Tishomingo County Adopt a Highway Program Kicks Off

February 5, 2018, Iuka, Mississippi.

The Tishomingo County Board of Supervisors met with Nelson Johnson who has volunteered to work on the Adopt a Highway Program sponsored by the Mississippi Department of Transportation.

Litter along the highways and roads of Mississippi is a bad reflection on citizens and detracts from the natural beauty of our state.

The MDOT Adopt a Highway Program encourages businesses, industries, churches, schools, civic organizations, and individuals to volunteer to

periodically remove litter from one mile of highway. MDOT emplaces a large sign on the adopted section of highway recognizing the volunteer.

Nelson Johnson reported that "as a lifelong resident of Tishomingo County, it breaks my heart to see citizens trash our beautiful county. I have signed up several businesses and a church to adopt parts of Highway 25. Others have expressed an interest in adopting a state or county road. I will also address 430 students about the litter problem on February 9 and we are planning monthly litter pickup campaigns later in

the year."

Board of Supervisors President Greg Collier said that "we appreciate Nelson for volunteering to head up this important program. We are blessed with the most beautiful county in the state and the board of supervisors is committed to do all that we can to keep Tishomingo County beautiful."

For more information on the MDOT Adopt a Highway Program, visit the web site at <http://sp.mdot.ms.gov/Maintenance/thinkgreen/Documents/Adopt-A-Highway%20America/AAH%20brochure%20web.pdf>.

the incident. It was then discovered that Rice had a .9mm semi-auto pistol and was holding two people inside the apartment against their will at gunpoint. It was reported that he had refused to let anyone in the apartment leave or let anyone call out for help.

At the time of press no names of the other individuals involved in this

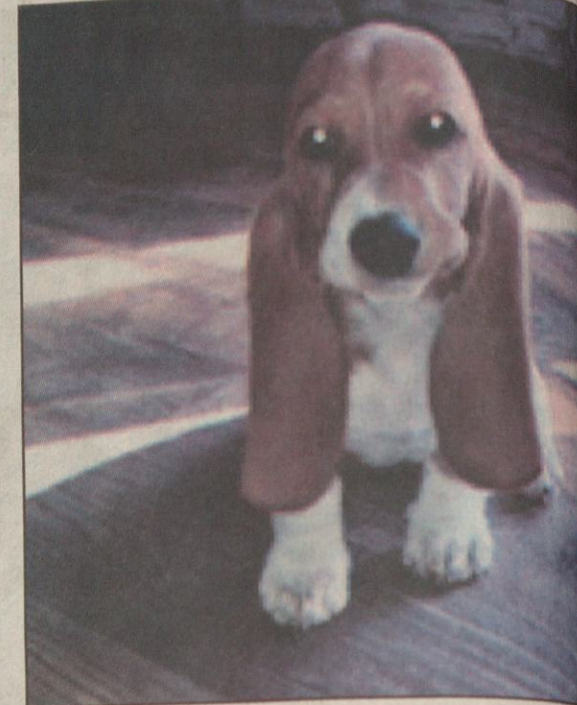

case have been released. The firing of guns by officers and the identification of the female passenger in the Jeep are all being handled by the Mississippi Department of Investigation.

Rice also had two outstanding Alias Capias warrants, one for grand larceny and one for possession of a controlled

substance, methamphetamine. Rice also had a warrant from the Justice Court for several violations which include, resisting arrest, driving with a suspended license. Rice remains in custody at the Tishomingo County Jail awaiting a bond to be set. Other charges will come forward against Rice as the investigation is

Pet of the Week

Congratulations to Tricksey Powers. This adorable little girl is our Pet of The Week at Iuka Animal Clinic. This is what her owners, Jeff and Anna Powers have to say about her. Tricksey is a 4 month old basenji, she belongs to our son, little Charlie Powers. She is full of energy, loves all of her family's attention, and is a little boy's best friend! She follows Charlie wherever he goes. Having Tricksey has helped our son get over his fear of dogs as he was bitten when he was younger. Tricksey is part of the family now and we love every moment with her. We would like to thank Dr. Perkins and his staff for the great care they give her.

