### Lisa Wigginton Asks for Your Support in District 1 House Race

In a few days, on Tuesday, November 3, you will go to the polls to elect people who will be working for you for the next two years. During this campaign, many of you have brought my attention the

and continue to do an excellent job recruiting new industries. I believe we can help them by providing an educated workforce. District 1 contains many good schools with dedicated and hardworking teachers.

ers. Due to the underfunding, these teachers are beginning to see larger class size, outdated technology and lack of resources. This year alone, Tishomingo School District was forced to eliminate approximately 30 teacher assistants.

Much of the focus during this election has been on Initiative 42. With almost 200,000 Mississippians signing the petition to get 42 on the ballot, it is evident that we believe funding education should be a priority in our state. Both 42 and 42A are confusing at best and the rumors surrounding each make it almost impossible to make an informed decision. But the fact remains, our schools need additional funding in order to see

## HAPPY HALLOWEEN!

These Haunted Trail workers will be hard at work scaring hundreds of folks this Friday and Saturday night in Tishomingo. They include, though they may not want to admit it, Luke Carr, Cole Wilkinson, Candace Barry, Beth Bray, Stephanie Parsons, Sarabeth Bray, Davis Powell, Emma McRae, Kylee Barry, Madelyne Griffin, Megan Hester, and Krista Thomas.

### SCARING UP SUPPORT FOR TISHOMINGO

by Pamela McRae

Participants and organizers of the 2nd annual Tishomingo Haunted Trail have been working for weeks to prepare for the successful fund-raiser that has its final two nights this Friday and Saturday nights. All the proceeds go toward athletic equipment for Tishomingo Middle School Teams.

The Trail is the brainchild (scary) of Dana Harlan, who lead the Bull-

dog Boosters last year, and was convinced to lead them this year,

as well, by TMS parents and administrators, even though her son, Cole Wilkinson, has started at Tishomingo County High School this year. She did an incredible job raising funds for the small school's athletes. "She has really made a difference, and pulled people from all over the community together for a common goal," said

### Jeff Holt Asks for Your Vote in 4th District Race

To the voters of the 4th District Tishomingo County: First, I would like for each of you that voted for me during the primary election, that I truly appreciate you. Your vote allows me to be your democratic candidate in the November General Election. It has been a long time since qualifying time and I have tried to make sure I talked to each of you during that time. If I've missed any of you, let me ask now for your support. I appreciate all who have stood by

me during the summer and gave me your vote in August. It is now time to make your final choice, and I would like for you to vote for JEFF HOLT once again. As we come to a close, every candidate has had a chance to share their ideas about what needs to be done, and how they want to serve you. I've worked hard to get the word out to you that JEFF HOLT

Principal Cliff Nunley. "She gets students from the high schools, parents who may not have ever been involved before, aldermen, and a lot of us teachers and staff. She organizes it, and keeps us all working toward the goal."

During Halloween, haunted houses and other exhibits are very popular, and teens and families will travel to be scared for a few dollars. The Bulldogs benefited in the thousands of dollars from last years fund raising efforts, including the Haunted Trail. And it helps build community around the small school that has been an anchor in Tishomingo since its days as a boarding agricultural high school in the early 1900s.

### Leon Patterson Asks for Your Vote in 4th District Race

To all the people of the 4th district of Tishomingo County, my name is Leon Patterson. I am running for Supervisor. I would like to take this opportunity to ask for your vote on November 3rd. I have lived in the Midway community most of my life.

When I married my wife, Amber, 21 years ago, there was no doubt in my mind that I want to stay in this great community and county, and raise our kids. My family and I are strongly rooted in the Christian faith. We are members at Tishomingo Baptist Church, and I am a Deacon. I have a strong work ethic and believe no job is done until it's done right. I am a strong leader and know the best way to lead is by example. I am a people person and would love to help the people of our district and county improve the place we call home. I know this will not be an easy job, our district and county needs a lot. We need better roads and more businesses here to bring in more jobs for our people. If you elect me as your Supervisor, I will talk to you and listen to needs, thoughts and concerns. This is the only way to make the right decision with our taxpayer money.

Leadership is for service not for power. Ready to serve.

Tishomingo County also has a Special Election regarding the legalized sale of liquors. These are two very important issues that are on the ballot.

**City of Iuka Now Accepting Credit & Debit Cards**

The City of Iuka is now accepting payments by credit card or debit card for city fees and services.

Mississippi law requires that the city receive 100% of the billed amount and that the paying party assume the cost of processing the credit card or debit card in the form of a "convenience" fee. Mississippi law also prohibits the city from earning any revenue from the convenience fee. The City of Iuka has entered into an agreement with a third

party, (Noble Payment Technologies) to process the processing of credit card and debit card payments. Noble will calculate the exact processing cost of a credit/debit card presented for payment and apply that cost as the convenience fee.

This payment option is provided as a service to our residents/customers who may elect to use this form of payment. Online payments are available at this time.

each child reach their full potential.

