'S RESPONSE

We will immediately dispatch personnel to the site to help handle the emergency and to provide information to public safety officials to aid in the response to the emergency. We will also take the necessary operating actions such as closing and opening valves and similar steps to minimize the impact of the leak. But, please, public safety personnel and others unfamiliar with the pipeline should not attempt to operate any of the valves on the pipeline. Improper operation of the pipeline valves could make the situation worse and cause other emergencies.

Acciones de la Compañía de Ductos: Respuesta: Enviaremos personal inmediatamente al sitio de la fuga, como por ejemplo, cerrar o abrir válvulas, etc. Para favorecer, en favor, el personal de seguridad pública que no estén familiarizados con el ducto afectado no intenten operar las válvulas de la línea de seguridad, esto puede empeorar la situación y causar otros accidentes.

Students Receive Awards For National Spanish Exam

Congratulations to world language students from Tishomingo County High School who earned national and state recognition for excellent

performance on the 2015 National Spanish Examinations. Students from Tishomingo County High School earned a total of

one silver along with two honorable mentions. "Attaining a medal or honorable mention for any student on the National Spanish Examinations is very prestigious," said Kevin Cessna-Buscemi, National Director of the Exams, "because the exams are the largest of their kind in the United States with over 157,000 students participating in 2015."

Students from Tishomingo County High School have a long his-

tory of high achievement on these exams and were taught by Spanish teacher, Laura Hall.

The National Spanish Examinations are administered each year in grades 6 through 12, and are sponsored by the American Association of Teachers of Spanish and Portuguese.

In addition to the Silver Award, Hannah Kirk also ranked in 9th place on the test among Mississippi students taking Spanish II.

The first class ring was created in 1835 for the United States Military Academy at West Point.

Pomp and Circumstance

The famous tune, "Pomp and Circumstance," created by Sir Edward Elgar, became a graduation ceremony mainstay at the turn of the 21st century, first at Yale University. It was there that Elgar received an honorary degree from his friend, music professor Samuel Sanford. At Sanford's request, the ceremony paid homage to Elgar's various works, and "Pomp and Circumstance" played as the graduates filed out of the auditorium. Other schools (Princeton, Columbia, Vassar, Rutgers) adopted the song and made it part of their own ceremonies, and before long the majority of schools used it as the official processional graduation song.

Parting Words

A college president discovers on his appointment calendar a graduate back to campus for his twenty-fifth reunion. "I just wanted to take a second," said the graduate, "to thank you for the inspirational advice you gave me at Commencement 25 years ago!" "Why, thank you," replied the college president, who, of course, could neither remember the graduate nor what he had said. "But perhaps you could refresh my memory. What did I say that inspired you so much?" At that, the graduate leaned forward in his chair, looked earnestly at the President, and said, "I've tried to live my life by these words: You shook my hand and said, 'Keep moving. Keep moving!'"

Life has a very simple plot: first you're here then you're not."

The design of the graduation head gear, or mortarboard, was inspired by headgear worn by church dignitaries in the 16th century. The caps are called mortarboards because of their resemblance to a masonry tool of the same name. The tassel was added in the 19th century. Protocol requires the tassel to be worn on the right side of the mortarboard until the candidate receives his/her degree, then it's moved to the left.

Diplomas originally were made of paper-thin sheepskin written in ink, then rolled up and tied with a ribbon. Later, they were printed on parchment when paper-making techniques improved.

The valediction is the speech delivered by the graduate with the highest scholastic standing in the graduating class. The speech usually themes on the challenges the students are facing, typically air brushed by youthful expectations of a bright future.

Commencement is the part of the graduation ceremony when the graduates receive their diplomas, walk across the stage, flip the tassels on their hats upon receiving their degrees, and shake hands.

A Bible for Graduation

A young man was getting ready to graduate from college. For many months he had admired a beautiful sports car in a dealer's showroom, and knowing his father could well afford it, he told him that was all he wanted.

As Graduation Day approached, the young man awaited signs that his father had purchased the car. Finally, on the morning of his graduation, his father called him into his private study.

His father told him how proud he was to have such a fine son, and told him how much he loved him. He handed his son a beautiful wrapped gift box.

Curious, but somewhat disappointed, the young man opened the box and found a lovely, leather-bound Bible, with the young man's name embossed in gold.

Angrily, he raised his voice to his father and said, "With all your money you give me a Bible?" And stormed out of the

house, leaving the Bible.