February is National Dental Health Month. There are many pet owners out there that brush their pet's teeth daily to ensure proper dental health. Unfortunately, dental health in dogs and cats may sometimes be overlooked by pet owners. But just like humans, pets need regular dental cleanings to keep their gums and teeth healthy. Periodontal disease is the most common clinical condition in cats and dogs even though it's completely preventable. So don't turn your nose to Fido's or Fluffy's bad breath! That odor might signify a serious health risk, with the potential to damage not only your pet's teeth and gums but its internal organs as well. Keeping your pet's mouth healthy

can help them live longer, healthier lives so as part of pet dental health month, consider making a veterinary appointment to have your pet's teeth examined. Your pet will thank you with a smile.

Jo Russell also presented the donation to Principal Jeremy at the Middle School for library books.

Jo Russell also presented a donation to Darrell Cain, with the Boy's and Girl's Club. Our goal is to help support this important club, the children and their families that the agency serves. The Boy's and Girl's Club is vital to our community.

Jo Russell also presented a donation to Noah Robertson for the "Bravada" drama group at the Tishomingo County High School.

Randy Wadkins Officially Declares for Congress

Randy Wadkins, a Democrat, has formally declared his candidacy for Mississippi's 1st Congressional District. Randy is a Chemistry Professor at the University of Mississippi.

"I'm running because government can and should find solutions to grow the rural economy. The answer to the problems we experience here in Oxford and Iuka and Calhoun City begins with economic development. Our local governments need Congress to create conditions that allow small businesses to thrive," Wadkins says.

Randy is focused on creating job opportunities. "I've seen the economic trends in this region and if you go right across the state line to Alabama, they are experiencing an economic boom with a robust biotech industry and a new billion-dollar Mazda plant announced. Many of our kids have left the area to find work that pays a living wage and that's shameful."

Randy is no novice to the legislative process having worked on capitol hill for a year in Congressman Steve Cohen's (D-TN) office as an AAAS Congressional Fellow focused on healthcare policy.

Randy believes in government involvement that promotes healthy families and spurs business and economic development. "I'm running for congress to lift up our people and our struggling rural communities."

"Our representative in Washington constantly supports legislation that solely benefits large corporate donors." "We need a representative in Congress who helps the people more than the moneyed special interests." "I intend to be that representative."

Randy was born and raised in Iuka in Tishomingo County and lives in Oxford.

County Tears Down Old Jail

Built in the mid 1970's this building has become dilapidated and serves no real purpose to Tishomingo County. The County Supervisors decided it was time to step in and tear the building down.

According to first district Supervisor, Brandon Grissom, the County wanted to clean up the area. While future intentions for the site are currently undetermined, this area will most likely serve as extra parking at this time. Grissom also stated that the county has no intentions of relocating the county morgue, located in the old rescue building in the same area.

The Judgment of the One-World Government VII

Judgment is a nasty word only when one is on the wrong side of it; it is a great word when one is anticipating a time when God will set things right on earth! Revelation has been a "dreadful book" to many people throughout the church age, but it should not be dreadful, for the judgments that are in Revelation are against the ungodly and for the godly! Revelation chapter 18 shows a time during the tribulation that God will deal with the wicked one-world government of earth. This will be a government under the control of the antichrist and the ten kings allied with him; it will be a government that is against everything that is right and for everything that is wrong. Revelation 18:8 says, "Therefore shall her plagues come in one day, death, and mourning, and famine; and she shall

Evangelist,

be utterly burned with fire: for strong is the Lord God Who judgeth her." I would laugh out loud, if it were not really pathetic, that the ungodly element of the world seems to think that God should not, and thus will not, ever judge the wicked of the earth. Please put any such thinking out of your mind, if you happen to have this idea. If God is not a God of judgment, then Calvary is a farce; heaven is a myth; hell is non-existent and the future is totally dark for all mankind! Keep in mind that I said "If", for God is a God of judgment, and

He will deal with the wicked governmental system of the earth near the other end of the tribulation.