Funding education should not be about writing a blank check. Many things in our education system are outdated and have outlived their usefulness. We need to evaluate our programs and requirements. The Legislature should never mandate a requirement that it does not fund, such as the Third Grade Reading Gate. The definition of insanity is doing the same thing over and over and expecting different results. Are we not all sick of Mississippi

being on the bottom of every "good" list and the top of every "bad" list? As an educator myself, I plan to use my knowledge to create an environment of understanding the needs of education with other legislators. Education should never be a partisan issue.

I am deeply concerned that our state is giving millions of dollars away each year to build shopping malls while our roads and bridges are in need of repair, our schools are underfunded, people in this state are going without healthcare and the list

goes on. As a state, we need to look at our priorities and determine where our money needs to go. As your Legislator, I will vote for what is best for District 1 and for what the people in this district want – not what the leadership in Jackson wants.

It has been an honor and a privilege to meet and talk with many of you. I appreciate you sharing how my Daddy, your former Representative, helped many of you. As your Representative, I assure you I will continue his legacy of being

available and involved. You will see me at school events and in the community. My promise to you is to never embarrass you or bring negative attention to this district. Should you have question or concerns, please call me at 662-415-2168 or email me at [liwi0921@gmail.com](mailto:liwi0921@gmail.com). I humbly ask for your vote and support on November 3. **VOTE CLAYTON MATT CUMMINGS JUSTICE COURT JUDGE NORTH**

Thanks to everyone who has been so friendly and supportive since I began my campaign in March. I am honored to have made it this far, and I ask for your support once more. If elected I will be fair and consistent, use my knowledge of the law to help people when appropriate, and be stern when necessary.

I have been a licensed attorney for eight years, spending six of those as a public defender, with stints as a Drug Court attorney and a Youth Court Defender. I have worked as a legal guardian, a counselor, and as both a prosecutor and defense attorney in Circuit, Youth, Municipal, and Justice Courts, in addition to handling various civil cases.

I believe a professional and committed Judge can help make Tishomingo County safer and fairer by promoting a more trustworthy justice system. Justice Court Judges set the bar for what is and is not acceptable behavior in our community, and play a large role in protecting the character and reputation of our home. As Judge I will work to keep Tishomingo County morally and ethically strong.

Thank you for all the kindness that has been shown to me by the people of this county I choose to call home. Thank you to all the people who took the time to vote in the primary election. I ask everyone to go to the polls on November 3 and vote for Clayton Matt Cummings for a fair, honest, and committed Justice Court Judge.

## Experience Is What's Needed Vote Michael Busby 3rd District Supervisor

Election time is upon us again, and we are faced with many choices that will directly affect our county and our districts. First and foremost, I ask you to get out and go vote. We all have family and friends who gave their lives for us to have the privilege of seeking what we feel is best for our country, our states and our counties and then electing the people we feel would best carry out these tasks.

I am Michael Busby and I am seeking the office of 3rd District Supervisor. Over the last few months I have campaigned for this office. I have traveled over the district from door to door, attending the political rallies, and putting several write-ups in our local paper. I count it a privilege and an honor to have gotten to know many people in the 3rd District.

Through out my campaign my platform and mind set for what is needed to carry out the duties of this office have been the same. Experience and a willingness to look for what is best for the people of my district is this county. The type of person who has worked in the same field and that has a background that links them to the job they are trying for.

The office of supervisor is one of the most important offices in our county. Not only do the

supervisors have the challenge of keeping our roads and bridges safe and a passable, they are strapped with the responsibility of making budgets for our other offices and basically caring for every dollar that comes through our county, setting our tax base and bringing industry and jobs to our county. It is a big task and these are only a few of the duties of this office.

Ladies and gentlemen, I have the background and the experience to carry out the duties of this office. As I have mentioned many times my background and work history is in construction and construction management. Not only has my work record afforded me the knowledge and experience to maintain our roads and bridges but also to seek out and negotiate with the people who want to locate their businesses here and bring much needed jobs to our county. I have always worked with a budget, doing what was needed to complete a job on time and within the budget. I believe the skills I have obtained over the years best qualifies me for this office.

As I have said in the past, I will be a full-time supervisor, I will be a man that you can bring your concerns and needs to and be assured they will not fall on deaf ears.

And I know if there is any way possible they will be met. I will be a voice for the people of the 3rd District.

Again, I would like to thank each and every per-

son who has supported me thus far, whether it be by voting for me or putting in a word for me where you could.

I would like to humbly ask you one last time for your vote and support on November 3rd. If you want a man who will be there for you, work hard to bring jobs to our county, work with the other supervisors and the host of other organizations we have here to make our district and our county a better place to live and raise our children, go to the polls on November 3rd and vote for Michael Busby. Vote for a man who has the experience and the drive to help move our county forward.

Thank You and God Bless You,  
Michael Busby

## Burnsville Class Of 1950 Has Reunion

The Burnsville graduating class of 1950 celebrated their 65<sup>th</sup> Anniversary on October 10<sup>th</sup>, 2015 at the Homestead Restaurant in Iuka.