Many years passed and the young man was very successful in business. He had a beautiful home and wonderful family, but realized his father was very old, and thought perhaps he should go visit him.

He had not seen him since that graduation day. Before he could make arrangements, he received a telegram telling him his father had passed away, and willed all of his possessions to his son.

When he arrived at his father's house, sudden sadness and regret filled his heart. He began to search through his father's important papers and saw the still new Bible, just as he had left it years ago. With tears, he opened the Bible and began to turn the pages. His father had

carefully underlined a verse

As he read those words, a car key dropped from the back of the Bible. It had a tag with the deal-

er's name, the same dealer who had the sports car he had desired. On the tag was the date of his graduation, and the words... PAID IN FULL.

Pomp and Circumstance

Also known as "Land of Hope and Glory" was written in Sir Edward Elgar in 1901. The title of "Pomp and Circumstance" comes from a line in Shakespeare's Othello, "Pride, pomp and circumstance of glorious war!" In 1902, lyrics were written by poet and essayist Arthur Christopher Benson to celebrate the crowning of King Edward the VII.

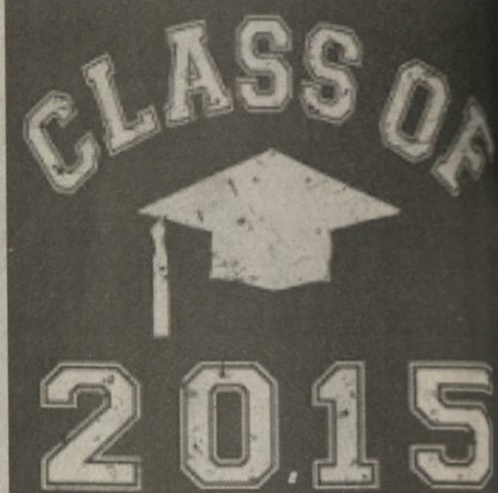

It first became associated with graduation ceremonies in 1905 when Elgar received an honorary doctorate from Yale University and it was played. Other schools such as Princeton and Columbia picked up the tune as well, before it spread to nearly every college and university in the U.S. Today the piece is often played as processional or recessional music for commencement ceremonies across the country. It has become so widely used that it's rare to attend a graduation event without it.

Turning of the Tassel

The use of a tassel adorning a graduation cap only started in the last 40 to 50 years. The tassel was originally designed to decorate the graduates cap during the ceremony but it has come to have symbolism as well.

The gesture of moving the tassel from one side of the cap to the other symbolizes the individual's movement from candidate to graduate. Prior to the ceremony the tassel is expected to be worn on the right. During the ceremony it should be moved to the left side after students receive their diploma. This custom is practiced in educational institutions nationwide.

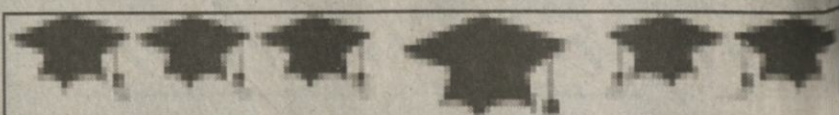

When you attend a high school graduation ceremony this week or weekend look out for all the traditions that are in place. Notice any other school specific customs designed to

celebrate a new chapter in a graduate's life. Congratulations to all the graduates on their accomplishments!

Great Graduation Speeches:

Steve Jobs at Stanford University, 2005

"No one wants to die. Even people who want to go to heaven don't want to die to get there. And yet death is the destination we all share. No one has ever escaped it. And that is as it should be, because death is very likely the single best invention of life. It's life's change agent. It clears out the old to make way for the new. Right now the new is you, but someday not too long from now you will gradually become the old and be cleared away. Sorry to be so dramatic, but it's quite true. Your time is limited, so don't waste it living someone else's life. Don't be trapped by dogma, which is living with the results of other people's thinking. Don't let the noise of others' opinions drown out your own inner voice. And most important, have the courage to follow your heart and intuition. They somehow already know what you truly want to become. Everything else is secondary."

President John F. Kennedy at American University, 1963

"Genuine peace must be the product of many nations, the sum of many acts. It must be dynamic, not static, changing to meet the challenge of each new generation. For peace

is a process — a way of solving problems. With such a peace, there will still be quarrels and conflicting interests, as there are within families and nations. World peace, like community peace, does not require that each man love his neighbor — it requires only that they live together in mutual tolerance, submitting their disputes to a just and peaceful settlement."