Notice that our verse speaks of plagues, which is no picnic for anyone who is involved in them. These plagues bring death, mourning over the dead or wounded, lack of food (famine) and perhaps many other things.

When men determine that they are going to run the government of earth without any intervention from God, they are setting themselves up for judgment from the God Who is the Maker and Owner

of the universe! There will evidently be a literal burning with fire in earthly Babylon, the commercial center of earth during the tribulation, when the antichrist and his ten kings will be in charge of earthly government forty-two months.

The strength of God will be displayed in the judgments He sends on the one-world government centered in Babylon. By the way, it is not easy to determine the exact location of this "Babylon", but we know who will be directing its government, and that is the antichrist! The word "Babel" goes all the way back to the tower of Babel in Genesis chapter 11; it means: confusion. Babel and Babylon are the same words in the Hebrew language, thus the very government of earth will be a "confusing mess". The strength

of God in judgment will be displayed in this wicked one-world government.

Revelation 18:9-10 says, "And the kings of the earth, who have committed fornication and lived deliciously with her, shall bewail her, and lament for her, when they shall see the smoke of her burning."

Standing afar off for the fear of her torment, saying, Alas, alas, that great city Babylon, that mighty city! For in one hour is thy judgment come." The kings will include the ten kings allied with the antichrist, but may also include other kings under their rule. The judgment will be so bad that grown men will cry like babies, but keep in mind that these have committed fornication with the "great whore" the commercial Babylon. The word "fornication" means any kind of il-

licit relationship, and earth's government and commerce will certainly be illicit in this time. How much of it is following a route that can be called "fornication" meaning that many businesses are doing what they can to make money, legally or otherwise, and with no thought for the welfare of the common people. Those who have lived in luxury (obviously) will have run of schemes by the God judges the one-world government! The judgment comes rapidly, suddenly in one literal hour. The fear will be so on the part of the kings that they will not wait to get anywhere close to burning Babylon!

In Memoriam
Donnie Joe Marlar
30 Aug. 1947 - 11 Feb. 1968

Fifty years have passed since that dreadful day when you and the other nine men courageously fought at our sides and were called to the service of our Lord. You will forever live in our hearts, always be loved, and never forgotten.

25th Inf. Div.

Editor's note: We received this memorial from Leonard Brooks in Austin, Texas. He stated, "I am a Vietnam veteran and I would like to post the enclosed memorial to this soldier who I had the privilege to serve with fifty years ago."

In some of my Charlotte's Attic digging, I remembered seeing Donnie Joe Marlar's photo and notice of his sad death in our paper dated the 22nd of February 1968. It read, "The family of Sgt. Donnie Joe Marlar was notified Thursday that their 20-year-old son had been killed in Vietnam. The Burnsville man died by enemy fire, speculatively on patrol near Saigon. He had recently been promoted to the rank of sergeant. He is the son of Mrs. Bryce Marlar and the late Mr. Marlar. The photo above was received by his mother only a few days before he was killed.

Sgt. Marlar was survived by his mother, Ruth Marlar; a brother, James; and a half-sister, Eunice Lambert, all of Burnsville; two sisters, Shannon Walters and Sandra Shook, both of Memphis; and a half-brother, Ellison Earl Marlar near Huntsville, AL. His grandmother, Mrs. Tishie Busby, lived on Mill Street in Iuka.

Legislative Report

By Bubba Carpenter
Week of January 29, 2018

Committee meetings to discuss House bills wrapped up on Tuesday, and the House convened as a whole Wednesday through Friday to discuss the legislation that made it to the calendar. Bills considered dealt with a variety of topics on different subjects.

House Bill 192 would make it lawful to transport unopened beer and light wine on state and federal highways in dry areas of the state. This bill passed by a vote of 91-19. Similarly, House Bill 840 would give maritime retailers operating in the Mississippi Sound or on the Mississippi River the ability to obtain a permit to sell alcohol. This bill passed by a vote of 83-29.