There were 10 graduates and one spouse present. We enjoyed the luncheon and reminiscing about the wonderful times we had growing up together. Several grads brought picture albums, school annuals and other things from our school days. We enjoyed all of them and remembering the memories they brought back to us.

There were five of our classmates who were unable to attend. We really missed them and hope to see them at our reunion next year. Absent were Harold Rhodes, Annie (Pruitt) Harvey, Mil-

They want you to believe that a dry county would prevent alcohol abuse and lower DUIs, deaths and alcohol related accidents.

**Not true.**

They say jobs have not been created since the county went wet.

**Not true.**

They post horrific ads as a scare tactic to make you believe anyone who drinks is a danger to society.

**Not true.**

They say a lot, but none of what they have told you is true. They have tried to confuse the citizens of Tishomingo County. They have skewed numbers and distorted facts to achieve their own agenda. The truth is, they want to take away your personal freedom of choice. They would rather your money be spent in neighboring cities and states, rather than in our own county, because of their personal beliefs against alcohol. Let the coalition know that you will not be bullied. Stand up for your right to choose. Stand up for your freedom. Let them know the citizens of Tishomingo County have had enough. Your vote matters.

- Higher DUI rates (as shown by statistical information provided by the Courthouse)
- Higher Fatalities (Dry counties have 7,876 deaths, compared to 2,200 in wet counties)
- Fewer jobs (over 87 jobs have been created to date, as verified by local business owners, including convenience stores, restaurants, and specialty stores)
- A decrease in tourism (Since going wet, we had a 9.3% increase in tourism spending.)
- Less revenue for our county

## Initiative 42: A siren in the night

By Dr. Marty Wiseman  
Perhaps many of you have seen the new GE commercials that have been running quite frequently lately. One of the more interesting, yet for Mississippi more sobering of these commercials, is the one where the "nerdy" son sits across from his parents to give them the good news that he has landed a manufacturing job with worldwide manufacturing giant GE. The proud father, clad in work jeans, steel-toed boots and an open flannel shirt over a T-shirt triumphantly presents his son with his "grandpappy's" big, well-used sledge-hammer. Setting it with a thud in front of his newly hired manufacturing son, dad fights back tears as he presents him with this implement of heavy industrial labor saying, "Your grandpappy would want you to have this." When the son attempts to clarify for the father the nature of his new job by explaining that he would be "writing the computer code" that ran the machines, the fathers disappointment is palpable. "You can't even pick it up, can you son?" he said. What does that commercial have to do with the current state of human capital in Mississippi? The reality is the hammers are idly rusting in the tool bends, the old rickety log trucks are parked never to run again, the sawmills and cotton gins are now run by computers and many of our highly trained engineers and scientists only show up in Mississippi for Christmas and the family reunion. Forbes Magazine recently ranked Mississippi 50th as a state in which to do business, citing the perception held by many of the state's lack of potential for the development of a workforce for the future wave of high-tech manufacturing. The Washington Post reported on a study by the Organization for Economic Cooperation and Development that ranked Mississippi as 50th in Internet access, 50th in health care, 50th in job opportunities and as the 49th most educated. In the future, the jobs for humans will be those that create, operate, and "write the code" for those machines. The reality is that an adequate education for the broadest segment of the population possible will be the determinant as to whether Mississippi sinks or swims. At the end of the day, Initiative 42 is in reality a rather measured approach to making certain that education simply gets a fixed share of revenue growth when it occurs until funding levels become sufficient to provide an adequate education to as many Mississippi children as possible. Much has been said about Initiative 42 usurping the traditional role of the legislature. The past 15 years have simply proved that such good intentions are unsustainable as the law currently stands. Initiative 42 is clearly an extraordinary solution. All Mississippians deserve a chance to see if putting a Constitutional floor under education funding works. A vote otherwise is a vote for the status quo and far too often in the case of Mississippi that is 50th. Dr. Marty Wiseman is professor emeritus of political science and public administration and director emeritus of the The Stennis Institute of Government at Mississippi State University. ### Keep Liquor Sales

## Legal

Next Tuesday, November 3rd, you will be making many important decisions as to the future of our county. Not only will you be casting your votes for the candidates of your choice but you will be also be casting your vote as to whether or not to keep this county "wet" and keep liquor sales legal. Even if you do not drink liquor or alcohol in any form you should be very concerned with this upcoming vote. If legal liquor sales are voted out, beer sales will be next. This vote concerns everyone who is interested in moving this county forward. The Citizens for a Better Tishomingo County Future feel this is only one small step in the progression of making our community grow and prosper. We have been a tiny spot on the map of Mississippi for many years. Isn't it time to grow and move forward in helping bring more opportunities to our county? Aren't we tired of sending our kids off to college for an education just to see them have to move off to another county or state to use that education? Let's try and bring some of those jobs to our county, and keeping our county wet is the first step. Unfortunately it has been stated that the sale of liquor doesn't benefit the county or cities, which simply isn't true. It contributes the same as any other business in our county. For some reason the Coalition for a Dry County tries to hold the taxes alcohol collects to a different standard than every other business in the county. Our taxes are sent to the state like Walmart, Brooks Grocery, McDonalds and every other business. If they have a problem in how the state divides that money up they should take it up with the State of Mississippi, not the local businesses trying to put food on their table and those of their employees. Keeping this county "wet" will definitely help in bringing new businesses, new industry, tourism and hotels which in turn create jobs and revenue. These are not promises. These are goals and possibilities if we continue to be a "wet" county. We refuse to make negative comments of those that are against the county being wet but please KNOW this; -We DO NOT encourage underage drinking -We DO NOT encourage anyone to drink that does not believe in its consumption -We DO NOT encourage drinking and driving -We DO expect our customers to drink responsibly and in moderation If we can choose to take our families on vacation, stay in hotels, eat in restaurants where alcohol is available, attend sporting events, travel to another city to shop and send our children to college in a city where alcohol is available then the question is, why can't it be here? People go to these places and have a choice to drink or not to drink. That's called freedom of choice. Why can't we have that here in Tishomingo County? Alcohol has always been a part of this county and we are fortunate to have a beautiful lake and to be considered by many as a resort area. Resort areas all over the world are mostly wet and prosper from the extra income brought in from the sale of alcohol. Why would we not do the same? This vote is so much more than just being able to buy alcohol in our county. The people that do drink in our county have always had easy access to it and have been giving their money to other counties and states. It is time to keep our money in our county and enjoy the benefits, like more jobs, fewer DULs and the possibility of more businesses

locating to Tishomingo County.

It is our hope that you will vote YES on your ballot next Tuesday. Let's not throw away the opportunity to move forward. This movement is in no way to harm, tarnish, or take away from the morals and values of this community and county. The goals that both sides do share is that we all want to live in a clean and peaceful community and we do not believe that by having a legal business that creates jobs and more opportunities for so many in our community will jeopardize that in any way. Let us all keep an open mind that it is not a negative move. THE GROWTH AND FUTURE OF THIS COUNTY DEPENDS ON YOU THE VOTERS. Without your support, we cannot move forward. LET'S DO THIS TOGETHER! Vote "YES" ON NOVEMBER 3<sup>RD</sup>! Sincerely, Owners of Old 25 Wine and Spirits

## Legal Sale of Liquor Hasn't Changed our Community

I would like to take a moment and weigh in on the upcoming vote to keep liquor sales in our county. First of all, I am quite perplexed as to why we are having to vote on this issue again. Did we not voice our opinions when we went to the polls in 2013? Was the fact that the majority of us want to be able to purchase alcohol in our county not good enough for some people? Are they so hellbent on having their way that they are going to force the issue yet again? The fact is, the sale of liquor in Tishomingo County hasn't changed our community much at all, except that DULs are down, so the roads are safer, and we have extra revenue that we didn't have before. Nobody is running naked in the street using Jack Daniels bottles as molotov cocktails to burn down the churches. So why beat this poor dead horse? Well, because a few select people do not believe in the consumption of alcohol. They think partaking of an adult beverage is a sign of moral corruptness. As a free-thinking adult, I take offense at this. My government has declared me capable of making that choice for myself; a choice I have had since I turned 21 years of age. The medical community has even agreed that in moderation, consuming alcohol actually has health benefits. And as for any moral considerations, well, the Bible says Jesus turned the water into wine, at the request of his mother, for a wedding party. John 2:1-11 And for that matter, I have a few Bible verses on the matter I would like to share, for anyone that is under the impression God is opposed to drinking: Ecclesiastes 9:7 instructs, "Drink your wine with a merry heart." Psalm 104:14-15 states that God gives wine "that makes glad the heart of men." Amos 9:14 discusses drinking wine from your own vineyard as a sign of God's blessing. "They shall plant vineyards,

and drink the wine thereof...." Clearly, from these and other scriptures, consuming alcohol is not considered sinful, but quite the opposite in fact. And let's be honest. While this so-called coalition may run ads every week with mystifying numbers that are meant to baffle and confuse, they have no basis in fact. They merely twist the information to fit their agenda. And let's be even more honest. Liquor has been consumed in this county before it was wet, and it always will be. Prohibition never worked. That's why it was repealed. Please get out and vote. Be assured, the small group of people who are against it will be at the polls. Let's not lose this vote because we didn't get out and exercise our rights. Sincerely, Jennifer Whitten