A tax credit would be offered to taxpayers who employ persons convicted of certain non-violent crimes by House Bill 175, which passed by a vote of 110-5.

The House voted unanimously to pass House Bill 826, which outlines criminal penalties for the embezzlement or misapplication of perpetual care trust funds. These trusts are established so that earnings may be used for the repair and overall maintenance of public cemeteries. Another unanimous vote occurred on House Bill 1028, known as "Nancy's Law." This bill would allow the Department of Human Services to relocate an individual or provide a new caretaker when investigations reveal abuse of a vulnerable person.

The House Committee on Public Health and Human Services introduced House Bill 709. This bill would create the Prescription Drugs Consumer Affordable Alternative Payment Options Act, which allows pharmacists to provide additional information to patients detailing options for medication that might be more

affordable. The bill passed by a vote of 118-1.

County government would receive more power under House Bill 164, which would allow the president of a county board of supervisors to issue a proclamation declaring a local emergency. This measure passed by a unanimous vote of 118-0.

On Friday, the House voted to expand the Mississippi Virtual School Program with the passage of House Bill 1037, which creates an online application process for course providers in an effort to provide students in the program with a wider range of classes.

The House also passed House Bill 1510, sparking debate among members. This bill would prohibit abortion after 15 weeks of pregnancy. Supporters of the bill say it would protect both the lives of unborn children and their mothers. Those opposed argued that this seemed unconstitutional and that the state should not be making decisions about women's health. The measure passed by a vote of 79-31.

A number of noncontroversial bills also passed through the House this week, including a bill creating the Mississippi Travel and Tourism Council, a bill adding veterans diagnosed with PTSD to the list of persons who may use support ani-

Belmont High School Named MBS 2017 High School of the Year - North

FLOWOOD, Miss. — Mississippi Blood Services (MBS) held their annual meeting and awards presentation on Thursday, January 25, at their headquarters in Flowood. Mississippi Blood Services knows that blood donors are the essential ingredient of the organization. All the state of the art equipment, a fleet of coaches, and the biggest building on the street are useless without blood donors. It always comes down to the individual donor to get that needed unit of blood, but MBS takes one night out of the year to recognize those groups and individuals who put in that extra effort to ensure there

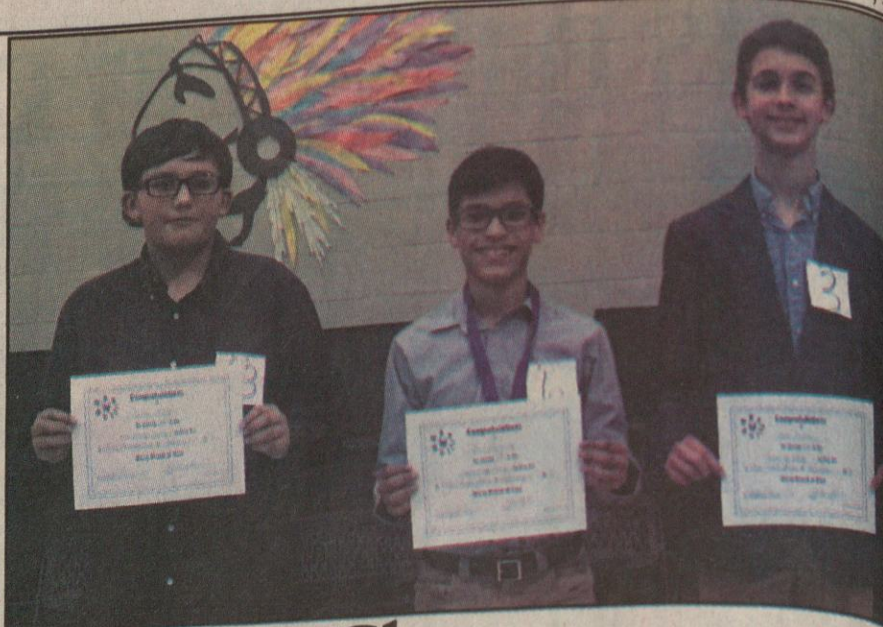

is an adequate and safe blood supply for Mississippi's patients.