## Drunk Driver Killed My Husband

Hello, my name is Judy Pounds Sparks. I was married to the late Wade Sparks, we have three children, Sarah, Kim and Brandon. I want to tell you how alcohol changed my families life forever! The date: December 30th, 1997. Kim and Brandon played basketball for Belmont High School, Wade and I were on our way back from the game at Jumpertown. We were talking and started around a curve and there was a car on our side of the road! Wade did everything he could to miss the car, but it hit us on Wade's side of the car and spun us around and hit us again. The air bag knocked me out. When I came to, I looked at Wade and he had his eyes closed and was making a terrible "gurgling" sound. I called his name, and he did not answer. I touched him and he was so cold! I started screaming for help. The people down the road had heard the wreck. When the ambulance got there, they asked me if I could get out and I said "yes, I am ok, just take care of Wade." They put me on the ground and got Wade out through the passenger side. I don't remember a lot until they put me in the ambulance. I kept hearing this strange noise and did not know what it was. I then realized it was someone snoring, the drunk was passed out. The smell of alcohol was very strong and then I realized they had put me in the ambulance with the DRUNK, that killed my husband! This will haunt me the rest of my life. This December will be 18 years since Wade was killed by a drunk driver. Wade only had one grandchild, Faith, when he died. We now have six precious grandchildren: Colin, Lindsay, Noah, Wyatt, Carlee, and Kirk that he NEVER GOT TO SEE, because of Alcohol! I have lived in Tishomingo County all my life and never thought I would see alcohol sold in this county. Please read my story and know this could be YOUR FAMILY. I pray that it never is. I don't want you to have to tell your grandchildren that ALCOHOL

took your grandfather away! Please "VOTE AGAINST ALCOHOL/LIQUOR" Thank you, Judy Sparks

## Unanswered Questions

We hear marvelous things about Initiative 42. Why do they call it "an initiative" when it is in reality an amendment to our State Constitution? Why does it have to be tried in Jackson if there are suits against it? Regardless of who the judge is, that is where cases against our State Constitution have to be tried. Why have the State Legislature not always fully funded public education? The taxes collected have to fund many programs. We have a large percentage of our population on some sort of welfare. How many of those checks are you willing to stop? They say they won't raise taxes. The only way to present that would be to cut some other program or take from one school and give it to another or possibly close some schools or combine some schools. Who will decide that? The Judge. Who will decide what "fully funding" is? The Judge. They say you can spend it any way you want to. What if the school decided to spend it on new football jersey's instead of computers or hiring more teachers? Who can stop them? Apparently, nobody, not even the Judge! The public has been mis-led by media propaganda. We have a fine group of people in our State Legislature. They have done the best they could with the tax money that is collected. We already pay their salaries. How much will the salary be of the "Judge"? Where will that money come from? Yes, Mississippi is 50th in many instances, but not on intelligence. Don't forget that the first heart transplant was done in Jackson, MS! Also, the first nuclear powered submarine was made in MS at Ingalls Shipyard. All of this is evading the real problem. We have many parents who would like to see their children succeed in life but don't know how to help. Being a good neighbor and helping a child doesn't cost one red cent and would help more than a Judge can ever do. Maybe this would be a good time for everyone to examine his own life and see who he or she can help. If you want a Judge to run our schools, mark the two top bubbles on your ballot. If you want our elected legislature to decide, mark the two bottom bubbles. If you don't like what the legislature is

doing, you can vote them out, but you can't vote a Judge! It's up to you to decide "for the children"! Elizabeth Kennedy

## Think Before you Vote!

Attention 4<sup>th</sup> District Voters! This letter is written to you know that this election for 4<sup>th</sup> District Supervisor is a serious election. I want you to think about the supervisors duties as the people for this district. The 4<sup>th</sup> District is one of the largest districts in the state and along with that comes a lot of responsibilities in the duties of the office. I am also in helping the people in the district when they are called upon. There are two people running for the office and I have done some research on candidates. In the research I have done there is one candidate that is honest, understanding and the other is not quite what he appears to be. The people are putting a lot of trust in the supervisors and deserve to have someone that is looking out for the best interest and not the own. I urge you to pray more than that investigate yourself before November. I hope and pray we get the right one in the office to work for the people and not further his own agenda. A Concerned Citizen

## Pro Business

Have ya'll ever heard of a county in these United States not being Pro Business? Well, I haven't till now. This so-called coalition has pressured our leaders with so much negative propaganda that they are afraid to welcome any new business or existing business here that doesn't meet the coalitions belief of what a business can or can't do. That is very wrong. Democracy in which we choose what a business to sell, not sell that would be in form of socialism. So on November 3rd, vote yes on keeping alcohol legal here. Please do not join this group (coalition) of citizens here an opportunity to move forward for progress and to strive for a better of life. We the citizens who are in business should bury this issue once and for all and vote yes and move forward not backwards. Thanks, The Citizens For a Better Way Of Life.

## Holiday Rum Cake Options Emerge on Tuesday's Vote

My cousin Sue called Tupelo. She was talking about how they used to get together for Thanksgiving and how much fun we had to eat, oyster dressing, which she remembered too. Oyster dressing wasn't a Paden thing and at first I thought it was pretty strange, but I tried it, now it's a tradition. She wanted all of us to be together this year like we used to and that I could make the oyster dressing. We never had rum cake in those days because Tishomingo County didn't dry, and we didn't want to take a chance on a fire.

### Watch for Snakes

by Tommy Cadle

Clarence Pace dragging my grandmother out of the kitchen for possession of rum cake, handcuffed and with someone reading her her rights. Nope, we didn't take any chances back then.

Cousin Sue thought that now with Tishomingo County wet, it would

be okay. I hated to tell her, but I had to, that an election was coming up on Nov. 3rd and that Tishomingo County might go back dry.

I would have to tell her that meant absolutely no alcohol in any shape, form or fashion in Tishomingo County. If the deputies stopped her at one of those "safety checkpoints" on the way to Paden and asked if she had any drugs or alcohol in the car, she wouldn't lie, she just couldn't. They would have no choice but to take her to jail, it would be the law if Tishomingo County goes back dry.

I told her to hold up on things and let's see how the election goes. Maybe a German chocolate.

It's pretty much over, I

can now move that pile of lumber I have been dodging all summer. You know copperheads love lumber. The snakes are, I hope, headed underground. I really didn't see many bad ones this year, except in pictures. There was that one in the road out at Eastport, it was about half grown with 7 or 8 rattles. I stopped and looked it over and started to get out for a picture, but of course, I had left my phone back at the house. When I got back five minutes later, it was gone. Maybe that snake wasn't ready to photograph.

## I AM A REPUBLICAN BECAUSE...

I believe in the 2nd Amendment and that we should protect it at all cost.

I believe the strength of our nation lies within the individual and that each person's dignity, freedom and responsibility must be honored.

I believe in equal rights, equal justice, and equal opportunity for all, regardless of race, creed, sex, age or disability.

I believe free enterprise and encouraging individual initiative have brought this nation opportunity, economic growth and prosperity.

I believe government must practice fiscal responsibility and allow individuals to keep more of the money they earn.

I believe the proper role of government is to provide for the people only those critical functions that cannot be performed by individuals or private organizations and that the best government is that which governs least.

I believe Americans must retain the principles that have made us strong while developing new and innovative ideas to meet the challenges of changing times.

I believe Americans value and should preserve our national strength and pride while working to extend peace, freedom, and human rights throughout the world.

I believe in right to life for the unborn and marriage of one man and one woman.

Finally, I believe the Republican Party is the best vehicle for translating these ideals into positive and successful principles of government.

## Tishomingo High School Class of 1965 Reunion

The 1965 class of Tishomingo High School held its 50<sup>th</sup> reunion on July 3<sup>rd</sup>, 2015 at the new Jimmy Burns Activities building located on the parking lot of the old cotton gin in downtown Tishomingo, MS. Class members and their spouses met at 6:30 p.m. for a delicious meal served by Mr. L.O. Bishop. Following the meal, everyone

enjoyed visiting and reminiscing and were treated to a "Then and Now" video put together by Marcell Hunt who graciously gave each class member a copy.

The '65 class consisted of 39 graduates – 21 were present. A moment was taken to remember the 13 no longer with us. We were honored to have two of our teachers present – Mr. Bud Pardue and Mr.

Bob Wimbish. A wonderful time was enjoyed by all.

## District Working to Identify Students with Special Education Needs

The Tishomingo County School District is participating in an ongoing statewide effort to identify, locate, and evaluate children through the age of twenty-one who may have a physical, mental, communicative, and/or emotional disability. Early identification of children in need of special education experiences is very important to each

child. Furthermore, information that is gathered from contacts with parents and other agencies will be used to help determine present and future program needs as progress is made toward the goal of providing a free appropriate public education to all disabled children. You can help by referring any student from birth through twenty-one with any of

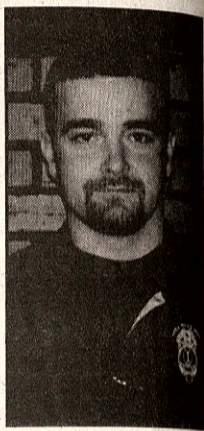

the above disabling conditions to Dr. Tina Joslin, Child Find Contact Person for this district, at 423-3206. You may also stop by the TCSD Central Office at 1620 Paul Edmondson Drive, Iuka. Individuals and/or agencies making referrals may remain anonymous if you desire.

## On November 3rd, vote John Dennis Daugherty for Tishomingo County Sheriff.

To The Voters of Tishomingo County:

I am John Dennis Daugherty, and I am asking for your vote and support in the upcoming election for the position of Sheriff.

I have been married to Tommy Jean Morgan Daugherty for 25 years. We have two grown children, Monica (23 years) and Colton (21 years).

I have over 23 years of experience in law enforcement. I serve as a Portable Scale Officer and the Lead Training Officer for the Northern Region for the Mississippi Department of Transportation. In this job I am charged with training officers in firearms, defensive tactics, and state and federal laws. I also work part-time as a Patrolman for the Iuka Police Department.