This small school held their first blood drive with Mississippi Blood Services and the results were astounding—even for larger venues. This didn't just fall into place, the students and faculty got together and promoted this drive throughout their community, and their hard work paid dividends in 76 life-saving units. One cannot mention school without a nod to everyone's favorite subject, math. One unit of whole blood can potentially save up to three lives. A quick press of your calculator keys and you see that 76 units can poten-

tially impact 228 patients throughout our state. Belmont has earned its place as the MBS High School of the Year North Region. Accepting the award was Mrs. Holley Nichols of Belmont High School.

###

Mississippi Blood Services (MBS) was founded in 1979. Mississippi Blood Services is the only not-for-profit blood center headquartered in Mississippi. MBS supplies a safe and adequate supply of blood and blood products to Mississippi hospitals from the Tennessee line to the Mississippi Gulf Coast. Mississippi Blood Services is Mississippi's blood service.

POWERADE® Power Your School Program Awards Athletics Grant to Belmont High School

Belmont High School is among 500 schools in the U.S. to receive funds for winning student athlete essay submissions highlighting their programs' needs.

BELMONT, Miss. - January 31, 2018 — Belmont High School was awarded \$2,000 by representatives from Corinth Coca-Cola last night. The athletic grant was part of POWERADE's Power Your School Program.

School officials, students and representatives from Corinth Coca-Cola gathered at mid court during last night's basketball game to make the official announcement and award Belmont High School a check for \$2,000. Belmont was one of 500 schools to receive the honor in 2018 and the only school selected in northern Mississippi.

In an effort to help preserve the fields, courts, training rooms and other spaces that often serve as an extension of the classroom, POWERADE is providing a financial boost to high school athletic programs across the country. The Power Your

School program, launched last year as part of POWERADE's commitment to supporting the dreams and development of young athletes, asked students to submit essays demonstrating their schools' needs for a chance to win grants. As a result of the program, Belmont High School will now receive an athletic grant for \$2,000.

"Athletics teach young athletes so many critical life lessons that help them power through on the road to success," said Corinth Coca-Cola's Dennis Dilworth. "The creativity, heart and determination displayed through the POWERADE Power Your School program entries proves the value of those lessons and will benefit hundreds of communities and schools across the country. I'm just so proud Belmont was recognized for their creative and persuasive essay."

Dilworth went on to say, "Seeing student athletes rally to support their schools has been incredibly rewarding. If the Coca-Cola organization through POWERADE can support their journeys

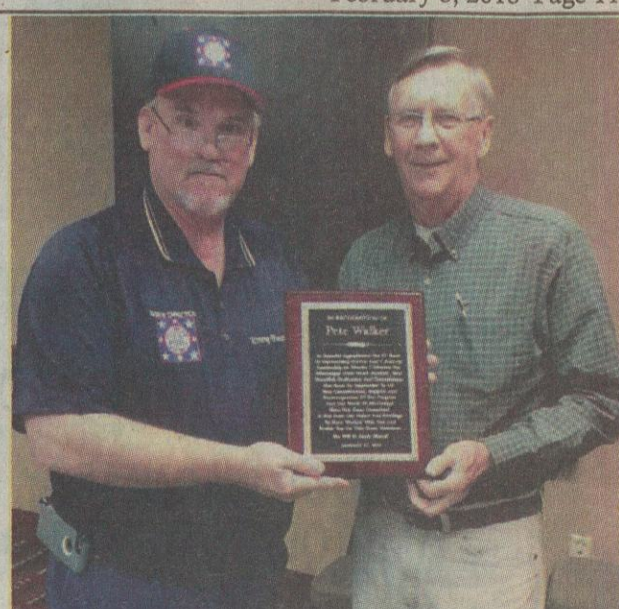

by empowering them to be the best they can be on and off the field of play, it only benefits our communities as a whole. Presenting the check to them was really my pleasure."

For more information on POWERADE and the Power Your School program, please visit POWERADE.com.