I will be a hardworking Sheriff. I believe in community oriented police work. My deputies and I will be visible in the community and available at all times. We will work with all other Law Enforcement agencies to use all available resources to prevent and solve crimes in our county. I will keep victims of felony criminal offenses informed, and updated on the progress of their case. Deputies, jailers, and all department staff will treat everyone with fairness and respect. They will treat the public just as they would expect to be treated in the same situation.

I would deeply appreciate it if the voters that don't know me would ask your neighbors or friends about me. They can testify to my professionalism competence, and work ethics.

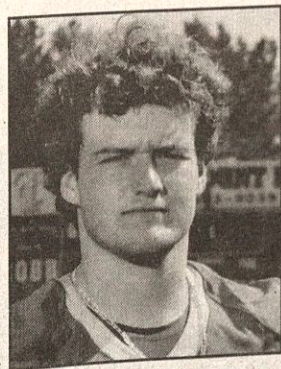

I have the determination and drive to serve as the next Sheriff of Tishomingo County. I will work hard for Tishomingo County if you allow me to be YOUR SHERIFF.

John Dennis Daugherty.

## WHISKEY SPEECH

as composed and delivered by  
N.S. "Soggy" Sweat, Jr.

My friends,

I had not intended to discuss this controversial subject at this particular time. However, I want you to know that I do not shun controversy. On the contrary, I will take a stand on any issue at any time, regardless of how fraught with controversy it might be. You have asked me how I feel about whiskey. All right, here is how I feel about whiskey:

If when you say whiskey you mean the devil's brew, the poison scourge, the bloody monster, that defiles innocence, dethrones reason, destroys the home, creates misery and poverty, yea, literally takes the bread from the mouths of little children; if you mean the evil drink that topples the Christian man and woman from the pinnacle of righteous, gracious living into the bottomless pit of degradation, and despair, and shame and helplessness, and hopelessness, then certainly I am against it.

But, if when you say whiskey you mean the oil of conversation, the philosophic wine, the ale that is consumed when good fellows get together, that puts a song in their hearts and laughter on their lips, and the warm glow of contentment in their eyes; if you mean Christmas cheer; if you mean the stimulating drink that puts the spring in the old gentleman's step on a frosty, crispy morning; if you mean the drink which enables a man to magnify his joy, and his happiness, and to forget, if only for a little while, life's great tragedies, and heartaches, and sorrows; if you mean that drink, the sale of which pours into our treasuries untold millions of dollars, which are used to provide tender care for our little crippled children, our blind, our deaf, our dumb, our pitiful aged and infirm; to build highways and hospitals and schools, then certainly I am for it.

This is my stand. I will not retreat from it. I will not compromise.

# VOTE AGAINST ALCOHOL/LIQUOR IN TISHOMINGO COUNTY

## FICTION (Pro-Alcohol)

County taxes will go down.

87 jobs will be lost: if liquor is voted out.

Huge increase in retail sales from sale of alcohol.

Tourism increase because of alcohol sales.

Some restaurants and grocery stores will close if liquor is voted out.

New businesses waiting on outcome of alcohol vote.

Drinking does not increase with local liquor stores.

Manufacturers make their decisions on where they will have a new plant based on if there is liquor stores in the county.

**Drunk Drivers Kill 3 County Residents!** Wade Sparks from Belmont was killed in this car, Judy Sparks' husband. Billy Rainey from Iuka lost his wife, Ann and 2 year old daughter, Stacy to a drunk driver.

## FACTS

County tax increase 2013, 2014, 2015. 3 years in a row! Where are all the tax advantages!

\*Tishomingo County Tax Collector's Office

2 Liquor Stores, 6-8 Employees, not 87! More misinformation to disguise the truth.

Ms. Department of Revenue Diversion to City Sales Tax July 2013 - August 2015. Tishomingo County (average of 6 cities) increase 5.1% state average 6.1% increase. Most of these increases are from increase in cost of goods: milk, eggs, meat, etc. Not from the sale of alcohol!

Tishomingo Co. Tourism Committee and TCDF have done a great job promoting the natural beauty of our county, its rich heritage and history. The warm welcome visitors get by our people and the various events: Heritage Day and Civil War Re-enactment results in more tourist and spending: Not because of alcohol!

More scare tactics that just aren't true!

Same song different verse: that's what they said two years ago! Where have these businesses been for two years!

Data\* reveals that people in DRY (for liquor) counties drink less than those in WET counties!

\*Jackson Clarion Ledger, May 26th, 2015.

Big corporations look at many things before deciding where they will have a new facility: geographic location, available skilled labor, facilities or land suitable for the manufacturing; state and county incentives, as well as funding, tax considerations and utilities. Not if there is a liquor store!

## "Jobs? That's My Goal! How We Get'em?"

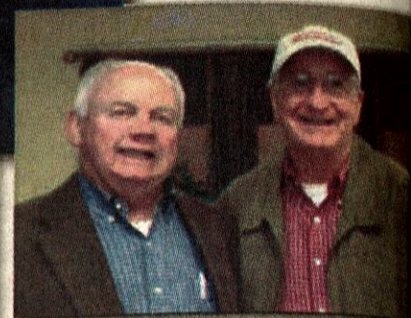

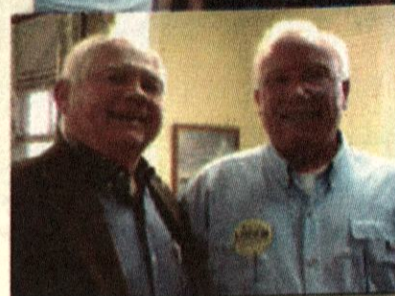

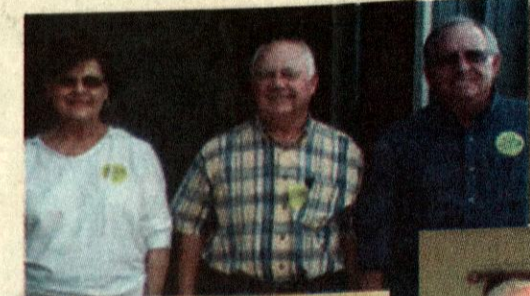

--Aaron Loden

"Join our campaign for Representative. I'll fight for GOOD jobs. There's a difference. It will require working together. I can do that. No one wants their child or grandchild to have to travel 1,000 miles out-of-state to get a GOOD paying job. My son had to. Good jobs come to a region where there are people who know how to do them. That's education and training."

"It has been said an educated people will refuse to live in poverty. I want to get rid of poverty."

"People of District 21 are great and INDEPENDENT. We don't let political bosses in Jackson tell us how to vote regardless of party. We vote for the PERSON."

"It's a disgrace to give away millions of tax dollars to a shopping center developer who will put our MOM & POP stores OUT OF BUSINESS."

These folks support Aaron Loden for Representative because they know he can be trusted. His word means something. At left is Aaron with Mr. and Mrs. Glenn Harrison. In center picture Aaron and Andy Hamilton share similar goals. At right longtime educator Malcolm Kurkendall endorses Aaron because Aaron is for our schools and youngsters.

## What Is Jesus Saying To The Churches? (part XXI)

Listening is almost a lost art in our day, especially if the "listener" has a cell phone on his person. Let me air a gripe against cell phone users: If I am talking to you, I would appreciate your undivided attention, and I do not think you can text someone else while you are talking to me and still pay close attention to what I am saying to you. No, I

am not mad at anyone who has this disrespectful habit of trying to talk to two people at the same time. My real reason for this little lecture is to get our attention on something Jesus said seven times in Revelation chapters two and three. We could use the reference of Revelation 2:7A to see exactly what Jesus said seven times to seven different churches; He said, "He that hath an ear, let him hear what the Spirit saith unto the church-

es." Jesus made this exact statement to all seven of the churches in the chapters before us. Listening with "spiritual ears", as well as physical ears, must have been very important to Jesus, since He made the exact same statement to the seven churches mentioned in Revelation chapters two and three.

Now that you have your ears and eyes open, let's look at Revelation 2:17: "He that hath an ear, let him hear what the Spirit saith unto the churches; To him that overcometh will I give to eat of the hidden manna, and will give him a white stone, and in the stone a new name written, which

no man knoweth saving he that receiveth it." I have already mentioned that the ones who overcome are synonymous with those who are saved, according to I John 5:1-5. So, all of the saved will eat of the hidden manna, which the Lord Jesus will give to all those who belong to Him. The idea of it being "hidden" may mean that the food which Jesus will feed the saved in heaven is something hidden to the unsaved. Some have said that the manna may refer to Christ the bread of life for the believer, which is hidden to the unbeliever. The white stone that is given to the saved is probably similar to

the white stone that winning athletes were given in the Greek games, which admitted them to the winners' celebration. Perhaps more important is the fact that the white stone has a new name written in it, which nobody knows except the one who receives the white stone. My thinking is that the name will show the individual relationship that each believer will have eternally with Christ. We will not be one "mass of believers" in eternity, for each one will have his own personal identity with Christ and his own personal relationship. Even now, we each have a personal relationship with Christ as believ-

ers, and nobody else knows exactly the joy we have in the presence of Christ as individuals. Perhaps one era in time has a way of making a "jump" of all people, even though we do have personal identification, but with Christ it is different, for He knows each of us as individuals. Many years ago, it was like this, when a merchant in the store gave personal attention to every customer! The entire church is married to Christ but each individual is also married to Him and eternity will bring out the beauty of this. The name on the white stone is a picture of it!

## A SECOND CHANCE!!!

It is very seldom that an individual, much less a society has a chance to right a wrong. Often the choices we make are permanent. This vote to remove alcohol from our county gives us the opportunity to get right what we did wrong. Some voted for alcohol thinking it would bring benefits to our community. Clearly this has not been the case. The false promises of revenues and the progress that was to come can be seen through from this side of the vote. So let us seize this opportunity to reclaim the way things were. For our kids, for ourselves, and yes, for our God!

Sincerely, The Congregation of Bethel Missionary Baptist Church
